Negative: 5
0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on December 9, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, at the request of an objector; no further request for adjournment; then to March 10, 1959, for inspection and decision; hearing closed; then to April 7, 1959, for applicant to file revised plans, carrying out requirements of resolution previously adopted by the Board; and apply them to the reduced building as proposed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, C and D area, class 1 height districts; East 9th Street is in business and residence use, D area, class 1 height districts; First Court is in business and residence use, C and D area, class 1 height districts; Coney Island Avenue is in a business use, C area, class 1 height district; Avenue S is in a business use, C and D area, class 1 height district; that the property is situated in a business C use district to a depth of 100 feet along Coney Island Avenue and the remainder of the property is partly in a business D use district to a line noted as, center block, on the City Zoning Maps, and a portion of the property at the west is in a residence D use district, class 1 height district; that there are no changes pending at the present time in the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated October 20, 1958 acting on N.B. Applic. No. 1986-58, reads:

"1. Proposed bldg. located within the "C" area of the lot violates Art. 4 Sect. 13(b) of zone resolutions.

"2. Proposed parking of cars within the residential portion of lot violates Art. 2 Sect. 3 of zone resolutions.

"3. Proposed auto showroom, offices, servicing of new & used cars & trucks, new & used car conditions, parts sales & storage, wheel alignment, lube, undercoating, car wash, welding, brake testing, body shop, paint booth, front end, tool room, machine shop, locker room, car & truck storage, public garage, parking of customers cars & trucks waiting to be serviced & gas pump for owners use only violates Art. 2 Sect. 4a(4) Art. 2 Sect. 4a(15) Art. 2 Sect. 4a(29) & Art. 2 Sect. 4a(46) of zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 215 feet 5¾ inches frontage by 223 feet 5⅞ inches in depth, irregular, improved on lot No. 34 with a two story building erected in 1928 under Permit No. 7818 and a Certificate of Occupancy No. 52490, permitting the sale of automobile accessories, greasing of cars, inspection and adjusting of brakes; that along this building is a driveway leading to the rear area of a building erected under Permit No. 4474 of 1929, used for car washing, for which Certificate of Occupancy No. 57604 was issued; that at the rear of the property there is a steel frame building including six pits for lubrication of cars and adjoining this structure there is a one story metal body shop; that the remainder of the property is used for storage and parking of dealers cars and trucks; that all of these structures will be demolished if a variance is granted; that it is proposed to include motor vehicle repairing for more than five cars and trucks, auto showroom, offices, servicing of new and used cars and trucks, new and used car conditioning, parts

sales and storage, wheel alignment, undercoating, car wash, welding, lubricating, body shop, paint booth, front end machine, tool room, machine shop, locker room, car and truck storage, public garage, parking of customers' cars and trucks waiting to be serviced, and gas pump for owners use only; that it is also proposed to install a 1,000 gallon gas storage tank underground, and a parking lot for the storage of dealers and customers cars and trucks; and

WHEREAS, the applicant states that the building as proposed, when completed, will consist of a one story modern fireproof Chevrolet Car Agency, having the latest equipment for repairing and handling of cars and trucks; that there will be a carbon monoxide system for elimination of all noxious gases; that air conditioning will be provided for the offices; that the following is a table of areas and coverage:

Residence D Area	7,935.12 sq. ft.
Business D Area	17,622.
Business C Area	21,223.33

Total Area of Plot	46,780.45 sq. ft.
--------------------	-------------------

Total Area in Business

C & D Areas only	38,845.33 sq. ft.
------------------	-------------------

Proposed Area of Building in C area	18,233. sq. ft.
-------------------------------------	-----------------

Coverage permitted by

C area zoning	15,918
---------------	--------

Area in excess	2,315 sq. ft.
----------------	---------------

for the business area only. Same or 10.7% as previous case—Cal. No. 18-37-BZ, Vol. II.

and

WHEREAS, the applicant further states that Kinney Motors, Inc. were granted a variance in 1952 under Cal. No. 18-37-BZ, Vol. II and in 1953 under Cal. No. 18-37-BZ, Vol. III and have received yearly extensions on time to complete ever since; that the owner was unable to proceed with construction due to inadequate mortgage financing; that the owner is now operating from four different and widely scattered locations which has proven to be extremely inefficient in operating an automobile and truck sales and repair service; that it is desired to consolidate all servicing under one roof; that the main difference between the proposal and the previous Board case Cal. No. 18-37-BZ, Vol. II, is that the roof parking and the second floor offices have been eliminated; that parking and storage of cars and trucks is to be in the basement; and

WHEREAS, the applicant contends that the owners have been operating a Chevrolet Agency in Brooklyn since 1934 and due to the greatly increased volume of business in the past fifteen years makes it an asset that a structure of this type be located in the neighborhood; that it would also alleviate the congested and unsatisfactory condition that now prevails in its present locations, but also in the streets adjacent thereto with the consequent hindrance to normal traffic movement; that if the proposed structure would be granted, it would provide greater service to the public and better working conditions for the employees; that the project would be a credit to the community; and

WHEREAS, the applicant states that the present owner has held title to the property since May 18, 1951, July 25, 1952 and March 10, 1953; that the assessed valuation of land is \$45,700 and of the buildings \$20,000 making a total of \$65,700; that the buildings were erected in 1928 and 1929; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 11, 1952 as thereafter amended by resolution adopted May 26, 1953 by adding thereto:

"that in the event the owner desires to reduce the cost of construction of the building and to omit the roof parking and mezzanine and to arrange the building as now indicated on plans filed with this Volume IV marked 'Received November 19, 1958' six sheets, and

MINUTES

'April 2, 1959', one sheet, such reduction in the building may be permitted and a new ramp constructed toward the south for entrance to the cellar and the portion of the building to the west designated body shop may be continued provided the entrances thereto are from the interior of the building and not from the parking area; that with these changes the requirements of the resolutions above cited shall be complied with and the premises arranged as previously permitted under such resolutions except where the above changes are permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

630-38-BZ—Vol. III

APPLICANT—John Harold Barry, for 5239 Corporation, owner; Webb and Knapp, Inc., lessee.

SUBJECT—Application reopened December 9, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a restricted retail use district, the erection of two additional illuminated signs, one over the East 41st Street garage entrance reading, Parking and one on the Park Avenue facade of the penthouse reading, Parking Airlines Building.

PREMISES AFFECTED—118-134 Park Avenue, west side, from East 41st to East 42nd Streets, 57-63 East 41st Street and 74-80 East 42nd Street, Block 1276, Lot 33, Borough of Manhattan.

For Applicant: Leroy X. Porter.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper 3

Negative: Chairman Murdock and Commissioner Fox. 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 9, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and restricted retail use, B area, class 2 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1958 acting on B.N. Applic. No. 3282-58, reads:

"1. In accordance with B. S. & A. Resol. 630-38-BZ only one electric sign was permitted. Proposal to legalize two additional electric signs is referred to the Bd. of Stds. and Appeals for adjudication."

and

WHEREAS, the applicant states that the premises consist of a plot, 105 feet frontage by 197 feet 6 inches in depth, on which is located a building covering the entire lot; that this building is the Airlines Terminal; that it is proposed to retain two illuminated signs erected on the building's exterior in 1955; that one sign is on the 41st Street side of the building directly over the entry to the parking garage reading, Parking, and the other sign is on the Park Avenue elevation of the penthouse reading, Parking Airlines Building; that the erection of these signs was approved by the Department of Buildings; that one sign on 41st Street over the garage entrance was approved on February 10, 1955 under Lighted Sign Applic. No. 997-54 and the other one on the penthouse wall was approved on August 9, 1954 under Lighted Sign Applic. No. 572-54; and

WHEREAS, the applicant states that the existing building is a fireproof, class 1 building, having public, commercial and parking garage occupancy; that it consists of three stories, mezzanine and penthouse, with four basements; that there are offices in the penthouse and on the third floor; offices and storage on the mezzanine; ticket offices, waiting

room, fan room and storage room on the second floor; parking space for more than five motor vehicles, restaurant, kitchen and rest rooms on the first floor; parking garage for more than five motor vehicles, waiting room, stores, compressor room and fan room in basement A; parking garage for more than five motor vehicles in basement B; parking garage for more than five motor vehicles in basement C and parking garage for more than five motor vehicles in basement D; and

WHEREAS, the applicant further states that on inspection by the Department of Buildings in the early part of July, 1958, the Department decided that these signs should not have been approved, and a violation was then placed on said signs on July 11, 1958; and

WHEREAS, the applicant contends that considering the fact that the parking and storage of motor vehicles was approved by the Board under Cal. No. 233-45-A and Cal. No. 630-38-BZ, Vol. I and Vol. II, it is requested that the Board grant this variation; that both of these signs will be located inside the building line and are so designed that they will enhance the building exterior and will not materially alter the character of the surrounding neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since 1947; that the assessed valuation of land is \$3,825,000 and of the building \$775,000 making a total of \$4,600,000; that the building was erected in 1938; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; when this garage use was granted by the Board one bracket parking sign was permitted on East 41st Street and not the flat sign on East 41st Street or the illuminated sign on the roof; and

WHEREAS, it appears that the additional signs have been erected in disregard of the Board's resolution; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution for a term of two years subject to removal of signs prior to termination of this grant.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 e for a term of two years.

206-42-BZ—Vol. II

APPLICANT—Samuel Miller for Esso Standard Oil Company, owner.

SUBJECT—Application reopened December 9, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c and 7i of the Zoning Resolution, to permit in a retail use district, the reconstruction of an existing gasoline service station and parking lot and the additional conjunctive uses of lubricatorium, non-automatic car washing and minor auto repairs with hand tools only for adjustments.

PREMISES AFFECTED—91-02 63rd Drive, northeast corner of Alderton Street, Block 3104, Lot 208, Rego Park, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative :..... 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 9, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the

MINUTES

Bulletin; laid over to April 7, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 63rd Avenue are in a retail use, D area, class 1 height district; Austin Street and Alderton Street are in retail and residence use, D area, class 1 height districts; that on July 25, 1916 premises were zoned unrestricted for the entire block, D area, class 1 height; that on February 5, 1940 the unrestricted use was rezoned to retail use for a distance of 100 feet parallel to 63rd Drive, with the remaining portion of the block being rezoned to residence use; and

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1958 acting on N.B. Applic. No. 3403-58, reads:

"1. The reconstruction of an existing gasoline service station, lubritorium, auto laundry and parking lot and the inclusion of the additional use of minor auto repairs with hand tools only for adjustment in a Retail Use District is contrary to Art. II Sec. 4A of the Zoning Resolution and also contravenes Cal. No. 206-42-BZ of the Bd. of S&A."

and

WHEREAS, the applicant states that the premises consist of a plot, 90 feet frontage by 100 feet in depth, presently improved with a gasoline station erected in 1936, prior to change of use district from unrestricted to retail, effective February 5, 1940, and parking of not more than twenty cars as permitted by the Board under Cal. No. 206-42-BZ in Resolution adopted October 14, 1942 as amended through October 5, 1948; that Certificate of Occupancy No. 52177 was issued November 23, 1936 and was filed with Vol. I of this application; and

WHEREAS, the applicant further states that present facilities consist of a one story accessory building used as an office and rest rooms, twelve 550 gallon gasoline tanks, one concrete pump island with three low approved type dispensing pumps, set back 10 feet 6 inches from the lot line of 63rd Drive, to the face of the pump island, one brand sign located at the intersection, and one 30 foot and one 29 foot curb cut on 63rd Drive and one 23 foot curb cut on Alderton Street; that also along the northerly lot line, where not occupied by the adjoining building, there exists a 12 inch concrete retaining wall with wood picket fence on top, with a total height of about 7 feet 3 inches above adjoining grade; that along the easterly lot line there is a 12 inch concrete retaining wall with 5 foot high wood pickets to an approximate height of 8 feet above yard grade; that 4 feet inside the easterly lot line wall there is presently another 12 inch concrete retaining wall about 4 feet 6 inches higher than finished yard grade; that along Alderton Street or the southerly lot line, there is a 12 inch concrete retaining wall surmounted by 3 foot high wood pickets, to a total height of 8 feet 4 inches at this extreme southeast corner of the plot; that this wall follows the contour of Alderton Street for a distance of about 70 feet in a westerly direction; that it is proposed to demolish the existing building and remove present outside greasing equipment; that it is also proposed to erect a new, one story, no cellar accessory building, 53 feet 4 inches by 28 feet 8 inches for use as sales office, rest rooms, combination heater and storage room and three service bays for lubrication, non-automatic car wash and minor auto repairs with hand tools only for adjustments; that this building will be finished with face brick on three sides, with porcelain enamel trim on the two street fronts; that it is also proposed to repair or reconstruct the existing retaining walls and fences surmounted thereon; that there will be no change in the gasoline system, the brand sign or the present curb cuts; that sidewalks and curbs will be repaired or reconstructed to the satisfaction of the Borough President; and

WHEREAS, the applicant contends that the proposal in this application does not violate Section 7A of the Zoning Resolution inasmuch as the existing 23 foot curb cut on Alderton Street will not be changed or altered; that also,

the application does not contravene Section 21A of the Zoning Resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since March 13, 1946; that the assessed valuation of land is \$35,000 and of the building \$7,000 making a total of \$42,000; that the building was erected in 1935; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 14, 1942, by adding thereto:

"that in the event the present owner desires to reconstruct the premises, substantially as proposed and as indicated on plans filed with this application, marked "Received November 21, 1958", 4 sheets, such reconstruction may be permitted as thereon shown, *on condition* that the accessory building shall be of the design, arrangement and location as indicated thereon; that the building shall be faced with face brick on all sides; that doors to toilet rooms shall be rearranged so as not to be contiguous; that there shall be no cellar therein; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the existing tanks and pumps may remain of the number of tanks and the distance of pumps from the street as shown; that along the street building line of 63rd Drive there may be two curb cuts, one 30 feet in width and one 29 feet in width and on Alderton Street, one curb cut 23 feet in width within 4 feet of the 63rd Drive building line; that at the intersection there shall be constructed a block of concrete 12 inches in height extending for five feet along either building line; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that retaining walls where necessary shall be constructed at the expense of this owner and on such retaining walls, or a cement base where such walls are not required, there shall be a steel picket fence to a total height of 5 feet 6 inches above grade; that along Alderton Street for a distance of approximately 70 feet there shall be a concrete retaining wall with a steel picket fence above to a total height above Alderton Street of not less than 5 feet, 6 inches; that along the easterly lot line, the space between the retaining wall to be furnished by this owner and the lot line shall be densely planted with suitable shrubbery for the full depth; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the parking of cars previously permitted may be continued; that under Section 7i there may be minor repairs with hand tools only for adjustments, maintained solely within the accessory building; that in all other respects any uses previously permitted and proposed to be continued as permitted when the gasoline station was constructed in an unrestricted use district may be continued; that the brand sign use previously permitted as proposed may be continued; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

125-52-BZ

APPLICANT—Edmund H. Franz, for Marion V., Raymond V., and Edmund H. Franz, owners.

SUBJECT—Application—decision of the Borough Superintendent, under section 7a of the Zoning Resolution, to permit in a retail and residence use district, the maintenance of a series of garages for fourteen (14) motor vehicles.

PREMISES AFFECTED—71-34 to 71-50 Myrtle Avenue, southwest corner of 72nd Street, Block 3710, Lot 22, Glendale, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Edmund H. Franz and Raymond V. Franz.
For Opposition: Gertrude Schneider, J. J. Kossmann and Charles Schusterick.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin, laid over; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 71st Street and 72nd Street are in retail and residence use, C area, class 1 height districts; Myrtle Avenue is in a retail use, C area, class 1 height district; that as of July 25, 1916 the portion of the property within 100 feet of Myrtle Avenue was zoned as a business district and the present retail designation of this portion became effective on March 22, 1956; that the property is presently zoned as class 1 height and C area and the height and area zoning has not changed since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated January 14, 1952, as amended by decision dated January 19, 1959 acting on Alt. Applic. No. 16-50, reads:

"1. The use of garage for 14 motor vehicles on a plot partially in a retail use dist. & partially in a res. use district, is contrary to Art. 2 Secs. 3 & 4A of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 142.97 feet frontage by 117.84 feet in depth; and

WHEREAS, the applicant states that in 1928, on said premises, the father of the owners, who died October 25, 1935, erected 14 garages, one story in height, and also, in front of the garages on this plot was built 11 stores—9 stores on Myrtle Avenue having rooms in the rear for living quarters, with bowling alley in the basement; one store on the corner and one on the side street—72nd Street—with two apartments above; that the owners, having taken title on December 28, 1945, were unaware of any violations until notice of violation was received from the Building Department, closely followed by a summons from the Fire Department; that this application is an appeal to secure removal of violation and to acquire a Certificate of Occupancy for the garages; and

WHEREAS, the applicant contends that the demand for garages in this neighborhood is very great and there are many requests for vacant garages which cannot be accommodated; that with the increase in auto registrations; plus the shortage of garages, it would be a service to the City to grant this application; and

WHEREAS, the applicant states that the present owners have held title to the property since December 28, 1945; that the assessed valuation of land is \$2,500 and of the buildings \$5,000 making a total of \$7,500; that the buildings were erected in 1928; and

WHEREAS, it is represented that the premises were constructed in 1928 under the new Zoning Resolution as adopted by the Board of Estimate June 28, 1940; and that the Fire Department had issued permits but no Certificate of Occupancy was obtained.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* to permit the existing garage to continue as now existing and as shown on plans filed with this application marked, "Received February 15, 1952," 3 sheets, *on condition* that such garages shall be used for non-transient passenger cars only, and for no other use; and that all permits shall be obtained including a Certificate of Occupancy, and all work completed within six months from the date of this resolution.

149-56-BZ

APPLICANT—Leonard F. Rothkrug, for Gair Realty Corp., owner.

SUBJECT—Application reopened February 25, 1959 for consideration of extension of time to complete, expired December 17, 1958—decision of the Borough Superintendent, previously granted on condition, under section 19A(j) of the Zoning Resolution, permitting in an unrestricted use district, a voluntary loading berth in conjunction with existing manufacturing and warehouse uses less than 25 feet from the intersection.

PREMISES AFFECTED—110 Water Street, southwest corner of Washington Street, Block 37, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, on December 4, 1956, this application was granted by the Board on certain conditions under section 19A(j) of the Zoning Resolution, to permit in an unrestricted use district, voluntary loading and unloading berths in conjunction with existing manufacturing and warehouse uses less than 25 feet from the intersection, affecting premises 110 Water Street, southwest corner of Washington Street, Block 37, Lot 1, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation on September 17, 1958; and

WHEREAS, this application was reopened on February 25, 1959 and set for hearing on April 7, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 30, 1959 acting on B. N. Applic. No. 1965-55, reads:

"1. Submit to the B. S. & A. for extension of time. Cal. No. 149-56-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 4, 1956, and as thereafter amended by resolution adopted through December 17, 1957, only so far as it has reference to obtaining permits and completion of the work, so that as amended this portion of the resolution shall read:

"that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." B. N. Applic. 1965-55

81-57-BZ

APPLICANT—Leonard F. Rothkrug, for Sanpark Realty Corp., doing business as B. and C. Bowling Alley Builders, Inc., owner.

SUBJECT—Application reopened February 25, 1959 for consideration as to extension of time to complete, expired September 24, 1958—decision of the Borough Superintendent, previously granted on condition under section 7c of the Zoning Resolution, permitting in a manufacturing use district, the alteration of an existing building and the erection and maintenance of a new building for the manufacture of bowling alleys, silk screens and wood frames, using power equipment.

MINUTES

PREMISES AFFECTED—105-111 Sanford Street, east side, 217 feet 9 inches north of Myrtle Avenue, Block 1737, Lots 52, 53 and 54, Borough of Brooklyn.

Negative: 0

THE RESOLUTION—

WHEREAS, on September 24, 1957, this application was granted by the Board on certain conditions under Section 7c of the Zoning Resolution, to permit in a manufacturing use district the alteration of an existing building and the erection and maintenance of a new building for the manufacture of bowling alleys, silk screens and wood frames, using power equipment, affecting premises 105-111 Sanford Street, east side, 217 feet 9 inches north of Myrtle Avenue, Block 1737, Lots 52, 53 and 54, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation on September 24, 1958; and

WHEREAS, this application was reopened on February 25, 1959 and set for hearing on April 7, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 15, 1959 acting on Alt. Applic. No. 4557-54, reads:

"1. Extension of time has expired under Sect. 22A of Zone Resolutions."

and

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1959 acting on N.B. Applic. No. 164-57, reads:

"1. Proposed extension of time violates Art. 5 Sect. 22A of Zone Resolutions."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 24, 1957, only so far as it has reference to obtaining permits and completion of the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." Alt. Applic. No. 4557-54

377-57-BZ—Vol. II

APPLICANT—Carl H. Salminen, for Edgersam Corporation, owner.

SUBJECT—Application reopened October 21, 1958, as Vol.

II—decision of the Borough Superintendent, under Sections—7a, 7c and 21 of the Zoning Resolution, to permit in a retail use, D area district, the erection of an extension to an existing structure occupying more than the permitted area and extend the use of light manufacturing of incombustible plastic novelties, office, storage, storage of cardboard containers and incombustible plastics, parking and loading area.

PREMISES AFFECTED—45-22 to 45-30 162nd Street, west side, 200 feet south 45th Avenue, Block 5440, Lots 51 and 54, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; applicant to file revised plans and new decision of the Building Dept.; hearing closed; then to April 7, 1959, for applicant to file revised plan showing larger loading area for trailers and trucks; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 162nd Street are in a retail use, D area, class 1 height district; 45th Avenue is in retail and residence use, D and E-1 area, class 1 height districts; 161st Street is in a residence use, D and E-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 27, 1958 acting on amendment to Alt. Applic. No. 590-57, reads:

"1. The proposed further increase in size and extension of use is contrary to variance granted by B. S. & A. in Cal. 377-57-BZ and must be referred back to the Board for its determination."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, upon which is located a one story masonry structure—lot 51—erected in 1944 under N. B. Applic. No. 422-44; addition to building under N. B. Applic. No. 42244; that the building was altered under Alt. Applic. Nos. 1884-47, 106-49 and 444-50; that the building was originally used for the manufacture of metal windows and was purchased by the owner on July 20, 1951 for the use of light manufacturing of incombustible plastic novelties, office, storage, storage of cardboard containers and incombustible plastics, packing and loading area; that Certificate of Occupancy No. Q109209 was issued May 10, 1956; that the plot also consists of a 2½ story frame building and store—lot 54—legalized to five family dwelling Tenement House Department of Queens on September 1, 1933 and purchased by the owner on January 18, 1957; that a variance was applied for under Cal. No. 377-57-BZ for an additional 2,123.64 square feet at the rear of the property and adopted under Resolution dated January 28, 1958, with the 2½ story frame building to be demolished before issuance of a Certificate of Occupancy for this Alt. No. 590-57, which is under construction at present; and

WHEREAS, the applicant states that since the granting of the above variance, the volume of business has increased fifty percent, rendering the quarters, including that under construction, inadequate to handle the work efficiently, and the owner is therefore desirous of adding an additional 2,347.67 square feet in the area of the property, as follows: basement—2,347.67 square feet, for storage; first floor—2,347.67 square feet, for loading, unloading and light manufacturing; second floor—1,293.87 square feet, for light manufacturing and storage; that 2,500 square feet will be left for unloading and parking of employees' cars, and enclosed with a chain link fence 5 feet 6 inches high, with a 10 foot gate; and

WHEREAS, the applicant states that the area of property is 10,000 square feet; area of existing structure and structure under construction, 6,172.99 square feet; area of proposed extension 2,347.67 square feet, equalling 8,520.66 square feet; that the percentage to be covered is 85.2 percent; percentage permitted by Zoning Resolution—55 percent; percentage in excess of that permitted, 30.2 percent; and

WHEREAS, the applicant contends that the variance to use and area is requested because the vicinity is predominantly

MINUTES

business, with light manufacturing permitted along 162nd Street—block 5440, lots 48, 68, 74, and 76; block 5441, lot 52; that the owners are manufacturers and designers, specializing in vinyl incombustible plastics for the stationery, notions and school supply trade; that the great percentage of their contracts are with the United States Air Force, United States Atomic Energy Commission, Republic, Fairchild, General Electric, I.B.M., United States Services Warehouses; that the owners have been operating at the present location since 1941, and for lack of adequate facilities have been forced to turn down a great deal of work, including defense contracts; that the employees work in cramped quarters and storage facilities are very inadequate, which causes a practical hardship; and

WHEREAS, the applicant states that the present owner has held title to the property since July 20, 1951 and January 18, 1957; that the assessed valuation of land is \$5,500 and of the building \$13,500 making a total of \$19,000; that the building was erected in 1944 and 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 28, 1958, under Vol. I, by adding thereto:

"that in the event the owner desires to enlarge the premises by the acquisition of the adjoining lot as now shown on revised plans marked "Received September 23, 1958", six sheets, "April 2, 1959", three sheets, and "March 26, 1959," one sheet, such extension may be permitted under Section 7e for a term of 20 years, to be used in conjunction with the existing building, variance for which was granted by the Board on January 28, 1958, on condition that the revised plans marked "Received April 2, 1959" shall be complied with as to arrangement of the building and unloading space and fence on the building line, with gate; that the gate may be widened and moved to permit a pedestrian gate also; that in all other respects the building and occupancy, as used in conjunction with the existing building to the north and west, shall comply with all laws, rules and regulations applicable thereto and requirements of resolution adopted under Volume I; that the cellar under the proposed extension shall be used for storage and maintenance only and not for manufacturing; that such portable fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

78-58-BZ

APPLICANT—Gilbert Lazarus, for Helen Kraft, Morris Maran and Billiou Corp., owners.

SUBJECT—Application February 24, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the construction and maintenance, for a term of fifteen (15) years, of a gasoline service station with lubritorium, incidental car washing, non-automatic, minor motor vehicle repairs with hand tools only, no welding or spraying, office, sale and storage of auto accessories and parking of more than five (5) motor vehicles awaiting service with incidental ground signs.

PREMISES AFFECTED—142-02 to 142-14 (142-10 official), Horace Harding Expressway, 61-13 to 61-19 Main Street, southeast corner and 142-01 to 142-09 61st Road, Block 6411, Lot 34, Kew Gardens Hills, Borough of Queens.

APPEARANCES—

For Applicant: Gilbert Lazarus.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, for inspection and decision; applicant to file revised plans showing conditions on Horace Harding Expressway, the service streets, bridge across Main Street, etc.; hearing closed; then to April 7, 1959, for applicant to furnish information requested at the meeting of February 25, 1959, and for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Horace Harding Expressway, Main Street, 146th Street and 61st Road are in a residence use, D-1 area, class 1 height district; that before the widening of Horace Harding Expressway took place, the then southeast corner of Horace Harding Expressway and Main Street was zoned as a business use district; and

WHEREAS, the decision of the Borough Superintendent, dated January 29, 1958 acting on N.B. Applic. No. 102-58, reads:

"1. Proposed gas service station, lubritorium, car washing (non-automatic) auto repairs with hand tools only, office, sales and storage of auto accessories & parking of cars waiting to be serviced & ground signs located in a Residence use district is contrary to Art. 2 Sec. 3 BZR."

and

WHEREAS, the applicant states that the premises consist of a plot, 111.45 feet frontage by 104 feet in depth, presently vacant; that it is proposed to construct a one story building containing an office for the sale and storage of auto accessories, lubritorium, incidental car washing, non-automatic, and minor motor vehicle repairs with hand tools only, no welding or spraying; that it is also proposed to construct and maintain for a term of fifteen years, a gasoline service station with curb cuts and with incidental parking of more than five motor vehicles belonging to customers while awaiting service; and

WHEREAS, the applicant states that the proposed structure will be erected and maintained under such conditions as will safeguard the character of the area; that the entire plan will be of neat design; that the building will be colonial in architecture, with face brick and sloping roof of asphalt shingles, with a cupola, and of the type found on Westchester and Long Island parkways; that there will be but one island of pumps, of the parkway type, located along Horace Harding Expressway and two along Main Street; that the building will be one story in height, thus providing an open and attractive area and insuring to the owners of surrounding properties permanent light and air; that it is also proposed to construct a 5 foot 6 inch high solid brick wall along the easterly and southerly lot lines; that shrubbery and landscaping will be provided as indicated on the plot plan, along the entire inner side of the brick wall and an 8 inch by 6 inch concrete curb will be erected along the inner side of the landscaped area; that all open areas, other than the portion devoted to landscaping, will be covered with bituminous asphalt paving; that the limitation of the proposed use to fifteen years will serve as a protection to the neighborhood for the future, in the event that its present character should change; and

WHEREAS, the applicant contends that Main Street is a principal traffic artery carrying a heavy volume of through traffic in a northerly and southerly direction; that Horace Harding Expressway, when completed, will be a principal traffic artery carrying a heavy volume of through traffic in an easterly and westerly direction; that the location of the proposed site, therefore, indicates that it is ideally located for use as a gasoline service station and that such use would represent its highest economic value; that in addition, the existing gas stations in the area are not now sufficient to meet the present or future demands of the area; that furthermore, the existing conditions in the area indicate that the granting of this application will not adversely affect the area; that the northeasterly corner of Horace Harding Expressway and Main Street, which is directly opposite the site, is already used for a store building occupied by

MINUTES

Bohack; that the northwesterly corner of Horace Harding Expressway and Main Street is zoned for business and is now used for billboards; that there is no demand whatsoever for the construction of residences at the place where the plot in question is located, because the traffic on Main Street and on Horace Harding Expressway is not conducive for residential purposes and because the property faces the store building hereinbefore mentioned; that prior to the recent condemnation proceeding effecting the southerly side of Horace Harding Expressway, the southerly side of the Expressway, for a depth of 100 feet, including what was then the southeasterly corner of Horace Harding Expressway and Main Street, was zoned for business purposes; that the present plot, as a result of that condemnation proceeding, has taken the place of the property which formerly constituted the southeasterly corner, and can no more properly be used for residential purposes than the prior corner could have been; and

WHEREAS, the applicant states that the present owners have held title to the property since February 15, 1950, August 1, 1950 and September 15, 1955; that the assessed valuation of land is \$5,900; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 102-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

98-58-BZ

APPLICANT—Robert J. Crinnion, for Ahonor, Inc., owner.

SUBJECT—Application March 5, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, with accessory uses of lubritorium, car washing, non-automatic, minor repairs with hand tools only, office storage and sale of automobile accessories and parking of more than five (5) passenger cars awaiting service.

PREMISES AFFECTED—3915 Bronxwood Avenue, west side, from East 222nd Street to East 223rd Street, Block 4847, Lots 1 and 3, Borough of The Bronx.

APPEARANCES—

For Applicant: Thomas D. Crinnion.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, at the request of an objector, applicant concurring; then to October 21, 1958, for inspection and decision; hearing closed; then to November 12, 1958, for further inspection and decision; then to November 25, 1958 for further inspection and decision; then laid over for inspection by member of the Board and decision; date to be set; then set for April 7, 1959; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bronxwood Avenue, East 222nd Street, East 223rd Street and Barnes Avenue are in a residence use, C area, class 1¼ height district; that as of July 25, 1916 the property was zoned as a residence district; that on March 13, 1925 the portion of the property within 100 feet of Bronxwood Avenue was placed in a business

district and on October 18, 1949 the business portion was rezoned to its present residence designation; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 6, 1958 acting on N.B. Applic. No. 1430-57, reads:

"1. The proposed gasoline and oil service station, lubritory, car washing, parking, etc., in a residential use district is contrary to Art. 11 Sec. 3 of the Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 203.16 feet frontage by 100 feet and 53 feet in depth; that it is proposed to erect a modern gasoline service station, with lubritorium, non-automatic car washing, minor repairs with hand tools only, office, storage and sale of automobile accessories and parking of more than five passenger cars awaiting service; and

WHEREAS, the applicant states that the proposed use of the premises will not adversely affect the neighborhood due to the fact that the nearby properties will be protected and buffered by the proposed arrangement of the facilities; that a 5 foot 6 inch high brick wall will be erected along the westerly line of the station with a planting strip in front of the wall, protected by a 6 inch by 8 inch concrete curb, thereby protecting and buffering properties to the west; that the width of the streets and proposed setback of the station will properly protect and buffer the properties to the south, east and north; that in addition, the station will only be operated between the hours of 7:00 A.M. to 10:00 P.M.; and

WHEREAS, the applicant contends that the granting of the proposed use would benefit the neighborhood by eliminating a vacant weed covered lot and provide more light and ventilation to nearby properties than if the property were developed for row houses or apartment houses; that the neighborhood would also be benefitted in general by the installation of side walks and curbing along the perimeter of the proposed station, thereby safeguarding pedestrian traffic; that the proposed layout would promote public safety as the setback of the structure from the street intersections would give clear visibility to the vehicular traffic at the corners; and

WHEREAS, the applicant further contends that the proposed use will not violate any of the provisions of Section 21A of the Zoning Resolution relating to restriction of location of gasoline service stations within prohibited distances from certain enumerated uses; that the immediate surrounding area has been substantially developed as existing for two decades and the proposed use will not detract from any of the properties; that the site under appeal has remained vacant since the change to a residence district by reason of the fact that it is not suited for residential development; that the proposed station will be located at an intersection of two major thoroughfares serving the rapidly developing northeast Bronx; that there exists a need for an additional service station in this area and this is the most desirable and least obtrusive location; and

WHEREAS, the applicant states that the present owner has held title to the property since March 10, 1948 and that the assessed valuation of land is \$18,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which also inspected the site proposed for a gasoline station under Calendar Number 622-58-BZ as denied this day; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 1430-57, Objection No. one be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

292-58-BZ

APPLICANT—Leonard F. Rothkrug, for Oneibern Realty Corp., owner; Esso Standard Oil Co., conditional purchaser under contract.

SUBJECT—Application May 12, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail use district, the erection of a gasoline service station, lubritorium, minor auto repairs, car washing, non-automatic, office, sale and the accessory parking of cars awaiting service all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—826 East 233rd Street, southeast corner of Bussing Avenue, Block 4857, Lot 44, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rotlikrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, at the request of an objector, for hearing with 672-58-A; then to April 7, 1959, for inspection and decision; applicant to file statement as to restrictive covenant for use of Lot 49; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 233rd Street are in a local retail use, C area, class 1¼ height district; Bussing Avenue and Bronxwood Avenue are in local retail and residence use, C area, class 1¼ height districts; East 232nd Street is in a residence use, C area, class 1¼ height district; that on July 25, 1916 the premises was in a business use district and was rezoned to local retail on October 18, 1949; and

WHEREAS, the decision of the Borough Superintendent, dated November 6, 1958 acting on N. B. Applic. No. 259-58, reads:

"1. Proposed use of gasoline service station, lubritorium, minor repairs, car washing, office sales & parking of motor vehicles in a local retail use district is contrary to Art. II Sec. 4-c of the Z. R.

3. Sign above the level of the first story ceiling of a one story building is contrary to Art. II Sect. 4-c of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 121 feet frontage by 85.6 feet in depth, irregular, presently vacant; that it is proposed to erect a gasoline service station, lubritorium, minor auto repairs, non-automatic car washing, office, sales and accessory parking of cars awaiting service; and

WHEREAS, the applicant states that the premises cannot be economically developed with a conforming use; that this neighborhood has undergone a change in the character of its development in the past several years and the side streets have become developed with residence uses; that in spite of this recent development, East 233rd Street frontage has remained vacant; that East 233rd Street is 100 feet wide and has become heavily trafficked, and the opening of the Thruway to the east will increase traffic; that an inspection of East 233rd Street, between White Plains Road and Baychester Avenue—more than one mile—shows that any new residential development is on the intersecting streets and not on East 233rd Street; that the East 233rd Street frontage is vacant for the most part; that the retail shopping centers existing and planned within the area will more than adequately provide for these services; that the neighborhood is saturated with new, large retail shopping facilities and no more are needed, and any additional retail facilities would adversely affect the community; and

WHEREAS, the applicant contends that there is no zoning within the neighborhood or within a radius of one-half mile which will permit these necessary services, and it was the intention of the city planners to make certain that gas station uses would be permitted only by a grant of a variance by the Board under conditions which will safeguard the surrounding area; that a grant of the variance will not adversely affect the surrounding area; that the principal thoroughfare is East 233rd Street which is entirely vacant adjoining to the east, except for billboard advertising signs; that to the rear of the site, the subject premises is separated from those residences fronting on East 232nd Street by a vacant lot 33 feet in width; that East 233rd Street is a two way street, but the proposed station will service eastbound traffic principally; that the owner of the northwest corner of this intersection recognized the need for a gas station by his previous application to demolish his building and improve it with such uses; and

WHEREAS, the applicant further contends that there is a need for a gas station at this premises; that Esso Standard Oil Company, the proposed lessee, has made an intensive study and survey of this area and has entered into a conditional lease evidencing its recognition of the necessity for this service; that the proposed use is in the nature of a conforming use in that it provides a needed retail service; that the construction of a modern service station building with face brick walls along its side lot lines and building, will improve the attractiveness of the property; that the limitation of repairs to minor repairs only, within the accessory building, will prevent any noise or odors from adversely affecting any of the other property owners; and

WHEREAS, the applicant states that the present owner has held title to the property since October 28, 1957 and that the assessed valuation of land is \$13,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application marked, "Received November 21, 1958," 2 sheets, "November 26, 1958," 1 sheet, "January 16, 1959," 1 sheet, and "March 19, 1959," 2 sheets *on condition* that all buildings and uses shall be removed from the premises and the premises shall be leveled substantially to the grade of the abutting streets, and shall be constructed and arranged as proposed and as shown on plans above cited, particularly the revised plans marked, "Received March 19, 1959"; that the accessory building shall be of the design and location as shown thereon, without cellar, and shall be faced on all sides with face brick with porcelain enamel trim, and shall comply in all other respects with the requirements of the Building Code; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of East 233rd Street; that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that along the interior lot lines to the west and south there shall be erected a masonry wall not less than two feet in height with a steel picket fence on such wall to a total height of not less than 5 feet, 6 inches; that such masonry shall have face brick to agree with the accessory building; that curb cuts shall be restricted to three curb cuts to East 233rd Street, where shown, each 30 feet in width, and one curb cut to Bussing Avenue not over 20 feet in width, within the first 25 feet from the intersection; that at the intersection there shall be a block of concrete maintained for a distance of not less than 5 feet in each direction from the intersection and not less than 12 inches in height; that planting areas shall be maintained along the fence walls to the south and east, properly protected with concrete curbing 8 inches in height and 6 inches in width, and with suit-

MINUTES

able planting material; that the premises shall be paved with concrete or asphaltic paving; that such portable fire-fighting attached to the facade of the building facing 233rd Street shall direct; that signs shall be restricted to permanent signs attached to the facade of the building facing 233rd Street and the illuminated globes of the pumps, excluding all roof signs, temporary signs and advertising devices, but permitting the erection within the intersection of one post standard for supporting a sign parallel to 233rd Street, advertising only the brand of gasoline on sale and which may extend beyond the building line for a distance of not more than 4 feet; that the sidewalks and curbing abutting the premises on the two streets shall be constructed to the satisfaction of the Borough President; that under Section 7i, for a similar term, there may be minor repairs with hand tools only for adjustments solely within the accessory building; that under Section 7c, for a similar term, there may be accessory parking of cars awaiting service; that during the term of this variance no uses shall be permitted on the premises other than as herein permitted; and that all permits shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution.

672-58-A

APPLICANT—Leonard F. Rothkrug, for Oneibern Realty Corp., owner; Esso Standard Oil Co., conditional purchaser under contract.

SUBJECT—Application November 21, 1958—filed pursuant to section 35, General City Law re proposed structure in bed of a mapped street—proposed widening of Bussing Avenue.

PREMISES AFFECTED—836 East 233rd Street, southeast corner of Bussing Avenue, Block 4857, Lot 44, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 6, 1958 on N.B. Applic. 259/58, reads:

"2. Gas station partly in the bed of a mapped street is contrary to Sect. 35 of the General City Law."

and

WHEREAS, the applicant states that plot is 121 feet by 65.6 feet irregular, located in local retail use, C area, class 1½ height district, on which the applicant proposes to construct a gasoline service station, which use and occupancy is more fully described in Calendar Number 292-58-BZ; that no portion of the proposed accessory building, pump islands or tanks will be in the bed of the mapped street, Bussing Avenue; that the only use of the mapped street will be as a driveway, curb cuts, sign, retaining wall and landscaping; that when the widening is effected the curb cuts and all other encroachments will be moved back without any other rearrangement of the gas station or accessory building; and

WHEREAS, this office has been advised that the Borough President of The Bronx has no objection to the construction of a driveway within the lines of the proposed widening of Bussing Avenue; and

WHEREAS, the premises were inspected by a committee of the Board in connection with Calendar Number 292-58-BZ, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 259/58, Objection No. 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit such portion of the premises as may be mapped for inclusion in the abutting street to be occupied as part of the gasoline service station provided

no construction shall be on such portion of the premises, and the premises shall be paved like the sidewalk and used only as an apron for entrance and exit; that when acquired by the city for proposed street compensation therefor shall be as determined by the Court.

477-58-BZ

APPLICANT—James J. Chambers, for Oppen and Cefalu, owner.

SUBJECT—Application August 6th, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, for a term of five (5) years, the use of the lot for off street shipping and receiving of metal bed springs and parking of occupants and customers cars as accessory to the bed spring factory to the west under the same ownership.

PREMISES AFFECTED—745 East 9th Street, north side, 118 feet, west of Avenue D, Block 379, Lot 42, Borough of Manhattan.

APPEARANCES—

For Applicant: James J. Chambers and H. E. Horwood.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area, class 1 height district; that until March 1, 1939 the use was unrestricted, 1½ height and B area; that Avenues C and D are zoned retail for a distance of 100 feet on East 9th Street; and

WHEREAS, the decision of the Borough Superintendent, dated July 8, 1958 as amended by decision dated January 30, 1959 on Alt. Applic. No. 872-58, reads:

"1. Proposed "storage & parking of more than 5 motor vehicles & receiving & shipping", in a residence use district is not permitted."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 92 feet 3 inches in depth; that it is proposed to clean up this lot, provide chain link fencing on all portions abutting adjoining courts or yards, and to erect a 7 foot high concrete block wall with 10 feet opening on the street front, with the necessary curb cut; and

WHEREAS, the applicant contends that on this block, and surroundings, are old tenements, stores, factories, repair shops, parking lots, etc., one of which, in block 378, lot 26, was granted by the Board on June 18, 1957 under Cal. No. 472-48-BZ, Vol. II, for public parking; and

WHEREAS, the applicant states that the present owners have held title to the property since October 7, 1943 and that the assessed valuation of land is \$6,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the lot to be used for off-street shipping and receiving of metal bed springs and the parking of occupants' and customers' cars, as proposed and shown on plans filed with this application, marked "Received August 6, 1958", 3 sheets, *on condition* that the

MINUTES

lot shall be leveled substantially to the grade of the street, surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that on the front building line there shall be as proposed a masonry wall not less than 7 feet high, faced with face brick on the street side and with opening therein as shown, not less than 12 feet in width and with terminating posts at either side of the gate for the wall above required; that sidewalks and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; that the gate shall remain closed when not in use in connection with the business; that suitable bumpers shall be maintained on all lot lines for protection of wall and fences; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be limited to one attached to the wall at gate, advertising the private use of the premises and not open to the public; that there may be a curb cut opposite such opening of similar width, not less than 18 feet in width; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

525-58-BZ

APPLICANT—Charles M. Spindler, for Helen Bartelucci, Kuni Rickel and Louise S. Grimm, owners.

SUBJECT—Application September 10, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubrication, auto washing—non automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and the parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—43-01 to 43-09 (43-07 official) Astoria Boulevard and 23-11 to 23-21 43rd Street, northeast corner, Block 780, Lot 80, tentative, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Henry Velehrodsky, Jenny La Forgro and Joseph Elid.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: Chairman Murdock and Commissioner Fox.. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; then to April 7, 1959, for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Astoria Boulevard North, 43rd Street, 45th Street and 23rd Avenue are in a residence use, C area, class 1 height district; that as of July 25, 1916 the portion of the property within 100 feet of 23rd Avenue was zoned as a business district and the remainder as a residence district; that the entire property was zoned as a 1½ times height district; that the portion of the property within 100 feet of 43rd Street was zoned as a B area district and the remainder a C area district; that on December 14, 1934 the entire property was placed in a business district and the present use designation became effective November 29, 1956; that the present height area designation became effective December 14, 1934; and

WHEREAS, the decision of the Borough Superintendent, dated August 19, 1958 acting on N.B. Applic. No. 2302-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, auto washing (non-automatic) office, sales of accessories, minor repairs with hand tools only,

safety inspection station, and parking and storage of motor vehicles on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

"2. The proposed erection of a ground sign in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 137.39 feet frontage by 100.8 feet in depth; that the site consists of two parcels of land, a small triangular corner piece with a frontage of 37.33 feet on Astoria Boulevard with a depth of 60 feet, lot 18, on which there is situated a small frame dwelling; that the balance of the site is a vacant lot 100 feet on Astoria Boulevard with a depth of 100.08 feet, lots 19 and 22, on which there was formerly located a small frame dwelling over 100 years old; that this dwelling was demolished some two or three years ago, being in a dilapidated condition and no longer rentable; that it is proposed to erect a gasoline service station for a period of fifteen years; and

WHEREAS, the applicant states that Helen Bartelucci, owner of the small dwelling, has resided in this dwelling since its purchase in 1952; that after purchasing the dwelling, she found it too small for her needs and also she is seriously disturbed by the enormous amount of passing traffic with its attendant noises, and she is desirous of moving elsewhere; that the vacant parcel—lots 19 and 22—was originally purchased by August Rickel and Selma Grimm November 18, 1936, at which time the plot was improved with the old dwelling formerly mentioned; that August Rickel died November 21, 1952 and bequeathed his interest to his wife, Kuni Rickel; that Selma Grimm died April 8, 1956 and bequeathed her half interest to Louise Grimm; that as it was necessary to demolish the old frame dwelling on the lot, Rickel and Grimm are deriving no income whatsoever from the parcel; and

WHEREAS, the applicant contends that Astoria Boulevard is a heavily traveled artery leading directly to the Triboro Bridge and as such, the feasibility of improving the site with a conforming use is practically nil; that Rickel and Grimm have endeavored to find a purchaser for the site for quite a number of years, but until the present time have been unsuccessful; that up until November 29, 1956 the entire property was in a business district, and even though the property was for sale at that time, there was no demand even for a conforming business use; that on the aforesaid date the property was placed in a residence zone; that on 43rd Street, directly opposite the site, there is a series of eleven individual garages, also a parking lot in block 781, lots 40 and 48; that adjoining the site on the north is a two car garage on the rear of lot 40, block 780; also a garage on the rear of lot 38; that there are other non-conforming uses in the area—a gas station on the northwest corner of Astoria Boulevard and 42nd Street in block 792, lot 34; a box factory on Astoria Boulevard just west of 42nd Street in block 792, lot 30; that a little further west, just outside the area, is the overhead New York Connecting Railroad, with trusses some 20 to 25 feet in depth; that on the opposite side of Astoria Boulevard across the 43rd Street bridge, there are gas stations, parking and motor vehicle repairing; and

WHEREAS, the applicant states that the present owners have held title to the property since July 16, 1952; that the assessed valuation of land is \$10,600 and of the building \$5,000 making a total of \$15,600; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application

MINUTES

be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied for gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received September 10, 1958", 4 sheets, *on condition* that all buildings and structures and other uses now on the premise shall be completely removed and the premises shall be leveled substantially to the grade of the service road of Astoria Boulevard and 43rd Street and shall be arranged and constructed as indicated on such plans; that the accessory building shall be in the location and of the design and arrangement as indicated on such plans and shall be faced with face brick on all sides and roofed with asphalt shingles; that there shall be no cellar under such building; that the toilet rooms shall be rearranged so that the doors are not contiguous; that pumps shall be of a low approved type erected not nearer than 18 feet to the street building line, as proposed and as shown; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on the lot line to the north where masonry walls of adjoining buildings do not occur there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches, with suitable terminating post at 43rd Street; that along the interior lot line to the east there shall be erected a similar fence and terminating post where walls of masonry buildings do not occur; that in front of such fences there shall be a planting space not less than five feet in width properly maintained with suitable planting material and protected by curbing not less than eight inches in height and six inches in width; that curb cuts shall be limited to two curb cuts each 30 feet in width to the service road of Astoria Boulevard and one to 43rd Street, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that at the intersection there shall be constructed and maintained a block of concrete for a distance of five feet along each street from the intersection and not less than twelve inches in height; that sidewalks and curbing on the streets abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that the plot where not occupied by planting, accessory building and pumps shall be paved with concrete or asphaltic pavement; that under Section 7e, for a similar term, there may be repairs with hand tools only for adjustments maintained solely within the accessory building, and such repairs as may be necessary in conjunction with the maintenance of the accessory building as a safety inspection station; that for a similar term there may be parking and storage of motor vehicles; that during the term of this variance the premises shall be occupied for no other use; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

585-58-BZ

APPLICANT—De Rose and Cavalieri, for Michael De Stefano, owner.

SUBJECT—Application October 10, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—915 Clarence Avenue, west side, 96.08 feet north of Lafayette Avenue, Block 5468, Lot 18, Borough of The Bronx.

APPEARANCES—

For Applicant: George J. Cavalieri.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, DD area, class ½ height district; that from the inception of the Zoning Resolution to May 21, 1951 this property was in a business use district; and

WHEREAS, the decision of the Borough Superintendent, dated September 18, 1958 as amended by decision dated January 23, 1959, acting on Alt. Applic. No. 776-58, reads:

"1. The proposed parking lot for more than 5 motor vehicles in a residence use district is contrary to Article 11 Sec. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 95.36 feet and 95.39 feet in depth, presently vacant; that it is proposed to install and equip the site with all improvements and safeguards required by the Rules and Regulations of the Department of Buildings relating to the use of vacant land for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the proposed use would help alleviate the street congestion caused by the overflow of motor vehicles, especially during the summer months when the waterfront is used for recreational purposes and especially since parking is permitted only on one side of Clarence Avenue; that public welfare and safety would not be adversely affected by the proposed use, or the parking of cars within the required 10 foot front yard; that the property would be well kept and policed as the owner resides on the adjoining premises; that the owner was in possession before the area was changed from business to residence use district; and

WHEREAS, the applicant states that the present owner has held title to the property since September 12, 1941 and that the assessed valuation of land is \$1,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 h for a term of five years, to permit the premises to be occupied for the storage of motor vehicles only, limited to cars of the pleasure-car type and none others; as shown on plans filed with this application, marked "Received October 10, 1958", 2 sheets and "January 30, 1959", 1 sheet, *on condition* that all buildings and uses now on the site shall be removed and all lumber and any other material on the site removed except the existing tree within the confines of the parking lot shall be retained and fully protected against damage; that the plot shall be leveled substantially to the grade of Clarence Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that on all lot lines there shall be erected a woven wire fence of the chain link type on a masonry base, not less than 5 feet, 6 inches in total height, with no openings therein except to Clarence Avenue for entrance and exit; that such entrance shall be not more than 10 feet in width, fitted with gates and with curb cut opposite of similar width; that in the event the stone wall is continued on the building line of Clarence Avenue, such wall may be continued in part or in whole except where such fence above referred to is required; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use than as herein permitted; that all

MINUTES

permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

604-58-BZ

APPLICANT—Andrew DiCamillo, for Joseph Azara, owner.

SUBJECT—Application October 22, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence use district, the change in occupancy of an existing one story and cellar structure from blacksmith shop to the storage and light repairing of air conditioning equipment.

PREMISES AFFECTED—1342 65th Street, south side, 340 feet east of 13th Avenue, Block 5734, Lot 24, Borough of Brooklyn.

APPEARANCES—

For Applicant: Frank Sellito.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; applicant to report to the Board as to second means of exit for both buildings; hearing closed; then to April 7, 1959, for applicant to arrange with owner of subject site and that adjoining for a gate in the fence to provide a second means of exit; hearing previously closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; 65th and 66th Streets are in residence and local retail use, C area, class 1 height districts; 13th Avenue and 14th Avenue are in local retail use C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 25, 1958 acting on Alt. Applic. No. 2924-58, reads:

"1. Proposed change in use from Blacksmith Shop to storage & light repairing (air conditioning equipment) within a residential use district is contrary to Art. 2 Sect. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 100 feet in depth, improved with a one story and cellar masonry structure, 20 feet wide and 55 feet deep, with a legal occupancy of blacksmith shop; that it is proposed to change the occupancy from blacksmith shop to that of storage and light repairing of air conditioning equipment; and

WHEREAS, the applicant states that the building was erected prior to 1912 and subsequently altered in 1912 under Alt. Applic. No. 5326 of 1912 and B. N. 1500-41 and B. N. 2688-42; that Certificate of Occupancy No. 107415 was issued for the blacksmith shop under B. N. 2688-42; that when Certificate of Occupancy No. 107415 was issued in 1942, said Certificate included two buildings; that the buildings concerned subject premises—lot 24—and the adjoining premises known as 1340 65th Street, also known as lot 23; that the adjoining premises 1340 65th Street is now and will continue to be occupied as a blacksmith shop; and

WHEREAS, the applicant contends that on September 12, 1947 the subject premises were purchased by the present owner for storage purposes; that said owner purchased premises after being advised he could do so because premises were presently used for commercial purposes; that unfortunately he was ill advised and subsequently discovered he was illegally occupying premises; and

WHEREAS, the applicant further contends that the premises

were occupied for many years as a blacksmith shop; that the change from a blacksmith shop to that of storage and light repairs of air conditioning equipment would be an improvement of occupancy; that repairs consist of replacing parts and slight paint touch-up; that the variance requested involves occupancy; that no physical change will be made to the exterior of the building; that there is very little auto traffic in and out of the building, rarely exceeds once a day and that, for short periods; that many weeks, the building is entered only two or three times; that the variance requested is a non-conforming use, but the premises are at present non-conforming and so used, legally, prior to 1912; that there are non-conforming uses in the affected area as follows: block 5754, lot 8—gas station; lot 23—blacksmith shop; lot 36—store; block 5747, lot 51—stores; lot 70—live poultry market; and

WHEREAS, the applicant states that the present owner has held title to the property since September 12, 1947; that the assessed valuation of land is \$2,000 and of the building \$4,000 making a total of \$6,000; that the building was erected prior to 1912; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the change of use as proposed to the storage and light repairing of air conditioning equipment as proposed and as indicated on plans filed with this application marked "Received October 22, 1958", six sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the entrance door between this building and an adjoining building to the west may be blocked up with masonry, as shown on such plans, provided there is no fence between the buildings as to the rear yard so that exit may be had from the rear of the building under this application through the yard to the building adjoining and to the street; that in the event a fence is built between the buildings separating the rear yards such fence will have a gate so as to permit ready access at any time as above stated; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

622-58-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for Anthony Monaco, owner.

SUBJECT—Application October 29, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, office, sale of accessories, minor repairs with hand tools only and the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—3850-3852 Bronxwood Avenue and 904-908 East 222nd Street, southeast corner, Block 4692, Lots 40, 42 and 43, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Anthony Monaco.

For Opposition: Benjamin F. Nolan, Luther Priorleau, Bernard Flood, Herbert Taylor, Edna Melhado, Dr. Samuel Gittens and Clement Jackson.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, at the request of the objectors for hearing; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 222nd Street are in a residence use, C area, class 1¼ height district; Bronxwood Avenue and East 221st Street are in residence and local retail use, C area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 23, 1958 acting on N.B. Applic. No. 1030-58, reads:

"1. In a residence district the proposed 'gasoline station, minor repairs with hand tools, parking and storage of more than 5 motor vehicles, lubritorium, sale of accessories and car wash' is contrary to Sect. 3, Art. 11 Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 99.57 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect a modern gas station, which will be enhanced with landscaping; that the owner will comply with any conditions which the Board may impose; and

WHEREAS, the applicant states that the owner is a builder in this vicinity and has erected over 100 dwellings in this area, and a gas station is therefore needed with an area for parking of more than five motor vehicles; that the plot is bringing in nothing, except tax bills; that the area around this plot does not warrant dwellings, with three 5-story tenement houses adjacent to this property, and to erect more tenement houses would be too costly; and

WHEREAS, the applicant contends that a modern gasoline service station would enhance the area and would leave plenty of light for the windows in the adjoining houses, which would be lost by erecting a structure on this plot five or six stories in height; and

WHEREAS, the applicant states that the present owner has held title to the property since May 6, 1957 and that the assessed valuation of land is \$9,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board in connection with Cal. No. 98-58-BZ, which was denied as of this day, and the committee recommended that this application 622-58-BZ should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1030-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

633-58-BZ

APPLICANT—Henry Nordheim, for American Revolving Door Co., Inc., owner.

SUBJECT—Application November 6, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a manufacturing use district, the use of power saws in the manufacture of revolving doors.

PREMISES AFFECTED—240-242 East 146th Street, south side, 250.13 feet west of Morris Avenue, Block 2335, Lot 23, Borough of The Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox

Negative

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the

Bulletin; laid over to April 7, 1959, for applicant to file new decision of the Borough Superintendent and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Park Avenue are in a manufacturing use, A area, class 1½ height district; East 146th Street and East 144th Street are in manufacturing and retail use, A area, class 1½ height districts; Morris Avenue is in a retail use, A area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 3, 1958 as amended by decision dated March 30, 1959 acting on amendment to Alt. Applic. No. 1151-57, reads:

"Proposed saw mill in a manufacturing use district is contrary to Art. 2, Sec. 4-f of the Zoning Resolution"; and

WHEREAS, the applicant states that the premise consist of a plot, 50 feet frontage by 100.42 feet in depth and was occupied as a junk paper depot, which business removed from the premises on November 1, 1957; that it is proposed to occupy the building for the manufacture of revolving doors and store fixtures; that most of such work is comprised of wood requiring power saws to cut to required forms; and

WHEREAS, the applicant states that the site is located in a manufacturing district, where the use of saw mill with a cutting saw and other power saws are prohibited; that such prohibited power use seems hardly reasonable as very little manufacturing is done without electrical power; that it also does not seem reasonable to single out power saws, and no other incidental power machines; that it may be that such power saw provision is, or was intended to prevent such use where lumber is manufactured from the rough timber, or in lumber yards, but in the instant case this is not proposed, as wood members for the doors and show cases are merely cut from finished board lumber; and

WHEREAS, the applicant further contends that the several types of machines all would be legal, except the five power saws, which are: radial saw, 2 hp, No. 1; jointer saw 5 hp, No. 2; tilt saw, 1½ hp, No. 3; band saw, 3 hp, No. 4 and circle saw, 3 hp, No. 5; that the total horse power is 14½; that this schedule of horse power is just a trifle more than one third of power used for illegal saws as compared with the balance of the machines also electrically driven but are legal; that the use of power saws driven by mere 14½ hp will not create any great disturbance to this district; that the change of use of this building from a junk collection depot to revolving door and show case factory is, by any comparison, a vast improvement—it is at least odorless; and

WHEREAS, the applicant states that the present owner has held title to the property since October 1, 1957; that the assessed valuation of land is \$8,000 and of the building \$13,000 making a total of \$21,000; that the building was erected July 1, 1935; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit a sawmill with woodworking machines, including a moving cut-off saw, as proposed and shown on plans filed with this application marked "Received November 6, 1958", 3 sheets and "February 5, 1959", 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

666-58-BZ

APPLICANT—Boris W. Dorfman, for Mathilde and Francis Mortingeno, owners.

SUBJECT—Application November 19, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the use of the present building and open area as a machine shop in conjunction with tile, terrazzo and marble works.

PREMISES AFFECTED—6901-6923 Avenue X, north side, from East 69th to East 70th Streets, Block 8447, Lots 1 and 3, Borough of Brooklyn.

APPEARANCES—

For Applicant: Boris W. Dorfman.

For Opposition: Salvatore F. Sangiorgi and Anthony Curiale.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin laid over to April 7, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue X is in business and residence use, A and F-1 area, class 1 height districts; East 69th Street is in a business use, A area, class 1 height district; East 70th Street is in a residence use, F-1 area, class 1 height district; that as of July 25, 1916 the entire site was in undetermined use, A area, 1½ height district; that on December 12, 1930 the use was changed to unrestricted, with area and height unchanged; that on July 29, 1939 the use became undetermined and area A for 100 feet along East 69th Street, with the remainder in business use, D area, and 1 height district; that the present use, area and height became effective on July 22, 1954, after the entire plot was purchased by the owner; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1958 acting on Alt. Applic. No. 3575-58, reads:

"1. Proposed use of entire premises for use as a machine shop, tile, terrazzo & marble works on premises located partly within a business A & partly within a Residential (F-1) area district violates Art. 2 Sect. 4a-39 & Art. 2 Sect. 3 of Zone Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 100 feet in depth; that it is proposed to extend the present machine shop and to occupy the plot on the north side of Avenue X, from East 69th Street to East 70th Street for terrazzo, tile and marble works; that the works will consist of casting terrazzo treads, base, etc., planing and polishing marble, storing of materials and parking of owners' trucks; that the enlargement of the machine shop will enable the owners to do most of the above work within the building; and

WHEREAS, the applicant states that the west side of East 69th Street, north of Avenue X, for a frontage of over 500 feet, is occupied by a concern that stores cement, sand and broken stone, mixes these materials on the premises and distributes throughout the City in huge trucks; that the east side of East 69th Street, south of Avenue X, is used as a boat repair yard; that the streets in the entire area are almost impassible in inclement weather; that within the 500 foot radius, there is a usable area of over 350,000 square feet, and there are only three, one-story frame dwellings; and

WHEREAS, the applicant contends that because of lack of utility services, and of deficient means of passenger transportation, it will probably take a generation or two before this section will become fit for residential use; that the nearest bus line is on Island Avenue; and

WHEREAS, the applicant states that the present owners have held title to lot 3 since 1946 and 1953 and to lot 1 since 1953; that the assessed valuation of land is \$10,000 and of the building \$7,000 making a total of \$17,000; that the building was erected in 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e for a term of fifteen years, as proposed use of Lots 1 and 3 and to permit the proposed extension of the building, as indicated on plans filed with this application, marked "Received November 19, 1958", 2 sheets" and "February 5, 1959", 2 sheets, on condition that such building shall be used only in connection with the present machine shop building and not exceeding one story in height and the area indicated on such plans; that the building shall in all other respects comply with all laws, rules and regulations applicable thereto; and fences shall be maintained on the building lines; that all permits, including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

690-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Rebecca Rubin, owner.

SUBJECT—Application December 1, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubrication, car wash, office, minor auto repairs, sales room and the parking and storage of more than five (5) cars for a temporary term of fifteen (15) years.

PREMISES AFFECTED—666-670 Castle Hill Avenue and 2201-2207 Cincinnatus Avenue, Block 3575, Lots 28, 30 and 31, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama, Reginald S. Hardy and Joseph Curio.

For Opposition: C. J. Cammorata, N. Y. C. H. A.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin laid over to April 7, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Cincinnatus Avenue, Castle Hill Avenue and Seward Avenue are in a residence use, FF area, class ½ height district; that as of July 25, 1916 the premises were in a business use district, class C area district and class 1½ height district; that on April 26, 1945 the present residence use and ½ height designation became effective; that on April 26, 1945 the area designation was changed to D-1, and the present FF designation became effective May 24, 1956; and

WHEREAS, the decision of the Borough Superintendent, dated November 18, 1958 acting on N.B. Applic. No. 986-58, reads:

"1. Proposed use of gasoline and oil selling station, lubrication, car wash, sales room, office, minor auto repairs, parking & storage of more than five cars in a

MINUTES

residence use district is contrary to Art. II Sect. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect and maintain a modern gasoline service station, for a temporary period of fifteen years, consisting of twelve 550 gallon gasoline tanks and three dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction having a frontage of 60 feet, a depth of 26 feet 8 inches and will contain the conjunctive uses of lubrication, car wash, salesroom, office and minor auto repairs; that a portion of the open area will be reserved for parking and storage of more than five cars; and

WHEREAS, the applicant contends that Castle Hill Avenue is a heavily trafficked auto lane and also the new housing development now under construction within the affected area has created a need for the proposed gas station; that there are no other gas stations within the affected area; that although the land is high in assessed value, it could not be put to a profitable use by the previous owner and was lost to the City for back taxes; that the present owner purchased the site at a City tax sale; that the station as proposed will be modern in design and an asset to the community; that there are no windows in the rear wall, so that any noise that might emanate from the inside of the building will be strictly confined; that the pumps are proposed 15 feet back of the Castle Hill Avenue building line so as to promote an orderly flow of traffic in and out of the station; that the curb cuts will be restricted to two 30-foot cuts on Castle Hill Avenue and one 30-foot cut on Cincinnatus Avenue; that the proposed service station is an attractive and necessary facility to the motoring public and the community itself; and

WHEREAS, the applicant states that the present owner has held title to the property since July 22, 1958 and that the assessed valuation of land is \$11,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application, marked "Received December 1, 1958", 3 sheets; that the plot shall be leveled substantially to the grade of the abutting streets, and arranged, constructed and designed as indicated on plans above cited; that the accessory building shall be faced with face brick on all sides, except the rear where it may be of block, painted; that there may be a stainless steel fascia as proposed; that there shall be no cellar in the accessory building and in all other respects the building shall comply with all laws, rules and regulations applicable thereto; that there shall be no windows opening in the rear wall on to the adjoining premises to the east; that along the interior lot lines there shall be erected woven wire fences of the chain link type on masonry bases, not less than 5 feet 6 inches in total height and with suitable terminating posts at the building line; that such fences may stop either side of the rear wall of the accessory building; that curb cuts shall be limited to two, each 30 feet in width to Castle Hill Avenue and one of similar width to Cincinnatus Avenue; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that pumps shall be of an approved low type, erected not nearer than 15 feet to the building line of Castle Hill Avenue; that the number of gasoline storage tanks shall be limited to twelve 550 gallon approved tanks; that the balance of the plot where unoccupied by accessory

building and pumps shall be paved with concrete or asphalt; that signs shall be restricted to permanent signs on the facade of the accessory building facing Castle Hill Avenue and the illuminated globes of pumps, excluding all roof and temporary signs and advertising devices, but permitting the erection within the intersection of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale, which sign may extend at an angle of 45° beyond the street building line for a distance of not over four feet; that at such intersection there shall be installed a block of concrete not less than 12 inches in height, extending at least five feet along each street; that under Section 7e for a similar term there may be minor auto repairs with hand tools only for adjustments, maintained solely within the accessory building; and under Section 7h for a similar term there may be parking and storage of motor vehicles; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

727-58-BZ

APPLICANT—Arno Fischer, for James J. and Katherine Bartley, owners.

SUBJECT—Application December 10, 1958—decision of the Borough Superintendent, under Sections 7c, 7i and 7A of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station, eliminating the garage and extend the uses to include minor auto repairs, lubricatorium, non-automatic auto laundry, sale of accessories, state inspection service, parking of cars awaiting service with show window and curb cuts within 75 feet of a residence use district.

PREMISES AFFECTED—27-01 to 27-11 Newtown Avenue and 26-50 to 26-56 28th Street, northwest corner, Block 573, Lot 1, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Arno Fischer and James Bartley.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; then to April 7, 1959, for applicant to file revised plans showing entrance only on Newtown Avenue; also to show retaining wall as may be necessary generally along the building line of 28th Street and also along the interior lot line; also to show 28th Street graded down to the curb and with trees planted along that bank; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Crescent Street and 28th Street are in business and residence use, B area, class 1½ height districts; Astoria Boulevard and Newtown Avenue are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 17, 1958 acting on N. B. Applic. No. 1703-58, as amended December 12, 1958 reads:

"1. Proposed reconstruction of a gasoline service station and extend the uses to include lubricatorium, non-automatic car washing, sales office and storage of accessories, minor auto repairs, state safety inspection station and parking of more than five motor vehicles awaiting service, on a lot partly in a business use and partly in a residence use district is contrary to Art. 2 Sec. 3 and Sec. 4(a) items 46 and 49 of the Zoning Resolution.

MINUTES

2. Curb cuts and show windows within 75 feet of a Residence use district is contrary to Art. 2 Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 136.06 feet frontage by 113.89 feet in depth, irregular, presently developed with a gasoline service station, repair shop, garage, stores and dwellings, operating under Certificate of Occupancy No. 1806, issued November 5, 1930; that it is proposed to reconstruct the site with a modern gasoline service station which will be totally confined to the business use portion of the plot and will improve the appearance of the area; that the entire portion of the premises used for the service station, except planting areas, will be suitably paved with asphaltic or concrete paving and drained; that it is also proposed to remove the existing pump island within 7 feet 8 inches of the building line of Newtown Avenue, and setting all pump islands at least 15 feet back from the building line will do much toward protecting pedestrian travel passing the gas station; that it is further proposed to remove the six existing pumps and to construct nine new pumps on three stands of three pumps each, to discontinue use of all existing gasoline and waste oil tanks and to install a maximum of twelve new 550 gallon gasoline tanks and one new 550 gallon waste oil tank; that it is also proposed to reconstruct the existing curb cuts and to construct additional new curb cuts; and

WHEREAS, the applicant states that it is further proposed to create more desirable working conditions for the employees and to render a better service to the community by demolishing the existing obsolete and partially vacant three story dwelling and store building of class 4 construction, and by demolishing the existing obsolete one story accessory building, also of class 4 construction, and by replacing the present outdoor facilities for servicing vehicles exposed to the elements with a modern one story service station building, surfaced with face brick, of class 3 construction, having a frontage of 76 feet 1½ inches and a depth of 35 feet 9½ inches, having an indoor lubritorium, non-automatic auto laundry, sales office with show windows for accessories, storage facilities, employees' and patrons' laboratory facilities, space for minor auto repairs and safety inspection; that it is also proposed to extend the present uses to include parking for more than five motor vehicles awaiting service, curb cuts within 75 feet of a residence district, and a new relocated ground sign in a business use district at the intersection of Newtown Avenue and 28th Street that will project a maximum of four feet beyond the building line; that all other signs and legends will consist of individual letters mounted to the building facia; and

WHEREAS, the applicant states that Fire Department records show that the existing gasoline station has been in continuous operation since November 19, 1920 as per approved Plan No. 1094-1920; that Cal. No. 80-32-A, previously before the Board, established the premises as a gasoline service station prior to June 12, 1925; that at that time, such a use was a permissible use within a business use district; that the gas station, repair shop and garage includes one 550 gallon waste oil tank, five 550 gallon gasoline tanks and one 650 gallon gasoline tank feeding six dispensing pumps; that the existing accessory building is one story in height, of class 4 construction, having 18 feet 6 inches of frontage and 20 feet 4 inches in depth; that this building is used as an office for accessory sales and toilet; that immediately adjacent is an outdoor car washing area and three open grease pits used for lubrication and minor auto repairs; that also on the same premises are two other buildings—a three story dwelling and store building of class 4 construction, having 50 feet 6 inches frontage on Newtown Avenue and 30 feet 6 inches depth; a two story dwelling of class 4 construction, having 18 feet 4 inches frontage on 28th Street and 25 feet 3 inches depth; an authorized illuminated sign approved under Alt. Applic. No. 4816-1931 (Permit No. 136646 expires 12/31/58 advertising the brand name of the gasoline sold; that access to the existing service station is afforded by two existing curb cuts from Newtown Avenue, one of 17.5 feet and another

of 37 feet; that there is also a 46 foot curb cut, including splay, on 28th Street, of which there is no official record and which, due to an existing building line fence, is not used as access to the property; that both the existing two story frame dwelling and the three story frame dwelling and store building, the latter to be demolished, were both apparently erected before the turn of the century, as indicated on the "Sanborn Map of the year 1898" (Perris Map Co.), Volume 2, Page 16; and

WHEREAS, the applicant contends that there are several vacant stores in the area, including one in one of the buildings to be demolished, which indicates that there is little demand for the subject premises for a conforming business use; that the rear part of the site within the residence use district will continue to be used for a conforming use and will therefore act as a permanent buffer between the gas station and the adjoining plots to the north; that the existing 8 foot high concrete fire and retaining wall on the west and north; and the 5 foot high woven wire fence on the north—more than 7 feet south of the zoning line, will continue to confine all of the proposed service station to the business use portion of the premises; that the proposed structure would provide more light and ventilation for the adjoining properties than if a conforming use building were erected; that the continuous operation of this gas station since its inception in 1920 has proven that the owners have provided an essential and vital service to the community; that it is presently the only service station within the affected area; and

WHEREAS, the applicant states that the present owners have held title to the property since September 7, 1948; that the assessed valuation of land is \$24,000 and of the building \$12,000 making a total of \$36,000; that the buildings were erected prior to 1898 and in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the existing premises to be extended and reconstructed substantially as proposed and as indicated on plans filed with this application marked "Received December 10, 1958", six sheets, as amended by revised plans marked "Received April 6, 1959", one sheet, excluding sheet marked "Received April 6, 1959" marked "Alternate", *on condition* that all buildings and uses not proposed to be retained shall be removed and the premises shall be leveled substantially to the grade of Newtown Avenue and shall be reconstructed and rearranged as indicated on such plans, particularly revised plans marked "Received April 6, 1959"; that the pumps shown parallel to 28th Street shall be discarded and the pumps shall be limited solely to the pumps parallel to Newtown Avenue, which shall be not nearer than fifteen feet to the street building line and shall be of a low approved type; that gasoline storage tanks shall be located where shown and shall not exceed a total of twelve 550 gallon approved tanks; that any existing tanks proposed to be reused shall be tested by the Fire Commissioner and discarded if found to be not in good structural condition and new tanks substituted; that the accessory building shall be of the location, design and arrangement as indicated and shall have no cellar and shall be faced on all sides with face brick; that windows proposed to open upon that portion of the premises in the residence use district shall be closed but openings may be permitted provided they are solidly filled with glass block as approved for exterior walls without openings therein; that the balance of the premises where not occupied by accessory building and pumps and the existing two-story dwelling proposed to be retained shall be paved with concrete or asphaltic pavement; that the portion toward 28th Street

MINUTES

shall have a retaining wall as may be necessary, up to street grade, and on the interior side of the plot from such retaining wall easterly, there may be a bank for a distance of not less than six feet in width, with concrete curbing at the base not less than one foot in height; that such banked area shall be planted with shrubs and with trees maintained where shown; that on the westerly lot line where existing masonry walls do not occur there shall be a woven wire fence of the chain link type from the building line of Newtown Avenue to the accessory building; that such fence shall be not less than five feet six inches in height including concrete base; that a similar fence shall be constructed on the lot line to the north from the easterly lot line to the wall of the existing frame dwelling; that suitable terminal posts shall be erected at street lines for such fences; that under Section 7i there may be minor repairing with hand tools for adjustments maintained solely within the accessory building and to include such repairing as may be necessary for the maintenance of a State inspection service; that under Section 7c there may be parking of cars awaiting service; that under Section 7A any curb cut or show window deemed to be contrary thereto may be permitted provided the requirements of this resolution are complied with; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the premises on Newtown Avenue and 28th Street shall be reconstructed or repaired to the satisfaction of the Borough President; that curb cuts may be as shown on such revised plans marked "Received April 6, 1959" consisting of the curb cut to the west 17 feet 5 inches in width and two curb cuts each 30 feet in width; that such curb cuts shall be so arranged as to not endanger the existing tree on the sidewalk of Newtown Avenue and such tree shall be properly protected against damage; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

759-58-BZ

APPLICANT—Leonard F. Rothkrug for Berkeley Plaza Corporation, owner.

SUBJECT—Application December 24, 1958—decision of the Borough Superintendent, under Sections 9A and 21 of the Zoning Resolution, to permit in a class one height district, the erection of a multiple dwelling of a height in excess of that permitted within two miles of a designated airport.

PREMISES AFFECTED—2111 Brown Street, southeast corner of Avenue U, Block 7365, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Harry Finkelstein.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; then to April 7, 1959, for decision; applicant to file additional plan showing a sectional elevation toward the rear of the building; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Brown Street and Batchelder Street are in local retail and residence use, D area, class 1 height districts; Avenue U is in a local retail use, D area, class 1 height district; that on July 25, 1916 the use zoning was business and residence, and the use zone was changed to its present designation on April 8, 1954; that the height district has not been changed, and there is no petition pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent,

dated December 23, 1958 acting on N.B. Applic. No. 2395-58, reads:

"1. Proposed building exceeds height allowed for a Class One District under Article 3 Section 9A subdiv. (a) of the Zoning Resolution. (Within 2 miles of Airport)."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 100 feet in depth, regular in area, presently vacant; that it is proposed to erect a six story multiple dwelling, with 78 apartments and an accessory garage for 37 cars, 164 feet by 69.5 feet, irregular in area, 60 feet in height; and

WHEREAS, the applicant states that the proposed multiple dwelling conforms to both the use district and the area district provisions of the Zoning Resolution; that an apartment house is legally permitted in a class one height district, and the only question involved in this application is one of excess height; that the arrangement and number of apartments may be changed without changing the height of the building; that Avenue U is 80 feet in width, so that an apartment house frontage on Avenue U can be erected to a height of 70 feet without any variance and without any question as to the distance from the airport; that the height of the proposed apartment house conforms to the height restrictions for 100 feet along Brown Street, south of Avenue U, and in fact, this portion of the building is 8 feet 11¼ inches less than the permitted height; that Brown Street is 60 feet in width so that an apartment house can be erected to a height of 52.5 feet; that the proposed building is set back five feet from Brown Street, so that ordinarily the increased height permitted would be 7.5 feet, for a total permitted height of 60 feet; that however, since the premises is approximately 9600 feet from Floyd Bennett Field—1.7 miles—Article III, Section 9A of the Zoning Resolution provides that no increase in height based on setback from the building line shall be permitted; that a portion of the proposed building is in excess of the height permitted; and

WHEREAS, the applicant contends that a grant of the variance would not be contrary to the spirit of Article III Section 9A of the Zoning Resolution and would not adversely affect surrounding owners; that this Section of the law intends to limit the height of buildings within two miles of the airport; that since the owner is permitted to build to a height of 70 feet on the north one-half of his property, and is building more than 8 feet less than the permitted height, he is doing more than merely complying with the intention of the law; that the law inflicts an unnecessary hardship on this owner by limiting him to building a lopsided building on a comparatively small site; that it would be uneconomic and aesthetically undesirable to build in accordance with the limitations of the law; and

WHEREAS, the applicant states that the present owner has held title to the property since January 18, 1952 and that the assessed valuation of land is \$19,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9, Subdivision A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 9A, to permit the existing building as proposed and as indicated on plans filed with this application marked, "Received December 24, 1958," 4 sheets, "January 6, 1959," 1 sheet, "February 4, 1959," 1 sheet, "March 20, 1959," 4 sheets, and revised plans marked "Received April 6, 1959," 2 sheets, on condition that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that any requirements of the Federal Aviation Agency as to roof lights shall be met to its satisfaction; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution

APPLICANT—Lama, Proskauer & Prober for Ann Turso, owner.

SUBJECT—Application December 30, 1958—decision of the Borough Superintendent under section 21 of the Zoning Resolution to permit in a retail use, C area district, the erection of a one story retail store for the sales, storage, loading and unloading of fruits and vegetables, the proposed building to cover the entire lot, exceeds the permitted area coverage.

PREMISES AFFECTED—1889-1893 Fulton Street north side, 103 feet 2¼ inches east of McDougal Street and 14-18 McDougal Street, Block 1530, Lot 19, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Fulton Street, McDougal Street and Howard Avenue are in a retail use, C area, class 1 height district; Ralph Avenue is in a local retail use, C area, class 1 height district; that as of July 25, 1916 the premises were in a business use district and the present use designation became effective March 17, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated December 3, 1958 acting on N.B. Applic. No. 1347-58, reads:

"1. In a lot located in a "C" area district the proposed bldg. occupying the entire lot is contrary to Art. IV Sec. 13(b) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 68 feet 1 inch frontage by 37 feet 7 inches in depth, irregular, presently developed with a one story frame building having a frontage of 67 feet 5 inches and an irregular depth of 12 feet, erected without a permit; that this building is being used for the retail sales of fruit and vegetables and is to be demolished; that it is proposed to erect a new one story, non-fireproof building of class 3 construction, having a height of 12 feet, a frontage of 68 feet 1 inch, and an irregular depth of 37 feet 7 inches; that the building will be used as a retail store for the sales, storage, loading and unloading of fruits and vegetables; that the proposed use is a permissible one in a retail zone; and

WHEREAS, the applicant states that the entire site has an area of 1993 square feet and as the proposed building will occupy the entire site, the building has an area of 1993 square feet; that the permissible coverage in a C retail zone for a non-residence building on an interior lot is 60% or 1195 square feet and the proposed building will therefore exceed the allowable coverage by 795 square feet; and

WHEREAS, the applicant contends that the entire block is triangular in shape, of small depth, and therefore all of the building in said block runs entirely through the block from street to street without any rear yards, courts or open areas, and the proposal only seeks to create the identical conditions; that the leaving of an open area on the site would be of no benefit to the proposed retail store or any of the other buildings now on the block; and

WHEREAS, the applicant states that the present owner has held title to the property since December 12, 1956; that the assessed valuation of land is \$4,000 and of the building \$1,000 making a total of \$5,000; that the building was erected in 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; that the plot is unique as and of insufficient depth to permit leaving any yard which would be of no benefit; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 as to area, to permit the construction of the proposed building on the lot for the uses proposed, as indicated on plans filed with this application, "Received December 30, 1958", 4 sheets, on condition that the existing buildings and structures shall be entirely removed and the premises leveled substantially to the grade of Fulton Street and constructed for store purposes, as proposed and shown on plans above cited; that the building shall not be further increased in height or area and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

774-58-BZ

APPLICANT—Leonard F. Rothkrug for Takabe Corporation, owner.

SUBJECT—Application December 31, 1958—decision of the Borough Superintendent, under section 9A of the Zoning Resolution, to permit in a class 1 height district, the erection of a multiple dwelling of a height in excess of that permitted area within two miles of La Guardia Airport.

PREMISES AFFECTED—36-25 Parsons Boulevard, northeast corner of 37th Avenue, Block 5014, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Ralph J. Calabrese.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; applicant to file revised plan; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 37th Avenue are in a residence use, C area, class 1 height district; Parsons Boulevard is in residence and local retail use, C area, class 1 height districts; Northern Boulevard is in a local retail use, C area, class 1 height district; that there has been no change in designation since July 25, 1916 and no petition is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1958 acting on N.B. Applic. No. 4167-58, reads:

"1M. Proposed six story & cellar multiple dwelling exceeds the height limit permitted beyond the 100' line of the narrower street (37th Ave.). Sec. 9A Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 178.33 feet in depth, on which is located a two story and attic frame dwelling, proposed to be demolished; that it is proposed to erect a multiple dwelling, six story apartment house, 50 feet by 160 feet 10 inches, irregular in area, 59 feet 8 inches in height; and

MINUTES

WHEREAS, the applicant states that the premises is in a class one height district; that Parsons Boulevard is 80 feet in width, so that the permitted height for 100 feet along 37th Avenue is 70 feet; that 37th Avenue is 60 feet in width, so that the permitted height along the rear portion of the site is 52½ feet in height; that the proposed building is set back five feet from Parsons Boulevard and five feet from 37th Avenue; that ordinarily this setback from the building line would increase the permitted height on Parsons Boulevard to 77.5 feet, and the permitted height along 37th Avenue to 60 feet; that however, since the site is within two miles of LaGuardia Airport, no increase in height results from the setbacks; and

WHEREAS, the applicant contends that the proposed building complies in all respects with both the use district and area district provisions of the Zoning Resolution; that further, the height of the building on Parsons Boulevard complies completely with the height district provisions; that the sole question involved in this application is the height of the rear 65.83 feet of the building; that it would be economically and architecturally impractical and undesirable to build a lopsided building to conform with the Zoning Resolution; that along Parsons Boulevard there could be apartment houses considerably higher than proposed, as shown above; that further, Northern Boulevard is the next street north of the site, and it is 100 feet in width, so that a building could be erected to a height of 87.5 feet without any variance; and

WHEREAS, the applicant further contends that Section 9A of the Zoning Resolution apparently seeks to offer protection for airplanes using LaGuardia Airport by limiting the heights of buildings within two miles; that however, Northern Boulevard extends to within a few hundred feet of the airport and buildings could be erected several stories higher than as proposed; that in fact, there are apartment buildings nearer to the airport of greater height than proposed; that the proposed building is 59 feet 8 inches in height; that it is 10 feet 4 inches less than the permitted height on Parsons Boulevard and 7 feet 2 inches more in height than that permitted more than 100 feet back from Parsons Boulevard along 37th Avenue; that the reduction in the permissible height on Parsons Boulevard will benefit the airport to a greater extent than the Zoning Resolution requirements; and

WHEREAS, the applicant states that the present owner has held title to the property since October 29, 1958; that the assessed valuation of land is \$18,000 and of the building \$5,000 making a total of \$23,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the higher portion of the building is nearer the Airport than the lower portion; against which the objection was raised, and recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 9A, to permit the building to be constructed of the height proposed and indicated on plans filed with this application, marked "Received December 31, 1958," 4 sheets, "January 16, 1959," 1 sheet and "April 3, 1959," 1 sheet, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that any requirements of the Federal Aviation Agency having jurisdiction over the height of the proposed building and which has interposed no objection to the construction shall be complied with including a signal light on the roof as such organization may require; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

98-56-SM

APPLICANT—J. H. Thorp & Company, Inc., owner.
SUBJECT—Application January 24, 1956—48 Inch Saravel, Model 2926, approval of.

APPEARANCES—

For Applicant: Clifford L. Heaslip.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 98-56-SM.

Subject: 48 Inch Saravel, Model 2926.

J. H. Thorp & Company, New York, N. Y., filed January 24, 1956, an application with the Board of Standards and Appeals for approval of 48 Inch Saravel, Model No. 2926, for use in New York City, under the provisions of C19.161.1, Administrative Code.

Purpose

For use as window draperies.

Description

Material is woven of Velon Yarns in the warp and Spun Saran Yarns in the filling, woven 48 inches wide, non-combustible, mildew proof and moth proof.

Fabric is identified as:

Pattern 2926, 48 inch Saravel Casement.

(Velon warp-Saran Filling).

Inspection and Test

Samples of the material were tested at the Better Fabrics Testing Bureau in the presence of Ass't. Engr. J. A. Darts, Committee on Test, and W. H. Masterson, representing the applicant.

The complete report is on file and is part of the record.

Recommendation

On the basis of the inspection and test and data filed by the applicant, the Committee on Test concludes that the material known as 48 inch Saravel, Model 2926, Calendar Number 98-56-SM, possesses inherent flameproofing properties and accordingly recommends the approval of the material for use as a flame resistant fabric for drapes as window draperies. The Committee further recommends that this material shall not be used in locations wherein an approved opening protective assembly is required.

Test on each specific installation or any retest thereof shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 98-56-SM".

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 11, 1958, on Alt Applic. 825/57, reads:

"1. Provide two legal means of egress from all floors in accordance with Section 271 of the Labor Law.

2. Present rear fire escape in a building seven stories in height does not meet exit requirements of Section 271 of the Labor Law."

and

WHEREAS, the applicant states that the building is 7 stories, 85 feet 6 inches in height, 50 feet by 92 feet in area, class 3 construction, erected 1893, located on a lot 50 feet front by 100 feet in depth, in an unrestricted use, B area, class 1½ height district, and used and occupied since erection: Cellar—boiler room and storage, 1 person; 1st floor—manufacturing of office furniture, 4 persons; 2nd floor—manufacturing wood novelties, 9 persons; 3rd floor—manufacturing coats, 12 persons; 4th floor—manufacturing cards, 15 persons; 5th floor—manufacturing leather goods, 12 persons; 6th floor—factory (now vacant), 12 persons; 7th floor—manufacturing embroidery, 12 persons; that no change in use or occupancy is now proposed; that the building is equipped with an approved two-source sprinkler system throughout with central station alarm; and an approved fire alarm system and regular monthly fire drills are maintained; that there is one 3 foot 6 inch wide interior stair, enclosed in one hour partitions, equipped with fireproof self-closing doors, leading from roof bulkhead direct to street; that there is one fire escape on the rear, extending to street by stair and to yard by stair, with egress to street through an adjoining building in the rear, window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant states that the building was subject to variances acted upon by the Board, under Calendar Number 774-17-S and Calendar Number 149-20-A; that the building has not been altered or changed since last application was filed with the Board; that the exits consists of an enclosed stairway leading direct to the street, with a bulkhead on the roof; that on the rear of the building there is a Labor Law fire escape, connected at the 2nd floor level to a fire escape on the adjoining building; that all windows on the course of the fire escape on all floors are fireproof self-closing; that egress from the cellar consists of a stationary iron ladder from the rear yard to the roof of the adjoining building, engineer's exit from cellar to street, and an enclosed interior stair to the 1st floor; and

WHEREAS, the applicant contends that the building is 100% sprinklered with a two-source system, equipped with a mechanical alarm valve connected to a central station; that in addition to this, there is a fire alarm system and monthly drills are maintained; that the ceiling of all floors, throughout, are covered with metal; that it is proposed to enclose the interior stairs at the cellar level, leading to the 1st floor; that all exterior doors on the 1st floor leading to street will be relung to swing out; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated September 11, 1958, acting on Alt. Applic. 825/57 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the fire escapes connected with the building in question and the buildings at the rear shall be maintained with exits to the street as indicated on revised plans marked, "Received April 3, 1959," 3 sheets with passage way to street between the buildings at 421 and 423 West Broadway as now shown and shall be repaired and painted to the satisfaction of the Fire Commissioner; that the buildings shall not be increased in height or area and in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto; that the additional proposal as indicated on plans marked, "Received October 10, 1958," 8 sheets, will enclose the interior stairs to the cellar level and to relung the exit doors on the first floor as proposed by the applicant shall be complied with.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 18, 1958 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution; and

WHEREAS, the applicant states that the proposed lessee will be the Texas Company.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 18, 1958, by adding thereto:

“that in the event the owner desires to rearrange the gas station as now shown on plans marked ‘Received February 18, 1859’, two sheets such changes may be permitted and the dimensions of the accessory building may be changed from 46 feet 4 inches by 30 feet 8 inches to 62 feet by 28 feet; that there may be three curb cuts to North Conduit Avenue, each not over 30 feet in width; and that in all other respects, where not inconsistent with this amendment, the resolution above cited shall be complied with.” (N.B. 2869/56)

* Correction—In the resolution, the size of the accessory building changed from 62 feet by “26 feet” to 62 feet by “28 feet” as indicated in italics.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; Sterling Place, Sixth Avenue and St. Johns Place are in residence and business use, B area, class 1½ height districts; Seventh Avenue is in a business use, B area, class 1½ height district; that the said premises were in an unrestricted area from July 25, 1916 to July 1, 1924 at which time it was changed to residence use, and has remained so up to the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 27, 1958 acting on Alt. Applic. No. 1172-58, reads:

“1. Proposed change of occupancy, in a Residence zone, to office, boiler room, storage garage for more than 5 motor vehicles, motor vehicle repair shop with hand tools only, is contrary to Article II, PP. 3 of the Zoning Resolution.”

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 100 feet in depth, occupied with a building 200 feet wide, 97 feet deep, of class 3 construction, one story in height with no cellar; that part of this building, 50 feet front, 30 feet deep and two stories high, was erected in 1876 under N.B. Applic. No. 151 of 1876 as a stable for 18 horses; that in 1924, under Alt. Applic. No. 5642-24, the building was increased in height as a milk distributing station and one family, for which Certificate of Occupancy No. 62799 was issued; that in 1938, under Alt. Applic. No. 5979-38, the second and third floors were removed and the use was changed to milk distribution station, office, garage for more than five cars, with two 550 gallon buried gas tanks and one pump, for which Certificate of Occupancy No. 89590 was issued; that in 1953, under Alt. Applic. No. 4139-52, the use was changed to office and garage for more than five cars; that the gas pump was removed and the gas tanks were purged and sealed, for which Certificate of Occupancy No. 136181 was issued; that it is proposed to install twelve buried 550 gallon gas tanks, six dispensing pumps and auto repairs with hand tools only, as accessory uses; that the accessory uses referred to will be limited to servicing the cars in the subject garage only; and

WHEREAS, the applicant state that under Section 6b and pursuant to Certificate of Occupancy No. 13681 the present use, office and garage for more than five cars, is a legal non-conforming use; and

WHEREAS, the applicant contends that in 1938 and in accordance with Certificate of Occupancy No. 89590, the subject building was provided with two 550 gallon buried gas tanks and one dispensing pump; that such accessory uses are vital necessities for the proper conduct of the primary use—garage for more than five motor vehicles in an area

MINUTES

approximately 20,000 square feet; that in order to obtain a fair return on the investment, it is vital and necessary to install the accessory uses requested in order to attract customers for renting car space; that directly opposite the subject building there are three storage garages and pumps in block 942, lot 61, 44 feet front; lot 58—56 feet front and lot 55—63 feet front; that the buildings cannot be economically used for any conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since April 25, 1957; that the assessed valuation of land is \$40,000 and of the building \$50,000 making a total of \$90,000; that the building was erected in 1876; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variance* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of use to include auto repair shop and gasoline selling facilities as proposed and indicated on plans filed with this application marked, "Received July 31, 1958," 6 sheets, *on condition* that the building shall not be increased in height or area; that the premises shall be maintained and used only as proposed on such plans; that gasoline selling equipment shall be restricted to one set of pumps and tanks to the east, as shown, the other set of pumps and tanks shall not be installed; that in addition to the existing curb cuts there may be an additional curb cut 18 feet in width opposite the proposed middle entrance to the building, as shown; that such gasoline selling equipment shall not exceed 3 pumps and 6 tanks of the approved 550 gallon type near the *east* doorway; that repairing under Section 7c may be with hand tools only for adjustments, maintained solely within the building; that in all other respects the building and occupancy shall comply with all laws and rules relating thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

*Correction—In the resolution, in relation to the location of the gasoline storage tanks, the words "west" doorway changed to "east" doorway, as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 16, 1958, as they appeared in Bulletin No. 51, Vol. 43, hereby corrected to read as follows:

543-58-BZ

APPLICANT—Boris W. Dorfman, for Big Bow Wow Corp., owner.

SUBJECT—Application September 19, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence and business use district, the parking and storage of more than five (5) motor vehicles for patrons and employees of an adjoining restaurant.

PREMISES AFFECTED—92-05 163rd Avenue, northeast corner of 92nd Street, Block 14066, Lot 32 and 41, Howard Beach, Borough of Queens.

APPEARANCES—

For Applicant: Boris W. Dorfman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 162nd Avenue and 163rd Avenue are in residence and business use, D and G-1 area, class 1 height district; 92nd Street is in a residence use, G-1 area, class 1 height district; Cross Bay Boulevard is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 17, 1958 acting on Alt. Applic. No. 2236-58, reads:

"1. The parking storage of motor vehicles in a residence use district and extending into a business use district is contrary to the Zoning Resolution. Article II Sections #3(9) & 4(15)."

and

WHEREAS, the applicant states that the premises consist of a plot, 76.26 feet frontage by 293.98 feet in depth; and

WHEREAS, the applicant states that parking of cars on Cross Bay Boulevard is not permitted, and the restaurant, having an official seating capacity for 154 people, located on an important highway and having no local clientele, requires considerable area for parking of its travelling patronage; and

WHEREAS, the applicant contends that due to failure to provide parking accommodations, this restaurant is subjected to great hardship; and

WHEREAS, the applicant states that the present owner has held title to the property since February 26, 1956 and that the assessed valuation of land is \$5,250; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found that the street was not open, but felt that the application should be granted under certain conditions, to permit more parking facilities for the restaurant; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking of motor vehicles solely for the employees and patrons of the adjoining restaurant on Lot No. 23, as proposed and indicated on plans filed with this application, marked "Received September 19, 1958", 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of 163rd Avenue; surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the street line of the proposed 92nd Street a woven wire fence of the chain link type, not less than 5 feet, 6 inches in height, and continuing on the lot line between Lots 45 and 41 and *between Lots 41 and 14 and* a curbing in lieu of a fence along the lot line of Lot 23, for the full length to 163rd Avenue and returning on 163rd Avenue, with no entrance therein except from the restaurant yard to the parking area and a *similar fence with a gate* from the parking area to 163rd Avenue of similar construction as the fence *along 92nd Street* and shall be kept closed when the parking lot is not in operation; that there may be a curb cut to 163rd Avenue not over 15 feet in width, as shown; that during the term of this variance the premises shall be occupied for no other use; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—Resolution corrected relative to an opening from the restaurant yard to the parking area and the fence along 92nd Street and the correction of certain lot numbers, as indicated in italics.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. **Board of appeals.** 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

APPEARANCES—

For Applicant: Albert Melniker and Thomas Schleier.

For Opposition: Seymour Spruch, Jerry Constantine, Henry C. Hooley, William Walter, Brona Constantine, Marion Maag, D. Durkee, Philip Torocco, Edwin Resch, Vincent H. Ballschmiedler and Herbert J. Maag.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 25, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, E-1 area, class 1 height district; that as of July 25, 1916 the property was zoned as a business district and a D district; that on August 2, 1943 the portion of the property within 100 feet of Hylan Boulevard was placed in an E district; that on June 5, 1951 the entire property was zoned as a G district; that on May 27, 1953 the portion of the property more than 100 feet from Hylan Boulevard was placed in a D district and on July 22, 1954 the present E-1 designation of the entire property became effective; that on January 21, 1942 the portion of the property within 100 feet of Hylan Boulevard was placed in a residence district and the remainder was placed in a residence district on June 5, 1951; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1958 acting on N.B. Applic. No. 931-58, reads:

"1. The construction of a gasoline service station, lubritorium, car washing, minor motor vehicle repairs with hand tools, sale of accessories and parking for more than five motor vehicles and illuminated free standing sign in a Residence District is contrary to Art. II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 110.17 feet frontage by 84.04 feet in depth; that it is proposed to erect, operate and maintain a gasoline service station, lubritorium, non-automatic car wash, minor motor vehicle repairs with hand tools, sale of accessories and

parking of more than five motor vehicles, and illuminated free standing signs; that a term of not less than fifteen years is requested inasmuch as proposed financing will require an amortization period for this length of time; and

WHEREAS, the applicant states that the proposed building will be a one story, three-bay masonry service station of a design somewhat different from the conventional service station, inasmuch as there is a deed restriction stating "no flat roofs"; that a low pitch roof with a slope, and treatment consistent with the finer residential structures, is incorporated in the design; that the entrances and exits from the service bays are located so as to have no circulation to the Hylan Boulevard side; that the thru circulation from Richmond Avenue to Oceanic Avenue creates ease of motion without cross traffic or congestion; that architecturally the building will replace an existing wooden store building which has been used for retail purposes over many years and which at the present time is a tavern; and

WHEREAS, the applicant further states that the site in question will be paved completely to provide a hard surface over all open spaces; that the area at the rear of the property—east—will receive a chain link fence as a barrier between the site and adjacent properties; that the element of all obstructions will be eliminated in the way of trees and buildings to a distance of 45 feet plus back of the front property line; that this will provide for good visibility and no obstructions to traffic or traffic signals; that there is a traffic light at the intersection of Hylan Boulevard and Richmond Avenue; that the arrangement of the proposed building and pump island provides for egress and ingress from Richmond Avenue and Oceanic Avenue, with the curb cuts on Hylan Boulevard for convenient use only when necessary; that the station will be operated by a major oil company if a variance is granted; and

WHEREAS, the applicant contends that Hylan Boulevard is the means of connecting to both the St. George and 69th Street ferries, as well as the Outerbridge crossing and the Perth Amboy ferry to New Jersey; that these in turn connect to the major highways and parkways in New Jersey and points south and has resulted in a constant flow of traffic on Hylan Boulevard as a means of connecting from New York City proper to points south and west; that the proposed improvement to these premises will eliminate an unsightly retail building and will also eliminate the obstructions on a site facing three streets; that this will be an improvement to both the site specifically and the neighborhood in general; and

WHEREAS, the applicant states that the present owners have held title to the property since May, 1925; that the assessed valuation of land is \$5,000 and of the building \$3,000 making a total of \$8,000; that the building was erected in 1916; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 931/58, Objection No. 1, dated October 7, 1958, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

683-58-A

APPLICANT—Albert Melniker, for Ida Elphant, Esther Radish and Lillian Lader, owner; Thomas Schlier, purchaser under contract.

SUBJECT—Application November 6, 1958—filed pursuant to section 35, General City Law re construction of curb cuts in bed of a mapped street—proposed widening of Richmond and Oceanic Avenues.

PREMISES AFFECTED—4360 Hylan Boulevard, 4333 Richmond Avenue southeast corner and 4 Oceanic Avenue, Block 5322, Lot 1, Eltingville, Borough of Richmond.

APPLICANT—John F. Fitzsimons, for Stephen and Helen Fedor, owners.

SUBJECT—Application reopened February 25, 1959 for consideration as to extension of time to complete and obtain Certificate of Occupancy, expired March 17, 1958—decision of the Borough Superintendent, previously granted on condition, under sections 7c and 7A of the Zoning Resolution, permitting in a residence and retail use district, the proposed extension of gasoline service station, auto repairs, accessory store, office and dwelling to be used for gasoline station, motor vehicle repair shop, car washing, greasing, office, accessory store, boiler room and dwelling, with curb cut closer to residence use district than is permitted.

PREMISES AFFECTED—78-08 51st Avenue and 51-02 Gorsline Street, southwest corner, Block 2470, Lot 5, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, on May 8, 1956, this application was granted by the Board on certain conditions, under Sections 7c and 7A of the Zoning Resolution, to permit in a residence and retail use district, the proposed extension of gasoline service station, auto repairs, accessory store, office and dwelling, to be used for gasoline station, motor vehicle repair shop, car washing, greasing, office, accessory store, boiler room and dwelling, with curb cut closer to residence use district than permitted, affecting premises 78-08 51st Avenue and 51-02 Gorsline Street, southwest corner, Block 2470, Lot 5, Elmhurst, Borough of Queens; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work which had expired by time limitation May 17, 1958; and

WHEREAS, this application was reopened on February 25, 1959 and set for hearing on April 14, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated February 3, 1959 acting on Alt. Applic. No. 593-55, reads:

"1. Amendment dated January 30, 1959 is disapproved. You may submit application to the Board of Standards and Appeals for approval of the additional time required to complete."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 22, 1957 as thereafter amended by resolution adopted September 17, 1957, only insofar as it has reference to obtaining permits and completion of the work, so that as amended this portion of the resolution shall read:

"that all permits shall be obtained, including a certificate of occupancy, and all work completed within six months from the date of this amended resolution." Alt. App. 593-55.

589-58-BZ

APPLICANT—Carl H. Salminen, for Brancato Iron Works, owner.

SUBJECT—Application October 15, 1958—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use district, the erection of a one story building for use as an ornamental iron shop with welding and forging facilities and to provide loading and unloading and parking in conjunction with the existing one-story structure used as an office.

PREMISES AFFECTED—157-11 Linden Boulevard and 148-44 158th Street, northwest corner, Block 12175, Lots 83, 86, 88 and 182, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Linden Boulevard, 158th Street and 157th Street are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent dated October 2, 1958 as amended by decision dated January 28, 1959, acting on N.B. Applic. No. 2798-58, reads:

"1. The proposed erection of building #1 for storage and office and building #2 for ornamental iron shop, welding, forging, loading and unloading and parking of trucks in conjunction with the business on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 77.17 feet frontage by 148.44 feet in depth, improved with a one story masonry office structure with a basement, erected in 1958 without plans filed in the Department of Buildings, or a permit issued; that there is also a large billboard sign on the property; that the entire premises is enclosed with a chain link fence, presently used for storage of wire fencing material; that it is proposed to legalize the present office structure and to construct a one story masonry structure, 62 feet by 100 feet, for a miscellaneous and ornamental iron shop, which will include 5 arc welding machines of 110 amperes; 1 electric saw $\frac{3}{4}$ horsepower; 1 forge; 1 cutting and punching machine 2 horsepower; 1 press 1 horsepower; 1 drill press $\frac{1}{2}$ horsepower; that space will be provided outside for the storage of steel pipes, miscellaneous iron and fencing material; that this business will be quiet in operation; that the space in front of the shop will be used for storage of not more than three delivery trucks; that it is proposed to construct a curb cut on 158th Street and gates for loading and unloading of material to the shop; and

WHEREAS, the applicant states that the owner purchased the property from The City of New York with the belief that the property was in a business area, due to the surrounding business establishments, including a coal yard; that the owner had a miscellaneous ornamental iron shop business located nearby at 112-01 159th Street, which covered approximately 4000 square feet; that he was forced to

MINUTES

vacate due to the fact that the State condemned the property for elevation of the Long Island Railroad; that at present he has no shop in which to operate his business and he purchased the property on which this appeal is based in order to reestablish his business; and

WHEREAS the applicant contends that the owner is a manufacturer of chain link fencing material, fire escapes and other miscellaneous iron work connected with the ornamental iron business; that a variance as to use, area and curb cuts is requested for a period of years for iron shop business, because the vicinity is predominantly business; that it would be an extreme hardship for the owner to lose his investment in this property and endeavor to reestablish his business in another location in the neighborhood, as there is no property available within a realistic value for this type of business; and

WHEREAS, the applicant states that the present owner has held title to the property since April 3, 1958 and that the assessed valuation of land is \$4,600; that the building was erected in 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 2798/58, Objection No. 1, dated October 2, 1958, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision; applicant to submit letter as to prospective tenant; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a retail use, C area, class 1¼ height district; Williamsbridge Road is in retail and residence use, C area, class 1¼ height districts; Rhineland Avenue is in retail and residence use, C and E-1 area, class 1¼ height districts; Neill Avenue is in a residence use, C and E-1 area, class 1¼ height district; Tomlinson Avenue is in a residence use, E-1 area, class 1¼ height district; that there has been no change in such zoning since July 25, 1916 except that the use classification of the property was changed from business to retail on December 14, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated October 27, 1958 acting on N.B. Applic. No. 872-58, reads:

"1. Proposed use of gasoline service station, lubritorium, car washing (non-automatic) minor repairs with hand tools only, office, sales & storage of auto accessories, & parking of cars waiting to be serviced in a retail use district is contrary to Art. II Sect. 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 100 feet in depth, presently vacant; that it is proposed to construct a modern gasoline service station, similar in design to the parkway type now approved by the Park Department for Westchester and Long Island parkways; that the building will be of colonial design with a peaked roof, constructed of face brick on all four sides and the roof will be covered with asphalt shingles; that the building will face only on Williamsbridge Road and will be well set back from the building line; that two islands of parkway type pumps will be installed, each containing three pumps; that each of such islands will be set back fifteen feet from the building line; that a five foot six inch high face brick wall will be provided along the entire northerly, westerly and southerly sides of the plot; that in addition, shrubbery and planting will be provided for a depth of five feet along the northerly and southerly interior sides of the brick wall, and for a depth of ten feet along the westerly interior side of the brick wall; that the entire site, where not occupied by the building or devoted to shrubbery, will be paved with bituminous pavement; and

WHEREAS, the applicant further states that the property located on the northwest corner of Williamsbridge Road and Neill Avenue is now occupied by a gasoline service station, and the property immediately to the north of that plot is occupied as a used car lot; that the property immediately to the north of the used car lot is occupied by another gas station; that there is a parking lot on the east side of Williamsbridge Road, 125 feet north of Neill Avenue, and a parking lot on the west side of Williamsbridge Road, 75 feet south of the plot in question; that the property abutting the site in question on the north and the property abutting it on the south are both vacant; and

WHEREAS the applicant contends that existing conditions indicate that the granting of this application would not adversely affect the area; that Williamsbridge Road is a principal traffic artery, carrying a heavy volume of through traffic which is constantly increasing and which will be subject to an even greater traffic load when the New

MINUTES

England Thruway is completed; that in addition, the site would not be suitable for the development of one or two family houses, or a multiple dwelling, because of the heavy traffic along Williamsbridge Road, nor would the property be suitable for stores as there now are adequate shopping facilities in more appropriate locations in the neighborhood; that in the light of the circumstances of the immediate area and the amount of traffic along Williamsbridge Road, the highest economic use of the proposed site would be as a gasoline service station, for which purpose it is ideally suited; and

WHEREAS, the applicant further contends that the entire structure will be erected in good taste and in conformity with the highest standards of dignity; that the proposed brick wall will completely obscure the station from the residential area to the west, and the landscaping along the interior side of such wall will beautify the view of the station from Williamsbridge Road; that the proposed use will provide an open and attractive area and will insure to the neighboring properties permanent light and air, which such structures might be deprived of by a large conforming structure; and

WHEREAS, the applicant states that the present owners have held title to the property since June 19, 1956 and that the assessed valuation of land is \$15,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, several gas stations exist in the adjacent blocks, three of which have recently been permitted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f, i and e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic, 872/58, Objection No. 1, dated October 27, 1958, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

645-58-BZ

APPLICANT—Leonard F. Rothkrug, for Yerna J. Kauffman, owner.

SUBJECT—Application November 12, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot, non-transient, for pleasure type cars only for daily use by officers and employees of the Kings Highway Savings Bank and for evening use by the officers of the Avenue R Temple for a term of five (5) years.

PREMISES AFFECTED—1717 East 16th Street, east side, 120 feet south of Quentin Road, Block 6799, Lot 85, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Yerna Kauffman.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Fox 1

Negative: Chairman Murdock, Commissioner Foley and

Commissioner Sleeper 3

Not Voting: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 25, 1959 after due notice by publication in the Bulletin; laid over to March 17, 1959, at the request of an objector, for hearing, then to April 14, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 27, 1958 acting on Alt. Applic. No. 3559-58, reads:

"1. Parking Lot, Motor Vehicles, (non-transient) (non-commercial) in a Residence use district is contrary to Article II, Section 3 of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth, presently vacant, formerly used for accessory parking in conjunction with a contiguous plot; that it is proposed to maintain the premises as a parking lot, non-transient, pleasure type vehicles only, for the daily use of the officers and employees of the Kings Highway Savings Bank and for the evening use by the officers of the Avenue R Temple; and

WHEREAS, the applicant states that these premises are located in one of the most heavily populated and densely developed areas in the Borough; that Kings Highway in this neighborhood is one of the busiest retail shopping areas in the Borough, and as a result there is urgent need for off street parking facilities; that there are no public off street parking facilities within the entire affected area and only about one dozen private one car garages to serve the several hundred families living in the area and the several thousand persons using the retail stores and subway station; that the premises consist of a small lot and it is not proposed to have public parking; that the parking will be limited to officers and senior employees of the Kings Highway Savings Bank located at 1602 Kings Highway; that it is not proposed to have an attendant on the premises, and it is not proposed to use the facility for general bank patron parking; that similarly, the Avenue R Temple at 1609 Avenue R is urgently in need of off street parking for its officers and for specially invited guests; that this application does not propose to provide for the general off street parking for members of the Temple, since the facility is too limited; and

WHEREAS, the applicant contends that the proposed accessory, non-transient parking is identical in nature to a conforming parking use in a residence district; that if the lot was directly adjoining the Avenue R Temple it would be a conforming use and no variance would be required; that a grant of the variance will not adversely affect adjoining property owners; that no large parking signs will mar the appearance of the lot and there will be no in-and-out movement of cars; that similarly, there will be no overnight parking, except as permitted by the Zoning Resolution in a residence zone for adjoining property owners; that there will be no daily parking fees and parking will be paid by agreement with the two aforementioned institutions; that there is an existing curb cut created by the previous owner for permitted parking accessory to another building under the same ownership, at 1714 East 17th Street; that it is not proposed to increase or change the existing curb cut; that the two lots are presently under separate ownership; and

WHEREAS, the applicant states that the present owner has held title to the property since June 26, 1958 and that the assessed valuation of land is \$4,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 3559-58, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

ert, Commissioner Sleeper and Commissioner Fox... 4

Negative 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; applicant to file, at his request, a revised plan showing relocated fence ten feet from rear lot line; hearing closed; then to April 14, 1959, for inspection and decision; applicant to file revised plans; hearing previously closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Willoughby Avenue are in a residence use, B area, class 1 height district; Adelphi Street and Clermont Avenue are in residence and retail use, B area, class 1 height districts; Myrtle Avenue is in a retail use, B area, class 1 height district; that there has been no change in the use district designation since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1958 acting on Alt. Applic. No. 3749-58, reads:

"1. Proposed parking lot (pleasure-type vehicles) (non-transient) in a residence use district is contrary to Art. II Section 3 of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 77 feet 5 inches frontage by 126 feet 3 inches in depth, irregular, presently vacant; that it is proposed to maintain the premises as a non-transient parking lot for pleasure type vehicles; and

WHEREAS, the applicant states that there is an urgent need for off street parking in this neighborhood; that the area is one of the oldest in the Borough and is densely developed with three story attached multiple dwellings, without off street parking facilities; that under the present Zoning Resolution, these multiple dwellings would be required to have off street parking; that the proposed non-transient parking lot for pleasure type vehicles only is in the nature of a conforming use; that there will be no attendant and no undesirable in-and-out parking; that individual marked spaces will be rented on a weekly or monthly basis, and each lessee will be furnished with a key to the locked gates; that a grant of the variance will not endanger any pedestrian traffic; that the parking lot is identical with the accessory garages to multiple dwellings; that the lot will be for non-transient residents of the community who are conscious of their community responsibility to pedestrians; that each car must stop before entering the lot to open the gates, so that the danger of cars crossing the curb at high speed is avoided; that alternate side parking restrictions presently in effect throughout the entire area has created a shortage of off street parking spaces; and

WHEREAS, the applicant contends that the premises cannot be economically developed with a conforming residence use; that the parking lot is proposed for a temporary term of years; that the neighborhood has changed from a high rental area to a low rental area, but, however, it is once again changing and improving; that the possible rental income would not yield a suitable return for the present high cost of construction; that it is the intention of the owner to develop the premises with a multiple dwelling in a few years, when rentals will be higher; and

WHEREAS, the applicant further contends that there is an existing public garage building opposite the site on block 2075, lot 5 which runs through the tax block from Clermont Avenue to Vanderbilt Avenue; that this garage has its entrance and exit on Vanderbilt Avenue, and although there are curb cuts from the garage on to Clermont Avenue, they

are rarely used; that this existing garage appears to be almost 100 percent occupied; that the Clinton Hill Development located on Vanderbilt Avenue and Willoughby Avenue, block 2076, lot 1, consists of 12 buildings varying in height 7, 12, 13 and 14 stories, with 1221 units, erected from 1943 through 1955; that the 13 story building at the northeast corner of Vanderbilt Avenue and Willoughby Avenue has no off street parking facilities, and similarly, several of the other buildings have no such facilities, since they were completed before the Zoning Law was amended to require such facilities; that as a result of this heavy increase in the density of population, the two public garages are unable to supply the demand for off street parking; and

WHEREAS, the applicant further contends that signs will be limited to one small sign advertising the rates charged, and the entire plot will be suitably surfaced and fenced; and

WHEREAS, the applicant states that the present owner has held title to the property since September 24, 1958 and that the assessed valuation of land is \$11,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the storage of motor vehicles, substantially as proposed and indicated on plans filed with this application, marked "Received November 25, 1958", 3 sheets and "April 10, 1959", 1 sheet, *on condition* that all buildings and uses now on the site shall be removed and the premises leveled substantially to the grade of Clermont Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines woven wire fences of the chain link type on masonry bases to a total height of not less than 5 feet six inches, except where masonry walls of adjoining building occur, and except that in lieu of the woven wire fence herein required there may be a solid wood fence on the rear lot line as shown on revised plan marked "Received April 10, 1959", in front of which shall be a planted area 10 feet in width, protected with wood bumpers as shown and planted with suitable material at all times; that along the building line such fence shall be continuous except for an entrance, equipped with a gate, such entrance not to exceed 12 feet in width and with curb cut opposite of similar width; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon; that signs shall be restricted to a permanent sign attached to the fence near the entrance, advertising the storage use and with such information as the Commissioner of Licenses may require; that parking spaces shall be allotted to customers who shall each be furnished with a key to the gate so that the gate shall remain closed when the cars are not passing in and out; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all cars shall be of the pleasure car type; and that all permits, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Flatlands Avenue are in business and residence use, D area, class 1 height districts; Kings Highway is in business and residence use, C area, Class 1 height districts; Flatbush Avenue is in a business use, C and D area, class 1 height district; Ryder Street is in a residence use, C and D area, class 1 height district; that on July 25, 1916 Flatlands Avenue was zoned business and was rezoned to residence on August 25, 1955 and there are no changes pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated December 3, 1958 acting on Alt. Applic. No. 4009-58, reads:

"1. Proposed parking of motor vehicles on vacant portion of lot incidental to business (Undertakers est. on 1997-99 Flatbush Ave.) partly in business use and partly in residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 200 feet $11\frac{3}{8}$ inches in depth, irregular in area, on which are erected two dwellings and a garage, proposed to be demolished; that it is proposed to maintain the premises as a parking lot in conjunction with the McManus Funeral Chapels at 1997-99 Flatbush Avenue on Block 7840, Lots 10 and 12; and

WHEREAS, the applicant states that there is an urgent need for off street parking facilities in this neighborhood; that Flatbush Avenue is a main shopping center for Brooklyn and hundreds of automobiles are attracted to this area; that there are two large theatre buildings within the tax block—block 7817, lots 6 and 45—which also attract considerable traffic; that the private dwellings on Ryder Street and East 38th Street were erected before the Zoning Resolution required such dwellings to have off street parking, so that these residents use the streets for parking; that there is an absence of adequate off street parking facilities; that until two years ago the corner of the tax block—7861—was vacant and used for parking without permission of the owner; that since that time the Church has erected its school and auditorium building and no parking is permitted except in conjunction with Church uses; that the bank at the corner of Kings Highway and Flatbush Avenue—block 7817, lot 37—has limited parking for its officers; that the only real parking facility is on block 7821, lots 21, 23 and 122 granted by the Board, but this lot is inadequate to serve the large number of cars in the area; other than as stated there are no off street parking facilities within the affected area or within the neighborhood in general, and there is bumper to bumper parking on the streets at most times; that the proposed parking facility is to be used by visitors and employees of the McManus Funeral Chapels at 1997-99 Flatbush Avenue, block 7840, lots 10 and 12; and

WHEREAS, the applicant further states that John J. Mc-

Manus, Inc., has been in business at this location for many years and has an established reputation for conducting an efficient and respected business; that the subject premises was purchased for the express purpose of providing off street parking for visitors to the Chapels; that off street parking is a necessary and integral part of the efficient operation of the business; that the subject premises was the nearest available property, and there is no vacant or available property within the entire 500 foot radius which is suitably zoned for this necessary use; and

WHEREAS, the applicant contends that the off street parking is a permitted use in the business use district portion of the premises; that until August 25, 1955 almost the entire portion of the premises was zoned business and the parking lot could have been established without any requirement for a variance; that every residence building in the affected area was erected prior to 1955 when the site and Flatlands Avenue was zoned business and the parking lot could have been established without a variance; that the unusual outline of the tax block created an unusual zoning pattern whereby the business zone line runs through the center line of the tax block; that the unusual, irregular dimensions of the site results in the unique division of business and residence zone; that the side lot line of the site is contiguous with the theatre building lot line; that the rear portion of the lot runs on an angle and backs against the rear private garage buildings on the adjoining lots; that a grant of the variance will not adversely affect surrounding property owners; that opposite the site are the non-residential parochial school and church buildings; that to the northeast, the zoning and development is business; that adjoining lot 12 is owned by members of the same family from whom the site was purchased, and the adjoining owner was aware of the proposed use of the premises; that the only structure proposed to be erected is a typical 10 foot by 10 foot frame attendant's shelter; that the parking is proposed to be limited to accessory parking for the funeral chapels; that this parking will involve a minimum amount of transience and will be used principally in the early evening hours when visitors to the chapels is heaviest; that these hours are after school hours at the parochial school; and there will be a minimum of interference with pedestrian traffic; that demolition of the buildings on the site will permit an unobstructed view of the street to automobile drivers leaving the lot; and

WHEREAS, the applicant states that the present owner has held title to the property since September 15, 1958; that the assessed valuation of land is \$8,000 and of the buildings, \$4,000 making a total of \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the plot to be occupied for the parking and storage of motor vehicles specifically for the use of the employees and patrons of the McManus Funeral Chapel at 1997-1999 Flatbush Avenue, *on condition* that all buildings and uses now on the premises shall be removed and the plot shall be leveled substantially to the grade of Flatlands Avenue, surfaced with steam cinders or clean gravel, treated with a binder and properly rolled; that there shall be erected on all lot lines, including the street lot line of Flatlands Avenue a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet 6 inches; that on the street line there shall be installed in the fence a pair of gates with curb cut opposite not exceeding 12 feet in width, which gates shall be kept closed when the lot is not in operation; that during the term of this variance the premises shall be occupied for no other use, except there may be a building erected near

MINUTES

the entrance, not over 100 square feet in area or one story in height, for use solely as an office and shelter for the attendant; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a permanent sign attached to the fence near the entrance, advertising the private use and such other information as the Commissioner of Licenses shall require; that such sign shall not be illuminated, extend beyond the building line or exceed five square feet in area; that the sidewalk and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that the hedges and trees now on the premises shall be preserved and protected against injury; that during the term of this variance the premises shall have no use other than herein permitted; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

753-58-BZ

APPLICANT—Robert Gottlieb for Sta-Jax Realty Corp., owner.

SUBJECT—Application December 23, 1958—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business and unrestricted use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, non automatic, motor vehicles repairs, hand tools only, parking and storage of more than five (5) motor vehicles, and used car sales lot for a stated term of fifteen (15) years.

PREMISES AFFECTED—1720 Boone Avenue and 1020 East 174th Street, southeast corner, Block 3015, Lot 19, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 174th Street and Boone Avenue are in business and unrestricted use, B area, class 1½ height districts; West Farms Road is in an unrestricted use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1958 acting on N.B. Applic. No. 1173-58, reads:

"1. On a premises located partly in a business district and partly in an unrestricted district the proposed 'gasoline serv. station, office, lubritorium, car washing, accessory sales, motor vehicle repairs (Hand tools only), used car sales and parking and storage of more than 5 motor vehicles is contrary to Sect. 4, Art. II of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 feet frontage by 119 feet in depth, presently vacant, except for an old and dilapidated metal shack which is to be demolished; that it is proposed to erect a masonry, class 3 modern gas station and parking lot with lubritorium, non-automatic car wash, motor vehicle repair shop using hand tools only, parking and storage for more than five motor vehicles, and used car sales—approximately 8 cars; and

WHEREAS, the applicant states that the erection of this station would not be detrimental to the neighborhood as most of it is now unrestricted and filled with factories; that

there is hardly any pedestrian traffic on either street and no school crossings for some distance away; that the size of the plot allows for parking of quite a few cars, a situation which will help alleviate the parking needs in this area, both for the factory help and apartment house car owners; and

WHEREAS, the applicant contends that there is need in this area for a gas station and lubritorium to service all the trucks and cars used by the many factories on Boone Avenue and the apartment houses on Longfellow Avenue, one block to the west; that there are no gas service stations for many blocks to the east, and none to the west; and

WHEREAS, the applicant states that the present owner has held title to the property since October 1946 and June 1947; that the assessed valuation of land is \$16,200 and of the building \$300 making a total of \$16,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application, marked "Received December 23, 1958", 4 sheets, *on condition* that the station shall be constructed and finished as indicated thereon with the easterly portion of the plot supported by steel columns, as shown, with a floor slab; that the accessory building shall have no cellar and shall be of the design and location indicated and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the building shall be faced with face brick on all sides; that there shall be erected on the interior lot lines a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that curbing on which fence is erected surrounding floor arch construction shall be not less than 12 inches in height; that such curbing and fence shall be of sufficient construction at all points to prevent cars running off the area; and that pumps shall be of a low approved type erected no nearer than 20 feet to the street building line of Boone Avenue as shown and not nearer than 15 feet to East 174th Street; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that the number of curb cuts shall not exceed two, each 30 feet in width, to Boone Avenue, located where shown and one of similar width to East 174th Street; that there shall be erected at the intersection a block of concrete 12 inches in height, extending for five feet along each building line; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic paving; that signs shall be restricted to signs on the front facade of the accessory building, excluding all roof signs, temporary signs and advertising devices, but permitting the erection within the intersection of East 174th Street and Boone Avenue or at the point where shown, approximately 60 feet from the corner, one post standard in the location chosen for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line of East 174th Street not more than 4 feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; and under Section 7e for a similar term there may be parking and storage of motor vehicles and used car sales; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Voorhees, Walker, Smith and Haines for The Trustees of Columbia University in the City of New York, owners.

SUBJECT—Application January 27, 1959—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a class 1½ height district, the erection of a thirteen (13) story building exceeding the permitted height.

PREMISES AFFECTED—500-520 West 120th Street and 1200-1218 Amsterdam Avenue, southwest corner, Block 1973, part of Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph B. Klein, Robert S. Lundberg and W. J. Whiteside.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; that there has been a change in use district designation from residence and business to residence on March 22, 1956, but no change in the height or area district designations affecting these premises since July 25, 1916, and there is no petition pending before the City Planning Commission for any change in these designations; and

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1959 acting on N.B. Applic. No. 158-58, reads:

"1. Height of wall on W. 120 St. (westerly portion) exceeds allowable. Art. III, PP. 8(f) Zoning resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 775 feet frontage by 947 feet 4 inches in depth; that it is proposed to construct a thirteen story structure for an Engineering Center, as part of Columbia University, to exceed the permissive class 1½ height limit on only a minor portion of the West 120th Street frontage; that however, the Board's attention is called to the fact that the permissive bulk at the street wall to the first setback has not been taken advantage of, and as a result, the bulk of the building is considerably less than permitted; and

WHEREAS the applicant contends that the structure will be treated architecturally in conformity with the pattern set by the other University buildings which have given charm to Morningside Heights and have made it one of the parts of New York which have attracted interest and commendation and have made it one of the great educational centers of the country; that a strict interpretation of the Zoning Resolution would result in a practical difficulty and that the granting of the variation hereby applied for would be in harmony with the general purposes and intent of the Zoning Resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since October 1, 1894; that the assessed valuation of land is \$7,150,000 and of the building \$7,950,000 making a total of \$15,100,000; and

WHEREAS, the Board deemed that the application should be granted as to height to rationalize the architectural design as to a minor portion of the building along W. 120th Street; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulties.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the extension in height, as proposed and indicated on plans filed with this application, marked "Received January 27, 1959", 8 sheets and "March 9, 1959", 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 17, 1958 on Alt. Applic. 1925/55, reads:

"Proposed fire escape as second means of egress from 9 story factory not acceptable. Sec. 271 LL."

and

WHEREAS, the applicant states that the building is 9 stories, 103 feet high, 25 feet by 89 feet 10 inches in area, fireproof construction, located in a business use, B area, class 1½ height district, used since 1912 as follows: cellar—boiler room and storage, no persons; 1st floor—store, 4 persons; 2nd floor—office, showroom and factory (novelties) 16 persons; 3rd floor—office, showroom and factory (drugs) 17 persons; 4th floor—office, showroom and factory (drugs) 20 persons; 5th floor—office, showroom and factory (millinery) 18 persons; 6th floor—office, showroom and factory (candy) 14 persons; 7th floor—office, showroom and factory (candy) 22 persons; 8th floor—office, showroom and factory (glass) 16 persons; 9th floor—office, showroom and factory (millinery) 16 persons; that the building is equipped with a standpipe and interior fire alarm system; that the exits consist of one enclosed interior 3 foot 4 inch wide fireproof stair, acceptable to the Building Department; that the second means of egress is through rear Labor Law type fire escape with steps to fireproof doors and sills at every floor; that it is proposed to create a new termination to this rear fire escape by constructing a new fire passageway in the cellar with stairs to East 3rd Street; that there is only one tenant on each floor; and

MINUTES

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the application was restored to the calendar, having been previously dismissed on November 26, 1957 for lack of prosecution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1925-55, dated December 17, 1958 and that the appeal be and it hereby is *granted*, to permit the proposed fire escape as a second means of egress as passed on by the Borough Superintendent under Alt. App. 1925-55, and to grant a variance of the Labor Law as proposed and as shown on plans filed with this appeal marked "Received May 17, 1957", 3 sheets, and "February 2, 1959", 4 sheets, *on condition* that such fire escape shall comply with all laws, rules and regulations applicable thereto and shall be kept in good condition; that the termination for such fire escape, shall be as proposed and as shown, by means of fireproof passageway through the cellar exiting to the yard by steel stairs, as shown on such plans; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and with all exit arrangements as proposed.

51-59-A

APPLICANT—George Cooley of John Graham and Company for Federated Department Stores, Incorporated; Abraham and Straus, lessee.

SUBJECT—Application January 29, 1959—Appeal from a decision of the Borough Superintendent re Construction—parking garage.

PREMISES AFFECTED—1-31 Hoyt Street, 203-227 Livingston Street, northeast corner, 10-28 Elm Place northwest corner of Livingston Street, Block 157, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: George H. Cooley and Arthur Hinden.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Sleeper and Commissioner Fox... 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1959 on N.B. Applic. 600/58, reads:

"18. This structure was approved as an open type parking garage under the provisions of 4.2.4.1. The retail sales area was considered exterior to the structure under the provisions of 10.1.2.1. by providing a four hour separation between the sales area and the garage. The proposed opening in the 4 hour division wall is contrary to 4.2.4.1 of the Admin. Code."

and

WHEREAS, the applicant states that the proposed building is under construction, 4 levels, 44.5 feet high, 277.74 feet by 225 feet in area, class 1 construction, located in restricted retail and business use, B area, class 2 height district, to be used and occupied as follows: Cellar—storage, 60 persons; 1st floor—retail stores, 1000 persons; 2nd, 3rd and 4th floors—parking, 60 persons each floor; and

WHEREAS, the applicant states that the proposed structure of Class I, fireproof construction, will be a 4 level "open ramp type" parking garage for 600 cars with a retail sales area within the grade story of the structure, but considered exterior of the structure by reason of being separated from the garage area by walls and floors having a fire resistive rating of four hours; that the new garage and retail sales area, the existing department store on the west side of Hoyt Street, opposite the garage, and the existing office building just north of the garage are all owned and managed by the same owner; that a bridge across Hoyt Street connecting with a covered passageway at the roof level of the garage, connects all 3 structures; that it is proposed

by the owner to provide 16 feet wide by 7 feet 6 inches high opening in the 4 hour fire wall between the garage elevator lobby at the street floor level; and the retail sales area; that this opening is NOT a required exit, but is proposed;

1. that the use and convenience of the garage patrons;
2. that the use of the employees of the retail sales area for access to the elevators leading to the bridge and office building, thus permitting a more efficient operation of the store and garage facilities;
3. that the owner will provide an automatic, self-closing fire shutter with an approved three hour protective assembly for the opening;
4. that the entire garage elevator lobby area and the retail sales area to which it is proposed to connect will be completely sprinklered;
5. that the immediate vicinity on the retail sales area side of the opening will be provided with a water curtain of automatic sprinkler heads 4 foot on center;
6. that the fire shutter will only be open during store hours and kept closed and locked at all other times.

Resolved, that the decision of the Borough Superintendent, acting on NB App. 600-58, dated January 22, 1959, Objection No. 18 be and hereby *modified* and that the appeal be and it hereby is *granted* to permit, a framed opening into the appliance store from the elevator lobby, as proposed and as shown on plans filed with this application marked "Received January 29, 1959", 5 sheets and "February 26, 1959", 2 sheets, *on condition* that such opening shall be protected by a three-hour overhead approved type fire shutter and, in addition, a sprinkler curtain on the store side; that the sprinkler curtain and baffle as shown on plans marked "Receiver January 29, 1959" shall have sprinkler heads not farther apart than four feet on centers; that the balance of the store shall have an approved sprinkler system, as proposed; that such fire shutter shall be kept open by a fusible link only during store hours and shall be kept closed and locked at all other times; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

The minutes of the meeting of the Board of Standards and Appeals held on March 10, 1959, as they appeared in Bulletin No. 11, Vol. 44, hereby corrected to read as follows:

606-58-BZ

APPLICANT—Randolph M. Smith, for Anthony and Ernest Caputo, owners.

SUBJECT—Application October 23, 1958—decision of the

Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of motor vehicles on a monthly and transient basis.

PREMISES AFFECTED—370-372 Lefferts Avenue, south side, 416 feet, 2¾ inches east of Nostrand Avenue, Block 1330, Lots 21 and 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: Randolph M. Smith.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1958 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1¼ height district; Lefferts Avenue and Lincoln Road are in residence, local retail and retail use, C area, class 1¼ height districts; New York Avenue is in a retail use, C area, class 1¼ height district; Nostrand Avenue is in a local retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 17, 1958 acting on Alt. Applic. No. 2778-58, reads:

"1. Parking of motor vehicles in a Residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth; that it is proposed to use this site for parking for up to twenty cars; that this area is a very congested one, with no available space for short time parking; that the avenues are so crowded that double parking has occurred numerous times; that the surrounding large apartment houses have preempted much of the streets for tenant parking; and

WHEREAS, the applicant further states that if one man moves his car, he cannot find a place to park when he returns, and accordingly some of the tenants have asked the owners to rent them space on this site on a monthly basis, so that they will not be forced to find parking space on a haphazard basis; that there is a legal parking lot next door to the owner's house, but that lot is always full; that Lefferts Avenue has no space for parking as can be seen from photographs submitted with this application; and

WHEREAS, the applicant contends that the owners live next door and they do not wish to put up a temporary shed as one of them will always be available to attend to the parking lot; that they will protect the adjoining property with suitable bumpers and fence in the property where no buildings exist; that the grade will be levelled off and rolled and compacted with steam cinders and a suitable binder; that in front, a woven wire fence 5 feet high exists, with a 14 foot gate; that a 6 foot curb cut with a 1½ foot splay each way will be constructed; and

WHEREAS, the applicant states that a Fire Department violation exists, and has been filed with this application; and

WHEREAS, the applicant states that the present owners have held title to the property since October 1, 1957 and that the assessed valuation of land is \$4,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h

MINUTES

for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles limited to motor vehicles of the pleasure-car type substantially as proposed and indicated on plans filed with this application marked, "Received October 23, 1958," 1 sheet, "January 22, 1959," 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of Lefferts Avenue and shall be surfaced with clean gravel, treated with a binder and property rolled; that on the interior lot lines there shall be erected a woven wire fence, where the masonry walls of adjoining buildings do not occur, to a total height of not less than 5 feet, 6 inches; that a similar fence shall be erected on the rear lot line and a similar fence shall be erected on the front lot line with no entrance therein, except a gate not over 10 feet in width with a curb cut opposite of similar width; that during the time that this parking lot is not in operation the gates shall be kept closed; that suitable bumpers shall be maintained along the fence for protection; that suitable firefighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to one sign attached to the fence near the entrance, advertising the parking and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet, shall not be illuminated and shall not extend beyond the building line; that during the term of this variance the premises shall be occupied for no other use and no building erected thereon; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

* Correction—In the resolution in reference to the parking and storage of motor vehicles, any reference to a specified number is deleted.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on March 10, 1959, as they appeared in Bulletin No. 11, Vol. 44, hereby corrected to read as follows:

572-58-BZ

APPLICANT—Ingram S. Carner, for Sutbros Realty Corporation, owner; Shell Oil Company, lessee.

SUBJECT—Application October 3, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, office, sale of auto accessories, car washing—non automatic, minor automobile repairs with hand tools only, lubritorium, storage and parking and storage of more than five (5) motor vehicles waiting to be serviced for a stated term of fifteen (15) years.

PREMISES AFFECTED—2472-2484 Knapp Street and 3111-3121 Avenue Y, northwest corner, Block 7429, part of Lot 16, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to March 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Knapp Street are in a retail use, D area class 1 height district; Avenue X and Avenue Y are in retail and residence use, D area, class 1 height districts; Brigham Street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 18, 1958 acting on amendment to N.B. Applic. No. 799-58, reads:

"1. Proposed gasoline service station, lubritorium, car washing (non-automatic), auto repairs with hand tools only, office, storage, sale of accessories, parking of more than (5) five motor vehicles awaiting service located within a retail district in contrary to Art. 2 Sect. 4-A of Zone Resolution.

2. Proposed show windows, curb cuts and signs within 75 feet of a residential zone is contrary to Art. 2 Section 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect a modern gasoline service station, office, sales of auto accessories, non-automatic car wash, minor automobile repairs with hand tools only, lubritorium, storage and parking, and storage of more than five motor vehicles awaiting service; and

WHEREAS, the applicant states that there is an economic demand for development of the subject premises as proposed, as the property is located along Knapp Street which is a wide and heavily trafficked automobile thoroughfare; that the premises could be developed substantially as proposed so as to yield a fair return on the owner's investment, and a major oil company has entered into a purchase and/or lease agreement of the premises, conditions on its development as proposed; that the proposed use would not alter the essential character of the neighborhood as the premises is situated in a retail use district and is across the street from an unrestricted use district; that a grant of the proposed application would not affect values of nearby properties; that the subject premises is zoned for retail use, and a variance, subject to the numerous conditions and safeguards customarily imposed by the Board will safeguard adjoining properties to a far greater extent than if the property were to be developed with a conforming use; that the proposed building, being set back more than 65 feet from the Knapp Street building line will insure greater traffic safety by giving clear visibility to traffic at the intersection, whereas a conforming use structure could theoretically be built flush to the building lines at the corner, partially obscuring the intersection and thereby endangering traffic; that the proposed gas station would not create any additional traffic but would be supported by the heavy automobile traffic which now exists; that the proposed uses of the premises would provide more light and ventilation to adjoining properties than if the premises were to be developed with a conforming use; that the building is limited to one story, 14 feet in height and approximately 1600 square feet in area; that a conforming use structure could theoretically be erected to occupy an area of approximately 7300 square feet or 60% of the area of the lot; that a conforming use structure could theoretically be erected to a height of 87 feet 6 inches along the Knapp Street building line, whereas the proposed structure is limited to only one story, 14 feet in height; and

WHEREAS, the applicant contends that a grant of this application would do substantial justice in that it would permit the property to be developed for the only beneficial manner for which there exists an economic demand, without adversely affecting anyone and without altering the essential character of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since June 27, 1952 and that the assessed valuation of land is \$3,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i, and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the appli-

MINUTES

cation be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and lawful accessory uses thereto, substantially as proposed and indicated on plans filed with this application marked, "Received October 3, 1958," 6 sheets, *on condition* that all uses now on the premises shall be removed and the premises shall be arranged as indicated on such plans; that along the lot line to the east there shall be erected a masonry wall not less than 5 feet, 6 inches in height with suitable terminating posts; that along the northerly lot line there shall be erected and maintained a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet 6 inches and with suitable terminating post at the building line; that the accessory building shall be in the location and of the design and arrangement as shown, and that area of the accessory building for the full length from rear to Avenue Y shall be maintained as a planting area with suitable planting material and properly protected by curbing of the width as shown; that the accessory building shall be of the design and arrangement as proposed, without cellar; that the doors to exterior toilet rooms shall be rearranged so that the doors thereto shall not be contiguous; that such building shall be faced with face brick on all sides; that signs shall be restricted to permanent signs attached to the front facade of the accessory building, excluding the pylon shown and all roof signs, but permitting the illuminated globes of the pumps and the erection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale, and extending beyond the building line at right angles to Knapp Street for a distance of not over 4 feet; that no other signs shall be erected on the premises than that as herein permitted and no rotary signs shall be allowed; that there shall be no advertising devices displayed on the premises; that curb cuts shall be restricted to two curb cuts to Avenue Y, each 30 feet in width, as shown, and *two* of similar width to Knapp Street with no portion of the curb cuts nearer than 5 feet; that within the intersection there shall be a block of concrete extending for a distance of 5 feet along either building line from the intersection and not less than 12 inches in height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that there may be parking of cars waiting to be serviced; that under Section 7i there shall be for a similar term minor motor vehicle repairs for adjustments with hand tools only maintained solely within the accessory building; that under Section 7A and curb cuts or signs found contrary to such section may be permitted provided the requirements of this resolution are complied with; that during the term of this variance the premises shall be occupied for no other uses than the use herein permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution in relation to the proposed curb cuts on Knapp Street, the number is increased from 'one' to '*two*' as indicated in italics.

The minutes of the meeting of the Board of Standards and Appeals held on March 31, 1959, as they appeared in Bulletin No. 14, Vol. 44, hereby corrected to read as follows:

112-56-A

APPLICANT—Grand Central Apartments Inc., owner.
SUBJECT—Application February 7, 1956—Appeal from orders of the Fire Commissioner re Certificate of Fitness.
PREMISES AFFECTED—252-09 to 252-17 72nd Avenue; 251-27 to 251-45 71st Avenue; 251-35 to 251-61 71st Road; 251-05 to 251-53 71st Road and 71-02 Little Neck Parkway; Block 8401, Lots 350 and 675, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: Morton Berger, Ribelle Perotto and George Fuchs.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated January 12, 1956 on Violation Order Numbers 80256, 80257, 80258, 80259, 80260, reads;

"C 12—Have person supervising fuel oil burning apparatus obtain Certificate of Fitness."

and

WHEREAS, the decision of the Fire Commissioner, dated February 10, 1955 on Order Numbers 33263 and 33264, reads:

"C 12—Have person supervising fuel oil burning apparatus obtain Certificate of Fitness."

and

WHEREAS, the decision of the Fire Commissioner, dated January 20, 1959 on Violation Order No. 195077, reads:

"A 12—Have person having direct supervision of fuel oil burning apparatus apply for and secure a Certificate of Fitness. Examinations are held at the Div. of Fire Prevention from 9 A.M. to 3 P.M. Monday through Friday. Applicant must bring a letter of recommendation containing specification statements as to character and habits, and evidence of past employment. Such letter, if not on a business letterhead must be notarized. Rule 15.2"

and

WHEREAS, the applicant states that the premises consist of a large plot located in a residence use, F area, class 1 height district, upon which there exists a group of masonry type 2 story, class 4 dwellings, containing a total of 400 apartments; and

WHEREAS, the applicant states that there are 8 boiler rooms with one boiler in each burning #6 Oil and equipped with Enterprise Burner, size "E", approved by the Board, under Calendar Number 1149-27-A and Paracoil Preheater #6D42-5 approved under Calendar Number 1097-48-SA; and

WHEREAS, the applicant states that he has filed a statement by a licensed professional engineer stating that he has examined the boiler rooms in question; that in his opinion the installations comply with the requirements of the law; and

WHEREAS, the applicant further states that it is proposed to replace all preheaters with a non-contaminating double shell preheater approved by the Board; that there are 4 persons employed who have Certificates of Fitness; that 3 of these employees can inspect each boiler every 2 hours; that 3 of the 4 men assigned to such duty, reside on the premises; that the inspection will be in accordance with the schedule attached to this application; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the *Fire Commissioner*, dated January 20, 1959, acting on Violation Order No. A195077 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to take care of the servicing as proposed and as shown in accordance with the schedule *filed with this appeal marked "Received February 6, 1959"; one sheet.*

* Correction—In the resolution the words "decision of the Borough Superintendent" changed to the "decision of the *Fire Commissioner*," as indicated in italics and the inclusion of the Boiler Room Inspection Schedule.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PETITION AND CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS

On April 21, 1959, Copy of Petition and Order of Certiorari was served on the Board by Mortimer Todel, attorney for petitioner, Jewish Community Center of Hunts Point, objecting owner, seeking a review of the Board's determination on March 10, 1959, granting a variance under Section 7h, for a period of two years, to permit in a business and residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles to extend into the residence portion of the premises; Cal. No. 117-58-BZ; 63rd Street, Block 2723, Lot 36, Borough of The Bronx.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

ert, Commissioner Foley, Commissioner Sleeper and

Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 22, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business, residence and local retail use, C area, class 1 height districts; Neptune Avenue is in a business use, C area, class 1 height district; West 17th Street is in business and local retail use, C area, class 1 height districts; West 19th Street is in business and residence use, C area, class 1 height districts; that as of July 25, 1916 the entire block was in a business use district and that part of the block within 100 feet of Neptune Avenue was in a class 1 height district; that on September 25, 1931 that part of the block beyond 100 feet of Neptune Avenue and that part of the block beyond 100 feet of Mermaid Avenue running from the center line of the block to the building line of West 19th Street, was changed to a residence use district; that the present local retail use designation for that part of the site beyond 100 feet of Neptune Avenue became effective June 22, 1953; that the present class 1 height designation for that part of the premises within 100 feet of Neptune Avenue became effective April 12, 1952; and

WHEREAS, the decision of the Borough Superintendent, dated June 19, 1958 acting on N.B. Applic. No. 37-58, reads:

"1. Proposed building and premises, partly in a Business and partly in a Residence Zone and partly in a Local Retail Zone, to be used for Gasoline service station, lubritorium, minor auto repairs, car washing, store, utility room, parking and storage of motor vehicles, is contrary to Art. II, PP. 3 & PP. 4-C and Art. II, PP. 4(a), subsections 29 & 46 of the Zoning Resolution.

Note: premises were subject of the Board of Standards and Appeals variance under Cal. #1283-18-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 127 feet 7¼ inches frontage by 105 feet in depth, presently developed with a one story building of class 3 construction, having a frontage of 71 feet 6 inches, a depth of 105 feet, irregular in shape and now occupied as a public garage, repair shop, office, auto laundry and brake repairs; that the open area is now being used as a gasoline service station with six 550 gallon gasoline tanks, 3 dispensing pumps and two open grease pits; that it is proposed to demolish the present structure and enlarge the existing legal gasoline service station by adding ten new approved 550 gallon gasoline tanks and keeping four present tanks, making a total of fourteen 550 gallon gasoline tanks; that it is also proposed to erect a new accessory building, one story in height, of class 3 construction, having a frontage of 60 feet 4 inches, a depth of 29 feet 8 inches and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, utility room and store; that the open area, not used by the gas service station, is proposed for parking and storage of motor vehicles; and

WHEREAS, the applicant states that Department of Buildings records indicate that under N.B. Applic. No. 338 of 1918 and Cal. No. 1283-18-BZ, permission was granted to erect a public garage, store and office, for which Certificate of Occupancy No. 4321 was issued; that the building was later altered under Alt. Applic. No. 3885-28 and the use changed to public garage for more than five cars, repair

MINUTES

shop, two stores, boiler room, gasoline station and office for station; that Certificate of Occupancy No. 51697 was issued for said use as permitted under Alt. Applic. No. 3885-28; and

WHEREAS, the applicant contends that the existing gas station has been in continuous operation since 1928, which proves conclusively that this station is rendering a required service to this area; that demolishing the existing building and reconstructing a new building of modern design will lead the way to any future development in this area; that the gasoline dispensing pumps are proposed to be set 15 feet in back of the street building line, will protect pedestrian travel and keep cars being serviced off the sidewalks; that the curb cuts as proposed, two 30 foot cuts on West 17th Street and three 30 foot cuts on Neptune Avenue are located so as to provide an orderly flow of traffic in and out of the gas station; and

WHEREAS, the applicant states that the present owner has held title to the property since October 14, 1941; that the assessed valuation of land is \$30,000 and of the building \$12,000 making a total of \$42,000; that the building was erected in 1919; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit the legally existing gasoline service station to be extended and reconstructed substantially as proposed and as indicated on plans filed with this application marked, "Received February 19, 1959," 5 sheets and "February 20, 1959," 1 sheet, on condition that all buildings and uses not proposed to be retained shall be removed and the gasoline selling station shall be reconstructed and extended substantially as shown on plans above cited; that the existing building may be surfaced with Seaporcel, and shall have no cellar and shall be arranged as indicated, and in all other respects shall comply with all laws, rules and regulations applicable thereto; that pumps shall be of the low approved type not nearer than 15 feet to either street building line; that the number of gasoline storage tanks shall not exceed a total of twelve such tanks and that any tanks now in existence and proposed to be continued shall be tested by the Fire Commissioner as to structural condition and shall be replaced with new tanks if not satisfactory; that along the lot line to the south there shall be erected a masonry base not less than 6 inches in height with a woven wire fence erected thereon to a total height of not less than 5 feet, 6 inches, and with suitable terminating post at the building line of West 17th Street, and with such fence return on the lot line to the wall of the building on the adjoining lot; that curb cuts shall be restricted to curb cuts as proposed on Neptune Avenue and West 17th Street; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliance shall be maintained as the Fire Commissioner shall direct; that under Section 7i, there may be minor repairs with hand tools only maintained solely within the accessory building located in the business use district extending into a local retail and residential use district to the extent of approximately five feet along the southerly lot line; that under Section 7c, there may be parking and storage of motor vehicles; that the public garage, repair shop and brake repairs formerly permitted shall be discontinued with the proposed removal of garage and shall not be reinstated; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

486-25-BZ—Vol. II

APPLICANT—Herman Kron, for Washgert Garage Corp., owner.

SUBJECT—Application reopened January 19, 1954 as Vol. II—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district the use of roof for more than five motor vehicles, in building used as a garage for more than five motor vehicles.

PREMISES AFFECTED—113-117 Chrystie Street, west side, 100 feet north of Grand Street, Block 423, Lots 22, 23 and 24, Borough of Manhattan.

For Applicant: Herman Kron.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 19, 1954 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on October 23, 1956 after due notice by publication in the Bulletin; then to November 20, 1956, then to December 11, 1956, then laid over; date to be set after applicant has filed floor load computations with the Department of Buildings and obtained approval and filed same with the Board; and for further consideration and decision; hearing previously closed; the premises were inspected by a committee of the Board; then put on a dismissal list on February 10, 1959; then taken off dismissal list and referred to examiner for setting date of hearing; then set for April 14, 1959; then to April 21, 1959 for applicant to report to Board as to roof load; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, B area, class 2 height district; Chrystie street is in business and residence use, B area, class 2 height districts; Grand street is in business, residence and unrestricted use, B area, class 2 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 21, 1953 as amended by decision dated December 16, 1958 acting on Alt. Applic. 1532-53, reads:

"1. Proposal to use roof of bldg. as a garage for more than 5 motor vehicles in a business use district is contrary to Sec. 4 Art. II Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet 2 inches in depth, on which is located a building covering entire lot on 1st floor, 89.9 feet in depth on 2nd, 3rd and 4th floors, four stories, 89.9 feet in height, of class 1 construction, used as a garage, for which Certificate of Occupancy No. 11697-26 has been filed; that it is proposed to use the roof for the storage of motor vehicles; and

WHEREAS, the applicant contends that the resolution limited the use to four floors when the original architect filed the construction plans, which showed that the elevator was to extend to roof level; that such plans were approved and roof was used for parking since the day of completion; that on July 1, 1953 the Building Department issued a violation that roof parking is contrary to Certificate of Occupancy No. 11697 which was issued November 11, 1926; that being the elevator leads to the roof and was so approved by the Building Department, the owner was of the impression that roof parking was permitted, but the Building Department stated that the Board has to amend the original resolution and specify parking on the roof; and

WHEREAS, the applicant states that the present owner has held title to the property since January 7, 1925; that the assessed valuation of land is \$120,000 and of the building \$20,000 making a total of \$140,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were in-

MINUTES

spected by a committee of the Board and the Committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application and be it hereby is *granted* under Section 7c to permit the use of the existing garage as permitted by the Board under Vol. I to be also occupied for parking and storage of motor vehicles of the pleasure car type only, on the roof, substantially as proposed and as indicated on plans filed with this application marked "Received January 5, 1954," 3 sheets "June 21, 1956," one sheet and "November 19, 1956," one sheet, *on condition* that the roof loading shall be as approved by the Borough Superintendent for not less than 40 pounds per superficial foot; that the parapet shall be reconstructed with reinforcing to a height not less than five feet above the mean level of the roof; that the means of exit shall be as proposed and as shown on such plans; that the elevator shall be reconstructed as may be necessary to permit entrance at the roof level; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

492-27-BZ—Vol. II and Vol. III

APPLICANT—Ingram S. Carner, for Halward Realty Corporation, owner.

SUBJECT—Application reopened March 17, 1959 for consideration as to extension of time to complete and amendment of resolution—decision of the Borough Superintendent, previously granted on condition, under sections 7c and 21 of the Zoning Resolution, permitting in a business and residence use district, the change in occupancy from gasoline station, to gasoline station, sales, office, lubritorium, brake testing, wheel aligning and extension of existing structure.

PREMISES AFFECTED—1120-1144 East New York Avenue, south side, from East 98th Street to Rockaway Parkway; 2-12 East 98th Street and 5-21 Rockaway Parkway, Block 4600, Lots 1 and 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper... 4

Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, on July 23, 1946 this application was granted by the Board on certain conditions, under Sections 7c and 21 of the Zoning Resolution, to permit in a business use district, the change in occupancy from gasoline station, previously granted by the Board, to gasoline station, sales office, lubritorium, brake testing, wheel alignment and extension of existing structure, affecting premises 1120-1144 East New York Avenue, south side, from East 98th Street to Rockaway Parkway; 2-12 East 98th Street and 5-21 Rockaway Parkway, Block 4600, Lots 1 and 7, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation December 11, 1957; and

WHEREAS, the applicant requested reopening of this application and amendment of the Resolution adopted February 28, 1933 as amended through December 11, 1956 only so far as it refers to the gasoline tanks, so that as amended this portion of the Resolution shall read: "that the twelve

550 gallon gasoline tanks adjacent to the pumps may be abandoned to the satisfaction of the Fire Department, that the four 550 gallon storage tanks near the westerly fence wall may be increased in number by the installation of twelve 550 gallon approved gasoline tanks contiguous along the westerly wall and lot line, maintaining the present number of sixteen tanks as indicated on plan marked "Received January 4, 1959" (one sheet) and that in all other respects the conditions of the resolution shall be complied with; and

WHEREAS, this application was reopened on January 27, 1959 and set for hearing on March 17, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, by action of the Board, the case was taken off the Calendar and referred to the Examiner to prepare a corrected digest, reciting prior resolution and current request for discontinuing twelve tanks and installing twelve new tanks in a location adjacent to four existing tanks, and to extend time to complete, and set for hearing on April 21, 1959, at 10 A.M.; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1958 acting on Misc. Applic. No. 2186-51, reads:

"1. Proposed installation and relocation of gasoline tanks is not in accordance with the Bd. of Standards and Appeals approved under Cal. #492-27-BZ.

2. Application Misc. 2186-51 has expired under 22-A of the Zoning Resolution on Dec. 11, 1957. Obtain extension of time from the Bd. of Standards and Appeals."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 28, 1933, as thereafter amended by resolutions adopted through December 11, 1956, only so far as it has reference to the change of tanks and the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

374-37-BZ—Vol. III

APPLICANT—James J. Lyons, Jr. and John J. Lynch for Lucie Blaesius, owner; Keslec, Inc., Lessee.

SUBJECT—Application reopened November 25, 1958 as Vol. III—re decision of the Borough Superintendent under Sections 7f, 7e and 7i of the Zoning Resolution, to permit in a business use district the erection and maintenance of a gasoline and oil service station, lubritorium, facilities for car washing and minor repairs, an office and salesroom, and the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—2165-2175 Southern Boulevard and 820 East 182nd Street, southwest corner, Block 3111, Lot 59, Borough of the Bronx.

APPEARANCES—

For Applicant: James J. Lyons, Jr. and John J. Lynch.

For Opposition: Harold Malsky.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 25, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application

MINUTES

on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; applicant to submit additional copies of Commissioner Moses' letter; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 182nd Street and Southern Boulevard are in a business use, B area, class 1¼ height district; East 181st Street and Mapes Avenue are in business and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 2, 1958 acting on N.B. Applic. No. 900-58, reads:

"1. Proposed gasoline service station, lubratorium, car wash, motor vehicle repairs with hand tools only, office & sales room, storage room, and parking and storage for more than five cars in a business use district is contrary to Art. II Sect. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 78.3 feet frontage by 116.87 feet in depth, presently occupied by an unsightly, old-fashioned dilapidated two story taxpayer building, almost 60 years old, consisting of a carpenter's and upholstering shop, a plaster ornament shop, a paint supply and storage shop, a machine repair shop, battery, tire, ignition and carburetor repair service as well as apartment accommodations on the second floor; that in addition, there are located on the premises ten old, one-car wood and metal garages; that it is proposed to erect a modern gasoline and oil service station with accessory facilities; that the accessory building will be faced with face brick on all sides; and

WHEREAS, the applicant states that the premises, located on the southwest corner of East 182nd Street and Southern Boulevard, is situated in a genuinely unique location; that while the site fronts upon the west side of Southern Boulevard, to the east there is another public street known as Crotona Parkway; that Southern Boulevard is separated from Crotona Parkway by a cement mall; that at this point, Southern Boulevard, a two-way roadbed, runs parallel with Crotona Parkway, which is a one-way public street northbound; that slightly northeast of the premises, Crotona Parkway terminates and rejoins Southern Boulevard continuing northward as Southern Boulevard; that diagonally to the northeast of the premises is the Bronx Zoo; and that the New York Zoological Park is privately owned, controlled and operated by the New York Zoological Society, a private organization, and thus not being "within the jurisdiction and control of the Commissioner of Parks", it is not within the purview of the language of Section 21-A; that the premises is not affected by the 300 foot restrictive provision of Section 21-A; that conceding, for argumentative purposes only, that the New York Zoological Park is a public park, this provision still has no effect for two factual reasons; and

WHEREAS, the applicant further contends that the concrete mall lying between Crotona Parkway and Southern Boulevard does not constitute a park; that opposite the site and to the northeast, there lies between Southern Boulevard and Crotona Parkway, a small cement mall of approximately 5,600 square feet—less than one-half acre—adorned with three trees and a small tree lawn; that to the southeast there is another mall extending from Bronx Park South to East 181st Street, consisting of approximately 15,000 square feet—less than one-half acre—which mall is almost entirely cemented and has a few scattered benches; that in view of the fact that the two malls act as a center island between Southern Boulevard and Crotona Parkway they do not constitute parks in accordance with the language of Section 1(Z), and that even if they were parks, they each consist of less than one-half acre and thus do not come within the purview of Section 21-A; and

WHEREAS, the applicant states that the present owner has held title to the property since December 27, 1954; that the assessed valuation of land is \$30,000 and of the building \$10,000 making a total of \$40,000; that the building was erected in 1899; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and correspondence indicated that the jurisdiction over Crotona Parkway is to be transferred from the Department of Parks to the Office of the Borough President of The Bronx; and the committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and lawful uses accessory thereto, substantially as proposed and indicated on plans filed with this application marked "Received October 30, 1958", 5 sheets, *on condition* that all buildings, structures and other uses now on the site shall be entirely removed and the plot reconstructed and arranged as indicated on plans above cited; that the accessory building shall be of the design, arrangement and location indicated and shall be faced with face brick on the north, east and west sides; and its rear wall on the lot line may be of brick or block painted, without windows; that there shall be no cellar in such building; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line at any point; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that along the lot lines to the south and west where walls of adjoining buildings or wall of accessory building do not occur there shall be a woven wire chain link fence erected on a masonry base to a total height of not less than 5 feet 6 inches; that curb cuts shall be restricted to two 30 feet in width each to East 182nd Street and two of similar width to Southern Boulevard; that signs shall be restricted to permanent signs on the facade of accessory building and to the illuminated globes of the pumps, excluding all roof signs, temporary signs and advertising devices, but permitting the erection of a post standard within the building line at the intersection for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend not more than 4 feet beyond the building line, as shown; that at such intersection there shall be maintained a block of concrete not less than 12 inches in height, extending for five feet along either street line from the intersection; that the sidewalk and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e for a similar term there may be parking and storage of motor vehicles, so arranged as not to interfere with the servicing of the station; that under Section 7i there may be minor repairs with hand tools only maintained solely within the accessory building; that no new certificate of occupancy shall be issued for these premises until transfer of jurisdiction as to Crotona Parkway from the Department of Parks to the Borough President has been effected; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

135-49-BZ—Vol. II

APPLICANT — Leonard A. Swarthe, for Krckor and Pauline Selian, owners.

SUBJECT—Application reopened February 10, 1959—re extension of time to complete, and amendment to resolution—decision of the Borough Superintendent, previously granted on condition, under sections 7c, 7e, 7f and 7i of the Zoning Resolution, permitting in a business use district, the proposed extension of an existing gasoline and oil service station.

MINUTES

PREMISES AFFECTED—1773 East Gun Hill Road, north side, 125 feet east of Wickham Avenue, Block 4806, Lot 44, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard A. Swarthe.

For Opposition: None.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation June 11, 1958; and

WHEREAS, the applicant requested reopening of this application and amendment of the Resolution adopted February 28, 1950 as thereafter amended through June 11, 1957, only so far as it refers to the two additional gasoline pumps and two additional 550 gallon gasoline tanks granted by the Resolution adopted February 7, 1956, so that as amended the Resolution shall read: "that the two additional gasoline pumps of an approved low type and the two additional 550 gallon approved gasoline storage tanks as granted may be omitted and that in all other respects the conditions of the resolution shall be complied with; and

WHEREAS, this application was reopened on February 10, 1959 and set for hearing on March 17, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, by action of the Board, the case was taken off the calendar and referred to the Examiner to prepare a revised digest as to amendment to omit two tanks and two pumps permitted by Resolution as amended June 11, 1957 and now to be omitted, and to extend time to complete, and set for hearing April 21, 1959 at 10 A.M.; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 9, 1959 acting on Alt. Applic. No. 159-55, reads:

"1. Amendment of December 10, 1958 disapproved for reason that the elimination of the two (2) additional pumps and the two (2) additional underground gasoline storage tanks is contrary to the resolution by the Board of Standards and Appeals dated February 7, 1956 under Cal. #135-49-BZ, Vol. II."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 28, 1950 to omit two tanks and two pumps, as now proposed to be omitted as originally shown to be installed as indicated on plan marked "Received March 31, 1955," referred to as permitted to be installed in resolution adopted February 7, 1956, (plans referred to in error as March 13, 1955), and to extend time to complete *on condition* that all permits shall be obtained and all work completed within six months from the date of this amended resolution.

148-56-BZ

APPLICANT—William A. Giesen, for Octavio Barrios, owner.

SUBJECT—Application reopened March 10, 1959 for consideration as to extension of time to complete, expired December 18, 1957—decision of the Borough Superintendent, previously granted on condition under section 7h of the Zoning Resolution, permitting in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles, for a stated term of ten (10) years.

PREMISES AFFECTED—1437 Longfellow Avenue, west side, 150 feet south of Jennings Street, Block 2999, Lots 31 and 32, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, on June 18, 1957, this application was granted by the Board on certain conditions, under Section 7h of the Zoning Resolution to permit in a residence use district the maintenance of a parking lot for the parking and storage of more than five motor vehicles, for a term of two years, affecting premises 1437 Longfellow Avenue, west side, 150 feet south of Jennings Street, Block 2999, Lots 31 and 32, Borough of The Bronx; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation December 18, 1957; and

WHEREAS, this application was reopened on March 10, 1959 and set for hearing on April 21, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated February 19, 1959 acting on Alt. Applic. No. 93-56, reads:

"1. Proposed use of parking for more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 18, 1957, only so far as it has reference to obtaining permits and the completion of the work so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that the work has been completed, that all permits, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this *amended* resolution."

707-56-BZ—Vol. II

APPLICANT—Charles M. Spindler, for William Galvin, owner.

SUBJECT—Application reopened November 18, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubrication, auto washing—non automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and the parking and storage of motor vehicles, all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—1500-1510 Williamsbridge Road and 1601-1611 Eastchester Road, northeast corner, Block 4082, Lots 5 and 10, Borough of The Bronx.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 18, 1958 subject to regular procedure, previously withdrawn; and

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to March 3, 1959, for inspection and decision; hearing closed; then to March 31, 1959, for further inspection and decision; then to April 21, 1959, for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Williamsbridge Road, Eastchester Road, Poplar Street and Jarrett Place are in a business use, C area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 15, 1958 acting on N.B. Applic. No. 1818-56, reads:

"1. Proposed use of gasoline service station, lubrication, auto washing (non automatic), office, sales of accessories, minor repairs for adjustments with hand tools only, safety inspection station, and parking & storage of motor vehicles in a business use district is contrary to Art. II Sect. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 106.94 feet frontage by 95.06 feet in depth; that the building on the plot is vacant and boarded up; that the former lessee endeavored to continue in business; that by reason of the arrangement of the building, it could only be used for its former occupancy as a bar and grill, which use has proven unprofitable and the building must therefore be demolished in order to reduce carrying charges; that it is proposed to change the original proposal by the erection of a three bay building of the standard type suggested by the Tidewater Oil Company, the conditional lessee; that this will comply with the requirements so that a State Inspection Station permit could be granted in the event of a grant of variance by the Board; that in addition thereto, the plans have been altered showing the pumps along the Williamsbridge Road frontage set back fifteen feet from the proposed Williamsbridge Road building line; and

WHEREAS, the applicant states that Williamsbridge Road has been physically widened at the intersection of East Tremont Avenue and St. Raymond Streets, and while the Bronx Topographical Bureau has informed him that no proceeding is pending for the widening of Williamsbridge Road at the site, it is plausible to assume that as work was started a short distance away, that the widening may extend to and include the site; and

WHEREAS, the applicant further states that adjoining the site to the north in block 4082, lot 11, is a two story fire house, with an unpierced masonry wall along a portion of the north lot line, and a seven foot high woven wire fence along the balance of this lot line; that adjoining the site to the east in block 4082, lots 1, 2, 3, 4, 28 and 29, is a factory, warehouse and garage in connection with an oil distributing business; that this building covers, with the exception of a small court, the entire easterly lot line; that there are a number of automotive and non-conforming uses within the affected area, including a gasoline service station in block 4083, lot 1, located in an unrestricted use district some 240 feet east of the site; that there is also a large gas station, garage and repair shop on Williamsbridge Road within the affected area in Block 4077, Lot 43; that directly opposite the site across Eastchester Road, there is an ice cream and custard stand surrounded by a large customer parking area in block 4081, lot 4; that there is also a motor vehicle repair shop on Eastchester Road in block 4081, lot 18; that opposite the site along Williamsbridge Road, there is a vacant lot containing large advertising billboards in block 4079, lot 37; and

WHEREAS, the applicant contends that as previously mentioned, Williamsbridge Road has been physically widened at the intersection of East Tremont Avenue and St. Raymond Street; that this widening was done in connection with a gasoline station which was granted by the Board under Cal.

No. 4-53-BZ, Vol. II; that it is felt that the present proposal will considerably improve the appearance of the site by removing the two dilapidated frame structures and replacing them with a modern brick building on a well-lighted, paved and fenced site; that with the type of occupancies immediately abutting the site, as well as those directly opposite it, it is felt that this proposal can have no adverse effect on the adjoining property; that it will provide a needed service on these two heavily trafficked arteries; that the only feasible development of the site is the use proposed and a grant is requested for a temporary term of fifteen years so that the owner can realize a return on his investment pending future possible developments, at which time the site may be converted to a conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since June 18, 1946; that the assessed valuation of land is \$17,000 and of the building \$3,500 making a total of \$20,500; that the building was erected prior to 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended the application be granted under certain conditions; and

WHEREAS, when formerly denied, the building contained a going business; the building is now vacant and fast deteriorating; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station with uses lawfully accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received October 23, 1958," 4 sheets, *on condition* that all buildings and uses on the premises shall be removed and the site graded substantially to the grade of Williamsbridge Road, constructed and arranged and indicated on plans above cited; that the accessory building shall be of the design, arrangement and location indicated, faced with face brick on the west and south sides; that the north and east sides may be of block or common brick painted; that there shall be no openings in such walls to adjoining premises; that there shall be no cellar in such building and in all other respects the building shall comply with all laws, rules and regulations applicable thereto; that pumps shall be of an approved low type, erected not nearer than 15 feet to the street building lines of Williamsbridge and Eastchester Roads; that there shall be not more than twelve 550 gallon approved gasoline tanks on the premises; that on the lot line to the north, where walls of adjoining buildings do not occur there shall be erected a woven wire chain link fence on a masonry base to a total height of not less than 5 feet, 6 inches; that such fence shall temporarily extend to the existing building line of the premises; that such space within the plot as is proposed to be acquired by the City for street widening may be used to traverse for entrance and exit, provided such space is paved similarly to the paving of the station, which shall be concrete or asphalt; that curb cuts shall be restricted to two on Williamsbridge Road and two on Eastchester Road, each 30 feet in width and with no portion of any curb cut nearer than 5 feet to a lot line as prolonged; that at the intersection there shall be a block of concrete 12 inches in height, extending for five feet along each street line from the intersection; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairs with hand tools only, for adjustments, and as may be necessary for a safety inspection station, provided all such repairs and inspections are maintained solely within the accessory building; that under Section 7e there may be for a similar term parking and storage of motor vehicles, provided such uses are located so as not to interfere with the servicing of the station; that signs shall be restricted to permanent signs

MINUTES

attached to the facade of accessory building and to the illuminated globes of the pumps, excluding all temporary and roof signs and advertising devices, but permitting the erection within the intersection of one post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend not more than 4 feet beyond the building line; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

702-58-A

APPLICANT—Charles M. Spindler, for William Galvin, owner.

SUBJECT—Application October 23, 1958—filed pursuant to section 35, General City Law proposed sign within bed of mapped street—proposed widening of Williamsbridge Road.

PREMISES AFFECTED—1500-1510 Williamsbridge Road, northeast corner of Eastchester Road, Block 4082, Lots 5 and 10, Borough of The Bronx.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 5
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 15, 1958 on N.B. Applic. 1818/56, reads:

"2—Proposed sign within the bed of a mapped street is contrary to Sec. 35 of the General City Law."

and
WHEREAS, the applicant states that the premises consist of a plot 106.94 feet by 95.05 feet, located in business use, C area, class 1½ height district, upon which there is proposed to build a gasoline service station more fully described under application 707-56-BZ, VOLUME II; that the proposed curb cuts and post standard with sign are within the area of the proposed widening of Williamsbridge Road; and

WHEREAS, the applicant proposes to relocate the post-standard with sign, when Williamsbridge Road will be widened, to conform to the requirements of the Board; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1818/56, Objection No. 2, dated October 15, 1958, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of a portion of the premises along Williamsbridge Road temporarily as a portion of the gasoline service station, as provided for this day in resolution adopted by the Board under Cal. No. 707-56-BZ, Vol. II; and that in the event this portion of the premises is acquired by the City for street widening, payment therefor shall be as determined by the Court.

782-56-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for David Minkin, Sigmund S. Briger and Elias Thall, owners.

SUBJECT—Application reopened April 22, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7f, 7i, 7e and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking and storage of motor vehicles with show window and sign less than 75 feet from a residence use district for a stated term of fifteen (15) years.

PREMISES AFFECTED—195-06 to 195-24 (195-20 official) Northern Boulevard, south side, from 195th to 196th Streets, 43-01 to 43-09 195th Street and 43-02 to 43-10 196th Street, Block 5519, Lot 1, Flushing, Borough of Queens.

Negative: Chairman Murdock, Commissioner Sleeper... 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 22, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959 at the request of the applicant to permit attendance of owner; no further requests for adjournment; then to March 17, 1959, for inspection and decision; hearing closed; then to April 7, 1959, for applicant to furnish information requested at meeting of February 25th and decision; then to April 21, 1959, for applicant to furnish revised plans showing the space to the right and left and back of the accessory building planted and with wall from the front of the accessory building going east and west to the building line; and for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Northern Boulevard are in a retail use, D area, class 1 height district; 195th Street and 196th Street are in retail and residence use, D area, class 1 height districts; that as of July 25, 1916 the premises were in a business use district, class 1 height district and class C area district; that the present use designation became effective May 4, 1953 and the present area designation became effective March 24, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated March 18, 1958 acting on N.B. Applic. No. 52-58, reads:

"1. The use of the premises as a gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking and storage of motor vehicles and ground sign on a lot located in a Retail Use District is contrary to Art. II Sec. 4A of Zoning Resolution.

2. A show window and sign located less than 75' from a Residence Use District is contrary to Art. II Sec. 7A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.92 feet frontage, by 102.01 feet in depth, irregular, presently vacant except for several billboards which are to be removed; that it is proposed to erect a modern gasoline service station to consist of twelve 550 gallon gasoline tanks and nine dispensing pumps; that the proposed accessory building will be one story in height of class 3 construction, and contain the conjunctive uses of lubritorium, minor auto repairs, car wash, storage, office and sales; that part of the open area of the site will be reserved for the storage of motor vehicles; and

WHEREAS, the applicant states that the proposal will be modern in design and improve the appearance of the community by developing a vacant piece of unkempt property; that planted areas will be maintained which will act as a buffer to the properties to the south and also afford additional permanent light and ventilation to said properties; that curb cuts will be limited to one 20 foot wide cut on 195th Street and one 20 foot wide cut on 196th Street, thereby keeping all cars receiving service off said streets and preserving the residential aspect of these streets; that the curb cuts on Northern Boulevard will be limited to four 30 foot wide cuts, which will insure pedestrian safety on said Boulevard; and

WHEREAS, the applicant further states that although the proposed show window and signs are within 75 feet of the

MINUTES

residence zone on 195th Street, these conditions, set 70 feet back of the building lines of said street, are not visible from 195th Street and thereby cannot possibly affect the residential aspect of 195th Street; and

WHEREAS, the applicant contends that Northern Boulevard is a main auto lane leading across Queens and the large number of dwellings north and south of Northern Boulevard have created a need for the proposed gas station and make it entirely in keeping at this point; that there are sufficient stores in the area for public requirements, so that to use the site for additional stores would not be financially feasible and would not provide the community with the service of the gas station now vitally required and lacking in the area; that a gas station is as much a required service under present day conditions as any other local store; and

WHEREAS, the applicant states that the present owners have held title to the property since November 19, 1946 and that the assessed valuation of land is \$24,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted according to the revised plans as filed and under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, e, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, as proposed and indicated on plans filed with this application, marked "Received March 25, 1958", 4 sheets, and revised plan marked "Received April 14, 1959", 1 sheet, *on condition* that all buildings and uses now on the site shall be removed and the plot shall be graded to the grade of Northern Boulevard, constructed substantially as proposed on such plans, particularly revised plan marked "Received April 14, 1959"; that the accessory building shall be of the design and arrangement as indicated, faced with brick on all sides, that the building shall have no cellar, and in all other respects shall comply with all laws, rules and regulations applicable thereto; that such building shall have no windows in the rear wall; that on the premises in the position in line with the front of the accessory building, from street to street there shall be maintained a masonry wall of face brick matching that of accessory building, not less than 2 feet in height with steel picketing above to a total height of 5 feet and with suitable masonry terminating posts at the building line and at a distance of 5 feet from the accessory building, to permit access to the rear for maintenance of the landscaped areas and to reach the toilets; that a fence of similar construction and height shall be erected and maintained on the street building lines of 196th and 195th street from such rear fence to the terminal posts of the cross-wall; that the balance of the premises shall be paved with concrete or asphalt; that pumps shall be of an approved low type, erected not nearer than 15 feet to a street building line; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that curb cuts shall be restricted to four, each 30 feet in width, to Northern Boulevard and one each to 195th and 196th Streets, each within the first 25 feet from the intersection; that within the intersection there shall be maintained a block of concrete to the east and to the west 12 inches in height, extending for 5 feet along each building line; that the area between the crosswall and the woven wire fence shall be planted with suitable material, a landscaped plan for which shall be submitted by this applicant to the Board for further consideration, showing the spacing and size and kind of trees and shrubs proposed to be maintained; that such portable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; that signs shall be restricted to signs on the front facade of accessory building and the globes of the pumps, excluding all roof and temporary signs

but permitting the erection within the building line at each intersection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Northern Boulevard not more than 4 feet beyond the building line; that under Section 7i for a similar term there may be auto repairs with hand tools only for adjustments, maintained solely within the accessory building; that under Section 7e for a similar term there may be parking and storage of motor vehicles, provided such parking is so located as not to interfere with the servicing of the station; that under Section 7A any show window, sign or curb cut deemed contrary thereto may be permitted, provided the requirements of this resolution are complied with; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

19-57-BZ

APPLICANT—Reginald S. Hardy, for Frances P. Headley and Seena Prastien, owners.

SUBJECT—Application January 15, 1957—decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry, non-automatic, motor vehicle repair shop, for minor repairs, hand tools only, and vehicle with show windows within 75 feet of residence use district.

PREMISES AFFECTED—1790-1820 Utica Avenue and 4914-4924 Avenue J, southwest corner, Block 7797, Lots 47, 49, 50 and 51, Borough of Brooklyn.

APPEARANCES—

For Applicant: Reginald S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox

Negative: 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 16, 1957 after due notice by publication in the Bulletin; laid over to July 23, 1957, for inspection and decision; hearing closed; then to December 17, 1957, for further consideration by the Board after community building has been developed; then to May 20, 1958, for report at that time as to the condition in connection with the proposed community house in Block 7775 opposite the proposed gasoline station; and for determination by the Board as to procedure thereafter; then to June 17, 1958, for inspection and decision; hearing closed; also for applicant to advise the Board the status of proposed Community House across Avenue J; then to July 8, 1958, at request of the applicant to permit him to examine plans filed for the nearby Community House and to report to the Board what such plans call for and the status of proposed structure and for decision; then to September 23, 1958, for applicant to report to the Board as to his examination of plan and the status of the proposed structure under the building now planned to be located in similar location; then to October 28, 1958, for information as to status of Community Center opposite and as to ownership; then to November 25, 1958, at the request of the applicant to furnish the Board with information as to the proposed community center; then to January 27, 1959, for further consideration and decision; then to March 10, 1959, for decision; at request of applicant; then to April 14, 1959, at request of the applicant, for full report to the Board as to proposed Community building on the other side of Avenue J; then to April 21, 1959, for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Utica Avenue and East 49th Street are in a business use, D area, class 1 height district; and

MINUTES

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1956 acting on N.B. Applic. 2321-56, reads:

"1. Proposed building and premises in a Business Zone, to be used for gasoline service station, lubricatorium, auto laundry, non-automatic, and minor auto repairs with hand tools only is contrary to Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

2. Proposed show window within 75 feet of a Residence Zone in a transition from non-residential to residential zone is contrary to Art. II, PP. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 100 feet frontage by 100 feet in depth, vacant, except for two advertising signs or billboards which have been erected near the corner formed by the intersection of the streets upon which the property abuts; that it is proposed to erect a one story structure, to be used for a gasoline service station with a chain-linked fence on a masonry base, having a total height of 5 feet 6 inches along the southerly and westerly lot lines, and to maintain a planted area along these fences; and

WHEREAS, the applicant contends that Utica Avenue at this point is a wide and relatively heavily travelled thoroughfare; that the space between the intersecting streets is generally 700 feet in length and most of the frontage of the property in this area is either unimproved or given over to uses which are customarily found in a manufacturing or unrestricted district; that because of conditions in the area, there is little or no demand for business property along Utica Avenue and efforts to interest prospective purchasers or developers in this property have proved of no avail; that the owners were therefore forced to the conclusion that the property could be used only for a gas station; and

WHEREAS, the applicant further contends that plans submitted with this application provided for a single curb cut on Avenue J located within 25 feet of the building line along Utica Avenue and therefore the proposal does not violate the provisions of section 7A in this respect; that however, the plans indicate that a show window will be placed on the side of the accessory building facing Avenue J; that this window will be located 34 feet from the Avenue J building line and will be shielded from that street by the proposed fence and planted area; that the residential properties to the west of the premises are improved with buildings facing upon East 49th Street and that there are substantial rear yards between such buildings and the site under consideration; and

WHEREAS, the applicant states that the present owners have held title to the property since August, 1956 and that the assessed valuation of land is \$7,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline selling station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application marked "Received January 15, 1957", five sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed and maintained substantially as indicated on plans above cited; that the accessory building shall be of the design and arrangement and location as indicated; that there shall be no cellar under the accessory building; that the building shall be faced with face brick on the Avenue J and Utica Avenue sides and the other walls may be of common brick or block painted; that the doors

to the toilet rooms shall be rearranged so as not to be contiguous, that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Utica Avenue; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that along the side lot line to the south and east there shall be a woven wire fence of the chain link type on a masonry base to a total height of five feet six inches with suitable terminating posts at the ends of such fence at the building lines; that continuously along the street line of Avenue J there shall be a masonry wall with face brick matching the accessory building two feet in height between masonry posts; and picket steel fence to a total height of four feet six inches, that curb cuts shall be restricted to two curb cuts to Utica Avenue not over 30 feet in width and with no portion of either curb cut nearer than five feet to a street building line as prolonged; that the sidewalk and curbing abutting the premises shall be reconstructed to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Utica Avenue and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than five feet at right angles to Utica Avenue; that at such intersection there shall be maintained a block of concrete extending for a distance of five feet along either street from the intersection and not less than twelve inches in height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing maintained solely within the accessory building with hand tools only for adjustments; that under Section 7A any show windows deemed contrary to the requirements thereof may be permitted provided the requirements of this resolution are complied with; that planting areas shall be maintained where indicated toward the north and toward the west with suitable planting material and properly protected with a concrete curbing not less than 18 inches in height and six inches in width; and that all permits shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution.

345-58-BZ

APPLICANT—Leo Kornblath, for Geray Comp, and Ethel Latt, owners.

SUBJECT—Application May 27, 1958, decision of the Borough Superintendent, under Sections 7c and 7f of the Zoning Resolution, to permit in a business use district, on a plot presently used for the parking of more than five (5) motor vehicles, the installation of gasoline tanks and pumps to be used in conjunction with the existing gasoline service station located on the adjoining lot.

PREMISES AFFECTED—2125 Jerome Avenue, west side, 70.65 feet south of West 181st Street, Block 3192, Lots 46 and 42, Borough of The Bronx.

APPEARANCES—

For Applicant: Leo Kornblath.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; then to April 14, 1959, for further

MINUTES

study with report and decision; then to April 21, 1959, for applicant to consult examiner as to Borough Superintendent's decision with the Examiner; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Jerome Avenue and West 181st Street are in a business use, B area, class 1¼ height districts; Davidson Avenue is in business and residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 28, 1958 acting on Alt. Applic. No. 315-58, reads:

"1. The proposed extension of a gasoline service station in a business use district is contrary to Art. II Sec. 3 of the Zon. Res. and B.S.A. res. 835-26-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 103.01 feet frontage by 90 feet in depth, irregular, located adjacent to an existing gas station at the northwest corner of East 181st Street and Jerome Avenue; that both properties are leased and operated by Mr. Herman Kaplan personally; that it is proposed to reduce a traffic problem by erecting two additional islands with gas selling pumps on the site in question, and in so doing, allow cars wishing to make gasoline purchases to pull further along the property; that it is not requested at this time that any additional buildings or extensions for any purpose be erected; that due to the existing retaining wall at the rear of this property, necessary because of the grade condition, the present apartment house at the rear has its basement approximately 25 feet above the level of the proposed Jerome Avenue level of the proposed new gas pumps; that the present legal car parking area will still be maintained for the majority of the premises; and

WHEREAS, the applicant states that of utmost importance is the physical location of both of these properties; that East 181st Street meets Jerome Avenue and rises approximately 40 feet in grade in a northerly direction, as it intersects Davidson Avenue; that there now exists a curb cut on East 181st Street and a curb cut on Jerome Avenue for said gas station for ingress and egress of cars; that due to the aforementioned sharp increase in grade, which is quite prevalent for even the small corner plot, the entire gasoline station apron is a sharply warped surface; that this presents a serious problem of maneuverability for cars pulling into the gas station from East 181st Street and for all practical purposes, prevents any cars attempting to pull into the station from Jerome Avenue; that this has presented a traffic-blocking problem if more than two cars attempt to enter the station and, in essence, is severely curtailing the possibility of the lessee from utilizing these premises; and

WHEREAS, the applicant contends that due to the severe competition of the many gasoline selling stations presenting easy entrances and exits situated along Jerome Avenue, there has been a declining return on the lessee's investment each year; that this has reached such severe proportions that it is preventing the lessee from earning a livelihood; and

WHEREAS, the applicant states that the present owners have held title to the property since 1951 and that the assessed valuation of land is \$17,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f to permit the additional lot No. 46 to be operated in conjunction with Lot 42, which was permitted to be occupied as a gasoline service station and repairing under Cal. No. 835-26-BZ, Vol. I, by resolution adopted January 18, 1927, *on condition*, that such additional lot No. 46 shall have all buildings and uses now on such lot removed and the premises leveled sub-

stantially to the grade of Jerome Avenue and maintained as proposed and as shown on plans showing proposed conditions marked "Received January 22, 1959," 4 sheets; that the existing parking lot shall have a fence or retaining wall on the lot line with an opening to connect such lot with the existing Lot 42 as shown; and to permit the erection of six approved low type gasoline pumps, where shown, not less than fifteen feet from the street building line, and twelve 550 gallon approved type gasoline storage tanks and the continuation of the office building, with existing curb cut from the premises to Jerome Avenue and an additional curb cut to the north not over 20 feet in width; that the surfacing of the plot shall be of concrete or asphaltic pavement; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the term of this variance and the variance for Lot No. 42, expiring June 7, 1959, may be extended so that variances for both lots will terminate on the same date; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

627-58-BZ

APPLICANT—Morris Kweller, for East Park Realty Co., owner.

SUBJECT—Application October 30, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection of two buildings for use as gasoline service station and diner, the gasoline service station will include lubritorium, car wash, minor repairs with hand tools, sale of accessories and parking of cars awaiting service, the diner will have kitchen facilities, office and patron parking.

PREMISES AFFECTED—2347-2369 Linden Boulevard, northeast corner of Shepherd Avenue, Block 4476, Lot 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Kweller.

For Opposition: Abraham L. Banner.

For Administration: John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area, class 1 height district; and

WHEREAS, the decisions of the Borough Superintendent, dated October 30, 1958, as amended by decision dated February 13, 1959—for No. 1547 only—acting on two N.B. Applics. Nos. 1547 and 1548-58, reads:

"1. Proposed building and premises in a Residence Zone, to be used for Gasoline service station, auto washing, lubrication, minor repairs with hand tools only, Parking and storage of motor vehicles awaiting service, office and accessory sales is contrary to Article II, PP. 3 of the Zoning Resolution. (Note—see N.B. 1548-58 for same lot)."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 1600 feet and 80 feet in depth, presently vacant; that it is proposed to develop the site with a parkway type gasoline service station and diner; that the proposed buildings will have substantially flat roofs with face brick, stainless steel or porcelain enameled steel finish on street fronts; that pumps will be

MINUTES

set back fifteen feet from the building lines, and fencing will be provided along lot lines; and

WHEREAS, the applicant contends that there appears to be no demand for development of the premises for residential purposes, as most of the affected area is vacant and has been vacant for many years; that this property is on a plot having a frontage on one of the most heavily trafficked streets in the City; that there is an economic demand for use of the subject premises as a gas station, diner and accessory uses because of its unique location, fronting on Linden Boulevard, and gives assurance that a substantial investment will yield a reasonable return; that a grant would have no adverse effect upon real estate values in the area and would result in a substantial increase of the assessed valuation and of tax revenue from the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since October 21, 1957 and that the assessed valuation of land is \$17,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on two N.B. Applies. 1547 and 1548-58, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

644-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Abraham H. Spilky, owner.

SUBJECT—Application November 10, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business, retail and residence use district, the erection and maintenance of a one story building extending from the business portion into the residence portion of the plot and used for bowling alleys, snack bar, and dining room, kitchen, cocktail lounge, offices, sport shop, locker room and parking of patrons' cars on the unbuilt upon portion of the plot—no fee to be charged.

PREMISES AFFECTED—878 Bay Street, 1-27 Greenfield Avenue, southwest corner and 16-24 Townsend Avenue, Block 2840, Lot 93, St. George, Borough of Richmond.

APPEARANCES—

For Applicant: Alfred A. Lama, Julian Adler and Leif Myhre.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 3, 1959 after due notice by publication in the bulletin; laid over, date to be set; for inspection and decision; hearing closed; then set for April 7, 1959; then to April 21, 1959, for decision; applicant to consider filing revised plans; the premises were inspected by a Committee of the Board which recommends revised plans showing a different location for the proposed bowling alley for consideration; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business, retail and residence use, D and E area, class 1½ and class 1 height districts; Townsend Avenue is in residence and retail use, D and E area, class 1½ and class 1 height districts; Greenfield Avenue is in business and retail use, D area, class 1½ height district; Bay Street is in a retail use, D area, class 1½ height district; that the use, height and area district maps indicate that part of the premises within 100 feet of Greenfield Avenue is in a business use district, class D area district and class 1½ height district; that part of the premises within 100 feet of Bay Street is in a retail use district, class D area district and class 1½ height district; that the balance of

the premises is in a residence use district, class E area district and class 1 height district; that as of July 25, 1916 that part of the premises within 100 feet of Bay Street and within 100 feet of Greenfield Avenue was in an unrestricted use district and the balance of the premises was in a residence use district; that as of July 25, 1916 the entire plot was in a class B area district and class 1½ height district; that on June 14, 1935 that part of the premises within 100 feet of Bay Street was changed to a business use district and the area classification for the entire plot was changed to a C area district; that on January 21, 1942 the unrestricted portion of the plot was changed to a residence use district; that on August 2, 1943 that part of the premises within 100 feet of Bay Street and that part of the premises within 100 feet of Greenfield Avenue was changed to a D area district and the balance of the plot to an E area district, and at the same time that part of the plot within the residence use district was changed to a class one height district; that on June 28, 1956 that part of the premises within 100 feet of Bay Street was changed to a retail use district; that the premises are presently vacant; and

WHEREAS, the decision of the Borough Superintendent, dated November 3, 1958 acting on N.B. Applic. No. 614-58, reads:

"1. Proposed erection of a building to be used as a bowling alley, snack bar, cocktail lounge, office, sport shop, kitchen and dining room, locker rooms and toilets and parking of patrons cars (no fee to be charged) on the residence portion of a lot which is located partly within a Business Use District, partly within a Retail Use District and partly within a Residence Use District is contrary to Art. II Sec. 3 of the Zoning Resolution."

WHEREAS, the applicant states that the premises consist of a plot, 107.19 feet frontage by 202.90 feet in depth, irregular and vacant; that it is proposed to erect and maintain a modern bowling alley building, one story in height, of class 3 construction, having a frontage of 185 feet and a depth of 150 feet; that the open area is proposed for parking of patrons' cars—no fee to be charged; and

WHEREAS, the applicant contends that the uses as proposed are permitted in the business and retail use district portions of the plot, and it is requested that these uses be extended into the residence use portion of the plot; that the proposal, with its large parking area, will make this a self-contained unit and will not impose any parking or traffic problems in the area; that the building will be colonial in design so as to be in keeping with the surrounding architecture and lead the way to new development in this area; that the granting of this application would provide a new recreational center for this area; and

WHEREAS, the applicant states that the present owner has held title to the property since December 26, 1957 and that the assessed valuation of land is \$15,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of use into the more restricted district of a bowling alley building and parking, as proposed and indicated on plans filed with this application, marked "Received November 10, 1958," 4 sheets, as revised by plans marked "Received April 17, 1959," 3 sheets, *on condition* that the location of the bowling alley building and the grades shall be as indicated on such revised plans, to be further corrected to indicate correctly marked sections A-A and B-B; that such building shall not be nearer than 20 feet to the adjoining lots to the north, Nos. 70 and 76; that along the interior lot lines there shall be constructed and maintained woven wire chain link fences on a masonry base to a total

MINUTES

height of not less than 5 feet, 6 inches with suitable terminating posts at the building lines; that such fence may be omitted where walls of buildings on lots 70 and 76 occur and where there are suitable fences satisfactory to the Borough Superintendent on other lot lines; that such fencing shall be extended along the building line of Townsend Avenue with an opening therein as shown not over 20 feet in width, with curb cut opposite of similar width; that parking may be permitted toward the east and the premises shall be properly graded with cinders or gravel, treated with a binder and properly rolled; that openings and curb cuts may be permitted to Greenfield Avenue as shown, each not over 20 feet in width in addition to the curb cut above referred to on Townsend Avenue; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all fences and retaining walls that may be required shall be constructed by the owner of subject premises at his expense; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

670-58-BZ

APPLICANT—Gustave Goldman, for James Nugent, owner.

SUBJECT—Application November 20, 1958—decision of the Borough Superintendent under sections 7c, 19A (i) and 21 of the Zoning Resolution, to permit in a local retail use C area district, the construction of a one story extension to the rear of an existing building, use the first and second floors as funeral chapels as an extension to the funeral chapel in the adjoining building and use the third floor for caretaker's apartment, the proposed extension to occupy more than the permitted area and the elimination of the required loading and unloading berth.

PREMISES AFFECTED—2721 Avenue D, north side, 20 feet west of East 28th Street, Block 5193, Lot 41, Borough of Brooklyn.

APPEARANCES—

For Applicant: Gustave Goldman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; applicant to obtain new Certificate of Occupancy from Building Dept.; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a local retail use, C area, class 1½ height district; Avenue D is in local retail and retail use, C area, class 1½ height district; East 28th Street is in local retail and residence use, C area, class 1½ height districts; Rogers Avenue is in a retail use, C area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1958 as amended by decision dated April 14, 1959 acting on Alt. Applic. No. 68-58, reads:

"1. Proposed funeral chapels within a Local Retail district violates Art. 2 Sect. 4c of zone resolution.

2. Proposed extension exceeds area in a "C" district & violates Art. 4, Sect. 13b of zone resolutions.

4. Provisions for loading & unloading as per Sect. 19A of Zone."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 90 feet in depth, occupied by two buildings, three stories in height, erected some time before 1929 and originally occupied as stores on the first floor and an apartment each on the second and third floors;

that the building located at 2723 Avenue D in block 5193, lot 40 was occupied as a funeral chapel on the first floor under a Certificate of Occupancy issued in 1938; that in 1954 under an alteration permit, the funeral chapel was extended to include what was three, one-car garages, and the second floor converted to storage and display of chapel supplies, and on the third floor living quarters for the caretaker; that Certificate of Occupancy No. 141777 was issued November 29, 1954; that the building at 2721 Avenue D, lot 41, in said block was occupied as a store on the first floor and dwelling on the second and third floors; that it is proposed to construct an extension to the rear of the building at 2721 Avenue D, one story in height, and extend the present use of the adjoining building on lot 40 to include said building with a funeral chapel on the first and second floors, and on the third as living quarters for a caretaker; that openings will be provided in the party wall at the first and second floors for access from one building to the other building; that both buildings will be 20 feet by 90 feet and the connecting openings will be protected by self-closing, fireproof doors; and

WHEREAS, the applicant contends that this funeral chapel has been at these premises since 1938 and the owner is a member of the Church at Newkirk and Nostrand Avenues and performs services for the Church; that the area cannot be adversely affected; and

WHEREAS, the applicant states that the present owner has held title to the property since October 1938 and April 15, 1958; that the assessed valuation of land is \$5,600 and of the buildings \$22,000 making a total of \$27,600; that the buildings were erected prior to 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommends that the application should be granted on condition only as to the first floor; and

WHEREAS, it is understood that the establishment is for funeral chapels with no undertaking; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and 19A, j of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship as area proposed to be constructed on is closed in by neighboring buildings providing no light or air.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c as to use and Section 21 as to area to permit the extension of the building as to the first floor as proposed and indicated on plans filed with this application marked, "Received February 20, 1959," 11 sheets, *on condition* that the proposed extension shall not exceed one story as proposed and as indicated on such plans; that there shall be an opening on the first floor between such space proposed to be used as a chapel to the adjoining chapel to the east as an additional means of exit; that all exits as proposed on the first floor shall be maintained; that no changes shall be made to the balance of the building above the first floor until revised plans and a new decision of the Borough Superintendent are filed; that the use of the building shall be as proposed, funeral chapels without undertaking and in all other respects shall comply with all laws, rules and regulations applicable thereto; that granted under Section 19A, Subdivision j, waiving the requirements as to loading; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 20th Street and West 19th Street are in retail and residence use, B area, class 1½ height districts; 8th Avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 18, 1958 acting on amendment to N.B. Applic. No. 132-58, reads:

"1. Proposed entrances to a business from the residence use portion of a lot partially in a retail and partially in a residence use district is not permitted. Art. II, Sec. 3 and 7A Zoning Resolution.

2. Proposed curb cut and loading yard in the residence use district portion not permitted. Art. II, Sec. 3 and 7A Zoning Resolution.

and

WHEREAS, the applicant states that the premises consist of a plot, 80 feet 6 inches frontage by 125 feet in depth; that it is proposed to erect a one story building of 8,000 square feet area, with full cellar, to be used by a single tenant as an A. & P. Food store; that the west 25 feet of the lot is in a residence district and it is proposed to provide for off street truck unloading in this portion of the lot, with one opening in first floor and two openings in cellar at west wall of building; that the lot will be paved with black top; and

WHEREAS, the applicant contends that this arrangement will eliminate unloading of merchandise across the sidewalk, which interferes with pedestrian traffic, and will also eliminate parking of trucks in the street for unloading purposes; that the proposed off street unloading space conforms to the spirit and intent of Section 19A of the Zoning Resolution; that there is an existing business use with large doors for handling freight at first floor in block 743, lot 51, on the south side of West 20th Street, 25 feet west of the subject site, and there is another existing business use in block 744, lot 30 on the north side of West 20th Street, with an overhead door and dropped curb, 75 feet west of the subject site; that similar non-conforming uses exist at block 770, lot 18 and block 769, lot 61; that the unused portion of the lot is not usable for any other purpose; and

WHEREAS, the applicant states that the present owner has held title to the property since August, 1958; that the assessed valuation of land is \$124,000 and of the building \$12,500 making a total of \$136,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of use into the more restricted district, substantially as proposed and indicated on plans filed with this application, marked "Received November 21, 1958," 6 sheets, *on condition* that the building as proposed shall be located in the business use district and shall comply in all respects with all laws, rules and regulations applicable thereto; that the portion to the rear in the residence district proposed to be occupied as a yard and for delivery of merchandise shall be suitably paved and shall have a woven wire chain link fence on a masonry base installed on the lot lines to the west, south and east, where shown, and along the street building line of West 19th Street, where gates shall be maintained which shall remain closed when automobiles are not going in and out; that there may be a curb cut opposite such gates 20 feet wide; that the sidewalk and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough Superintendent; that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Dongan Avenue and St. James Avenue are in business and residence use, C area, class 1½ height district; Queens Boulevard is in a business use, C area, class 1½ height district; Poyer Street is in a residence use, C area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 10, 1958 as amended by decision dated January 15, 1959 acting on Alt. Applic. No. 2524-58, reads:

"1. The proposed change in use from store, factory and storage to store, office, sales, display, installation and storage of auto-seat covers, minor motor vehicle repairs with hand tools only (limited to muffler installation and service), oxygen-acetylene torch and parking of more than 5 motor vehicles for patrons and tenants on a lot in a business use district is contrary to Art. 2, Sec. 3 and Sec. 4(a) item 29 of the Z. R.

2. Proposed roof sign on the business portion of the lot is contrary to Art. 2, Sec. 4(a), item 49(a) of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 51.77 feet and 27.40 feet frontage by 185.58 feet and 137.09 feet in depth, irregular, occupied by a building approximately 40 feet wide, with an average depth of 106 feet; that the building was erected as a store, factory and storage, for which Certificate of Occupancy No. 35288-40 had been issued; that it is in a business and residence use district and there has been no change in zoning since 1916; that it is proposed to seek a permanent variation in order to maintain the legal conforming use of store, storage and installation of auto seat covers, and for the additional use of minor motor vehicle repairs with hand tools, limited to the installation and service of mufflers with the use of acetylene torch, and to permit the parking of more than five motor vehicles for patrons only, and the erection of a roof sign; that it is further proposed to alter the interior of the building by dividing it into separate area for each use, that is, for storage, muffler replacement with use of an acetylene torch, and auto seat cover installation; that for patron parking, it is proposed to grade the lot, surface it with steam cinders with a suitable binder all properly rolled, erect a five foot six inch high chain link fence along property lines where no walls or openings occur, and provide substantial bumpers along the property lines, and the erection of a roof sign; and

WHEREAS, the applicant states that the building is entirely within the business use district; that the minor motor vehicle repairs for the muffler replacement service will be re-

stricted to a specific area in the building set aside for such work; that only three cars can be serviced at any one time; that this muffler service will not be a motor vehicle repair shop as commonly understood as there will be no automotive—moving parts—repairs, no ignition and no body and fender work; that it will not be a nuisance as there will be no smoke, odor, fumes or noise; that the parking will be limited to patrons and customers and no fees will be charged; that it will be used only during regular business hours and no cars will be parked on Sundays; that this parking space is urgently needed as it is essential to the operation of the business that patrons park on the premises; that only 710 square feet, or less than 7% of the area of the plot, used for parking, is in the residence use district; and

WHEREAS, the applicant contends that the premises is located on the northwest corner; that within the affected area, over 80% of the frontage along Queens Boulevard is allocated to gas stations, non-conforming, automotive and business uses; that the adjoining building at the north on 51st Avenue is within the business use district; that the plot to the east is used for the sale of used cars; that the garages of the buildings to the west almost block off these houses from said premises; that the sole lessee and operator of the entire premises is a responsible company who will maintain the premises, conduct the minor motor vehicle repairs for the muffler service and the accessory patron parking; that the requests in this application are absolutely vital to the proper conduct of the business; that the Rayco Company now operates the adjoining premises and will operate both buildings simultaneously; that to prevent patrons driving their cars across street and sidewalk, thus creating an operational hazard, request is made to omit fence between both premises; that this will insure greatest possible safety in operation; that the granting of this application for the permanent use of minor repairs limited to the muffler service, and for the parking of more than five cars for patrons would enable the owner to make a reasonable and just use of his property without affecting anyone adversely and permit the lessee to expand in a logical and unobstructive manner; and

WHEREAS, the applicant states that the present owner has held title to the property since July 19, 1946; that the assessed valuation of land is \$32,000 and of the building \$27,000 making a total of \$59,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit the use as proposed of the existing plot and building to be extended into the residence district, where shown on plans marked "Received November 24, 1958", five sheets, and "January 12, 1959", one sheet; and under Section 7i to permit minor repairing and muffler and seat cover installation on cars and use of an oxy-acetylene torch, on condition, that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; that these premises may be used in conjunction with the premises under the same ownership and control on Lot 7 adjoining to the west; that the proposed sign on the roof shall not be constructed; that any signs erected shall be in accordance with the requirements of the Zoning Resolution therefore and located below the roof cornice; that at the rear, on the side lot line to the west and the rear line to the north there shall be erected a masonry block wall not less than five feet six inches in height; that under Section 7h, for a term of five years, there may be parking of more than five motor

MINUTES

vehicles for patrons only awaiting service in connection with their cars; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

697-58-BZ

APPLICANT—Frederick A. Ketcher, for Charles E. Fletcher, owner.

SUBJECT—Application December 1, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a local retail use D area district, the erection of a one story building for use as seven (7) stores, the proposed structure exceeds the permitted area coverage.

PREMISES AFFECTED—285 West 231st Street, and 3103 Corlear Avenue, northwest corner, Block 3406, Lot 83, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and West 231st Street are in a local retail use, D area, class 1 height district; Tibbett Avenue and Corlear Avenue are in local retail and residence use, D and DD area, class 1 height districts; West 232nd Street is in a residence use, DD area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 3, 1958 acting on N.B. Applic. No. 1115-58, reads:

"1. In a D area district, the proposed use of building for stores exceeds the 70% allowable area and is contrary to Sec. 14(c) of the Zoning Resolution and is hereby denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 29.97 feet frontage by 100 feet in depth, presently vacant; that it is proposed, in general, to erect a one story and cellar masonry building on the corner, finished with face brick and limestone trim and designed in a basic colonial motif; that specifically, it is proposed to occupy the remaining 30 feet of the lot for stores, instead of garages; and

WHEREAS, the applicant states that Article 2, Section 14c permits a 70% coverage of said corner lot for stores, and permits accessory garage use on the remaining 30%; that this application is for a permanent variation to permit this remaining 30 feet to be used for stores; and

WHEREAS, the applicant further states that if the accessory garages were to be built, the enclosure lot line walls on the west and north for this garage would be exactly the same as for the stores; that there would be no difference in the height of the walls or in the volume of the building; that basically this proposal could not be construed as an increase in area, inasmuch as the legal building would cover said area; that actually, it is a request for a change in the occupancy of the 30 feet of the frontage on 231st Street, from accessory garage to stores; and

WHEREAS, the applicant contends that the soil conditions at this location necessitate installation of piles and a reinforced concrete retaining wall from present grade to the level of the cellar floor, and thus the foundation for the proposed building obviously presents practical difficulties which are in excess of standard construction; that these physical conditions and the attending additional costs are

self-evident and constitute an unnecessary hardship; that all adjoining properties are in the local retail use district; that the plot to the west is used for unlimited parking; that the owner is willing to make the additional investment in order to rigidly safeguard the character of the local retail district; that the proposed occupancy would insure proper community development, up-grade the area, be an asset to the neighborhood and enhance adjoining property values; that the granting of this application for use of the 900 square feet for stores such as permitted in a local retail use district, in place of accessory garages, would enable the owner to make a just and reasonable use of his property without affecting anyone adversely; that by the erection of these stores, the City of New York would stand to benefit by an annual increase in taxes of about \$2,000; that the proposed request would result in a definite improvement in the general appearance of the premises and inure to the comfort, convenience and safety of the public; and

WHEREAS, the applicant states that the present owner has held title to the property since May 12, 1951 and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 as to area, to permit the construction of a one-story building substantially as proposed and as indicated on plans filed with this application marked, "Received December 1, 1958," 6 sheets, on condition that there shall be no windows opening in the rear or west side lot line wall to adjoining premises; that the sidewalks and curbing abutting the premises on the abutting streets shall be constructed or repaired to the satisfaction of the Borough President; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that there may be no signs above the cornice line of the building; that such sign shall comply with the requirements therefore; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

698-58-BZ

APPLICANT—George H. Colin, for Cities Service Oil Co., owner.

SUBJECT—Application December 1, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district, the reconstruction of an existing gasoline service station, lubricatorium, car wash, accessory sales, minor motor repairs and parking and storage of more than five (5) motor vehicles, the proposed reconstruction to provide a new accessory building, additional gasoline tanks and eliminate two existing curb-cuts.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the

MINUTES

Bulletin; laid over to April 21, 1959, for inspection and decision; applicant to file three sets of plans; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Southern Boulevard, Tinton Avenue and East 14th Street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 10, 1958 acting on N.B. Applic. No. 347-58, reads:

"1. In a business district the proposed "Gasoline service station, accessory sales, car wash, lubritorium, minor motor repairs and parking and storage of more than 5 motor vehicles" is contrary to Sect. 4, Art. II Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 145.36 feet frontage by 81.34 feet in depth, improved with a one story brick building approximately 15 feet by 18 feet, which building has a peaked tile roof and contains an office, one toilet and a heater room; that there are also on the property three outside grease pits, a three-pump concrete island and nine 550 gallon underground gasoline storage tanks; that abutting the premises are five curb cuts, two on Southern Boulevard, two on Tinton Avenue and one at the apex, a masonry retaining wall and a wood fence along the interior lot line; that Certificate of Occupancy No. 703 was issued by the Building Department in 1925 for a gasoline station, at which time the premises were improved with a metal building; that the existing brick building was erected under N.B. Applic. No. 2493-26 and said Certificate of Occupancy was superseded by Certificate of Occupancy No. 3139, which, in turn, was superseded by Certificate of Occupancy No. 21572, submitted with this application; that it is proposed to remove the existing building and to erect a new two-bay service station building; that the building is to be 30 feet by 44 feet and will accommodate, in addition to the office, two bays, one for lubrication and one for car washing, ladies and mens restrooms and a combined heater and storage room; that the construction is to consist of concrete foundations, masonry walls and wood roof; that it is believed that porcelain enamel facing is appropriate for this location and this type of exterior is therefore indicated; that an illuminated free standing sign is proposed on the roof of the building; that the existing wood fence is to be replaced by a new 4 foot high chain link fence, and a retaining wall with a chain link fence above it is to be installed on a portion of the westerly property line; that three new 550 gallon underground gasoline storage tanks are proposed, making a total of 12, and one new 550 gallon waste oil tank is also proposed; that of the existing five curb cuts, two are to be closed, the one at the apex and the northerly curb cut on Tinton Avenue; that no change is contemplated with respect to the three remaining curb cuts; and

WHEREAS, the applicant contends that Southern Boulevard and Tinton Avenue are important vehicular thoroughfares, with ever increasing traffic; that the building was erected about 30 years ago according to the standards and requirements of that day and does not meet the present day requirements of either the public or progressive service station operation; that this application reflects the purpose of the owner to erect a modern gas station in lieu of the existing station which has lapsed into obsolescence in the course of 30 years past; that the enclosed lubritorium will make available an appropriate modern greasing facility to the advantage of the public, the property owner and the persons employed at the station; that operating personnel will work under more favorable conditions from the viewpoint of their health and safety, since they will not be exposed to bad weather conditions; that the proposed car wash bay is necessary by reason of public demand for complete servicing facilities at one station; that in addition, necessary and appropriate storage room will be furnished and the restrooms will afford the public modern, sanitary convenience of this nature; that in the over-all aspect, the

proposed modernization will improve the general appearance of the neighborhood by substituting a service station building of handsome appearance and modern design for an outdated structure, and will also, for the same reason, tend to increase property values and the City's tax income; that the parking and storage facility requested will remove from the public streets many of the vehicles now clogging the thoroughfares in this vicinity and will thereby further municipal efforts to minimize street parking and alleviate traffic congestion; and

WHEREAS, the applicant further contends that the owner is at present under a special and unique hardship in respect of the property involved in this application; that by reason of its inability to effect the proposed improvements and thereby increase its economic productivity, the owner is burdened with the full cost of carrying and maintaining this property and cannot realize the full economic potential of the property in order to defray such costs; that the granting of this application will not alter the essential character of the locality; and

WHEREAS, the applicant states that the present owner has held title to the property since 1926; that the assessed valuation of land is \$14,500 and of the building \$3,500 making a total of \$18,000; that the building was erected in 1925-29; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the lawfully existing gasoline service station to be reconstructed and extended, substantially as proposed and as indicated on plans filed with this application marked "Received December 1, 1958", six sheets, *on condition* that all buildings and uses now on the site and not proposed to be retained shall be removed and the premises shall be as proposed to be extended, constructed and arranged as indicated on plans filed with this application cited above; that the arrangement of the plot shall be as indicated on plans showing proposed conditions; that there shall be no cellar under the proposed accessory building; that the accessory building shall in all other respects comply with all laws, rules and regulations applicable thereto; that there shall be no signs erected above the cornice or canopy of the building; that any signs constructed on the facade of the building shall be below the cornice and facing southerly; that there shall be no cellar under the building; that doors to the toilet rooms shall be rearranged so as not to be contiguous; that pumps shall be of a low approved type erected not nearer than ten feet to the street building line; that curb cuts shall be restricted to curb cuts now existing, with no curb cut toward the point, which if existing, shall be closed and with the curb cut on Tinton Avenue, where shown, to be closed; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that if any of the twelve are existing, they shall be tested by the Fire Commissioner for structural condition and shall be replaced with new tanks if found not to be in good structural condition; that the plot where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that signs shall be restricted to permanent signs attached to the facade of the accessory building, and as above required, and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices but permitting toward the north one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond

MINUTES

the building line for a distance of not over four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7c there may be parking and storage of motor vehicles so parked as not to interfere with servicing of the station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

707-58-BZ

APPLICANT—Leonard F. Rothkrug, for George and Witali Federow, doing business as Four Brothers Repair Shop, owners.

SUBJECT—Application December 2, 1958—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business use district the rebuilding and extension of a motor vehicle repair shop, completely destroyed by fire, with accessory welding, painting and spraying and the additions of gasoline pumps and tanks, not for sale, car washing, non-automatic, parking and used car sales all for a temporary term of ten (10) years.

PREMISES AFFECTED—858-862 Bedford Avenue, west side, 232 feet, 9 inches north of Myrtle Avenue, Block 1900, Lots 53 and 54, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; applicant to submit new photograph and corrected plans as to gasoline pump; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Bedford Avenue are in a business use, B area, class 1½ height district; Myrtle Avenue and Park Avenue are in business and unrestricted use, B area, class 1½ height districts; Skillman Street is in an unrestricted use, B area, class 1½ height district; that on July 25, 1916 the premises was in an unrestricted use district and was rezoned to business on June 8, 1923; and

WHEREAS, the decision of the Borough Superintendent, dated November 19, 1958 acting on Alt. Applic. No. 3558-58, reads:

"1. Proposed motor vehicle repair shop, body and fender work with acetylene welding in a Business use Zone is contrary to Article II, PP. 4a, subsections 4 and 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet in depth, on which was located two frame buildings destroyed by fire, formerly used as a motor vehicle repair shop, and the basement portion of a three story frame building destroyed by fire and being rebuilt under approved Alt. Applic. No. 970-58 for a conforming retail store use, and a one story concrete block extension presently used as a motor vehicle repair shop; that it is proposed to rebuild the motor vehicle repair shop buildings destroyed by fire by erecting a one story building 30 feet by 50 feet in area, to be used in conjunction with the existing one story cement block building as a motor vehicle repair shop with accessory welding, painting and spraying, non-automatic car wash, gasoline pumps and tanks for customer use only, and parking and used car sales; and

WHEREAS, the applicant states that Fire Department Permit No. F-514558 for a motor vehicle repair shop, storage

of 100 gallons of lubricating oil, storage of fifteen gallons of paints and fifty gallons of Savasol is presently in effect on these premises, and have been issued continuously since 1924; that the records of the Fire Department show that earlier motor vehicle repair shop uses were existing on these premises; that Violation No. 3586-57 was issued on August 14, 1957 covering 862 Bedford Avenue, Block 1900, Lot 55, as follows: "building was partly destroyed by fire. Unsafe Building No. 60-57 pending for fire damage. Remainder of building has been demolished without obtaining proper permits from this Department"; that the Unsafe Building notice was removed by obtaining the necessary permits and completing the demolition of the upper two frame stories destroyed by fire; that subsequently Alt. Applic. No. 970-58 was approved, under which the remaining basement story was used as the basis of a one story retail store; that Zoning Violation No. 160-58 was issued July 9, 1958 in that the premises, located in a business use district, is being unlawfully used for a parking lot of more than five motor vehicles; and

WHEREAS, the applicant contends that this neighborhood was one of the earliest developed in the Borough, and in 1916 when the Zoning Resolution became effective, Bedford Avenue and most of the surrounding area was zoned unrestricted; that the area was rezoned to business in 1923, but most of this area had already been developed with automotive uses; that the following automobile uses exist within the affected area: block 1900, lot 72—motor vehicle repair shop; block 1900, lot 50—used car lot; block 1900, lot 39—sale of auto accessories; block 1734, lots 67 and 68—motor vehicle repair shop; block 1734, lot 60—motor vehicle repair shop and block 1734, lot 31—storage garage; and

WHEREAS, the applicant further contends that the present owners conducted business on the rear frame buildings on these premises at the time of the fire under a lease with the prior owner, and in addition, another repair shop tenant occupied the existing rear cement block building; that after the fire the Four Brothers leased a nearby gasoline service station and purchased the subject premises; that the lease with the remaining tenant expired and that the tenant vacated the rear building; that the owners of the subject premises are also the owners of block 1900, lot 7, fronting on Skillman Street; that the building on this abutting lot is used as a residence by the owners' family so that there is constant supervision of the premises; that the present owners have established a good reputation in this neighborhood for honest, reliable auto repair services and desire to replace the fire-destroyed buildings by an attractive building which will be used by them in the conduct of their business; and

WHEREAS, the applicant states that the present owners have held title to the property since July 17, 1957; that the assessed valuation of land is \$11,200 and of the building \$5,800 making a total of \$17,000; that the building was erected in 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e for a term of ten years, to permit the reconstruction and extension of the former motor vehicle repair shop, substantially as proposed and indicated on plans filed with this application, marked "Received December 2, 1958", 5 sheets and "April 10, 1959", 4 sheets, on condition that all buildings and uses not proposed to be retained shall be removed and the premises shall be constructed and arranged as indicated on plans above cited; that under Section 7i motor vehicle repairing may be permitted with hand tools only within a portion of the new building where shown and in Building B general motor vehicle repairing with hand tools only but body and fender work and acetylene welding may

MINUTES

be permitted; that there shall be a fireproof door constructed between the motor vehicle repair shop section and the similar section adjoining; that the space to be occupied for parking and used car sales shall be suitably surfaced; that fences shall be constructed and maintained where walls do not exist on the lot lines, such fences shall be of the woven wire chain link type on a masonry base to a total height of not less than 5 feet, 6 inches, and along the street building line such fences shall also be maintained; that there shall be gates in the fence, where and as shown, which shall be kept closed when cars are not passing in and out of the premises and with curb cut opposite not exceeding 10 feet in width each; that in all other respects the buildings and use shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs not in compliance with present requirements shall be removed and only signs in accordance with the requirements herein shall be installed; that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

712-58-BZ

APPLICANT—Carl H. Salminen, for Ida Cacciatore, owner.

SUBJECT—Application December 5, 1958—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit on a plot partly in a G-1 area and partly in a D area district, the conversion of a one family dwelling to a two family dwelling.

PREMISES AFFECTED—190-17 33rd Avenue and 32-66 191st Street, northwest corner, Block 4941, Lot 5, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; hearing closed; then to April 21, 1959 for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 190th Street are in residence and retail use, G-1 and D area, class ½ height districts; 191st Street is in residence and retail use, D area, class ½ height districts; Francis Lewis Boulevard is in a retail use, D area, class ½ height district; 33rd Avenue is in a residence use, G-1 and D area, class 1 height district; that in 1916 the property was in a business and residence D, 1 height district; that on July 7, 1953 the area was changed to G-1 residence and D retail, ½ height district, which is the present zoning; that there are no zoning proposal changes at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated December 1, 1958 acting on Alt. Applic. No. 2703-58, reads:

"1. The proposed conversion of a one family dwelling to a 2 Fam. Dwg. in a G-1 district is contrary to Art. 2 Sec. 16c of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 88.08 feet in depth, improved with a 2½ story frame dwelling with basement, erected in 1914 under Plan N.B. 3536-14 and altered under Applic. No. 440-47 and Misc. No. 5525-48; that after the alteration was completed in 1947, Certificate of Occupancy No. Q46100 was issued on March 24, 1948; that there is a one car masonry garage erected in 1958 under N.B. Applic. No.

1928-58 and signed off in the Department of Buildings on October 10, 1958; that it is proposed to legalize the existing two family dwelling, requesting the kitchen to remain in the attic floor with a 7 foot 8 inch ceiling height, and the summer kitchen to remain in the basement; and

WHEREAS, the applicant states that the owner purchased the property in May 11, 1936 as a one family dwelling; that subsequently the married children moved in when the building was converted to a two family dwelling in May, 1942, with a summer kitchen in the basement; and

WHEREAS, the applicant contends that the owners are an elderly and infirm couple requiring the constant care of their children; that they have spent quite a sizable sum of money to improve this building for the use of their children, thereby reducing the carrying charges; that it would be an extreme hardship for the owners, physically and financially, to bring this building back to legal status as a one family dwelling and thus be deprived of the help and care of their children; that in view of these circumstances, it is requested that a variance be granted to permit this building to remain as a two family dwelling; and

WHEREAS, the applicant states that the present owner has held title to the property since May 11, 1936; that the assessed valuation of land is \$5,000 and of the building \$6,500 making a total of \$11,500; that the building was erected in 1914; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found the building occupied by a single family but that a second family could be maintained in the second story and attic and recommended that the application be granted under certain conditions; and it appeared that the proposal is to continue the joint use of the residence building for the several members of the family; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21, to permit the alteration of the existing one-family residence building to a two-family building, on condition that all alterations required to complete such change shall be complied with and that in addition there shall be an exterior fire escape at the rear leading from an attic window directly to grade or to a platform at second story level with counter-balanced ladder to grade, as proposed and indicated on plans filed with this application, marked "Received December 5, 1958", 6 sheets; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

713-58-A

APPLICANT—Carl H. Salminen, for Ida Cacciatore, owner.

SUBJECT—Application December 5, 1958—Appeal from a decision of the Borough Superintendent, re frame construction.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 1, 1958 on Alt. Applic. 2703/58, reads:

MINUTES

"2. The use of more than 2 stories for living purposes in a 2 family dwg. is contrary to Section 8.7.2.1 of B.C."

and

WHEREAS, the applicant states that the building is 2 stories, attic and cellar, 30 feet high, 30 feet by 39 feet in area, of wood frame construction, located in residence and retail use, G-1 and D area, class ½ height district, built in 1914 as a 1 family dwelling, used since 1936 as a 2 family dwelling with kitchens in cellar, 1st floor and attic floor; that a Certificate of Occupancy Q46100/48 was issued against Alt. Applic. 440/47 for a one family dwelling with attic use, described as dwelling; that the owner proposes to legalize present use as a 2 family dwelling with a kitchen and lavatory in the attic; that all conditions are more fully described in Calendar Number 712-58-BZ; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated December 1, 1958, acting on Alt. Applic. 2703/58, Objection #2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted by the Board this day under Cal. No. 712-58-BZ shall be complied with.

717-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Virver Atlantic Realty Corp., owner.

SUBJECT—Application December 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for more than five (5) motor vehicles for a temporary term of ten (10) years.

PREMISES AFFECTED—244-262 Hendrix Street, west side, 105 feet, 11 inches south of Atlantic Avenue, Block 3962, Lot 24, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; Hendrix Street and Van Siclen Avenue are in residence and business use, C area, class 1 height districts; Atlantic Avenue and Liberty Avenue are in a business use, C area, class 1 height district; that as of July 25, 1916 the premises were in an unrestricted use district, a class one height district and a class C area district; that the present use district designation became effective May 15, 1941; and

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1958 acting on Alt. Applic. No. 2828-58, reads:

"1. Proposed parking and storage of motor vehicles on a lot located in a Residence use district is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 160 feet frontage by 100 feet in depth, now occupied as lumber yard and coal pockets; that no permits or Certificate of Occupancy are indicated for these uses in the Bureau of Buildings, said uses having been in use since before 1916; that it is proposed to remove the present buildings and uses now on the site and, for a temporary period of ten years, to use the premises for parking and storage

of motor vehicles; that the site will be leveled to grade, cinder paved and a 5 foot 6 inch high woven wire fence on a 6 inch high concrete curb erected on all interior lot lines and at the building line, except for a 30 foot wide entry; that only one 20 foot wide curb cut will be installed at the curb in front of the site; and

WHEREAS, the applicant states that Atlantic Avenue, only 105 feet 11 inches north of the site, and Hendrix Street, are heavily congested streets and the proposed parking lot will do much towards relieving the traffic situation in the area; that the plot is now occupied with old coal pockets and frame buildings and their removal will do much to improve the appearance of the community and also remove a fire hazard; that although the site was rezoned from unrestricted to residence use on May 15, 1941, Hendrix Street still has an unrestricted aspect as is evidenced by the following non-conforming uses in the affected area: block 3963, lots 8 and 3—gas station and factory; block 3978, lots 23 and 30—steel yard and garage; block 3962, lots 30, 12 and 2—gas station, lumber yard and garage; and

WHEREAS, the applicant contends that the proposed parking lot will be entirely in keeping at this point, will go far towards improving the general welfare, health and safety of the entire community by removing a fire hazard, improving the appearances and alleviating the parking situation in the area; and

WHEREAS, the applicant states that the present owner has held title to the property since June 26, 1958; that the assessed valuation of land is \$26,500 and of the building \$4,000 making a total of \$30,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles, substantially as proposed and as indicated on plans filed with this application marked "Received December 8, 1958", 4 sheets, *on condition* that all buildings, uses and structures now on the premises shall be removed as proposed, and the plot shall be leveled substantially to the grade of Hendrix Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type not less than five feet six inches in height including a masonry base with no openings therein except one for entrance and exit to Hendrix Street; that such opening shall be fitted with gates which shall normally be kept closed when the cars are not going in or out; that such opening shall not exceed twenty feet and shall have suitable terminating posts at either jamb; that opposite such opening there may be a curb cut of similar width; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that if any retaining walls are required they shall be furnished on the lot lines at the expense of this owner; that signs shall be restricted to one sign attached to the fence near the entrance advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet and shall not be illuminated and shall not extend beyond the building line; that suitable bumpers shall be maintained at all points to protect the fences and walls of others on the lot lines; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

724-58-BZ

APPLICANT—Paul Friedman, for Peter J. Houser, owner; Houser Buick, Inc., lessee.

SUBJECT—Application December 9, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit for a term of ten (10) years the outdoor display and sale of more than five (5) motor vehicles, office, parking of more than five (5) motor vehicles for tenants or its employees, customers and patrons and business ground sign in a local retail use district.

PREMISES AFFECTED—218-18 Hempstead Avenue, south side, 150.16 feet west of 218th Place, Block 11106, Lots 43, 46 and 49, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Hempstead Avenue are in a local retail use, D area, class ½ height district; 217th Place and 218th Lane are in local retail and residence use, D and E-1 area, class ½ height district; 103rd Avenue is in a residence use, E-1 area, class ½ height district; that as of July 25, 1916 the property was zoned as a business use, one times height and D area district; that on January 21, 1947 the present local retail designation became effective, and on June 30, 1952 the present class ½ height designation became effective; that the D area designation has not been changed; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated December 3, 1958 acting on Alt. Applic. No. 2562-58, reads:

"1. Outdoor display and sale of more than five motor vehicles, office, parking of more than five motor vehicles for tenants or its employees, customers and patrons, and business ground sign in a local retail district is contrary to Art. 2 Sec. 4c of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.13 feet frontage by 71.51 feet and 69.36 feet in depth; that Certificate of Occupancy No. 106418 was issued on December 1, 1955, for storage—on ground—and renting of two wheel trailers; that it is proposed to obtain a temporary Certificate of Occupancy for a term of ten years for the outdoor display and sale of more than five motor vehicles, office, parking of more than five motor vehicles for tenants or its employees, customers and patrons, and business ground sign, substantially in accordance with the plans of proposed conditions filed with this application and subject to such further conditions as the Board may deem appropriate; and

WHEREAS, the property was sold by the City at public auction to Peter J. Houser, who is President of Houser Buick, Inc., and the deed was delivered to him on November 14, 1958; that the premises is now being used for outdoor display and sale of more than five motor vehicles, parking of more than five motor vehicles for tenant or its employees, customers and patrons, and for a ground sign; that as to curb cuts, two seven foot curb cuts with one and one-half foot displays were approved by the Department of Buildings on November 1, 1955; that one of said curb cuts was described on the permit as 182 feet west of 218th Place and the other as 279 feet west of 218th Place; that the additional 14 foot curb cut at the east-

erly frontage of the premises is unauthorized; that the tenant is Houser Buick, Inc., an authorized Buick dealer of which the owner, Peter J. Houser, is President; that Houser Buick, Inc., maintains its automobile showroom and accessory repair shop, parking lot and used car lot opposite to the subject premises at 218-25 Hempstead Avenue, as per Cal. No. 816-53-BZ, Vols. I and II; and

WHEREAS, the applicant contends that the authorized automobile dealer whose premises are opposite the subject premises is in need of additional space for its used car department and for parking for patrons and employees; and

WHEREAS, the applicant states that the present owner has held title to the property since November 14, 1958 and that the assessed valuation of land is \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit the premises to be occupied for outdoor sale and display of motor vehicles and parking of motor vehicles belonging to the tenants and employees, customers and patrons substantially as proposed and indicated on plans filed with this application marked "Received December 9, 1958," 5 sheets, "December 16, 1958," 1 sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Hempstead Avenue and shall be surfaced with clean gravel, treated with a binder and properly rolled; that the curb cuts shall not exceed two, each not over 10 feet in width; that the sidewalks and curbing abutting the premises shall be repaired or constructed to the satisfaction of the Borough President; that along the side lot lines there shall be erected a woven wire fence of the chain link type not less than 5 feet, 6 inches in height on a masonry base; except that the existing conditions on the rear lot line between the garages of the abutting owners may be continued consisting of a lattice fence, shrubbery hedge and a wire fence; that against such fence at all points there shall be substantial wood bumpers for protection thereto; that during the term of this variance the premises shall be occupied for no other use and no buildings erected thereon, except there may be one building not exceeding one hundred square feet and one story in height solely for an office and shelter for the attendant; that signs shall be as permitted under the Zoning Resolution but not including the type of ground sign as proposed; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the existing gate in the fence on the easterly lot line may be retained for the convenience of the adjoining owner, but not as a means of exit from the premises; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision; hearing closed; then to April 21, 1959, for further consideration and decision; applicant to advise Board as to possibility of control of parking lot; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Pleasant Avenue are in a residence use, B area, class 1½ height district; East 120th Street and East 119th Street are in residence and business use, B area, class 1½ height districts; First Avenue is in a business use, B area, class 1½ height district; that as of July 25, 1916 the property was in an unrestricted district and was changed to its present residence designation on May 28, 1938; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1958 acting on Alt. Applic. No. 1595-58, reads:

"1. The proposed parking lot for parking & storage lot for more than five (5) pleasure type motor vehicles is contrary to Article II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100 feet 11 inches in depth, now vacant and fenced off from the street by a wire fence located about 7 feet behind the street line; that foundation walls of former structure are exposed above the surface at rear of property; that there originally existed on this property, a six story, old law tenement, which was demolished under Demolition Permit No. 168-1941; that this application was filed July 22, 1941; approved the same date and demolition work completed December 11, 1941; that the present owners purchased and acquired title to the property directly from the City of New York; that it is proposed to construct a driveway across the sidewalk and retaining walls along the easterly lot line for the distance of adjoining yard, outer and inner courts; that it is also proposed to erect wire fence and gates along the street line and a similar fence along the side and rear lot lines where masonry walls of adjoining structures do not abut; that it is further proposed to re-grade the property substantially to the sidewalk grade and thence surface same with a pervious pavement, which will also prevent the raising of dust; and

WHEREAS, the applicant contends that there is no provision for necessary parking available in the surrounding private and multiple dwellings; that although the lot is limited in area, the proposed use would help to relieve street parking; that the improvement would eliminate the present unsightly appearance of the property and would be a deterrent to littering of rubbish; that the owners reside and have their places of business in the neighborhood and therefore adequate maintenance and policing of the proposed use would be assured; that parking and storage will be strictly on a monthly basis and, except for immediate egress, the gates will be kept locked to prevent vandalism; that the proposed use is the highest and best use, as a conforming use would not be economically sound now or in the foreseeable future due to the character of the neighborhood and the very limited available land area; that the proposed use would not adversely affect public health, safety and the general welfare; and

WHEREAS, the applicant states that the present owners have held title to the property since November 20, 1958 and that the assessed valuation of land is \$4,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee rec-

ommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles of the pleasure car type, substantially as proposed and as indicated on plans filed with this application marked "Received December 16, 1958", 2 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of East 120th Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that where masonry walls of adjoining buildings do not occur on the lot line there shall be erected a woven wire fence of the chain link type not less than five feet six inches in height, and across the court and on the lot lines to the rear and including the front with no openings therein except one opening for entrance and egress to East 120th Street, which shall be fitted with gates, normally kept closed when cars are not entering or leaving; that all tenants shall be assigned parking spaces and shall be furnished with a key to the gate; that the general supervision of the plot shall be under the control of the person having charge of similar lots in the immediate vicinity; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that proper bumpers shall be maintained at all points along the lot lines for the protection of fences and walls; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

745-58-BZ

APPLICANT—Leonard F. Rothkrug for Joseph and Edna Ragozini, owner.

SUBJECT—Application December 19, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot with accessory caretaker's dwelling for a temporary term of five (5) years.

PREMISES AFFECTED—2556/2558 East 14th Street, west side, 125 feet north of Avenue Z, Block 7434, Lots 30, 31 and 32, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; applicant to file plan showing proposed storage of cars on the lot, operation with signs of entrance and exits and the spaces involved; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue Y are in a residence use, D area, class 1 height district; East 14th Street and East 13th Street are in residence and business use, D area, class 1 height districts; Avenue Z is in a business use, D area, class 1 height district; that there has been no change in zoning since July 25, 1916 and no change is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated December 12, 1958 acting on Alt. Applic. No. 4126-58, reads:

MINUTES

"1. Parking and storage of motor vehicles, vacant portion of lot in a Residence use district is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 feet frontage by 100 feet in depth, on which is located a one story dwelling, occupied by the owners; that it is proposed to maintain the premises as a parking lot with the dwelling to be used by the owners, who will be caretakers of the parking lot; and

WHEREAS, the applicant states that the premises consists of three lots; that the owners purchased lot 32, with the dwelling, from the former owner, and subsequently purchased lots 30 and 31 from the City; that the owners reside in the dwelling and propose to maintain the balance of the premises as a parking lot; and

WHEREAS, the applicant contends that there is an urgent need for parking in this neighborhood; that this area was developed before the Zoning Resolution was amended to require accessory off street parking, and as a result, this densely developed area has very limited private parking facilities; that if the dwellings on these tax blocks were erected at the present time, they would all be required to have garages or other off street parking; that presently there are only four or five private one-car garages in the area; that there is bumper to bumper parking along the street, and the condition becomes worse with the increase of commuters who park in the neighborhood and then entrain at the nearby station; and

WHEREAS, the applicant further contends that a grant of the variance will not adversely affect adjoining owners; that the presence of the owners in their home on the premises insures the neighborhood that the lot will be maintained in a clean and attractive manner; that it also guarantees that no unauthorized persons or parking will be permitted on the premises; that the heavy street parking presents a danger to pedestrians which will be partially relieved; that the proposed development of the vacant lots will permit them to be maintained, whereas in the past such maintenance was not possible; that elimination of some street parking will enable the Police Department to better supervise the neighborhood; and

WHEREAS, the applicant states that the present owners have held title to the property since June 12, 1958; that the assessed valuation of land is \$10,000 and of the building \$3,500 making a total of \$13,500; that the building was erected in 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received December 19, 1958", three sheets, and "April 7, 1959", one sheet, *on condition* that the space where parking is proposed and the roadway for exiting from such parking space, as shown, shall be leveled substantially to the grade of the street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that the existing dwelling and existing one-story two-car garage may remain; that there shall be erected on all lot lines where masonry walls of adjoining occupancies do not occur a woven wire fence of the chain link type not less than five feet six inches in height with no openings therein except one existing opening leading to the garage and two openings, one for entrance and one for exiting, not over 14 feet in width; that such openings in the fence shall all be fitted with gates which shall normally be kept closed when

cars are not going in or out; that opposite such openings there may be curb cuts of the width as shown on plans above cited; that sidewalks and curbing abutting the premises on the street shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to the fence at the opening for entrance, such sign not to exceed five square feet in area, advertising the parking and storage use and such other information as may be required by the Commissioner of Licenses; that such sign shall not be illuminated nor extend beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the tree toward the southerly lot line of the premises shall be retained and protected against damage; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

56-59-BZ

APPLICANT—Reginald S. Hardy for Stockman Holding Corporation, owner; H. C. Bohack Company, Inc., lessee.

SUBJECT—Application January 30, 1959—Appeal from a decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a D area district, the extension of the cellar and first floor of an existing two story building occupying more than the permitted area and without the required rear yard.

PREMISES AFFECTED—72-50 Austin Street, south side, 101.17 feet west of Ascan Avenue, Block 3255, Lot 65, Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Reginald S. Hardy and Murray Stockman.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Austin Street, Burns Street and Ascan Avenue are in a retail use, D area, class 1 height district; that on July 25, 1916 the property was included in a business use and C area district; that on February 5, 1940 these designations were amended to conform to the present use and area designations; and

WHEREAS, the decision of the Borough Superintendent, dated January 27, 1959 acting on Alt. Applic. No. 171-59, reads:

"1. The proposed extension to a retail market located in a "D" area district is excessive in area and contrary to Art. IV Sec. 14(c) of Zoning Resolution.

"2. Provide a rear yard as required by Art. IV Sec. 14(a) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.48 feet frontage by 100.93 feet in depth, improved with a two story brick structure, the first floor of which is arranged for use as retail stores and the second floor as offices; that the building was erected pursuant to N.B. Applic. No. 2884-1930 and Certificate of Occupancy No. 44704 was issued October 11, 1931; that it is proposed to extend the cellar and first floor of the building to cover the entire plot; that the second floor will remain unchanged; and

WHEREAS, the applicant states that the area of the plot is 5,049.50 square feet; area of present building is 3,500 square feet; area of permissible coverage of lot under existing zoning regulations—55%—2,777.22 square feet; area

MINUTES

of proposed extension—1,549.50 square feet; area of proposed extended building—5,049.50 square feet; excess coverage—2,272.28 square feet; and

WHEREAS, the applicant contends that Austin Street, upon which the subject premises abut, constitutes one of the major shopping areas in Forest Hills; that the property on both sides of that thoroughfare for several blocks is devoted to retail stores and the entire area is an active retail shopping district; that the first floor of the premises under appeal were formerly occupied by retail stores, but they became vacant and the owner endeavored to obtain a tenant for the entire first floor; that it was ultimately able to interest H. C. Bohack Co. Inc. in the location; that a survey was made and it was found that the property is of inadequate size to accommodate the needs of that organization; that a lease of the premises was executed conditioned upon obtaining permission to extend the building to cover the entire plot; and

WHEREAS, the applicant further states the building to the east of the subject premises in block 2355, lot 67, occupies the entire plot extending from Austin Street to the rear lot line; that the building to the west of the site in block 2355, lot 62, occupies substantially all of the lot, having a depth of approximately 92 feet and leaving a rear yard of 8 or 9 feet at its maximum depth; that the embankment of the main line of the Long Island Railroad is directly to the rear of the site; that this embankment is occupied by a four track railroad line which is extensively used throughout the day; that it extends to a height somewhat above the first floor ceiling of the building on the subject premises; that it is therefore apparent that the rear yard serves no useful purpose, for the buildings to the east and west extend virtually to the rear lot lines and the side walls thereof are blank walls containing no openings therein; that the railroad embankment makes the rear yard an enclosed court, affording no benefit to any other property; and

WHEREAS, the applicant contends that the prospective tenant of the property, H. C. Bohack Co. Inc., has indicated a willingness to enter into the premises and to expend a substantial amount of money to improve and extend the building if this application be granted; that if, however, it be denied and the owner is forced to retain the building in its present condition, it will be unable to obtain a rent commensurate with that which would be paid under the proposed lease; that the effect of the area district restriction therefore, is to prevent the owner from obtaining an adequate return from his investment in the premises without in any way benefitting any of the adjacent or nearby properties; that the Board had occasion to consider the area restrictions in this vicinity in acting on Cal. No. 55-50-BZ, which was granted October 3, 1950, which application affected premises located on the southwesterly corner of Austin Street and 75th Road in block 3291, lot 16, a short distance east of the site; that the Board recognized that the conditions in the area entitled the owner of that property to relief and accordingly permitted the erection of a building covering a greater percentage of the area of the plot than otherwise would have been permitted; and

WHEREAS, the applicant contends as to Item 2 of the denial of the Borough Superintendent which requires the maintenance of a rear yard as provided in Section 14a of the Zoning Resolution, that the inclusion of a rear yard on the subject premises would serve no useful purpose and would not benefit the owners of any adjacent or nearby properties; that at the time this building was erected, the premises were in a business use district and consequently no rear yard was required below the sill level of the second story windows (Zoning Resolution, Sec. 16b); and

WHEREAS, the applicant states that the present owner has held title to the property since October 31, 1935; that the assessed valuation of land is \$37,500 and of the building \$17,500 making a total of \$55,000; that the building was erected in 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the rear portion is of no use as providing light and air to others and is blocked at the rear by the high bank of the railroad; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 to permit the proposed one-story extension to the rear as proposed without rear yard and indicated on plans filed with this application marked "Received February 17, 1959," 7 sheets, on condition that such extension shall be used only in connection with the first floor of the building as proposed, and shall in all other respects comply with all laws, rules and regulations applicable thereto; that there shall be no windows on the side or rear lot lines; that arrangements shall be made to obtain an exit door to the west or south toward the adjoining premises and through such premises or the premises next adjoining to Austin Street, and to accomplish this the stairs shown from cellar to first floor may be placed against the rear wall if necessary; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

95-59-A

APPLICANT—Reginald S. Hardy, for Stockman Holding Corporation, owner; H. C. Bohack Company, Inc., lessee.

SUBJECT—Application February 17, 1959—Appeal from a decision of the Borough Superintendent—re egress; provide two means of egress from cellar area.

PREMISES AFFECTED—72-50 Austin Street, south side, 100.17 feet west of Ascan Avenue, Block 3255, Lot 65, Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Reginald S. Hardy and Murray Stockman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 27, 1959 on Alt. Applic. 171/59, reads:

"3. Provide two means of egress from cellar area as per 6.1.2.2.3 B.C."

and

WHEREAS, the applicant states that the building is 2 stories, 26 feet high, of non-fireproof construction, 50.48 feet by 73.5 feet in area, located in retail use, D area, class 1 height district, built in 1931 for the following uses: Cellar—storage; 1st floor—store, now vacant; 2nd floor—offices, 25 persons; that Certificate of Occupancy 44704/31 was issued against N.B. Applic. 2884/30 for the above uses; and

WHEREAS, the applicant states that it proposes to build a one story and cellar extension; that the new floor area will be 50.48 feet by 100.93 feet irregular; that the use of the 1st floor will be changed to retail food market, 250 persons; that the cellar will be used for storage of merchandise; that no persons will be regularly employed in this cellar; that the occupancy will be intermittent as necessary to handle merchandise; that the exits of the 2nd floor remain — one 3 foot 8 inch wide fireproof stair in one hour enclosure; that the cellar exits will consist of two stairs of fireproof construction, enclosed in the cellar in masonry walls and in 1 hour partitions on the 1st floor, doors top and bottom will be fireproof self-closing; that the rear stair will be 3 feet 8 inches wide; that the present front stair is 3 feet wide; that these

MINUTES

stairs are remote and terminate on the 1st floor; that the exits of the 1st floor are two doors, one at the west end the other near east end of the front wall; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated January 27, 1959, acting on Alt. Applic. 171/59, Obj. 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements as to two means of exit from the first floor and cellar shall be in accordance with the resolution as adopted this day under Cal. No. 56-59-BZ; and that the second means of exit from cellar may be by means of steps from the cellar to grade as indicated on plans marked, "Received February 17, 1959," 6 sheets and "March 3, 1959," one sheet.

Negative 0

Absent Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 228-39-SM.

Subject: Porete Precast Roof and Floor Channel Slabs.

Porete Manufacturing Co., No. Arlington, New Jersey, requested by letter dated November 19, 1958 for additional approval of the material known as Porete Precast Roof and Floor Channel Slabs under the provisions of C26-618.0, C26-344.0, C26-347.0 and C26-620.b. The application was reopened by vote of the board, December 2, 1958.

Purpose

The material is used as an incombustible precast floor and/or roof slab.

Description

The precast plank is manufactured of the same materials as the channel slab, previously approved by the Board March 28, 1939 under Calendar Number 228-39-SM. The channel slab that was tested differed in size and reinforcement.

Inspection and Test

The plant of the applicant was inspected by Ass't Engr. J. A. Darts, Committee on Test. The process of manufacture was witnessed and sample slabs were tested in accordance with the requirements of C26-626.0 Administrative Building Code.

The results of the test are as follows:

1. Channel slab,— $3\frac{1}{2}$ " x 24" x 100"
web thickness— $1\frac{1}{8}$ "
leg reinforcement— $\frac{1}{2}$ " rods on bottom
web reinforcement—4" x 4" & 12ga. x 14ga.
clear span—96"
Area under load = 16.0 Sq. ft.
Adjusted average load at failure = 4930
Load in lbs. per sq. ft. = $4930 \div 16.0 = 308$
Safe carrying capacity (Superimposed load) = $308 \div 4 = 77$
2. Channel slab,— $3\frac{1}{2}$ " x 24" x 108"
web thickness— $1\frac{1}{8}$ "
leg reinforcement— $\frac{1}{2}$ " rods on bottom, $\frac{3}{8}$ " rods on top
web reinforcement—4" x 4" & 12ga. x 14ga.
clear span—104"
Area under load = 17.3 Sq. ft.
Adjusted average load at failure = 4105
Load in lbs. per sq. ft. = $4105 \div 17.3 = 237$
Safe carrying capacity (Superimposed load) = $237 \div 4 = 59.2$

The following channel slabs received a cement finish. The application of this finish was witnessed by the Committee on Test on December 30, 1958.

3. Channel slab— $3\frac{1}{2}$ " x 24" x 112"
web thickness— $1\frac{1}{8}$ "
web reinforcement—4" x 4" & 12ga. x 14ga.
leg reinforcement— $\frac{1}{2}$ " rods on bottom, $\frac{3}{8}$ " rods on top
web reinforcement—4" x 4" & 12ga. x 14ga.
topping— $1\frac{1}{4}$ " nailable concrete
Overall thickness of slab including finish— $4\frac{3}{4}$ "
clear span—108"
Area under load = 18.0 Sq. ft.
adjusted average load at failure = 6375
load in lbs. per sq. ft. = $6375 \div 18 = 354$
Safe carrying capacity (superimposed load) = $354 \div 4 = 88.5$
 4. Channel slab— $3\frac{1}{2}$ " x 24" x 96"
web thickness— $1\frac{1}{2}$ "
leg reinforcement— $\frac{1}{2}$ " rods on bottom
topping web & reinforcement—4" x 4" 12 ga. x 14 ga.
1" Cement topping—1 : 3 cement
overall thickness— $4\frac{1}{2}$ "
clearspan—92"
Area under load = 7.7 Sq. ft.
Adjusted Average load at failure = 7280
Load in lbs. per sq. ft. = $7280 \div 7.7 = 945$
Safe carrying capacity (Superimposed load) = $945 \div 4 = 236$
 5. Channel slab— $3\frac{1}{2}$ " x 24" x 108"
web thickness— $1\frac{1}{2}$ "
leg reinforcement— $\frac{1}{2}$ " rods on bottom
web topping & reinforcement—4" x 4" & 12ga. x 14 ga.
1" Cement finish—1 : 3 cement
overall thickness— $4\frac{1}{2}$ "
clear span 104"
Area under load = 8.7 Sq. ft.
Adjusted average load at failure = 6205
Load in lbs. per sq. ft. = $6205 \div 8.7 = 714$
Safe carrying capacity (Superimposed load) = $714 \div 4 = 178.5$
- The following slab is similar to (1) and (2) and did not have a separate cement topping.
6. Channel slab— $3\frac{1}{2}$ " x 24" x 120"
web thickness— $1\frac{1}{2}$ "
leg reinforcement— $\frac{1}{2}$ " rods on bottom
web reinforcement—4" x 4" & 12ga. x 14ga.
Clearspan—116"
Area under load = 9.7
Adjusted average load at failure = 4155
Loads in lbs. per sq. ft. = $4155 \div 9.7 = 428$
Safe carrying capacity (Superimposed load) = $428 \div 4 = 107$

MINUTES

Recommendation

On the basis of the inspection and test and the data filed by the applicant. The Committee on Test recommends approval of the material known as Porete Precast Roof and Floor Channel Slabs for use in New York City as an incombustible precast floor and/or roof slab under the provisions of C26-618.0 & C26-619.0, C26-620.b, C26-344.0 and C26-347.0 Administrative Building Code and further recommends approval of the channel slab for floors and/or roofs in multi-story Class One structures when protected from below, with a 3 hour ceiling. The span and load limitations are as follows:

1. $3\frac{1}{2}$ " channel slab
 $\frac{1}{2}$ " rods in legs
clear span 96"—77 lbs./sq. ft. superimposed live and dead load
 2. $3\frac{1}{2}$ " channel slab
 $\frac{1}{2}$ " rods bottom and $\frac{3}{8}$ " rods on top
clear span 104"—59.2 lbs./sq. ft. superimposed live and dead load
 3. $3\frac{1}{2}$ " channel slab
 $\frac{1}{2}$ " rods bottom and $\frac{3}{8}$ " rods on top
 $1\frac{1}{4}$ " plant or field applied nailable cement topping
clear span 108"—88.5 lbs./sq. ft. superimposed live and dead load
 4. $3\frac{1}{2}$ " channel slab
 $\frac{1}{2}$ " rods bottom
1" plant or field applied 1 : 3 cement topping reinforced with 4" x 4" & 12 ga. x 14 ga. mesh
clear span 92"—236 lbs./sq. ft. superimposed live and dead load
 5. $3\frac{1}{2}$ " channel slab
 $\frac{1}{2}$ " rods bottom
1" plant or field applied 1 : 3 cement topping reinforced with 4" x 4" & 12 ga. x 14 ga. mesh
clear span—104"—178.5 lbs./sq. ft. superimposed live and dead load
 6. $3\frac{1}{2}$ " channel slab
 $\frac{1}{2}$ " rods bottom
clear span—116"—107 lbs./sq. ft. superimposed live and dead load
- on condition that the requirements of the resolution adopted March 28, 1939 under Calendar Number 228-39-SM be complied with.

(Sgd.) SAMUEL L. BECKER,

Committee on Test.

Resolved that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

1507-39-SM

APPLICANT—Porete Manufacturing Company, owner.
SUBJECT—Application reopened December 2, 1958 for amendment of resolution—re Precast Featherweight Tongue and Groove Concrete Plank for floor and roof construction; previously approved.

APPEARANCES—

For Applicant: Michael Neiss.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1507-39-SM.

Subject: Porete Precast Roof and Floor Slabs.

Porete Manufacturing Co., of No. Arlington, New Jersey, requested by letter dated November 19, 1958 that the resolution adopted July 6, 1940 under Calendar Number 1507-39-SM be amended to include additional material known as Porete Precast Roof and Floor Slabs under the provisions of C26-618.0, C26-344.0, C26-347.0 and C26-720b Administrative Building Code.

Purpose

The material is used as an incombustible precast floor and/or roof slab.

Description

The precast plank is manufactured of the same materials as the plank previously approved by the Board of Standards and Appeals on July 6, 1940 under Calendar Number 1507-39-SM. The plank that was tested differed only in the type and size of galvanized wire mesh.

Inspection and Test

The plant of the applicant was inspected by Ass't Engr. J. A. Darts, Committee on Test.

The process of manufacture was witnessed and sample slabs were tested in accordance with the requirements of C26-626.0 Administrative Building Code.

The results of the test are as follows:

1. Concrete plank — $2" \times 23\frac{3}{4}" \times 66"$
wire mesh — $3" \times 6"$
mesh gage — $7" \times 12"$
clear span — 62"
Area under load = 10.2 sq. ft.
Adjusted average load at failure = 2725 lbs.
Load in lbs. per sq. ft. = $2725 \div 10.2 = 270$ lbs. sq. ft.
Safe carrying capacity (Superimposed Load) = $270 \div 4 = 67.5$ lbs./sq. ft.
2. Concrete plank — $2" \times 23\frac{3}{4}" \times 80"$
wire mesh — $2" \times 6"$
mesh gage — $7" \times 12"$
clear span — 76"
Area under load = 12.5 sq. ft.
Adjusted average load at failure = 3230 lbs.
Load in lbs. per sq. ft. = $3230 \div 12.5 = 259$
Safe carrying capacity (Superimposed Load) = $259 \div 4 = 64.7$ lbs./sq. ft.
3. Concrete plank — $2\frac{3}{4}" \times 23\frac{3}{4}" \times 48"$
wire mesh — $3" \times 6"$
mesh gage — $7" \times 12"$
clear span — 44"
Area under load = 7.2 sq. ft.
adjusted average load at failure = 5625 lbs.
load in lbs. per sq. ft. = $5625 \div 7.2 = 781$
Safe carrying capacity (Superimposed load) = $781 \div 4 = 195$ lbs. per sq. ft.
4. Concrete plank — $2\frac{3}{4}" \times 23\frac{3}{4}" \times 48"$
wire mesh — $4" \times 6"$
mesh gage $8" \times 12"$
clear span — 44"
Area under load = 7.2 sq. ft.
Adjusted average load at failure = 3475 lbs.
Load in lbs. per sq. ft. = $3475 \div 7.2 = 483$
Safe carrying capacity (Superimposed Load) = $483 \div 4 = 109.5$
5. Concrete plank — $2\frac{3}{4}" \times 23\frac{3}{4}" \times 84"$
wire mesh $3" \times 6"$
mesh gage $7" \times 12"$
clear span — 80"
Area under load = 13.1 sq. ft.
Adjusted average load at failure = 2765 lbs.
Load in lbs. per sq. ft. = $2765 \div 13.1 = 211$
Safe carrying capacity (Superimposed Load) = $211 \div 4 = 52.7$

MINUTES

6. Concrete plank — $2\frac{3}{4}" \times 23\frac{3}{4}" \times 96"$
 wire mesh — $2" \times 6"$
 mesh gage $7" \times 12"$
 clear span — $92"$
 Area under load = 15.1 sq. ft.
 adjusted average load at failure = 3405
 load in lbs. per sq. ft. = $3405 \div 15.1 = 225$
 safe carrying capacity (Superimposed load) = $225 \div 4 = 56.3$
7. Concrete plank — $2\frac{3}{4}" \times 23\frac{3}{4}" \times 48"$
 wire mesh — $3" \times 6"$
 mesh gage $7" \times 12"$

 Area under load = 7.2 sq. ft.
 adjusted average load at failure = 5625
 load in lbs. per sq. ft. = $5625 \div 7.2 = 780$
 safe carrying capacity (Superimposed load) = $780 \div 4 = 195$
8. Concrete plank — $2\frac{3}{4}" \times 23\frac{3}{4}" \times 48"$
 wire mesh $4" \times 6"$
 mesh gage $8" \times 12"$
 clear span — $44"$
 Area under load = 7.2 sq. ft.
 adjusted average load at failure = 4325
 load in lbs. per sq. ft. = $4325 \div 7.2 = 600$
 safe carrying capacity (Superimposed load) = $600 \div 4 = 150$

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Porete Precast Roof and Floor slabs for use in New York City as an incombustible precast floor and/or roof plank under the provisions of C26-618.0, C26-619.0, C26-620b, C26-344.0 and C26-347.0 Administrative Building Code, and further recommends approval of the plank for floors and/or roofs in multi-story Class One structures when protected from below with a 3 hour ceiling.

The span and load limitations are as follows:

- (1) 2" thick, double wire mesh $3" \times 6"$
 mesh gage $7" \times 12"$
 clear span $62"$ — 67.5 lbs./sq. ft. superimposed live and dead load
- (2) 2" thick, double wire mesh $2" \times 6"$
 mesh gage $7" \times 12"$
 clear span $76"$ — 64.7 lbs./sq. ft. superimposed live and dead load
- (3) $2\frac{3}{4}"$ thick, double wire mesh $3" \times 6"$
 mesh gage $7" \times 12"$
 clear span $44"$ — 195 lbs./sq. ft. superimposed live and dead load
- (4) $2\frac{3}{4}"$ thick, double wire mesh $4" \times 6"$
 mesh gage $8" \times 12"$
 clear span $44"$ — 120.7 lbs./sq. ft. superimposed live and dead load
- (5) $2\frac{3}{4}"$ thick, double wire mesh — $3" \times 6"$
 mesh gage $7" \times 12"$
 clear span $80"$ — 52.7 lbs./sq. ft. superimposed live and dead load
- (6) $2\frac{3}{4}"$ thick, double wire mesh — $2" \times 6"$
 mesh gage $7" \times 12"$
 clear span $92"$ — 56.3 lbs./sq. ft. superimposed live and dead load
- (7) $2\frac{3}{4}"$ thick, single wire mesh $3" \times 6"$
 mesh gage $7" \times 12"$
 clear span $44"$ — 195 lbs./sq. ft. superimposed live and dead load
- (8) $2\frac{3}{4}"$ thick, single wire mesh $4" \times 6"$
 mesh gage $8" \times 12"$
 clear span $44"$ — 150 lbs./sq. ft. superimposed live and dead load

On condition that all bills of lading, shipping tickets or bills of material shall be marked or stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 256-57-SM" and all plans submitted to the Department of Buildings showing the proposed use of the material shall be similarly marked.

(Sgd.) SAMUEL L. BECKER,
 Director,
 JOHN A. DARTS,
 Assistant Engineer,
 GEORGE F. SKLENARIK,
 Assistant Engineer,
 Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution above cited in accordance with the above report.

200-49-SM

APPLICANT—Febco, Inc., owner.

SUBJECT—Application reopened July 10, 1953—Hot water Valve and Vacuum Breaker, Models 710 and 740, approval of.

APPEARANCES—

For Applicant: Louis J. Bimbi.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
 Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 200-49-SM.

Subject: Febco Inc., Backflow Prevention Units #710 & #740.

Febco Inc., Los Angeles, California, filed November 18, 1949, an application with the Board of Standards and Appeals for approval of the material known as Febco Inc. Backflow Prevention Units, Models 600 & 605, under the Submerged Inlet Rules of the Board. The applicant at a later date amended their application so as to supersede the model designation, so that the requested models are 710 & 740.

Purpose

The material is to be used as a vacuum breaker.

Description

The fitting is a bronze vacuum breaker of the bottom feed angle type. The size of the 710 range from $\frac{3}{8}$ inch to 2 inch inclusive, and the 740 from $\frac{1}{2}$ to $\frac{3}{4}$ inch.

The 710 is designed for cold water service and the 740 for hot water; maximum of 212°F.

Inspection and Test

The units were tested at the Department of Water Supply, Gas and Electricity Test Bench located at Flushing & Kent Avenues, Brooklyn, New York. The samples successfully passed vacuum tests of 29, 22, 15 and $7\frac{1}{2}$ inches of Hg. for five minutes duration each. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, The Committee on Test recommends the approval of the Febco Inc., Backflow Prevention Units, Models 710 & 740 for use in New York City under the provisions of C26-

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley and Commissioner Sleeper. 4
Negative: 0
Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1005-54-SA

Subject: Amendment to resolution as to additional models of Linde Liquid, Storage tanks for Oxygen, Nitrogen and Argon.

Linde Company, Division of Union Carbide Corporation, New York Owner-Manufacturer, requested by filing an application dated November 14, 1958 that the resolution adopted October 20, 1956 under Calendar Number 1005-54-SA—be amended so as to include additional models of the Linde Liquid Storage Tank for Oxygen, Nitrogen and Argon (Models 150 VST, 250 VST and 500 VST). The application was reopened by a vote of the Board, December 2, 1958.

Purpose

Insulated storage tanks for liquid oxygen, nitrogen and argon above 6 p.s.i. pressure.

Description

The requested Models 150 VST, 250 VST and 500 VST are basically the same in construction and operation to the Models approved October 30, 1956, the only difference being in the capacity of the units. The construction details of the three models are as follows:

LIQUID CONTAINER	150 VST	250 VST	500 VST
Design Pressure	84	34	30
Capacity (gal.)	1300	2175	4350
Hydrostatic Test	130	117.5	60
Outside Diameter	5' 0"	8' 6"	8' 6"
Steel Thickness	3/16"	3/16"	1/4"
Material	Stainless Steel	Everdur	Everdur & Copper
Safety Valve Setting	65 psi	15	15
Bursting Disc	90 psi	30	30-36

Outer Casing

Design Pressure	15 psi (ext)	15 psi (ext)	15 psi (ext)
Pneumatic Test	22 1/2 psi (int)	22 1/2 psi (int)	22 1/2 psi (int)
Outside Diameter	6' 6"	10' 10"	1' 6"
Shell Thickness	3/8"	3/16"	9/16"
Material	Carbon Steel	Carbon Steel	Carbon Steel
Length or height (approx).	12' 4"	12' 5"	16' 9"

In all other respects the requested models and the approved models are similar. Each storage tank is constructed in accordance with the ASME Code for Unfired Pressure Vessels but those operating at 15 psi or less may be stamped "National Board." The inner liquid container is protected by both a safety valve and a bursting disc and the outer casing is protected by a safety device set to relieve positive internal pressure at not to exceed 5 psi.

Recommendation

The Committee on Test recommends that the resolution adopted October 30, 1956 under Calendar Number 1005-54-SA be amended so as to include the Model 150 VST, 250 VST and 500 VST insulated storage tanks in addition to the previously approved LO-300, LO-600 and LO-1500 models on condition that the requirements of the resolution adopted October 30, 1956 under Calendar Number 1005-54-SA be complied with except that in installations made on industrial sites the minimum clearance between the storage station and adjacent structures may be 5 feet if the walls of the adjacent structures are fire resistive in construction and with no openings in the walls within 25 feet of the storage station.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

1006-54-SA

APPLICANT—Linde Company, Division of Union Carbide Corp., owner.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 760-56-SM.

Subject: Jetweld No. 1 & No. 2, Welding Electrodes.

Lincoln Electric Co., Cleveland, Ohio, filed September 21, 1956 an application with the Board of Standards and Appeals for approval of the material known as Jetweld No. 1 & No. 2, LH-70 & 47, Welding Electrodes under the provisions of the Welding Rules of the Board.

Purpose

The material is to be used for welding of structural members.

Description

1. Jetweld #1 is a mild steel welding electrode having a heavy powdered iron coating. The composition of the electrode coating makes welds crack resistant and provides extra impact properties not found in conventional electrodes. It is especially designed for operation on fillet welds in the flat or near flat positions. This electrode meets the requirements of A.S.T.M. A233-48T and A.W.S. a 5.1-48T for an E-6012 electrode. Under the latest revisions of these specifications A.S.T.M. A233-55T and A.W.S. A5.1-55T Jetweld No. 1 meets the requirements of an E-6024 electrode. The physical properties of Jetweld No. 1 and conventional E-6012 electrodes are nearly identical. The difference in the two electrodes is the material used in the coating. Jetweld No. 1 has an iron powder type material for a coating and conventional E-6012 electrodes have a rutile type material for a coating. Typical physical properties for Jetweld No. 1 are as follows:

Tensile Strength — 80,000 to 90,000 lbs/sq. in.
Yield Strength — 65,000 to 75,000 lbs/sq. in.
Elongation in 2 inches — 25% to 30%

This electrode is manufactured in the following sizes: 3/32", 1/8", 5/32", 3/16" and 1/4".

2. Jetweld No. 2 is a mild steel electrode having a heavy powdered iron coating. It is especially designed for operation in deep groove butt welds in the flat position. This electrode meets the requirements of A.S.T.M. A233-48T and A.W.S. 5.1-48T for an E-6020 electrode. Under the latest revisions of these specifications, A.S.T.M. A233-55T and A.W.S. 5.1-55T, Jetweld No. 2 meets the requirements of an E-6027 electrode. The physical properties of Jetweld No. 2 are identical with those of conventional E-6020 electrodes. The difference in the two electrodes is the material used in the coating. Jetweld No. 2 has an iron powder-iron oxide type coating whereas conventional E-6020 electrodes have a mineral type coating. Typical properties for Jetweld No. 2 are as follows:

Tensile Strength — 62,000 lbs/square inch
Yield Strength — 52,000 lbs/square inch
Elongation in 2 inches — 25% minimum

This electrode is manufactured in the following sizes: 5/32", 3/16" and 1/4".

3. "Improved" Fleetweld No. 47 is a mild steel electrode having powdered iron in the coating. It is designed for operation in the flat, overhead and vertical positions. This

MINUTES

electrode meets the requirements of A.S.T.M. A233-48T and A.W.S. 5.1-48T for an E-6012 electrode. Typical physical properties for this electrode are as follows:

Tensile Strength — 68,000 to 72,000 lbs/square in.
Yield Strength — 55,000 to 62,000 lbs/square in.
Elongation in 2 inches — 17% to 30%

This electrode is manufactured in the following sizes: 1/8", 5/32", 3/16", 7/32", 1/4" and 5/16".

Inspection and Test

Samples of the electrodes were tested at the United States Testing Co., Inc., in accordance with the requirements of ASTM-A-233-55T and ASTM-E-8-54T in the Presence of Ass't Engr. J. A. Darts, Committee on Test and the samples tested successfully met the requirements.

The complete report is on file with and is part of the record.

The electrodes have been approved by the American Bureau of Shipping.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Jetweld No. 1 and No. 2, LH-70 and No. 47 Welding Electrodes for use in New York City under the provisions of the Welding Rules of the Board, on condition that each container in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 760-56-SM".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 392-58-SA.

Subject: Ingersoll-Rand Company, Vertical Centrifugal Pumps for Fuel Oil, Models VP and VHTB.

Ingersoll-Rand Company, New York, N. Y., filed June 26, 1958 an application with the Board of Standards and Appeals for approval of the Ingersoll-Rand Co., Vertical Centrifugal Pumps for Fuel Oil, Models VP and VHTB under the provisions of the Oil Burner Rules of the Board.

Purpose

These appliances are used as transfer pumps for fuel oil.

Description

The class VP pumps are vertical multi-stage diffuser-type pumps with single suction impellers keyed to the drive shaft and axially positioned by rings and spacing sleeves. The pumps are built in 3, 4, 5, or 6 stages. Their capacities range

from 10 gallons per minute to 400 gallons per minute with pressures up to 750 psi at maximum temperatures of 750°F.

The class VHTB pumps are vertical multi-stage diffuser type pumps made with opposing groups of single suction impellers. Capacities may be varied by the number of stages used and range from 25 gallons per minute to 325 gallons per minute at pressures up to 1500 psi and at temperatures up to 750°F.

The pumps are driven by an external electric motor. The motors used are available in sizes from 5 HP to 300 HP with voltages ranging from 208 volts to 4160 volts for the largest motors. The motors are either of the totally enclosed type or explosion proof as required.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

A 1VP-5 pump was inspected at the Consolidated Edison power station at Travis, Staten Island. This model had a capacity of 50 gallons per minute at 3510 RPM against a 700 foot head. The motor used was 20 HP, 208 volts, 3 phase, 60 cycles fully enclosed for Class B locations.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Ingersoll-Rand Co. Vertical Centrifugal Pumps for Fuel Oil, Models VP and VHTB when installed in accordance with the provisions of the Oil Burner Rules of the Board and provided that each pump shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 392-58-SA."

611-58-SM

APPLICANT—F. Schumacher and Co., owner.

SUBJECT—Application October 20, 1958—Dynel Woven and Printed Upholstery and Drapery Fabrics (flame-proofed), for hotels, theatres and places of Public Assembly, approval of.

APPEARANCES—

For Applicant: R. Curt Hasenclever.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 611-58-SM.

Subject: Dynel Woven & Printed Upholstery & Drapery Fabrics (flame-proofed fabrics).

F. Schumacher & Co., New York, N. Y., filed October 20, 1958, an application with the Board of Standards and Appeals for approval of Dynel Woven & Printed Upholstery & Drapery Fabrics (flame proofed fabrics) under the provisions of the Flame Proofing Rules of the Board.

Purpose

The material is a flame proof upholstery and drapery fabric, for hotels, theatres and places of Public Assembly.

MINUTES

Description

The Dynel Fabrics are non-combustible, mildew proof, moth resistant, have a high tensile strength, are easy to wash and clean, dry quickly and have a high abrasion resistance.

Inspection and Test

Samples of the fabric were tested at the Better Fabrics Testing Bureau and the results were as follows; the fabric showed no flashing, flaming after removal of test burner, or afterglow as the fabric fuses and "creeps" away from flame, no dripping. The complete report is on file with and is part of the application.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Dynel Woven & Printed Upholstery & Drapery Fabrics (flame proofed fabrics) for use in New York City as a fabric in places of public assembly as provided under the Flame Proofing Rules of the Board. Any tests or retests as required by the Fire Commissioner shall be conducted by him as prescribed in the above mentioned rules.

The Committee further recommends that all cartons in which this material is to be marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 611-58-SM".

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

728-58-SM

APPLICANT—Charles E. Manning Co., owner; Robert Marr and Son, Inc., agent.

SUBJECT—Application December 12, 1958—Alumiron, grooved type Couplings, Standard Series, 1000 and Lightweight Series, 500, approval of.

APPEARANCES—

For Applicant: Paul J. Welsh and Howard K. Marr.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 728-58-SM

Subject: Alumiron, Grooved Type Couplings, Standard Series 1000 and Lightweight Series 500.

Charles E. Manning Co., Pittsburgh, Pa., filed December 12, 1958 an application with the Board of Standards and Appeals for approval of the Alumiron Grooved Type Couplings Standard Series 1000 and Lightweight Series 500 for use as fittings in sprinkler and standpipe systems in accordance with sections C26-1340 and C26-1383 Administrative Building Code.

Purpose

Couplings for connecting the piping of sprinkler and standpipe systems.

Descriptions

Alumiron Series 1000 and Series 500 couplings are made of malleable iron in sizes of 2 to 8 inches and are to be used for coupling grooved steel pipe. The couplings are made of

two halves or housings which are bolted together over a synthetic rubber gasket to assemble the grooved steel pipe. The housings are formed with a key on both sides which fits into the grooves that are machined on the outer surface of the pipe ends.

The composition of the malleable iron used for the couplings is

carbon	2.25 — 2.70%
silicon	.80 — 1.10%
manganese	less than .40%
phosphorous	less than .20%
sulphur	.07 — .15%

The physical properties are:

tensile strength	48,000 to 52,000 psi
yield strength	32,500 to 33,500 psi
elongation	8.5% to 13%
Brinnell hardness	100 to 140

The gasket material is either Buna N or Neoprene.

Inspection and Test

The couplings and gaskets were tested at the Underwriters' Laboratories as follows:

An unrestrained joint test was made on sample couplings of each size assembled on two short lengths of steel pipe and subjected to gradually increasing hydraulic pressure until failure. Maximum test pressures varied from 1800 psi for an 8 inch coupling to 4500 psi for a 2½ inch coupling.

Deflection tests were also made on couplings of each size assembled on two short lengths of steel pipe and then subjected to an internal pressure of 350 psi. and a load applied to the coupling to deflect the joint. The load was increased until the joint failed. The maximum load varied from 10,700 psi for a 2 inch coupling to 36,000 psi for an 8 inch coupling with an average deflection of 77°.

In addition the durometer hardness, tensile strength and elongation of the rubber gaskets used were determined before and after exposure for 96 hours to oxygen at 70°C and 300 psi. with satisfactory results.

Recommendation

On the basis of the test, the Committee on Test recommends the approval of Alumiron Grooved Type Couplings Standard Series 1000 and Lightweight Series 500 for use with grooved steel pipe in sizes of 2 to 8 inches with a maximum working pressure of 500 psi. for the Series 1000 and 300 psi for Series 500 under the provisions of C26-1340.0 and C26-1383.0 Administrative Building Codes on condition that each coupling shall bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 728-58-SM and further that;

1. No joint in a horizontal run shall be placed more than 2 feet from a hangar.

2. Vertical risers shall be supported every 24 feet in height.

3. Long runs of pipe shall include expansion joints when required by the Superintendent and further that the use of these couplings underground shall be permitted inside building walls only, not to be in soils corrosive to steel or rubber.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

733-58-SA

APPLICANT—Gilbert & Barker Mfg. Company, owner.

SUBJECT—Application December 15, 1959—Gilbarco and Esso Conversion Oil Burner, Models BD-30-10 and CD-30-30, high pressure Atomizing Oil Burners, approval of.

MINUTES

APPEARANCES—

For Applicant: R. C. Beckman.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice-Chairman Kleintert, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 733-58-SA.

Subject: Gilbarco and Esso Conversion Oil Burner, Models BD-30-10 and CD-30-30.

Gilbert and Barker Mfg. Co., West Springfield, Mass., filed December 15, 1958 an application with the Board of Standards and Appeals for approval of the Gilbarco Conversion Oil Burners, Models BD-30-10 and CD-30-30 under the provisions of the Oil Burner Rules of the Board. These burners will also be marketed under the trade name ESSO.

Purpose

Conversion Oil Burners.

Description

These oil burners are of the fully automatic pressure type for steam and hot water heating systems, warm air furnaces, forced warm air furnaces, and domestic hot water heaters. They are designed to burn No. 2 fuel oil.

The Model BD-30-10 oil burner is designed with a firing range of .65 gallons per hour minimum and 2.25 gallons per hour maximum. It is equipped with one nozzle, twin electrode single ignition, and one transformer. The controls consist of a stack-mounted combustion control, a line voltage limit control, and low voltage operating controls such as aquastat and thermostat. The oil burner operates on constant ignition only.

When the thermostat calls for heat, the load relay of the combustion control is energized and provides current to start the motor and establish ignition. When flame is established, the built-in safety switch is bypassed and the oil burner continues to operate automatically. When the thermostat is satisfied, the load relay of the combustion control is de-energized, opening the load relay contacts, which shuts down the oil burner.

In the event of flame failure and start, the combustion control locks out in 90 seconds, providing a complete shut-down of the oil burner. The same sequence occurs if there is an ignition failure on a normal start of the equipment.

The Model BD-30-10 oil burner is equipped with a 115 volt, 60 cycle, A.C., split-phase, 1/8 H.P. 1750 RPM motor with a built-in thermal overload. The motor drives the fan which provides the air for combustion and also the fuel pump which delivers oil to the nozzle. The fuel pump is a Sundstrand fuel unit which has a built-in pressure regulating valve. The valve maintains pressure of the oil delivered to the nozzle. The combustion head assembly includes the oil tube, combustion head, electrodes, ignition leads, nozzle and air tube, all of which are similar to other Gilbarco oil burners.

The Model CD-30-30 oil burner is exactly the same as the Model BD-30-10 in its design and operation, with the exception that the Model CD-30-30 is equipped with a Gilbarco Economy Clutch, which replaces the flexible rubber coupling used on the Model BD-30-10 between the motor and fuel unit.

The Gilbarco Economy Clutch provides a stream of air prior to ignition of the oil and continues the air flow several seconds after the oil burner has shut down.

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

The Model BD-30-10 and CD-30-30 were tested and approved by the Underwriters' Laboratories MP 163, MP 599.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Gilbarco Conversion Oil Burner, Models BD-30-10 and CD-30-30 when installed in accordance with this report and the Oil Burner Rules of the Board and that such burners may also be marketed under the trade name ESSO, provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 733-58-SA."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 740-58-SA.

Subject: Gilbarco Twosome Gasoline Dispensers, Models 1124, 1124 RC, 1114, 1114 RC, 1134, 1134 RC.

Gilbert & Barker Mfg. Co., West Springfield, Mass., filed December 11, 1958 an application with the Board of Standards and Appeals for approval of the Gilbarco Twosome Gasoline Dispensers, Models 1124, 1124 RC, 1114, 1114 RC, 1134 and 1134 RC under the provisions of section C-19-69.c Administrative Code.

Purpose

Appliances for dispensing gasoline motor fuel.

Description

MODEL 1124

This dispenser is two complete separate dispensers in one housing and pumps two products. It is equipped with two motors, two combination pump unit-air separators, two meters, two automatic computers and two hoses. It is designed to dispense two products, and each product delivered passes through one of the two dispensers. Each of the dispensers within the Model 1124 housing has an electrically driven metering pump with a computer type of registering mechanism. The two 1/3 h.p., 115/230 volt, 60 cycle A.C. explosion-proof motors drive two positive displacement type rotary pumps to raise gasoline from the storage tank and furnish a pressure just under 20 p.s.i. for proper metering. The motors are turned "on" and "off" separately by means of a handle on each side of the dispensing unit. Each handle operates a switch rod mechanism directly connected to a junction box in which the motor switch is located.

The pump unit-air separator separates any air or vapor which may be admitted to the system through a leaking suction line or other reason. The air separators also have the important function of providing room for expansion of product in the system due to temperature rise.

The meters are of the four-piston positive displacement type.

MINUTES

A pressure regulating valve is incorporated between each meter and the pumping unit. The purpose of which is to maintain the liquid under a slight pressure at all times, thus preventing vaporization of the liquid while the gasoline dispenser is standing idle. This is a necessity as vapor at this point would cause false measurement in hot weather.

The computers are of the automatic type and are equipped with a built-in interlock mechanism and automatic set back device which is operated by means of knob and level rod assembly.

MODEL 1124RC

This dispenser is similar to the Model 1124, except that it is designed for remote control application, therefore the motors, pump unit-air separators and air separator pumps have been removed. Air separation takes place at the remote control pump unit which pumps product to the model 1124RC dispenser.

Each of the dispensers within the housing of the Model 1124RC is operated separately by means of a handle on each side of the housing which starts and stops the remote control pump unit. Each handle is also connected to a Solenoid-operated feed line valve (Underwriters' approved valve) which is operated by a switch rod mechanism to open and close the valve in sequence with the start and stop of the remote control pump unit motor. The handles are also interlocked with the automatic setback device of the computers. The Solenoid-operated feed line valves are equipped with a built-in relief device which prevents excessive pressure in the meter and the hose which may be caused by expansion of the liquid due to temperature rise in hot weather. The function of the valve also prevents pressure in the hose of any other dispenser connected to the same supply pipe line and which is not in operation while dispensing gasoline from the dispenser in operation.

MODEL 1114

The Model 1114 is a single product Twosome gasoline dispenser and is designed to dispense one product which is delivered to both nozzles on each side of the dispenser. Therefore, it is equipped with one motor, one pump unit, one air separator, two meters, two automatic computers and two hoses.

The Model 1114 is an electrically driven metering pump with a computer type of registering mechanism. A $\frac{1}{2}$ h.p. 115/230 volt, 60 cycle A.C. explosion-proof motor drives a positive displacement type rotary pump to raise gasoline from the storage tank and furnish a pressure of just under 20 p.s.i. for proper metering. The motor is turned "on" and "off" by means of a separate handle on each side of the housing of the dispensing unit. Each handle is also connected to a Solenoid-operated feed line valve (Underwriters' approved valve) which is operated by a switch rod mechanism to open and close the valve in sequence with the start and stop of the motor. This prevents pressure in the hose of the idle side of the dispenser while product is being dispensed from the other hose of the Twosome dispenser. Otherwise, the Model 1114 is the same in all respects to the Model 1124 Twosome dispenser.

MODEL 1114RC

This dispenser is similar to the Model 1114, except that it is designed for remote control application. Therefore, the motor pump unit-air separator and air separator pump have been removed. Air separation takes place at the remote control pump unit which pumps product to the Model 1114 Twosome dispenser on the island. Delivery of product to each nozzle is accomplished by means of a separate handle on each of the housing which starts and stops the remote pumping unit. Each handle is also connected to a Solenoid operated feed line valve (Underwriters' approved valve) which is operated by a switch rod mechanism to open and close the valve in sequence with the start and stop of the remote control pump unit motor. This prevents pressure in the hose of the idle side of the dispenser while product is being dispensed from the other side of the Twosome dispenser. Otherwise, the Model 1114RC is the same in all respects to the Model 1114 Twosome dispensers.

MODEL 1134

The Model 1134 is a single product Twosome gasoline dispenser and is designed to dispense one product which is delivered to both nozzles on each side of the dispenser. Therefore, it is equipped with one motor, one pump unit, one air separator, two meters, two automatic computers and two hoses.

The Model 1134 is exactly the same in design and construction as the Model 1114; the only difference being in the computer dial face. On this model dispenser, the computer dial faces have been designed so that one half of the dial face will show the price wheels, money wheels and unit price per gallon so that the other half may be used as a blank space for the brand name of the product being dispensed, the name of the oil company or for some other means of advertising purposes. However, that half of the dial face showing the indicating elements is on the same side of the dispenser as the hose for the computer. Consequently, it will have the legend—

THIS DIAL

THIS HOSE

affixed thereto and made clearly visible with the arrow pointed to the hose being used. Otherwise the Model 1134 is the same in all respects to the Model 1114 Twosome single product gasoline dispenser.

MODEL 1134RC

The Model 1134RC is similar to the Model 1134 except that it is designed for remote control application. Therefore, the motor, pump-air separator and air separator sump have been removed. Air separation takes place at the remote control pump unit which pumps product to the Model 1134RC dispenser on the island.

Delivery of product to each nozzle is accomplished by means of a separate handle on each side of the housing which starts and stops the remote pumping unit. Each handle is also connected to a Solenoid operated feedline valve (Underwriters' approved valve) which is operated by a switch rod mechanism to open and close the valve in sequence with the start and stop of the remote control pump unit motor, to prevent pressure in the hose of the idle side of the dispenser while product is being dispensed from the other side of the Twosome dispenser. Otherwise, the Model 1134RC is the same in all respects to the Model 1134 Twosome gasoline dispenser.

Both of the hoses on all six model gasoline dispensers are of the external cable-suspended type and extend from each side of the dispenser housing 13' 4" to the tip of the nozzle. The flow of product is controlled at the nozzle and the maximum rate of flow is 15 gallons per minute. The nozzles are of the non-automatic type, thereby requiring manual operation when in use.

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

The Model 1124, 1124RC, 1114, 1114RC, 1134 and 1134RC were tested and approved by Underwriters' Laboratories, file MH 1941.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Gilbarco Twosome Gasoline Dispensers, Models 1124, 1124RC, 1114, 1114RC, 1134 and 1134RC for use in New York City in accordance with this report and the provisions of section C-19-69.c Administrative Code provided that each dispenser shall bear a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 740-58-SA".

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

281-45-A—Vol. II

APPLICANT—Sirof & Sivertsen, for 608 East 133rd Street Corp. and Helen J. Hirschhorn, Executrix, for the trust of Richard S. Hirschhorn and Stewart A. Hirschhorn, owners.

SUBJECT—Application reopened November 12, 1958 as Vol. II—appeal from a decision of the Borough Superintendent re non-fireproof buildings, construction, area, etc.

PREMISES AFFECTED—608 East 133rd Street, south side, 325 feet west of Cypress Avenue and 160 Bruckner Boulevard, Block 2546, Lots 19, 23 and 24, Borough of The Bronx.

APPEARANCES—

For Applicant: A. N. Sirof.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 25, 1958 on Alt. Applic. 768/58, reads:

"1. Proposed opening between existing 2 story non-fireproof building fronting on two streets and one story fireproof building constitutes an enlargement of area of non-fireproof building in excess of 14500 sq. ft. contrary to Sec. 4.2.1 of B.C.

"Note: Premises previously considered under Cal. #281-45-A."

and

WHEREAS, the applicant states that the building consists of 2 portions, one of class 1, the other of class 3 construction, located in an unrestricted use, A area, class 2 height district, class 1 portion, 100 feet by 100 feet in area, class 3 portion, 100 feet by 200 feet in area, one and two stories, 24 feet high; that the building is used for manufacturing of steel products, 70 persons; that a standpipe system is installed in the non-fireproof portion; that Certificate of Occupancy 14914/54 issued against Alt. Applic. 559/44 gives use and occupancy as follows: 1st floor—factory, 70 persons; 2nd floor—office, 10 persons; that the class 1 portion was issued a Certificate of Occupancy 24039/58 against Alt. Applic. 1000/56, which gives use and occupancy as follows: Cellar—boiler; 1st floor—factory and office for the manufacture of steel products, 10 persons; and

WHEREAS, the applicant states that it proposes to provide a 32 foot by 21 foot 8 inch opening, separating the 2 portions and protect this opening with a line of sprinklers with heads 4 feet on center; that the nature of the business conducted in these premises, the manufacture of steel products, is such that the installation of continuous craneways and crossovers for the uninterrupted passage of materials is most advantageous to the operation of the plant.

Resolved, that the decision of the Borough Superintendent, dated September 25, 1958, acting on Alt. Applic. 768/58, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit an opening as proposed between the original building and the one-story addition, as indicated on plans filed with this appeal, marked "Received October 21, 1958", 6 sheets, on condition that the building shall not be increased in height or area and the premises shall be used as proposed by the one concern; that the opening proposed on the first floor shall not exceed the area indicated and shall be protected with a sprinkler curtain with not less than ten 1/2" heads 4 feet on centers fed from the standpipe line; that such take-off from the standpipe line and sprinkler curtain line shall not be less than 2 inches in diameter; that the manufacturing shall be solely for steel products, as proposed.

425-53-A—Vol. II

APPLICANT—John F. Fitzsimons, for Anthony E. and Mary C. Schneider, owners.

SUBJECT—Application reopened November 18, 1958—as Vol. II—Appeal from a decision of the Borough Superintendent, extension and increase in area of frame building for business purposes.

PREMISES AFFECTED—103-45 Lefferts Boulevard, east side, 132.59 feet north of Liberty Avenue, 1st floor; Block 9557, Lot 48, Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 22, 1958 on Alt. Applic. 2303/58, reads:

"1. The proposed increase in area of bldg. by erecting an extension is contrary to the resolution of the Board under Cal. #425-53-A, Bul. #31, 32, 33, 34, 35 and 36, Vol. 38."

and

WHEREAS, the applicant states that the existing building is 2 1/2 stories, 25 feet high, 17 feet by 50 feet in area of wood frame construction, located in a business use, D area, class 1 height district, built in 1921, used and occupied since 1953 as follows: Cellar—heating and storage, no persons; 1st floor—offices, 8 persons; 2nd floor—one family and an unfinished attic, for which temporary Certificate of Occupancy 124916 was issued against Alt. Applic. 1137/53 in accordance with the Board's Resolution under Calendar Number 425-53-A, Volume I; that the Board permitted business use on the 1st floor for a term of 5 years, later amended the term of variance for an additional 5 years, now due to expire on July 15, 1963; and

WHEREAS, the applicant states that it is proposed to construct a one-story masonry extension in the front of the building, said extension to be used as part of the real estate business; that in altering the building it is proposed to remove the frame front porch presently being used as an office and to construct a 17 by 19 feet masonry extension, extending to within 6 inches of the front lot line; that the entrance to the 2nd floor apartment is to be moved from the front of the building to the rear, a new stair will be built to the cellar and a new stair to the 2nd story, as shown on the plans submitted herewith; that the existing front office immediately to the rear of the porch will be widened by removing the partition separating it from the hall which presently leads to the 2nd floor stairway; and

WHEREAS, the applicant further contends that inspection of the area will disclose that the premises immediately to the north is occupied by a printing and stationery store on the street floor, said store being an extension out to the front building line of the frame dwelling to the rear; that immediately to the south is a frame dwelling, used also as the office of a chiropodist, which frame building is set back from the front building line similarly to the subject building; that the property on the northeast corner of Lefferts Boulevard and Liberty Avenue, the same being immediately south of the chiropodist's office, is built out to the street line of Lefferts Boulevard for its entire distance; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended the appeal be granted under certain conditions; amending resolution adopted July 28, 1953 for a term of four years as amended as to additional term to expire July 15, 1963.

Resolved, that the resolution adopted by the Board on July 28, 1953 be *amended* to permit a front masonry extension to the building and other changes for office use as proposed and indicated on plans filed with this appeal, marked "Received October 29, 1958", 3 sheets, as passed on by the

MINUTES

Borough Superintendent under Alt. Applic. 2303/58 Objection 1 *on condition* that the requirements of this resolution and the resolutions above cited shall be complied where not inconsistent with this *amended* resolution, that an amended certificate of occupancy shall be obtained.

Negative: 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 15, 1958 on Alt. Applic. 1087/58, reads:

"1. Proposed change in use from a synagogue to a synagogue and school in a class 3 structure more than 30 feet in height is contrary to Sect. 4.2.1.

2. Provide two enclosed stairways from balcony as per Sect. 6.4.1.1. & 6.4.1.8. F and terminate same at roof as per Sect. 6.4.1.11(c).

3. Distance from west side of south balcony to exits must comply with Sect. 6.1.2.2.1(b)."

and

WHEREAS, the applicant states that the building is basement, 1st story and balcony, 36.3 feet high of non-fireproof construction, 44 feet by 94 feet in area, located in business and residence use, B area, class 1½ height district, built in 1927, used and occupied since 1942 as follows: basement—boiler room, synagogue and Hebrew School, 60 persons; 1st floor—Hebrew School and synagogue, 168 persons; balcony—Hebrew School and synagogue, 70 persons; that Certificate of Occupancy 215 was issued against N.B. Applic. 736/26, which certificate of occupancy gives use and occupancy: Basement and 2 stories—100 persons in basement, 200 persons on 1st floor and 100 persons on the 2nd floor; and

WHEREAS, Violation 1354-58 is pending in the Building Department for a change in occupancy from synagogue to school; and

WHEREAS, the applicant states that the building is being used as a school during the week days and during Saturdays and Jewish Holidays the 1st floor is being used as a synagogue with a maximum of 136 persons; that there is a 44 inch interior iron stairs enclosed with 4 inch terra cotta blocks with fireproof self-closing doors from the balcony floor to the street; that there is an exterior iron stairs at the rear of the building which leads to the street; that the rear stair lands in the rear yard and leads to street through a fire passageway in building 1077 Tiffany Street (agreement attached): and

WHEREAS, the applicant further states that when N.B. Applic. 736/26 was completed, Certificate of Occupancy No. 215/27 was issued by the Department of Buildings to use the building as a synagogue with a maximum occupancy of 500 persons; that the present use of the Hebrew School will have a maximum occupancy of 298 persons; that consideration is requested for the proposed change of occupancy in as much as there will be less persons in the school than permitted for the synagogue; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated December 15, 1958, acting on Alt. Applic. 1087/58, Objections 1, 2 and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the change of use to include a school and to approve the stairways as shown on plans marked "Received January 14, 1959," 6 sheets and "April 9, 1959," 1 sheet, and to permit the operation of a portion of the balcony for school use with exits as indicated on such plans, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto: that the number of persons attending the school on the portion of the balcony shall not exceed seventy (70), as proposed.

938-55-A

Applicant—Morris Kweller, for C. H. and R. Realty Corp., owner.

SUBJECT—Application November 2, 1955—Appeal from an order and a decision of the Fire Commissioner—re barred windows.

PREMISES AFFECTED—1733-1753 McDonald Avenue, east side, 245.6 feet south of Avenue O, Block 6608, Lot 77, Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Kweller.

For Administration: Lt. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox

Negative: 5

THE RESOLUTION—

WHEREAS, the order dated May 4, 1955 and decision of the Fire Commissioner, dated October 28, 1955, reads:

"1. Arrange bars on windows on 1st story so as to be readily movable or removable from both sides in such a manner as to afford free and unobstructed use of such windows for the purpose of egress, and to be left unlocked during working hours, Section 272 of the Labor Law."

and

WHEREAS, the applicant states that the building is 1 story, 12 feet high, 80 feet by 100 feet in area, of class 3 construction, built on a lot 134 feet by 100 feet in area, located in a business use, C area, class 1 height district, used and occupied since 1954 as follows: factory (shoes) 50 persons, in accordance with Certificate of Occupancy 140415/54 was issued against NB application 273/54; that the building is equipped with a one source sprinkler system; that the building has two remote 3 foot exit doors, meeting exit requirements of the Labor Law; that there is also an overhead door and doors through office areas leading to street; that present security type windows were installed when building was built; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in an order and a decision of the Fire Commissioner, dated May 4, 1955 and October 28, 1955, acting on order No. 5290-5 and that the appeal be and it hereby is *granted on condition* that the means of exit shall be located and maintained for use at all times when the building is in operation, and as shown on plans filed with this application, marked "Received November 13, 1958", 2 sheets; that the building shall not be increased in height or area and the use shall be as proposed and not changed; that the building shall be equipped with a sprinkler system of at least one-source and otherwise maintained as proposed and shown on above cited plans.

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 12, 1958 on Alt. Applic. 2057/58, reads:

"1. Fire escapes are not acceptable as a factory exit on a building exceeding six stories in height under Sect. 271 of the Labor Law as amended."

and

WHEREAS, the applicant states that the building is 7 stories, 73 feet high, 44.4 feet by 115.5 feet in area, built in 1908, non-fireproof construction, located in unrestricted use, A area, class 2 height district, used and occupied since 1931 as follows: Cellar—boiler room, no persons; 1st and 2nd floors—steel warehouse and manufacturing, 7 persons each floor; 3rd floor—factory, metal ware, 9 persons; 4th floor—factory, machine shop, 6 persons; 5th floor—factory, metal ware, 12 persons; 6th and 7th floor, factory, metal ware, 8 persons each floor; that there is only one tenant per floor; and

WHEREAS, the exits consist of an interior 4 foot wide wood stair from roof to street, enclosed on all but 1st floor in brick walls with fireproof self-closing doors that the 1st floor enclosure is of wood studs, covered on both sides with ½ inch plaster board and 26 gauge metal; that the 2nd exit consists of fire escape on the wall leading to roof by a vertical ladder and terminating at the 3rd floor of the adjoining building to the north; that the exit of this building (423-427 Kent Avenue) consists of a front Labor Law type fire escape and an interior 3 foot 8 inch wide wood stair in wood enclosure; that the front Labor Law fire escape is extended at the 3rd floor to include a 3rd floor door of 429-431 Kent Avenue; that this fire escape terminates on the sidewalk with a counter-balanced stair; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 2057/58, Objection No. 1, dated June 12, 1958, and that the appeal be and it hereby is *granted*, to permit the use of the fire escapes as second means of exit *on condition* that a partition shall be provided on the third floor of the adjoining building to the north to create a passageway between the fire escape in the yard and the fire escape on the Kent Avenue side, as shown on plans filed with this appeal, marked "Received February 10, 1959", 4 sheets and "April 17, 1959", 1 sheet.

Negative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1958 on Alt. Applic. 196/58, reads:

"1. The proposed change of use from business, stores, to public use, social club, of this class 4 building is contrary to Sect. 2.1.3.5 and Section 4.1.2 of the Bldg. Code."

and

WHEREAS, the applicant states that the building is 1 story, 12 feet high, of wood frame construction, 34 feet 6¾ inches by 50 feet 2 inches in area, built in 1911 as a store, located in a residence use, C area, class 1 height district, used and occupied since 1957 as a club for 70 persons; and

WHEREAS, the applicant states that the building is completely detached; that the front of the building is brick veneered to window sill height and stuccoed above; that there are 3 exits; that this building could not be rented for any other use; that this building was vacant for several years and vandalized; that the proposed use serves the needs of the community; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which examined the premises and noted its condition and recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 196/58, Objection No. 1, dated November 14, 1958, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

110-59-A

APPLICANT—Leonard F. Rothkrug for Harte and Company, Incorporated, owner.

SUBJECT—Application February 20, 1959—Appeal from a decision of the Borough Superintendent re Floor construction, live load and exit stairs.

PREMISES AFFECTED—49-51 Dupont Street, northeast corner of Franklin Street, Block 2487, Lots 1, 10, 12, 72, 78, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Irwin Stern.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice-Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 5

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 4, 1959 on Alt. Applic. 888/58, reads:

"1. Arrangement as proposed constitutes a floor area and therefore requires the following:

a. Fireproof all steel as required for a fireproof building as per Sect. 3.2.1 and Art. II of the Bldg. Code.

b. Floor area is to be adequate for a live load of 120 lbs. per sq. ft. as per section 7.3.2.3 Bldg. Code.

c. A minimum of 2 fully enclosed exit stairs in full compliance with Section C26-292.0 of Bldg. Code."

and

WHEREAS, the applicant states that the building is one and two stories, 26 feet 10 inches high, located in unrestricted use, A area, class 2 height district, 245 feet by 200 feet in area, of class 1 construction, built in 1938, used and occupied since 1949 as follows: 1st floor—manufacturer of synthetic fabrics, 75 persons; mezzanine—storage and locker rooms, 75 persons; 2nd floor—offices, 20 persons; that their uses are

MINUTES

in accordance with Certificate of Occupancy 124889/49 issued against Alt. Applic. 22/49; that the building is equipped with a two source approved sprinkler system; and

WHEREAS, the applicant states that it proposes to increase the height of a portion of the building to accommodate new equipment and change the occupancy as follows: 1st story—manufacturing of synthetic fibers, 125 persons; mezzanine No. 1—manufacturing, office and storage, 22 persons; mezzanine No. 2—equipment walkways, no persons; 2nd story—equipment and machinery, bin room and storage, 3 persons; that no change is proposed in the office and locker room upper portion of this building not connected with the portion of the building being considered herein; that the present precast plank roof designed for live load of 40 pounds per square foot, remains to form a new second mezzanine level (elevation 26 feet 10 inches); that the present unprotected steel to remain at this level; that present fireproof 3 foot wide stairs to be extended to 2nd floor level (elevation 46 feet 3 inches) thence by a 60° stair to a scuttle in the roof (elevation 71 feet 9 inches); and

WHEREAS, the applicant states that the area of the proposed 2nd floor is under 2500 square feet; that the 2nd mezzanine is approximately 10,000 square feet; that no occupancy is proposed for this mezzanine (elevation 26 feet 10 inches); that the applicant proposes to keep present roof planking for a floor of the new mezzanine to prevent splashing from machines on this level from contaminating the process on the 1st floor; that present 2 source sprinkler system will be extended into new areas; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated February 4, 1959, acting on Alt. Applic 888/58, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the construction and use of the building, as proposed and indicated on plans filed with this application, marked "Received February 20, 1959", 18 sheets, *on condition* that the building shall be maintained for the purposes proposed and shall not be increased in height or area and that the floor loads and number of occupants shall be posted on each floor.

For Applicant: Paul Friedman.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 25, 1958 on certain conditions; and

WHEREAS, the resolution was amended on June 10, 1958; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 25, 1958 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of statement by the applicant that plans have been approved by the Department of Buildings, and work is 90 per cent completed and that an application for certificate of occupancy is about to be filed that all permits required, including a certificate of occupancy,

MINUTES

shall be obtained and all work completed within six months from the date of this *amended* resolution." (NB App. 2817/57)

915-57-BZ

APPLICANT—Stanton Management, Inc., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7f, 7h and 7i of the Zoning Resolution, to permit in a retail and residence use district, the erection and maintenance of a gasoline service station, office, lubricatorium, minor repairs, sale of auto accessories, auto laundry, and the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—3625 Eastchester Road, 1495-1499 Oakley Avenue, northwest corner and 1144-1148 East 222nd Street, Block 4716, Lot 28, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened, resolution amended and time extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 8, 1958 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 8, 1959, in the following minor particulars:

1. reduce from three 2-pump islands to one 3-pump island;
2. to reduce the size of the accessory building; and
3. to reduce the curb cuts from five to three curb cuts each 30 feet in width, as now shown on revised plans marked "Received March 19, 1959, 2 sheets, *on condition* that in all other respects the resolution above cited shall be complied with; and to extend the time to complete, so that as *amended* this portion of the resolution shall read: that in view of statement by applicant that the plans are in preparation for approval, that all permits shall be obtained and all work completed within the requirements of Section 22A from the date of this *amended* resolution. (NB App. 156/56)

244-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Leonard and Edward Sessa, owner.

Negative: 0

(Remaining Minutes of the Meeting of April 21, 1959 will be printed in the Bulletin of May 5, 1959.)

PUBLIC HEARING

Proposed Revision of Rules of Procedure (89-27-SR)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday morning* May 22, 1959 at 10 A. M., at 80 Lafayette Street, 9th floor, Manhattan, on the Proposed Revision of the Rules of Procedure.

ARTICLE I—PUBLIC HEARINGS

1. Regular sessions designated as public hearings of the Board of Standards and Appeals shall be held on Tuesday of each week at 10 A. M. and 2 P. M., and such additional sessions on days to be set by the Board and as may be deemed necessary to facilitate the work of the Board.

2. Sessions shall be devoted to hearings on applications for variances of the Zoning Resolution; appeals from administrative orders or decisions; applications for variances of the Labor Law, Multiple Dwelling Law or Multiple Dwelling Code; applications pursuant to the General City Law; applications for approval of appliances, materials and methods of construction and consideration of rules and such other matters coming before the Board. Such sessions shall be published in the Bulletin of the Board of Standards and Appeals.

3. Special sessions may be called by the Chairman or at the request of three Commissioners, provided that notice is given to each Commissioner at least twenty-four hours before the time set for such session.

4. All hearing sessions shall be open to the public.

5. A quorum of the Board of Standards and Appeals shall consist of three Commissioners.

6. The Commissioners of the Board shall attend sessions in person, except that, during absence or disability, a substitute may act as provided by law.

ARTICLE II—CASES BEFORE THE BOARD

1. Every application under the Zoning Resolution, every administrative appeal, every application pursuant to General City Law, Multiple Dwelling Law or Multiple Dwelling Code or Labor Law, and every application for approval of any materials, appliances or methods of construction shall be made to the Board on the forms provided, and shall include the data required in such forms as to supply all information necessary for a clear understanding by the Board, the Director and the staff. The statements of essential information made by the applicant and the determination of the Board in each case will be incorporated in a resolution formally adopted and published in the Bulletin of the Board. Officials, who are charged with the enforcement of the laws, ordinances and rules relating to buildings in the City of New York shall be bound by resolutions and, before granting a permit or taking any other action, shall see that there are no misstatements as to facts and that the conditions of the resolution are observed. Any administrative official discovering any misstatement of essential information is requested to notify the Board, in order that it may take such actions as the circumstances require. All approvals or actions shall remain valid only as long as the information and the conditions on which the resolution are based are maintained.

2. Any communication purporting to be an application or appeal shall be regarded as a mere notice of intention to seek relief and shall have no force or effect until it is made in the form required, except as provided in Article VI.

3. Upon receipt of any such communication, the writer shall be supplied with the proper forms for presenting his application or appeal and shall file the proper form and furnish all necessary data within thirty (30) days of the date of the order or decision appealed from, except as provided in Article VI. Before such appeal or application is docketed and Calendar number assigned, he shall pay the prescribed fee.

4. A duplicate copy of each application or appeal required by this article shall be forwarded by the applicant, immediately upon compliance with Subdivision 3 of this article, to the administrative official from whose order or

determination the appeal is made. When such application is filed pursuant to the General City Law, a copy of each application and plans relative thereto shall simultaneously be served on the President of the Borough in which the premises are located. Proof of such service shall be filed with the Board.

5. At the public hearing of a case before the Board, the applicant shall first present the argument in support of the case and those in objection shall follow. To maintain orderly procedure, each side shall proceed without interruption by the other.

6. Every person before the rostrum shall abide by the order and direction of the Chairman. Discourteous or disorderly conduct shall be regarded as a breach of his privileges and shall be dealt with as the Chairman deems proper. Subject to the direction of the Board, the Director shall enforce these rules and supervise the Sergeant at Arms in maintaining order and decorum in the hearing room and lobbies during all public hearings.

7. Commissioners shall not proceed to question or discuss an issue, put a motion or offer a resolution until they shall have addressed the Chairman and shall have been recognized by him. During the progress of the roll call, no Commissioner shall interrupt or leave his seat.

ARTICLE III—THE CALENDAR

1. Each case filed in the proper form, with the required data, shall be numbered serially except that, when a new case is filed for the same premises as a disposed-of case and the Board so directs, the original calendar number may be used and, in addition, the case shall be termed Volume I, II, or III, etc., as the case may be.

The Calendar numbers shall begin anew on January 1st of each year, and shall be hyphenated with the number of the year and the initials indicating the character of the case.

2. As soon as a case is filed and fee is paid, it shall receive a calendar number, be placed on the docket and referred to the examiners for review. When the examiners find that the applicant has properly completed his application or appeal, the applicant shall be notified of the date on which his case will be set for public hearing.

3. Each case, other than the Special Order cases, shall be listed by Calendar number and premises in the Hearing Calendar printed in the Bulletin of the Board, under the title of the respective proceedings and the date for which such case has been set.

4. The Special Order cases shall consist of applications for any extension of the time to complete the work, for any extensions of the term of the variance, for the restoration of a case to the docket, for any amendment to the resolution or for any other action in any matter coming before the Board.

ARTICLE IV—DISPOSITION OF CASES

1. The final determination of any application or appeal before the Board shall be in the form of a resolution either reversing, varying or modifying the order, requirement, decision or determination appealed from, granting the application or appeal or affirming the order or decision and denying the application or appeal, or dismissing the application or appeal for lack of jurisdiction or prosecution. The concurring vote of three Commissioners shall be necessary to a decision. If a resolution fails to receive three votes in favor of the applicant, the action will be deemed equivalent to a denial and a resolution denying such application or appeal shall be formally entered on the record unless there be a Commissioner absent at the roll call and the vote of the absentee added to the number of votes for the applicant would be equal to three, in which case the matter will be laid over for consideration and final determination.

2. With the consent of the Board, any applicant may withdraw his application or appeal at any time prior to action thereon, but, if a motion has been made, and be pending, such motion shall have precedence.

3. No application or appeal which has been dismissed or

PUBLIC HEARING

denied can be considered again except on a motion adopted to reconsider the vote or to restore to the Calendar.

4. No request for a re-hearing will be granted unless substantial new evidence is submitted. If, on motion of a Commissioner, adopted by three affirmative votes, the request is granted, the case shall be put on the docket and calendared for rehearing.

In all cases the request for rehearing shall be in writing, reciting the reasons for the request, and shall be accompanied by the necessary data and diagrams. Such request shall be filed with the Director who may then set a date when the request for restoration to the Calendar shall be submitted to the Board, of which date the person making the request shall be notified.

5. The Board may, on the motion of any Commissioner, review any decision that it has made and may reverse or modify such decision, but no such review shall prejudice the rights of any person who has in good faith acted thereon before it is reversed or modified.

ARTICLE V—ZONING APPLICATIONS

1. No application for a variance or modification of the provisions of the Zoning Resolution shall be entertained by the Board except in a specific case, and from an order, requirement, decision or determination made by the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings, on the ground that the proposed plan or use violates the Zoning Resolution, except when the Board has original jurisdiction.

2. No such application shall be entertained unless the application is filed within thirty (30) days from the date of the action of the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings.

3. Every application shall be made on Form BZ and shall be accompanied by all the data required by such forms, and shall be considered subject to such rules as the Board has adopted or may adopt under the Zoning Resolution.

4. As soon as any application is completed by the filing of the data required in Form BZ and payment of the prescribed fee, the case shall receive a calendar number. After a review of the application by the Examiner, the applicant shall be notified by the Director on Form 6CC of the date set for the Public Hearing, which shall be at least thirty (30) days after the mailing of said notice. With this notice, the applicant shall be supplied with an official copy of Form 7NO, which he is required to send, NOT LESS THAN TWENTY (20) DAYS PRIOR TO THE DATE OF SUCH HEARING, to every property owner entitled to notice of the application. Within five (5) days of such hearing date, the applicant must file a verified statement that he has so notified each such property owner either by personal service or by registered or certified mail. Not less than fourteen (14) days notice of the said hearing shall be given by publication in the Bulletin of the Board.

5. On the date set for the Public Hearing, the applicant, owner, his architect, engineer, agent or attorney shall state his case; then the opposition shall be heard, and both shall have an opportunity for rebuttal.

6. Any application that has been denied after a Public Hearing cannot be reheard except on new material facts or under a different section of the Zoning Resolution.

7. Property owners in the affected area of the zoning application may appear at the Public Hearing and voice their objections in person, or by agent or attorney. Each person shall give his or her name after being recognized by the Chairman, the block and lot of the property owned by him or her and then briefly state his or her objections. In lieu of a personal appearance, or by an agent or attorney, he may file his or her views in writing on Form 9C, which is obtainable at the offices of the Board. Briefs will be accepted only if filed at least three (3) days before the Public Hearing. "Printed Instructions to Objectors", adopted by the Board, shall be available to such property owners free of charge, as a guide in filing their opposition to the application for a zoning variance.

ARTICLE VI—APPEALS

1. No appeal from any order, requirement, decision or determination of the Commissioner of Buildings, or any Borough Superintendent of the Department of Buildings or the Fire Commissioner or from any rule or regulation relating to the construction, alteration, demolition, structural changes, equipment, occupancy or use of any building or structure or premises under the Charter or the General City Law or any other law under which the Board has jurisdiction shall be entertained unless such appeal is filed on Form A with all the data required in such form, within thirty (30) days from the date of the order, requirement, decision or determination, appealed from, except that minor appeals from orders or decisions may be filed on Form A accompanied by a written description of the premises and a copy of the order or decision. What constitutes minor appeals from orders or decisions shall be determined by the Board.

NEW ARTICLE VII—LABOR LAW VARIANCES

1. No application for a variance of the Labor Law, or of any rule adopted thereunder, affecting the demolition, construction or alteration of buildings, exits therefrom, the installation of fixtures or apparatus, as authorized by Section 666 of Chapter 27 of the New York City Charter, shall be entertained unless it is made on Form A, with all the data required on such form within thirty (30) days of the date of the administrative order.

ARTICLE VIII—MATERIALS, APPLIANCES AND METHODS OF CONSTRUCTION

1. No application for and approval of a material, appliance or method of construction shall be entertained unless it is filed on Form SA/SM, with all the data required.

ARTICLE IX—ADOPTION OF RULES

1. No application for the adoption or amendment to any of the rules of the Board shall be entertained unless the application is made in writing.

2. No proposed rule or regulation or amendment thereto, originating with the Board or submitted to the Board for adoption, shall be published in the Bulletin, until such publication is authorized by at least three (3) Commissioners.

3. No resolution of the Board of Standards and Appeals adopting or amending any rule or regulation under Section 666 of the Charter or any other law shall be adopted unless such proposed rule or regulation shall have been published in the Bulletin of the Board for at least ten days prior to a public hearing thereon. Three (3) affirmative votes of the Board shall be necessary for the adoption of such resolution. No such rule shall become effective until twenty (20) days after publication in the Bulletin.

ARTICLE X—ADOPTION OF OTHER RESOLUTIONS

1. Every resolution of the Board of Standards and Appeals suggesting changes or amendments to the law and every resolution not otherwise provided for, shall require at least three (3) affirmative votes for its adoption.

ARTICLE XI—INSPECTIONS

1. In any case in which the Board may deem it necessary, inspection of the premises in question may be ordered by the Board. Such inspection shall be made by a Committee of not less than two (2) Commissioners and they shall report their findings to the Board at any executive session, prior to the public hearing at which the vote will be cast. The committee may include the Director and/or a staff engineer as designated by the Board. Any Commissioner of the Board shall be included in the Committee, upon his request.

ARTICLE XII—TESTS

1. The five (5) Commissioners of the Board shall constitute the Supervisory Committee on materials, appliances and methods of construction. In any case in which a test is required, the Director shall order such test of any material, appliance or method of construction. Such tests shall be conducted according to the rules adopted by the Board, or direc-

3

University of Illinois Library
Serials Dept.
Urbana, Ill.

tives of the Supervisory Committee, and in accordance with the requirements of law for the use of such material, appliance or method of construction. Tests shall be conducted in the presence of such member of the engineering staff as the Director may designate. In lieu of the above, tests made of the material, appliance or method of construction, by a recognized standard testing laboratory, City or State department, may be acceptable, but the Board reserves the right to be represented at tests by a member of the Engineering Staff or Board or any other person designated by the Supervisory Committee. The complete report of such tests shall be made to the Board in writing.

2. All expenses, including laboratory and traveling expenses, of such tests shall be borne by the applicant and no cost of such tests shall be borne by the Board.

3. Three (3) affirmative votes of the Board shall be necessary for the approval of such material, appliance or method of construction.

ARTICLE XIII—RECORDS

1. All applications and appeals shall be on the required forms, and all communications, reports, etc., relating thereto shall be on sheets approximately 8½ inches by 11 inches in size. Plans shall be on sheets 8½ inches by 11 inches or double thereof unless otherwise accepted by the Director. After final disposition, all applications and appeals and other papers appertaining thereto shall be suitably bound and indexed and filed numerically in cabinets. All applications and appeals, shall upon application to the clerk in charge, be accessible to the public at all reasonable hours.

2. All drawings shall be properly titled, numbered, dimensioned, dated, and otherwise shall conform with the instruction sheet. No drawings shall be accepted unless they bear the seal of a registered architect or licensed professional engineer.

ARTICLE XIV—THE BULLETIN

1. The Bulletin of the Board of Standards and Appeals shall be published each week except during recess. It shall contain:

- (1) Directory of the Board.
- (2) Docket of cases filed since the last publication of the Bulletin.
- (3) The Hearing Calendar.
- (4) Notice of Hearing on proposed rules or the amendment of rules.
- (5) An abstract of the minutes of each meeting, including a brief statement of the action in each case, with the roll call thereon and the full text of the resolutions adopted.
- (6) Index of rules adopted.
- (7) Such other information as may be of value to the public and within the scope of the work of the Board.

2. The preparation and editing of material for the Bulletin shall be in charge of such members of the staff as shall be designated by the Director.

3. The Bulletin of the Board of Standards and Appeals is the official publication of the Board in accordance with Section 665 of the New York City Charter. Notice of hearings published in such Bulletin constitutes required legal notice.

ARTICLE XV—OFFICERS

1. The Chairman, or in his absence, the Vice-Chairman shall preside at all sessions. The Chairman, or in his absence, the Vice Chairman, may designate another Commissioner of the Board to preside and perform the duties of the Chair at public sessions or hearings. If the Chairman and Vice Chairman are absent and a quorum is present, they shall choose a presiding officer from among their number.

2. The Chairman, subject to these rules, shall decide all points of order or procedure, at public hearings, unless otherwise directed by a majority of the Board in session at that time.

3. The Chairman shall, subject to these rules, designate the Commissioners of the Board to make inspections and, unless otherwise directed by the vote of three (3) Commissioners of the Board, shall appoint any committee that may be deemed necessary, except as otherwise provided in Article XI.

4. The Chairman, any Commissioner and the Director shall report at executive sessions all pertinent official transactions that do not otherwise come to the attention of the Board.

5. Administrative authority is vested in the Director, who shall, subject to these rules, transact all administrative business of the Board, engage the necessary employees and direct the work of the office. Official correspondence relating to administrative matters shall be signed by the Director. All official correspondence relating to any matters pending before the Board on the Hearing Calendar shall be signed by the Chairman or a member of the Board or staff designated by him. Copies of all incoming official correspondence may be sent to the Chairman, the Commissioners and/or Director.

6. Subject to these rules and the supervision of the Director, the Chief Clerk shall have charge of all accounts and shall see that the files and indices are kept in proper order and up to date and generally supervise the clerical work of the office force.

7. Subject to these rules and the supervision of the Director, the Engineering Staff shall examine and report on all applications and appeals, prepare proposed rules or revised rules assigned to them by the Director, and shall report on the desirability, reasons and necessity for action. They shall supervise and witness the tests conducted under the auspices of the Board.

8. A complete stenographic record of the transactions at public sessions shall be made for the files, and there shall be prepared after each meeting for publication in the Bulletin the abstract of the minutes which are to appear in such Bulletin. Verbatim transcripts of the record or any part thereof may be made as directed by the Chairman or the Director.

ARTICLE XVI—RULES OF PROCEDURE

1. Amendments to these Rules of Procedure may be made by the Board of Standards and Appeals at any public hearing, provided notice of such amendment has been given to each Commissioner of the Board at least three (3) days prior to such session, either in writing or by publication in the Bulletin. Any Rule of Procedure may be suspended at any session by the concurring vote of three (3) Commissioners.

PETITION AND ORDER TO SHOW CAUSE SERVED ON THE BOARD OF STANDARDS AND APPEALS

On April 23, 1959, Petition and Order to Show Cause was served on the Board by Anne E. Meyer, attorney for petitioners, George E. McCall and John D. Fairley, objecting property owners, seeking a review of the Board's determination on March 17, 1959, granting a variance under Section 7e for a temporary term of fifteen years to permit in a residence use district, the erection and maintenance of a gasoline service station with accessory minor auto repairs, car washing, non-automatic, office, sale and parking of cars awaiting servicing; Calendar Number 653-58-BZ; Premises 2985 Edson Avenue, southwest corner of Adea Avenue, Block 4797, Lot 1, Borough of The Bronx.

* * * * *

COURT DECISION

Matter of Dugach vs. Board—On March 25, 1958, the Board denied a variance under Section 7, subdivisions e and h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, car washing—non-automatic, minor repairs, with hand tools only, office, sales and storage of auto accessories, and parking of cars waiting for service, with curb cuts and ground sign in a residence use district for a stated term of fifteen (15) years; Calendar Number 600-57-BZ; Premises 76-26 to 76-46 (76-36 official) 164th Street, west side, from 76th Road to 77th Avenue; 162-27 to 162-37 77th Avenue and 162-28 to 162-38 76th Road, Block 6848, Lots 1, 6 and 8(1), Flushing, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Kusnetz sustained the Board, the order of certiorari vacated and the petition dismissed. (New York Law Journal, February 5, 1959, page 15).

Motion was made to Justice Latham at Supreme Court, Special Term, Part I, for a rehearing and Justice Latham has referred it to Justice Kusnetz. (New York Law Journal, March 27, 1959, page 10.)

Mr. Justice Kusnetz granted the motion for reargument and upon reargument the Court adheres to its original decision. Submit order. (New York Law Journal, April 3, 1959, page 14.)

The order required to be submitted, was submitted and was signed by Mr. Justice Kusnetz on April 9, 1959. The last paragraph reads, as follows:

"ORDERED that the determination of this Court vacating the order of certiorari, dismissing the petition and affirming the determination of the Board of Standards and Appeals, is adhered to."

DISCONTINUANCE OF PROCEEDINGS

On July 9, 1958, Copy of Petition and Order of Certiorari was served on the Board by Albert C. Aronne, attorney for Jusanto Holding Corp., objecting property owners, seeking a review of the Board's determinations, one in connection with Cal. No. 978-57-BZ, on May 13, 1958, for a variance to permit under Sections 7e, 7f, 7i and 7A of the Zoning Resolution, for a term of fifteen years, in a business use district on a lot presently occupied as a used car lot, the erection and maintenance of a gasoline service station, lubricatorium, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, auto safety inspection station, parking and storage of motor vehicles, also show windows and signs within 75 feet of a residence use district; the other determination, in connection with Cal. No. 187-58-A, on June 3, 1958, modified the decision of the Borough Superintendent, acting on N.B. Application 2250-1957, on condition that the requirements of the Resolution adopted under Cal. No. 978-57-BZ, be complied with, also that the gasoline storage tanks be maintained to the satisfaction of the transit facilities using the tunnel. Premises 1546-1556 Bushwick Avenue and 45-53 DeSales Place, southwest corner, Borough of Brooklyn.

In Supreme Court, Kings County, the above entitled proceeding was discontinued by stipulation and agreement by both parties, on April 24, 1959.

II, 575-56-BZ, 710-56-BZ, 750-57-BZ, 539-58-BZ, 958-27-BZ—Vol. II, 351-30-BZ—Vol. II, 608-40-BZ—Vol. II, 593-45-BZ—Vol. II, 246-58-BZ, 333-39-SM, 1207-40-SM, 80-50-SA, 747-53-SM, 349-55-SM, 566-55-SA, 900-57-SM and 377-58-SA.

Notice of Public Hearing of Proposed Revision of the Rules of Procedure.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 23, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 28, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Major Deegan Expressway and Cedar Avenue are in manufacturing and residence use, B area, class 1¼ height districts; West Fordham Road is in a manufacturing use, B area, class 1¼ height district; that as of July 25, 1916 that part of the premises within 100 feet of West Fordham Road was in a business use district and received the present manufacturing use designation on April 29, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated July 3, 1958 acting on N.B. Applic. No. 615-58, reads:

"1. Proposed demolition, reconstruction and extension of use of existing gas station and metal garages to gasoline service station, lubritorium, minor auto repairs, car washing, utility room, store, and parking and storage of motor vehicles partly in a manufacturing use district and partly in a residence use district is contrary to Art. II Sect. 3 of the Z.R. and B.S.A. Cal. #214-27-BZ.

"2. Show window and signs within 75 ft. of a residence use district is contrary to Sect. 7-A of the Z.R." and

WHEREAS, the applicant states that the premises consist of a plot, 117.96 feet frontage by 93.96 feet in depth, presently developed with a gasoline service station consisting of four active 550 gallon gasoline tanks, two 550 gallon closed gasoline tanks, a one story accessory building of class 3

construction, having a frontage of 26 feet, a depth of 10 feet and now used for office and sales; that the premises are further developed with two open grease pits and three metal buildings, now used as a garage; that it is proposed to redevelop the existing gas station by adding four new approved type buried 550 gallon gasoline tanks to the six present 550 gallon gasoline tanks, making a total of ten 550 gallon gasoline tanks, rearrange the pump islands and erect a new one story accessory building of class 3 construction, having a frontage of 60 feet 8 inches, a depth of 29 feet 8 inches for use as lubritorium, minor auto repairs, car wash, utility room and store; that the open area not being used for the gasoline service station will be used for parking and storage of motor vehicles; and

WHEREAS, the applicant states that Department of Building records indicate that the metal garages were erected under N.B. Applic. No. 135 of 1928 and Certificate of Occupancy No. 1423 of 1928 was issued for use as garage—16 buildings; that records further indicate that the gas station was erected under N.B. Applic. No. 483 of 1928 and Cal. No. 214-27-BZ, and Certificate of Occupancy No. 1420-28 was issued for use as a gas station; and

WHEREAS, the applicant contends that inasmuch as the site is now developed with a legal gas station and is in a manufacturing use district for a distance of 100 feet from the West Fordham Road building line; and

WHEREAS, the applicant further contends that the show window and signs facing Major Deegan Expressway will not have an adverse effect upon the Expressway inasmuch as they are set in 35 feet 4 inches from the street building line of the Expressway; and

WHEREAS, the applicant states that the present owner has held title to the property since June 15, 1932; that the assessed valuation of land is \$35,000 and of the building \$4,000 making a total of \$39,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 7, 1927, by adding thereto:

"that in the event the owner desires to use the full area of the plot which was permitted by the Board under resolution adopted June 7, 1927, and desires to reconstruct the existing gasoline service station and accessory uses and to rearrange the equipment and buildings as now shown on revised plans marked 'Received July 3, 1958', 5 sheets, such rearrangement may be permitted under section 7c provided the accessory building as proposed shall be faced with face brick on the front and shall have no cellar and in all other respects shall comply with all laws, rules and regulations applicable thereto; that any equipment and buildings not proposed to be retained shall be removed; that pumps shall be of an approved low type, erected not nearer than 15 feet to the street building line of West Fordham Road; that sidewalks and curbing abutting the premises on three streets shall be constructed or repaired to the satisfaction of the Borough President; that curb cuts now existing may be continued but increased so that each curb cut to West Fordham Road is not more than 30 feet in width and with curb cut to Cedar Avenue and to Deegan exit road as shown; that there may be parking of motor vehicles at the rear where shown, provided retaining walls of masonry at least 5 feet 6 inches in height above the grade of the gasoline station are maintained on the rear and on the side lot lines of Cedar Avenue with suitable masonry posts at the terminations at the building line and along the exit route of Major Deegan Highway up to the point, with a suitable terminating post where the proposed curb cut is proposed; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; and of these any tanks now existing shall be tested by the Fire Commissioner as to structural condition and if not found in good condition shall be replaced with new tanks; that the premises where

MINUTES

not occupied by accessory building and pumps shall be paved with concrete or asphalt; that at the intersection of Major Deegan Expressway and West Fordham Road there may be maintained a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend not more than 4 feet beyond the building line of West Fordham Road; that under section 7A any curb cuts, signs or show windows deemed contrary thereto may be permitted provided the requirements of this resolution are complied with; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the resolution adopted by the Board on June 7, 1927, shall be complied with where not inconsistent with the terms of this amended resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

545-44-BZ—Vol. III

APPLICANT—Max Siegel Associates for All States Holding Corp., owner.

SUBJECT—Application reopened October 7, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7a and 7c of the Zoning Resolution, to permit in a residence use district, the construction of a penthouse on the roof of the present building for use as offices and showrooms.

PREMISES AFFECTED—410-416 East 54th Street, south side, 194 feet east of 1st Avenue, and 415-423 East 53rd Street, Block 1365, Lot 9, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley,
Commissioner Sleeper and Commissioner Fox 4
Negative 0
Not Voting: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on October 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Sutton Place South are in a residence use, B area, class 2 height district; 54th Street and 53rd Street are in local retail and residence use, B area, class 2 height districts; First Avenue is in a local retail use, B area, class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 11, 1958 acting on Alt. Applic. No. 1030-58, reads:

"1. Proposal to erect a penthouse (to be used for offices and showrooms) on an existing commercial bldg. located in a Residence Use District is contrary to Art. II Sect. 3 and Sect. 6(a) of the Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 200 feet 10 inches in depth, developed with a six story and cellar fireproof building now being used for a mixed occupancy such as public garage, showrooms, factories and school, as set forth in Certificate of Occupancy No. 45314, now in full force and effect; that the building is equipped with a 100% automatic sprinkler system with a central station connection and supervisory service, together with a standpipe system and an interior fire alarm system; that it is now proposed to erect a fireproof penthouse on the main roof of the existing building, to be used for offices and showrooms; that it is further proposed to extend the northerly existing stairway from its sixth floor termination to a new bulkhead on the existing main roof, which, together with the existing stair bulkhead

at the south, will provide two stairways from the main roof; that it is also proposed to install a new passenger elevator in the existing shaft No. 2 to serve the new penthouse and to extend the existing center stairway adjoining elevator No. 2 to serve the new penthouse; that the proposed penthouse will be set back from each street line about 50 feet and from the westerly lot line about 42 feet; that it will abut the easterly lot line adjacent to certain other premises—lot 13—under the same ownership and used for similar commercial purposes; that this easterly side of the penthouse will therefore be 75 feet distant from any other property to the east beyond lot 13; and

WHEREAS, the applicant further states that the subject premises is under common ownership with the adjacent properties to the east—lot 13—and comprise three separate buildings; that each of these buildings have been the subject of several variances by the Board for a change of use from the original public garages to the existing principal uses for decorators' show rooms for house furnishings; that these buildings have become known as a decorators mart and have been greatly enhanced over their former appearance and use as garages; and

WHEREAS, the applicant contends that the location of the proposed penthouse on the main roof of this existing commercial building is sufficiently removed from any other adjoining properties so as not to affect them in any manner whatsoever; that the proposed additional use is compatible with the existing commercial uses of these premises and the adjoining premises to the east—lot 13; that a grant will permit the owner to make a reasonable and practical use of its property without adversely affecting anyone; and

WHEREAS, the applicant states that the present owner has held title to the property since October, 1936; that the assessed valuation of land is \$275,000 and of the buildings \$375,000 making a total of \$650,000; that the buildings were erected in 1890.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 2, 1944, as thereafter amended by resolutions adopted on July 23, 1957, and April 15, 1958, and July 8, 1958, by adding thereto:

"that in the event the owner desires to construct a penthouse story on the building for office showrooms only as proposed and as indicated on plans filed with this application marked, "Received, April 1, 1958," 1 sheet, "August 18, 1958," 2 sheets, "March 20, 1959," 3 sheets, such penthouse story may be constructed *on condition* that the building shall not be further increased in height or area and that such extension shall comply with the requirements of the Building Code and in all other respects shall comply with all laws, rules and regulations applicable; that the requirements of the resolution as above cited shall be complied with where not inconsistent with the terms of this amended resolution; and that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution."

93-48-BZ

APPLICANT—M. Martin Elkind, for K. and L. Auto Electric Service, owner.

SUBJECT—Application reopened January 6, 1959 for consideration as to extension of term of variance—expired July 14, 1958—decision of the Borough Superintendent, previously granted on condition, under sections 7c and 7i of the Zoning Resolution, permitting in a business use district the extension to existing building on 1st floor, to be used for extension to existing battery and ignition service.

PREMISES AFFECTED—49-08 to 49-10 Queens Boulevard, south side, 60 feet east of 49th Street, Block 2282, Lots 26 and 27, Sunnyside, Borough of Queens.

APPEARANCES—

For Applicant: Gerald F. Brandwyn.

For Opposition: None.

MINUTES

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Not Voting: Commissioner Fox 1
Negative 0

THE RESOLUTION—

WHEREAS, on July 20, 1948, this application was granted by the Board on certain conditions, under Sections 7c and 7i of the Zoning Resolution, to permit in a business use district, the extension to existing building on first floor to be used for extension to existing battery and ignition service, affecting premises 49-08 to 49-10 Queens Boulevard, south side, 60 feet east of 49th Street, Block 2282, Lots 26 and 27, Sunnyside, Borough of Queens; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation May 14, 1958; and

WHEREAS, this application was reopened on January 6, 1959 and set for hearing on April 28, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1958 acting on Alt. Applic. No. 2049-47, reads:

"1. The proposed auto ignition shop and battery service in a structure located in a business use district is contrary to Art. 2, Sec. 4a, item 29 of the Z.R. These premises have been the subject of a variance under Cal. #93-48-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 20, 1948, as thereafter *amended* by resolutions adopted through January 14, 1953, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"*granted* under Section 7, subdivisions c and i for a term of five years from the date of this amended resolution, to permit; that other than as herein amended the resolutions adopted through January 14, 1953, shall be complied with; and that all permits, including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this *amended* resolution." (Alt. App. 2049/47)

882-56-BZ—Vol. II

APPLICANT—Frederick A. Ketcher for John Poth, owner; Esso Standard Oil Company, lessee.

SUBJECT—Application reopened January 13, 1959 as Vol. II—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail use district, the extension of the open area of the existing gasoline service station by adding that portion occupied by a one story frame building, to be demolished and open the rear wall of the car wash bay, extend the east curb cut on East 101st Street and add an additional curb cut on First Avenue.

PREMISES AFFECTED—1962-1970 First Avenue and 401 East 101st Street, northeast corner, Block 1695, Lots 1 and 50, Borough of Manhattan.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

For Administration: John J. Saunders, B'd of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 13, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 28, 1959, for inspection and decision; applicant to file corrected decision of Department of Buildings, eliminating words "automatic automobile laundry" and to correct plans to show use of lot 14 on Block 1694 said as occupied by a factory; and omit curb cut opposite the location of the former chicken market on East 101st Street to be removed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and First Avenue are in a retail use, A area, class 2 height district; East 101st Street and East 102nd Street are in retail and manufacturing use, A area, class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 15, 1958 as amended by decision dated April 16, 1959, acting on Alt. Applic. No. 1842-58, reads:

"1. Erecting an extra curb cut on 1st Ave. and an overhead door between the lubritorium and yard for the existing gasoline station, lubrication, motor vehicle repair shop, office & sales, storage room, office for sale of used cars, automatic automobile laundry; parking and storage of more than 5 motor vehicles on vacant portion of lot, located in a Retail Use Dist., constitutes an extension of a non-conforming use and is therefore contrary to Sec. 4A Art. II, Zoning Res. & B.S. & A. Res. Cal. #882-56-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 125.92 feet frontage by 95 feet in depth, located in a retail use district; that at the time the existing structure was started it was in an unrestricted use district and received its present designation June 15, 1956; that the gasoline station was approved by Resolution adopted by the Board on July 23, 1957; that Certificate of Occupancy No. 49344 was issued July 29, 1958 for the existing legal uses; that it is proposed to install an additional 30 foot curb cut on First Avenue and to permit the existing overhead door, which opens on the rear yard remain; that there are no proposed changes in occupancy whatsoever; and

WHEREAS, the applicant states that all the buildings in this block—block 1695—were erected when it was in an unrestricted use district, which accounts for said lot being practically surrounded by non-conforming uses; and

WHEREAS, the applicant contends that there are no new changes in occupancy proposed, and only those legal uses which now exist, will be continued; that there has been no change in owner or lessee since it opened to the public, and the station will continue to be maintained in an orderly manner under the same owner and lessee; and

WHEREAS, the applicant further contends that because of the heavy one-way traffic along First Avenue, greater safety and convenience would be effected in station operation by installing the proposed curb cut; that as the plot frontage on First Avenue is 126 feet, there would be ample safety aisle space between the curb cuts; that the overhead doors to the rear yard was shown and approved on the original 1955 plans, which were approved by the Building Department; that it was inadvertently shown as a window on the Board small scale drawing; and

WHEREAS, the applicant states that the present owner has held title to the property since January 16, 1947; that the assessed valuation of land is \$41,750 and of the building \$30,000 making a total of \$71,750; that the building was erected in 1956-1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 23, 1957, by adding thereto:

"that in the event the owner desires to enlarge the gasoline service station portion of the premises by the

MINUTES

removal of the chicken slaughterhouse now on the site, such slaughterhouse may be removed and its area included for use with the gasoline service station, as indicated on plans filed with this application, marked 'Received December 15, 1958', 1 sheet and 'April 17, 1959', 3 sheets, *on condition* that the requirements of the resolution above cited shall be complied with; that the curb cut opposite such chicken slaughterhouse shall be removed and the curbing restored; that there may be an additional curb cut 30 feet in width to First Avenue, as shown; that the door in the rear of the accessory building may be continued for exit of cars after greasing or washing; that fencing shall be continued along the east and street line where the chicken slaughterhouse will be removed except where masonry walls of adjoining buildings occur on the lot line; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

ert, Commissioner Foley, Commissioner Sleeper and	
Commissioner Fox	5
Negative	0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 28, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 49th Street are in retail and residence use, C area, class 1 height districts; Church Avenue is in retail and business use, C area, class 1 height districts; Utica Avenue is in a business use, C area, class 1 height district; Snyder Avenue is in business and residence use, C area, class 1 height district; that on July 25, 1916 the retail portion was zoned business and was rezoned to its present designation on March 25, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated October 21, 1958 acting on Alt. Applic. No. 781-58, reads:

"1. Proposed parking of cars on a lot located within a residential use district, is contrary to Art. 2 Sect. 3 of zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 99 feet 2½ inches in depth, irregular in area, having 20 foot frontage on Church Avenue and 40 foot frontage on East 49th Street; that on the Church Avenue frontage there is a two story building used and occupied as a store, office and two apartments in accordance with Certificate of Occupancy No. 147294 issued January 25, 1956; that this building is not affected by this application; that it is proposed to occupy the vacant property of the premises, an area of 40 feet by 100 feet, fronting 40 feet on East 49th Street, for the purpose of accessory parking in connection with the Federal Credit Union, and for which no fee is to be charged; and

WHEREAS, the applicant contends that there is an urgent need for this parking because of the fact that this area is heavily populated and it is very difficult to find parking space; that there will be no overnight parking permitted and the parking lot will be used only during the hours when the Federal Credit Union is open for business or meetings for the proper conduct of its affairs; that no signs will be displayed on the lot and the lot will be maintained so that it will at all times be clean and well cared for; that there is no vacant property, properly zoned, within the area which could be obtained for use as a parking lot for the benefit of its members; and

WHEREAS, the applicant states that the present owner has held title to the property since December 10, 1954; that the assessed valuation of land is \$9,100 and of the building \$18,900 making a total of \$28,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years, to permit lot 56, to be used in conjunction with the building on Lot 2 occupied by the Federal Credit Union, for use as a parking lot for its officers, employees and members, substantially as proposed and as indicated on plans filed with this application, marked "Received November 3, 1958", 2 sheets and "March 5, 1959", 1 sheet, *on condition* that the premises shall be leveled substantially to the grade of East 49th Street, and shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire chain-link fence on a masonry base to a total height of not less than 5 feet, 6 inches, with no openings therein except one to East 49th Street, for entrance and which shall be fitted with a pair of gates, as shown and with curb cut opposite not over 12 feet in width and with a pedestrian entrance at the side to the building on Lot 2, as shown; that the plot shall be used solely for the parking herein permitted and not for general public parking; that signs shall be restricted to one sign attached to the fence at the entrance, advertising the parking for private use only; that such sign shall not exceed 5 square feet in area, shall not be illuminated nor extend beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 28, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 28th Avenue are in a residence use, B area, class 1¼ height district; 49th Street and 50th Street are in residence and unrestricted use, B and A area, class 1¼ and class 1½ height districts; 25th Avenue is in an unrestricted use, A area, class 1½ height district; that the premises was in a residence B area, 1¼ height district in 1916; that effective as of September 26, 1918 the property was zoned unrestricted B area, 1¼ height district; that effective as of July 27, 1939 the property was zoned residence B area, 1¼ height district up to the present and there are no changes pending; and

WHEREAS, the decision of the Borough Superintendent, dated November 24, 1956 as amended by decision dated February 6, 1959, acting on Alt. Applic. No. 2586-58, reads:

"1. Proposed parking of not more than 149 motor vehicles for employees use only & curb cuts, to be used in conjunction with a business located at 26-12 Borough Place, in a residence use district is contrary to the Zoning Resolution, Article II Section #3."

and

WHEREAS, the applicant states that the premises consist of a plot, 222.54 feet frontage by 149.5 feet in depth, irregular, presently vacant; that it is proposed to use the premises for a parking lot for the 300 employees of F. X. R., Inc., of 26-12 Borough Place, Woodside, New York, which plant is within 400 feet of the proposed parking lot; that this plant occupies a substantial portion of the property within the encompassed area; that the two story frame structure on lot No. 9 will be demolished if this variance is granted; and

WHEREAS, the applicant states that lot No. 9 is improved with a two story frame dwelling, and the remaining lots are vacant property; that there is a heavy growth of ragweed and the neighbors have used the property as a dumping ground, as evidenced by photographs submitted with this application; and

WHEREAS, the applicant contends that this property adjoins an unrestricted use area and the neighborhood is very mixed in use, including nearby factories and dwellings; that since the property is vacant and a heavy tax burden on the owners, it is requested that this desperately needed parking lot be permitted for the employees of F. X. R. Inc.; that if the variance is granted, the owner will provide a chain link fence around the property and surface the parking area with rolled cinders; that the improvement will be a credit to the neighborhood, removing an uncontrolled dumping ground for local debris; that in view of these contributing circumstances, it is requested that a variance be granted to permit the use of the premises for a parking area into the mapped area; and

WHEREAS, the applicant states that the present owner has held title to lots 69 and 70 since August 17, 1954; lots 65, 66 and 67 since October 14, 1955; lots 10 and 72 since June 20, 1956; lot 9 since February 13, 1959 and to lot 22 since February 20, 1959; that the assessed valuation of land is \$27,700 and of the building \$900 making a total of \$28,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; the committee recognized the need for parking but found that the location chosen would not be desirable for the area; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 2586-58, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

Negative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Sleeper and Commissioner Fox 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for applicant to file report from the Federal Aviation Agency and for inspection and decision; hearing closed; then to April 28, 1959, for decision; applicant to file revised plan showing no entrance from Foam Place but a driveway to the parking area through Lot 58 or Lot 12 from Smith Place; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Far Rockaway Boulevard, Foam Place and Beach 18th Street are in business and residence use, C area, class 1 height districts; Mott Avenue is in a business use, C area, class 1 height district; that the zoning of the site has not changed since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated December 10, 1958 acting on Alt. Applic. No. 2818-58, reads:

"1. The proposed extension to an existing building into a residential district is contrary to Art. II Sec. #3.

2. Accessory Parking and Storage for patrons and employees, loading and unloading, in a residential district is contrary to Art. II Sec. #3."

3. A curb cut for business use in a residential district is contrary to Art. II Sec #3."

and

WHEREAS, the applicant states that the premises consist of a plot, 84.5 feet frontage by 381.3 feet in depth, irregular in area, on which is located a one story store and supermarket, 84.5 feet by 98 feet in area, 12 feet in height, class 3 construction, erected under N.B. Applic. No. 4241-37 and occupied under Certificate of Occupancy No. A-5224 issued March 10, 1928; that it is proposed to combine the store with the supermarket and extend the building at the rear

MINUTES

with an extension 30 feet by 84.5 feet in area, and to add patron and employee parking with off street loading and unloading on the rear vacant portion of the site; and

WHEREAS, the applicant states that the present owner erected the store and supermarket in 1937 entirely within the business zone, and the premises have been occupied in accordance with the Certificate of Occupancy until 1958, when it became vacant; that on September 4, 1958 the owner purchased the abutting vacant lot fronting on Foam Place and entered into negotiations with a major supermarket chain; that the small area of the building is insufficient to meet the requirements of a modern supermarket, and off street patron and employee parking has become a necessity for an efficient and successful operation; and

WHEREAS, the applicant contends that this neighborhood has developed as a major shopping area for Far Rockaway, attracting patrons from a considerable distance living in areas where the zoning and development do not provide retail shopping facilities; that almost all of the large retail uses in this area have similar accessory parking as proposed; that on this tax block No. 40 there is accessory parking for the adjoining bank building on lot 12, and accessory parking for the nearby theatre building on lots 51, 54 and 151; that in addition, at block No. 47 there is accessory parking at the rear of lot 14; block No. 49 has accessory parking on lots 34, 35 and 46 and block 48 has accessory parking on lots 1, 8 and 45; that the subject tax block is irregular in size and does not properly fit the general zoning pattern in the City; that in fact, the business use district line was changed in 1924 to follow the approximate lines of lot 12; that the subject site has a depth of 368.21 feet running through from street to street—Mott Avenue to Foam Place, and the rear portion, for a depth of 268.21 feet is zoned residence; and

WHEREAS, the applicant further contends that the residence portion of the site cannot be economically developed with a conforming use; that this is one of the earliest developed areas in Far Rockway; that the abnormal depth of the lot and the development around the lot is not attractive for development with a conforming residence use; that it is proposed to add a small extension at the rear of the existing store building; that there will remain approximately 250 feet of vacant depth back from Foam Place used for parking; that adjoining the site at the point of the extension is a parking lot on lot 12 and a Church on lot 1; that Mott Avenue is a narrow street, 60 feet in width, and is the principal traffic thoroughfare for this neighborhood; that the heavy traffic problem creates a difficult situation for loading and unloading, which would be alleviated to the benefit of the community by a grant of the variance; and

WHEREAS, the applicant states that the present owner has held title to lot 8 since June 30, 1927 and to lot 62 since September 4, 1958; that the assessed valuation of land is \$50,500 and of the building \$40,000 making a total of \$90,500; that the building was erected in 1938; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee is of the opinion that the use of this parking lot with entrance and exit on Foam Place should not be permitted and that some other arrangement should be worked out, particularly as Foam Place is already overcrowded and used by children from the public school on Dinsmore Place; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt App 2818-58, Objection Nos. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

743-58-BZ

APPLICANT—N. K. Winston Management Corp., owner.
SUBJECT—Application December 18, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erec-

tion of a one-story non-storage garage of class 3 construction to accommodate 32 motor vehicles.

PREMISES AFFECTED—77-11 21st Avenue, northeast corner of 77th Street, Block 946, Lot 41, Jackson Heights, Borough of Queens.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision; applicant to file new design of proposed garage; applicant to stamp engineer's or architect's seal on plans; then to April 28, 1959, for decision; applicant to submit revised plan showing a differently designed exterior of face brick; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 21st Avenue, 77th Street and 78th Street are in a residence use, A area, class 3/4 height district; that the site was in an unrestricted use until December 3, 1953 when it became residence use; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1958 acting on N.B. Applic. No. 3901-58, reads:

"1. The erection of a garage for 32 cars in a Residence Use District is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect a non-storage garage for 32 cars in individual stalls, all under one roof; that the structure will be one story in height, 80 feet by 200 feet, set back from 21st Avenue, 20 feet; that there will be a fence along the Avenue from 77th to 78th Street and on each side street for a distance of 20 feet, the said proposed fence being of the chain link variety, 10 feet in height; and

WHEREAS, the applicant states that there is a garden apartment development immediately adjoining this property which is owned by corporations affiliated with the owners of the property considered herein; that there is presently a severe parking problem in this area which became worse as the previous garage located on this property was demolished because of disrepair, and the fact that the individual garages were too small for many of the modern day cars; that this proposed building will in some measure relieve the bad parking situation in the neighborhood; that it will be of non-fireproof construction and there will be little, if any associated hazard; that further, the owner is attempting to replace a former non-fireproof structure of approximately the same area, which was demolished in this very year, the former building having become unsightly, unusable and in disrepair; and

WHEREAS, the applicant contends that the land is assessed at the present time for \$22,000 and the previously erected building was assessed at \$35,000; that the proposed new structure replacing the one previously erected will cost approximately the same amount; and

WHEREAS, the applicant states that the present owner has held title to the property since 1937; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition for use by occupants of adjacent housing under the same ownership; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district

MINUTES

regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty years to permit the erection of a one-story non-storage garage of class 3 construction to accommodate 32 motor vehicles as proposed and as shown on plans filed with this application marked "Received December 18, 1958", 4 sheets, and "April 21, 1959", one sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of 21st Avenue and shall be arranged and constructed as indicated on plans above cited; that the building shall not be further increased in height or area; that at the property line to the south there shall be erected a woven wire fence of the chain link type not less than ten feet in height, with the return along the 77th Street building line and the 78th Street building line, as shown on such plans; that the intervening space of twenty feet between the fence and building shall be kept in lawn and shrubbery; that the sidewalk abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that the curb cut to 78th Street shall not exceed 15 feet in width; that such garage shall be used only for the storing of motor vehicles of the pleasure car type of tenants of the building nearby under the same ownership; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

744-58-A

APPLICANT—N. K. Winston Management Corp., owner.
SUBJECT—Application December 18, 1958—appeal from a decision of the Borough Superintendent—re Class 3 construction, area excessive.

PREMISES AFFECTED—77-11 21st Avenue, northeast corner of 77th Street, Block 946, Lot 41, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: George Fuchs.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1958 on N. B. Applic. 3901/58, reads:

"The erection of the proposed structure exceeds the tabular limits for garage and is contrary to 4.2.1 *Building Code*."

and

WHEREAS, the premises consist of a plot 100 feet by 200 feet in area, now vacant, located in a residence use, A area, class 3/4 height district; and

WHEREAS, the proposed garage will be 80 feet by 200 feet in area, one story, 20 feet high, class 3 construction, more fully described in Calendar Number 743-58-BZ; and

WHEREAS, the applicant states that the proposed structure will be 16,000 square feet in area, which is 1,000 square feet in excess of that permitted by the Administrative Code of the City of New York; that if the exterior walls were excluded from the area of the building, the structure would be in excess only of 440 square feet; that there will be little, if any, associated hazard; that the owner is replacing a former non-fireproof structure of approximately the same area, which was demolished in this very year, the former building having become unsightly, unusable and in disrepair; that the owner showing his interest in protecting the appearance of the general community; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition with Cal. No. 743-58-BZ.

Resolved, that the decision of the Borough Superintendent, dated November 26, 1958, acting on N.B. App. 3901-58, Objection No. One be and it hereby is *modified* and that the

appeal be and it hereby is *granted on condition* that the building shall not exceed the area as shown on plans as approved this day under resolution adopted under Cal. No. 743-58-BZ; and that the requirements of that resolution shall be complied with in all respects.

777-58-BZ

APPLICANT—Charles M. Spindler for Louis C. Duro, owner.

SUBJECT—Application December 31, 1958—decision of the Borough Superintendent, under sections 7f, 7i, 7e and 21 of the Zoning Resolution, to permit in a retail and residence use, D and E-1 area district, the erection and maintenance of a gasoline service station, lubrication, non-automatic car wash, office, sale of accessories, minor repairs with hand tools only, safety inspection station and parking and storage of motor vehicles all for a temporary term of fifteen (15) years, the proposed building encroaches on the required rear yard.

PREMISES AFFECTED—180-06—180-14 (180-10 official) Linden Boulevard, south side, 125.42 feet west of Montauk Street, Block 12406, Lots 320 and 321, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 28, 1959, for inspection and decision; applicant to inform the Board whether a portion of site is within the provisions of Section 21-A of the Zoning Resolution; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Linden Boulevard and Montauk Street are in retail and residence use, D and E-1 area, class 1/2 height districts; that as of July 25, 1916 the property was zoned as an unrestricted district and on December 6, 1935 the portion within 100 feet of Linden Boulevard was placed in a business district; that the entire property was changed to a residence district on January 21, 1947 and the present retail designation for the portion of the property within 100 feet of Linden Boulevard became effective on February 10, 1955; that as of July 25, 1916 the property was zoned as a one times height district and a D area district and on June 30, 1952 the present class 1/2 height designation became effective and the property was placed in an E-1 area district; that the present D area designation for the portion of the property within 100 feet of Linden Boulevard became effective on February 10, 1955; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1958 acting on N. B. Applic. No. 3984-58, reads:

"1. The proposed erection of a gasoline service station, lubrication, auto washing, non-automatic, office, sales of accessories, minor repairs with hand tools only, safety inspection station, and storage and parking of motor vehicles on a lot in a retail district and extending into a residence district is contrary to Art. 2, Sec. 3 and Sec. 4-A of the Z. R.

2. The proposed erection of a ground sign on the retail portion of the lot is contrary to Art. 2, Sec. 4-A of the Z. R.

3. Provide a rear yard as per Sec. 14 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 104.06 feet frontage by 128.85 feet in depth, pres-

MINUTES

ently occupied with an old frame dwelling; that it is proposed to erect a gasoline service station together with its accessory uses; and

WHEREAS, the applicant states that the owner endeavored to receive a return on his investment by occupying a portion of the building as a beauty parlor and as a result thereof a Building Department violation was placed against the premises; that the premises adjoins the Long Island Railroad embankment on the east, a funeral home on the west, and on the south by grounds of the United States Naval Hospital; that parking for the hospital adjoins the site to the south and also to the west; that Linden Boulevard to the east of the embankment is improved with stores, which stores serve the entire neighborhood; that the area is built up with one and two family dwellings to the north and the Naval Hospital south of the site extends westerly to 115th Avenue approximately 800 or 900 feet; that there is no room for residential development in the entire area, so that the possibility of developing the site with a conforming use would be impractical; that the owner communicated with the United States Naval Hospital authorities and received a letter from the authorities wherein the authorities would interpose no objection to the erection of the gasoline filling station, provided there would be erected along the southern boundary a split sapling fence 8 feet high; that the entrance to the hospital grounds is approximately 400 or 500 feet west of the proposed site; that there is, however, an unused gate at the end of a roadway which adjoins the site; that the Naval authorities indicated that this gate is kept locked and is not in use; that diagonally opposite the site, the block front between 179th Street and 180th Street is improved with two gasoline stations; and

WHEREAS, the applicant contends that the residential portion of the site is very small, approximately 50 square feet; that in the event the variance is granted, the Board is requested to permit the building to be built without the requirement for a rear yard; that the Board is aware that these rear yards are usually the receptacle for refuse and tend to make the station untidy; that as the hospital grounds extend for hundreds of feet in all directions, and the portion of the grounds in the rear of the site is used for parking, the requirement for a rear yard would serve no practical purpose; that in view of the impracticability of using the site for a conforming use due to the sparseness of the residential area, the hospital grounds and the shopping center to the east of the railroad embankment, it is requested that this variance be granted for a term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since March 31, 1955; that the assessed valuation of land is \$7,000 and of the building \$3,000 making a total of \$10,000; that the building was erected about 40 years ago; and

WHEREAS, the applicant withdrew Section 21 as a basis of his application; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which reported that the requirements of Section 21A are not violated, and the Committee recommended, in accordance with the letter from the Commandant of the Naval Hospital, that his objection will be withdrawn provided a split sapling fence is maintained continuously along the rear of the premises to a height of not less than 8 feet; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i, and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received December 31, 1958", 4 sheets, *on condition* that all buildings and uses now on the site shall be removed and the premises arranged, designed and constructed as indicated on such plans; that the accessory

building shall be of the design and arrangement shown, of face brick on all exposed sides and shall have no cellar and may omit rear yard as not necessary; that there shall be no windows in the rear wall; that pumps shall be of an approved low type erected not nearer than 15 feet to Linden Boulevard; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that along the rear and side lot lines within 30 feet of the building line of Linden Boulevard there shall be erected a split sapling fence to a height of not less than 8 feet and properly supported; that at the foot of the railroad embankment the existing ten foot high chain link fence may be continued, if maintained in good condition; that curb cuts shall be restricted to two curb cuts, each 25 feet in width and one 20 feet in width, where shown; that no portion of any curb cut shall be nearer than 5 feet to a side lot line as prolonged; that at the intersection of the approach on 181st Street and Linden Boulevard there may be erected a post standard to support a sign which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign at right angles to Linden Boulevard and not extending more than 4 feet beyond the building line; that other signs may include permanent signs attached to the front facade of the accessory building and the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that where not occupied by accessory building, the premises shall be paved with asphalt or concrete; that under section 7i for a similar term there may be minor repairs and such repairs as required for a safety inspection station, with hand tools only, maintained solely within the accessory building; and under Section 7e for a similar term there may be parking and storage of motor vehicles, so parked as not to interfere with the servicing of the station; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

10-59-BZ

APPLICANT—George Edward Beatty for R. C. Church of St. Joseph, owner.

SUBJECT—Application January 6, 1959—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a class 1¼ height district, the erection of a fourth floor to an existing three story school building which will exceed the permitted height.

PREMISES AFFECTED—28-38 44th Street and northeast corner of 43rd Street and 30th Avenue, Block 699, Lot 1, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Edythe De Gaeta and Rt. Rev. Richard B. McHugh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 43rd Street and 44th Street are in local retail and residence use, B area, class 1¼ height districts; 30th Avenue and 28th Avenue are in a local retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1958 acting on Alt. Applic. No. 2695-58, reads:

"1. The proposed additional story of bldg. in a height 1¼ district so that the total height is in excess of the width of the street is contrary to Art. III Sec. 8(e) Zone Res."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 175.10 feet and 275.10 feet frontage by 200.05 feet and 150.05 feet in depth; that it is proposed to construct a fourth floor for the existing school building; and

WHEREAS, the applicant states that the original plans filed in 1917 in the Queens Department of Buildings under N.B. Applic. No. 531-17 were approved for a four story school; that the building as completed, however, was three stories in height; that at the present time, due to the need for expanded school facilities, the fourth story addition is contemplated; that with this addition, the height of the building would exceed the allowable height of sixty feet, based on $1\frac{1}{4}$ height zone and street width of sixty feet, by five feet two inches approximately; and

WHEREAS, the applicant contends that only by the requested variance can the school facilities be expanded at this time to keep pace with the prevailing needs of the community; and

WHEREAS, the applicant states that the present owner has held title to the property prior to 1906; that the assessed valuation of land is \$130,000 and of the building \$1,600,000 making a total of \$1,730,000; that the building was erected in 1917; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to height on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the extension in height of the building as now proposed and as indicated on plans filed with this application marked, "Received January 6, 1959," 15 sheets, *on condition* that the building shall not be further increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 5:00 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, APRIL 28, 1959, 2 P. M.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

291-46-A

APPLICANT—Harry M. Sushan, for Ho Penn Garage Company, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Borough Superintendent; previously granted on condition.

PREMISES AFFECTED—241-243 West 28th Street, south side, 249 feet 3 inches east of 8th Avenue and 240-242 West 29th Street, Block 778, Lots 18 and 62, Borough of Manhattan.

APPEARANCES—

For Applicant: Harry M. Sushan.

ACTION OF BOARD—Appeal reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

Absent: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 25, 1946 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 25, 1946, by adding thereto:

"that in the event the owner desires to install a door at the first floor level, at the rear as shown, as a means of access to the premises in the rear, such door may be permitted as indicated on plans filed with this request for amendment marked 'Received April 28, 1959', 3 sheets, and passed by the Borough Superintendent under Alt. App. 169/59, Objection No. One, denied on March 6, 1959, *on condition* that in all other respects the resolution above cited shall be complied with.

306-48-A—Vol. III

APPLICANT—Maurice Nirenstein, for Al and Betty Hertz, owners.

SUBJECT—Application reopened February 17, 1959 as Volume III—appeal from a decision of the Borough Superintendent re frame structure within fire limits.

PREMISES AFFECTED—269-16 80th Avenue, south side, 120 feet east of 269th Street, Block 8725, Lot 7, New Hyde Park, Borough of Queens.

APPEARANCES—

For Applicant: Maurice Nirenstein.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

Absent: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 20, 1959 on Alt. Applic. 25/59, reads:

"1. The proposed use of 2" thick joists within the fire limits is contrary to 7.1.4 of the Bldg. Code.

"2. The proposed alteration to attic by the creation of a full 2nd story in a frame bldg. within the fire limits is contrary to the resolution of the Board under Cal. #306-48-A."

and

WHEREAS, the applicant states that the premises consist of a lot, 40 feet by 100 feet, located in local retail use, D area, class 1 height district; that there exists on this lot a 1 story and attic, 18.50 feet high, class 4 building, 24.51 feet by 37.80 feet in area, used and occupied as a 1 family dwelling in accordance with Certificate of Occupancy 55335/49 issued against N.B. Applic. 1636/48 and in accordance with the Board's resolution on Calendar Number 306-48-A, Volume I and Volume II; and

WHEREAS, the applicant states that it proposes to alter the building to create complete new second story of the present attic; that the area of the building will remain unchanged on its lot; that the roof ridge elevation will remain the same but the building height will be increased to 23 feet; that the owners will then finish the 2nd floor and create 3 bedrooms and a bathroom to fulfill their requirements for additional living space; that the upper exterior wall construction will be covered with asbestos shingles and the roof will be surfaced with approved asphalt shingles as stipulated in the original resolution; that to further modify the building exterior by the erection of a windbreak enclosure on the side stoop which will also be surfaced with asbestos shingles siding and asphalt roofing.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 11, 1948, under Volume I, by adding thereto:

"that in the event the owner desires to reconstruct the roof so as to obtain more liveable space such reconstruction may be permitted as now proposed and as indicated on plans filed with this appeal marked, 'Received March

MINUTES

19, 1959, 2 sheets, and the roof beams may be of two inch commercial thickness *on condition* that the building shall not be further increased in height or area and shall be at all times used as a dwelling for one family only under Certificate of Occupancy No. 55335/49; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the above resolution shall apply solely to the building previously permitted by variance granted on May 11, 1948 applying to the Building on Lot 7 only."

206-58-A—Vol. II

APPLICANT—Joshua Brown, for Ases Ayoub, owner.
SUBJECT—Application reopened February 25, 1959 as Volume II—filed pursuant to section 35, General City Law re proposed new building in bed of a mapped street—proposed widening of Victory Boulevard and Manor Road.
PREMISES AFFECTED—1756 Victory Boulevard, south side, 99.49 feet east of Manor Road, Block 707, Lot 6, Four Corners, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative 0
Absent: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 10, 1959, on N.B. Applic. 213/58, reads:

"1—Proposed new building is located contrary to Art. 3 par. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a lot 40.35 feet front by 187.71 feet in depth, located in a retail use, D areas, class 1 height district, upon which there exists a building 2½ stories, 30 feet in height, 31.74 by 41.40 feet in area of class 4 construction, which it is proposed to demolish and to erect thereon one story building, 15 feet 6 inches in height, 40 feet front, 30 feet rear and 90 feet in depth, of class 3 construction, for use and occupancy as follows: no cellar; 1st floor—3 stores, 11 persons; that the proposed building will be located partially in the bed of proposed street widening of Victory Boulevard; that the owner fully agrees that he will receive no compensation award for damages for the portion of the proposed building laying within the bed of the mapped street widening when actually or physically taken over by the City; and

WHEREAS, the Board has been advised by the President of the Borough of Richmond that on December 6, 1935 the Board of Estimate adopted Victory Boulevard to a width of 100 feet; that at present there are no immediate proceedings pending for the physical widening of Victory Boulevard at Manor Road; that however, due to the ever-increasing volume of traffic on this most important thoroughfare, it will be only a question of time when this street will require widening to its full adopted width.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 213/58, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the building as now proposed to be erected facing Victory Boulevard and as shown on plans filed with this appeal marked, "Received February 10, 1959," 1 sheet, and plans filed previously under Volume I, which was withdrawn, marked, "April 8, 1958," 3 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the offer of the owner in the event the premises are acquired by the City of New York for street widening shall apply as to waiving

compensation reward for damages for the land and portion of the building on the property lying in the bed of the proposed street widening.

305-58-A

APPLICANT—Samuel Carr, for Willa Realty Co., owner.
SUBJECT—Application May 13, 1958—Appeal from a decision of the Borough Superintendent, re egress.

PREMISES AFFECTED—35 West 21st Street, north side, 372 feet east of Avenue of The Americas, Block 823, Lot 19, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Carr.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: Commissioner Fox 1
Absent: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 2, 1958 on Alt. Applic. 558/58, reads:

"1. Provide 2nd means of egress a fire escape in a 9 story factory building is unacceptable Section 271 L.L."

and

WHEREAS, the applicant states that the premises consist of a lot 25 feet by 98 feet 9 inches, located in manufacturing use, B area, class 2 height district, upon which there exists a 9 story building, 110 feet high, of fireproof construction, 25 feet by 98 feet 9 inches on the 1st floor and 25 feet by 90 feet on all other floors, erected in 1901, used and occupied without a certificate of occupancy; cellar—storage, no persons; 1st floor—store, 4 persons; 2nd floor—doctor's office and manufacturing, 13 persons; 3rd floor—manufacturing and printing, 7 persons; 4th floor—printing, 5 persons; 5th and 6th floors—printing, 10 persons each floor; 7th floor—manufacturing, 30 persons; 8th floor—manufacturing, 9 persons; 9th floor—studio, 5 persons; and

WHEREAS, the applicant states that the present exits consist of an interior stair, front fire escape accepted under Calendar Number 180-18-S and a rear fire escape accepted under Calendar Number 681-24-S; that the building is equipped with a standpipe and an approved fire alarm system; that the interior 36 inch wide steel and marble stairs have winders minimum width of 4 inches and maximum width of 16½ inches; that the stair, toilets and elevator shaft are open to the public hall; that this hall is enclosed in terra cotta block and fireproof self-closing doors; that the elevator shaft is enclosed with an open metal grill; that the front 45° fire escape leads to the roof and by the counterbalanced stairs to the sidewalk; that this fire escape with doors, windows and steps was previously accepted by the Board; that the rear 60° fire escape has a gooseneck ladder to the roof and is connected at the 2nd floor with the fire escape of the adjoining building to the rear; that this fire escape was also accepted by the Board; and

WHEREAS, the applicant proposes to improve the exits by enclosing the elevator shaft with two layers of ¾ inch cement plaster; that the elevator door will be covered with 20 gauge sheet metal; that one of the windows on each floor to the rear fire escape will be changed to a kalamein door; that steel steps will be provided to these new door sills; that the remaining rear windows are protected with iron shutters; and

WHEREAS, the applicant further proposes to enclose the stairs in masonry walls and fireproof self-closing doors; that the termination of the rear fire escape will be through a 3 foot wide masonry enclosed cellar passageway; that this passageway will terminate on the 1st floor in the public hall that leads directly to street; and

WHEREAS, the premises were again inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the applicant filed a revised plan showing the proposed new stair to be installed in the building for the

MINUTES

full height, and exit to the street which is now shown on plans filed with this appeal marked, "Received April 9, 1959," 2 sheets, and "April 21, 1959," 3 sheets; and proposes to remove the present wood stair with winders and erect a new steel stair and lawful enclosure complying in all respects except as to stair width proposed to be three feet.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 558/58, Objection No. 1 and that the appeal be and it hereby is *granted*, to provide a new primary means of exit as indicated on plans filed with this appeal marked, "Received April 9, 1959," 2 sheets, and "April 21, 1959," 3 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that as a second means of exit the existing fire escapes on the front and rear of the building may be retained provided as to the front fire escape, there is a counter-balanced stair to the street and as to the rear fire escape that at the second floor level there shall be a fire escape balcony which shall connect with the proposed new stair, leading to a passage through the cellar with stairs directly to West 21st Street; that the number of persons per floor shall not exceed the number permitted for the primary means of exit; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the stair in question may however not comply with the Labor Law as to width, but shall comply in all other respects, and the width thereof shall not be less than 3 feet.

and

WHEREAS, the applicant states that the building is 3 stories, 59 feet high, 200 feet by 473 feet in area, of class 1 construction, located in a unrestricted use, B area, class 1½ height district, erected in 1952, used and occupied as follows: Basement—boiler room and factory, 124 persons; 1st floor—factory and office, 250 persons; 2nd floor—factory and office, 270 persons; 3rd floor—factory and office, 290 persons; for which Certificates of Occupancy was issued

against N.B. Applic. 4396/50; that there is a two-source sprinkler system throughout; that the building is equipped with three 50½ inches wide fireproof stairs; and

WHEREAS, the applicant states that the premises were inspected by an Engineer of the Board with a representative of the Fire Department whose complete report is attached; that this Engineer considers the installation to be well designed and properly operated; that he further recommends that the existing CO₂ deluge system be kept; that present 41 CO₂ or soda-acid extinguishers be increased by two more 2½ gallon soda acid extinguishers to be installed on the 2nd floor warehouse area for a total of 6 on that floor; that all locations of the extinguishers be prominently designated so as to be readily seen; that the finishing process for the staplers located on the 1st floor involves the use of an electro static spray painting application; that two Despatch Oven Company water wash spray booths are installed adjoining each other; that the side walls have openings to permit a conveyor to carry in the stapler parts on suspended racks; that each booth is provided with fixed position automatic spray guns set to spray through the center of a charged, high voltage electrode made of a copper tube formed into a U shaped section and insulated from the top of the booth with ebonite insulators; that this electrode carries a potential of 100,000 volts but a current of only 2 milliamperes; that the stapler parts on the conveyor are grounded and attract the paint particles passing through the high tension electrode; that the stapler parts are at a distance of at least 12 inches from the electrode and the spray guns are kept 13 inches behind the electrode; that the high voltage is produced by an Ashdee high voltage transformer-rectifier unit which is installed more than 10 feet from the booths; that this unit is electrically interlocked with the system so that the exhaust fans, water-wash pumps and conveyor must be operating before it can be energized; that when the unit is shut off all elements of the electrical system are grounded out and no residual charge remains; that any overload of the high voltage system will shut off power; a red warning light goes on over each booth when the unit is in use; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted to permit the use of the spraying equipment.

Resolved, that the decision of the Fire Commissioner dated June 13, 1958, acting on Order No. 4599-8 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the use of the spraying equipment as shown on plans filed with this appeal marked "Received July 10, 1958", four sheets, "December 10, 1958", three sheets, and "April 15, 1959", two sheets, *on condition* that grey metallic baking enamel only be used, which was tested in the presence of the committee, and which shall be in accordance with the specifications in the letter of United Lacquer Mfg. Corp., dated April 13, 1959, reading as follows:

"Relative to your recent request for the above captioned material for the New York State Dept., Bureau of Combustibles, please be advised there has been forwarded a sealed, one quart can (as instructed) to your office.

"You will note that the label on this container incorporates the following information regarding composition:

Pigment	10.47%
Vehicle: Alkyd and Amine Resins	40.00%
Solvent: Aromatic, Hydrocarbon & Alcohols..	49.53%
	100.00%

Total Solids 50.47%, Viscosity 180-185 sec. #4 Ford cup at 77°F.

Weight per gallon — 8.85 lbs.

"This material was taken from the stock kept here for your releases."

and on the further condition, that the present 41 CO₂ or soda-acid extinguishers be increased by two additional 2-½

MINUTES

gallon soda-acid extinguishers to be installed on the second floor warehouse area for a total of six on that floor; that all locations of the extinguishers be prominently designated so as to be readily observable; that the side walls in the water wash spray booths be provided with openings to permit a conveyor to carry in the stapler parts on suspended racks; that the stapler parts be kept at a distance of at least 12 inches from the electrode and the spray guns a distance of 13 inches behind the electrode; and that the installation shall be maintained as at present and as proposed; and that the requirements of the Board as indicated on statement attached hereto shall be complied with.

2-59-A

APPLICANT—Ross and Atkin for Joseph Reutershan, owner.

SUBJECT—Application January 2, 1959—filed pursuant to section 35, General City Law re proposed alteration in the bed of a mapped street—William Avenue.

PREMISES AFFECTED—62 Hawkins Street, south side, 533.48 feet west of City Island Avenue, Block 5629, Lot 200, Borough of The Bronx.

APPEARANCES—

For Applicant: Harry Atkin.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley,
Commissioner Sleeper and Commissioner Fox 4
Negative: 0
Absent: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1958 on Alt. Applic. 978/58, reads:

"1. Proposed alteration lies in the bed of a mapped street, therefore contrary to General City Law."

and

WHEREAS, the applicant states that the premises consist of a lot 29 feet by 100 feet in area, on which is located a 2 story, 17.33 feet high, frame constructed building, 24 feet by 36 feet 4 inches in area; located in residence use, C area, class 1 height district, built prior to 1922, used and occupied since 1922 as follows: Cellar—boiler and storage; 1st floor and attic—1 family dwelling; that no certificate of occupancy exists for this building; and

WHEREAS, the applicant proposed to build a one story frame extension 15 feet 6 inches by 16 feet 6 inches in area, to be used as an additional bedroom and bathroom; that this extension will project 4.63 feet into proposed widening of William Avenue; and

WHEREAS, the applicant further contends that the existing building now extends into the bed of the proposed widening of William Avenue; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 978/58, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use and occupancy of a portion of the premises mapped as part of William Avenue as proposed and as indicated on plans filed with this appeal marked, "Received January 2, 1959," 3 sheets, *on condition* that no additional construction shall be on such premises as mapped in the bed of the proposed street other than as shown on plans above referred to; that in the event the City of New York acquires such premises for street widening, recompense therefore shall be as determined by the Court for the land involved and the cost of that portion of the building as may require removal, including such alterations as may be necessary to the balance of the building to provide proper closure.

104-59-A

APPLICANT—Charles M. Spindler for Pierce J. Gerety, owner.

SUBJECT—Application filed February 19, 1959—Appeal from a decision of the Borough Superintendent, re installation of six 5000-gallon tanks in a concrete vault.

PREMISES AFFECTED—126-142 Flatbush Avenue Extension, southwest corner of Duffield Street, Block 132, Lots 23, 24, 27, 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley,
Commissioner Sleeper and Commissioner Fox 4
Negative: 0
Absent: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 10, 1959, on Misc. Applic. 3151/58, reads:

"1. Proposed installation of 5000 gallon gasoline tanks for a Gasoline Service Station is contrary to Section C17-73.0 as per Section C19-69.0."

and

WHEREAS, the applicant states that the premises consist of a plot 225 feet by 100 feet irregular in area, now vacant, located in a manufacturing use, B area, class 2 height district; that a gasoline service station, 1 story, 15 feet 3 inches high, 71 feet 3 inches by 32 feet irregular in area, of class 3 construction, is proposed for this area; that the use with forty eight 550 gallon gasoline tanks is approved by the Departments of Buildings under N.B. Applic. 1897/58 and Misc. Applic. 3151/58; and

WHEREAS, the applicant proposes to use six 5000 gallon tanks in place of approved forty eight 550 gallon tanks; that a separate concrete underground vault will be provided for each two individual tanks; that the vault will be ventilated by a continuously acting fan when the station is in operation; that the fan will be inter-connected with the pumps; that the pumps will not operate unless the ventilating fan is in operation; that all electrical connections in the vault will be explosion proof; that the tanks will be electrically grounded; that an installation of the type proposed will eliminate the numerous fittings, connection, etc., which would be required by the installation of the 48 smaller tanks; and

WHEREAS, the premises was inspected by a committee of the Board; and the committee recommended that the appeal be granted according to the detailed proposal submitted.

Resolved, that the decision of the Borough Superintendent, dated February 10, 1959, acting on Misc. Applic. 3151/58, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the installation of six, 5000 gallon gasoline storage tanks erected in the three sections of a vault as indicated on plans filed with this appeal marked, "Received April 24, 1959," 2 sheets, *on condition* that all the requirements as indicated on such plans by notes on the side of the drawing shall be complied with, except that the foam connection shall be placed at the high point on the lot; that record of inspection shall be available to the departmental inspector.

APPLICANT—The Coleman Company, Inc., owner.

SUBJECT—Application for consideration—reopening for report as to additional models—re Coleman Gas-fired Room Heater, Models 2111, 2112, 2113, 2115, 2116, 2117, and 2118; previously approved.

APPEARANCES—

For Applicant: Stanley M. Halpern.

ACTION OF BOARD—Application reopened for test and report as to additional models.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley,
Commissioner Sleeper and Commissioner Fox 4
Negative: 0
Absent: Vice-Chairman Kleinert 1

Adjourned: 6:00 P.M.

JOSEPH J. DOYLE, Chief Clerk.

PUBLIC HEARING

Proposed Revision of Rules of Procedure (89-27-SR)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday morning* May 22, 1959 at 10 A. M., at 80 Lafayette Street, 9th floor, Manhattan, on the Proposed Revision of the Rules of Procedure.

ARTICLE I—PUBLIC HEARINGS

1. Regular sessions designated as public hearings of the Board of Standards and Appeals shall be held on Tuesday of each week at 10 A. M. and 2 P. M., and such additional sessions on days to be set by the Board and as may be deemed necessary to facilitate the work of the Board.

2. Sessions shall be devoted to hearings on applications for variances of the Zoning Resolution; appeals from administrative orders or decisions; applications for variances of the Labor Law, Multiple Dwelling Law or Multiple Dwelling Code; applications pursuant to the General City Law; applications for approval of appliances, materials and methods of construction and consideration of rules and such other matters coming before the Board. Such sessions shall be published in the Bulletin of the Board of Standards and Appeals.

3. Special sessions may be called by the Chairman or at the request of three Commissioners, provided that notice is given to each Commissioner at least twenty-four hours before the time set for such session.

4. All hearing sessions shall be open to the public.

5. A quorum of the Board of Standards and Appeals shall consist of three Commissioners.

6. The Commissioners of the Board shall attend sessions in person, except that, during absence or disability, a substitute may act as provided by law.

ARTICLE II—CASES BEFORE THE BOARD

1. Every application under the Zoning Resolution, every administrative appeal, every application pursuant to General City Law, Multiple Dwelling Law or Multiple Dwelling Code or Labor Law, and every application for approval of any materials, appliances or methods of construction shall be made to the Board on the forms provided, and shall include the data required in such forms as to supply all information necessary for a clear understanding by the Board, the Director and the staff. The statements of essential information made by the applicant and the determination of the Board in each case will be incorporated in a resolution formally adopted and published in the Bulletin of the Board. Officials, who are charged with the enforcement of the laws, ordinances and rules relating to buildings in the City of New York shall be bound by resolutions and, before granting a permit or taking any other action, shall see that there are no misstatements as to facts and that the conditions of the resolution are observed. Any administrative official discovering any misstatement of essential information is requested to notify the Board, in order that it may take such actions as the circumstances require. All approvals or actions shall remain valid only as long as the information and the conditions on which the resolution are based are maintained.

2. Any communication purporting to be an application or appeal shall be regarded as a mere notice of intention to seek relief and shall have no force or effect until it is made in the form required, except as provided in Article VI.

3. Upon receipt of any such communication, the writer shall be supplied with the proper forms for presenting his application or appeal and shall file the proper form and furnish all necessary data within thirty (30) days of the date of the order or decision appealed from, except as provided in Article VI. Before such appeal or application is docketed and Calendar number assigned, he shall pay the prescribed fee.

4. A duplicate copy of each application or appeal required by this article shall be forwarded by the applicant, immediately upon compliance with Subdivision 3 of this article, to the administrative official from whose order or

determination the appeal is made. When such application is filed pursuant to the General City Law, a copy of each application and plans relative thereto shall simultaneously be served on the President of the Borough in which the premises are located. Proof of such service shall be filed with the Board.

5. At the public hearing of a case before the Board, the applicant shall first present the argument in support of the case and those in objection shall follow. To maintain orderly procedure, each side shall proceed without interruption by the other.

6. Every person before the rostrum shall abide by the order and direction of the Chairman. Discourteous or disorderly conduct shall be regarded as a breach of his privileges and shall be dealt with as the Chairman deems proper. Subject to the direction of the Board, the Director shall enforce these rules and supervise the Sergeant at Arms in maintaining order and decorum in the hearing room and lobbies during all public hearings.

7. Commissioners shall not proceed to question or discuss an issue, put a motion or offer a resolution until they shall have addressed the Chairman and shall have been recognized by him. During the progress of the roll call, no Commissioner shall interrupt or leave his seat.

ARTICLE III—THE CALENDAR

1. Each case filed in the proper form, with the required data, shall be numbered serially except that, when a new case is filed for the same premises as a disposed-of case and the Board so directs, the original calendar number may be used and, in addition, the case shall be termed Volume I, II, or III, etc., as the case may be.

The Calendar numbers shall begin anew on January 1st of each year, and shall be hyphenated with the number of the year and the initials indicating the character of the case.

2. As soon as a case is filed and fee is paid, it shall receive a calendar number, be placed on the docket and referred to the examiners for review. When the examiners find that the applicant has properly completed his application or appeal, the applicant shall be notified of the date on which his case will be set for public hearing.

3. Each case, other than the Special Order cases, shall be listed by Calendar number and premises in the Hearing Calendar printed in the Bulletin of the Board, under the title of the respective proceedings and the date for which such case has been set.

4. The Special Order cases shall consist of applications for any extension of the time to complete the work, for any extensions of the term of the variance, for the restoration of a case to the docket, for any amendment to the resolution or for any other action in any matter coming before the Board.

ARTICLE IV—DISPOSITION OF CASES

1. The final determination of any application or appeal before the Board shall be in the form of a resolution either reversing, varying or modifying the order, requirement, decision or determination appealed from, granting the application or appeal or affirming the order or decision and denying the application or appeal, or dismissing the application or appeal for lack of jurisdiction or prosecution. The concurring vote of three Commissioners shall be necessary to a decision. If a resolution fails to receive three votes in favor of the applicant, the action will be deemed equivalent to a denial and a resolution denying such application or appeal shall be formally entered on the record unless there be a Commissioner absent at the roll call and the vote of the absentee added to the number of votes for the applicant would be equal to three, in which case the matter will be laid over for consideration and final determination.

2. With the consent of the Board, any applicant may withdraw his application or appeal at any time prior to action thereon, but, if a motion has been made, and be pending, such motion shall have precedence.

3. No application or appeal which has been dismissed or

PUBLIC HEARING

denied can be considered again except on a motion adopted to reconsider the vote or to restore to the Calendar.

4. No request for a re-hearing will be granted unless substantial new evidence is submitted. If, on motion of a Commissioner, adopted by three affirmative votes, the request is granted, the case shall be put on the docket and calendared for rehearing.

In all cases the request for rehearing shall be in writing, reciting the reasons for the request, and shall be accompanied by the necessary data and diagrams. Such request shall be filed with the Director who may then set a date when the request for restoration to the Calendar shall be submitted to the Board, of which date the person making the request shall be notified.

5. The Board may, on the motion of any Commissioner, review any decision that it has made and may reverse or modify such decision, but no such review shall prejudice the rights of any person who has in good faith acted thereon before it is reversed or modified.

ARTICLE V—ZONING APPLICATIONS

1. No application for a variance or modification of the provisions of the Zoning Resolution shall be entertained by the Board except in a specific case, and from an order, requirement, decision or determination made by the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings, on the ground that the proposed plan or use violates the Zoning Resolution, except when the Board has original jurisdiction.

2. No such application shall be entertained unless the application is filed within thirty (30) days from the date of the action of the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings.

3. Every application shall be made on Form BZ and shall be accompanied by all the data required by such forms, and shall be considered subject to such rules as the Board has adopted or may adopt under the Zoning Resolution.

4. As soon as any application is completed by the filing of the data required in Form BZ and payment of the prescribed fee, the case shall receive a calendar number. After a review of the application by the Examiner, the applicant shall be notified by the Director on Form 6CC of the date set for the Public Hearing, which shall be at least thirty (30) days after the mailing of said notice. With this notice, the applicant shall be supplied with an official copy of Form 7NO, which he is required to send, **NOT LESS THAN TWENTY (20) DAYS PRIOR TO THE DATE OF SUCH HEARING**, to every property owner entitled to notice of the application. Within *five* (5) days of such hearing date, the applicant must file a verified statement that he has so notified each such property owner either by personal service or by registered or certified mail. Not less than fourteen (14) days notice of the said hearing shall be given by publication in the Bulletin of the Board.

5. On the date set for the Public Hearing, the applicant, owner, his architect, engineer, agent or attorney shall state his case; then the opposition shall be heard, and both shall have an opportunity for rebuttal.

6. Any application that has been denied after a Public Hearing cannot be reheard except on new material facts or under a different section of the Zoning Resolution.

7. Property owners in the affected area of the zoning application may appear at the Public Hearing and voice their objections in person, or by agent or attorney. Each person shall give his or her name after being recognized by the Chairman, the block and lot of the property owned by him or her and then briefly state his or her objections. In lieu of a personal appearance, or by an agent or attorney, he may file his or her views in writing on Form 9C, which is obtainable at the offices of the Board. Briefs will be accepted only if filed at least three (3) days before the Public Hearing. "Printed Instructions to Objectors", adopted by the Board, shall be available to such property owners free of charge, as a guide in filing their opposition to the application for a zoning variance.

ARTICLE VI—APPEALS

1. No appeal from any order, requirement, decision or determination of the Commissioner of Buildings, or any Borough Superintendent of the Department of Buildings or the Fire Commissioner or from any rule or regulation relating to the construction, alteration, demolition, structural changes, equipment, occupancy or use of any building or structure or premises under the Charter or the General City Law or any other law under which the Board has jurisdiction shall be entertained unless such appeal is filed on Form A with all the data required in such form, within thirty (30) days from the date of the order, requirement, decision or determination, appealed from, except that minor appeals from orders or decisions may be filed on Form A accompanied by a written description of the premises and a copy of the order or decision. What constitutes minor appeals from orders or decisions shall be determined by the Board.

NEW ARTICLE VII—LABOR LAW VARIANCES

1. No application for a variance of the Labor Law, or of any rule adopted thereunder, affecting the demolition, construction or alteration of buildings, exits therefrom, the installation of fixtures or apparatus, as authorized by Section 666 of Chapter 27 of the New York City Charter, shall be entertained unless it is made on Form A, with all the data required on such form within thirty (30) days of the date of the administrative order.

ARTICLE VIII—MATERIALS, APPLIANCES AND METHODS OF CONSTRUCTION

1. No application for and approval of a material, appliance or method of construction shall be entertained unless it is filed on Form SA/SM, with all the data required.

ARTICLE IX—ADOPTION OF RULES

1. No application for the adoption or amendment to any of the rules of the Board shall be entertained unless the application is made in writing.

2. No proposed rule or regulation or amendment thereto, originating with the Board or submitted to the Board for adoption, shall be published in the Bulletin, until such publication is authorized by at least three (3) Commissioners.

3. No resolution of the Board of Standards and Appeals adopting or amending any rule or regulation under Section 666 of the Charter or any other law shall be adopted unless such proposed rule or regulation shall have been published in the Bulletin of the Board for at least ten days prior to a public hearing thereon. Three (3) affirmative votes of the Board shall be necessary for the adoption of such resolution. No such rule shall become effective until twenty (20) days after publication in the Bulletin.

ARTICLE X—ADOPTION OF OTHER RESOLUTIONS

1. Every resolution of the Board of Standards and Appeals suggesting changes or amendments to the law and every resolution not otherwise provided for, shall require at least three (3) affirmative votes for its adoption.

ARTICLE XI—INSPECTIONS

1. In any case in which the Board may deem it necessary, inspection of the premises in question may be ordered by the Board. Such inspection shall be made by a Committee of not less than two (2) Commissioners and they shall report their findings to the Board at any executive session, prior to the public hearing at which the vote will be cast. The committee may include the Director and/or a staff engineer as designated by the Board. Any Commissioner of the Board shall be included in the Committee, upon his request.

ARTICLE XII—TESTS

1. The five (5) Commissioners of the Board shall constitute the Supervisory Committee on materials, appliances and methods of construction. In any case in which a test is required, the Director shall order such test of any material, appliance or method of construction. Such tests shall be conducted according to the rules adopted by the Board, or direc-

3
University of Illinois Library
Serials Dept.
Urbana, Ill.

tives of the Supervisory Committee, and in accordance with the requirements of law for the use of such material, appliance or method of construction. Tests shall be conducted in the presence of such member of the engineering staff as the Director may designate. In lieu of the above, tests made of the material, appliance or method of construction, by a recognized standard testing laboratory, City or State department, may be acceptable, but the Board reserves the right to be represented at tests by a member of the Engineering Staff or Board or any other person designated by the Supervisory Committee. The complete report of such tests shall be made to the Board in writing.

2. All expenses, including laboratory and traveling expenses, of such tests shall be borne by the applicant and no cost of such tests shall be borne by the Board.

3. Three (3) affirmative votes of the Board shall be necessary for the approval of such material, appliance or method of construction.

ARTICLE XIII—RECORDS

1. All applications and appeals shall be on the required forms, and all communications, reports, etc., relating thereto shall be on sheets approximately 8½ inches by 11 inches in size. Plans shall be on sheets 8½ inches by 11 inches or double thereof unless otherwise accepted by the Director. After final disposition, all applications and appeals and other papers appertaining thereto shall be suitably bound and indexed and filed numerically in cabinets. All applications and appeals, shall upon application to the clerk in charge, be accessible to the public at all reasonable hours.

2. All drawings shall be properly titled, numbered, dimensioned, dated, and otherwise shall conform with the instruction sheet. No drawings shall be accepted unless they bear the seal of a registered architect or licensed professional engineer.

ARTICLE XIV—THE BULLETIN

1. The Bulletin of the Board of Standards and Appeals shall be published each week except during recess. It shall contain:

- (1) Directory of the Board.
- (2) Docket of cases filed since the last publication of the Bulletin.
- (3) The Hearing Calendar.
- (4) Notice of Hearing on proposed rules or the amendment of rules.
- (5) An abstract of the minutes of each meeting, including a brief statement of the action in each case, with the roll call thereon and the full text of the resolutions adopted.
- (6) Index of rules adopted.
- (7) Such other information as may be of value to the public and within the scope of the work of the Board.

2. The preparation and editing of material for the Bulletin shall be in charge of such members of the staff as shall be designated by the Director.

3. The Bulletin of the Board of Standards and Appeals is the official publication of the Board in accordance with Section 665 of the New York City Charter. Notice of hearings published in such Bulletin constitutes required legal notice.

ARTICLE XV—OFFICERS

1. The Chairman, or in his absence, the Vice-Chairman shall preside at all sessions. The Chairman, or in his absence, the Vice Chairman, may designate another Commissioner of the Board to preside and perform the duties of the Chair at public sessions or hearings. If the Chairman and Vice Chairman are absent and a quorum is present, they shall choose a presiding officer from among their number.

2. The Chairman, subject to these rules, shall decide all points of order or procedure, at public hearings, unless otherwise directed by a majority of the Board in session at that time.

3. The Chairman shall, subject to these rules, designate the Commissioners of the Board to make inspections and, unless otherwise directed by the vote of three (3) Commissioners of the Board, shall appoint any committee that may be deemed necessary, except as otherwise provided in Article XI.

4. The Chairman, any Commissioner and the Director shall report at executive sessions all pertinent official transactions that do not otherwise come to the attention of the Board.

5. Administrative authority is vested in the Director, who shall, subject to these rules, transact all administrative business of the Board, engage the necessary employees and direct the work of the office. Official correspondence relating to administrative matters shall be signed by the Director. All official correspondence relating to any matters pending before the Board on the Hearing Calendar shall be signed by the Chairman or a member of the Board or staff designated by him. Copies of all incoming official correspondence may be sent to the Chairman, the Commissioners and/or Director.

6. Subject to these rules and the supervision of the Director, the Chief Clerk shall have charge of all accounts and shall see that the files and indices are kept in proper order and up to date and generally supervise the clerical work of the office force.

7. Subject to these rules and the supervision of the Director, the Engineering Staff shall examine and report on all applications and appeals, prepare proposed rules or revised rules assigned to them by the Director, and shall report on the desirability, reasons and necessity for action. They shall supervise and witness the tests conducted under the auspices of the Board.

8. A complete stenographic record of the transactions at public sessions shall be made for the files, and there shall be prepared after each meeting for publication in the Bulletin the abstract of the minutes which are to appear in such Bulletin. Verbatim transcripts of the record or any part thereof may be made as directed by the Chairman or the Director.

ARTICLE XVI—RULES OF PROCEDURE

1. Amendments to these Rules of Procedure may be made by the Board of Standards and Appeals at any public hearing, provided notice of such amendment has been given to each Commissioner of the Board at least three (3) days prior to such session, either in writing or by publication in the Bulletin. Any Rule of Procedure may be suspended at any session by the concurring vote of three (3) Commissioners.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 23, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Chester Avenue and Story Street are in residence and business use, C area, class 1 height districts; Church Avenue is in a business use, C area,

MINUTES

class 1 height district; Louisa Street is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 2, 1957 acting on Alt. Applic. No. 1434-57, reads:

"1. Proposed alteration to premises and to buildings on a plot partly in a business and partly in a residence zone, to be used in conjunction with existing garage for gasoline service station, auto repairs, auto laundry, garage for more than 5 motor vehicles, parking and storage for more than 5 cars, and sale of used cars; store and stock room and auto accessories, is contrary to Art. II, PP. 3 and PP. 4a, subsections 15, 29 and 46 of the Zoning Resolution, and Art. II, PP. 6 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 feet frontage by 233.80 feet in depth, upon which is located the following buildings: one story garage building, 80 feet by 100 feet in rear, erected in 1916 under Cal. No. 172-16-BZ, for which Certificate of Occupancy No. 2784 was issued; one story garage building, 40 feet by 83.8 feet, facing Church Avenue, erected in 1914, for which Certificate of Occupancy No. 2784 was issued; one, two-story brick store and dwelling facing Church Avenue, for which Certificate of Occupancy No. 104591 was issued; one, one-story brick store facing Church Avenue, for which Certificate of Occupancy No. 34734 was issued; that gas tanks are located in front garage building; that it is proposed to demolish the two stores and dwellings and the one story store cut down the front of present garage to a depth of 30 feet, to reconstruct same accordingly and to be used as a lubritorium, auto repairs with hand tools only and non-automatic car wash; that the building will be constructed of face brick, stainless steel and will be of modern design; and

WHEREAS, the applicant contends that the proposed use of these premises will be in harmony with the existing development of the neighborhood and its conduct will be such as not to interfere with the welfare of the inhabitants; that the owner is willing to surround the premises with such safeguards as the Board may deem necessary to protect the surrounding area; and

WHEREAS, the applicant states that the present owner has held title to the property since January 15, 1957; that the assessed valuation of land is \$19,000 and of the buildings \$48,000 making a total of \$67,000; that the buildings were erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 7h for a term of to permit in the business and residence use district reconstruction of an existing gasoline service station granted by the Board originally on October 31, 1916, so as to permit the reconstruction substantially as shown on plans filed with this application marked, "Received July 7, 1957," 1 sheet, "May 9, 1958," 1 sheet and "April 27, 1959," 3 sheets, *on condition* that there shall be a new brick fence wall six feet above the ground level built between the north-west corner of the rear garage building and the westerly lot line of the premises with no doors or gates whatever therein, cutting off the rear 26 feet of the property which shall be cleaned up, fertilized and planted with grass and shrubbery; that the rear wall of the rear garage building shall be limited to windows with the sills at least three feet above the ground level; that two vehicular doorways shall be reduced to pedestrain doors not more than three feet wide to prevent any access to this rear 26 feet by any vehicle; that the proposed gasoline service station at the front shall comply with the plans filed; that there shall be four pumps set back 15 feet from the northerly building line of Church

Avenue and ten 550 buried gasoline tanks as shown; that the present existing building along the easterly width of the building line on Church Avenue 40 feet and 85 feet to the north from Church Avenue building line along the easterly lot line shall be reduced to the same 40 feet of width, but 35 feet in depth as a result of the demolition of the front 48 feet of the existing building, the remaining part to be enclosed with a new front and rear wall, each front and rear wall to have three vehicular doorways; that along the westerly lot line starting 30 feet north of the Church Avenue building line there shall be an office and stockroom and toilet room building 20 feet wide and 40 feet deep all as shown on the plans filed herewith; that the trellis along the easterly lot line between the buildings shall be removed; that the entire ground area shall be paved with asphalt paving and graded to prevent the flow of storm waters across the sidewalks; that when the existing building along the Church Avenue building line at the east end of the property is demolished, enough of the wall along the easterly lot line for a depth of 48 feet from Church Avenue to a height of 6 feet shall remain, shall be coped and form a fence wall stuccoed on the westerly side; that along the westerly lot line there shall be a woven wire fence 5 feet, 6 inches in height and shall be continued around the northerly lot line and return 26 feet to the easterly lot line to the rear of the existing garage building; that the two buildings facing on Church Avenue at the west end of the property shall be demolished; that there shall be permitted at the intersection of the east side lot line with the northerly building line of Church Avenue a segmental block of concrete 12 inches high as a base for a steel pipe, supporting a brand sign within the building but the sign may extend four feet beyond the building line; that signs may include one sign of individual lettering 12 inches in height over each of the three doorways entering the proposed new auto repair and laundry building and no other signs of any type shall be permitted on the building; that the sidewalks and curb cuts shall be repaired and altered from the existing 15 foot and 20 foot curb cuts to the two 35 foot curb cuts as shown on the plans of proposed conditions; that all portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the facade of all buildings shall be treated alike with common brick, painted white or stuccoed; and that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

137-27-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Socony Mobil Oil Co., owner.

SUBJECT—Application reopened January 20, 1959—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business district, the reconstruction of an existing gasoline service station and extend the uses to include lubritory, minor auto repairs with hand tools only, utility room and store and the parking and storage of motor vehicles on the open area.

PREMISES AFFECTED—2103-2121 Webster Avenue, west side, 280 feet north of East 180th Street, Block 3143, Lot 113, Borough of The Bronx.

MINUTES

out; then to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Webster Avenue and Folin Street are in a business use, B area, class 1¼ height district; East 180th Street and Tiebaut Avenue are in business and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated November 18, 1958 acting on N.B. Applic. No. 1027-58, reads:

"1. The proposed demolition and reconstruction and extension of uses of an existing Gasoline Service Station and Garages for five cars to—Gasoline service station, lubritory, car wash, minor auto repairs (hand tools only), utility room, store, and parking and storage of motor vehicles in open area on a lot located within a Business Use district is contrary to Art. II Sect. 4(a), (15), (29), and (46) of the Zoning Resolution and B.S.A. resolution Cal. #137-27-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 230.75 feet frontage by 100.08 feet in depth, irregular, presently developed with a gasoline service station consisting of ten 550 gallon gasoline tanks and four dispensing pumps; that the premises are also developed with several buildings as follows: a one story metal building 40 feet 1 inch by 24 feet 8 inches used as lubritorium, minor auto repair and car wash; a one story brick building 26 feet ½ inch by 8 feet 4 inches used as a utility room and store; a one story metal building 45 feet 3 inches by 18 feet 1 inch used as a five car garage and a one story metal building 45 feet 6 inches by 18 feet 1 inch used as a five car non-storage garage; that a part of the open area is used for parking of cars awaiting service; that it is proposed to demolish, reconstruct and extend the present gas station to a frontage of 230.75 feet on Webster Avenue; that it is also proposed to extend the uses to include lubritory, minor auto repairs with hand tools only, utility room and store; that a portion of the open area is proposed for parking and storage of motor vehicles; that the four present 550 gallon gasoline tanks are proposed to be continued and the six present inactive 550 gallon gasoline tanks are to be reactivated so that there will be a total of ten 550 gallon gasoline tanks; that the proposed accessory building will be one story in height, of class 3 construction with a frontage of 60 feet 4 inches, a depth of 32 feet and will contain the conjunctive uses of lubritory, minor auto repairs with hand tools only, car wash, utility room and store; and

WHEREAS, the applicant states that Department of Buildings records indicate that under Atl. Applic. No. 245-1927 and Cal. No. 137-27-BZ, a permit was granted to erect a gasoline service station on the west side of Webster Avenue, 277 feet north of East 180th Street, having a frontage of 182.23 feet on Webster Avenue and a depth of 100 feet, 1 inch; that under N.B. Applic. No. 3148-24 and Cal. No. 60-25-BZ, a permit was also granted to erect a two story garage on the west side of Webster Avenue, 429 feet north of East 180th Street; that under SA Applic. No. 813-1927 and SA Applic. No. 560-1929 a permit was issued to erect a gas station and garage for five cars, for which Certificate of Occupancy No. 5842 was issued on July 19, 1949; that under S.A. Applic. No. 409-1929 a permit was issued to erect a garage for five cars, for which Certificate of Occupancy No. 844 was issued on July 19, 1949; that under SA Applic. No. 410-1929 permit was issued to erect a five car, non-storage garage, for which Certificate of Occupancy No. 924 was issued on August 3, 1949; and

WHEREAS, the applicant contends that demolishing, reconstructing and extending the present gasoline service station to a total frontage of 230.75 feet on Webster Avenue cannot possibly affect any of the adjoining property owners, since the affected area is now developed with many non-conforming uses as follows: block 3143, lots 99, 79 and 36—ten private garages, gas station and garage; block 3030, lot 28—garage; that the present gas station has been in continuous operation since 1928, which proves con-

clusively that this station is serving public needs in the area; that the reconstruction and extension of the existing gas station will be an asset to the community; and

WHEREAS, the applicant states that the present owner has held title to the property since June 15, 1932; that the assessed valuation of land is \$27,000 and of the buildings \$10,000 making a total of \$37,000; that the buildings were erected in 1927 and 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit in a business district the reconstruction of an existing gasoline service station and to extend the uses to include lubritory, minor auto repairs with hand tools only, utility room and store, and the parking and storage of motor vehicles on the open area, all as shown on plans filed herewith marked "Received December 17, 1958", 6 sheets, on condition that all existing buildings shall be removed and the new lubritory, car wash and minor repair shop shall be erected at the south end of the lot; that existing pumps shall be removed and replaced with four pumps located 15 feet back from the building line; that the open area shall be paved with asphaltic paving; that the rear of the lot shall be graded from the higher elevation at the back to the level of the new paved gas station area in such a way as to maintain the angle repose of the earth without a retaining wall being required; that the owner shall build same at his expense; that curb cuts shall be changed from the present two long cuts to three cuts, one 40 feet in width and two 35 feet wide each, as shown on plans above cited; that light poles shall be erected within the building line at each end of the property and one sign pole erected on the north end of the site inside the building line, with a brand sign extending not more than 4 feet beyond the building line; that in all other respects the construction shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner may direct; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

42-32-BZ—Vol. II

APPLICANT—Haus and Bresin for Lawrence Florin, owner.

SUBJECT—Application reopened November 7, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the modernization of the present gasoline service station by extending the service building and extend the uses to include minor repairs with hand tools only, for an additional term of fifteen (15) years.

PREMISES AFFECTED—2263 Linden Boulevard and 786-794 Elton Street, northwest corner, Block 4336, Lot 27, Borough of Brooklyn.

APPEARANCES—

For Applicant: Millard Bresin.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 2, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulle-

MINUTES

tin; laid over to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 10, 1958 acting on Alt. Applic. No. 3163-58, reads:

"1. Proposed extension to building, located in a Residence Zone, and change of use to include Gasoline service station, auto wash (non-automatic), lubrication, office, sale of auto accessories, minor repairs with hand tools only and parking and storage of more than 5 motor vehicles and rearrangement of curb cuts is contrary to Art. II, PP. 3 of the Zoning Resolutions and contrary to the variance granted by the Bd. of Standards and Appeals under Cal. 42-32-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 85 feet in depth; that the site is an existing gasoline service station located on the northwest corner of Linden Boulevard and Elton Street, with a frontage of 100 feet on Linden Boulevard and a frontage of 85 feet on Elton Street; that this gas station was erected under a zoning variance under Cal. No. 42-32-BZ; that this variance has been extended from time to time and the current term of the variance will expire on January 17, 1961; that the conditions shown on the plot plan of existing conditions have existed since the gas station was built; that existing curb cuts do not agree with the Board's Resolution and permission is requested to arrange same as shown on proposed conditions; that it is proposed to increase the depth of the present accessory building by constructing a front extension of 9 feet 8 inches by the width of the present building; that it is also proposed to construct a new masonry wall at the rear of the present bays, eliminate one of the present grease pits and substitute a lift, and install overhead doors in front of the bays; and

WHEREAS, the applicant states that this alteration will provide a modern accessory building of adequate depth to accommodate present day cars; that it will also provide a fully enclosed area for lubrication, washing and minor repairs in place of the open front bays that now exist; that the repairing herein proposed will consist of minor repairs with hand tools only and will be confined to the interior of the accessory building; that it is also proposed to provide a woven wire fence along the portion of the interior lot lines where no fence now exists; that it is also proposed to rearrange curb cuts as shown on plans filed with this application; and

WHEREAS, the applicant contends that the above alterations will provide a modern gasoline service station with a face brick facade, a considerable improvement over the present appearance of the site; that in view of the investment involved in modernizing the premises, it is requested that the term of the variance be extended for an additional period of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since October 22, 1946; that the assessed valuation of land is \$12,000 and of the building \$3,000 making a total of \$15,000; that the building was erected in 1932; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c for a term of fifteen years, to permit in the residence use, the modernization of the present gasoline service station by extending the service building and extend the uses to include minor repairs with hand tools only, for an additional term of fifteen years, *on condition* that the present office and sales

building shall remain and that the roof of the present lubrication building shall remain with new walls to increase the depth to 28 feet as shown on plans of proposed conditions marked, "Received November 7, 1958," 4 sheets; that the lot lines between the gasoline service station and the premises to the west and north shall have a split sapling fence set in concrete and wood stringers with the face to the adjacent premises for the full length of 85 feet on the west lot line and 100 feet on the north lot line; that the existing two pump islands with two pumps on each shall remain as at present; that the five buried tanks shall remain as at present; that the existing 10 foot and 17 foot curb cuts on Linden Boulevard shall be increased to 30 foot curb cuts each, and on Elton Street the 30 foot curb cut nearest Linden Boulevard shall be changed to a 20 foot curb cut starting five feet north of Linden Boulevard and the 10 foot curb cut to the north shall be eliminated; that all sidewalks, curb cuts and driveways shall be repaired to the satisfaction of the Borough Superintendent; that the gasoline service station area shall be treated with a bituminous paving; that the parking on the station shall be limited to vehicles of the pleasure-car type; that the post standard as shown at the southwest corner of the gasoline station front along the Linden Boulevard front shall remain; that in all other respects the construction shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

24-34-BZ—Vol. II

APPLICANT—Anthony M. Salvati, for D and S Holding Corporation, owner.

SUBJECT—Application reopened November 5, 1958 as Vol. II—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district, the erection and an extension to the second floor in an existing three story building and changing the use from theatre, stores and apartments for two families to bowling alleys, stores and apartments for two families.

PREMISES AFFECTED—3117-3127 Surf Avenue, northeast corner of West 32nd Street, Block 7049, Lot 51, Borough of Brooklyn.

APPEARANCES—

For Applicant: Anthony M. Salvati and Leon Komondorea.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 5, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for hearing; applicant to send out new notices by regular mail to affected owners, because of insufficient time for notices previously sent out; then to May 5, 1959, for inspection and decision; applicant to submit letter stating notices were sent to owners as previously instructed by the Board; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 32nd Street and 31st Street are in retail and residence use, C area, class 1 height districts; Surf Avenue is in a retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 22, 1958, as amended by decision dated March 4, 1959, acting on Alt. Applic. No. 21-28-58, reads:

"1. In a lot and building located partly in a retail and partly in a residence use district the proposed change in occupancy from "Stores and theatre" to "Stores & bowling alley" and the erection of a new

MINUTES

floor within the building for bowling alleys is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 101 feet 5½ inches frontage by 138 feet 3¾ inches in depth; that it is proposed to provide additional bowling alleys in an area of the building, now located in a residence district; and

WHEREAS, the applicant states that the building has a frontage of 101 feet 6⅛ inches on the north side of Surf Avenue and a depth of 138 feet 3¾ inches along the east side of West 32nd Street; that the building, for a depth of 100 feet along the north side of Surf Avenue is in a retail district, C area and class 1 height; that the area of the building located beyond 100 feet north of Surf Avenue is located in a residence district, C area and class 1 height; that the portion of the building now located in the residence district had, prior to September 25, 1931, been a business district, C area, class 1 height; and

WHEREAS, the applicant further states that the building had been built and Certificate of Occupancy issued in 1935, for use as a moving picture theatre, stores and two families; that due to the advent of television, this theatre, as other neighborhood theatres, had steadily lost patrons as the years went by; that the theatre eventually was operating at a loss and the owners were forced to sell; that on December 16, 1957 the owners purchased these premises with the intent of altering the theatre into a modern bowling alley; that the stores and two families were not to be disturbed; that plans had been submitted to the Building Department to alter the theatre into a modern bowling alley; that a 12 inch masonry wall was requested by the Building Department to divide the retail and residence areas of the building, with the bowling alleys restricted to the retail area; that the portion of the building located in the residence area was to be used for storage, which in reality is a waste of valuable space; and

WHEREAS, the applicant contends that the restriction imposed by the Building Department caused the loss of a number of alleys which would have been used to the advantage of the patrons in the community; that the building has an area of 13,578 square feet of which 12,795 square feet is in the retail district and 783 square feet is located in the residence district; and

WHEREAS, the applicant states that the present owner has held title to the property since December 16, 1957; that the assessed valuation of land is \$23,500 and of the building \$70,000 making a total of \$93,500; that the building was erected in 1934; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 3, 1934, as thereafter amended by resolutions adopted through April 14, 1959, by adding thereto:

"to permit under Section 7c of the Zoning Resolution, in a retail and residence use district, the erection of an extension to the balcony in an existing three-story building and to change the use from theatre, stores and apartments for two families to bowling alleys, stores and apartments for two families in the fireproof building existing on the subject site, *on condition* that all work shall conform to the plans filed herewith, marked "Received October 14, 1958", 11 sheets; that there shall be no new openings in any of the walls in the residence district; that all existing exits of the old theatre area, which is to be used on the 1st and 2nd floors for bowling alleys, shall remain; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

68-36-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober for 10

Brighton 11th Street Corp. and New York City Transit Authority, owners; Waldbaum 21, Inc., lessee.

SUBJECT—Application reopened January 6, 1959 as Vol. IV—re decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a business and residence use district, the change in use of an existing public garage, motor repairs, lubritorium, and parking in the open area to a supermarket, stores, loading and unloading area, parking of patrons and employees cars, no fee to be charged, and a sign in the residential portion of the plot.

PREMISES AFFECTED—14-48 Brighton 11th Street, west side, 59 feet, 9½ inches south of Neptune Avenue, Block 7516, Lots 2375 and part of 2370, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Irving Wurtzel.

For Opposition: Abram Shlefstein.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox.. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on January 6, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; laid over to February 25, 1959, for hearing at the request of one objector for additional objectors to be present; then to March 17, 1959, for inspection and decision and for consideration of an Administrative Appeal in connection therewith; which has been filed; hearing closed; then to April 14, 1959, with Calendar Number 29-59-A; then to April 21, 1959, for applicant to file revised plans showing removal of signs on Brighton 11th Street and no entrances on such street except in the business use portion; then to April 28, 1959, for applicant to file revised plans for consideration on May 5, 1959; then to May 5, 1959, for applicant to file revised plan showing brick wall with no opening therein, and curb cut eliminated and for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Brighton 10th Street and Brighton 11th Street are in business and residence use, C area, class 1 height districts; that part of the premises within 100 feet of Neptune Avenue is in a business use district and the balance of the premises is in a residence use district; that as of July 25, 1916 the premises were in an unrestricted use district and received its present use designation on October 10, 1930; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1958 acting on Alt. Applic. No. 3784-58, reads:

"1. Proposed change of use of an existing public garage, minor repairs, lubritorium, and parking and storage of motor vehicles in open area to—Super Market, stores, storage rooms and boiler room, Loading and unloading area and parking of patrons and employees cars in open area (no fee to be charged) on a plot located partly within a Business Use district and partly within a Residence Use district and proposed business sign in the Residence portion of plot is contrary to Art. II, sect. 3 of the Zoning Resolution and B.S.A. resolution Cal. #68-36-BZ.

"2. Area of building exceeds limits as per 4.21. of the Admin. Code."

and

WHEREAS, the applicant states that the premises consist of a plot, 330 feet frontage by 100 feet in depth, now developed with a one story building of class 3 construction, having a frontage of 220 feet, a depth of 100 feet and now being used for public garage, minor repairs, and lubritorium; that the open area to the south is now being used for the parking and storage of motor vehicles; that it is proposed to change the uses of public garage, minor repairs, lubritorium,

MINUTES

parking and storage of motor vehicles in the open area, to supermarket, stores, storage rooms, boiler room, parking of patrons' and employees' cars in the open area, no fee to be charged, loading and unloading; that it is also proposed to erect a sign in the residence use portion of the plot; and

WHEREAS, the applicant further states that the Department of Housing and Buildings records show that the existing public garage was erected under N.B. Applic. No. 4381 of 1928, when the zone was unrestricted; that Certificate of Occupancy No. 53854 was issued for use as a public garage; that the records further indicate that under Alt. Applic. No. 5053-54 and Cal. No. 68-36-BZ, Vol. III, permission was granted to use the premises for public garage, minor repairs, lubricatorium and parking and storage of motor vehicles in the open area; that Certificate of Occupancy No. 149941 was issued for the aforementioned uses; and

WHEREAS, the applicant contends that the premises are adjoined on the north, south and west by the following non-conforming uses; block 7516, lot 2371, gasoline station, north; lot 2391, factory, south; lot 2192, garage, west; that it can readily be seen that the change of use of the present building from one non-conforming use to another cannot possibly affect any of the adjoining property owners; that there are additional non-conforming uses within the affected area as follows: block 7516, lot 20, motor vehicle repair shop; block 7486, lots 48, 46, 43 and 22, gasoline station, lumber shed, auto laundry and motor vehicle repair shop; and

WHEREAS, the applicant states that the present owners have held title to lot 2370 since May 23, 1940; lot 2375 since February 15, 1953 and November 1, 1955; that the assessed valuation of land is \$45,500 and of the building \$63,500 making a total of \$109,000; that the building was erected in 1928; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted, having taken into consideration the fact that the northerly end of this building is in the business zone where this proposed use is permitted; that it is directly adjacent to the elevated steel structure of the Brighton Beach Railroad; that the use of the building is to be stepped up from the lowest two uses under the Zoning Resolution,—that is manufacturing and unrestricted—up to a use permitted in one of the highest use districts, local retail, which is one step below a residence use; that the application qualifies under Section 7c of the Zoning Resolution, which does not require proof of hardship; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c of the Zoning Resolution to permit in a business and residence use district the change in use of an existing public garage, motor repairs, lubricatorium and parking in the open area, to a supermarket, loading and unloading area, parking of patrons and employees cars, no fee to be charged, and a sign in the residential portion of the plot *on condition* that all work shall be done substantially in accordance with plans filed with this application marked "Received December 12, 1958", two sheets, and "May 1, 1959", one sheet; that the entrances and exits to the parking and loading areas shall be from Neptune Avenue under the elevated structure; that there shall be no entrance to the parking lot at the rear of the building on Brighton 11th Street; that the building shall be altered substantially as shown on plans above cited; that the customers' entrance and exit to the building shall be on Brighton 11th Street as near to Neptune Avenue as possible; that there may be two 36 inch wide pedestrian doors from the parking area; that the vehicular entrance to the parking lot shall be limited to two 15 foot entrances fitted with gates on the building line of Neptune Avenue with 17 foot curb cuts opposite thereto, under the structure of the

Brighton "El"; that parking shall be permitted on the area under the "El" structure and in the rear parking lot, 100 feet by 100 feet, now used as a parking lot for the existing garage and repair shop; that the parking area shall be fenced with a brick fence wall 5 feet, 6 inches in height with face brick on the Brighton 11th Street side; that the existing vehicular doorway in the south wall, communicating with the parking area shall be bricked up; that there shall be no signs on the walls of the building other than a sign two feet high and 50 feet long at the extreme north end of the building over the customers' entry; that there shall be no signs on the windows of the building or on the new fence wall along Brighton 11th Street; that all loading and unloading shall be done through the parking area under the Brighton Beach "El" and all entrance for trucking, loading and unloading, etc., shall be from Neptune Avenue; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto except as this day modified by the Board under Resolution adopted under Cal. No. 29-50-A; that there shall be no roof signs; that all curb cuts to existing entrances to the existing garage building along Brighton 11th Street and any curb cut from Brighton 11th Street to the parking lot at the rear shall be restored, and all sidewalks shall be repaired or restored to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

29-59-A

APPLICANT—Lama, Proskauer and Prober for 10 Brighton 11th Street Corporation and New York City Transit Authority, owners; Waldbaum 21 Incorporated, lessee.

SUBJECT—Application December 12, 1958—Appeal from a decision of the Borough Superintendent re excessive area of building.

PREMISES AFFECTED—14-48 Brighton 11th Street, west side, 59 feet 9½ inches south of Neptune Avenue. Block 7516, Lot 2375 and part of 2370, Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 18, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; laid over to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the the Zoning Resolution show that the site is in local retail and residence use, B area, class 1½ height district; that lot 29 was changed from unrestricted use to local retail and residence use on November 29, 1945; that lot 36 was changed from unrestricted to local retail use on November 29, 1945; that lot 38 was changed from unrestricted to local retail use on November 29, 1945; that lot 39 was changed from unrestricted and business use to local retail and residence use on November 29, 1945; and

WHEREAS, the decision of the Borough Superintendent, dated October 24, 1958 acting on N.B. Applic. No. 130-58, reads:

"1. Proposed reconstruction and extension of existing gasoline service station with motor vehicle repairs and extension of parking and storage of motor vehicles on open spaces on a plot located in a local retail and residence use district is contrary to Sections 3, 4C and 6 of Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 76 feet frontage by 108 feet in depth, irregular; that lot 29 at 646-648 East 13th Street, having an area of 38 feet front by 131 feet 6 inches deep consisting of a vacant lot used for parking and storage of more than five motor vehicles with a curb cut to East 13th Street, pursuant to Certificate of Occupancy No. 25695 issued January 26, 1940; that this lot was originally located in unrestricted and business use districts and was subsequently rezoned to the present local retail and residence use; that lot 36 at No. 199-201 Avenue C, having an area of 50 feet front by 83 feet deep is developed with a gasoline service station, parking and storage of motor vehicles, open grease lift, office, buried gasoline system with dispensing pumps, with a curb cut on Avenue C, all pursuant to Certificate of Occu-

pancy No. 38620 issued June 23, 1951; that the existing use of these premises were established under Certificate of Occupancy No. 26204 issued June 7, 1940 when the entire premises were located in an unrestricted use district and subsequently rezoned to the present local retail use; that lot 38 at No. 197 Avenue C, northwest corner of East 12th Street, has an area of 26 feet front by 83 feet deep and is developed with two multi-story old-law tenements and stores, partially vacant; that lot 39 at No. 645 East 12th Street, has an area of 25 feet front by 75 feet deep and is developed with a one story auto repair shop at the front and parking at the rear; that no records are available as to the legality of these uses; that this lot was formerly zoned for unrestricted and business uses and subsequently rezoned to the present local retail and residential use; and

WHEREAS, the applicant states that it is proposed to demolish the existing buildings on the combined site, remove the open grease lift and develop this site with a modern gasoline service station, with an accessory building to be used for lubritorium, minor auto repairs with hand tools, non-automatic auto washing, office and sales room, and use the open spaces for parking and storage of motor vehicles; that the combined site will have a frontage of 76 feet on Avenue C, with a depth of 108 feet on East 12th Street, extending through to East 13th Street, with a frontage of 38 feet on that street; that the proposed accessory building will be one story high, with an area of 47 feet by 30 feet and will be located on the north lot line facing Avenue C; that a fence wall will be erected on East 12th Street, except for the easterly 25 feet where a low concrete curb will be installed; that no vehicular entrances or exits are intended for this street; that curb cuts will be limited to the Avenue C frontage, the existing curb cut on East 13th Street will be maintained for the parking lot, new pump islands will be installed with additional buried gasoline tanks, a projecting illuminated business sign will be installed at the intersection of Avenue C and East 12th Street indicating the brand of gasoline being sold; and

WHEREAS, the applicant contends that while this site is now zoned for local retail and residence use since November 29, 1945, it was formerly zoned for unrestricted and business use from the time of the original Zoning Resolution until the aforesaid rezoning; that this rezoning was part of a general neighborhood rezoning which also established a manufacturing use district on the east side of Avenue C, opposite the subject site; that while the area west of Avenue C, beyond the 100 foot local retail use zone was made residence use, very little, if any, new residential developments have occurred in this area; that there still exists innumerable non-conforming uses from the time of the original business use zoning and in some instances there exists earlier non-conforming uses in the former business use district; and

WHEREAS, the applicant further contends that the reconstruction and extension of the existing non-conforming uses with new modern facilities, together with conditions customarily imposed by the Board, will amply safeguard the character of the neighborhood; that the replacement of this outmoded, non-conforming use with a modern improvement will enhance the character of this neighborhood, remove obsolete buildings and upgrade the existing facilities, and permit a reasonable and practical use of the site; that a grant will enable the owner and operator of this existing facility to preserve their vested business interests, expand their crowded facilities to better serve their patrons and make a beneficial use of their enlarged property without adversely affecting anyone; and

WHEREAS, the applicant states that the present owner has held title to the property since September 10, 1958; that the assessed valuation of land is \$54,500 and of the buildings \$13,500 making a total of \$68,000; that the buildings were erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate

MINUTES

case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the reconstruction and extension of a gasoline service station and parking lot and to extend the uses to include lubricatorium, minor auto repairs with hand tools only, non-automatic auto washing, office and salesroom, all as shown on plans filed herewith, marked "Received October 28, 1958", 4 sheets and "March 5, 1959", 1 sheet, *on condition* that along the East 12th Street building line from a point 25 feet west of Avenue C there shall be erected a brick wall 2 feet high with steel picket fence above 1 foot, 6 inches in height; that such wall shall connect solidly up to the existing wall of the adjacent building to the west on East 12th Street; that there shall be a 5 foot 6 inch high masonry fence wall along the west building line of the site, where walls of existing adjacent buildings do not occur or along the court adjacent to this property; that the existing fence along the 13 Street building line shall be rebuilt with gates in the same position, size and shape as at present; that the 20 foot curb cut to East 13th Street may remain with two 6 foot gates; that the new wire fence along 13th Street shall return southerly to the corner of the adjacent building, and where the building walls occur, no fence shall be required; that along the northerly lot line where wall of new lubricatorium and car wash building is erected there need be no additional fence and the same shall apply to the existing brick wall of the adjacent building for the 40 feet nearest to Avenue C; that on Avenue C there may be two 25 foot curb cuts, as shown on plans; that at the intersection of Avenue C and East 12th Street there shall be a cement block 12 inches in height as a base for a steel pole carrying the sign standard within the building line, such sign not to project more than 4 feet beyond the building line; that along the East 12th Street building line from the corner to where the new masonry and steel picket fence starts, there shall be a 12 inch high and 12 inch wide concrete curb buried 2 feet in the ground and extending 12 inches above the ground; that pumps shall be 15 feet back of the Avenue C building line and there shall be installed ten new 550 gallon approved gasoline storage tanks; that the entire ground area of the station shall be paved with bituminous paving; that the construction of the lubricatorium, car wash and office building shall be according to plans filed herewith; and in all other respects the construction shall comply with all laws, rules and regulations applicable thereto; that such fire-fighting appliances shall be installed as the Fire Commissioner may direct; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

160-52-BZ—Vol. III

APPLICANT—Gulf Oil Corporation, for Tremarco Corp., owner in fee.

SUBJECT—Application reopened April 7, 1959 for consideration of extension of time to complete—expired February 25, 1959 and new owner—decision of the Borough Superintendent, previously granted on condition, under section 7f of the Zoning Resolution, permitting in a business and residence use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car wash, storage room, office and sales and the parking and storage of motor vehicles.

PREMISES AFFECTED—760-778 East 189th Street, south side, from Southern Boulevard to Prospect Avenue, 2455-2479 Southern Boulevard and 2450-2480 Prospect Avenue, Block 3115, Lot 21, Borough of The Bronx.

APPEARANCES—

For Applicant: Jos. B. Lynch.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Not Voting: Commissioner Fox 1

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation February 25, 1959; and

WHEREAS, this application was reopened on April 7, 1959 and set for hearing on May 5, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 5, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 16, 1959 acting on N.B. Applic. No. 98-56, reads:

"Amendment of March 16th, 1959 disapproved inasmuch as approval of Bd of S&A must be obtained for extension of time in which to obtain permits including certificate of occupancy and to complete work.

"Time limit expired February 25th, 1959 in accordance with amended resolution Bd of S&A adopted February 2th, 1959 on Cal. No. 160-52-BZ Vol. III."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 19, 1957, and as thereafter amended through February 25, 1958, which latter resolution expired by time limitation on February 25, 1959, only insofar as it relates to time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

1017-55-BZ

APPLICANT—Robert Gottlieb, for Hermany Realty Corp., owner.

SUBJECT—Application reopened January 13, 1959 for amendment of resolution—decision of the Borough Superintendent, previously granted on condition under section 7f of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, car wash, motor vehicle repair shop and auto parking.

PREMISES AFFECTED—861-875 Zerega Avenue and 2361-2385 Hermany Avenue, northwest corner, Block 3698, Lot 47, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

Affirmative: Vice Chairman Kleinert, Commissioner Sleeper and Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and amendment of the Resolution adopted December 11, 1956 to permit the increase in the size of the services building from three to four bays and the number of gasoline tanks from five to twelve as indicated on amended plans marked "Received December 12, 1958", 2 sheets; and

WHEREAS, this application was reopened on January 13, 1959 and set for hearing on May 5, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application

MINUTES

on May 5, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 15, 1958 acting on amendments to N.B. Applic. No. 1984-55, reads:

"1. The proposed additional bay for the building and the increase in number of gas tanks from 5 to 12 is contrary to the Bd. of S. & A. Res. Cal. #1017-55-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 11, 1956, as thereafter amended through December 2, 1958 only insofar as it refers to the size of the building and the number of gasoline tanks so that as amended the size of the building shall be permitted to be increased by one bay to a building of 26 feet by 64 feet; that the number of gasoline storage tanks may be permitted to be increased from five to twelve 550 gallon approved tanks; and to permit minor auto repairs under Section 7i for a similar term; all as shown on plans filed with this request for amendment marked "Received December 12, 1958", two sheets; that in all other respects the resolution above cited shall be complied with; and that all work shall be completed and all permits obtained, including a certificate of occupancy, within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution.

247-56-BZ—Vol. II

APPLICANT—Lama, Proskauer & Prober for John Stevens & Irene Stevens, owners.

SUBJECT—Application reopened October 21, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a business and residence use, D and G-1 area districts, the erection of a class one building to be used as bowling alleys with less than the required setback for a G-1 area district with parking for patrons and employees.

PREMISES AFFECTED—160-30 Cross Bay Boulevard, west side, 80 feet north of 161st Avenue, Block 14030, Lot 1, Howard Beach, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and John Stevens.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; laid over to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, D and G-1 area, class ½ height districts; that as of July 25, 1916 the entire premises were in an undetermined use district, class one height and class D area district; that the present business and residence use designation became effective June 7, 1928; that on August 14, 1951 that part of the premises within the residence use district had the area classification changed to F; that on July 22, 1954 the present ½ height designation for the entire premises and present G-1 area designation for the residence use portion of the lot became effective; that the premises are presently vacant; and

WHEREAS, the decision of the Borough Superintendent, dated September 4, 1958 acting on N. B. Applic. No. 1585-58, reads:

"1. The use of the premises as bowling alleys, snack bar, kitchen, storage room, office and control room, men's Toilets and Women's toilets and lockers, check room and lobby and parking of patrons and employees cars in open area (no fee to be charged) in the resi-

dence portion of a lot zoned partly for Business and partly for residence is contrary to Art. II Section 3 of the Zoning Resolution.

"2. The required setback from the street line in a G-1 area district is 15 feet. Art. IV, 16C Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 95 feet and 80 feet in depth, irregular, presently vacant; that it is proposed to erect a modern bowling alley building of class one construction having a frontage of 170 feet and a depth of 175 feet; that the open areas on the north and south sides of the building are proposed for parking of patrons and employees cars; and

WHEREAS, the applicant states that the uses as proposed are permitted in the business use district portion of the plot, and it is requested that these uses be extended into the residence use portion of the plot; that the proposal, with its large parking area, will make this a self-contained unit and will not place or impose any parking or traffic problems to the area; that the building will be modern in design and will lead the way to any future development of this sparsely developed area; that the entire plot, where the building does not occur, will be enclosed in a 5 foot 6 inch high woven wire fence; that the land is high in assessed value and the development as proposed will be most beneficial to the City as far as real estate taxes are concerned; and

WHEREAS, the applicant contends that providing a 15 foot setback for that portion of the building facing 92nd Street within the residence use and G-1 area district would be a hardship upon this owner, since the entire residence use district within the affected area is entirely undeveloped; that the property most affected by the omission of the 15 foot setback would be block 14029, which is under the same ownership as the site except for lot 30, which is 40 feet by 67 feet, so that the omission of the required setback along 92nd Street cannot materially affect any of the other property owners; that the proposal would bring more business into this undeveloped area; and

WHEREAS, the applicant states that the present owners have held title to the property since July 7, 1953 and October 26, 1955 and that the assessed valuation of land is \$14,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 21, to permit in business and residence use, D and G-1 area districts, the erection of a Class one building to be used as bowling alleys, with less than the required setback for a G-1 area and with parking for patrons and employees, all as shown on plans filed herewith, marked "Received September 22, 1958", 4 sheets, *on condition* that the building shall be fireproof in all respects and built according to such plans and with brick walls faced with an approved face brick; that the parking lot shall be as shown on such plans, surrounded on all sides and at the building line by a 5 foot, 6 inch woven wire fence and with one 25 foot gate and 20 foot curb cut opening on 160th Avenue and one 25 foot curb cut on Cross Bay Boulevard; that there may be a 15 foot curb cut to the smaller parking lot to the south, opening on 161st Avenue, equipped with a 25 foot gate, all as shown on such plans; that the vehicular entrance to Cross Bay Boulevard shall be controlled by chains when the building is unoccupied; that the building shall not be increased in height or area; that in all other respects the building and occupancy shall comply with all laws, rules and regula-

MINUTES

tions applicable thereto; that the emergency exits required by the Building Code or the Department of Buildings shall be provided; that there shall be no signs on the 92nd Street front of the building or along the north and south walls of the building more than 25 feet from the Cross Bay Boulevard building line; that an aluminum canopy over the driving end of the parking lot at the Cross Bay Boulevard building line may be permitted with a sign on the supporting pylon not to exceed 18 feet in height, as shown on plans; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

25-57-BZ—Vol. II

APPLICANT—Jerome W. Perlstein for Davemac Corporation, owner.

SUBJECT—Application reopened December 23, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a retail and residence use, D and E-1 area district, the erection of a one story extension in the residence portion of the plot to be used for the storage of tires and exceeding the area coverage for the E-1 area district portion of the plot.

PREMISES AFFECTED—221-18 Merrick Boulevard and 134-01 to 134-09 221st Street, southeast corner, Block 13100, Lot 26, Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Jerome N. Perlstein and Maxwell Sharf.

For Opposition: Fred V. Bruch.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Vice Chairman Kleinert, Commissioner Foley,

Commissioner Sleeper and Commissioner Fox 4

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 20, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; laid over to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, D and E-1 area, class ½ height districts; that as of July 25, 1916 the portion of the property within 100 feet of Merrick Boulevard was zoned as a business district and the remainder was zoned residence; that the present retail designation for the portion within 100 feet of Merrick Boulevard became effective January 21, 1947; that as of July 25, 1916 the property was zoned as a one times height district and a D area district; that the present class ½ height district became effective on June 30, 1952 and on this same date the E-1 area designation became effective for the portion more than 100 feet from Merrick Boulevard; that no zoning amendment relating to this property is pending at the present time; that the rear interior portion has always been zoned for residence use and has been vacant and unbuilt upon, being only accessible through the retail portion of the plot fronting on Merrick Boulevard; and

WHEREAS, the decision of the Borough Superintendent, dated December 15, 1958 acting on Alt. Applic. No. 2638-56, reads:

"1. Proposed one story fireproof extension to be used for storage of tires in a residence use district is contrary to Art. II Sec. 3 of Zoning Resolution and contrary to Board Stds. & Appeals Res. Cal. 25-57-BZ and is referred back to the Board for reconsideration.

2. Proposed one story fireproof extension exceeds the allowable area in an E-1 zone and is contrary to Art. IV Sec. 15A of Zoning Resolution and contrary to Board of Stds. & Appeals Res. Cal. 25-57-BZ and is referred back to the Board for reconsideration."

and

WHEREAS, the applicant states that the premises consist

of a plot, 205.10 feet frontage by 200 feet in depth; that the retail portion of the plot is presently occupied under Certificate of Occupancy No. Q108580 by a frame, two story building and frame storage sheds, with the unbuilt portions of the retail area being used for the parking of more than five cars and the sales and storage of auto supplies; that the two story structure is used on the first floor for manufacturing, storage and sales of auto supplies, and the second floor is used for the storage of non-combustible materials; that the walls of this two story frame structure are brick-filled; that the rear of the above, the Board, under Cal. No. 25-57-BZ, on September 24, 1957, granted permission to clear this 100 feet by 105 feet plot of all bushes and growth and to erect on the lot lines thereof, a masonry wall to a total height of not less than 6 feet and not less than 8 inches in thickness, and stuccoed on the exterior side and with a 2 foot high cyclone fence on top of this wall, bringing the total height of these walls to a total of 8 feet, and permitting the occupancy of this enclosed area for the parking of motor vehicles in conjunction with the existing use of the property; that the aforementioned construction work has since been completed; that it is now proposed to remove the existing 2 foot high woven wire fence now erected atop the 6 foot high masonry fence wall riding the lot lines at the rear interior portion, and bring these walls up to the new level, as well as erect new walls where required so as to construct a one story fireproof masonry extension 100 feet by 105 feet at the rear of the property, to be used for the storage of tires; that the walls of this masonry structure will remain completely unpierced for their entire length along its lot lines, so that this new extension will in no way adversely affect adjoining property owners; that at the front westerly portion, it is further proposed to demolish the existing dilapidated frame sheds now being utilized for tire storage and to erect instead a one story masonry extension, also of fireproof construction, to be used for both tire storage and for tire installations on customers' cars; that the masonry wall of the new structure, facing on 221st Street will have unpierced brick facade; that the existing frame sheds at the present time extend into the proposed 5 foot widening of 221st Street, and the demolition of these sheds will wipe out the necessity of any award from the City should this proposed widening ever take place; that the new one story fireproof structure will be started 5 feet back from the existing 221st Street building line; and

WHEREAS, the applicant states that the rear portion of the plot in the E-1 area district is 10,500 square feet; permitted coverage is 40% of 10,500 or 4,200 square feet; area of existing walled-in area and size of proposed building on E-1 portion of plot is 10,500 square feet; excessive area for E-1 zone is 6,300 square feet; and

WHEREAS, the applicant contends that the construction work was completed, the volume of business at these premises has increased immeasurably, with special emphasis on the sale of new tires, so much so that this company is now recognized as the largest northeastern regional distributor for Kelly-Springfield tires; that as a result, the owners have found that their present quarters are cramped and require rehabilitation and expansion in order to meet the present demands of their business; and

WHEREAS, the applicant further contends that the proposed rehabilitation of these premises will be a big improvement over what is there at present, as it will remove the eyesores caused by the existing frame sheds and replace same with a modern, fireproof structure of adequate size to meet present business demands; that it will in no way interfere with light or ventilation of adjoining lots, as the new construction backs up on the rear walls of the existing one car garages, which are located on the bordering lots; that it will also put the tires, presently stored out in the open at front of the property, under cover, and by so doing provide additional space for off street parking of customers' cars, as well as providing adequate off street loading space for this property; that this proposed improvement will in no way adversely affect the adjoining property owners, but

MINUTES

will instead be a definite improvement in both the appearance and safeguarding the well being of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since December 1, 1955; that the assessed valuation of land is \$32,000 and of the buildings \$50,000 making a total of \$82,000; that the buildings were erected in 1928 and 1944; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2638-56, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby it *denied*.

738-57-BZ

APPLICANT—Lama, Proskauer and Prober, for 644 Bushwick Avenue Corp., owner.

SUBJECT—Application October 16, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in an unrestricted and business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, office and sales, storage, minor auto repairs, parking and storage of motor vehicles, extending from the unrestricted to the business portion of the plot.

PREMISES AFFECTED—640-648 Bushwick Avenue, south side, 131 feet 8¾ inches west of Myrtle Avenue and 14-20 Troutman Street, Block 3182, Lot 18, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to May 5, 1959, for applicant to file plan showing nearby school and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Troutman Street and Bushwick Avenue are in unrestricted and business use, B area, class 1½ height districts; Myrtle Avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 17, 1957 acting on N. B. Applic. No. 1654-57, reads:

"1. Proposed building and premises on a lot, partly in a Business and partly in an Unrestricted zone, to be used for Gasoline service station, lubritorium, car wash, office and sales, storage, minor auto repairs and parking and storage of motor vehicles is contrary to Article II, PP. 4a, subsection 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 94 feet 9¾ inches frontage by 86 feet 6½ inches in depth, irregular, presently developed with five buildings, designated as buildings 1, 2, 3, 4 and 5, and occupied as follows: Building 1—six family dwelling—3 story class 4

construction; Building 2—six family dwelling—3 story class 4 construction; Building 3—store and 4 family dwelling—3 story class 4 construction; Building 4—store and 4 family dwelling—3 story class 4 construction; Building 5—3 car garage—1 story, class 3 construction; that Building 1 was erected under N. B. Applic. No. 662 of 1889 for use as a six family dwelling, for which no Certificate of Occupancy was ever issued; that Building 2 was erected under N. B. Applic. No. 773 of 1885 for use as a six family dwelling and no Certificate of Occupancy was ever issued; that there is no record for Building 3; that Building 4 was last altered under Alt. Applic. No. 8321-37 for use as a store and four family dwelling, and no Certificate of Occupancy was ever issued; that Building 5 was erected under N. B. Applic. No. 7116 of 1923 for use as a three car garage; that Certificate of Occupancy No. 40145 was issued for said use; that it is proposed to demolish all the buildings on the site and erect a modern gasoline service station consisting of ten 550 gallon buried gasoline tanks and six dispensing pumps; that the proposed accessory building will be one story in height, of class 3 construction, having a frontage of 62 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, car washing, minor auto repairs, storage, office and sales; that the open area not used by the gas station is proposed for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the proposed gas station is a permitted use in the unrestricted use portion of the plot, and it is only intended to extend said permitted use into the business use portion of the plot; that this extension in to the business portion of the plot cannot have an adverse effect upon any of the adjoining properties inasmuch as the station faces Bushwick Avenue, which is in an unrestricted use district; that within the same block as the site there is a non-conforming use of gasoline station on lot 10; that the buildings on the site have outlived their usefulness and are in need of many repairs; that the land is high in assessed value so that it is mandatory for the owner to rehabilitate this site in conformity with an unrestricted use district in order to derive an equitable income and continue to pay City taxes; that the use proposed is permitted in over 50% of the site; and

WHEREAS, the applicant states that the present owner has held title to the property since April 1, 1955; that the assessed valuation of land is \$16,500 and of the building \$23,500 making a total of \$40,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit in an unrestricted and business use district the erection and maintenance of a gasoline service station, lubritorium, car wash, office and sales, storage, minor auto repairs, parking and storage of motor vehicles, extending from the *unrestricted* to the business portion of the plot; that the station shall be built substantially as shown on plans filed with this application marked, "Received October 16, 1957," 3 sheets, "October 30, 1958," 1 sheet and "May 5, 1959," 1 sheet, *on condition* that the existing three-story frame stucco buildings shall be demolished; that the pumps along the Bushwick Avenue front shall be set back 15 feet from the building line and shall be duplex or dual and one single approved pump, and the pump island set back from the Troutman Street building line shall consist of two pumps; that the service building shall be 85 feet by 32 feet wide with a car wash and two minor auto sales storerooms; that there shall be 12 buried 550 gallon approved tanks; that along the side lot line to the east there shall be a 5 foot, 6 inch woven wire fence where the wall of the adjacent building does not occur; that along the side lot line to the south from the corner of the new accessory building to the building

MINUTES

line of Troutman Street there shall be a 5 foot, 6 inch high woven wire fence as shown on the plans; that the area of the station shall be graded substantially to the grade of the adjoining street and shall be of concrete cement or Tarvia pavement; that the grades shall be pitched to eliminate flood water pouring over the sidewalks; that at the intersection of Troutman Street and Bushwick Avenue there shall be a cement curb 12 inches high and 4 foot radius to form a base for a post standard bearing a brand sign projecting not more than 4 feet over the building line; that the signs on the accessory building shall be limited to one sign, one foot high by 8 feet long, each with vehicular doors, and a similar sign over the show windows of the accessory sales office; that all portable firefighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

450-58-BZ

APPLICANT—Sidney H. Kitzler, for Sardin Realty Corp., owner; Ralph Iron Works and Allen Peterson, lessee.

SUBJECT—Application July 21, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a local retail use district, the change in occupancy of an existing one story building from automobile salesroom and auto accessories to auto repair shop with spray booth, manufacturing of metal products with welding and parking for three (3) motor vehicles.

PREMISES AFFECTED—480-496 Ralph Avenue to 1626-1636 Prospect Place, south corner, Block 1369, Lot 39, Borough of Brooklyn.

APPEARANCES—

For Applicant: Sidney H. Kitzler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: Commissioner Fox 1

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to April 7, 1959, for inspection and decision; hearing closed; then to May 5, 1959, for further consideration after building and yard have been cleaned up; applicant to file revised plans showing curb cuts, driveway and removal of pole; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Ralph Avenue are in a local retail use, C area, class 1 height district; Prospect Place and Park Place are in local retail and residence use, C area, class 1 height districts; that in 1940 the zone was changed from business to local retail; and

WHEREAS, the decision of the Borough Superintendent, dated July 9, 1958 acting on Alt. Applic. No. 3777-57, reads:

"1. Proposed change of occupancy in a Local Retail Zone, to auto repair shop with spray booth, manufacturing metal products with welding and parking for three motor vehicles is contrary to Art. II, PP. 4-c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 135 feet frontage by 100 feet in depth, improved with a three story frame store and dwelling, 25 feet in width by 75 feet in depth at the northerly portion, a two story frame store and storage building 50 feet wide and 75 feet deep in the center portion of the plot and a one story masonry building 60 feet by 100 feet at the southerly portion of the plot; that it is proposed to continue the use of the building for auto repairing and the manufacture of ornamental iron; and

WHEREAS, the applicant states that this appeal concerns the 60 foot by 100 foot one story building only; that the two

frame buildings are not involved; that the site is in a local retail use district; that plans and applications were filed with the Department of Buildings for the purpose of obtaining a Certificate of Occupancy for use of this building as a motor vehicle repair shop and manufacture of metal products; that the application was denied on the grounds that said uses are contrary to the Zoning Resolution; and

WHEREAS, the applicant further states that this building, in its present condition, was the result of several unique developments; that in 1920 Permit No. 4977-20 was issued to erect nine market stands on vacant land; that in 1921 Permit No. 7225-21 was issued to erect sixteen small stores, four of which faced the street and twelve opened on a center promenade; that Certificate of Occupancy No. 10176 was issued for the use of this building as stores; that in 1922 Permit No. 11237-22 was issued to roof over the open space or promenade, and the occupancy was then referred to as a market; that the present owner acquired the property in 1947, at which time this building was occupied as a metal shop and auto repair shop; that in 1957, ten years after acquiring the property, the owner received Zone Violation No. 64-57 which states that the premises are being unlawfully used as a welding and iron works in a business use district; that the property is located in a local retail use district; that no violation is pending against the auto repair shop use; and

WHEREAS, the applicant contends that in the Department of Buildings there is a 1932 volume of the Sanborn Map Co. and on page 27 of Volume 7, this building is indicated as being used for auto repairs, iron works, electric repairs and storage; that the portion of this building now used for auto repairing is provided with a Fire Department Permit issued for five car garage; that under Cal. No. 1157-24-BZ the Board granted a conversion from a market to a steam laundry in the two story frame building; that this portion of the premises is now an upholstery shop; that the major portion of the balance of the block on the west side of Ralph Avenue, between Prospect Place and Park Place is now a wet wash laundry with Certificates of Occupancy No. 113210, 101512 and 62769; and

WHEREAS, the applicant further contends that the continued use of this building for auto repairing and manufacture of ornamental iron would in no way harm the neighborhood, since these uses have been in existence since prior to 1932; that in 1928 the Department of Buildings issued Certificate of Occupancy No. 1818 providing for an occupancy of auto salesroom and auto accessories; and

WHEREAS, the applicant states that the present owner has held title to the property since November, 1947; that the assessed valuation of land is \$21,000 and of the building \$7,000 making a total of \$28,000; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the change in occupancy of an existing one-story building from automobile salesroom and auto accessories to auto repair shop with spray booth, manufacturing of metal products with welding and the parking of three motor vehicles, all as shown on plans filed with this application, marked "Received July 21, 1958", 1 sheet, "January 30, 1959", 11 sheets and "April 14, 1959", 1 sheet, *on condition* that the walls of the building around the spray booth and within ten feet of said booth in all directions shall be built of masonry; that the balance of the walls facing the driveway may be wood stud, frame and corrugated sheet iron; that the trolley pull at the curb line shall be moved to permit a new curb cut into the new motor vehicle repair shop; that the premises shall be entirely

MINUTES

cleaned up and all the exterior of the buildings shall be coated with a coat of paint of a dark color; that spray booths shall be of a type approved by the Board; that all operations shall meet the approval of the Fire Commissioner; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

593-58-BZ

APPLICANT—Sidney H. Kitzler, for Petval Realty Corp., owner; Angelo Maurici, lessee.

SUBJECT—Application October 16, 1958—decision of the Borough Superintendent, under sections 7c and 7A of the Zoning Resolution, to permit in a retail and residence use district, the extension of the existing used car sales and parking lot into the residence portion of the premises with a business entrance within 75 feet of the residence use district.

PREMISES AFFECTED—273-279 68th Street, north side, 40 feet, 13¼ inches west of 3rd Avenue and 272-278 Senator Street, Block 5853, Lots 36, 38 and 49, Borough of Brooklyn.

APPEARANCES—

For Applicant: Sidney H. Kitzler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 10, 1959 after due notice by publication in the Bulletin; laid over to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Senator Street and 68th Street are in retail and residence use, C area, class 1¼ height districts; Third Avenue is in a retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1958 acting on Alt. Applic. No. 728-58, reads:

"1. Used car sales and parking and storage of motor vehicles partly in a Residence Use district and partly in a Retail Use district is contrary to Art. 2, Sec. 3 of the Zoning Res.

2. Proposed opening more than 3'-6" wide and within 75'-0" of a residence use district is contrary to Art. 2, Sec. 7a of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 79 feet 5½ inches and 73 feet 8¾ inches frontage by 144 feet 2½ inches in depth; that at present the site in question and the adjoining lot No. 45 are used for used car sales and parking for more than five motor vehicles, extending from Third Avenue westerly to the limit of the retail use zone, under Certificate of Occupancy No. 147797 issued on Alt. Applic. No. 3866-55; that the property included in this Certificate of Occupancy was under two separate ownerships at the time it was issued, and is also under two ownerships at present; that it is proposed to use a narrow strip of vacant land at the westerly edge of the site and located partially in a retail use and partially in a residence use zone, for the sale and display of used cars and for parking for more than five motor vehicles, and to use an existing curb cut as an entrance to and exit from the site, within 75 feet of a residence use district; and

WHEREAS, the applicant states that the owner of lot No. 45 contemplates improving same with the construction of a building; that such an improvement will close up the approved legal entrance to and exit from the site, leaving the major portion of the parking lot without an entrance or exit; that there is at present a curb cut on the north side

of 68th Street, about 52 feet west of Third Avenue, which curb cut was used in connection with a two story lumber shed, erected under N.B. Applic. No. 7220-1911; that it is requested that this curb cut and driveway established in 1911, be approved for use as an exit from and entrance to this parking lot; that it is further requested that the narrow strip of land at the westerly edge of the site be approved for use as part of the parking and used car sales lot; that this strip of land measures about 19 feet 7 inches in width on 68th Street and about 14 feet 3 inches in width on Senator Street, hardly adequate for any conforming use; that the existing curb cut on 68th Street shall be altered to comply with the requirements limiting same to a width of 14 feet; and

WHEREAS, the applicant contends that the additional space requested under this application is about 2500 square feet, but the space to be discontinued for parking and used car sales is about 5680 square feet, and it is therefore requested that the Board give this application favorable consideration in order to alleviate the practical difficulties and unnecessary hardships involved; and

WHEREAS, the applicant states that the present owner has held title to the property since March 28, 1945 and that the assessed valuation of land is \$17,900; that the building was erected in 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted in view of the relatively short distance of about twenty feet that this parking lot would extend from the permitted area into the residence district; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and A of the Zoning Resolution, to permit the extension of the existing used car sales and parking lot into the residence use portion of the premises and with a business entrance within 75 feet of the residence use district, *on condition* that the woven wire fence along 68th Street shall be replaced with new fence or given a coat of aluminum paint; that along the westerly lot line, where walls of adjacent buildings to the west do not occur, there shall be a split sapling fence 6 feet high with the face to the west towards adjacent houses and along the building line of Senator Street there shall be a new woven wire fence 5 feet, 6 inches high, without any gates whatsoever; that along the easterly lot line, separating lot 38 from lot 45, formerly owned by the City, there shall be a 5 foot, 6 inch high woven wire fence; that inside all such fences at a distance of 5 feet therefrom there shall be 8 x 8 bumpers, rigidly staked to the ground; that the fence along the Senator Street building line shall be erected on a new reinforced concrete wall with brick facing to the street side, which wall shall extend 2 feet above grade to act as a parapet at the grade of the lot to prevent cars plunging into the lower grade of Senator Street; that on top of this fence there shall be a woven wire fence to a total height of 5 feet, 6 inches above the low grade; that the lot shall be filled in throughout to the grade of 68th Street, surfaced with gravel or asphaltic paving; that there shall be at least two lights illuminating the site at all times between sunset and sunrise, each with a minimum of 100 watts in metal reflectors so arranged as to prevent the spread of light beyond the limits of this lot; that there may be permitted at the 68th Street building line an 8 by 10 foot temporary frame shelter, not more than 10 feet high, which may be the existing shelter now at the corner of 3d Avenue and 68th Street, removed to the new lot, provided same is recovered with new asbestos shingles and painted; that all sidewalks and curbs abutting the premises shall be repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be installed as the

MINUTES

Fire Commissioner may direct; that the parking shall be restricted to pleasure cars only; that there shall be no signs erected other than the signs showing the rates required by the Department of Licenses; that on 68th Street there may be one 14 foot wide opening in the fence with curb cut opposite of similar width; that plans filed herewith marked "Received October 16, 1958", 4 sheets, shall be complied with other than as herein amended; and that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

737-58-BZ

APPLICANT—Kenneth W. Milnes for F. D. Koehler Co., Inc., owner.

SUBJECT—Application December 16, 1958—decision of the Borough Superintendent, under sections 7c and 7a of the Zoning Resolution, to permit in a retail and residence use district, the reconstruction of an existing gasoline service station, lubritorium, sales room, minor auto repairs and car washing, the proposed reconstruction to provide a new accessory building, additional gasoline tanks and pumps, the relocation of the existing pumps and curb cuts within 75 feet of residence use district.

PREMISES AFFECTED—717 Richmond Road, northwest corner of Price Street, Block 631, Lot 1, Concord, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Sleeper and Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to May 5, 1959, for further consideration after applicant has furnished information as to grades of Expressway and service road adjoining the gas station; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Price Street and Concord Place are in retail and residence use, D and E area, class 1 height districts; Richmond Road is in a retail use, D area, class 1 height district; Starbuck Street is in a residence use, E area, class 1 height district; that the zoning from 1916 to 1956 was business use, C and D area, class 1 height, and from June 28, 1956 to the present it was retail use, D area, class 1 height; and

WHEREAS, the decision of the Borough Superintendent, dated November 25, 1958 acting on N. B. Applic. No. 1216-58, reads:

"1. Proposed alteration to existing gasoline service station, lubritorium, salesroom, minor vehicle repairs, car washing, rest rooms located in a residence and retail district is contrary to Art. II Sect. 7A and Sect. 4A par. 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 61.31 feet frontage by 104-77 feet in depth; that it is proposed to relocate and build a new service building and relocate and install two new pump islands and ten 550 gallon gasoline storage tanks; that due to the high hill in back of the premises, it will be necessary to construct a 15 foot high reinforced concrete retaining wall, which will also be the back wall of the new service building; that this is, of course, a most expensive installation, but is made necessary if the owner is to retain the location; that it is also proposed to install a 7 foot high chain link type fence on the rear and one side property line on a concrete base, which will tend to prevent any intruders or children from getting on the roof of the service building; that the building and premises will face as shown, as Richmond Road will be an underpass at the Expressway, and what was

formerly Price Street will now become a service road entering on the Parkway for traffic going west; and

WHEREAS, the applicant states that this application is made necessary by the proposed construction of the Clove Lakes Expressway, one of the new cross Staten Island parkways, which will lead from the new Narrows Bridge on the easterly end to the Goethals Bridge on the west; that all property affected by this new route has already been condemned by The City of New York and many of the individual properties have been vacated, and are in the process of being demolished; that in fact, the owners of the premises affected by this application have been notified to have that portion of their property affected by the proposed construction cleared without delay; that 55 feet on the westerly side and 48 feet 6 inches on the easterly side of this property has been acquired by The City of New York; that the present gasoline pump island is within the condemned area and the service building is in a location not compatible with the proper operation of a gasoline service station; and

WHEREAS, the applicant contends that in connection with the property owners list, all lot numbers within the acquired area have been eliminated from the maps, but their numbers have been indicated as having title vested in the bureau of Real Estate of New York City; and

WHEREAS, the applicant states that the present owner has held title to the property since March 5, 1948; that the assessed valuation of land is \$8,000 and of the building \$3,500 making a total of \$11,500; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and 7A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 7A of the Zoning Resolution to permit in the retail and residence use district, the reconstruction of an existing gasoline service station, lubritorium, sales room, minor auto repairs and car washing, the proposed reconstruction to provide a new accessory building, additional gasoline tanks and pumps and the relocation of the existing pumps and curb cuts within 75 feet of a residence use district *on condition* that no work shall be done until the owner shall have obtained from the City of New York the new legal grade levels of the service road of the Clove Lakes Expressway and also the grades of Richmond Road where it intersects with the northerly service road of Clove Lakes Expressway and shall build the herein proposed gasoline station in conformance with the official grades after having obtained the same; that the property to the rear shall be sloped down and that this owner shall provide all retaining walls necessary adjacent to the lot lines; that the pumps shall be installed fifteen feet back from both building lines; that the number of gasoline storage tanks shall be limited to ten 550 gallon approved tanks; that curb cuts shall be installed as shown on plans filed with this application, namely, two 20 foot curb cuts to Richmond Road and two 30 foot curb cuts to the north service road of the proposed Clove Lakes Expressway; that there shall be erected one brand sign at the intersection of Richmond Road and the north service road of the proposed Clove Lakes Expressway extending not more than four feet beyond the building line; that the premises, where not occupied by accessory building and tanks, shall be paved with asphalt pavement except there may be a concrete mat around the gasoline pumps; that there shall be maintained such portable fire-fighting appliances as the Fire Commissioner shall direct; that all construction shall conform to all laws, rules and regulations applicable thereto and all as shown on plans filed with this application marked "Received March 26, 1959", six sheets, and "April 13, 1959", one sheet; and that all permits shall be obtained and all work completed and

MINUTES

a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

775-58-BZ

APPLICANT—Leonard F. Rothkrug, Herbst and Rusciano, for Baychester Operating Corporation, owner.

SUBJECT—Application December 31, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a manufacturing and residence use, C area district, the erection of an extension into the residence portion of the premises of a one story building for use as bowling alleys, restaurant and bar, storage and locker rooms and to provide accessory parking on the unbuilt upon portion of the premises, the proposed building exceeds the permitted area coverage.

PREMISES AFFECTED—3490 Palmer Avenue, southeast corner of Boston Road, Block 5259, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox... 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; laid over to May 5, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in manufacturing and residence use, C area, class 1 height districts; that on July 25, 1916 the premises was entirely within an unrestricted use district and was rezoned to its present designation on October 18, 1949; and

WHEREAS, the decision of the Borough Superintendent, dated December 29, 1958 and amended by decision dated January 13, 1959, acting on N.B. Applic. No. 1318-58, reads:

"1. On a premises located partly in a manufacturing and partly in a residence district the proposed 'Bowling alleys, Restaurant & Bar, Kitchen, Toilets, Storage, Lockers & accessory parking of Motor Vehicles' is contrary to Sect. 3, Art. II Zoning Resolution and is therefore denied.

"2. In a C area district the per cent coverage does not comply with Sect. 13, Art. IV of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 81.86 feet, 186.69 feet and 122.83 feet frontage by 179.76 feet in depth, irregular, presently vacant; that it is proposed to erect a one story building, 81.86 feet by 122.82 feet, irregular in area, to be equipped with bowling alleys and with accessory off street parking on the unbuilt upon portion of the premises; and

WHEREAS, the applicant states that the only portion of the premises in a residence zone is that portion which abuts the elevated railroad line; that the main portion of the premises is in a manufacturing use zone; that this site is in a remote, undeveloped area of The Bronx; that the site has frontages on three streets, while the fourth side of the site fronts on the elevated railroad; that Palmer Avenue is unpaved and not a through street, terminating at the rear lot line of the site where it is intersected by the railroad; that likewise, Boller Avenue is unpaved, even though it has an underpass; that Boston Road, in the manufacturing zone, is a heavily trafficked main artery developed with permitted uses in a manufacturing zone; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect any surrounding owners; that the site is like a small tax block separated from the rest of the block; that only railroad property adjoins the

site; the rear portion of the site is in a residence zone, yet it is this rear portion which is along the elevated railroad embankment; that there is no possible residential use for which the premises would be developed; that about 85% of the area within the 500 feet radius is vacant; that the site and most of the area was in an unrestricted zone until 1949, when it was changed to manufacturing and residence; that the proposed use is more desirable than many other uses permitted in manufacturing zones; and

WHEREAS, the applicant further contends that the area of the site is approximately 18,500 square feet; the area of the building is approximately 14,400 square feet; the permitted area coverage is 8500 square feet, and the building is approximately 5900 square feet in excess of that permitted; however, no credit for area coverage is given to that portion of the premises in the residence zone; that if the entire premises was in a business zone, then the permitted coverage would be approximately 14,875 square feet—85% of 10,000 square feet and 75% of 8500 square feet; that the area coverage that would be permitted if the entire area was zoned business is greater than the proposed coverage; that the site is unique in that it covers all of the tax block northwest of the railroad; that there is no other property contiguous to the site, except for the railroad property, which is available for purchase; that the zoning lines in the City are customarily 100 feet in depth; that this custom presents a hardship when a bowling alley use is proposed, since the prescribed length of the alleys, with the waiting area for bowlers and the necessary accessory features, such as locker rooms, storage area, snack bar area and area for pin setting equipment, require a building greater than 100 feet in depth; that the fact that Boston Road intersects the other avenues creates irregular tax blocks, and in the instant case, an unnecessary hardship; and

WHEREAS, the applicant states that the present owner has held title to the property since November 13, 1958 and that the assessed valuation of land is \$6,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7c and 21, to permit in a manufacturing and residence use, C area district, the erection of a one story building for use as bowling alleys, restaurant and bar, storage and locker rooms, and to provide accessory parking on the unbuilt upon portion of the premises exceeding the permitted area coverage; that the building shall comply with plans filed with this application marked, "Received December 31, 1958," 3 sheets, "January 16, 1959," 2 sheets, *on condition* that the construction shall be class 3, with not more than 18 bowling alleys on one floor with lounge, bar, storage, toilet and locker rooms and snack bar as shown on the drawings; that the parking lot adjacent shall have a 15 foot curb cut to Palmer Avenue; that the parking lot shall be graded level with Palmer Avenue and the surface to be covered with Tarvia or gravel; that there shall be at least two 100 watt lamps illuminating the parking lot area, enclosed in metal reflectors directed so that no light shall shine outside the limits of the lot; that the parking lot shall be surrounded on the lot line to the southeast and along the Palmer Avenue building line with a woven wire fence 5 feet, 6 inches in height with gates opposite the curb cut to Palmer Avenue; that the parking of vehicles on this lot shall be limited solely to vehicles of the pleasure-car type of the patrons of the bowling alleys and not to commercial vehicles or outsiders; that the building shall be limited to a one-story building, as shown, and shall not be increased in height or area; that the

MINUTES

exterior wall shall be of face brick or glass panels as shown on the elevations; that in all other respects the construction shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 4:25 P.M.

JOSEPH J. DOYLE, *Chief Clerk*

REGULAR MEETING

TUESDAY AFTERNOON, MAY 5, 1959, 2 P.M.

Present: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

337-52-A—Vol. II

APPLICANT—Irving P. Marks, for Bernard, Hermand and Minnie Feuer, owners.

SUBJECT—Application reopened November 25, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent—re erection of extension to existing nursing home, increase in area.

PREMISES AFFECTED—115-49 118th Street, east side, 240 feet north of Sutter Avenue, Block 11711, Lot 18 and 62, South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Irving P. Marks and Bernard Feuer.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 1, 1952 on Alt. Applic. 839-52, reads:

"(1). Building is more than 20 ft. high and use as a public building (Nursing home) same is required to be of fireproof construction.

"(2). Exits as shown are inadequate stairs must be properly enclosed as required in a class 1 building and comply with all requirements of Article 7—Sub article 4. B.C. as to dimensions."

and

WHEREAS, the applicant states that the building is 2 stories and basement, 28 ft. in height, 37 ft. by 47 ft. 4 in. in area at 1st floor, 37 ft. by 40 ft. 8 in. in area at 2nd floor, of class 3 construction, erected in 1930, located on a lot 60 ft. front by 100 ft. in depth, in a residence use, D area, class 1 height district, and used and occupied since 1930; basement, recreation room, boiler and laundry; 1st floor, living rooms; 2nd floor, bed rooms; total—one family dwelling; and proposed to be used and occupied as follows: basement, office, recreation room, kitchen, locker room, pantry and storage—6 persons; 1st floor, patients' rooms—22 persons; 2nd floor, patients' rooms—20 persons; that the building is provided with one interior wood stairs, unenclosed, 3 ft. in width from 1st to 2nd floors and 2 ft. 8 in. in width at basement; and

WHEREAS, the applicant states that the building is 37 ft. wide and 40 ft. 8 in. in depth, with an open masonry porch across the front and a 1-story, 3-car accessory garage of class 3 construction, located at the rear of the property, 26 ft. 8 in. from the building; that the building is in excellent condition and has 12 in. masonry enclosure walls and the interior floor bearing is on steel beams and steel columns; that the building is entirely isolated, as indicated on plans filed with this appeal; that it is proposed to convert the building to a nursing home and obtain a certificate of occupancy therefor; that it is proposed in addition to the existing 2 feet 8 inches wide interior wood stairway from base-

ment to 1st floor and 3 foot wide exterior concrete stairway from basement to yard, and the 3 foot wide interior stairs from 1st to 2nd floors, and the 4 foot, wide exterior masonry stair from 1st floor to yard, and the 5 foot exterior masonry stair from 1st floor to street at front; that the following work will be done: on the basement story, it is proposed to construct a 3 foot 6 inch wide masonry stair from street front to basement and provide a new 3 foot by 7 foot wide entrance door; to erect partitions to provide space for office, recreation room, kitchen, laundry and dumbwaiter, in addition to existing areas as indicated on plans filed with this appeal; that the walls of the dumbwaiter and the laundry room will be 4 inch cinder block and the ceiling of laundry will be fire retarded with metal lath and 3/4 inch Portland cement plaster; doors will be 3/4 hour, fireproof, self-closing; that the boiler room walls and ceiling will be fire retarded with metal lath and 3/4 inch Portland cement plaster and the door thereto will be 1-hour, fireproof, self-closing; that it is proposed to provide sprinkler heads in the laundry room and kitchen; that on the 1st floor, it is proposed to provide additional toilet facilities and slop sink closet; that it is also proposed to erect dumbwaiter shaft and laundry chute, to be enclosed in 2 inch by 4 inch studs covered with metal lath and plaster, both sides and ceiling, and equipped with 3/4-hour fireproof, self-closing doors; and to provide wet sprinkler heads for all halls and stair halls and in the slop sink closet; that on the 2nd floor, it is proposed to provide additional toilet facilities and slop sink closet, to erect dumbwaiter shaft and laundry chute of 2 inch by 4 inch studs, surfaced with metal lath and plaster both sides and ceiling, and equipped with 3/4 hour, fireproof, self-closing doors; that it is proposed to cut opening in rear wall to provide 3 foot by 7 foot door to new 3 foot 8 inch wide iron stair from 2nd floor to yard level; that it is proposed to provide new metal covered scuttle and iron ladder to roof and to provide wet pipe one source sprinkler system for all halls and stair halls, slop sink closets, top of dumbwaiter shaft and laundry shaft; and

WHEREAS, the applicant contends that the building is of sound construction and is only 1505 square feet in area; that the existing and proposed stairways and hallways are adequate for the number of persons proposed; that the installation of an approved type sprinkler system in the stair halls, stairs, laundry, kitchen, slop sink closets and top of shafts, will provide adequate safeguards; that all doors to hallway will be self-closing and all stair hall exit doors will swing in the direction of travel and provided with exit signs and lights; that the building is so located on the lot that all rooms are well lighted and ventilated and are located far enough from adjoining buildings to provide the necessary comforts for this proposed occupancy; that the applicant therefore requests that this application be granted subject to such conditions as the Board may deem necessary and all other laws, rules and regulations applicable thereto; and

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the Board has been advised by letter of the Department of Hospitals, dated May 5, 1959, stating that this building complies with all their requirements and has been operated to the satisfaction of the Department of Hospitals.

Resolved, that the decision of the Borough Superintendent, dated October 24, 1958, acting on Alt. Applic. 115/58, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the new extension shall be of Class One fireproof-construction, as shown on plans filed herewith, marked "Received April 17, 1959", 3 sheets, and *on further condition* that the new building shall be separated from the existing building by a fire wall having all openings protected by doors which shall total 3-hour fire resistance, two doors being swinging and one to be held open with a fusible link; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

MINUTES

283-54-A—Vol. II

APPLICANT—Arthur B. Lincoln, for Carmine Verdino, owner.

SUBJECT—Application reopened January 13, 1959 as Volume II—filed pursuant to section 35, General City Law re extension to existing building in bed of mapped Street, 111th Avenue.

PREMISES AFFECTED—109-03 Rockaway Boulevard, north side, east side 109th Street in bed of mapped 111th Avenue, Block 11476, Lot 77, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Arthur B. Lincoln.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 30, 1959, on Alt. Applic. 2496/58, reads:

"1. The proposed extension to a bldg. lying entirely in the bed of a mapped street is contrary to Section 35 of the General City Law and must be referred to the B.S.&A. for its determination."

and

WHEREAS, the applicant states that the lot is 60 feet by 103.50 feet in area, located in retail and residence use, D area, class 1 height district, that there is on this lot a 20.5 feet by 42.3 feet in area, 2 stories, 23 feet high, wood frame building, used and occupied since 1882 as a 2-family dwelling with accessory 2 car garage; and

WHEREAS, the applicant states that it proposed to build a one story extension to provide another bedroom and to enlarge the living room; that the walls of the new extension will be of 8 inch brick; that the present building with its proposed extension is in the bed of the proposed widening of 111th Avenue; that the previous owner offered this lot to the City of New York in 1946; that the neighbors objected to the opening of 111th Avenue; that this opposition by neighbors still exists; and

WHEREAS, the President of the Borough of Queens has advised this Board that the Final Map of the Borough of Queens adopted by the Board of Estimate and Apportionment on July 30, 1914, shows 111th Avenue at a width of 80 feet; that all is in private ownership; that from 109th Street to about 103 feet easterly thereof, with no proceeding pending to acquire title; that for several miles east of the property in question, the street is on the ground and in use; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

WHEREAS, this owner has been before the Board under Calendar No. 283-54-A, Vol. I, for an accessory garage in the bed of the mapped street, which was granted on July 20, 1954.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2496/58, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the condemnation award for the proposed new extension part of the building shall be set by a Judge at a condemnation proceeding if the city should at any time in the future take this property.

403-58-A

APPLICANT—Elias K. Herzog, for Samuel Goodman, owner.

SUBJECT—Application June 26, 1958—Appeal from a decision of the Borough Superintendent re: egress, fire escape not an acceptable 2nd means, etc.

PREMISES AFFECTED—13 East 16th Street, north side, 250 feet west of Union Square West, Block 844, Lot 10, Borough of Manhattan.

APPEARANCES—

For Applicant: Elias K. Herzog.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Vice Chairman Kleinert, Commissioner Foley,

Commissioner Sleeper and Commissioner Fox 4

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 29, 1958 on Alt. Applic. 401/58, reads:

"1. F. E. as 2nd means of egress 9 story factory not acceptable. Sec. 271 LL."

and

WHEREAS, the applicant states that the building is 8 stories, 98 feet high, fireproof construction, 25 feet by 92 feet in area at the street level, 25 feet by 87 feet in area at the typical floor level, erected in 1900, located in unrestricted use, B area, class 2 height district, and used and occupied as follows: Cellar—storage and boiler room, no persons; 1st floor—restaurant, 74 persons; 2nd floor—manufacturing (belts); 3rd floor—manufacturing (clothes); 4th floor—manufacturing (clothes); 5th floor—manufacturing (clothes); 6th floor—manufacturing (belts); 7th floor—manufacturing (petticoats); 8th floor—mail order; that maximum occupancy per floor, 12 persons; and

WHEREAS, the exits consist of one interior 3 foot wide iron stair enclosed in masonry partitions with fireproof self-closing door, extending to roof in a bulkhead and leading to street; that the secondary means of egress consists of a rear 45-degree fire escape, extending to roof and connecting at the 2nd story to adjoining balconies of buildings to the north and west, as shown on plans; that the windows on the course of the fire escape are kalamein with wire glass; that this arrangement of exit was accepted by the Board under Calendar Numbers 467-24-S and 323-40-S; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the appeal should not be granted because of the unsafe conditions at the site.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 401/58, Objection No. 1, dated May 29, 1958, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

718-58-A

APPLICANT—S. Walter Katz, for Twenty-Third Operating Corp., owner.

SUBJECT—Application December 8, 1958—filed pursuant to section 35, General City Law re extension of existing building in bed of a mapped street—approach to Queensboro Bridge.

PREMISES AFFECTED—244 East 60th Street, south side, 135 feet west of 2nd Avenue, Block 1414, Lot 30, Borough of Manhattan.

APPEARANCES—

For Applicant: Ludwig Hanavev, Lawrence H. King and Stanley Steingut.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Fox.. 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1958, on Alt. Applic. 1429/58, reads:

"A 6—Respectfully request reconsideration of the objection which requests approval from the Borough President of Manhattan for alterations and extension to existing building in a mapped street.

MINUTES

"A letter from the President of the Borough of Manhattan, dated November 24, 1958, denies permission for extending the building as premises are within the area laid out for an approach to the Queens Borough Bridge.

"Memorandum of December 2, 1958, written by the Chief Engineer to Borough Superintendent, denies permission to extend premises and quotes Sec. 35 of General City Law as the basis for the rejection. Respectfully request that plans be approved showing extension to the building.

"DENIED 12/5/58 C. Kunkel."

and

WHEREAS, the application states that the present building is 4 stories and basement, 55 feet high, 20 feet by 54 feet 9½ inches in area, of non-fireproof construction, erected in 1880, located in retail use, B area, class 1½ height district, used and occupied since 1933 as a furnished room house (now vacant); and

WHEREAS, the applicant proposes to alter this building and build extensions, so that the new area will be 71 feet 6½ inches on the street level and 20 feet by 68 feet 3½ inches on all other floors; that the new use will be: Cellar—boiler room and storage, no persons; basement—store and class A apartment, 6 persons; 1st to 4th floors—2 class A apartments each floor; and

WHEREAS, the applicant states that this building is in the path of a mapped street as shown on the Borough President's Map—dated 1924; that this map encompasses this building as part of an approach to the Queensborough Bridge; that this building was acquired by the present owner very recently and said owner was unaware when purchasing the building that there was any restrictions against the property as set forth; that none of this information appears in the Title Policy; that thirty-five years after said map has been in existence no effort has been made to condemn this property for the proposed bridge approach; that the applicant contends that it is unfair to refuse the owner permission to proceed with the contemplated alteration; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1429/58, Objection No. A6, dated November 5, 1958, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the extension of an existing building into the bed of a mapped street, the approach to the Queensborough Bridge to the extent of 13 feet, 6 inches on the rear of the existing 54 feet, 9½ inch building, as shown on plan filed herewith, marked "Received December 8, 1958", 1 sheet, *on condition* that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; that in the event the City at any time in the future shall condemn and take this property, the remuneration or cost to the City shall be determined by the Court.

117-59-A

APPLICANT—Albert E. Wheeler for Hiram Gray, owner.
SUBJECT—Application February 26, 1959—filed pursuant to Section 36 of the General City Law re erection of building not fronting on a legal street and a decision of the Borough Superintendent re ceiling below existing curb level.

PREMISES AFFECTED—2855 Palisade Avenue, north side of a private road, 435.12 feet west of Palisade Avenue, Block 3411, Lot 105, Borough of The Bronx.

APPEARANCES—

For Applicant: Albert E. Wheeler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 20, 1959 on N.B. Applic. 163/59, reads:

"1. The site of the proposed residence building on a private road which is not a mapped street and improved is contrary to General City Law, Article 3, Sec. 36.

2. The proposed living rooms on the floor designated as the 1st fl. is below the existing curb elevation of the private road is contrary to Sec. 5.1.1. BC & C26-258-AC."

and

WHEREAS, the applicant states that the lot is 45 feet by 115 feet irregular in area, located in residence use, G area, class ½ height district, now vacant; that the applicant proposes to build a building, one story, 12 feet high, 24 feet 8 inches by 81 feet in area, of class 3 construction, one family dwelling; and

WHEREAS, the applicant states that the lot fronts on a private street 30 feet wide, 435 feet from Palisade Avenue; that an arrangement will be made by the owner to provide water and electricity services from Palisades Avenue or from adjoining property owner; that a septic tank will be installed on the lot, because present grade of the lot is below level of the proposed city sewer on Palisade Avenue; that the proposed building will be built above the actual grade of the lot; and

WHEREAS, the elevation of street in front of the building, 30 feet away is 90 feet; that elevation of the 1st floor is 74 feet; that the ground elevation at four corners of the proposed building, varies from 71 to 60 feet; that this makes the 1st floor from 3 feet to 14 feet above grade of the adjoining ground level; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 163/59, Objections No. 1 and 2 be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the average grade of the ground surrounding this residence shall be not higher than 65 feet above the City's official datum which is mean high water; that the elevation of the first floor of this proposed residence shall be plus 74 feet above mean high water at Sandy Hook; that the first floor of this building is 9 feet above the average surrounding grade level of the lot; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto.

163-59-A

APPLICANT—William B. Lichtner, for Markiel Construction Corp., owner.

SUBJECT—Application March 16, 1959—Appeal from a decision of the Borough Superintendent—re construction and under section 35, General City Law re driveway and curb cut in bed of mapped street—New Haven Avenue.

PREMISES AFFECTED—19-19 New Haven Avenue, south side, 190 feet east of Beach 20th Street, Block 86, Lot 28, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: William B. Lichtner.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 24, 1959 on N.B. Applic. 393/59, reads:

"1. The erection of the proposed two story and cellar frame two-family dwelling located in a (C) area district which is within the fire limits is therefore con-

MINUTES

trary to Section C-26-246.0 of the Administrative Code.

2. The proposed use of 2" wood beams within the fire limits is contrary to Sections C-26-325.0, sub-division 2 of the Administrative Code, which calls for beams at least 3 inches in thickness.

3. The proposed driveway and curb cut lying in the bed of a mapped street is contrary to general city law #35."

and

WHEREAS, the applicant proposed to build a 26.83 feet by 42 feet, 2 stories, 26.5 feet high, of class 4 construction, 2 family dwelling, located in residence use, C area, class 1 height district, on land now vacant, to be used and occupied as follows: Cellar—boiler, storage and laundry; 1st floor and 2nd floor—a 5 room one family dwelling on each floor; parking area for 2 cars on open portion of the lot; that the minimum thickness of beams will be 2 inches; that the proposed building is within the fire limits; and

WHEREAS, that applicant contends that the lot is in an area of many other frame structures; that the site is opposite a church which generates much traffic; that this traffic and other buildings in the neighborhood do not warrant a more expensive building; that the property can not be used for any other purpose except as proposed; that the building will be partially brick veneered that the remaining portions of the exterior walls will be covered with asbestos shingles; that only the proposed driveway and curb cuts are in the bed of the proposed widening of New Haven Avenue; and

WHEREAS, the President of the Borough of Queens has advised this Board that the Final Map of the Borough of Queens adopted by the Board of Estimate and Apportionment on January 18, 1915, indicates a proposed widening of about 5 feet on the northerly and southerly sides of New Haven Avenue which is in private ownership; that there is no proceeding now pending to acquire title to the proposed widening; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated February 24, 1959, acting on N.B. Applic. 393/59, Objs. 1, 2 and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building as erected shall comply in all respects with the regulations of the D area district; that the side walls of the building shall be covered with an incombustible material; and that in all other respects the building shall comply with all laws, rules and regulations applicable thereto.

164-59-A

For Applicant: Maurice J. Schulkind.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II on November 18, 1958 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 18, 1958, only insofar as it refers to the size of the accessory building so as to permit the accessory building to be increased 2 ft. 8 in. in length to a total length of 46 ft. 8 in. and to increase the depth one foot eight inches to a total depth of 29 ft. 4 in.; and to add the additional construction of a trash bin at the south east corner of the accessory building to be built of face brick, similar to that of the accessory building, and built as an integral part of the building of a size of 8 ft. by 6 ft. by 3 ft. 6 in. in height, with an incombustible cover; all as shown on plans filed with this request for amendment marked "Received April 13, 1959", 3 sheets; and to extend the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution;

MINUTES

that in all other respects the resolution above cited shall be complied with." (N.B. 60/58)

588-56-BZ

APPLICANT—Arthur Jovis, for Ledwood Corp., owner.
SUBJECT—Application for consideration—reopening for extension of time to complete which has expired April 8, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7c of the Zoning Resolution, permitting in a residence use district, the construction of an extension to the basement and first floor or an existing multiple dwelling for a retail business use.

PREMISES AFFECTED—107 East 60th Street, north side, 20 feet east of Park Avenue, Block 1395, Lot 4, Borough of Manhattan.

APPEARANCES—

For Applicant: Arthur Jovis.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 9, 1957 on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on April 8, 1958; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 9, 1957, as thereafter *amended* by resolutions adopted through April 8, 1958, so as to permit the owner to omit the front extension of approximately five feet from the existing front of the building to the building line as shown on plans "Received April 30, 1959", 2 sheets; and also to extend the time to complete the work and obtain permits so that as *amended* this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning resolution from the date of this *amended* resolution." (Alt App 1179/56).

(Remaining Minutes of May 5, 1959 will be printed in the Bulletin of May 19, 1959.)

SPECIAL MEETING

MONDAY, MAY 11, 1959, AT 10 A.M.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper, Commissioner Fox and Director Becker.

ACTING CHAIRMAN KLEINERT: The meeting will please come to order.

COMMISSIONER FOX: Mr. Chairman, the Director has requested the Board to adopt a resolution designating and authorizing certain Members of the Board to sign the payrolls so that in the absence of the Chairman or Vice Chairman the payrolls can be legally processed by the Comptroller; I, therefore, offer the following resolution:

Resolved, that the Board of Standards and Appeals does hereby designate and authorize any of the following Officers, in addition to the Chairman, to certify the payrolls of this Board to the Comptroller; in accordance with the Law: the Acting Chairman, Vice Chairman, and Director.

ACTING CHAIRMAN KLEINERT: Call the roll on the motion to adopt.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioners Foley, Sleeper and Fox 4
Negative: 0
ACTING CHAIRMAN KLEINERT: Adopted; if there is no further business the meeting stands adjourned.

Adjourned: 10:45 A. M.

JOSEPH J. DOYLE, *Chief Clerk.*

PUBLIC HEARING

Proposed Revision of Rules of Procedure

(89-27-SR)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday morning* May 22, 1959 at 10 A. M., at 80 Lafayette Street, 9th floor, Manhattan, on the Proposed Revision of the Rules of Procedure.

ARTICLE I—PUBLIC HEARINGS

1. Regular sessions designated as public hearings of the Board of Standards and Appeals shall be held on Tuesday of each week at 10 A. M. and 2 P. M., and such additional sessions on days to be set by the Board and as may be deemed necessary to facilitate the work of the Board.

2. Sessions shall be devoted to hearings on applications for variances of the Zoning Resolution; appeals from administrative orders or decisions; applications for variances of the Labor Law, Multiple Dwelling Law or Multiple Dwelling Code; applications pursuant to the General City Law; applications for approval of appliances, materials and methods of construction and consideration of rules and such other matters coming before the Board. Such sessions shall be published in the Bulletin of the Board of Standards and Appeals.

3. Special sessions may be called by the Chairman or at the request of three Commissioners, provided that notice is given to each Commissioner at least twenty-four hours before the time set for such session.

4. All hearing sessions shall be open to the public.

5. A quorum of the Board of Standards and Appeals shall consist of three Commissioners.

6. The Commissioners of the Board shall attend sessions in person, except that, during absence or disability, a substitute may act as provided by law.

ARTICLE II—CASES BEFORE THE BOARD

1. Every application under the Zoning Resolution, every administrative appeal, every application pursuant to General City Law, Multiple Dwelling Law or Multiple Dwelling Code or Labor Law, and every application for approval of any materials, appliances or methods of construction shall be made to the Board on the forms provided, and shall include the data required in such forms as to supply all information necessary for a clear understanding by the Board, the Director and the staff. The statements of essential information made by the applicant and the determination of the Board in each case will be incorporated in a resolution formally adopted and published in the Bulletin of the Board. Officials, who are charged with the enforcement of the laws, ordinances and rules relating to buildings in the City of New York shall be bound by resolutions and, before granting a permit or taking any other action, shall see that there are no misstatements as to facts and that the conditions of the resolution are observed. Any administrative official discovering any misstatement of essential information is requested to notify the Board, in order that it may take such actions as the circumstances require. All approvals or actions shall remain valid only as long as the information and the conditions on which the resolution are based are maintained.

2. Any communication purporting to be an application or appeal shall be regarded as a mere notice of intention to seek relief and shall have no force or effect until it is made in the form required, except as provided in Article VI.

3. Upon receipt of any such communication, the writer shall be supplied with the proper forms for presenting his application or appeal and shall file the proper form and furnish all necessary data within thirty (30) days of the date of the order or decision appealed from, except as provided in

Article VI. Before such appeal or application is docketed and Calendar number assigned, he shall pay the prescribed fee.

4. A duplicate copy of each application or appeal required by this article shall be forwarded by the applicant, immediately upon compliance with Subdivision 3 of this article, to the administrative official from whose order or determination the appeal is made. When such application is filed pursuant to the General City Law, a copy of each application and plans relative thereto shall simultaneously be served on the President of the Borough in which the premises are located. Proof of such service shall be filed with the Board.

5. At the public hearing of a case before the Board, the applicant shall first present the argument in support of the case and those in objection shall follow. To maintain orderly procedure, each side shall proceed without interruption by the other.

6. Every person before the rostrum shall abide by the order and direction of the Chairman. Discourteous or disorderly conduct shall be regarded as a breach of his privileges and shall be dealt with as the Chairman deems proper. Subject to the direction of the Board, the Director shall enforce these rules and supervise the Sergeant at Arms in maintaining order and decorum in the hearing room and lobbies during all public hearings.

7. Commissioners shall not proceed to question or discuss an issue, put a motion or offer a resolution until they shall have addressed the Chairman and shall have been recognized by him. During the progress of the roll call, no Commissioner shall interrupt or leave his seat.

ARTICLE III—THE CALENDAR

1. Each case filed in the proper form, with the required data, shall be numbered serially except that, when a new case is filed for the same premises as a disposed-of case and the Board so directs, the original calendar number may be used and, in addition, the case shall be termed Volume I, II, or III, etc., as the case may be.

The Calendar numbers shall begin anew on January 1st of each year, and shall be hyphenated with the number of the year and the initials indicating the character of the case.

2. As soon as a case is filed and fee is paid, it shall receive a calendar number, be placed on the docket and referred to the examiners for review. When the examiners find that the applicant has properly completed his application or appeal, the applicant shall be notified of the date on which his case will be set for public hearing.

3. Each case, other than the Special Order cases, shall be listed by Calendar number and premises in the Hearing Calendar printed in the Bulletin of the Board, under the title of the respective proceedings and the date for which such case has been set.

4. The Special Order cases shall consist of applications for any extension of the time to complete the work, for any extensions of the term of the variance, for the restoration of a case to the docket, for any amendment to the resolution or for any other action in any matter coming before the Board.

ARTICLE IV—DISPOSITION OF CASES

1. The final determination of any application or appeal before the Board shall be in the form of a resolution either reversing, varying or modifying the order, requirement, decision or determination appealed from, granting the application or appeal or affirming the order or decision and denying the application or appeal, or dismissing the application or appeal for lack of jurisdiction or prosecution. The concurring vote of three Commissioners shall be necessary to a decision. If a resolution fails to receive three votes in favor of the applicant, the action will be deemed equivalent

PUBLIC HEARING

to a denial and a resolution denying such application or appeal shall be formally entered on the record unless there be a Commissioner absent at the roll call and the vote of the absentee added to the number of votes for the applicant would be equal to three, in which case the matter will be laid over for consideration and final determination.

2. With the consent of the Board, any applicant may withdraw his application or appeal at any time prior to action thereon, but, if a motion has been made, and be pending, such motion shall have precedence.

3. No application or appeal which has been dismissed or denied can be considered again except on a motion adopted to reconsider the vote or to restore to the Calendar.

4. No request for a re-hearing will be granted unless substantial new evidence is submitted. If, on motion of a Commissioner, adopted by three affirmative votes, the request is granted, the case shall be put on the docket and calendared for rehearing.

In all cases the request for rehearing shall be in writing, reciting the reasons for the request, and shall be accompanied by the necessary data and diagrams. Such request shall be filed with the Director who may then set a date when the request for restoration to the Calendar shall be submitted to the Board, of which date the person making the request shall be notified.

5. The Board may, on the motion of any Commissioner, review any decision that it has made and may reverse or modify such decision, but no such review shall prejudice the rights of any person who has in good faith acted thereon before it is reversed or modified.

ARTICLE V—ZONING APPLICATIONS

1. No application for a variance or modification of the provisions of the Zoning Resolution shall be entertained by the Board except in a specific case, and from an order, requirement, decision or determination made by the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings, on the ground that the proposed plan or use violates the Zoning Resolution, except when the Board has original jurisdiction.

2. No such application shall be entertained unless the application is filed within thirty (30) days from the date of the action of the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings.

3. Every application shall be made on Form BZ and shall be accompanied by all the data required by such forms, and shall be considered subject to such rules as the Board has adopted or may adopt under the Zoning Resolution.

4. As soon as any application is completed by the filing of the data required in Form BZ and payment of the prescribed fee, the case shall receive a calendar number. After a review of the application by the Examiner, the applicant shall be notified by the Director on Form 6CC of the date set for the Public Hearing, which shall be at least thirty (30) days after the mailing of said notice. With this notice, the applicant shall be supplied with an official copy of Form 7NO, which he is required to send, NOT LESS THAN TWENTY (20) DAYS PRIOR TO THE DATE OF SUCH HEARING, to every property owner entitled to notice of the application. Within five (5) days of such hearing date, the applicant must file a verified statement that he has so notified each such property owner either by personal service or by registered or certified mail. Not less than fourteen (14) days notice of the said hearing shall be given by publication in the Bulletin of the Board.

5. On the date set for the Public Hearing, the applicant, owner, his architect, engineer, agent or attorney shall state his case; then the opposition shall be heard, and both shall have an opportunity for rebuttal.

6. Any application that has been denied after a Public Hearing cannot be reheard except on new material facts or under a different section of the Zoning Resolution.

7. Property owners in the affected area of the zoning application may appear at the Public Hearing and voice their objections in person, or by agent or attorney. Each person shall give his or her name after being recognized by the Chairman, the block and lot of the property owned by him or her and then briefly state his or her objections. In lieu of a personal appearance, or by an agent or attorney, he may file his or her views in writing on Form 9C, which is obtainable at the offices of the Board. Briefs will be accepted only if filed at least three (3) days before the Public Hearing. "Printed Instructions to Objectors", adopted by the Board, shall be available to such property owners free of charge, as a guide in filing their opposition to the application for a zoning variance.

ARTICLE VI—APPEALS

1. No appeal from any order, requirement, decision or determination of the Commissioner of Buildings, or any Borough Superintendent of the Department of Buildings or the Fire Commissioner or from any rule or regulation relating to the construction, alteration, demolition, structural changes, equipment, occupancy or use of any building or structure or premises under the Charter or the General City Law or any other law under which the Board has jurisdiction shall be entertained unless such appeal is filed on Form A with all the data required in such form, within thirty (30) days from the date of the order, requirement, decision or determination, appealed from, except that minor appeals from orders or decisions may be filed on Form A accompanied by a written description of the premises and a copy of the order or decision. What constitutes minor appeals from orders or decisions shall be determined by the Board.

NEW ARTICLE VII—LABOR LAW VARIANCES

1. No application for a variance of the Labor Law, or of any rule adopted thereunder, affecting the demolition, construction or alteration of buildings, exits therefrom, the installation of fixtures or apparatus, as authorized by Section 666 of Chapter 27 of the New York City Charter, shall be entertained unless it is made on Form A, with all the data required on such form within thirty (30) days of the date of the administrative order.

ARTICLE VIII—MATERIALS, APPLIANCES AND METHODS OF CONSTRUCTION

1. No application for and approval of a material, appliance or method of construction shall be entertained unless it is filed on Form SA/SM, with all the data required.

ARTICLE IX—ADOPTION OF RULES

1. No application for the adoption or amendment to any of the rules of the Board shall be entertained unless the application is made in writing.

2. No proposed rule or regulation or amendment thereto, originating with the Board or submitted to the Board for adoption, shall be published in the Bulletin, until such publication is authorized by at least three (3) Commissioners.

3. No resolution of the Board of Standards and Appeals adopting or amending any rule or regulation under Section 666 of the Charter or any other law shall be adopted unless such proposed rule or regulation shall have been published in the Bulletin of the Board for at least ten days prior to a public hearing thereon. Three (3) affirmative votes of the Board shall be necessary for the adoption of such resolution. No such rule shall become effective until twenty (20) days after publication in the Bulletin.

ARTICLE X—ADOPTION OF OTHER RESOLUTIONS

1. Every resolution of the Board of Standards and Appeals suggesting changes or amendments to the law and every resolution not otherwise provided for, shall require at least three (3) affirmative votes for its adoption.

PUBLIC HEARING

ARTICLE XI—INSPECTIONS

1. In any case in which the Board may deem it necessary, inspection of the premises in question may be ordered by the Board. Such inspection shall be made by a Committee of not less than two (2) Commissioners and they shall report their findings to the Board at any executive session, prior to the public hearing at which the vote will be cast. The committee may include the Director and/or a staff engineer as designated by the Board. Any Commissioner of the Board shall be included in the Committee, upon his request.

ARTICLE XII—TESTS

1. The five (5) Commissioners of the Board shall constitute the Supervisory Committee on materials, appliances and methods of construction. In any case in which a test is required, the Director shall order such test of any material, appliance or method of construction. Such tests shall be conducted according to the rules adopted by the Board, or directives of the Supervisory Committee, and in accordance with the requirements of law for the use of such material, appliance or method of construction. Tests shall be conducted in the presence of such member of the engineering staff as the Director may designate. In lieu of the above, tests made of the material, appliance or method of construction, by a recognized standard testing laboratory, City or State department, may be acceptable, but the Board reserves the right to be represented at tests by a member of the Engineering Staff or Board or any other person designated by the Supervisory Committee. The complete report of such tests shall be made to the Board in writing.

2. All expenses, including laboratory and traveling expenses, of such tests shall be borne by the applicant and no cost of such tests shall be borne by the Board.

3. Three (3) affirmative votes of the Board shall be necessary for the approval of such material, appliance or method of construction.

ARTICLE XIII—RECORDS

1. All applications and appeals shall be on the required forms, and all communications, reports, etc., relating thereto shall be on sheets approximately 8½ inches by 11 inches in size. Plans shall be on sheets 8½ inches by 11 inches or double thereof unless otherwise accepted by the Director. After final disposition, all applications and appeals and other papers appertaining thereto shall be suitably bound and indexed and filed numerically in cabinets. All applications and appeals, shall upon application to the clerk in charge, be accessible to the public at all reasonable hours.

2. All drawings shall be properly titled, numbered, dimensioned, dated, and otherwise shall conform with the instruction sheet. No drawings shall be accepted unless they bear the seal of a registered architect or licensed professional engineer.

ARTICLE XIV—THE BULLETIN

1. The Bulletin of the Board of Standards and Appeals shall be published each week except during recess. It shall contain:

- (1) Directory of the Board.
- (2) Docket of cases filed since the last publication of the Bulletin.
- (3) The Hearing Calendar.
- (4) Notice of Hearing on proposed rules or the amendment of rules.
- (5) An abstract of the minutes of each meeting, including a brief statement of the action in each case, with the roll call thereon and the full text of the resolutions adopted.
- (6) Index of rules adopted.
- (7) Such other information as may be of value to the public and within the scope of the work of the Board.

2. The preparation and editing of material for the Bulletin shall be in charge of such members of the staff as shall be designated by the Director.

3. The Bulletin of the Board of Standards and Appeals is the official publication of the Board in accordance with Section 665 of the New York City Charter. Notice of hearings published in such Bulletin constitutes required legal notice.

ARTICLE XV—OFFICERS

1. The Chairman, or in his absence, the Vice-Chairman shall preside at all sessions. The Chairman, or in his absence, the Vice Chairman, may designate another Commissioner of the Board to preside and perform the duties of the Chair at public sessions or hearings. If the Chairman and Vice Chairman are absent and a quorum is present, they shall choose a presiding officer from among their number.

2. The Chairman, subject to these rules, shall decide all points of order or procedure, at public hearings, unless otherwise directed by a majority of the Board in session at that time.

3. The Chairman shall, subject to these rules, designate the Commissioners of the Board to make inspections and, unless otherwise directed by the vote of three (3) Commissioners of the Board, shall appoint any committee that may be deemed necessary, except as otherwise provided in Article XI.

4. The Chairman, any Commissioner and the Director shall report at executive sessions all pertinent official transactions that do not otherwise come to the attention of the Board.

5. Administrative authority is vested in the Director, who shall, subject to these rules, transact all administrative business of the Board, engage the necessary employees and direct the work of the office. Official correspondence relating to administrative matters shall be signed by the Director. All official correspondence relating to any matters pending before the Board on the Hearing Calendar shall be signed by the Chairman or a member of the Board or staff designated by him. Copies of all incoming official correspondence may be sent to the Chairman, the Commissioners and/or Director.

6. Subject to these rules and the supervision of the Director, the Chief Clerk shall have charge of all accounts and shall see that the files and indices are kept in proper order and up to date and generally supervise the clerical work of the office force.

7. Subject to these rules and the supervision of the Director, the Engineering Staff shall examine and report on all applications and appeals, prepare proposed rules or revised rules assigned to them by the Director, and shall report on the desirability, reasons and necessity for action. They shall supervise and witness the tests conducted under the auspices of the Board.

8. A complete stenographic record of the transactions at public sessions shall be made for the files, and there shall be prepared after each meeting for publication in the Bulletin the abstract of the minutes which are to appear in such Bulletin. Verbatim transcripts of the record or any part thereof may be made as directed by the Chairman or the Director.

ARTICLE XVI—RULES OF PROCEDURE

1. Amendments to these Rules of Procedure may be made by the Board of Standards and Appeals at any public hearing, provided notice of such amendment has been given to each Commissioner of the Board at least three (3) days prior to such session, either in writing or by publication in the Bulletin. Any Rule of Procedure may be suspended at any session by the concurring vote of three (3) Commissioners.

PUBLIC HEARING

NOTICE OF PUBLIC HEARING

CAL. NO. 217-21-SR

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals *Wednesday* May 27, 1959 at 10 A.M. in Room 909, at 80 Lafayette Street, Manhattan, on the following proposed amendments to the rules covering the installation and use of oil burning equipment and the storage of oils used in construction therewith. New matter in italics, old matter in brackets [] to be omitted.

- 2.5 *CERTIFICATE OF OPERATION: a certificate of operation as provided for in section B26-58.0 of the administrative code shall mean the operating certificate or certificate of operation issued when required by the Department of Air Pollution Control upon completion of the installation of new or remodeled or reconstructed oil burning equipment.*
- 2.6 [2.5] COMMERCIAL INSTALLATIONS: Oil burner installations in buildings, other than dwellings when used for heating and/or generation of power for use on premises.
- 2.7 [2.6] CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.8 [2.7] DISCHARGE LINE: That portion of the line between the discharge outlet of the pump and the burner oil inlet connection.
- 2.9 [2.8] DOMESTIC INSTALLATIONS: Oil burner installations installed in dwellings as defined in these rules.
- 2.10 [2.9] DWELLINGS: Buildings used exclusively for dwelling purposes and occupied by one or two families, including convents, rectories, and monasteries.
- 2.11 [2.10] ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.11.1 [2.10.1] The conductor from tank to ground connection shall be of copper not smaller than No. 6 (.162") A.W.G. wire, or pipe not less than one-half inch (1/2") in diameter.
- 2.11.2 [2.10.2] One end of conductor shall be permanently and electrically bonded to tank. The other end shall be bonded to a ground connection consisting of a water pipe or a rod, pipe or plate having a surface area of not less than one hundred and ninety (190) square inches, buried in moist earth not less than two feet (2') below the surface of the earth.
- 2.12 [2.11] FILL PIPE: That portion of the line between the fill pipe terminal and the fill pipe connection in the storage tank.
- 2.13 [2.12] FIRE RETARDING MATERIALS:
- 2.13.1 [2.12.1] One-half (1/2) inch plaster boards, or asbestos boards, or three-eighths (3/8) inch gypsum wall boards weighing not less than 16 pounds per square yard with pointed joints covered with No. 26 U.S. gauge sheet metal with one (1) inch lapped seams nailed to the wood beams when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are spaced more than sixteen (16) inches on centers, or
- 2.13.2 [2.12.2] Two thicknesses of one-quarter (1/4) inch asbestos boards laid with tight staggered joints and nailed to the beams, when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are more than sixteen (16) inches on centers, or
- 2.13.3 [2.12.3] Metal lath weighing not less than three pounds per square yard, attached to furring strips and plastered with Portland cement mortar at least three-quarters (3/4) inch thick.
- 2.13.4 [2.12.4] Note—All fire retarding material to be applied as required in rules for fire retarding material of the Board of Standards and Appeals.
- 2.14 [2.13] GROUND: An electrical conductor having capacity to absorb current.
- 2.15 [2.14] INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes under same requirements as for Commercial Installations.
- 2.16 [2.15] OIL: Any liquid mixture, substance or compound derived from petroleum, including kerosene and fuel oil as defined in section [C19-2.0] B26-47.0 (4) of the Administrative Code and Rule 3.
- 2.17 [2.16] OIL BURNING EQUIPMENT: Any device including burners, oil burning heaters, internal combustion engines used for heating, power or other purposes designed for and/or using oil as defined in these rules.
- 2.18 [2.17] OIL LEVEL INDICATING DEVICE: A means by which the level of the oil in a storage tank may be indicated.
- 2.19 [2.18] OVERFLOW PIPE: A pipe which conveys, by gravity, the oil from the maximum level of an auxiliary tank to the storage tank or from the pump to the storage tank.

PUBLIC HEARING

2.20 [2.19] PERMANENT DEFORMATION: Wherever phrase, "without permanent deformation," is used in these rules it shall mean that the tanks or containers shall, after release of test pressure, resume their original size and shape.

2.21 [2.20] PERMIT: Shall mean permit for storage of oil.

2.22 [2.21] PORTLAND CEMENT CONCRETE: Shall mean a mixture of one (1) part cement and not more than two and one-half (2½) parts sand and five (5) parts of coarse aggregate and complying in all other respects with the requirements of C26-311.0 of the Administrative Building Code.

2.23 [2.22] PREHEATER: A device designed for heating oil for the purpose of decreasing the viscosity.

2.24 [2.23] RELIEF VALVE: A valve held shut by a spring or other means of automatically relieving pressure in excess of its setting.

2.25 [2.24] RELIEF LINE: That portion of the line between the by-pass connection of the relief valve and the supply line or storage tank.

2.26 [2.25] REMOTE CONTROL: A hand, electric, or mechanically-operated device to shut off the oil supply. A thermostat is not acceptable as a remote control.

2.27 [2.26] SCAVERING SCAVENGING LINE: A line installed to permit the removal of water or foreign matter from a storage tank.

2.28 [2.27] SHOP FABRICATED: Shall mean completely built in the shop of the tank manufacturer.

2.29 [2.28] SHUT-OFF VALVE: A device that can be actuated to prevent the flow of liquid in a line of pipe.

2.30 [2.29] STORAGE CONTAINER: Any container for oil connected to a burner or oil-burning heater and having a capacity of six (6) gallons or less.

2.31 [2.30] STORAGE TANK: Any tank for oil having the capacity of two hundred and seventy-five (275) gallons or more, having a fill line and vent line connected thereto.

2.32 [2.31] STORAGE TANK, AUXILIARY: Any container for oil having a capacity of not over 60 gallons and used as an intermediary tank for gravity feed and equipped with an automatic or manually operated pump.

2.33 [2.32] SUPPLY LINE: That portion of the line between the storage tank and the pump oil inlet connection or hand valve. Where a pump is not used, it shall be that portion of the line between storage tank and burner and burner oil inlet connection or hand valve.

2.34 [2.33] TEST WELL: An opening in the top of the storage tank or a straight pipe connected to such opening through which a gauge stick may be inserted into the storage tank.

2.35 [2.34] TRANSFER PUMP: An oil pump that is not an integral part of the burner and which is installed between storage tank and burner.

2.36 [2.35] VENT PIPE: That portion of the line between vent pipe terminal and vent pipe connection in the storage tank.

6.5

Tanks located along line of Subways.

6.5.2 For the purpose of this rule a subway shall be deemed to be any covered subsurface railroad or rapid transit roadbed.

10.1.1

No oil burner installation of more than six (6) gallons capacity shall be operated until after a Certificate of Approval has been issued by the Commissioner of Buildings and a permit for the storage of fuel oil has been issued by the Fire Commissioner, except that temporary operation shall be permitted upon the filing by the licensed oil burner installer of a certified statement that such equipment conforms with the approved application for a work permit and plan submitted therewith, and with applicable provisions of law.

10.1.2

Application for Fire Department permit for the storage of fuel oil shall be made [and fee covering the permit as per rule 10.4.1 to be paid] within ten days after the completion of the installation by the installer who holds a Certificate of License issued by the [Fire] Commissioner of Buildings on forms furnished by the [Fire] Commissioner of Buildings which shall include the location of the building in which the installation has been made, [name and address of owner and/or occupant] name and address of installer, [make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such installation by the Borough Superintendent of Buildings when required under Rule 10.2] quantity of fuel oil to be stored and signature of the owner.

10.1.3

No certificate or approval shall be issued by the Commissioner of Buildings and no fuel oil storage permit shall be issued by the Fire Commissioner until the installer has furnished [an affidavit] a certified statement to the Commissioner of Buildings that the installation complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 percent without smoking.

10.2.1

The installer shall file with the [Borough Superintendent] Commissioner of Buildings plans showing the size and location of all storage tanks having a capacity greater than 275 gallons where such tanks are to be installed either inside of buildings in or below the lowest floor level or outside of buildings below ground. Plans, however, shall be filed where 275 gallon tanks are to be buried and for all places of public assembly. [All plans as in this Section required, shall be certified to the Fire Commissioner by the Borough Superintendent of Buildings before any work is started.] All such plans shall show compliance with all structural requirements and shall show all salient features of the installation. Plans shall also be approved by the [Board of Transportation] New York City Transit Authority within the limitation in Rule 6.5.1 for all tanks located in or outside of buildings along the line of subways [under the limitation in Rule 6.5.1] under its jurisdiction.

10.3.1

All fuel storage tanks and piping installed, as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and the pressures set forth in

Serials Dept.
Urbana, Ill.

PUBLIC HEARING

this section, and proved tight before any fuel oil system shall be placed in operation. A [sworn] *certified* statement by the installer [in proper affidavit form] attesting to such installation and test shall be filed with the [Fire] Commissioner of Buildings.

- 10.4.1 When application for permit for the storage of fuel oil is made, as provided for in Rule 10.1, a fee covering the permit shall be paid to the Fire Department in accordance with the schedule given in the Administrative Code.

- 10.5 *Each oil burning installation shall be inspected by a representative of the Department of Buildings and if upon such inspection, it is determined that the installation complies with the requirements of the administrative code, the rules of the Board of Standards and Appeals and all laws and regulations applicable thereto, a certificate of approval shall be issued by the Commissioner of Buildings.*

- 12.2 [Adequate ventilation at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed, except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burn-equipment is rated, shall be provided.] *Adequate ventilation, at least 15 square inches per gallon of oil per hour, required to fire the equipment to gross output shall be provided in all rooms in which burners are installed. If the fixed ventilation is supplied mechanically, it*

shall be electrically interlocked with the burner, and it shall be capable of supplying at least 36 CFM of air per gallon oil per hour, required to fire the equipment to gross output. It shall also be capable of maintaining an air pressure in the boiler room when the burner is in operation, no less than the outdoor atmospheric pressure at the same time and elevation.

- 15.2.1 The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, which in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provision of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the (Fire) Commissioner of Buildings for the installation of such oil burning equipment.

Minutes of Regular Meeting, Tuesday Morning, May 12, 1959, Affecting Calendar Numbers 962-28-BZ—Vol. II, 122-39-BZ—Vol. III, 63-44-BZ—Vol. II, 878-52-BZ—Vol. II, 280-58-BZ, 350-58-BZ, 455-58-BZ, 562-58-BZ, 618-58-BZ, 767-58-BZ, 1-59-BZ, 7-59-BZ, 28-59-BZ, 195-57-BZ, 756-20-BZ—Vol. III; 324-25-BZ—Vol. II, 281-56-A, 341-43-BZ—Vol. IV, 283-52-BZ—Vol. II, 722-52-BZ—Vol. III, 326-53-BZ—Vol. II, 1010-55-BZ, 565-57-BZ, 581-58-BZ, 640-58-BZ, 691-58-BZ, 692-58-A, 693-58-BZ, 694-58-A, 706-58-BZ, 754-58-BZ, 757-58-BZ, 35-59-BZ and 43-59-BZ.

Minutes of Regular Meeting, Tuesday Afternoon, May 12, 1959, Affecting Calendar Numbers 1469-22-SA, 617-23-SA, 91-26-SA, 1093-41-SM, 13-54-SA, 298-55-SM, 406-56-SA, 505-56-SM, 774-56-SM, 894-57-SM, 159-58-SM, 185-58-SA, 224-58-SA, 302-58-SM, 473-58-SM, 480-58-SA, 680-58-SM, 133-51-SM, 387-56-SA, 463-54-SA, 464-54-SA, 465-54-SA, 380-55-SM, 436-57-SM, 545-42-A—Vol. II, 70-59-A, 47-33-A—Vol. II, 725-38-A—Vol. II, 491-43-A—Vol. II, 202-44-A—Vol. II, 829-56-A, 410-58-A, 11-59-A, 793-20-BZ—Vol. II, 528-31-BZ—Vol. II, 21-33-BZ—Vol. II, 50-42-BZ, 311-46-BZ—Vol. III, 427-49-BZ—Vol. II, 286-54-BZ, 677-57-BZ, 864-57-BZ, 291-58-BZ, 191-29-BZ—Vol. II, 25-45-BZ—Vol. II, 150-50-BZ, 584-58-BZ and 499-31-BZ—Vol. III.

Correction Affecting Calendar Number 421-37-BZ—Vol. III.

Notice of Public Hearing of Proposed Revision of the Rules of Procedure.

Notice of Public Hearing of Proposed Amendment to Oil Burner Rules.

PETITIONS AND ORDERS OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On May 6, 1959, Petition and Order of Certiorari was served on the Board by Edith Glennon, attorney for Petitioner, pro se, owner, seeking a review of the Board's denial on March 31, 1959 of her appeal from a decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the construction and maintenance of a non-transient parking lot for pleasure-type vehicles only for a term of ten (10) years; Calendar Number 592-58-BZ; Premises 276 Bedford Park Boulevard, East 200th Street, south side, 36.33 feet west of Bainbridge Avenue, Block 3297, Lot 19, Borough of The Bronx.

* * * * *

Matter of Max Kirsch, Inc. vs. Board:—On November 19, 1957, the Board denied an application under Section 7, subdivisions e and f of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, storage, offices and sales, car washing and parking and storage of motor vehicles: Cal. No. 125-57-BZ, Premises 9501-9515 Sea View Avenue and 1645-1655 East 95th Street, northeast corner, Borough of Brooklyn.

At Special Term, Supreme Court, Kings County, Mr. Justice Brown remitted the case to the Board, saying in part: (N. Y. Law Journal, October 30, 1958, page 14):

"for reconsideration and the making of a new determination in proper form, with leave to all parties to submit such other and further proof before the board as they may be advised." The court expresses the opinion that the Board has not stated sufficient reasons for denying this application in view of two other gas stations granted within 400 ft."

This matter was restored to the docket by order of the Court and set for hearing on February 17, 1959. On March 31, 1959, the Board denied the application under Sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, storage, offices and sales, car washing and parking and storage of motor vehicles.

On May 12, 1959 Petition and Order of Certiorari was served on the Board by Reginald S. Hardy, attorney for petitioner, owner, seeking a review of the Board's determination on March 31, 1959.

* * * * *

Matter of Evangelical Lutheran Church of the Holy Comforter, Bronx, N. Y. vs. Murdock:—On September 24, 1957 the Board granted a variance under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than 5 motor vehicles: Cal. No. 157-57-BZ, Premises 1191-1195 Woodycrest Avenue, west side, 140 ft. north of West 167th Street, Block 2515, Lot 53, Borough of The Bronx.

At Special Term, Supreme Court, Mr. Justice Tilzer remitted the matter to the Board for "consideration de novo." (N. Y. Law Journal October 21, 1958, page 13.)

This matter was restored to the docket by order of the Court and set for hearing on February 17, 1959. On March 31, 1959, the Board granted the application under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for a term of two years.

On May 5, 1959 Certiorari Order & Petition was served on the Board by Kane & Zucker, attorneys for petitioner, objecting property owner, seeking a review of the Board's determination on March 31, 1959.

Joseph J. Doyle, *Chief Clerk.*

REGULAR MEETING

TUESDAY MORNING, MAY 12, 1959, 10 A.M.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon April 28, 1959 were approved as printed in the Bulletin of May 5, 1959, Vol. 44. No. 18.

Edwin Kleinert, the Acting Chairman read the following memorial to the late Chairman:

IN MEMORIAM — HARRIS H. MURDOCK

WHEREAS, Harris H. Murdock, Chairman of the Board of Standards and Appeals has served this Board since 1932; and

WHEREAS, his service was dedicated, competent, honest and devoted; and

WHEREAS, he established an enviable reputation in the field of zoning and other building regulations; now therefore be it,

RESOLVED, that the Board of Standards and Appeals, its officers, staff and employees, express their great sorrow and sympathy to the family of their late departed Chairman; and be it further

RESOLVED, that a copy of this resolution be sent to Mrs. Harris H. Murdock.

The Acting Chairman further stated that

The Board studied the cancellation of this meeting, out of respect for our late Chairman Harris H. Murdock, but found that the possible confusion and future legal ramifications obliged us to proceed, as advertised.

962-28-BZ—Vol. II

APPLICANT—Unger and Unger, for Sinclair Refining Co., owner.

SUBJECT—Application reopened October 7, 1958—as Vol. II—decision of the Borough Superintendent, under sections 7c, 7i and 21 of the Zoning Resolution, to permit in a business and residence use district, at an existing gasoline service station with office, grease pits and auto laundry the extension of the uses to include sale of accessories, minor auto repairs and the parking and storage of motor vehicles and to have the present pump islands remain in their present location.

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative 0

756-20-BZ—Vol. III

APPLICANT—Frederick A. Ketcher for Loretta M. Ryan, James J. and Arthur C. Bergen, owners; S. M. Rose Corporation, lessee.

SUBJECT—Application reopened December 2, 1958 as Vol. III—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district, the maintenance of the existing legal uses of storage garage on first floor, and non-storage garage in the cellar and on the second floor for more than 5 cars, motor vehicle repair shop stores; and for the additional uses of automobile showroom in the southerly store on the first floor; and additional garage storage area for more than 5 cars on the second floor, in that portion presently occupied as a bowling alley.

PREMISES AFFECTED—4741-4751 Park Avenue, 2494-2500 Webster Avenue, northwest corner and east side of Webster Avenue, 49 feet north of East 189th Street, Block 3033, Lot 4, Borough of Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 2, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, B area, class 1¼ height district; Webster Avenue, Park Avenue and East Fordham Road are in business, retail and residence use, B area, class 1¼ height districts; East 189th Street is in a business use, B area, class 1¼ height district; that there has been no change in zoning since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated October 21, 1958 acting on Alt. Applic. No. 804-58, reads:

"1. Opening in wall on first floor between stores and garages is contrary to B.S.A. Cal. #756-20-BZ.

2. Extension of garage on second floor is contrary to B.S.A. Cal. #756-20-BZ.

3. Opening in fire wall on second floor is contrary to Cal. #756-20-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 134.93 feet frontage by 154.12 feet in depth, irregular; that it is proposed to convert the southerly vacant store, on the first floor, on Webster Avenue, to an automobile showroom with a completely new show window and lobby entrance, and to reconvert the area, on the second floor, on the Webster Avenue side, now allocated to a bowling alley, to garage for more than five cars; and

WHEREAS, the applicant states that the store is vacant and the adjoining lobby entrance is old fashioned, deteriorated and unsafe; that there is no longer any demand in this neighborhood for decadent bowling alleys; that this space is now vacant and in a poor state of repair; that the present lessee, because of its expanding business, urgently needs this vacant area for its new and used cars; and

WHEREAS, the applicant states that the present building was erected in accordance with the Resolution of the Board and as subsequently amended, and Certificate of Occupancy No. 12071 was issued March 16, 1953; and

WHEREAS, the applicant contends that there will be no automobile entrance across the Webster Avenue sidewalk and there will be no curb cut; that the auto entrance, for the show models on display, will be through the garage and through an overhead door in the partition of the showroom; that this auto showroom will be just large enough for a two car display; that it will have a new attractive front which will enhance business property values along Webster Avenue; that this will be the only exterior change; that on the second floor, the original Resolution granted a garage use for this area; that the floor loads were designed for a garage and it is a class one, fire-proof building; that the request is for permission to reconvert this area to its original use, namely, garage for more than five cars; that there will be only one responsible lessee for the garage area and showroom, the S. M. Rose Chevrolet Company; and

WHEREAS, the applicant contends that the granting of this application for the reconversion of the second floor area to its original use would not affect anyone adversely; that the new arrangement will be more efficient, allow more

MINUTES

room for circulation and thus insure greater safety in operation; that the exterior change of the lobby entrance and showroom on Webster Avenue, which is a conforming use, would result in a decided improvement in the general appearance and character of the building and add to the general improvement of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1952; that the assessed valuation of land is \$120,000 and of the building \$155,000 making a total of \$275,000; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c of the Zoning Resolution to permit in a business use district, the maintenance of the existing legal uses of storage garage on the first floor and non-storage garage in the cellar and on the second floor for more than five cars, motor vehicle repair shop and stores, and for the additional use of automobile showroom in the southerly store on the first floor and additional garage storage area for more than five cars on the second floor, in that portion presently occupied as a bowling alley *on condition* that all work shall be done according to the plans filed with this application marked "Received November 14, 1958", 10 sheets; that the building and occupancy in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

324-25-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Roosevelt Corona Corporation, owner.

SUBJECT—Application reopened April 10, 1956 as Vol. II —re decision of the Borough Superintendent under sections 7c and 7a of the Zoning Resolution, to permit in a retail and residence use district, the change in use from theatre to bowling alleys and restaurant with business exits within 75 feet of the residence use district.

PREMISES AFFECTED—37-78 to 37-80 Junction Boulevard, west side, 88 feet 8½ inches north of Roosevelt Avenue; 95-45A Roosevelt Avenue and 37-71 to 37-75 Warren Street, Block 1484, Lot 44, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 10, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, C area, class 1½ height districts; Roosevelt Avenue is in business and retail use, C area, class 1½ height districts; Warren Street is in business, residence and retail use, C area, class 1½ height districts; Junction Boulevard is in local retail and retail use, C area, class 1½ height districts; that the premises was in the same zone districts on July 25,

1916; that Junction Boulevard and Roosevelt Avenue were in business use districts and Warren Street was in a residence use district; that on February 27, 1958 the business zone was changed to retail; and

WHEREAS, the decision of the Borough Superintendent, dated March 7, 1956 as amended by decision dated March 16, 1959 acting on Alt. Applic. No. 200-56, reads:

"1. The proposed bowling alleys and restaurant on a plot partly in a Res. use district and partly in a Retail District is contrary to Art. II Sec. 4A of the Zone Resolution, and is also contrary to the Board Decision Re: Cal. 324-25-BZ.

"3. Business exits within 75 ft. of the residence use district is contrary to Sec. 7A of the Zoning Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 38 feet, 70 feet and 10 feet frontage by 196 feet 7¾ inches in depth, irregular, on which is located a one story and mezzanine building, 40 feet in height, 38 feet front on Junction Boulevard and 44 feet in front on Warren Street by 196 feet 7¾ inches in depth, irregular in area, occupied at the time of erection as a motion picture theatre in accordance with Certificate of Occupancy No. 27686 issued January 29, 1927 and in accordance with Resolution of the Board under Cal. No. 324-25-BZ, and altered for occupancy under Certificate of Occupancy No. Q29262 issued on June 4, 1943 for theatre and accessory uses; that the premises are presently vacant; that it is proposed to occupy the building for bowling alleys, with an accessory restaurant; that no signs or business entrance is proposed on Warren Street; and

WHEREAS, the applicant states that the premises were occupied in accordance with Certificate of Occupancy No. 27686 issued January 29, 1927 as follows: "M.P. Theatre", and under Certificate of Occupancy No. Q29262 issued June 4, 1943, as follows: cellar—B.R. & Musician's Room; 1—theatre, 1200 persons; mezz.—lounge & toilet rooms; projection booth; that the premises was continuously operated as a motion picture theatre in accordance with the Resolution of the Board under Cal. No. 324-25-BZ and the Certificates of Occupancy from the time of its erection until last year; that the owner, Roosevelt Corona Corp., a subsidiary corporation to the Interborough Management Corp., a theatre chain, purchased the building on July 10, 1933 and operated it as one of its theatres until last year, when the theatre was vacated; and

WHEREAS, the applicant contends that the theatre was operated at a loss for more than six months after it was determined that it was economically impractical to continue operation as a motion picture theatre; that the financial return was insufficient to maintain the building as a motion picture theatre; that the theatre-building has been vacant for several years, yet the owner has been paying taxes; that it would benefit the community to have the building occupied, thereby permitting proper maintenance; that the theatre has seating for 1200 persons, and it is proposed to reduce the occupancy to 100 persons on each floor used for bowling alleys, and the restaurant will accommodate a maximum of 75 persons; that the reduction in the number of persons using the building will decrease the number of automobiles in the neighborhood; and

WHEREAS, the applicant further contends that Roosevelt Avenue and Junction Boulevard are in a retail use district so that almost the entire building, except for a small portion, 1 foot 6 inches front on Warren Street, widening into approximately 30 feet at the 100 foot zone line in the middle of the tax block, which is in a residence district; that only 1 foot 6 inches of the frontage is in the residence use district; that the additional small area of the building not in a retail use district has no openings along the side lot line and will not present any change or have any effect on the adjoining property; and

WHEREAS, the applicant also contends that a grant of the variance will not adversely affect any of the adjoining property owners; that the alteration of the building and the extension of the mezzanine to provide a second floor is

MINUTES

entirely within the existing building; that there will be no exterior change in the building, except that the theatre marquee will be removed; that the bowling alley equipment to be installed will be the most modern type available and will be practically noiseless; and

WHEREAS, the applicant states that the present owner has held title to the property since July 10, 1933; that the assessed valuation of land is \$120,000 and of the building \$120,000 making a total of \$240,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and 7A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 7A to permit in a retail and residence use district, the change in use from theatre to bowling alleys and restaurant, with business exits within 75 feet of the residence district as shown on plans filed with this application marked "Received March 13, 1956", one sheet, "January 23, 1959", 5 sheets, and "February 13, 1959", 3 sheets, *on condition* that the present theatre shall be altered by the installation of a new second floor to accommodate bowling alleys on the existing orchestra floor, with a restaurant installed on the first floor on the Junction Boulevard front; that the marquee shall be removed and that the new sign shall comply with all existing laws; that the building and occupancy shall comply in all other respects with all laws, rules and regulations applicable thereto; and that all permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

281-56-A

APPLICANT—Leonard F. Rothkrug, for Roosevelt Corona Corp., owner.

SUBJECT—Application March 13, 1956—Appeal from a decision of the Borough Superintendent—re stairways.

PREMISES AFFECTED—37-78 to 37-80 Junction Boulevard, west side, 88 feet 8½ inches north of Roosevelt Avenue, 95-45A Roosevelt Avenue and 37-71 to 37-75 Warren Street, Block 1484, Lot 44, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 16, 1959, on Alt. Applic. 200/56, reads:

"2. Proposed open stair exit from the 2nd floor is contrary to Sec. 6.41.8.1. of the Building Code."

and

WHEREAS, the applicant states that the building is 78 feet by 196 feet 7¾ inches irregular in area, fireproof construction, 1 story and mezzanine, 40 feet high, erected in 1927 as a motion picture theatre and now vacant, located in business and residence use, C area, class 1 height district; and

WHEREAS, the applicant states that it proposes to alter the building by building an intermediate or 2nd floor within the present envelope of the building; that the use will change to: Cellar—boiler room and storage, no persons; 1st floor—bowling alleys and restaurant, 100 persons; 2nd floor—bowling alley, 100 persons; that the exits will consist of one interior fireproof enclosed stair, 4 feet 2 inches wide to Junction Boulevard, one interior open 4 foot 2 inch wide

fireproof stair from 2nd floor to 1st floor; that a new 4 foot exterior open steel stair will be provided at west corner of the Building on Warren Street; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated March 16, 1959, acting on Alt. App. 200-56, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the new four foot wide iron stairway with canopy over, and six foot high screened rail shall be installed as shown on the plans filed with Cal. No. 324-25-BZ, Vol. II, as granted this day; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

341-43-BZ—Vol. IV

APPLICANT—Leonard F. Rothkrug, for 3319 Realty Corp., owner and conditional vendee doing business as Riteway Laundry.

SUBJECT—Application reopened January 6, 1959 as Volume IV—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district the extension of a laundry with accessory dry cleaning, previously granted by the Board, into an existing public garage, the public garage use to be discontinued with the addition of accessory laundry truck storage use and the extension of the garage building for accessory laundry storage use.

PREMISES AFFECTED—3319-3335 Atlantic Avenue, northeast corner of Euclid Avenue, Block 4145, Lots 1, 13 and 23, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Robert Mazlish.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on January 6, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 28, 1959, for inspection and decision; hearing closed; then to May 5, 1959, for applicant to report to Board after conference with the owner as to reducing the application to include only the existing public garage adjoining; then to May 12, 1959, at request of the applicant, to file information previously requested; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Atlantic Avenue are in a residence use, C area, class 1 height district; Euclid Avenue and Pine Street are in residence and business use, C area, class 1 height districts; Fulton Street is in a business use, C area, class 1 height district; that on July 25, 1916 the premises was in an unrestricted use district and was rezoned to residence on April 7, 1943; and

WHEREAS, the decision of the Borough Superintendent, dated November 19, 1958 acting on Alt. Applic. No. 3405-58, reads:

"1. Proposed extension to building and change of occupancy, in a Residence zone, to Laundry with accessory dry cleaning and office in Bldg. "A", Loading and shipping platform, Laundry truck storage and garment storage in Bldg. "B", and 33 private garages in Bldg. "C" is contrary to Article II, PP. 3(b) of the Zoning Resolution. Premises were subject of a Bd. of Standards and Appeals variance under Cal. #341-43-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 155 feet 9¼ inches frontage by 211 feet 6 inches in depth, irregular, on which are located three buildings—

MINUTES

a two story laundry with accessory dry cleaning and offices, previously granted by the Board; a one story public garage occupied under Certificate of Occupancy No. 23472 issued January 4, 1924 and 55 one car garages and one 2-car garage erected in 1919 under several New Building Applications, after which Certificates of Occupancy Nos. 4247, 5137, 5139 and 5140 were issued; that it is proposed to extend the laundry and accessory dry cleaning uses into the public garage building, and permit the accessory storage of laundry trucks in a portion of the garage, and to permit the elimination of 23 one-car garages and the use of this portion for accessory garment storage and storage of laundry supplies; and

WHEREAS, the applicant states that Certificate of Occupancy No. 132086, affecting lot 1—Building A—was issued April 7, 1952 after completion of work under Alt. Applic. No. 2657-47 in accordance with the Resolution of the Board as last amended and adopted November 23, 1948 for laundry with accessory dry cleaning on the first story and laundry with general offices on the second story; that Certificate of Occupancy No. 23572 affecting lot 13—Building B—was issued on January 4, 1924 after completion of work under N.B. Applic. No. 7802-20 for a public garage; that records of the Fire Department show that Permit No. 127238 was issued November 6, 1924 for storage of 100 cars, 1100 gallons of gasoline, 150 gallons of kerosene, and similar permits have been issued until the last Permit D-554848 was issued, to expire January, 1959; that several Certificates of Occupancy were issued for the one-car garages as follows: Certificate of Occupancy No. 4247 issued February 4, 1919 under Permit No. 2849-16 for a private garage; Certificate of Occupancy No. 5137 issued December 13, 1919 under Permit No. 11035-16 for 5 cars; Certificate of Occupancy No. 5139 issued December 13, 1919 under Permit No. 11036-16 for garages—6 buildings—total number of cars—12; and Certificate of Occupancy No. 5140 issued December 13, 1919 under Permit No. 3786-15 for automobile storage sheds—total cars 9; that in total, there are 54 one-car garages, all erected in 1916; and

WHEREAS, the applicant states that lot No. 1 was purchased by Rite-Way Laundry Co. Inc. on December 7, 1934 from Cypress Hills Laundry, Inc., and transferred by Rite-Way to a holding corporation, 3319 Realty Corp., on June 23, 1944; that lot No. 13 was purchased by Frieda L. Hinsch on July 8, 1920 and lot No. 23 was also purchased by Frieda Hinsch on August 9, 1917; that the owner herein has entered into a contract to purchase lots 13 and 23, conditioned upon a grant of the variance, with the heirs under the Last Will and Testament of Frieda Hinsch; and

WHEREAS, the applicant contends that the entire tax block was fully developed when Euclid Avenue and the entire site was in an unrestricted use district; that the 57 one-car garages were erected before the advent of the modern automobile, and as a result, they are entirely unsuitable for garage use at the present time; that the existing one-car garages are only 15 feet 8 inches in depth, whereas 20 feet would be the normal required depth for a garage at the present time; that only a few of the garages are rented for automobile storage and a few are presently rented by Rite-Way for storage use; and

WHEREAS, the applicant further contends that it is proposed to maintain the corner building as granted previously by the Board, for laundry and accessory dry cleaning use with an opening into the public garage building leading to a new loading and shipping platform; that the garage will be used for off street loading and unloading by the Rite-Way laundry trucks, during working hours, and for truck storage at other times; that the southerly 21 one-car garages are proposed to be altered by removing the interior partitions, roofing over the common driveway and used for garment storage and storage of laundry supplies, in conjunction with the other buildings; that horizontal openings from the large garage into the common driveway will be maintained and improved to permit access to the new storage of laundry supplies area emergency secondary egress from the large garage building; that the

existing one car garages at entrance to the common driveway prevents an average size car from making the required turn, and therefore it is proposed to demolish two of the garages in an attempt to make the private garages usable; that in the event that this improvement proves futile and the garages remain vacant, then it may become necessary to amend this application to request permission to demolish the antiquated garages and provide open air parking; and

WHEREAS, the applicant also contends that a grant of the variance will not adversely affect surrounding property owners; that the proposed loading and unloading will be entirely within the existing garage; that all signs will be removed from the garage building; that existing curb cuts will be maintained without change or increase; that in effect, a grant of the variance will benefit the neighborhood by improving traffic management by Rite-Way; that loading will be inside the building, truck traffic will be reduced and efficiency improved; that the one car garages are in bad disrepair; that maintenance of this dark, untended rear driveway is difficult and presents an unwholesome condition which will be corrected upon a grant of the variance; that Rite-Way maintains 24 hour watchman service over its buildings; that the entire neighborhood was fully developed when the site was zoned unrestricted; that at the present time the west side of Euclid Avenue is zoned unrestricted and is developed with heavy cable manufacturing uses; that no dry cleaning or laundering is proposed in the new portions under consideration; that the east side lot line has the rear wall of the single car and public garages along its entire length, so that a grant of the variance cannot affect property owners to the east; that similarly, property owners along Euclid Avenue will be unaware of any change in use, except for some benefit resulting in the elimination of the public garages; that the proposed storage and off street loading uses, accessory to a business, is a less restricted use than the public garages being eliminated; and

WHEREAS, the applicant states that the present owner has held title to lot 23 since August 9, 1917; lot 13—July 8, 1920; lot 1—June 23, 1944; that the assessed valuation of land is \$52,000 and of the buildings \$127,000 making a total of \$179,000; that the buildings were erected in 1916, 1924 and 1944; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted limiting the expansion to the public garage presently located on Lot 13; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit in a residence use district the extension of a laundry with accessory dry cleaning, previously permitted by the Board, into an existing public garage, the public garage use to be discontinued, with the addition of accessory laundry truck storage use and the extension of the garage building for accessory laundry storage use *on condition* that there shall be no connection to or use extending into the small garages and driveways on Lot 23; that the loading platform in the new public garage shall be along the south wall and shall extend 20 feet to the north therefrom to the office at the Euclid Avenue front; that there shall be a fire door through the brick walls to the garment rack part of the existing laundry to the south, said firewall to be protected by doors as required by the Building Code; that the area of the public garage not used for loading and unloading may be used for the Rite-Way Laundry trucks for storage; that the garage building in all other respects shall be continued and maintained as now existing without any extension in area or height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the existing vehicular door in the north wall of the public garage opening on to the driveway of the individual gar-

MINUTES

ages on Lot 23 shall be bricked up to a pedestrian doorway not exceeding 3 feet in width and 7 feet in height; that this doorway shall be used for no other purpose but an emergency exit and shall not be used in any way in conjunction with the loading or unloading or in any otherwise in conjunction to the use of the garage or as accessory to the laundry on Atlantic Avenue; and that all permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

283-52-BZ—Vol. II

APPLICANT—A. H. Salkowitz for Hillside Queens Corp., owner.

SUBJECT—Application reopened February 3, 1959 as Volume II—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail and residence use district on a plot presently occupied with a gasoline service station, stores and parking, the extension of the present parking area by the addition of an adjoining lot located in the residence portion of the premises and to provide an additional curb cut.

PREMISES AFFECTED—272-06 to 272-10 Union Turnpike, southeast corner of Langdale Street, Block 8675, Lots 55, 57, 59 and 61, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: A. H. Salkowitz.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 3, 1959 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Langdale Street are in local retail and residence use, D and G-1 area, class 1 height districts; Union Turnpike is in a local retail use, D area, class 1 height district; 78th Avenue is in a residence use, G-1 area, class 1 height district; that as of July 25, 1916 the portion of the property within 100 feet of Union Turnpike or within 100 feet of Langdale Street which was zoned as a business district and the remainder, if any, was in a residence district; that all of the property was in a D area district, and any portion beyond 100 feet from Union Turnpike was changed to its present G-1 designation on January 27, 1949 that the portion of the property within the 100 feet of Union Turnpike was changed to retail and the remainder, if any, to residence on December 10, 1945, and the retail portion was further changed to local retail on October 15, 1947; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated December 15, 1958 acting on Alt. Applic. No. 2931-58, reads:

"1. The extension of the use of the premises partly in a local retail zone and partly in a residence zone to include additional parking in the residence portion as an accessory to a commercial use is contrary to Art. II Sec. 3 of Zoning Resolution and contrary to Bd. of Stds. and Appeals Res. 283-52-BZ and is referred back to the Board for reconsideration.

"2. The proposed curb cut in a residence use district for commercial purpose is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 185.45 feet frontage by 100 feet in depth, irregular,

upon which is located an existing garage building, store building, parking and gasoline service station in Queens and Nassau County; that it is proposed to extend the free parking area, which is to be used jointly by both buildings; and

WHEREAS, the applicant states that Alt. Applic. No. 2931-58 has been filed with the Queens County Building Department requesting approval of the extension of the free parking area and installation of an additional curb cut; and

WHEREAS, the applicant contends that although present parking is adequate for the gas station, the additional parking area is required for the planned installation of a bank, with its normal additional parking requirements; and

WHEREAS, the applicant states that the present owner has held title to the property since January 20, 1956; that the assessed valuation of land is \$16,600 and of the building \$25,000 making a total of \$41,600; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h of the Zoning Resolution to permit in a local retail and residence use district, on a plot presently occupied with a gasoline service station, stores and parking, the extension of the present parking area by the addition of an adjoining lot located in the residence portion of the premises, directly to the south and to provide an additional curb cut opposite the new extension as shown on plans marked "Received, January 14, 1958," 8 sheets, or the parking lot, or Lot 55, on condition that the present woven wire fence between Lots 57 and 55 shall be removed if found to be not in good structural condition and replace with a new woven wire fence not less than five feet six inches in height along the easterly and southerly lot line of Lot 55 and along the building line of Langdale Street to a pair of gates approximately 10 feet in width, with curb cut opposite as shown on the plans above cited; that the proposed parking area shall be leveled approximately to the grade of Langdale Street and paved with clean gravel, steam cinders or crushed stone and bound with a tarvia binder; that the parking lot shall be primarily for the transient use of the patrons of the bank to be located in the 45 feet by 73 feet store building at the corner of Union Turnpike and Langdale Street but shall be operated and controlled by the lessee of the gasoline station to the north; that in all other respects the premises and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required and a certificate of occupancy obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

722-52-BZ—Vol. III

APPLICANT—Herman Kron, for 146 Centre Street Corp., owner.

SUBJECT—Application reopened April 7, 1959 for consideration as to amendment to resolution and extension of time to complete—expired July 23, 1958—decision of the Borough Superintendent, previously granted on condition under sections 7f and 7i of the Zoning Resolution, permitting in a business use district, the erection of a two-story structure for the storage of more than 5 motor vehicles on the 1st and 2nd floors and roof and a gasoline service station, lubritorium, car wash and motor vehicle repairs, office and storage of accessory parts.

PREMISES AFFECTED—Entire block bounded by Baxter Street, Walker Street and Centre Street; 96-98 Baxter Street and 125 Walker Street, Block 198, Lots 5, 8, 10, 11 and 12, Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: Herman Kron.
For Opposition: None.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, on July 23, 1957 this application was granted by the Board on certain conditions, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection of a two story structure of class one construction, for use as a public storage garage for the storage of more than five motor vehicles on the first and second floors and roof, and a gasoline service station, lubritorium, car wash and motor vehicle repairs, office and storage of accessory parts, affecting premises of entire block bounded by Baxter Street, Walker Street and Center Street; 96-98 Baxter Street and 125 Walker Street, Block 198, Lots 5, 8, 10, 11 and 12, Borough of Manhattan; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation on July 23, 1958; and

WHEREAS, this application was reopened on April 7, 1959 and set for hearing on May 12, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 12, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 3, 1959 acting on N.B. Applic. No. 109-52, reads:

"This Amendment is disapproved with the following objections:

"#25. Resolution of the B of S & A of July 23, 1957 under Sect. 22A time to obtain permits has expired.

"#26. Proposed storage garage, auto repair shop & gasoline service station is contrary to Art. II, Sec. 4(15), (29) and (46) of Z.R.

"Plans of Bd. in Resolution dated July 23, 1957 a Two Story Garage was permitted. Plans & spec. now filed are contrary with such Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 18, 1954, as thereafter amended by resolutions adopted through July 23, 1957, by adding the following:

"that the owner may reduce the height of the building to a one-story building, as shown on plans filed herewith stamped 'March 20, 1959', 3 sheets, and as acted on by the Borough Superintendent under date of March 4, 1959, on N.B. App. 109/52, Objections 25 and 26, *on condition* that in all other respects the above cited resolutions shall be complied with, together with all laws, rules and regulations applicable thereto; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

326-53-BZ—Vol. II

APPLICANT—Ludwig P. Bono, for Emil Fabrello, owner.
SUBJECT—Application reopened October 7, 1958 as Vol.

II—decision of the Borough Superintendent under section 7f of the Zoning Resolution, to permit in a business use district, an existing gasoline service station previously granted by the board, the enlargement in area by the addition of five vacant lots and the extension of the uses to include parking of more than five motor vehicles, it is proposed to install additional gasoline pumps, tanks and curbs cuts.

PREMISES AFFECTED—1975 White Plains Road, 653 Sagamore Street, northwest corner and 1980 Birchall Street, Block 4256, Lots 42, 43, 44, 45, 46 and 51, Borough of The Bronx.

APPEARANCES—

For Applicant: Ludwig P. Bono.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 10, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; applicant to file additional plan showing proposed parking area; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Birchall Avenue and Amethyst Street are in a business use, B area, class 1¼ height district; White Plains Road is in business and manufacturing use, B area, class 1¼ height districts; Sagamore Street is in business and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated July 31, 1958 acting on Alt. Applic. No. 653-58, reads:

"1. The extension of the plot for the use as a gasoline & oil selling station, washing, motor vehicle repair & lubrication in a business use district is contrary to Article II Sec. 4 of the Z.R. and B.S.A. Resolution #326-53-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 45.68 feet and 168.37 feet frontage by 50 feet and 49.45 feet in depth; that the present plot, old lot 51, extends only in front of existing gas station, and the additional plot, composed of lots 42, 43, 44, 45 and 46, on the north portion of the block, extends to the corner of White Plains Road and Birchall Avenue; that it is proposed to incorporate the corner plot in question for the purpose of parking of more than five motor vehicles and the servicing of cars by the installation of four additional pumps and six 550 gallon gasoline tanks to cope with the potential demand of this station at this strategic location; and

WHEREAS, the applicant states that a variance was granted for ten years by the Board under Cal. No. 326-53-BZ on July 28, 1953 under Section 7f of the Zoning Resolution, permitting in a business use district the erection and maintenance of a gasoline service station and oil selling station, lubrication, motor vehicle repairs and office; that subsequently working drawings submitted to the Board as being in substantial compliance with the Board's requirements were approved on December 22, 1953; that on March 2, 1954 the Board amended the resolution of December 22, 1953, only insofar as it referred to the greasing equipment, and after approval of plans by the Building Department on March 3, 1954, Permit No. 353-54 was obtained on March 4, 1954 and work started; that the completion of the job, delayed by contractual deviations finally corrected, and by attempts to acquire more land, exceeded the time limit set by the Board according to Section 22 of the Zoning Resolution; that furthermore, as a result of space limitations and operational difficulties and irresponsible advice, the pumps were located within the required ten foot setback, and for these reasons an amendment was presented and obtained from the Board, a time extension and acceptance of the pump locations on June 4, 1957, and from the Building Department, the Certificate of Occupancy No. 23384 on February 18, 1958; and

WHEREAS, the applicant further states that on January 9, 1957 the owner was finally able to purchase the triangular adjacent lot referred to above; that it was an untimely ex-

MINUTES

penditure under an existing heavy mortgage load brought about by necessity and concern; that due to the smallness of the driving area, the circulation of cars in and out has always been a problem of inconvenience, danger and delays; that business was lost to the large competitors in the immediate vicinity because people either could not enter the premises nor were willing to wait for available space; that there is only space for one car for refuelling while the second car has to wait on the sidewalk when facing south, or occupy and obstruct the space in front of the overhead doors when facing north; that not only was the gasoline sale lost but also the repair work, which is an essential part in the maintenance of this gas station; and

WHEREAS, the applicant contends that it will increase the owner's margin of profit by permitting an easier and quicker satisfaction of all his financial obligations and at the same time it will benefit the immediate neighborhood by a direct proximity, quicker service, more available washing space, elimination of sidewalk obstruction, avoidance of parking of cars on side streets, faster flow of traffic in and out of premises and safer conditions for pedestrians; and

WHEREAS, the applicant states that the present owner has held title to the property since June 1952 and January 9, 1957; that the assessed valuation of land is \$21,000 and of the building \$15,000 making a total of \$36,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f of the Zoning Resolution, to permit in a business use district, the enlargement in area of an existing gasoline service station previously granted by the Board, by the addition of five vacant lots, and the extension of uses to include parking of more than five motor vehicles and the installation of additional gasoline pumps, tanks and curb cuts, *on condition* that all work shall be done as shown on plans filed marked "Received August 14, 1958," 3 sheets, "April 28, 1959," 1 sheet; that there may be four new pumps on one island a minimum of ten feet back from the Birchall Street and White Plains Road building lines; that spaces shall be reserved for parking of more than five cars along the 49.69 foot lot line to the south of the new additional lots; that new parking lots shall be permitted as shown on such plans with one 25 foot and one 30 foot curb cut to Birchall Street and two new curb cuts to White Plains Road, one 30 feet and one 25 feet in width; that the area of the new extension shall be paved with concrete, clean cinders or bluestone gravel with a tarvia binder; that a new 8 inch concrete block masonry wall shall be erected as shown on plans along the 49.69 foot lot line and return northerly along the easterly line of Birchall Street 15 feet, as shown on the plan; that the Texaco post standard and sign shall be relocated on the White Plains Road building line, as shown; that there shall be installed six 550 gallon approved gasoline tanks and four pumps on one island; that such fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that existing drop curb cuts shall remain; that the existing six 550 gallon gasoline tanks and three gasoline pumps shall remain as shown on plan; that in all other respects the buildings and premises shall comply with all laws, rules and regulations applicable thereto; that all required permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1010-55-BZ

APPLICANT—Albert Melniker, for Southcrest Realty Corp., owner.

SUBJECT—Application reopened March 31, 1959 for con-

sideration as to extension of time to complete—expired July 2, 1958—decision of the Borough Superintendent, previously granted on condition, under sections 7f, 7i and 7A of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, car washing, lubrication, sales of accessories, minor motor vehicle repairs with hand tools and parking for more than five motor vehicles, with proposed curb cut within 75 feet of the residence use district.

PREMISES AFFECTED—4124 Arthur Kill Road and 600 Clay Pit Road, southeast corner, Block 7293, Lot 240, Prince Bay, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

THE RESOLUTION—

WHEREAS, on July 24, 1956, this application was granted by the Board on certain conditions, under Sections 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district the erection and maintenance of a gasoline service station, car washing, lubrication, sale of accessories, minor motor vehicle repairs with hand tools only, and parking of more than five motor vehicles, with proposed curb cut within 75 feet of the residence use district, affecting premises 4124 Arthur Kill Road and 600 Clay Pitt Road, southeast corner, Block 7293, Lot 240, Prince Bay, Borough of Richmond; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation on July 2, 1958; and

WHEREAS, this application was reopened on March 31, 1959 and set for hearing on May 12, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 12, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 13, 1959 acting on N.B. Applic. No. 1234-55, reads:

"Re: Adt. dated 12 March 1959.

"1. Application approved by the B.S. & A. 1010-55-BZ on 24 July, 1956, reopened and extended on 2 July, 1957 must be submitted to the Board for further extension."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 24, 1956, as thereafter amended by resolutions adopted through July 2, 1957, only so far as it has reference to the time to complete the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution."

565-57-BZ

APPLICANT—Charles M. Spindler, for Leopold Gerinsky and Thomas J. O'Brien, owners.

SUBJECT—Application July 26, 1957—decision of the Borough Superintendent, under sections 7e, 7f, 7i, and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto laundry, non automatic, lubrication, office, accessory sales, minor repairs with hand tools only, safety inspection station, parking and storage of more than five

MINUTES

(5) motor vehicles, for a stated term of fifteen (15) years.

PREMISES AFFECTED—5832-5848 Broadway and 196-198 West 239th Street, southeast corner, Block 3271, Lots 193, 194, 195, 196, 197 and 198, Borough of The Bronx.

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 28, 1958 after due notice by publication in the Bulletin; laid over to February 18, 1958, for applicant to consult Department of Buildings with respect to Section 21A; then to March 18, 1958, for inspection and decision; hearing closed, then laid over pending Court action, reviewing denial by the Board of a similar application on property across the street from subject site, Block 3414, Lot 340, under Cal. No. 510-39-BZ; date for decision to be determined; then set for February 17, 1959; then to March 10, 1959, for further inspection and decision; then to April 14, 1959, at request of the applicant and for further inspection; hearing closed; then to May 12, 1959, at request of the applicant, due to change in ownership and proposed lessee; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Broadway and West 238th Street are in a business use, B area, class 1¼ height district; West 239th Street and Review Place are in residence and business use, B area, class 1¼ height districts; that these designations have not been changed since July 25, 1916 and no zoning amendment is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 3, 1957 acting on N.B. Applic. 590-57, reads:

"1. Proposed use of gasoline service station, auto laundry (non-automatic), lubrication, office, accessory sales, minor repairs with hand tools only, safety inspection station, and parking and storage of more than five motor vehicles in a business use district is contrary to Art. II Sect. 4 of the Zoning Resolution.

2. Proposed curb cut within 75' of Residence use district is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 feet frontage by 100 feet in depth; that it is proposed to develop the site with a modern gasoline service station; and

WHEREAS, the applicant states that the proposed building will have face brick facades, and pumps will be set back 15 feet from the building lines; that shrubbery and planting protected by a concrete curb will be installed along the east and south lot lines; that it is also proposed to construct a retaining wall on the east and south lot lines so that the station will conform to the grades of Broadway and West 239th Street; that Broadway is a heavily travelled artery; that one block north of the proposed site is the entrance to the Major Deegan Expressway; that Broadway also has an elevated railroad which would preclude the erection of a conforming use due to the noise and the obstruction of light by the elevator structure; that there is a spur directly north of the site which leads to the repair shops of the I.R.T.; that it is felt that the erection of a modern gas station with its small area coverage would be far superior to the permissible erection of a factory, with its attendant loading, unloading and trucking, and which would be permitted to cover 100 per cent of the area of the lot; and

WHEREAS, the applicant contends that Broadway, while in a business zone, is physically developed with unrestricted uses; that there is an automatic auto laundry in block 3406, lot 716, which is within the radius area; that there is also

a gas station in the same block, lot 710, granted by the Board under Cal. No. 292-55-BZ directly opposite the site; that block 3414 is practically entirely developed with automotive uses, repair shops, gas stations, parking and sale of used cars; that on West 239th Street, north side, between Review Place and Putnam Avenue, there exists a parochial school, the adjoining lot of which is used for school parking; that directly across the street on West 239th Street, northwest corner of Review Place, is another parking lot; and

WHEREAS, the applicant states that the present owner has held title to the property since July 19, 1956 and November 30, 1956, and that the assessed valuation of land is \$17,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e, f and i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, non-automatic auto laundry, lubritorium, office, accessory sales, minor repairs with hand tools only, safety inspection station, parking and storage of more than five motor vehicles, for a term of fifteen years, all as shown on plans stamped "September 21, 1956", 1 sheet, "December 19, 1957", 2 sheets and "February 11, 1958", 1 sheet, except that the curb cut on East 239th Street furthest to the east from Broadway shall be eliminated and the other curb cut on Broadway 5 feet from the Broadway building line shall be reduced to 20 feet in width so as to eliminate any infringement of Section 7A of the Zoning Resolution; that the curbing at the rear of the building from the northeast corner of the building to the south building line of West 239th Street shall continue straight in line with the rear wall of the building to the building line; that from the building line along the entire building line of West 239th Street and along the entire rear and south lot lines where there is a side yard of the adjacent apartment house there shall be a fence wall 2 feet high with a 3 foot 6 inch high ornamental iron railing surmounting same; that the pump island along the West 239th Street building line shall be eliminated; that the accessory building shall be erected as shown, 55 feet 4 inches by 28 feet 8 inches in depth and 60 feet 4 inches at the rear; that pump islands shall be limited to two along the Broadway front, with twelve 550 gallon approved storage tanks; that there shall be one post standard with brand sign on a concrete island at the intersection of the building lines of West 239th Street and Broadway, extending not more than 4 feet beyond the Broadway building line only and not over the 239th Street building line; that curb cuts on Broadway shall be limited to two 25 feet each and one 30 feet as shown on plans; that curb cuts on the Broadway front shall not interfere in any way with the columns of the elevated structure over Broadway; that all sidewalks and curbing shall be restored to the satisfaction of the Borough President; that a seeded area and planting shall be done before a certificate of occupancy shall be issued; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the work shall comply with all laws, rules and regulations applicable thereto; and that all permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for continuation of hearing, applicant to report as to easement; then to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, and Crescent Street are in business and residence use, B area, class 1¼ and class 1½ height districts; 31st Avenue is in business and residence use, B area, class 1¼ height district; 23rd Street is in a business use, B area, class 1¼ and class 1½ height district; Broadway is in a business use, B area, class 1½ height district; that the front 100 feet of the premises is in a business use district and the rest of the premises is in a residential use district; and

WHEREAS, the decision of the Borough Superintendent, dated September 10, 1958 acting on Alt. Applic. No. 1257-58, reads:

"1. Garage located in a Residence use district not accessory to a dwelling is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 150 feet 9 inches in depth, occupied with a three car, cinder block garage; and

WHEREAS, the applicant contends that the existing construction would have conformed to the legal zoning if it had been built within the front 100 feet of the parcel, or if there were other construction in the front part of the parcel; that the neighborhood is mixed, consisting of business, light industrial and residential uses; that the construction on the premises itself is substantial and well constructed, and there have been no fires, accidents or any other incidents concerning same in the 25 years since its erection; and

WHEREAS, the applicant states that the present owner has held title to the property since 1930; that the assessed valuation of land is \$3,000 and of the building \$600 making a total of \$3,600; that the building was erected in 1933; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions, the main one being that the lot should be cleaned up; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e of the Zoning Resolution, for a term of five years, to permit in business and residence use district the continuance of a three-car non-accessory garage located on the residence portion of the premises to the rear, as shown on plans filed herewith, marked "Received October 8, 1958", 4 sheets and "February 27, 1959", 1 sheet, on condition that the exit shall be over an easement jointly and mutually granted between the owners of lots 19 and 20, to the west of lot 19; that the part of the lot to the east of this easement and adjacent to the building line of Broadway shall have a new 4 foot high woven

wire fence on a 12 inch high concrete curb; that this part of the lot shall be cleaned of all rubbish and debris before the certificate of occupancy is issued; that the occupancy of the garage in the rear shall be permitted for three cars, non-accessory, restricted to passenger cars only, which spaces may be rented out; that in all other respects the premises shall comply with all laws, rules and regulations applicable thereto; and that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; applicant to file a new decision of the Borough Superintendent to include undertaking establishment and to amend plans to give street names, curb cuts and drives; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, A area, class 1 height district; Beach Channel Drive and Beach 92nd Street are in business and residence use, A area, class 1 height districts; Beach 91st Street is in a residence use, A area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 29, 1958 acting on N.B. Applic. No. 3255-58, reads:

"1. The proposed construction of a funeral parlor & accessory uses with parking area for more than 5 motor vehicles in a Res. Use District, is contrary to Art. 2 Sec. 3 of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 90.72 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect a structure that is eminently residential in character, minimizes a commercial appearance as far as possible and conforms to the best design traditions of the Colonial period; that the only way in which the actual use of the structure would be visible from the street would be by a small dignified free-standing sign not over six feet high, located at the corner, illuminated so as to be visible at night; that the upper floor of the proposed building would contain a public smoking room, display room, an apartment for the family of the president of the owning corporation, and storage space both for the business and for the residential portions of the building; and

WHEREAS, the applicant states that the owners have carried on their business at 172 Beach 84th Street, Rockaway Beach, since 1941; that these premises have been condemned and will be demolished in connection with the construction of Hammels Houses, a Title I housing development; that since these people are the accredited sexton of St. Rose

MINUTES

of Lima Church, which is located on Beach 84th Street, approximately 100 feet south of their present location, it is important that their place of business remain in the parish; that a letter from the Rector of the Church, bearing on this matter, is submitted with this application; that they propose to erect on the subject property a building to which they will transfer their business; and

WHEREAS, the applicant contends that at all times the building would be maintained and operated in a dignified, unobtrusive manner; that directly opposite, occupying the south side of Beach Channel Drive, from Beach 90th Street to Beach 91st Street, is the Magistrate's Court building which does not disturb the residential quality of the area any more than would the proposed building; that the property opposite the subject property, between Beach Channel Drive and Jamaica Bay, is zoned for business for a distance of over 300 feet to the west and over 1500 feet to the east; that on that property there are at present a number of small structures such as taverns, gas stations, boat basins and the like; that the nature of that property is such that it would be unlikely that any improvement of a substantial nature will be carried out there in the near future; that sufficient of the property would remain unoccupied to provide off street parking for as many cars as are likely to require parking during services in the building, with the possible exception of an occasional event, probably not more than five or six times a year; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1958 and that the assessed valuation of land is \$8,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and applicant has filed a new decision of the Borough Superintendent to include the words, undertaking establishment, and amended the plans as to street names, curb cuts and drives and the correct location of the easement; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 20 years, to permit in a residence use district, the erection of a two story building for use as a funeral home and undertaking establishment with accessory uses with parking of more than five cars and to provide on the second floor a storage room and an apartment for one of the owners, all as shown on plans filed with this application marked, "Received November 10, 1958," 1 sheet, "May 5, 1959," 5 sheets, and "May 8, 1959," 1 sheet, and as acted on by the Borough Superintendent and decision approved October 29, 1958, Objection 1, *on condition* that the permanent easement across the south end of the lot 10 feet wide and 90.39 feet long shall be maintained with a 10 foot curb cut opposite thereto, adjacent to a 8 foot curb cut to be used as an entrance to the parking at the rear of the proposed funeral home together with two 10 foot curb cuts on Beach Channel Drive, all as shown on plans, together with an 8 foot curb cut and another 10 foot curb cut on Beach 91st Street, 17 feet from Beach Channel Drive, and two 10 foot curb cuts on Beach Channel Drive, as shown on plans; that *on further condition* the service entrance to this building and the driveway to same shall be from the Beach Channel Drive side only; that the only cars entering the parking lot from Beach 91st Street's 8 foot curb cut to the south of the building shall be for patrons or visitors to the funeral home in passenger cars only; that the building shall not be extended in height or area and shall be built according to the plans filed herewith; that the planted area in front of the building on both Beach Channel Drive and Beach 91st Street side shall be planted with suitable evergreens and trees; that signs shall be limited to individual letters on the walls of the building and one illuminated sign not exceeding five square feet in area on the Beach Channel Drive elevation or front wall not higher than 10 feet above the curb

level; that the parking area shall be paved with clean steam cinders or new bluestone gravel, treated with a binder after being properly leveled; that along the interior lot line to the west and along the 10 foot easement line to the south there shall be a 4 foot high woven wire fence; that along the street building lines there shall be planting or hedge rows instead of metal, wood or stone fences; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits and a Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Burke, Green and Groh, for James Newell, Dominick Miranda and Frederick M. Silva, owners; Research Shopping Centers, Inc., vendee.

SUBJECT—Application November 26, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a business and residence use district, the erection and maintenance of a gasoline service station, auto washing, non-automatic, lubrication, office, sales, minor repairs with hand tools only and the parking and storage of cars awaiting service.

PREMISES AFFECTED—131-25 20th Avenue, northwest corner of 132nd Street, Block 4137, Lot 55, College Point, Borough of Queens.

APPEARANCES—

For Applicant: Robert Groh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for hearing; applicant to send out notices to affected property owners and file required receipts and proof of service with the Board; then to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 20th Avenue and 18th Avenue are in residence and business use, D area, class 1 height districts; 131st Street is in a business use, D area, class 1 height district; 132nd Street is in a residence use, D area, class 1 height district; that as of July 25, 1916 the entire property was zoned as an unrestricted district and on August 25, 1955, the present use designations became effective; that the height and area designations of both parcels have not been changed since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1958 acting on N. B. Applic. No. 2653-58, reads:

"1. The proposed erection of a gasoline service station, auto washing, non-automatic lubrication, office, sales, minor repairs with hand tools only, parking and storage of cars awaiting service on a lot which is partly in a residence use district and partly in a business use district is contrary to Art. 2, Sec. 3 and Sec. 4(a) items 29 and 46 of the Z. R.

2. The proposed erection of a ground sign on the residence portion of the lot is contrary to Art. 2, Sec. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot 169.65 feet frontage by 100.75 feet in depth, irregular, presently vacant; that it is proposed to develop the site with a modern gasoline service station; that the accessory building will be faced with brick and will be located along the west lot line entirely within the business use district; that the open area of the lot will be used for parking and storage of cars awaiting service; that the repair-

MINUTES

ing proposed will be conducted within the accessory building using hand tools only; that the two interior lot lines will be fenced with a 5 foot high woven wire fence on a 6 inch high concrete base; that three 30 foot wide curb cuts will be installed along 20th Avenue and one 30 foot wide curb cut on 132nd Street, near the intersection; that three concrete islands, with approved low type gasoline pumps thereon will be installed, 15 feet minimum from the building line; that two post standards and signs will be installed along the 20th Avenue frontage; and

WHEREAS, the applicant states that 132nd Street is a mapped street only and is not cut through; that the site is zoned as follows: the property within 100 feet of 132nd Street is in a residence use district and the balance of the plot is in a business use district; and

WHEREAS, the applicant contends that the surrounding properties are owned by the same owners and will be developed with industrial sites; that the site is located on a busy thoroughfare and will make an ideal location for a gasoline service station; and

WHEREAS, the applicant states that the present owners have held title to the property since November 9, 1948 and that the assessed valuation of land is \$4,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and h of the Zoning Resolution for a term of twenty years to permit in a business and residence use district, the erection and maintenance of a gasoline service station, non-automatic auto wash, lubritorium, office, sales, minor repairs with hand tools only and the parking and storage of cars awaiting service *on condition* that the work shall be done substantially as shown on plans filed with this application marked "Received November 26, 1958", 3 sheets, and "April 21, 1959", one sheet; and on the further condition that all masonry such as the service building, the concrete blocks of the tanks, the pumps, etc. shall be investigated closely by the Building Department in order to determine a safe method for supporting the same in this treacherous ground condition; that special attention shall be given to the gas lines between tanks and pumps; that all sidewalks and curbs shall be restored to the satisfaction of the Borough President; that a five foot woven wire fence shall be erected on a six inch high concrete base on both interior lot lines; that the building shall be as shown on the plans filed herewith; that the entire surface of the gas station where not occupied by buildings or pumps shall be covered with concrete, bituminous or gravel pavement treated with a binder; that signs shall be limited to two post standards on concrete bases, one at the intersection of 132nd Street and 20th Avenue and another one at the west end of the 20th Avenue frontage extending four feet over the building line, as shown on the plans; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a certificate of occupancy issued within the provisions of Section 22A of the Zoning Resolution.

692-58-A

APPLICANT—Burke, Green and Groh, for Dominick Miranda and Frederick M. Silva, owners; Research Shopping Centers, Inc., vendee.

SUBJECT—Application November 26, 1958—filed pursuant to section 35, General City Law re utilization of portion of lot in bed of a mapped street—20th Avenue.

PREMISES AFFECTED—131-25 20th Avenue, northwest

corner of 132nd Street, Block 4137, Lot 55, College Point, Borough of Queens.

APPEARANCES—

For Applicant: Robert Groh.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1958 on N.B. Applic. 2653/58, reads:

"3. The proposed utilization of a portion of the lot which is in the bed of a mapped street is contrary to Art. 3 of the General City Law."

and

WHEREAS, the applicant states that the site is 169.65 feet by 100.75 feet in area, now vacant, located in residence and business use, D area, class 1 height district; that the proposed use is a gasoline service station; that all conditions are more fully stated in Calendar Number 691-58-BZ; that the only uses within the proposed street widening of 20th Avenue will be curb cuts, and two post standards with signs; that the owner waives all right, title and interest to the City of New York or any award with reference to the improvements erected within the proposed 5 foot widening; and

WHEREAS, the Borough President of the Borough of Queens has advised the Board that the Final Map of the Borough of Queens adopted by the Board of Estimate and Apportionment on May 20th 1921, indicated a proposed widening of about 5 feet on the northerly and southerly sides of 20th Avenue, which is in private ownership; that there is no proceeding now pending to acquire title to the proposed widening; and

WHEREAS, the premises were inspected by a committee of the Board which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 2653-58, Objection No. 3 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit in the bed of a mapped street curb cuts, two post standards and driveways as shown on plans filed with Cal. No. 691-58-BZ, granted this day, and that in the event the City takes this property for the widening of the street there shall be no claim against the City for such sidewalks or sign installation; that the pumps shall be located 15 feet back of the widened building line when the widening is made, at which time the curb cuts on 132nd Street shall be moved to the north so as to be 10 feet north of the new widened building line as extended.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, B area, class 1½ height district; East 149th Street and Cortlandt Avenue are in business and retail use, B area, class 1½ height districts; East 148th Street and Morris Avenue are in retail and residence use, B area, class 1½ height districts; that the property is within a residence use district, except the rear portion thereof, for a depth of ten feet, is located in a business use district; that as of July 25, 1916 the portion of the property now zoned residence was in an unrestricted district and was changed to its present residence designation on November 19, 1946 which is after the present owner acquired title; that the aforesaid rear portion of the property zoned business has prevailed since July 25, 1916; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated November 7, 1958 acting on Alt. Applic. No. 930-58, reads:

"1. The proposed parking and storage lot for more than 5 motor vehicles, loading and unloading for building to the east located partly in a residential use district is contrary to Article II Sec. 3 of the Zon. R." and

WHEREAS, the applicant states that the premises consists of a plot, 45 feet frontage by 106.5 feet in depth, upon which is located two one-story structures of wood frame construction, and taken together are used for the storage of three motor vehicles; that along the street line is a high wood fence, with slide doors for vehicular access to the premises; that a dropped curb is present opposite the premises, for which Permit No. 6492 was issued May 1, 1905, by the Borough President; that in support of this statement, and submitted with this application, is a certification dated May 23, 1952 issued by the Borough President's office over the signature of John S. McGinley, Superintendent; that along the easterly side of the premises is a loading platform attached to building adjoining at east for loading and unloading in

connection with said adjoining building, which is in the same ownership and used by the owner, who conducts a food processing establishment therein; that records of the Department of Buildings fail to reveal any data regarding the one car garage which abuts the existing structure to the east, but they do include N. B. Applic. No. 221-1912 filed April 2, 1912 and approved April 3, 1912, to cover the structure at the northwest corner of the lot and presently used for the storage of two motor vehicles, although approved as a wagon shed; that according to the record, work was commenced April 3, 1912 and completed October 28, 1912; that it is proposed to demolish the existing wood frame structures, remove wood fence along the street line, reduce length of loading platform, erect wire fence and gates along the street line and also erect similar fence along the side lot lines where masonry walls of adjoining structures do not abut; that it is also proposed to regrade the property substantially to the sidewalk grade and thence surface with a pervious pavement, which will also prevent the raising of dust; that in addition, it is proposed to comply in every detail with the latest rules and regulations of the Department of Buildings relating to the use of vacant land for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that there is no provision for tenant or patron parking available in the surrounding multiple dwellings or commercial buildings; that although the lot is limited in area, it would help to relieve street parking; that the unsightly appearance of the property would be eliminated; that the owner also controls and uses the property to the east for his own business and thus adequate maintenance and policing of the proposed use would be assured; that the proposed use is the highest and best use as, due to the character of the neighborhood, a conforming use would not be economically sound at this time nor in the foreseeable future; that the proposed use would not adversely affect public health, safety and general welfare; and

WHEREAS, the applicant further contends that with respect to the loading and unloading facilities on this property for the convenience of the premises to the east, the same is an existing, permissible, non-conforming use by reason of existing physical conditions, and the fact that a permit to construct a driveway across the sidewalk was issued May 1, 1905 by the Borough President's office; and

WHEREAS, the applicant states that the present owner has held title to the property since May 17, 1945 and that the assessed valuation of land is \$7,200; and

WHEREAS, the premise and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions h and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7h and e for a term of five years, to permit in a residence and business use district, the maintenance of a parking lot for more than five motor vehicles, and to provide a loading and unloading area for the adjoining building to the east in accordance with plans filed with this application marked, "Received December 5, 1958," 2 sheets, *on condition* that the premises shall be leveled to the grade of East 148th Street and paved with clean cinders or gravel and treated with a binder; that the fence shall be erected as shown on the plans with the gate at East 148th Street front and a curb cut 18 feet high and 4 inches wide in the curbing opposite these gates; that parking shall be permitted for transients; that signs shall be limited to a sign attached to the fence adjacent to the gate, as required by the Department of Licenses, stating the rates; that the lot may also be used for loading and unloading for the building to the east to the loading platform shown on the plan; that parking of cars shall be limited to cars of the passenger type only, except that loading and unloading shall be permitted from trucks which are not to remain parked on the premises except a single panel truck of the owner, which truck may

MINUTES

remain parked at the rear of this lot overnight; that the premises shall comply with all laws, rules and regulations applicable thereto; and that all permits required, including a Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

754-58-BZ

APPLICANT—Leonard F. Rothkrug for Clemente and A. Sgarlato, owners, Plushed Stuffed Toys, lessee.

SUBJECT—Application December 23, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a business use, C area district, the erection of a one-story extension to a one and two story building that exceeds the permitted area coverage and change the occupancy from storage of fruits and garage for two trucks, to toy manufacturing, the floor area used for manufacturing exceeds that permitted.

PREMISES AFFECTED—280-282 Baltic Street, south side, 152 feet, 11 inches east of Court Street, Block 402, Lot 13, Borough of Brooklyn.

APPEARANCES—

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for hearing at request of objector, applicant concurring; then to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, C area, class 1 height district; that on July 25, 1916 the zoning was the same and no change is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated December 12, 1958 acting on Alt. Applic. No. 4140-58, reads:

"1. Proposed one story extension occupies an area in excess of that permitted under Art. 4 Sect. 13b of the zoning resolutions.

2. Proposed extension to be used for manufacturing, exceeds the total permitted floor area used for manufacturing and is contrary to Art. 2 Sect. 4(c) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 50 feet frontage by 100 feet in depth, on which is located a one and two story building erected in 1877 and altered under Alt. Applic. No. 1204-45 and used on October 29, 1945 in accordance with Certificate of Occupancy No. 113227 for the storage of fruit and a garage for two commercial trucks, and presently used as a toy factory; that it is proposed to extend the first story of the building to cover the entire premises and to use the entire building for the manufacture of toys; and

WHEREAS, the applicant states that the building has been extended and is being used substantially as proposed herein; that Violation No. 2064-58 was issued May 27, 1958 which reads as follows: "Building is occupied contrary to last issued Certificate of Occupancy 1132-27 and which specified storage of fruit and two commercial trucks. The building is occupied for factory manufacturing plus dolls, 18 employees. Exit doors open inward"; that the area of the plot is 5,000 square feet; that the area of the building on December 2, 1944 was the same as the present, but on October 17, 1945 a major frame portion of the building was replaced by class 3 construction, thereby exhausting the excess area available for extension; that the area of the original two story building is 1200 square feet; that the permitted area for the one story extension was 2850 square

feet; that the proposed excess area is approximately 950 square feet; that an area of 394 square feet is permitted for off street loading, so that the excess area could be reduced to 556 square feet; that the permitted area for manufacturing is 5000 square feet; that the proposed area to be used for manufacturing is 6200 square feet; that the proposed excess floor area to be used for manufacturing is 1200 square feet; and

WHEREAS, the applicant contends that the owners will suffer an unnecessary hardship by strict limitations, since the effect would be to punish them for improving their property in 1945; that if the owners had not replaced the frame portion of the building with class 3 construction in 1945, they would now be allowed to cover 100% of the area of the plot—accepting credit for one loading berth; and

WHEREAS, the applicant further contends that the proposed extension is small and of almost negligible excess area, but this additional area is necessary for the proper economic use of the premises; that there is no additional vacant land available adjoining the property as almost all the properties within the affected area were developed long before the Zoning Resolution, so that there were no area district limitations; that a grant of the variance will not adversely affect any surrounding property owners; that the area supposed to be vacant is the easterly front portion alongside of which is an adjoining building without any openings along the side lot line; that side lot line and building line walls are permitted and the extension is little more than a roofing over the area between the walls; that no increase in the number of employees is proposed by the increase in the area used for manufacturing, and no external change is proposed in the building; that the excess factory area results from the second story erected in 1887; and

WHEREAS, the applicant states that the present owners have held title to the property since July 25, 1945; that the assessed valuation of land is \$6,500 and of the building \$10,500 making a total of \$17,000; that the building was erected in 1877; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7c and 21 of the Zoning Resolution to permit in a business use, C area district, the erection of a one story extension to a one and two story building that exceeds the permitted area coverage and to change the occupancy from storage of fruits and garage for two trucks, to toy manufacturing, the floor area to exceed that permitted in the business district on condition that all work shall be done as shown on plans filed with this application marked "Received December 23, 1958", 5 sheets; that the existing brick wall separating the building to the west and to the east shall have fireproof self-closing doors and in all other respects protected by fireproof closures of the proper rating, or bricked up, as shown on the plans; that the building and occupancy and in particular the stairs to the second floor of the two-story building at the west wall near the Baltic Street building line and all other exits, shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained, including a certificate of occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

757-58-BZ

APPLICANT—Leonard F. Rothkrug for Doody Holding Corp., owner.

MINUTES

SUBJECT—Application December 24, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a manufacturing and residence use district the extension of an existing building used for the storage of building materials to be used for retail sales and storage of building materials, equipment and tools with accessory lumber storage and power saws of low horsepower and accessory customer and employee parking, no fee to be charged.

PREMISES AFFECTED—2475-2483 East 17th Street and 1701-1717 Avenue Y, northeast corner, Block 7419, Lot 45, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Allan E. J. Cuttle.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, at the request of the objector; no further requests for adjournments and no notices sent out; then to May 12, 1959, for inspection and decision; applicant to furnish plan of the proposed walls on Lots 45 and 80, and also explanation of the extension to the building which appears to be a marquee; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 17th Street and Avenue Y are in manufacturing and residence use, D area, class 1 height districts; East 18th Street and Avenue X are in a residence use, D area, class 1 height district; that on July 25, 1916 the site was in an unrestricted use district and was rezoned to its present designation on April 8, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated December 8, 1958 acting on Alt. Applic. No. 2754-58, reads:

"1. The proposed extension of the bldg. into a residence use district for use as store and storage of building materials including use of power saw, the unoccupied portion of plot to be used for parking of patrons and employees automobiles, with offices on the 2nd floor is contrary to the Zoning Res., Art. II, Sect. 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 130 feet frontage by 155 feet in depth, irregular in area, on which is located a one story building 90 feet 2 inches by 100 feet in area, 14 feet 8 inches in height, erected under N.B. Applic. No. 10378 and occupied under Certificate of Occupancy No. 92468 for the storage of building materials; that it is proposed to extend the existing building to be 90 feet 2 inches by 130 feet in area on the first story and 17 feet 6 inches by 100 feet on the second story, to be used for the storage of building materials and retail sales of building materials, equipment and tools with use of low horsepower saws and accessory lumber storage and accessory customer and employee parking; that the owner's principal intention is to erect a retail store for the neighborhood sale of building materials; and

WHEREAS, the applicant states that John R. Doody purchased these premises on May 8, 1944; that subsequently the premises was assigned to Lilo B. Doody and then to Doody Holding Corp. on December 6, 1951; that at all times since 1944, the premises has been used and occupied by the Doody family for the sale of building materials; that the name of Doody and the slogan "Depend on Doody" has become a respected byword in the building industry in Brooklyn; that this fine reputation has created a demand for retail sales; and

WHEREAS, the applicant further states that in 1916, when the Zoning Resolution was enacted, the entire tax block was in an unrestricted zone; that Hyde's Atlas shows that in 1929 the entire tax block was used by Brighton Lumber and Trim Co. as a lumber yard and saw mill, an unrestricted

use; that until 1936 the entire tax block was used as a lumber yard, and subsequently in 1944, Doody purchased the southerly half of the tax block; that the northerly half of the tax block was sold and developed with two story dwellings in 1938; that as a result of this development, the northerly half of the tax block was rezoned from unrestricted to residence on July 29, 1939, whereas the balance of the tax block remained unrestricted; that the premises was entirely within an unrestricted zone when purchased by Doody; that Doody relied on this zoning and invested all his labors and capital in the development of his business; that the building on the site and the buildings adjoining to the north, shown as lot 50, were all one tax lot until reapportioned in this application; that the adjoining buildings on the new lot 50 are entirely in the manufacturing zone; that the site is principally in a manufacturing zone; that the site is approximately 18,600 square feet in area and only about 3,000 square feet of this area is zoned residence; that the proposed uses would be permitted without any variance in the entire premises except for the easterly 30 feet; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect any adjoining use, and in fact, the adjoining owners will be benefited by the change; that the existing use is a legal use, and the vacant portion may legally be continued for storage of building products; that the elimination of this storage use and the erection of a retail store will present a more attractive aspect of the premises; that the use of power saws is limited; that the wholesale business conducted by Doody does not include lumber sales and there has been no requirement for power saws; that however, the proposed retail sales must include retail sale of lumber products and the power saws will be used in connection with these retail sales; that the property along East 17th Street is in a manufacturing zone which permits many uses which would be considered to be more undesirable and the proposed uses would be perfectly permissible under the Zoning Resolution, so that these owners cannot be properly termed affected owners; that similarly, the property opposite on Avenue Y, along the entire block frontage, is developed with manufacturing uses; that the extension of the storage building will eliminate an unwholesome rear pocket adjoining the residences used legally for outdoor storage; that the proposed second story will be entirely in the manufacturing zone and will be used for accessory offices; and

WHEREAS, the applicant states that the present owner has held title to the property since May 6, 1944 and December 6, 1951; that the assessed valuation of land is \$28,000 and of the building \$45,000 making a total of \$73,000; that the building was erected in 1938; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c of the Zoning Resolution to permit in a manufacturing and residence use district, the extension of an existing building used for the storage of building materials, to be used for retail sales and storage of building materials, equipment, tools with accessory lumber storage and power saws of low horsepower and accessory customer and employee parking, no fee to be charged, *on condition* that the proposed building shall be one and two stories in height approximately 89 feet in an easterly-westerly direction and 35 feet in a northerly-southerly direction, with an ell along the rear lot line continuing 39 feet 7½ inches and 51 feet 6 inches along the length of the rear lot line to the north; that the building shall be of solid masonry wall along the entire rear lot line, which at the existing grades shall form a fence wall for the homes

MINUTES

backing up against it to the rear from East 18th Street, which homes are at a higher grade and which rear wall will become their rear lot line fence wall approximately six feet above the level of their yards; that along the rear lot line of Lots 50 and 80 there shall be constructed an eight foot high masonry fence wall where walls of other buildings do not occur on the lot line; that the area approximately 64 feet 10 inches by 130 feet along Avenue Y shall be used for customers' and employees' parking where there presently has been storage of building materials; that this area shall be cleaned up and leveled approximately to the grade of the adjacent streets and surfaced with clean gravel or steam cinders and treated with a binder to prevent dust; that there shall be constructed a long the East 17th Street building line in front of Lots 50 and 80 a wooden fence 8 feet in height, as shown; that the entire premises shall be arranged and constructed as shown on plans filed with this application marked "Received December 24, 1958," seven sheets, and "May 8, 1959," one sheet; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the provisions of Section 22A of the Zoning Resolution.

35-59-BZ

APPLICANT—Max Siegel Associates for 23 West 57th Corporation, owner.

SUBJECT—Application January 19, 1959—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a restricted retail use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for a stated term of ten (10) years.

PREMISES AFFECTED—23-25 West 57th Street, north side, 400 feet west of Fifth Avenue and 30 West 58th Street, Block 1273, Lots 19, 20, and 54, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 57th Street and Fifth Avenue are in a restricted retail use, B area, class 1½ height district; West 58th Street and Avenue of the Americas is in restricted retail and retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated January 15, 1959 acting on Alt. Applic. No. 1928-58, reads:

"1. The proposed parking lot for parking and storage of more than five (5) motor vehicles and attendant shelter located in a Restricted Retail Use District is contrary to Article II, Section 4B of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet 5 inches and 200 feet 10 inches in depth, on which there exists three outmoded buildings which are to be demolished, creating the open space, at grade level, for the proposed parking lot; that it is proposed to develop the site for a parking lot with its vehicular entrance from West 58th Street only, no vehicular entrances or exits to be provided on the West 57th Street frontage; that this 57th Street frontage will be protected by a face brick fence wall five feet high, with only a pedestrian gate in said wall for the convenience of the parking lot patrons seeking to reach 57th Street; that the site will be

surfaced as required and lighting will be provided with downward reflectors; that a woven wire fence will be provided on the lot line where no walls exist, and a frame attendant shelter will be provided at the entrance on West 58th Street—all as required for a modern parking facility; and

WHEREAS, the applicant contends that the critical need for off street parking facilities in this area is well known to all authorities; that this district is densely developed with many types of commercial enterprises, including department stores, a theatre and hospital; that there likewise exists several hotels in the immediate vicinity; that all of these uses are traffic generators, with little or no parking facilities available to accommodate their needs; and

WHEREAS, the applicant further contends that it is not the intent of the owner to permanently develop this site with a parking lot, but only use it for an interim period until the site is ready for development with a permanent building compatible with the other surrounding properties; that a similar parking lot exists at No. 35 West 58th Street, lot 12 in block 1274, which was granted by the Board; that it is located on the opposite side of the site and its limited capacity cannot possibly accommodate the demand on this street; and

WHEREAS, the applicant also contends that there are adequate special circumstances existing herein to warrant the granting of a temporary approval for the proposed use; that such a grant would do substantial justice, as it would permit the owner to make a beneficial use of its property without adversely affecting anyone, and at the same time, provide a much needed facility for the benefit of the public; and

WHEREAS, the applicant states that the present owner has held title to the property since October 20, 1958 and January 31, 1959; that the assessed valuation of land is \$525,000 and of the buildings \$105,000 making a total of \$630,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and applicant has filed a new plan showing an improved type of fence labeled, "Decorative Fence Wall"; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of two years, to permit in a restricted retail use district, the maintenance of a parking lot for the parking and storage of more than five motor vehicles, *on condition* that all cars parked therein shall be of the pleasure-car type; that the ground shall be graded substantially to 58th Street; that any retaining walls required, can sustain surrounding property levels, shall be constructed by this owner; that along the 57th Street building line there shall be erected a fence as shown on plan filed with this application marked, "Received May 8, 1959," 1 sheet, with display cases containing nothing other than eleemosynary advertisements, posters or exhibits of art or cultural value; that no advertising of any nature may be permitted in these display cases; that one pedestrian door five feet wide may be permitted in the fence wall; that the wall shall be 7 feet high along the street line and shall be coped with concrete and paneled with aluminum tubing or other sections; that such fence shall rest on a concrete foundation and footing 4 feet below the grade, all as shown on the plan submitted herewith; that along the 25 feet of frontage on 58th Street there shall be a 4 foot high woven wire fence with a gate in the center opposite 17 foot curb cut; that the parking area shall be surfaced with clean steam cinders or gravel or bluestone chips mixed with an impervious binder; that there shall be 8 flood lights installed on pipe standards, enclosed in metal reflectors and directing all light within the boundaries of this lot and no light shall scatter beyond the limits of this lot; that the only signs permitted shall be a sign on the 58th Street fence as required by the Department of Licenses for the

MINUTES

rates charged; that vehicles shall be limited to the pleasure-car type only; that there shall be permitted at the 58th Street front adjacent to the gate a frame attendant's shelter, 10 feet long, 8 feet high and 6 feet wide; that bumpers shall be provided along all lot lines and inside the fences at a distance out to prevent the cars striking the fences or wall adjacent; that there shall be a masonry curb and wire fence 4 feet high along the rear lot line of Lot 56 which faces 58th Street; that in all other respects the lot shall comply with all laws, rules and regulations applicable thereto; and that all permits required, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

43-59-BZ

APPLICANT—Lama, Proskauer and Prober for Max Ackerman, owner.

SUBJECT—Application January 23, 1959—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a retail and residence use, C area district, the erection of a class one building to be used as a factory and office with two loading berths, occupying more than the permitted area and with the omission of the required rear yard for a C area district.

PREMISES AFFECTED—76-96 Rochester Avenue, 1802-1812 Pacific Street southwest corner and 1793-1801 Dean Street, Block 1343, Lot 45, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: C. J. Cammarata, New York City Housing Authority.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper..... 3

Negative: Commissioner Fox..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 14, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, C area, class 1 height districts; that as of July 25, 1916 the entire premises were in an unrestricted use district and received the present use designation on November 4, 1940; and

WHEREAS, the decision of the Borough Superintendent, dated January 5, 1959 acting on N. B. Applic. No. 2124-58, reads:

"1. The proposed construction of a bldg. partly within a retail and partly within a residence use district with curb cut within the residence use district for factory, office and two loading berths is contrary to the Zoning Res. Art. II Sect. 4-A and Sect. 3.

2. The proposed structure exceeds the area permitted in a "C" area district by the Zoning Res. Art. IV, Sect. 13.

3. A rear yard is required by the Zoning Res., Art. IV, Sect. 17, adjacent to the residence use district where the lot abuts the residence use district.

4. These premises were the subject of action by the Board of Standards and Appeals under resolution #69-50-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 183 feet 5 inches frontage by 100 feet in depth, presently being used for parking and storage of motor vehicles; that it is proposed, for a temporary period of twenty years, to erect a modern one story building of class 1 construction, covering 100% of the lot, and proposed to

be occupied as a factory and office, with two loading berths; and

WHEREAS, the applicant states that the area of the lot is 27,003.50 square feet and the area of the proposed building is 27,003.50 square feet; that the permissible area covering is 16,952.10 square feet and therefore the proposal is 9,655.40 square feet in excess of the permissible coverage; and

WHEREAS, the applicant further states that Department of Buildings records indicate that use of parking and storage of motor vehicles was installed under Alt. Applic. No. 4239-49 and under Cal. No. 69-50-BZ for a temporary period expiring July 7, 1954; that on July 7, 1954 the Board granted an extension of the term of variance for an additional five years, to expire July 7, 1959; that no Certificate of Occupancy was issued on the last five year extension; and

WHEREAS, the applicant also states that the site is adjoined at the corner of Dean Street and Rochester Avenue—Lot 58—by a three story, loft building occupying 100% of the lot, and is also adjoined on the westerly lot lines by a one story junk shop, lot 44, and a one story loft building, lot 63, both occupying 100% of the lots; that it can therefore readily be seen that providing a 10 foot rear yard for that portion of the plot adjoining the residence use district and compliance with area coverage on a plot surrounded by buildings occupying 100% of their respective lots, would cause an unnecessary hardship upon the owner; and

WHEREAS, the applicant contends that within the affected area there are many non-conforming uses, so that the proposal would be in keeping at this point; that the land is high in assessed value, so that it is compulsory for the owner to develop this site in its entirety in order to receive an equitable return on his investment; that a grant of this application would be in complete harmony with the general intent and purpose of the Zoning Law; and

WHEREAS, the applicant states that the present owner has held title to the property since November 16, 1949 and that the assessed valuation of land is \$39,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7e and 21 for a term of twenty years, to permit in retail and residence use, C area district, the erection of a Class One building for use as factory and office, with two loading berths, occupying more than the permitted area and with the omission of the rear yard required for a C area district, as shown on plans filed herewith marked "Received January 23, 1959", 6 sheets, *on condition* that along the rear lot line behind the buildings and houses on lots 41, 42 and 43 on Block 1343, for a distance of ten feet in the north and south directions by 51 feet east and west there shall remain an unoccupied rear yard to provide light and air for the homes on such lots; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 3:20 P. M.

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1093-41-SM.

Subject: Amendment to resolution as to new model designations.

American-Radiator & Standard Sanitary Corporation, Plumbing and Heating Division, requested by letter dated March 1, 1957, that the resolution adopted February 17, 1942, under Calendar Number 1093-41-SM be amended so as to include a new model designation. The application was reopened by a vote of the Board, March 19, 1957.

Recommendation

The Committee on Test recommends that the resolution adopted February 17, 1942 approving the American Radiator & Standard Sanitary Corporation Plate B-1942 Water Controller for low tank—for water closets—be amended so as to permit it to be marketed as the R-3020 Water Controller provided that the requirements of the resolution adopted February 17, 1942 under Calendar Number 1093-41-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

13-54-SA

APPLICANT—Thermospray Company, Inc., owner.

SUBJECT—Application reopened June 25, 1957 for amendment of resolution—re Thermo-Spray SPC-4 with Air Heater Type GL-3 (preheating lacquers, paints, etc.); previously approved.

APPEARANCES—

For Applicant: Mrs. Henry G. Knof.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 13-54-SA.

Subject: Amendment to resolution.

Thermospray Company, Inc., 60 East 42nd Street, New York, requested by letter dated May 21, 1957 that the resolution adopted June 8, 1954 under Calendar Number 13-54-SA be amended so as to include an additional size air heater model GL-3/19. The application was reopened by a vote of the Board June 25, 1957.

Description

The GL-3/19 electric heating element is similar to the GL-3 heater used in the previously approved Thermo-Spray Type SPC-4 paint heater, except that it is rated at 1900 watts whereas the GL-3 is rated at 1400 watts.

The GL-3/19 has been tested and approved by the Underwriters' Laboratories, Application 56C4993.

The Committee on Test recommends that the resolution adopted June 8, 1954 under Calendar Number 13-54-SA be amended so as to permit the use of the GL-3/19 electric heating element in conjunction with the Thermo-Spray Type SPC-4 Paint heater on condition that the requirements of the resolution adopted June 8, 1954 under Calendar Number 13-54-SA be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

298-55-SM

APPLICANT—W. J. Haertel & Company, owner.

SUBJECT—Application reopened May 21, 1957 for amendment of resolution as to size of pan section—re Securities Pan System (suspension system for acoustical ceilings); previously approved.

APPEARANCES—

For Applicant: Rolando T. Curtis.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 298-55-SM.

Subject: Amendment to resolution as to size of pan section.

W. J. Haertel & Co., Chicago, Illinois, requested by letter dated April 5, 1957 that the resolution adopted June 21, 1955 under Calendar Number 298-55-SM be amended so as to include an additional size metal pan. The application was reopened by a vote of the Board May 21, 1957.

Purpose

The system is an incombustible suspended ceiling.

Description

The requested change is in the size of the pan and the change in shape of the top section of the pan to accommodate the steel clip. The size of exposed face has been reduced from 6 $\frac{3}{4}$ " to 2" and the top section has been lipped down in order to engage the steel clip, which is now a steel clip instead of a wire clip. The pans are .020" in thickness instead of 22 gauge.

MINUTES

Inspection and Test

Details of construction were examined by Ass't. Engr. J. A. Darts and the requested pan was compared with the approved.

Recommendation

The Committee on Test recommends that the resolution adopted June 21, 1955 under Calendar Number 298-55-SM be amended so as to include the 2 inch wide pan and the steel clip as herein described on condition that the requirements of the resolution adopted June 21, 1955 under Calendar Number 298-55-SM be complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

406-56-SA

APPLICANT—Bryant Division of Carrier Corp., for Bryant Industrial Products Corp., owner.

SUBJECT—Application May 22, 1956—Bryant Gas Conversion Burner, Model 1400, approval of.

APPEARANCES—

For Applicant: Donald Ferdon.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 406-56-SA.

Subject: Bryant Gas Conversion Burner, Model 1400, approval of.

Bryant Industrial Products Corp., Cleveland, Ohio, filed May 22, 1956, an application with the Board of Standards and Appeals for approval of the Bryant Gas Conversion Burner, Model 1400, Article 12, Administrative Building Code.

Purpose

Gas Fired conversion burners for use in large residences, commercial or industrial buildings.

Description

The Bryant Model 1400 burners consists of a number of atmospheric type burner torches assembled in a compact housing. They are especially designed for ashpit installation in furnaces or boilers.

The burner torches are made up of a gas orifice and mixer tube and are manifolded together in groups of three to seven torches. Each burner assembly is equipped with a single pilot light for ignition and an electronic control for gas cut off in case of flame failure.

Gas is supplied to the burners through a main burner manual valve and pilot manual valve, a gas pressure regulator for main and pilot burners, a diaphragm valve and controller and pilot solenoid valve. An ignition transformer is provided for spark ignition of the pilot light.

The burner housing acts as a combustion air duct and is provided at the rear with a hinged air door. The door opening is controlled by a linkage secured to the diaphragm valve.

The Model 1400 Burners are made with 3, 4, 5, 6, 8, 10 or 12 burner torches with input capacities of 400,000 Btu per hour for the smallest size to 1,500,000 Btu per hour for the largest.

A barometric draft regulator is recommended for all installations and is necessary where draft exceeds 0.10" W.C.

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Bryant Gas Conversion Burner, Model 1400 for use in New York City when installed in accordance with this report and the provisions of Article 12, Administrative Building Code, provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 406-56-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

505-56-SM

APPLICANT — Acoustic Manufacturing Corporation, owner.

SUBJECT—Application reopened December 9, 1958 for amendment of resolution as to attachment of suspended ceiling—re Acoustic Mfg. Corp. A-M Metal Acoustical Tile, Sizes, 12 x 24, 12 x 36 and 18 x 36; previously approved.

APPEARANCES—

For Applicant: Gilbert L. Phillips, Jr.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, and Commissioner Sleeper 3
Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 505-56-SM.

Subject: Amendment to resolution as to attachment of suspended ceiling.

Acoustic Manufacturing Corp., Detroit, Michigan, requested by letter dated November 18, 1958 that the resolution adopted March 4, 1958 under Calendar Number 505-56-SM be amended so as to include an additional means of attachment of the acoustical metal panels. The application was reopened by a vote of the Board, December 9, 1958.

Purpose

The material is to be used as an incombustible acoustical tile.

Description

There has been no change in the tile; the only change being in the method of attachment. The proposed method is a combination of the Beehive Anchor System, approved by the Board under Calendar Number 369-57-SM; a 1/4 inch steel rod. The KCR Spring clip and the metal pan tee track, previously approved under Calendar Number 505-56-SM.

In construction, the slot is installed on the forms and the concrete floor is then poured; thus the slot is imbedded in the concrete floor or arch, the nut is then inserted in the slot and so positioned that the smaller edge of the wedged faced nut is at the open end of the slot, a 1/4 inch threaded steel rod is then screwed into the nut; finally the KCR clip

MINUTES

which holds the track is attached to the rod. The entire system weighs 2 lbs. per sq. ft.

Inspection and Test

The Beehive System was approved for a loading of 160 lbs. on each anchor under Calendar Number 369-57-SM and the spacing allowed was 5'-0" in one direction and 2'-0" in a direction perpendicular to the 5'-0" direction, so that each anchor carried 10'-0" sq. ft. of suspended ceiling. The steel clip was tested at Manhattan College and the average failure was 608 lbs. and all failures occurred by the suspender rod of clip ripping out of slot in bottom of the clip.

Recommendation

On the basis of the tests and the data submitted by the applicant the Committee on Test recommends that the resolution adopted March 4, 1958 under Calendar Number 505-56-SM be amended so as to permit Metal Acoustical Tile to be installed as herein described under the provisions of C26-191.0 as a method of construction of an acoustical ceiling on condition that the requirements of the resolution adopted March 4, 1958 under Calendar Number 505-56-SM are complied with except that the hangers may be spaced on 4'-0" centers in each direction, and further that system may be installed without the channels as required under C26-461.0 Administrative Building Code.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

774-56-SM

APPLICANT—Speakman Co., owner.
SUBJECT—Application October 15, 1956—Speakman Back Syphon Preventer, Models K-9195-BSP; K-9196-BSP; K-9197-BSP; and K-9198-BSP, approval of.

APPEARANCES—
For Applicant: Myron Cohen.
ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—
Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 774-56-SM.

Subject: Speakman Back Syphon Preventer, Models K-9195-BSP; K-9196-BSP; K-9197-BSP; and K-9198-BSP.

The Speakman Co., Wilmington, Delaware, filed October 15, 1956, an application with the Board of Standards and Appeals for approval of Speakman Back Syphon Preventer, Models K-9195-BSP; K-9196-BSP; K-9197-BSP; and K-9198-BSP, for use in New York City under the provisions of C26-1277. o.h. of the Administrative Building Code.

Purpose

To prevent water being drawn back into supply line.

Description

The Speakman Back Syphon Preventer has a down feed supply and consists of a brass tube with air intake ports at the top. In this tube is a neoprene outward insert fitted over a plastic piston. These are designed to permit water to enter flush pipe and bowl, but to prevent water being drawn back into supply pipe. A pressure drop in the supply pipe,

combined with air pressure from outside air, cause the insert and piston to move into position to seal off the valve from flush pipe preventing back syphonage.

Inspection and Test

The Speakman Back Syphon Preventer, Model #K-9195-BSP, was subjected to performance and vacuum tests on the Test Bench at Flushing and Kent Avenues, Brooklyn, New York, and satisfactorily met the test requirements.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and the data filed, the Committee on Test recommends the approval of material known as Speakman Back Syphon Preventer, Models K-9195-BSP; K-9196-BSP; K-9197-BSP; K-9198-BSP for use in New York City when installed in accordance with C26-1277-o.h. of the Administrative Building Code provided that each Back Syphon Preventer shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 774-56-SM".

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

894-57-SM

APPLICANT—Sloan Valve Co., owner.
SUBJECT—Application November 6, 1957—Sloan Vacuum Breaker, Model V-188-A, approval of.

APPEARANCES—
For Applicant: P. C. Platt.
ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—
Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 894-57-SM

Subject: Sloan Vacuum Breaker, Model V-188-A.

Sloan Valve Co., Chicago, Illinois, filed November 6, 1957, an application with the Board of Standards and Appeals for approval of the Sloan Vacuum Breaker, Model V-188-A under the provisions of C26-1277 o.h. Administrative Building Code.

Purpose

The material is to be used to prevent back syphonage.

Description

The vacuum breaker is a non-pressure down feed atmospheric type. The breaker consists of a chrome plated brass body into which is pressed a formed sheet brass shell, which carries the valve which is hinged at its upper end to the shell, so that it seats on an opening in the shell. The opening in the shell is at an angle with the vertical axis of the unit of about 30° of arc. The valve is made of Hycar compound rubber.

The shell is provided with an opening on the obverse side which permits entrance of air into the unit when it is under vacuum. The cover for the body of unit carries the air-relief ports and is screwed into the top of the body.

Inspection and Test

The vacuum breaker was tested at the Department of

MINUTES

Water Supply, Gas & Electricity Test Bench located at Flushing & Kent Avenues, Brooklyn, New York. The unit successfully met the vacuum tests. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Sloan Vacuum Breaker, Model V-188-A as herein described, for use in New York City under the provisions of C26-1277 o.h. Administrative Building Code on condition that the unit be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 894-57-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

159-58-SM

APPLICANT—E. F. White for Weatherguard Service Inc., owner.

SUBJECT—Application March 20, 1958—Zinaloy Zinc Cavity Wall Tie, approval of.

APPEARANCES—

For Applicant: B. F. White.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 159-58-SM

Subject: Zinaloy Zinc Cavity Wall Tie.

Weatherguard Service, Inc., Bronx, N.Y., filed an application March 20, 1958 with the Board of Standards and Appeals for approval of Zinaloy Zinc Cavity Wall Tie for use in New York City under the provisions of C26-430.0.f of the Administrative Building Code.

Purpose

Wall Ties used to anchor the hollow wall tithes together (Cavity Wall).

Description

The wall ties of Zinaloy Zinc are made of special grade zinc alloyed with minimum of $\frac{3}{4}$ of 1% copper.

Zinaloy Zinc has the following properties:

Physical Properties

Specific Gravity	7.15
weight—lbs/cu.in.	.259
electrical conductivity % of copper.	28.

Mechanical Properties

Tensile Strength	
Parallel to Grain	29,000–33,000 lbs.
Across Grain	35,000–42,000 lbs.
Elongation (% in 2" with Grain) ..	41–52%
Elongation (% in 2" across Grain)	20–40%
Hardness (Rockwell 15 T scale).	61–70

Zinaloy Zinc wall ties are a minimum of $\frac{1}{4}$ " in diameter by 8" long, "Z" shaped with a center "Vee" drip.

Inspection and Test

Samples of the wall tie were inspected at the office of the Board as to the design and the non-corrosive features of the

tie by Ass't. J. A. Darts, Committee on Test.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Zinaloy Zinc Cavity Wall Tie when manufactured of material as herein described for use in New York City under the provisions of C26-430.0.f Administrative Building Code on condition that each bundle or container in which the ties are packed or marketed shall be tagged or stamped as follows. "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 159-58-SM".

(Sgd.) SAMUEL L. BECKER,

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 185-58-SA.

Subject: Dean Automatic Washer and Dean Manual Washer for Garbage and Waste Cans, Models CWA and CW in three sizes, approval of.

Washburn and Granger Inc., Paterson, New Jersey, filed March 11, 1958 an application with the Board of Standards and Appeals for approval of the Dean Automatic Washer and Dean Manual Washer for Garbage and Waste Cans, Models CWA and CW in three sizes for use in New York City under the provisions of C26-191.0 Administrative Building Code and the Submerged Inlet Rules of the Board.

Purpose

Appliance for washing out garbage and waste cans.

Description

The Dean Automatic Washer is a cabinet type washer designed for washing garbage or waste cans by means of sprays of hot water with or without the addition of live steam. Hot and cold water are supplied through 1 inch pipe lines while steam if used, is supplied through a $\frac{1}{2}$ inch line. Hot water pressure should be at least 40 psi and steam pressure should not exceed 5 psi.

The cabinets are available in stainless steel or carbon steel painted or galvanized, 11 gauge in thickness except for a $\frac{3}{16}$ inch bottom plate. A 3 inch pipe connection is provided in the side of the cabinet near the bottom for drainage and the opening to this connection is covered with a metal screen made with $\frac{3}{8}$ inch holes to retain solid matter. The cabinet has a 1- $\frac{1}{2}$ inch pipe connection near the top for venting the interior.

In operation, one or two cans, depending on the size unit, are placed into the cabinet in an inverted position onto a turn table. The doors are closed and the water flow started

MINUTES

electrically through solenoid valves placed in each supply line. The cleaning cycle is automatically limited to 3 minutes. Water and steam lines are manifolded together after the solenoid valves and supply side nozzles that spray the outside of the cans and bottom spray nozzles that spray the inside of the cans. The flow of water through the bottom nozzles rotates the turn tables supporting the cans.

The automatic washers are designed so that if the doors are opened during the cleaning cycle the electric circuit would be opened and all solenoid valves would close.

The manual washers are similar except that the solenoid valves are replaced with manual valves. The steam valve when used, is designed to close with the opening of the cabinet door.

The Dean washers are made to accommodate 22 inch diameter cans, 26, 30 or 36 inches high.

All washers are to be installed with check valves and approved vacuum breaker valves in the water lines ahead of the solenoid or manual valves.

Inspection and Test

All details of construction were examined by Ass't. Engineer G. F. Sklenarik, Committee on Test. A two can washer was inspected at the Memorial Hospital, 410 East 68th Street, New York.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Dean Automatic Washer and Dean Manual Washer, Models CWA and CW, for use in New York City when installed in accordance with this report and the Submerged Inlet Rules of the Board, provided that each washer shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 185-58-SA".

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 224-58-SA.

Subject: National-U. S. Mark III Packet Boiler, Gas Fired, Models GP-20-WE and GP-25-WE, approval of.

National-U. S. Radiator Corp., Johnstown, Pa., filed February 21, 1958 an application with the Board of Standards and Appeals for approval of the National-U. S. Mark III Packet Boiler, Gas fired, Models GP-20-WE and GP-25-

WE for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired boilers for forced hot water heating systems.

Description

The GP-20-WE and GP-25-WE are steel boilers designed in accordance with the ASME code for boiler construction and are encased in a white enameled steel cabinet insulated with a 1 inch layer of glass wool.

The top of each boiler has a space to act as an air cushion and has a large float type air vent to automatically eliminate excess air from the system. A water circulator is installed on the rear side of the boiler for forced circulation of hot water through the heating system. Domestic hot water is supplied from a tankless hot water heater installed below the water line in the top of the boiler.

The boiler is fired with a single upshot burner with flame spreader. Gas is supplied through a gas pressure regulator valve and automatic gas valve. Controls consist of a safety pilot for ignition and for automatic shut down in case of flame failure and a high water temperature limit control. Each boiler is provided with an A.S.M.E. relief valve.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The Models GP-20-WE and GP-25-WE were tested and approved by the American Gas Association for inputs of 144000 Btu per hr. and 180,000 Btu per hr. respectively.

Recommendation

On the basis of the examination and the test and the data filed by the applicant, the Committee on Test recommends the approval of the National-U. S. Mark III Packet Boiler Models GP-20-WE and GP-25-WE for use in New York City under the provision of Article 12, Administrative Building Code with a minimum clearance of 6 inches from sides and rear of the jacket and draft hood to adjacent combustible building structure but adequate to permit servicing of the boiler unit and provided that each boiler shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 224-58-SA."

MINUTES

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 302-58-SM.

Subject: Amendment to resolution as to additional size.

Interboro Incinerator Company, Brooklyn, New York requested by letter dated February 23, 1959 that the resolution adopted January 13, 1959 under Calendar Number 302-58-SM be amended so as to include hopper doors of additional size. The application was reopened by a vote of the Board March 17, 1959.

Purpose

The material is to be used as a one and one half hour fire resistive incinerator hopper door.

Description

The approved Model HD-1 was approved for an over all size of 14 inches by 20½ inches. The requested Models HD-2 has an over all size of 16 inches by 20½ inches and the Model HD-1113R has an over all size of 14 inches by 17 inches; in all other respects the doors are similar to the door approved January 13, 1959 under Calendar Number 302-58-SM.

Recommendation

The Committee on Test recommends that the resolution adopted January 13, 1959 under Calendar Number 302-58-SM be amended so as to include the hopper doors, Models HD-2 and HD-1113R as falling within the permissive variation as allowed under C26-610.0 Administrative Building Code and the Rules for Inspection of Opening Protective Assemblies on condition that the requirements of the resolution adopted January 13, 1959 under Calendar Number 302-58-SM are complied with.

Purpose

The slab is used as an incombustible roof slab.

Description

The slabs are a reinforced perlite concrete slab made in sizes of 24 inches by 74 inches by 3 inches and 24 inches by 96 inches by 4 inches. The design mix is of a proprietary nature and the formulation has been retained in the Board's safe.

The reinforcing in the 3 inch thick slab consists of a mesh—#7 wire—2 inch centers longitudinal and #11 wires—6 inch centers plus 2½ inch rounds over the mesh in the tension face of the slab and 2½ inch rounds in the compression face of the slab.

The reinforcing in the 4 inch thick slab consists of the same mesh reinforcing as the 3 inch thick slab and 4½ inch rounds spaced equidistant over the mesh in the tension face and 2½ inch rounds in the compression face.

Inspection and Test

Samples of the two sizes were tested in accordance with the requirements of C26-626.0 Administrative Building Code by R. W. Hunt Co., Laboratory.

Results were as follows:

1. 3" Thick Slab—6'-2" Long—5'10" Clear span
Area under test = 12⅓ sq.ft.
Average Load of 3 slabs at failure = 2432 lbs.
Loads in lbs. per sq.ft. = 197 lbs/sq.ft.
Safe carrying capacity—Superimposed Load—Live & Dead = $197 \div 4 = 49$ lbs/sq.ft.
2. 4" Thick Slab—8'-0" Long—7'-8" clear span
Area under test = 16 sq.ft.
Average load of 3 slabs at failure = 3309 lbs.
Load in lbs. per sq.ft. = 207 lbs/sq.ft.
Safe carrying capacity—Superimposed Load—Live & Dead = $207 \div 4 = 51$ lbs/sq.ft.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Castlite (Precast Perlite Concrete Slab) for use in New York City, when manufactured as herein described, as an incombustible roof slab as meeting the requirements of C26-88.0 and C26-626.0 Administrative Building Code, for use under C26-618.0 Administrative Building Code on condition that the compression face of the slab is so designated so that the plank shall be correctly installed and further that the plank shall be marked or tagged "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 473-58-SM."

APPLICANT—Dunkirk Radiator Corporation, owner, Vandewater Associates, Inc., Agent.

SUBJECT—Application July 30, 1958—Blue Circle, Concord, Gas Boiler, Models 1D3, 4, 5, 6, 7, 8; 2D3, 4, 5, 6, 7, 8, approval of.

APPEARANCES—
For Applicant: Jack Reubens.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

MINUTES

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Calendar Number 480-58-SA.

Subject: Blue Circle Concord Gas Boiler, Models 1D-3, 4, 5, 6, 7, 8, 2D-3, 4, 5, 6, 7, 8.

Dunkirk Radiator Corp., Dunkirk, New York, filed July 30, 1958 an application with the Board of Standards and Appeals for approval of the appliance known as Blue Circle Concord Gas Boiler, Models 1D-3, 4, 5, 6, 7, 8, 2D-3, 4, 5, 6, 7 & 8 under the provisions of Article 12, Chapter 26, Administrative Building Code and permission to market the boiler under additional trade name.

Purpose

The appliance is a gas fired hot water and steam boiler.

Description

The 1-D Series is designed for hot water systems only, whereas the 2-D is designed for use with either steam or hot water. The 1D Series range from 50,000 to 160,000 BTU per hour and the 2D Series range from 100,000 to 290,000 BTU per hour.

The boilers are of cast iron sectional construction with six sizes in each series. The 1D are rated at 265 to 850 sq. ft. of hot water and the 2D is rated at 530 to 1545 sq. ft. of hot water or 330 to 965 sq. ft. of steam radiation. The boiler sections are designed on the wet base principle.

The gas burners are atmospheric type made of cast iron with raised drilled ports. The size of the burner head and number of ports varies with the length and capacity of the boiler. The burner orifices are of the fixed orifice type. Secondary air is admitted to the combustion area through openings between the sections at the bottom of the boiler.

The units are equipped with a combination flue collector and draft diverter which is built into the unit.

The controls used consist of an automatic gas control valve which operates according to the heat requirements of the thermostat and also by means of the temperature of the pressure limit control; this closes when the pilot is extinguished. A gas pressure regulator is also provided. In addition, a temperature limit control is used on water boilers to prevent excessive boiler water temperature within its adjustable range of 100° to 240° F.

On steam boilers a pressure limit control is installed to prevent excessive pressure within its adjustable range of 0 to 15 lbs. pressure. A low water cut-off is also supplied.

Inspection and Test

The details of construction were examined by Ass't. Engr. J. A. Darts, Committee on Tests.

The appliance has been approved by the American Gas Association for natural, manufactured and mixed gases and the boilers are designed in accordance with the ASME Code.

Recommendation

On the basis of the examination and the data filed by the applicant the Committee on Test recommends the approval of the Blue Circle Concord Gas Boiler, Models 1D-3, 4, 5, 6, 7, 8 and 2D-3, 4, 5, 6, 7, & 8 for use in New York City when installed in accordance with this report and the provisions of Article 12, Chapter 26, administrative Building Code and provided that each appliance bear a label, permanently affixed, reading as follows: Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 480-58-SA. The Committee further recommends that the appliance may be marketed under the following trade names by the following companies; Arco Mfg. Corp., Ranger Models 1G3, 1G4, 1G5, 1G6, 1G7, 1G8, 2G3, 2G4, 2G5, 2G6, 2G7 and 2G8. Utica Radi-

ator Corp., Constellation, Models 1G3, 1G4, 1G5, 1G6, 1G7, 1G8, 2G3, 2G4, 2G5, 2G6, 2G7 and 2G8; Delco Appliance, Division General Motors, Delco Models GSB-100, GSB-138, GSB-176, GSB-214, GSB-252 and GSB-290; Sears-Roebuck and Co., Homart 229.101, 229.102, 229.103, 229.104, 229.105, 229.106, 229.107, 229.108, 229.109, 229.110, 229.111 & 229.112; and Montgomery Ward Fairway Models 7151, 7152, 7153, 7154, 7155 & 7156.

For Applicant: Michael Siskin.

ACTION OF BOARD—Material approved in Accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 680-58-SM.

Subject. Mearlcrete Structural Roof Deck and Insulation Deck.

Mearl Chemical Corp., West Roselle Park, New Jersey, filed November 25, 1958 an application with the Board of Standards and Appeals for approval of the material known as Mearlcrete Structural Roof Deck and Insulation Deck under the provisions of C26-88.0, C26-191.0 and C26-626.0 Administrative Building Code.

Purpose

The material is to be used as an insulating roof deck.

Description

The insulating concrete shall consist of portland cement slurry with an admixture of protein foam. The mix is of a proprietary nature and is therefore not divulged.

The insulating concrete shall not be considered to be a structural concrete.

The weight of the concrete ranges from 4.5 lb. per sq. ft. for the 2 inch thick slab to 9.0 lbs. per sq. ft. for the 4 inch thick slab.

Inspection and Test

As the material is not to be used as a structural member, the only element considered was of incombustibility and the material successfully met the requirements of C26-88.0 Administrative Building Code.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Mearlcrete Insulation Deck for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code as an incombustible insulating roof deck on condition that the insulating roof deck shall not be considered as adding to the structural

MINUTES

strength of the roof and shall only be used as an insulating fill and further that the deck shall be covered with an approved roofing material and further that each container in which the material is marketed shall be stamped, tagged or labeled "Approved by the Board of Standard and Appeals for use in New York City under Calendar Number 680-58-SM."

THE RESOLUTION—

WHEREAS, this application was amended by the Board under Vol. II on March 5, 1957, as to Lots 22 and 23; and

WHEREAS, this application was amended under Vol. III on March 11, 1958, as to Lots 24 and 26; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 8, 1955 as thereafter amended by resolutions adopted through March 11, 1958 under Volumes II and III, only so far as it refers to the term of variance, so that as amended this portion of the resolution shall read:

"... granted under Section 7, Subdivision h for a term of two years from the date of this amended resolution, to permit; that other than as herein amended the resolution above cited shall be complied within all respects; and that all permits, including a new Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this amended resolution." (Alt. App 634-54 and Alt. App. 1105-56)

* Correction—The first and second whereas paragraphs corrected relative to the dates of certain actions and the lot number involved, as indicated in italics and to combine this last action under Volume III.

PUBLIC HEARING

Proposed Revision of Rules of Procedure

(89-27-SR)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday morning* May 22, 1959 at 10 A. M., at 80 Lafayette Street, 9th floor, Manhattan, on the Proposed Revision of the Rules of Procedure.

ARTICLE I—PUBLIC HEARINGS

1. Regular sessions designated as public hearings of the Board of Standards and Appeals shall be held on Tuesday of each week at 10 A. M. and 2 P. M., and such additional sessions on days to be set by the Board and as may be deemed necessary to facilitate the work of the Board.

2. Sessions shall be devoted to hearings on applications for variances of the Zoning Resolution; appeals from administrative orders or decisions; applications for variances of the Labor Law, Multiple Dwelling Law or Multiple Dwelling Code; applications pursuant to the General City Law; applications for approval of appliances, materials and methods of construction and consideration of rules and such other matters coming before the Board. Such sessions shall be published in the Bulletin of the Board of Standards and Appeals.

3. Special sessions may be called by the Chairman or at the request of three Commissioners, provided that notice is given to each Commissioner at least twenty-four hours before the time set for such session.

4. All hearing sessions shall be open to the public.

5. A quorum of the Board of Standards and Appeals shall consist of three Commissioners.

6. The Commissioners of the Board shall attend sessions in person, except that, during absence or disability, a substitute may act as provided by law.

ARTICLE II—CASES BEFORE THE BOARD

1. Every application under the Zoning Resolution, every administrative appeal, every application pursuant to General City Law, Multiple Dwelling Law or Multiple Dwelling Code or Labor Law, and every application for approval of any materials, appliances or methods of construction shall be made to the Board on the forms provided, and shall include the data required in such forms as to supply all information necessary for a clear understanding by the Board, the Director and the staff. The statements of essential information made by the applicant and the determination of the Board in each case will be incorporated in a resolution formally adopted and published in the Bulletin of the Board. Officials, who are charged with the enforcement of the laws, ordinances and rules relating to buildings in the City of New York shall be bound by resolutions and, before granting a permit or taking any other action, shall see that there are no misstatements as to facts and that the conditions of the resolution are observed. Any administrative official discovering any misstatement of essential information is requested to notify the Board, in order that it may take such actions as the circumstances require. All approvals or actions shall remain valid only as long as the information and the conditions on which the resolution are based are maintained.

2. Any communication purporting to be an application or appeal shall be regarded as a mere notice of intention to seek relief and shall have no force or effect until it is made in the form required, except as provided in Article VI.

3. Upon receipt of any such communication, the writer shall be supplied with the proper forms for presenting his application or appeal and shall file the proper form and furnish all necessary data within thirty (30) days of the date of the order or decision appealed from, except as provided in

Article VI. Before such appeal or application is docketed and Calendar number assigned, he shall pay the prescribed fee.

4. A duplicate copy of each application or appeal required by this article shall be forwarded by the applicant, immediately upon compliance with Subdivision 3 of this article, to the administrative official from whose order or determination the appeal is made. When such application is filed pursuant to the General City Law, a copy of each application and plans relative thereto shall simultaneously be served on the President of the Borough in which the premises are located. Proof of such service shall be filed with the Board.

5. At the public hearing of a case before the Board, the applicant shall first present the argument in support of the case and those in objection shall follow. To maintain orderly procedure, each side shall proceed without interruption by the other.

6. Every person before the rostrum shall abide by the order and direction of the Chairman. Discourteous or disorderly conduct shall be regarded as a breach of his privileges and shall be dealt with as the Chairman deems proper. Subject to the direction of the Board, the Director shall enforce these rules and supervise the Sergeant at Arms in maintaining order and decorum in the hearing room and lobbies during all public hearings.

7. Commissioners shall not proceed to question or discuss an issue, put a motion or offer a resolution until they shall have addressed the Chairman and shall have been recognized by him. During the progress of the roll call, no Commissioner shall interrupt or leave his seat.

ARTICLE III—THE CALENDAR

1. Each case filed in the proper form, with the required data, shall be numbered serially except that, when a new case is filed for the same premises as a disposed-of case and the Board so directs, the original calendar number may be used and, in addition, the case shall be termed Volume I, II, or III, etc., as the case may be.

The Calendar numbers shall begin anew on January 1st of each year, and shall be hyphenated with the number of the year and the initials indicating the character of the case.

2. As soon as a case is filed and fee is paid, it shall receive a calendar number, be placed on the docket and referred to the examiners for review. When the examiners find that the applicant has properly completed his application or appeal, the applicant shall be notified of the date on which his case will be set for public hearing.

3. Each case, other than the Special Order cases, shall be listed by Calendar number and premises in the Hearing Calendar printed in the Bulletin of the Board, under the title of the respective proceedings and the date for which such case has been set.

4. The Special Order cases shall consist of applications for any extension of the time to complete the work, for any extensions of the term of the variance, for the restoration of a case to the docket, for any amendment to the resolution or for any other action in any matter coming before the Board.

ARTICLE IV—DISPOSITION OF CASES

1. The final determination of any application or appeal before the Board shall be in the form of a resolution either reversing, varying or modifying the order, requirement, decision or determination appealed from, granting the application or appeal or affirming the order or decision and denying the application or appeal, or dismissing the application or appeal for lack of jurisdiction or prosecution. The concurring vote of three Commissioners shall be necessary to a decision. If a resolution fails to receive three votes in favor of the applicant, the action will be deemed equivalent

PUBLIC HEARING

to a denial and a resolution denying such application or appeal shall be formally entered on the record unless there be a Commissioner absent at the roll call and the vote of the absentee added to the number of votes for the applicant would be equal to three, in which case the matter will be laid over for consideration and final determination.

2. With the consent of the Board, any applicant may withdraw his application or appeal at any time prior to action thereon, but, if a motion has been made, and be pending, such motion shall have precedence.

3. No application or appeal which has been dismissed or denied can be considered again except on a motion adopted to reconsider the vote or to restore to the Calendar.

4. No request for a re-hearing will be granted unless substantial new evidence is submitted. If, on motion of a Commissioner, adopted by three affirmative votes, the request is granted, the case shall be put on the docket and calendared for rehearing.

In all cases the request for rehearing shall be in writing, reciting the reasons for the request, and shall be accompanied by the necessary data and diagrams. Such request shall be filed with the Director who may then set a date when the request for restoration to the Calendar shall be submitted to the Board, of which date the person making the request shall be notified.

5. The Board may, on the motion of any Commissioner, review any decision that it has made and may reverse or modify such decision, but no such review shall prejudice the rights of any person who has in good faith acted thereon before it is reversed or modified.

ARTICLE V—ZONING APPLICATIONS

1. No application for a variance or modification of the provisions of the Zoning Resolution shall be entertained by the Board except in a specific case, and from an order, requirement, decision or determination made by the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings, on the ground that the proposed plan or use violates the Zoning Resolution, except when the Board has original jurisdiction.

2. No such application shall be entertained unless the application is filed within thirty (30) days from the date of the action of the Commissioner of Buildings or any Borough Superintendent of the Department of Buildings.

3. Every application shall be made on Form BZ and shall be accompanied by all the data required by such forms, and shall be considered subject to such rules as the Board has adopted or may adopt under the Zoning Resolution.

4. As soon as any application is completed by the filing of the data required in Form BZ and payment of the prescribed fee, the case shall receive a calendar number. After a review of the application by the Examiner, the applicant shall be notified by the Director on Form 6CC of the date set for the Public Hearing, which shall be at least thirty (30) days after the mailing of said notice. With this notice, the applicant shall be supplied with an official copy of Form 7NO, which he is required to send, **NOT LESS THAN TWENTY (20) DAYS PRIOR TO THE DATE OF SUCH HEARING**, to every property owner entitled to notice of the application. Within *five* (5) days of such hearing date, the applicant must file a verified statement that he has so notified each such property owner either by personal service or by registered or certified mail. Not less than fourteen (14) days notice of the said hearing shall be given by publication in the Bulletin of the Board.

5. On the date set for the Public Hearing, the applicant, owner, his architect, engineer, agent or attorney shall state his case; then the opposition shall be heard, and both shall have an opportunity for rebuttal.

6. Any application that has been denied after a Public Hearing cannot be reheard except on new material facts or under a different section of the Zoning Resolution.

7. Property owners in the affected area of the zoning application may appear at the Public Hearing and voice their objections in person, or by agent or attorney. Each person shall give his or her name after being recognized by the Chairman, the block and lot of the property owned by him or her and then briefly state his or her objections. In lieu of a personal appearance, or by an agent or attorney, he may file his or her views in writing on Form 9C, which is obtainable at the offices of the Board. Briefs will be accepted only if filed at least three (3) days before the Public Hearing. "Printed Instructions to Objectors", adopted by the Board, shall be available to such property owners free of charge, as a guide in filing their opposition to the application for a zoning variance.

ARTICLE VI—APPEALS

1. No appeal from any order, requirement, decision or determination of the Commissioner of Buildings, or any Borough Superintendent of the Department of Buildings or the Fire Commissioner or from any rule or regulation relating to the construction, alteration, demolition, structural changes, equipment, occupancy or use of any building or structure or premises under the Charter or the General City Law or any other law under which the Board has jurisdiction shall be entertained unless such appeal is filed on Form A with all the data required in such form, within thirty (30) days from the date of the order, requirement, decision or determination, appealed from, except that minor appeals from orders or decisions may be filed on Form A accompanied by a written description of the premises and a copy of the order or decision. What constitutes minor appeals from orders or decisions shall be determined by the Board.

NEW ARTICLE VII—LABOR LAW VARIANCES

1. No application for a variance of the Labor Law, or of any rule adopted thereunder, affecting the demolition, construction or alteration of buildings, exits therefrom, the installation of fixtures or apparatus, as authorized by Section 666 of Chapter 27 of the New York City Charter, shall be entertained unless it is made on Form A, with all the data required on such form within thirty (30) days of the date of the administrative order.

ARTICLE VIII—MATERIALS, APPLIANCES AND METHODS OF CONSTRUCTION

1. No application for and approval of a material, appliance or method of construction shall be entertained unless it is filed on Form SA/SM, with all the data required.

ARTICLE IX—ADOPTION OF RULES

1. No application for the adoption or amendment to any of the rules of the Board shall be entertained unless the application is made in writing.

2. No proposed rule or regulation or amendment thereto, originating with the Board or submitted to the Board for adoption, shall be published in the Bulletin, until such publication is authorized by at least three (3) Commissioners.

3. No resolution of the Board of Standards and Appeals adopting or amending any rule or regulation under Section 666 of the Charter or any other law shall be adopted unless such proposed rule or regulation shall have been published in the Bulletin of the Board for at least ten days prior to a public hearing thereon. Three (3) affirmative votes of the Board shall be necessary for the adoption of such resolution. No such rule shall become effective until twenty (20) days after publication in the Bulletin.

ARTICLE X—ADOPTION OF OTHER RESOLUTIONS

1. Every resolution of the Board of Standards and Appeals suggesting changes or amendments to the law and every resolution not otherwise provided for, shall require at least three (3) affirmative votes for its adoption.

PUBLIC HEARING

ARTICLE XI—INSPECTIONS

1. In any case in which the Board may deem it necessary, inspection of the premises in question may be ordered by the Board. Such inspection shall be made by a Committee of not less than two (2) Commissioners and they shall report their findings to the Board at any executive session, prior to the public hearing at which the vote will be cast. The committee may include the Director and/or a staff engineer as designated by the Board. Any Commissioner of the Board shall be included in the Committee, upon his request.

ARTICLE XII—TESTS

1. The five (5) Commissioners of the Board shall constitute the Supervisory Committee on materials, appliances and methods of construction. In any case in which a test is required, the Director shall order such test of any material, appliance or method of construction. Such tests shall be conducted according to the rules adopted by the Board, or directives of the Supervisory Committee, and in accordance with the requirements of law for the use of such material, appliance or method of construction. Tests shall be conducted in the presence of such member of the engineering staff as the Director may designate. In lieu of the above, tests made of the material, appliance or method of construction, by a recognized standard testing laboratory, City or State department, may be acceptable, but the Board reserves the right to be represented at tests by a member of the Engineering Staff or Board or any other person designated by the Supervisory Committee. The complete report of such tests shall be made to the Board in writing.

2. All expenses, including laboratory and traveling expenses, of such tests shall be borne by the applicant and no cost of such tests shall be borne by the Board.

3. Three (3) affirmative votes of the Board shall be necessary for the approval of such material, appliance or method of construction.

ARTICLE XIII—RECORDS

1. All applications and appeals shall be on the required forms, and all communications, reports, etc., relating thereto shall be on sheets approximately 8½ inches by 11 inches in size. Plans shall be on sheets 8½ inches by 11 inches or double thereof unless otherwise accepted by the Director. After final disposition, all applications and appeals and other papers appertaining thereto shall be suitably bound and indexed and filed numerically in cabinets. All applications and appeals, shall upon application to the clerk in charge, be accessible to the public at all reasonable hours.

2. All drawings shall be properly titled, numbered, dimensioned, dated, and otherwise shall conform with the instruction sheet. No drawings shall be accepted unless they bear the seal of a registered architect or licensed professional engineer.

ARTICLE XIV—THE BULLETIN

1. The Bulletin of the Board of Standards and Appeals shall be published each week except during recess. It shall contain:

- (1) Directory of the Board.
- (2) Docket of cases filed since the last publication of the Bulletin.
- (3) The Hearing Calendar.
- (4) Notice of Hearing on proposed rules or the amendment of rules.
- (5) An abstract of the minutes of each meeting, including a brief statement of the action in each case, with the roll call thereon and the full text of the resolutions adopted.
- (6) Index of rules adopted.
- (7) Such other information as may be of value to the public and within the scope of the work of the Board.

2. The preparation and editing of material for the Bulletin shall be in charge of such members of the staff as shall be designated by the Director.

3. The Bulletin of the Board of Standards and Appeals is the official publication of the Board in accordance with Section 665 of the New York City Charter. Notice of hearings published in such Bulletin constitutes required legal notice.

ARTICLE XV—OFFICERS

1. The Chairman, or in his absence, the Vice-Chairman shall preside at all sessions. The Chairman, or in his absence, the Vice Chairman, may designate another Commissioner of the Board to preside and perform the duties of the Chair at public sessions or hearings. If the Chairman and Vice Chairman are absent and a quorum is present, they shall choose a presiding officer from among their number.

2. The Chairman, subject to these rules, shall decide all points of order or procedure, at public hearings, unless otherwise directed by a majority of the Board in session at that time.

3. The Chairman shall, subject to these rules, designate the Commissioners of the Board to make inspections and, unless otherwise directed by the vote of three (3) Commissioners of the Board, shall appoint any committee that may be deemed necessary, except as otherwise provided in Article XI.

4. The Chairman, any Commissioner and the Director shall report at executive sessions all pertinent official transactions that do not otherwise come to the attention of the Board.

5. Administrative authority is vested in the Director, who shall, subject to these rules, transact all administrative business of the Board, engage the necessary employees and direct the work of the office. Official correspondence relating to administrative matters shall be signed by the Director. All official correspondence relating to any matters pending before the Board on the Hearing Calendar shall be signed by the Chairman or a member of the Board or staff designated by him. Copies of all incoming official correspondence may be sent to the Chairman, the Commissioners and/or Director.

6. Subject to these rules and the supervision of the Director, the Chief Clerk shall have charge of all accounts and shall see that the files and indices are kept in proper order and up to date and generally supervise the clerical work of the office force.

7. Subject to these rules and the supervision of the Director, the Engineering Staff shall examine and report on all applications and appeals, prepare proposed rules or revised rules assigned to them by the Director, and shall report on the desirability, reasons and necessity for action. They shall supervise and witness the tests conducted under the auspices of the Board.

8. A complete stenographic record of the transactions at public sessions shall be made for the files, and there shall be prepared after each meeting for publication in the Bulletin the abstract of the minutes which are to appear in such Bulletin. Verbatim transcripts of the record or any part thereof may be made as directed by the Chairman or the Director.

ARTICLE XVI—RULES OF PROCEDURE

1. Amendments to these Rules of Procedure may be made by the Board of Standards and Appeals at any public hearing, provided notice of such amendment has been given to each Commissioner of the Board at least three (3) days prior to such session, either in writing or by publication in the Bulletin. Any Rule of Procedure may be suspended at any session by the concurring vote of three (3) Commissioners.

PUBLIC HEARING

NOTICE OF PUBLIC HEARING

CAL. NO. 217-21-SR

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals *Wednesday* May 27, 1959 at 10 A.M. in Room 909, at 80 Lafayette Street, Manhattan, on the following proposed amendments to the rules covering the installation and use of oil burning equipment and the storage of oils used in construction therewith. New matter in italics, old matter in brackets [] to be omitted.

- 2.5 *CERTIFICATE OF OPERATION: a certificate of operation as provided for in section B26-58.0 of the administrative code shall mean the operating certificate or certificate of operation issued when required by the Department of Air Pollution Control upon completion of the installation of new or remodeled or reconstructed oil burning equipment.*
- 2.6 [2.5] COMMERCIAL INSTALLATIONS: Oil burner installations in buildings, other than dwellings when used for heating and/or generation of power for use on premises.
- 2.7 [2.6] CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.8 [2.7] DISCHARGE LINE: That portion of the line between the discharge outlet of the pump and the burner oil inlet connection.
- 2.9 [2.8] DOMESTIC INSTALLATIONS: Oil burner installations installed in dwellings as defined in these rules.
- 2.10 [2.9] DWELLINGS: Buildings used exclusively for dwelling purposes and occupied by one or two families, including convents, rectories, and monasteries.
- 2.11 [2.10] ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.11.1 [2.10.1] The conductor from tank to ground connection shall be of copper not smaller than No. 6 (.162") A.W.G. wire, or pipe not less than one-half inch (1/2") in diameter.
- 2.11.2 [2.10.2] One end of conductor shall be permanently and electrically bonded to tank. The other end shall be bonded to a ground connection consisting of a water pipe or a rod, pipe or plate having a surface area of not less than one hundred and ninety (190) square inches, buried in moist earth not less than two feet (2') below the surface of the earth.
- 2.12 [2.11] FILL PIPE: That portion of the line between the fill pipe terminal and the fill pipe connection in the storage tank.
- 2.13 [2.12] FIRE RETARDING MATERIALS:
- 2.13.1 [2.12.1] One-half (1/2) inch plaster boards, or asbestos boards, or three-eighths (3/8) inch gypsum wall boards weighing not less than 16 pounds per square yard with pointed joints covered with No. 26 U.S. gauge sheet metal with one (1) inch lapped seams nailed to the wood beams when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are spaced more than sixteen (16) inches on centers, or
- 2.13.2 [2.12.2] Two thicknesses of one-quarter (1/4) inch asbestos boards laid with tight staggered joints and nailed to the beams, when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are more than sixteen (16) inches on centers, or
- 2.13.3 [2.12.3] Metal lath weighing not less than three pounds per square yard, attached to furring strips and plastered with Portland cement mortar at least three-quarters (3/4) inch thick.
- 2.13.4 [2.12.4] Note—All fire retardant material to be applied as required in rules for fire retardant material of the Board of Standards and Appeals.
- 2.14 [2.13] GROUND: An electrical conductor having capacity to absorb current.
- 2.15 [2.14] INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes under same requirements as for Commercial Installations.
- 2.16 [2.15] OIL: Any liquid mixture, substance or compound derived from petroleum, including kerosene and fuel oil as defined in section [C19-2.0] B26-47.0 (4) of the Administrative Code and Rule 3.
- 2.17 [2.16] OIL BURNING EQUIPMENT: Any device including burners, oil burning heaters, internal combustion engines used for heating, power or other purposes designed for and/or using oil as defined in these rules.
- 2.18 [2.17] OIL LEVEL INDICATING DEVICE: A means by which the level of the oil in a storage tank may be indicated.
- 2.19 [2.18] OVERFLOW PIPE: A pipe which conveys, by gravity, the oil from the maximum level of an auxiliary tank to the storage tank or from the pump to the storage tank.

PUBLIC HEARING

2.20 [2.19] **PERMANENT DEFORMATION:** Wherever phrase, "without permanent deformation," is used in these rules it shall mean that the tanks or containers shall, after release of test pressure, resume their original size and shape.

2.21 [2.20] **PERMIT:** Shall mean permit for storage of oil.

2.22 [2.21] **PORTLAND CEMENT CONCRETE:** Shall mean a mixture of one (1) part cement and not more than two and one-half (2½) parts sand and five (5) parts of coarse aggregate and complying in all other respects with the requirements of C26-311.0 of the Administrative Building Code.

2.23 [2.22] **PREHEATER:** A device designed for heating oil for the purpose of decreasing the viscosity.

2.24 [2.23] **RELIEF VALVE:** A valve held shut by a spring or other means of automatically relieving pressure in excess of its setting.

2.25 [2.24] **RELIEF LINE:** That portion of the line between the by-pass connection of the relief valve and the supply line or storage tank.

2.26 [2.25] **REMOTE CONTROL:** A hand, electric, or mechanically-operated device to shut off the oil supply. A thermostat is not acceptable as a remote control.

2.27 [2.26] **SCAVERING SCAVENGING LINE:** A line installed to permit the removal of water or foreign matter from a storage tank.

2.28 [2.27] **SHOP FABRICATED:** Shall mean completely built in the shop of the tank manufacturer.

2.29 [2.28] **SHUT-OFF VALVE:** A device that can be actuated to prevent the flow of liquid in a line of pipe.

2.30 [2.29] **STORAGE CONTAINER:** Any container for oil connected to a burner or oil-burning heater and having a capacity of six (6) gallons or less.

2.31 [2.30] **STORAGE TANK:** Any tank for oil having the capacity of two hundred and seventy-five (275) gallons or more, having a fill line and vent line connected thereto.

2.32 [2.31] **STORAGE TANK, AUXILIARY:** Any container for oil having a capacity of not over 60 gallons and used as an intermediary tank for gravity feed and equipped with an automatic or manually operated pump.

2.33 [2.32] **SUPPLY LINE:** That portion of the line between the storage tank and the pump oil inlet connection or hand valve. Where a pump is not used, it shall be that portion of the line between storage tank and burner and burner oil inlet connection or hand valve.

2.34 [2.33] **TEST WELL:** An opening in the top of the storage tank or a straight pipe connected to such opening through which a gauge stick may be inserted into the storage tank.

2.35 [2.34] **TRANSFER PUMP:** An oil pump that is not an integral part of the burner and which is installed between storage tank and burner.

2.36 [2.35] **VENT PIPE:** That portion of the line between vent pipe terminal and vent pipe connection in the storage tank.

6.5 Tanks located along line of Subways.

6.5.2 *For the purpose of this rule a subway shall be deemed to be any covered subsurface railroad or rapid transit roadbed.*

10.1.1 No oil burner installation of more than six (6)

gallons capacity shall be operated until after a *Certificate of Approval* has been issued by the *Commissioner of Buildings* and a permit for the storage of fuel oil has been issued by the Fire Commissioner, *except that temporary operation shall be permitted upon the filing by the licensed oil burner installer of a certified statement that such equipment conforms with the approved application for a work permit and plan submitted therewith, and with applicable provisions of law.*

10.1.2

Application for *Fire Department* permit for the storage of fuel oil shall be made [and fee covering the permit as per rule 10.4.1 to be paid] within ten days after the completion of the installation by the installer who holds a *Certificate of License* issued by the [Fire] *Commissioner of Buildings* on forms furnished by the [Fire] *Commissioner of Buildings* which shall include the location of the building in which the installation has been made, [name and address of owner and/or occupant] name and address of installer, [make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such installation by the Borough Superintendent of Buildings when required under Rule 10.2] *quantity of fuel oil to be stored and signature of the owner.*

10.1.3

No *certificate or approval* shall be issued by the *Commissioner of Buildings* and no fuel oil storage permit shall be issued by the Fire Commissioner until the installer has furnished [an affidavit] *a certified statement to the Commissioner of Buildings* that the installation complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 percent without smoking.

10.2.1

The installer shall file with the [Borough Superintendent] *Commissioner of Buildings* plans showing the size and location of all storage tanks having a capacity greater than 275 gallons where such tanks are to be installed either inside of buildings in or below the lowest floor level or outside of buildings below ground. Plans, however, shall be filed where 275 gallon tanks are to be buried and for all places of public assembly. [All plans as in this Section required, shall be certified to the Fire Commissioner by the Borough Superintendent of Buildings before any work is started.] All such plans shall show compliance with all structural requirements and shall show all salient features of the installation. Plans shall also be approved by the [Board of Transportation] *New York City Transit Authority within the limitation in Rule 6.5.1* for all tanks located in or outside of buildings along the line of subways [under the limitation in Rule 6.5.1] *under its jurisdiction.*

10.3.1

All fuel storage tanks and piping installed, as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A [sworn] *certified statement* by the installer [in proper affidavit form] attesting to such installation and test shall be filed with the [Fire] *Commissioner of Buildings.*

10.4.1

When application for permit for the storage of fuel oil is made, as provided for in Rule 10.1,

3
University of Illinois Library
Serials Dept.
Urbana, Ill.

PUBLIC HEARING

a fee covering the permit shall be paid to the Fire Department in accordance with the schedule given in the Administrative Code.

- 10.5 *Each oil burning installation shall be inspected by a representative of the Department of Buildings and if upon such inspection, it is determined that the installation complies with the requirements of the administrative code, the rules of the Board of Standards and Appeals and all laws and regulations applicable thereto, a certificate of approval shall be issued by the Commissioner of Buildings.*

- 12.2 [Adequate ventilation at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed, except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burn-equipment is rated, shall be provided.] *Adequate ventilation, at least 15 square inches per gallon of oil per hour, required to fire the equipment to gross output shall be provided in all rooms in which burners are installed. If the fixed ventilation is supplied mechanically, it shall be electrically interlocked with the burner, and it shall be capable of supplying at least 36 CFM of air per gallon oil per hour, required to fire the equipment to gross output. It shall also be capable of maintaining an air pressure in the boiler room when the burner is in operation, no less than the outdoor atmospheric pressure at the same time and elevation.*

- 15.2.1 The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies

where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, which in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provision of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the (Fire) Commissioner of Buildings for the installation of such oil burning equipment.

(Continued from Front Page)

At Special Term, Supreme Court, Mr. Justice Kusnetz held, as follows:

"Motion by the petitioners to restrain the issuance of any permits and/or certificate of occupancy to Freda K. Berger, her agents or assigns, the successful applicant who received a variance from the Board of Standards and Appeals, denied. The motion is granted in so far as petitioners seek to join said Freda K. Berger as a party to this proceeding and to amend the petition in accordance. Submit order." (N. Y. Law Journal, January 20, 1959, page 14.)

In Supreme Court, Queens County, the above entitled proceeding was discontinued by stipulation on April 14, 1959.

Notice of Public Hearing of Proposed Amendments to
Oil Burner Rules.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the Administrative Official either Borough
Superintendent of Buildings or Fire Commissioner and file
with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

EDWIN W. KLEINERT, *Acting Chairman.*

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Com-
missioners, Director or the Engineers, pertaining to the
work of the board, will be seen only between the hours of
ten in the morning and one in the afternoon—Saturdays ex-
cepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor,
Borough of Manhattan.

CALENDAR

DOCKET

New Cases filed up to May 19, 1959

Cal. No. Dept. Premises Affected

328-59-A—B.Q.—115-05 178th Place, northeast corner of Linden Boulevard, cellar and 1st floor, Block 10313, Lot 35, St. Albans, Borough of Queens, Alt. 253-59—re nursery school in a frame building.

329-59-BZ—B.M.—910-924 9th Avenue, east side, 1-17 Columbus Avenue, 339-363 West 58th Street and 22-44 West 60th Street, entire block, Block 1049, Lot 1 (formerly Lots 1, 5-12½ inclusive, 52, 54-61 inclusive, Lots 1-13 inclusive and Lots 52-64 inclusive, Borough of Manhattan, Alt. 590-59—re transient parking as accessory to Class A Multiple Dwellings—residence use district.

330-59-SA—Turbo-Ring Forcerd Draft Burner, Models R6 and R8, gas, gas-oil and oil, manufactured by Gordon and Piatt, Inc., Appliance.

331-59-A—B.B.—7307-7321 18th Avenue, northeast corner of 74th Street, Block 6205, Lot 1, Borough of Brooklyn, B.N. 472-59—re marquee.

332-59-A—F.D.—121 Greene Street, west side, 80 feet north of Prince Street, Block 514, Lot 33, Borough of Manhattan, Decision re Order No. 884-9—re storage of magnesium rods.

333-59-A—F.D.—80 Ainslie Street, northwest corner of Union Avenue, Block 2375, Lot 10, Borough of Brooklyn, Decision—re annealing oven to be of approved type; dissociator to be installed in accordance with resolution.

APPEARANCES—

For Applicant: Frank J. Crisona and Stuart M. Mitchell.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 27, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; laid over to May 19, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a local retail use, D area, class ½ height district; 163rd Street, 29th Avenue and Bayside Lane are in local retail and residence use, D area, class ½ height districts; that as of July 25, 1916 the site was zoned as a business district, D area and one times height district; that on July 7, 1949 the present local retail designation became effective, and the present ½ height district became effective on July 17, 1952; that there has been no change in the area designation since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated December 11, 1958 acting on N.B. Applic. No. 3840-58, reads:

"1. Proposed installation of gasoline service station, lubrication, auto-washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, safety inspection station & parking & storage of motor vehicles located in a local Retail use District is contrary to Art. II Sec. 4C of the Zoning Resolution.

"2. Proposed ground sign in a local retail use district is contrary to Art. II Sec. 4C of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 187.77 feet frontage by 149.19 feet in depth, irregular; that it is proposed to erect a modern style, three bay gasoline station, constructed of brick, with spacious show window area; that shrubbery is to be planted on part of the premises; that the pumps will be located fifteen feet back of the building line; that because of the triangular shape of the property, there is a distance of approximately 80 feet from the apex of the triangle to the pumps; and

WHEREAS, the applicant states that in 1932, application for variance was made under Cal. No. 328-32-BZ, and was denied; that the report of inspection dated September 12, 1932, in pertinent part, is as follows: "On the northeast corner of 163rd Street and 29th Avenue is a row of one story buildings used for stores, nine in number, all occupied; westward from the premises under appeal on Bayside Lane, 29th Avenue and the intersecting streets, the premises are very substantially developed with attractive two story buildings, with a row of stores on Bayside Lane between 161st Street and 163rd Street; all this development is occupied; eastward from the premises under appeal other than the stores as noted at the intersection of 163rd Street, 29th Avenue the premises are mostly vacant; the stores on the corner of 163rd Street and 29th Avenue have only recently been erected and, as noted, are fully occupied; this very substantial development westward from 163rd Street and north and south to Bayside Lane would seem to indicate that the properties in this vicinity could be developed with conforming use and give a reasonable return on the investment"; that the owner of the premises at the time the application was made in 1932 was Farmac Realty Corporation, and on May 14, 1946 the property was conveyed to Hanover Sacks Corporation; that thereafter, and on December 13, 1954, the City of New York commenced an in-rem action to foreclose a tax lien and judgment in favor of the City was entered therein on August 12, 1955; that the City of New York owned the property until January 16, 1958 when it was sold to the present owner; and

MINUTES

WHEREAS, the applicant further states that on the northeast corner of 163rd Street and 29th Avenue and running north along 163rd Street is a row of shabby, one story buildings used for stores; a drug store, television repair shop, a store which is merely used for storage, a shoe repair shop and a laundry; that starting at the same corner and continuing easterly along 29th Avenue is a meat market, a barber shop, grocery, dry cleaning store and delicatessen; that on the northeast corner of 161st Street and 29th Avenue is a two story building used for stores; a tavern, gas appliance store, grocery, dance studio and workshop; that next to these and continuing in the same direction are a hardware store, luncheonette, liquor store and beauty parlor; that vacant premises are located on the southwest corner of 162nd Street and 29th Avenue, and at the corner of Bayside Lane and 163rd Street; that in addition, there are two vacant lots immediately east of the stores described as running easterly from the northeast corner of 161st Street and 29th Avenue; that except as described herein, the neighborhood consists of private residences; and

WHEREAS, the applicant contends that the optimistic prediction as to the use of this site contained in the 1932 report of inspection has not been borne out; that for more than 26 years no economically feasible conforming use has been found for the property; that such failure undoubtedly was the reason why the last private owner permitted the City to sell the property for taxes; that there is no additional demand for stores in the neighborhood is evidenced not only by the In-Rem sale of this property, but also by the following facts; that existing stores are sufficient to supply the needs of the neighborhood; that two of the stores are not even utilized for retail purposes; that no store has been built on the vacant property adjoining the stores running easterly from 161st Street along 29th Avenue, despite the fact that such efforts have been made for years; that the low rentals which the present stores are paying leads one to believe that it would be uneconomical to build additional stores; that it would be difficult, if not impossible, to obtain financing for the purpose of erecting a conforming use on the site; and

WHEREAS, the applicant further contends that the proposed station does not directly face any of the private homes in the area; that on the 29th Avenue side of the property, the station will be opposite a private garage and the sides of two houses; that opposite the station along 163rd Street, there are stores and the side of one house and, on Bayside Lane, there is nothing but vacant land and the rear of houses which front on 28th Avenue; that moreover, a 5 foot 6 inch high brick fence will be built around the site on the corner of 163rd Street and 29th Avenue, and at the corner of 163rd Street and Bayside Lane; and

WHEREAS, the applicant further contends that development of the property by the erection of a gasoline station will benefit the residents of the neighborhood by bringing a service to them which is not presently available; that it will benefit the local store owners by drawing potential customers to the neighborhood, and the City will realize increased revenue from real estate and sales taxes; that if this application is not granted, it is probable that this potentially valuable property will again be sold In Rem and lie unused for many years; that it is felt that all of these considerations overwhelmingly dictate that the Board grant the variance which is hereby requested; and

WHEREAS, the applicant states that the present owner has held title to the property since January 16, 1958 and that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 3840-58, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

124-49-BZ—Vol. II

APPLICANT—Carl H. Salminen, for MacGrotty Chevrolet, Inc., owner.

SUBJECT—Application reopened April 21, 1959 for consideration as to extension of time to complete, expired February 11, 1959—decision of the Borough Superintendent, previously granted on condition, under sections 7f, 7i and 21 of the Zoning Resolution, permitting in a retail use district, the erection and maintenance of an extension to existing structure, maintaining present uses of show room, service, office, storage and parts department and to add the use of storage of parts, body shop, welding and acetylene and oxygen, machine room, painting, spraying and under coating, with storage of paints and permitting the storage of new and used cars waiting to be serviced, and the parking of cars on the roof.

PREMISES AFFECTED—137-80 Northern Boulevard, southwest corner of Union Street, Block 4977, Lot 52, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl Salminen.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, on January 25, 1955, this application was granted by the Board on certain conditions, under Sections 7f and 7i of the Zoning Resolution, to permit in a retail use district the erection and maintenance of an extension to existing structure, maintaining present uses of showroom, service, office, storage and parts department and to add the use of storage of parts, body shop, welding with acetylene and oxygen, machine room, painting, spraying and undercoating, with storage of paints and to permit the storage of new and used cars awaiting service and the parking of cars on the roof, affecting premises 137-80 Northern Boulevard, southwest corner of Union Street, Block 4977, Lot 52, Flushing, Borough of Queens; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work which had expired by time limitation on February 11, 1959; and

WHEREAS, this application was reopened on March 25, 1959 and set for hearing on May 19, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 19, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated April 28, 1959 acting on Alt. Applic. No. 2877-53, reads:

"Re: Amend. filed 3/25/59.

"1. The request to extend above application for an additional year is contrary to Board of Stds. and Appeals decision Cal. #124-49-BZ, Vol. II dated Feb. 11, 1958 Bulletin #7 Vol. XLIII and is referred back to the Board for reconsideration."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 25, 1955, only insofar as it refers to the time in which permits shall be obtained, including a Certificate of Occupancy, and work

MINUTES

completed, so that as amended this portion of the resolution shall read:

"that in all other respects the resolution of January 25, 1955, shall be complied with; and that all permits and a new Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." Alt. Applic. 2877-53

325-52-BZ—Vol. II

APPLICANT—James J. Lyons Jr., and John J. Lynch, for Maurice and Bernard Epstein, owners.

SUBJECT—Application reopened October 7, 1958 as Vol. II—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a residence use, G-1 area district, the conversion of an existing two family home into two (2) one family homes, the buildings as proposed will encroach on the required rear yards and the building facing Beach 136th Street will exceed the permitted area coverage.

PREMISES AFFECTED—126— Beach 136th Street, east side, 676.42 feet south of Rockaway Beach Boulevard and 125 Beach 135th Street, west side, 712.22 feet south of Rockaway Beach Boulevard, Block 775, Lots 43 and 61, Belle Harbor, Borough of Queens.

APPEARANCES—

For Applicant: J. J. Lyons Jr. and John L. Lynch.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; laid over to May 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 135th Street, Beach 136th Street and Public Beach are in a residence use, G-1 area, class 1 height district; that as of July 25, 1916 the premises was situated in an E area district which was subsequently changed to an F area district on July 19, 1922, an E-1 area district on December 21, 1948 and to its present G-1 area district on September 22, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated July 18, 1958 as amended by decisions dated April 1, 1959, acting on Alt. Applics. 670-58 and 671-58, read:

(670-58) "1. Rear yard in a G-1 zone must be 20 ft. minimum as per Art. IV Sec. 16-C(d) of the Zoning Resolution.

2. In a G-1 Zone no building shall occupy at the curb level more than 40% of the area of the lot as per Art. IV Sec. 16-C(e) of the Zoning Resolution."

(671-58) "1. Rear yard in a G-1 Zone must be 20 ft. minimum as per Art. IV Sec. 16-C(d) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 27.16 feet frontage by 200.38 feet in depth, irregular, upon which is located a two story brick dwelling which extends through the entire block from Beach 135th Street to Beach 136th Street, and has, since its erection, been occupied by the owners; that this two family dwelling differs from the usual conception of a two family dwelling, in that the two separate units are integrated horizontally rather than integrated vertically; that it might readily be described as a two family dwelling consisting of two duplex apartments; that there is a total of twenty rooms and eight baths, each unit consisting of ten rooms and four baths, including a finished attic; that both units are separated by a party wall which extends through both floors and the

attic; that there is a common basement, in which are located a common oil heating system and a common sanitary system; that each unit has an accessory two car garage; that the dwelling measures 70 feet by 34 feet and is located on an irregular plot with 59.25 feet frontage on Beach 136th Street, 27.16 feet frontage on Beach 135th Street and 200.38 feet frontage on the wide public beach, overlooking the Atlantic Ocean; that between the southernmost portion of the building and the lot line adjoining the public beach, there is a large, full length open patio, and on the easternmost portion of the property, facing Beach 135th Street, there is an additional large open patio; that it is proposed to convert a uniquely unconventional two family dwelling, into two conventional one family attached dwellings; and

WHEREAS, the applicant states that the general area affected is located on the Rockaway Peninsula, specifically in the Belle Harbor section of the well known beach resort; that the area surrounding the site is almost fully developed with one and two family private dwellings most of which were erected prior to the rezoning of this area in 1952 from an E district to a G-1 district; that to the north, adjoining the site, are two private dwellings, one fronting on Beach 135th Street and the other on Beach 136th Street; that to the east and directly across Beach 135th Street is a large vacant lot; that to the west and directly across Beach 136th Street is a private dwelling; that to the south and immediately contiguous to the site is an extensive public beach, beyond which lies the Atlantic Ocean; and

WHEREAS, the applicant contends that a grant of the variance would relieve the owners of a practical difficulty and an unnecessary hardship, would be in consonance with the general purpose and intent of the Zoning Resolution that "substantial justice" be done and furthermore, would in no way adversely affect either individual property rights of neighboring home owners or general real estate values in the area; that in perfect good faith, the owners erected the dwelling eleven years ago for the personal occupancy of themselves and their families; that since that time, their children have matured and some have established their own homes; that reliable domestic help, not a luxury but a virtual necessity in a twenty room house, has become increasingly difficult to obtain and retain; that the owners have earnestly endeavored to solve their own predicament by placing the house on the market as a two family dwelling; that Pre-Vues, Inc. and American Listings, Inc., as well as local brokers, have over the past two years had the house on their lists with no takers; that it is readily apparent that there is no market in 1958 for a twenty room, two family house; that conversely, there has been active interest evidenced in acquiring either of the units, separately, if they were available in that form; that concisely stated, that is the object of this application—to legally separate the units so as to make them marketable and more closely conforming to the needs of modern families; and

WHEREAS, the applicant further contends that as to Objection 1 of Alt. Applic. No. 670-58 and Objection 1 of Alt. Applic. No. 671-58, both sites are bounded on the south by a public beach and the Atlantic Ocean, which is more than equivalent to a legal city street for light and ventilation, and therefore this could be considered a corner lot on which no rear yard would be required; and

WHEREAS, the applicant states that the present owners have held title to the property since March 25, 1947; that the assessed valuation of land is \$12,000 and of the building \$43,000 making a total of \$55,000; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area dis-

MINUTES

strict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit in a residence use, G-1 area district, the conversion of an existing two-family home into two 1-family homes; that the building as proposed will encroach on the required rear yards and the building facing Beach 136th Street will exceed the permitted area coverage, *on condition* that all work shall be done substantially as shown on plans filed herewith, marked "Received August 15, 1958", 8 sheets; that all work shall comply in all other respects with all laws, rules and regulations applicable thereto; and that all permits and two certificates of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

701-52-BZ—Vol. III

APPLICANT—Samuel Carr, for Franchir Realty Co., Inc., owner.

SUBJECT—Application reopened December 9, 1958 as Vol. III—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a business and residence use district, the maintenance of a parking lot for the parking of more than five (5) motor vehicles accessory to existing factory buildings.

PREMISES AFFECTED—47-55 37th Street, 37-05 to 37-19 48th Avenue, northeast corner and 47-42 to 47-60 38th Street, Block 228, Lot 1 (formerly Lots 1 and 11), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Carr.

For Opposition: None.

For Administration: John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 9, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; laid over to May 19, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 38th Street and 37th Street are in business and residence use, B area, class 1½ height districts; 48th Avenue is in a business use, B area, class 1½ height district; 47th Avenue is in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1958 acting on Alt. Applic. No. 1340-57, reads:

"1. Proposed accessory parking lot for the occupants of existing office and factory building on the same lot in a residential zone is contrary to Art. II Sec. 3 of the Zoning Resolution and Bd. of S. & A. decision #701-52-BZ, Vol. II.

"2. Proposed curb cut in a Residential Zone is contrary to Art. II Sec. 3 of the Zoning Resolution and the Bd. of S. & A. decision #701-52-BZ, Vol. II."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.98 feet frontage by 100 feet and 200 feet in depth; that on the immediate corner, northeast corner of 48th Avenue and 37th Street, is an existing two story, class 3 manufacturing building, granted under Cal. No. 701-52-BZ, Vol. II; that on the northwest corner of 48th Avenue and 38th Street, immediately adjacent to this building, is an existing one story, class 1 factory building with a loading platform and a driveway to the rear and opening on 37th Street; that this was covered under Cal. No. 701-52-BZ, Vol. II; and

WHEREAS, the applicant states that except for the proposed parking lot of 40 feet by 100 feet, which hitherto

was designated as lot 11, the remaining land belonging to this owner covering the improvements mentioned above, were on old lot No. 1; that on the tax maps today the entire land belonging to this owner, of approximately 38,000 square feet and including the 40 feet by 100 feet for the proposed parking lot, is now designated as lot No. 1; that since this 40 feet by 100 feet proposed parking lot was acquired on June 22, 1955 by this owner, under no circumstances could it have been considered by the Board under Cal. No. 701-52-BZ, Vol. II, and hence it could not have been contrary to the decision of that date and therefore he disagrees with Objection No. 1 of the Building Department re Alt. 1340-57 involving the request to build this parking lot and necessarily Objection No. 2 also applies under the same reasoning; and

WHEREAS, the applicant contends that adding this area for parking to this owner's property will in no way obstruct light or ventilation for any future contiguous construction; that the rear yard 10 foot depth requirements are provided for and in no way impaired, and that to make that rear yard requirement deeper and longer it would be asking of the owner more than is presently required of any of the other land owners in the neighborhood; that there is no cutting down on any open spaces and no present open spaces are being reduced; that in fact, the open spaces are being added to and therefore the neighborhood is not being adversely affected; that most of the commercial improvements in the immediate neighborhood cover the entire lot; and

WHEREAS, the applicant further contends that there are many non-conforming uses in the critical area; that for many years past, no new residential building has been done, but rather there have been added many commercial structures, and there are still many remaining vacant lots; that this parking lot use will not be for the public, but for the business purposes of the present tenants, owners and owners' employees, that is, for accessory use, of these adjoining and contiguous buildings under one ownership; that the present street—37th Street—is generally covered and occupied with automobiles belonging not only to the employees using the buildings belonging to this owner, but by people from distant areas who park here all day, work in the neighborhood and do not live in the immediate neighborhood; that this applies to the frontage on 38th Street as well; that in granting this facility, which is a much needed improvement of conditions in this neighborhood, the congestion will be reduced by that number of cars that can be accommodated on this proposed parking lot; that this type of improvement will not hurt the character of this neighborhood but will be definitely in harmony with the same, and in fact act as a safeguard for the community's interest; that the necessity of a curb cut is obviously evident for access and exit to the proposed parking lot; and

WHEREAS, the applicant states that Harold G. Abbey, President of Franchir Realty Co., was summoned to Magistrates Court re Zone Violation No. 135-55, tried and convicted of the charge as stipulated in the violation; that he was fined \$25; that the conviction was appealed to the next highest court; that the appeal was denied and the conviction upheld; that the violation is still pending and another summons has been issued with regard to same; and

WHEREAS, the applicant states that the present owner has held title to the property since July 2, 1952 and June 22, 1955; that the assessed valuation of land is \$75,000 and of the buildings \$278,000 making a total of \$353,000; that the buildings were erected July 14, 1953 and September 1, 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h, for a term of

MINUTES

ten years, to permit in the residence part of a plot in a business and residence use district, the maintenance of a parking lot for more than five motor vehicles of the pleasure car type, accessory to the existing factory buildings, *on condition* that all work shall be done substantially in accordance with plans filed herewith, marked "Received November 19, 1958", 1 sheet, and "April 1, 1959". 4 sheets; that the ten foot strip required by the original resolution for the factory buildings on the north end of the property fronting on 38th Street shall be fenced with a woven wire fence 6 feet high and containing only one pedestrian gate 3 feet wide for access for cleaning purposes; that the fence along the southerly lot line of the proposed parking lot, adjacent to the existing driveway to the loading platform shall be rebuilt continuously from the building line to the corner of the building, closing off the end of the loading platform on the building line and eliminating any gate or access directly between the existing driveway and the proposed parking lot; that along the northerly lot line adjacent to the walls of adjoining houses, there shall be a cement side wall 5 feet wide with a 6 inch curb above the grade of the parking lot to prevent bumpers and forward overhangs of cars from hitting the side walls of adjacent houses; that this side wall will continue to the rear lot line for 100 feet from the 37th Street building line, to protect the wall 29 feet long at the rear; that the surface of the parking lot shall be graded and covered with steam cinders or gravel and have a bituminous binder; that along the building line of 37th Street there shall be a 7 foot high chain link fence with a ten foot gate, as shown, at the southerly corner of this lot and curb cut opposite approximately 10 feet wide, complying with the rules of the Borough President for same; that there shall be no parking on this lot except during business hours and at all other times the lot shall remain vacant and the gate kept locked; that there shall be no signs on the fence except one sign, not exceeding two square feet, indicating that this is a private parking lot; that cars parked herein shall be limited to those owned by employees of the adjacent factory; and that all permits required and a certificate of occupancy shall be obtained and all work completed within the provisions of Section 22A of the Zoning Resolution.

280-55-BZ

APPLICANT—Frederick A. Ketcher, for Fishbro Realty Corp., owner; New York Truck Renting Corp., lessee.

SUBJECT—Application reopened April 21, 1959 for consideration as to extension of time to complete, expired October 29, 1958—decision of the Borough Superintendent, previously granted on condition, under sections 7e, 7f and 7h of the Zoning Resolution, permitting in a business use district, the erection and maintenance of a gasoline service station and automatic auto laundry and permitting the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—879 East 149th Street, northeast corner of Timpson Place, Block 2603, Lots 55, 60 and 106, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

THE RESOLUTION—

WHEREAS, on October 11, 1955 this application was granted by the Board on certain conditions under Sections 7e and 7f of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station and automatic auto laundry and to permit the parking and storage of more than five motor vehicles affecting premises 879 East 149th Street, northeast corner of Timpson Place, Block 2603, Lots 55, 60 and 106, Borough of The Bronx; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation on October 28, 1958; and

WHEREAS, this application was reopened on April 21, 1959 and set for hearing on May 19, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 19, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1959 acting on N. B. Applic. No. 357-59, reads:

1. Proposed use of automatic laundry, office, gasoline station and parking and storage of more than five cars is contrary to Art. II Sect. 4 of the Z. R. and expiration date on Cal. #280-55-BZ;" and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the action of the Board on October 11, 1955 was based on a decision issued by the Borough Superintendent, acting on N. B. Applic. 394-55; and

WHEREAS, the Board has been informed by the Borough Superintendent, that due to the expiration of time and no work commenced or plans approved, the plans were destroyed, in accordance with the rules of his Department; and

WHEREAS, the applicant filed with the Department of Buildings, a new application and a copy of the plans filed with the original application (N. B. 394-55); and

WHEREAS, the applicant filed with the Board a copy of the new decision; acting on N. B. Applic. 357-59 which decision is the matter of consideration before the Board.

Resolved, that the Board of Standards and Appeals does hereby *reaffirm* the resolution adopted on October 11, 1955, and as amended through October 29, 1957, only so far as it refers to the time in which permits shall be obtained, including a Certificate of Occupancy, and work completed, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that the owners are now ready to commence the work, that all permits required including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of the amended resolution." (NB 357/59)

200-58-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Naneld Realty Corp., owner.

SUBJECT—Application reopened March 3rd, 1959 as Volume II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of the rear portion of the basement from doctor's office to an ethical Pharmacy.

PREMISES AFFECTED—10-16 162nd Street and 160-35 to 160-39 11th Avenue, northwest corner, Block 4579, Lot 1, Beechhurst, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Gerald Schwartz.

For Opposition: Michael L. Hamalak.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 3, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; laid over to May 19, 1959, for inspection and decision; applicant to submit statement from owner as to nature of pharmacy; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 162nd Street, 160th Street,

MINUTES

10th Avenue and 11th Avenue are in a residence use, G-1 area, class 1 height district; that as of July 25, 1916 the premises were in a class D area district; that on April 21, 1947 the premises were changed to an F area district and received the present class G-1 area designation on July 25, 1951; and

WHEREAS, the decision of the Borough Superintendent, dated November 21, 1958 acting on amendment to N.B. Applic. 1851-57, reads:

"1. The use of a portion of the basement area as an 'ethical pharmacy' in a Residence Use District is contrary to Art. II, Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.05 feet frontage by 80 feet in depth, presently being developed with a one story building of class 3 construction, having a frontage of 79.94 feet and a depth of 45 feet, for use as a Medical Center; that it is proposed to change the use of the rear portion of Doctor's Office No. 1 in the basement, to an Ethical Pharmacy; and

WHEREAS, the applicant contends that the change of use of the doctor's office in the basement of this Medical Center to an Ethical Pharmacy will not change the facade of this building which was approved under N.B. Applic. No. 1851-57, nor will it have an adverse effect upon adjoining properties inasmuch as this is an applied business to a doctor's profession; that there are no stores within the affected area to provide the large housing development with the required retail service of an Ethical Pharmacy; that there are no signs proposed on the front of the building that would indicate the function of the Ethical Pharmacy within; and

WHEREAS, the applicant states that the present owner has held title to the property since March 14, 1957; that the assessed valuation of land is \$5,500 and of the building \$9,500 making a total of \$15,000; that the building was erected in 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of 15 years, to permit in a residence use district the change in use of the rear portion of the basement from doctor's office to an ethical pharmacy, *on condition* that the business conducted therein shall be restricted to the sale of drugs and such other accessories which are actually required by sick or disabled people; that no outside merchandise be sold other than that outlined above; that the area of this ethical pharmacy shall be limited to that shown on the plans filed herewith marked, "Received December 22, 1958," 6 sheets, and more specifically Sheet 4, which shows the pharmacy to be located in the basement at the northwest corner of the building; that there shall be no signs advertising this pharmacy visible from the exterior of the building either at the entry, on the windows or in any other way; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; and that all permits and a Certificate of Occupancy shall be obtained, and all work completed within the requirements of Section 22A of the Zoning Resolution.

577-58-BZ

APPLICANT—Ludwig P. Bono, for Theresa Stanzione, owner; Anthony Palma and Harry Weinberg, lessees.

SUBJECT—Application October 7, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a business and residence use district, the maintenance of a parking lot on the residence portion of the plot in conjunction with the existing parking lot located in the business portion.

PREMISES AFFECTED—1935 Boston Road, west side,

226.47 feet northeast of Bryant Avenue and 1936 Bryant Avenue, Block 3005, Lots 72, 75, 87 and 89, Borough of The Bronx.

APPEARANCES—

For Applicant: Ludwig P. Bono and Anthony Palma.

For Opposition: None.

For Administration: John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; laid over to May 19, 1959, for inspection and decision, hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Bryant Avenue are in business and residence use, B area, class 1 height districts; East Tremont Avenue and Boston Road are in a business use, B area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 30, 1958 acting on Alt. Applic. No. 361-58, reads:

"1. On premises located partly in a residence district the proposed parking of motor vehicles is contrary to Section 3 Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 16.25 feet frontage by 147.56 feet and 112.43 feet in depth, composed of four lots situated partly in a business and residence use district; that the premises originally also faced the present lot 98, which was the old Lillian Place, a private street subsequently acquired by The City after a foreclosure for unpaid taxes, and finally bought at auction by an individual in March 25, 1957 and leased to the present tenant; that it is proposed to erect a retaining wall to protect the one family dwelling resting on top of the rock plateau on the west lot line, leaving undisturbed the existing rock formation facing Bryant Avenue; that there will be no access from the premises to and from Bryant Avenue, and therefore no vehicular traffic interference with the school on the opposite side of the street; and

WHEREAS, the applicant states that the owner has levelled the business portion of the plot to conform with the residential level and obtained an approval for parking of more than five motor vehicles under Alt. Applic. No. 977-48 and a Certificate of Occupancy No. 5629 in 1949 in the business portion of the plot; and

WHEREAS, the applicant further states that the use of a parking space would serve, rather than hinder the public health, welfare and safety, and provide for an orderly regulation of additional off street parking in this vital intersection of five roads; that the advantages and necessity of off street parking in this area is self-evident, and it would also serve the owner as a means of deriving some slight revenue from the property; that it would work an unnecessary hardship upon the owner to deprive him of the only profitable use to which these premises can be put, considering that in the twelve years of ownership there have been no demands for this land; that the factors of area deterioration and of irregular shape of the plot, with practically no frontage on the level street—Boston Road—and with an expensive rock blasting obstacle more than 125 feet long along Bryant Avenue, have discouraged speculators from building and created an unsurmountable financial barrier to the owner in levelling the plot; that furthermore, the present conditions in the neighborhood with respect to age of adjoining buildings and land topography, make it unlikely that any structures will be erected herein in the near future; and

WHEREAS, the applicant contends that actually, with the parking restriction on Bryant Avenue facing the school, with no parking on Tremont Avenue and the alternate parking restriction in this area, it is fair to presume that

MINUTES

these parking facilities will be beneficial and welcome to the teachers and shoppers in this neighborhood; that the tenant will be able to maintain constant vigilance and control of this parking plot since he operates the small gas station on lot 101 and the parking area on lot 98; that he will also be able to supplement the inadequate income derived from the small gas station which he now maintains; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1946 and that the assessed valuation of land is \$26,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of ten years, to permit in business and residence use districts, the maintenance of a parking lot on the residence portion of the plot, in conjunction with the existing parking lot in the business use portion, as shown on plans filed herewith, marked "Received October 7, 1958", 2 sheets, *on condition* that all grading and retaining walls required to maintain safe levels of ground on this plot shall be built at the expense of this owner, irrespective of any other provisions of law requiring adjacent owners to pay for part of same; that on the north lot line between Bryant Avenue and Lillian Place there shall be a retaining wall erected, maintained at least one foot higher than the grade of this lot, to prevent rain water from flooding across the lot line onto the property next door, irrespective of ownership; that woven wire fences shall be maintained along Bryant Avenue building line, the Lillian Place building line and the interior lot line, on top of retaining walls, except that present fences in good condition may remain; that there may be on the Boston Road building line where this lot has a flange of 16.25 feet, a new pair of gates, each 5 feet wide, in the chain link fence; that the surface of the lot where dirt exists, shall be leveled off and covered with a bituminous binder; that no attendant's building shall be erected; that the parking may be either by monthly tenants or transients; that the only sign displayed shall be that required by the License Department, containing rates and charges; that in all other respects the premises shall comply with all laws, rules and regulations applicable thereto; and that all permits and a certificate of occupancy shall be obtained and all work completed within the provisions of Section 22A of the Zoning Resolution.

746-58-BZ

APPLICANT—Stuart Mitchell, for Gladys Stein, owner.

SUBJECT—Application December 19, 1958—decision of the Borough Superintendent, under sections 7f and 7e of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto laundry, lubritorium, office, salesroom, parking and storage of more than five (5) motor vehicles and minor auto repairs.

PREMISES AFFECTED—2411 Beach Channel Drive, southwest corner of Beach 74th St., Block 543, Lot 1, Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Frank J. Crisona and Stuart Mitchell.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bul-

letin; laid over to May 19, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Beach Channel Drive are in a business use, A area, class 1 height district; Beach 74th Street, Beach 75th Street and Rockaway Freeway are in business and residence use, A area, class 1 height districts; that the proposed site was zoned for unrestricted use from July 25, 1916 until December 28, 1939; that on that date, the Zoning Resolution was amended so as to permit business use of the property; that the property is currently zoned for business use; and

WHEREAS, the decision of the Borough Superintendent, dated November 21, 1958 acting on N.B. Applic. No. 3826-58, reads:

"1. The proposed erection in a business use district of a gasoline service station, auto laundry, office, sales room, parking & storage of more than 5 motor vehicles, incl. minor auto repairs is contrary to Art II, Sec. 4(a) (15) (29) (46) Zone Res.

2. The erection of a ground sign in a Business use district is contrary to Art. II, Sec. 4a(49) (a).", Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 170.21 feet frontage by 93.90 feet in depth, presently vacant; that the rear of the site adjoins and runs parallel with the Rockaway Freeway; that it is proposed to erect a modern style gasoline station constructed of brick and porcelain enamel on masonry, with a spacious show window area; that operation of the station will be completely concealed from the rear by the Rockaway Freeway and elevated railroad structure; that there are no adjoining lots which are developed and the width of Beach Channel Drive will separate the station from the only residentially developed portion of the neighborhood; and

WHEREAS, the applicant states that entrance to the property may only be had from Beach Channel Drive; that Beach 74th Street and Beach 75th Street both terminate at Beach Channel Drive, opposite the site; that access from the Rockaway Freeway, which abuts the rear of the site, is prevented by a cyclone fence which is maintained by The City of New York; that Beach Channel Drive is a major six-lane thoroughfare in the Arverne and Rockaway areas of Queens; that the Rockaway Freeway is a four lane highway with a concrete island running down its center and an elevated railroad structure passing above it; that the two lots which adjoin the site are both vacant; that vacant lots are predominant throughout the area; that in front of and within 500 feet of the site along Beach 75th Street is an installation of the Bureau of Sewers; that although currently zoned for business use, such business as has been developed in the area exists primarily for the purpose of servicing the heavy automotive traffic which passes through the neighborhood daily; that there are three gas stations and a drive-in frozen custard stand within 500 feet of the proposed site; that the only other business in the area is a day camp which is used for about eight weeks during the years; and

WHEREAS, the applicant contends that the present owner of the proposed site has owned the property since 1955; that no economically feasible manner of utilizing the property in conformity with the Zoning Resolution has been found; that this is primarily because of the limited access to the site which is available and also, because of the presence of the elevated railroad at the rear of the site; that the increased taxes which will be realized as a result of the development of the site and the added service which will be offered to the public, are evident; that the Board realized the benefits of such development when it granted variances for similar installations not 500 feet from the proposed site; and

WHEREAS, the applicant states that the present owner has held title to the property since April 6, 1944 and that the assessed valuation of land is \$8,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

MINUTES

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7f and e, for a term of 20 years, to permit in a business use district the erection and maintenance of a gasoline service station, auto laundry, lubritorium, office, salesroom, parking and storage of more than five motor vehicles and minor auto repairs, substantially as shown on plans filed with this application marked, "Received December 19, 1958," 4 sheets, and "March 25, 1959," 1 sheet, *on condition* that the premises shall be held within the final map line of the City of New York on both Beach 74th Street and Beach 75th Street; that the existing lot line at the center of the proposed street shall be disregarded as to the limits of this station; that the new final map line shall be considered the building line on Beach 74th and Beach 75th Streets; that there shall be a 6 foot high woven wire fence along the rear lot line to the south, except where the wall of the service station occurs, and return to the north along Beach 74th and Beach 75th Streets for a distance of 20 feet on the new final map lines of the City of New York; that the service station shall be a Class 3 building approximately 28 feet by 53 feet; that there shall be 3 curb cuts along Beach Channel Drive, each 30 feet wide, including splays; that there shall be two gas pump islands as shown on the plans; that each island shall have 3 pumps of the low parkway type; that the storage of gasoline shall be in twelve 550 gallon tanks as approved by the Board; that the area around the pumps shall be paved with concrete and the balance of the area of the station shall be graded and paved with steam cinders or quarter inch gravel with a bituminous binder; that there shall be one post standard and brand sign at the corner of Beach 75th Street and Beach Channel Drive and another at the corner of 74th Street and Beach Channel Drive on a segmental block of concrete at the intersection of the two building lines, with the signs extending not more than 4 feet beyond the building line; that the service building shall be of brick walls with face brick, except where covered with an approved porcelain enamel; that signs shall be limited to signs 2 feet high over the doorways to the two wash and lubritorium bays; that there shall be no cellar; that heating shall be of an approved type unit heater; that the toilets shall be as shown, except to interchange the women's toilet with a door to the exterior and the men's toilet to open into the office; that the automobile laundry shall be of the non-automatic type, washing one car at a time by hand; that the repairs shall be limited to minor repairs with hand tools only; that all fire-fighting appliances shall be provided as required by the Fire Commissioner; that parking shall be permitted within the new final map lines of Beach 74th and Beach 75th Streets and not beyond these lines, and shall be restricted to pleasure cars only; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits and a Certificate of Occupancy shall be obtained, and all work completed within the requirements of Section 22A of the Zoning Resolution.

756-58-BZ

APPLICANT—Leonard F. Rothkrug for Jacob Morrow and Nat Chanelis, owner.

SUBJECT—Application December 24, 1958—decision of the Borough Superintendent under section 9A and 21 of the Zoning Resolution, to permit in a class ½ height district, the erection of a multiple dwelling the height of a portion of which is in excess of that permitted within two miles of a designated airport.

PREMISES AFFECTED—3291-3323 Nostrand Avenue, northeast corner of Avenue T, Block 7365, Lot 71, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Bernard H. Loizzo.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox... 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; taken off the calendar, returned to Engineer; then set for April 28, 1959; laid over to May 5, 1959; referred to Examiner to make necessary corrections; then to May 19, 1959 for decision; applicant to take up question of correction of papers and digest with Examiner; hearing previously closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Haring Avenue and Avenue T are in retail and residence use, D area, class ½ height districts; Nostrand Avenue and Avenue S are in a retail use, D and D-1 area, class ½ height district; that on July 25, 1916 the premises was in a business and residence use, D area, class 1 height district; that the height district was changed on August 25, 1955 to ½; that the use district was changed on April 8, 1954 to retail; that no petition is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated December 22, 1958, as amended by the decision dated March 9, 1959 acting on N.B. Applic. 2403-58, reads:

"1. The proposed building exceeds the height allowed for a Class ½ district under Article 3 Sec. 9A Sub-Div. (a) of the Zoning Resolution (within 2 miles of airport)."

and

WHEREAS, the applicant states that the premises consist of a plot, 550 feet frontage by 140 feet in depth, irregular, presently vacant; that it is proposed to erect a six story multiple dwelling consisting of three units with 215 apartments, accessory 74 car garage and accessory 17 car parking area, 158 feet by 69.5 feet, irregular in area, 144.5 feet by 69.5 feet, irregular in area, and 144.5 feet by 69.5 feet, irregular in area, 60 feet in height; and

WHEREAS, the applicant has submitted amended plans and amended the Building Department application and submitted an amended decision from the Borough Superintendent, reducing the depth of the southerly portion of the proposed structure, thereby placing it completely within the 105 feet of the D area district portion of the plot, and that no portion of such building is to extend into the D-1 area district, which is restricted to one and two family dwellings; and

WHEREAS, the applicant states that the proposed multiple dwellings conform to both the retail and residence use and D area district provisions of the Zoning Resolution; that apartment houses are legal in a residence use, D area zone; that the only question involved in this application is the height of the proposed building; that the arrangement and number of apartments may be changed without changing the height of the building; and

WHEREAS, the applicant further states that Nostrand Avenue and Avenue T are 80 feet in width; that the height district is one-half, so that a building may be 40 feet in height; that the Zoning Resolution, Art. III Section 8(b), provides that for every one foot of setback from the street building line, the height of the building may be increased; that since it is proposed to set the building back 20 feet from both Nostrand Avenue and Avenue T, the height ordinarily may be increased 20 feet, and normally the height permitted would be 60 feet; that however, the premises is within two miles of Floyd Bennett Field and Art. III Sec. 9-A provides that in such instance no increase in height, based on setback from the building line, shall be permitted; that the proposed building is 20 feet in excess of the height permitted; and

MINUTES

WHEREAS, the applicant contends that the intersection of Avenue T and Nostrand Avenue is approximately 10,500 feet from the outermost boundary of the airport; that the major portion of the building is located more than 60 feet north of the intersection, so that technically Units A and B are beyond the two mile limit and they could be erected to the 60 foot height; that nevertheless, the exact surveyor's distance to the outermost boundary would bring a portion of the site within the two mile limit, and this application is intended to cover proposed buildings whether they are 60 feet or 500 feet within the Z mile limit; and

WHEREAS, the applicant further contends that a grant of the variance would not be contrary to the spirit of Art. III Section 9-A and would not adversely affect surrounding owners; that Nostrand Avenue was formerly in a one height district and was rezoned to one-half on August 25, 1955; that prior to 1955 the Floyd Bennett Field was in the same location as at present, and an apartment house would have been erected to a height of 80 feet at any point along Nostrand Avenue without any variance by the Board; that it is a fact that many of the apartment house buildings within this neighborhood, and closer to the airport, were erected prior to 1955, when the height zone was one; and there were no complaints or recommendations on record from the airport authorities in connection with the height zoning or the height of the buildings; that apartment houses could be erected along the Belt Parkway and on Flatbush Avenue much closer to the airport to a height in excess of that proposed herein without any variance due to the fact that the street frontages are greater than 80 feet and the height district is one; and

WHEREAS, the applicant states that the present owners have held title to the property since April 30, 1957 and September 8, 1958 and that the assessed valuation of land is \$47,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the committee found that this building is located a distance from Floyd Bennett Airfield so that the northerly 70% of its area is beyond the two mile radius and the southerly 30% is within the two mile radius from the Airport, and under Sections 8d and 9A, a building may not be continued to a higher extent than that permitted on the building line by making setbacks, thereby limiting the construction of this apartment house in the lower 30% to a five story building, whereas the northerly 70% could be erected to a 6-story height; that there has been no objection here as to the danger from airplanes flying into or out of the Airport; that the Civil Aeronautics Administration has no objection to it; that these current Sections 8d and 9A are radically altered in the proposed new Zoning Resolution, which would permit buildings to be built to a height of 150 feet right up to the Airport; that there are other buildings closer to Floyd Bennett Airport built to the full 60 feet height; therefore, the Committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 9A of the Zoning Resolution, to permit in a Class ½ times height district, the erection of a multiple dwelling, the height of a portion of which is in excess of that permitted within two miles of a designated airport, *on condition* that the building shall be erected of a size and shape substantially as shown on plans filed herewith, marked "Received December 24, 1958", 3 sheets, "March 11, 1959", 3 sheets and "March 20, 1959", 1 sheet, *on condition* that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; and that all permits required and a certificate of occupancy shall be obtained and all work completed within the provisions of Section 22A of the Zoning Resolution.

773-58-BZ

APPLICANT—Leonard F. Rothkrug, for Angela Colucci, owner.

SUBJECT—Application December 31, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use, D area district the erection and maintenance of a retail store and a restaurant occupying more than the permitted area for a temporary term of 10 years and the relocating of a two family frame dwelling on the same tax lot.

PREMISES AFFECTED—2727-2729 Cropsey Avenue and 217-31 Bay 46th Street, northeast corner, Block 6914, Lot 84, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 28, 1959, after due notice by publication in the Bulletin; laid over to May 19, 1959, for inspection and decision; applicant may file revised plans as to area if the owner so determines; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bay 46th Street, Bay 47th Street and Cropsey Avenue are in a residence use, D area, class 1 height district; that on July 25, 1916 Cropsey Avenue was in a business use district and was rezoned to residence on July 29, 1940; and

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1958 acting on N.B. Applic. No. 2681-58, reads:

"1. The proposed bldg. for use as retail store and restaurant in a residence use district is contrary to the Zoning Res. Art. II, Sect. 3.

and

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1958 acting on Alt. Applic. No. 4357-58, reads:

"1. The proposed use of a plot for two bldgs. which are not accessory to each other is contrary to the Zoning Res.; Art. 1, Sect. 1-(v)."

and

WHEREAS, the applicant states that the premises consist of a plot, 36 feet frontage by 136 feet in depth, irregular in area, on which is located a one story frame restaurant, 22 feet 6 inches by 35 feet 3 inches in area, proposed to be demolished, and a two story, two-family frame dwelling; that it is proposed to erect a one story building 35 feet 10 inches by 80 feet, irregular in area, 13 feet in height, of class 3 construction, to be used as a store and a restaurant; that it is further proposed to re-locate the two story dwelling on the same tax lot; and

WHEREAS, the applicant states that the premises is presently developed with a frame restaurant, in disrepair, established when the zone was business and constituting a legal non-conforming use; that this existing restaurant was established when the area was almost completely undeveloped and the neighborhood was a beach resort area; that during the last few years, Cropsey Avenue has been considerably re-paved and widened and there has been considerably new construction along Cropsey Avenue between Bay Parkway and the point where the Belt Parkway intersects Cropsey Avenue; that several new gas stations have been erected, new old-age homes have been erected, several two family dwellings and an apartment house have been erected and a new middle income housing development is being planned—all within this area; and

WHEREAS, the applicant contends that there is an economic need for the proposed stores; that the existing building should be demolished as proposed, and replaced

MINUTES

with an attractive new building of modern design; that the new building will provide needed retail facilities and will enable the owner to continue his business; that the owner's family has conducted the restaurant at this location for several years and have established good will, and they know of the need for these facilities; and

WHEREAS, the applicant further contends that a grant of the variance will not adversely affect the surrounding area; that adjoining the premises on Cropsey Avenue, the premises is used as a motor vehicle repair shop; that a new repair shop is proposed to be erected in accordance with a variance granted by the Board under Cal. No. 376-57-BZ; that adjoining the premises on Bay 46th Street, there is Mill Road, an unopened, unpaved street; that in addition, the two family building on the same lot will act as a buffer between the stores and the area to the east; that opposite the premises there is a National Guard Camp, Block 6937, Lots 46, 48, 110 and 120, and Block 6936, Lots 52, 53 and 75; that the existing two family dwelling presently is on the same lot as the existing restaurant, and it is proposed to relocate the dwelling so that it will have all the required open spaces and conform to the Zoning Resolution; that the tax lot could be reapportioned to have its own lot number after completion of the new building if the Board requires this action; that the area of the lot is approximately 4761 square feet; area of the new one story building is 2820 square feet, and the area of the two family dwelling is 620 square feet; that the proposed occupied area of the site is approximately 3440 square feet, the allowable area coverage is 3332.7 square feet and the proposed building is approximately 107 square feet excess area; and

WHEREAS, the applicant further contends that the excess area is very small and is not the integral part of this application; that however, the irregular shape of the site creates a unique condition; that the owner tried to purchase the adjoining tax lot 80, but was unable to obtain a clear title; that the existence of Mill Road at the rear of the site will prevent any loss of light, air and ventilation to the adjoining property owners; that the application proposes two separate stores, one to be used by the owner as a restaurant and the other to be leased; that however it is possible that it may become economically desirable to use the entire premises by one occupant; that the owner is a long time resident of the community and presently resides in the dwelling on the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since December 17, 1946; that the assessed valuation of land is \$1,650 and of the building \$2,550 making a total of \$4,200; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant withdrew his application for exceeding the area under Section 21; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 10 years, to permit in a residence use, D area district, the erection and maintenance of a retail store and restaurant, and relocating of a two family frame dwelling onto the rear of the same tax lot, *on condition* that the work shall be done substantially as shown on plans filed with this application marked, "Received December 31, 1958," 8 sheets, except that the proposed new building shall be reduced in area to comply with the D area district regulations which means a reduction from 80 feet in depth to approximately 77 feet in depth; that the building shall be occupied as specified, for a restaurant and store on the first floor; that the frame residence building shall be moved to the rear of the lot and increased slightly in height, as shown on plans, and shall be used for one family or may be converted in the future to a two family house if same be done according to all laws affecting it; that in all other respects the prem-

ises shall comply with all laws, rules and regulations applicable thereto; and that all permits and a Certificate of Occupancy shall be obtained, and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 12:30 P. M.

JOSEPH J. DOYLE, *Chief Clerk*

REGULAR MEETING

TUESDAY AFTERNOON, MAY 19, 1959, 2 P.M.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

175-49-SM

APPLICANT—United States Plywood Corporation, owner.
SUBJECT—Application reopened February 25, 1959 for amendment of resolution as to additional thickness of partition and the use of additional core material—re U. S. Plywood Partition Panel, 1¾ inch thick with Kaylo Core and 1 inch thick with Kaylo Core; previously approved.

APPEARANCES—

For Applicant: James A. Fitzpatrick.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 175-49-SM

Subject: Amendment to resolution as to additional thickness of partition and the use of additional core material.

United States Plywood Corp., requested by letter dated December 23, 1949 and as amended through July 15, 1958 under Calendar Number 175-49-SM be amended as to change in thickness. The application was reopened by a vote of the Board, February 25, 1959.

Purpose

The material, a panel, is to be used as an incombustible non-load bearing partition.

Description

The requested modifications in the construction of the subdividing partition consists in increasing the thickness of the panel from 1¾ inches to 2 inches, and the use of Weldrock in lieu of Kaylo. The material, Weldrock, was approved by the Board for use in U. S. Plywood Corp. Fire Door. (Under Cal. 620-47-SM)

In the construction of the partition, the core is laid up without tongue and grooving.

The door is faced with a three ply veneer totaling less than ⅛ of an inch.

Inspection and Test

Details of construction were examined by Ass't. Engr. J. A. Darts, Committee on Test.

It was decided that no further tests would be required as the core material had been approved for use in a fire resistive opening protective assembly.

Recommendation

The Committee on Test recommends that the resolution adopted June 28, 1949 and as amended through July 15, 1958 under Calendar Number 175-49-SM be amended so as to permit the partition to be manufactured in thickness of 2 inches and that the core material may be the material known as Weldrock and that the core material may be laid up without tongue and grooving and the face veneer being made up three plies totaling less than ⅛ inch as per

MINUTES

mitted under C26-667.07.a., on condition that the requirements of the resolution adopted June 28, 1949 and as amended through July 15, 1958 under Calendar Number 175-49-SM are complied with.

539-53-SM

APPLICANT—E. I. DuPont de Nemours & Company, owner. Perma Dry Co., Agent.

SUBJECT—Application reopened March 17, 1959 for amendment of resolution as to additional flameproofing compound—re X-12 Flame Retardant, for flame retarding paper, textiles and cellulosic materials; previously approved.

APPEARANCES—

For Applicant: J. F. Taylor.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 539-53-SM

Subject: Amendment to resolution as to additional flameproofing compound.

E. I. DuPont de Nemours & Co., Wilmington, Delaware, requested by filing an application dated March 4, 1959 that the resolution adopted November 4, 1953 under Calendar Number 539-53-SM be amended so as to include an additional flameproofing compound. The application was reopened by a vote of the Board March 17, 1959.

Purpose

The material is a flameproofing compound.

Description

The improved flameproofing compound is a white crystalline powder which is basically an ammonium salt, which readily dissolves in water to form a solution which is suitable for flameproofing.

Inspection and Test

Samples of cotton, linen, rayon and paper flameproofed with the material known as improved DuPont Fire Retardant X-12 were tested at the Better Fabrics Testing Bureau, Inc.

There was no flashing, flaming or glow in any of the samples tested.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted November 4, 1953 under Calendar Number 539-53-SM be amended so as to include the improved DuPont Fire Retardant X-12 for use as a flameproofing compound on cotton, linen, rayon and paper, on condition that the requirements of the resolution adopted November 3, 1953 under Calendar Number 539-53-SM are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 160-56-SA

Subject: Met-L-Wood Type 2H2-1/2.

Met-L-Wood Corporation, Chicago, Illinois, filed December 19, 1956 an application with the Board of Standards and Appeals for approval of the material known as Met-L-Wood, Type 2H2-1/2 under the provisions of C26-88.0 and C26-191.0 Administrative Building Code.

Purpose

The material is to be used as pipe enclosure for columns, air conditioning ducts, risers and corridor soffets.

Description

The material is a prefabricated section consisting of an incombustible core, usually sheetrock, faced on both surfaces with electro-galvanized steel sheet of 24 gauge metal. The core is bonded to the facing metal by means of a non-corrosive, highly water resistant glue.

The sections are precut, so that they can be formed into angle, channel or rectangular shape.

Inspection and Test

The material was tested by the R. W. Hunt Laboratory in accordance with SS-A-118a and met the requirements of incombustible material. Details of construction were examined by Ass't Engr. J. A. Darts, Committee on Test.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test, recommends the approval of the material known as Met-L-Wood, when constructed as herein described, as having met the requirements of C26-88.0, as an incombustible enclosure for air conditioning ducts, air conditioning risers, steam and/or water pipe lines on condition that the material shall be tagged, stamped or labeled, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 160-56-SA.

The Committee further recommends that the enclosure shall not pierce any floor or partition and shall not be considered to have any hourly fire resistive rating.

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1022-57-SA

Subject: Quaker Unvented Gas Heaters, Models B-200, B-300 and B-400.

Heil-Quaker Corporation, Lewisburg, Tenn., filed December 23, 1957 an application with the Board of Standards and Appeals for approval of the Quaker Unvented Gas Heaters, Models B-200, B-300 and B-400 for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired room heaters.

Description

The B-200, B-300 and B-400 room heaters are free standing floor type cabinet heaters with ratings of 20,000, 30,000 and 40,000 Btu per hour respectively.

The burners used are of cast iron with raised drilled ports and operate on the Bunsen principle. Primary air is provided through an adjustable air intake.

The cabinets are of sheet steel with heat reflecting aluminum coated baffles in the front and rear.

A brass gascock, with fixed orifices, is used for control of gas flow to the burner.

Pilot light ignition with automatic shut off is available for all models.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The Quaker Unvented Gas Heaters B-200, B-300, and B-400 were tested and approved by the American Gas Association.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Quaker Unvented Gas Heaters, Models B-200, B-300, and B-400 for use in New York City when installed in accordance with the requirements of Article 12, Administrative Building Code with a minimum clearance of 6 inches to be maintained between the sides and rear of the heaters and adjacent combustible construction and provided that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1022-57-SA."

The Committee further recommends that these room heaters be not installed in sleeping rooms.

328-58-SM

APPLICANT—N. Y. Silicate Book Slate Co., Inc., for Formica, owner.

SUBJECT—Application May 9, 1958—Formica Chalkboard, Recovering Old Blackboards With Formica, approval of.

APPEARANCES—

For Applicant: David R. Hunter.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 328-58-SM

Subject: Formica Chalkboard.

N. Y. Silicate Book Slate Co., Inc., New York, N. Y. filed May 9, 1958 an application with the Board of Standards and Appeals for approval of Formica Chalkboard for use in New York City under the provisions of C26-191.0 and C26-667.0 of the Administrative Building Code.

Purpose

Recovering old blackboards with new Formica Chalkboard.

Description

The Formica Chalkboard surface is composed of a synthetic thermosetting resin, cured under high pressure and temperature. The $\frac{3}{4}$ " Formica sheets are designed especially for covering old slate or composite blackboards. The old boards become the base of the new, and the framing system is unchanged. Sheets are available in the following sizes, height 42 and 48 inches, length 96 and 120 inches.

Begin the installation by removing quarter rounds on frame to allow some room for error at edges and to make a neater job. Make old blackboard true and plumb. Make joints even either by skimming out from behind or by building up one board with a mastic. If old boards are slate or cement-asbestos type make sure that they are either cemented securely to the wall or that the quarter rounds will hold them securely. Nails or clips will keep slate from falling out. If old boards are wood type, nail them flat against the wall to prevent warpage. All holes shall be filled before applying new chalkboard. Old boards shall be cleaned first by washing with soap and water and then with a solvent such as Formica contact Bond Solvent.

Make necessary measurements and cut Formica to size. Put Formica in place to check. Allow $\frac{1}{16}$ " clearance between sheets. Very little movement is possible after the two materials are placed together with contact cement. Therefore line up the Formica with one edge of the old board. Then apply from this edge. Trimming of excess Formica is easier after cementing. Contact cement is inflammable when using, keep windows open and room well ventilated.

Contact cement shall be applied liberally with more on the Formica than the old board. Cement shall dry for at least 20 minutes but not more than 35 minutes. Test for dryness, if dry, then position Formica by lining up along one edge and then apply. To avoid error use the slip sheet method. Cover the old board with a heavy sheet of smooth kraft wrapping paper. The Formica is applied at one edge and the paper pulled slowly out to allow contact). If Formica is put on improperly, remove it by pouring solvent down behind Formica. Upon contact apply pressure from center to edges to eliminate air bubbles. Roll entire surface with "joy-roller" applying extra pressure at edges.

Clean with solvent and replace quarter rounds.

Inspection and Test

Samples of Formica Chalkboard were inspected as to construction by Ass't. Engr. J. A. Darts, Committee on Test. The applicant has also submitted a report on chalk and erasing test to show the chalk marking and erasure qualities of Formica Chalkboard.

The complete report is on file and is part of the record.

Recommendation

On the basis of the inspection and the data filed by the

MINUTES

applicant, the Committee on Test recommends the approval of Formica Chalkboard for voluntary use in classrooms under the provisions of C26-191.0 and C26-667.0 provided that this material is attached to incombustible material and not directly to walls without incombustible backing and not to exceed a total of 250 square feet per classroom; that classrooms herein referred to, shall be rooms in schools or other institutions giving academic instructions, and that the material delivered to a school for such use shall be tagged or stamped: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 328-58-SM."

362-58-SM

APPLICANT—Staley Elevator Co., Inc., owner.
SUBJECT—Application June 6, 1958—Staley Elevator Sliding Hoistway Door Interlock, Type RL-6, approval of.

APPEARANCES—

For Applicant: Fred N. Sollog.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 362-58-SM

Subject: Staley Elevator Sliding Hoistway Door Interlock, Type RL-6.

Staley Elevator Company, Inc., New York, filed June 6, 1958 an application with the Board of Standards and Appeals for approval of the Staley Elevator Sliding Hoistway Door Interlock, Type RL-6 under the provisions of C26-912.0 Administrative Building Code.

Purpose

The electro-mechanical door interlock is intended for use with hand or power operated horizontally sliding elevator doors.

Description

The interlock is so designed to be connected, at a circuit voltage not to exceed 220 volts, with all hoistway interlock switches in series so as to constitute a hoistway unit system in which the normal operation of the car is prevented unless all hoistway doors are closed and locked.

The switch housing has one pair of electric contacts bridged by a contact bar mounted on an insulation block attached to a hooked fitting secured to the landing door hanger box. The hooked fitting will lock inside the box by not less than $\frac{5}{16}$ inches before the bridging bar comes into with the interlock contacts. On closing, therefore, the door is first locked and then the interlock circuit is completed.

The hooked fitting is equipped with an engaging roller. Horizontal deflection of this engaging roller will transmit angular motion to the hook end around the pivot center; thereby locking or unlocking the hoistway door as the case may be. The locking and unlocking movement of this hooked fitting is limited by a rubber bushing mounted on a pin. An engaging clutch mounted on power operated car doors will have a vertical grooved opening $\frac{1}{4}$ inch larger in width than the diameter of the engaging roller, and will be of

sufficient length to insure car door engagement with the landing door provided the car be no more than 6 inches off level with the hoistway landing.

Energization of a car door power operator opens the car door and movement of the car door, therefore, transmits, through the car door engagement clutch, horizontal motion of the engaging roller for unlocking of the interlock and thereby permitting the hoistway door to accompany the door to its fully opened position.

When the car door operator reverses, closing the car door, and since the landing door is still engaged with the car door, it accompanies the car door to its fully closed position and the clearance between the engaging clutch on the car door and the engaging roller on the landing door permits the interlock to lock, thereby reestablishing the car controlling system. The horizontal deflection of the engaging roller for unlocking the door will be accomplished by a manually operated grip handle on those elevators equipped with manually operated sliding hoistway doors.

Inspection and Test

The interlock was tested at the Underwriters' Laboratory in accordance with the requirements of C26-912.0 Administrative Building Code and successfully met the requirements. The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests and the data submitted by the applicant, the Committee on Test recommends the approval of the Staley Elevator Sliding Hoistway Door Interlock, Type RL-6 for use in New York City under the provisions of C26-907.0 through C26-913.0 Administrative Building Code on condition that the interlock bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 362-58-SM."

Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

548-58-SM

APPLICANT—National Builders Supply Co., owner-manufacturer.

SUBJECT—Application September 18, 1958—National Acoustical Suspension Systems, H and Tee, Zee Runner; Tongue and Groove and Grid Systems, approval of.

APPEARANCES—

For Applicant: John J. Roache.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, and Commissioner Sleeper 3
Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 548-58-SM.

Subject: National H & Tee-Zee Runner-Tongue & Groove Grid Systems.

National Builders Supply Co., Malvern, Pa., filed September 18, 1958, an application with the Board of Standards and Appeals for approval of the National H & Tee-Zee Runner-Tongue & Groove Grid Systems under the provisions of C26-461.0 Administrative Building Code.

Purpose

A method by which acoustical ceiling tile may be suspended mechanically.

MINUTES

Description

The system comprises five basic methods of suspension.

1) H & Tee System:

A cold roll formed H section manufactured with $\frac{3}{4}$ " top and bottom flanges and a center web varying in height from 1" to $1\frac{1}{4}$ " to $1\frac{1}{2}$ " depending on the span and weight of the acoustical material to be applied. The Tee Splines are cold roll formed $\frac{7}{16}$ " high or $\frac{9}{16}$ " high or $\frac{3}{4}$ " high to serve as an intermediate support from H Bar to H Bar. The $\frac{1}{2}$ " high Tee Splines and the $\frac{9}{16}$ " Tee Splines are cut to $23\frac{7}{8}$ " to provide intermediate support between H Bars 24" on center. The $\frac{3}{4}$ " Tee Spline is cut to $35\frac{7}{8}$ " and $47\frac{7}{8}$ " to provide intermediate support between H Bars 36" or 48" o.c. depending on the weight of the acoustical material to be applied. Splacers, flat splines, breathing splines, etc. are provided to complete this assembly.

2) Concealed Zee Bar System.

The Concealed Zee Bar System is made up of a cold rolled Zee Bar ranging from $\frac{13}{16}$ " across the top flange and vertical web by $\frac{3}{4}$ " wide bottom flange to $\frac{13}{16}$ " across the top by $1\frac{3}{4}$ " through the web by 1" depending on the weight of the acoustical tile or material to be applied. Zee Bars are usually applied as follows:

A. Clipped to $1\frac{1}{2}$ " carrying channels supported each 4' and spaced 1' o.c.

B. Clipped to $1\frac{1}{2}$ " carrying channels supported every 4' placed 2' o.c. (Here either light gauge steel angle splines mounted back to back or inserted as cross stiffening members or Tee Splines are used, similarly to those used in the H and Tee System).

C. Mounted as exposed members supported each 4' to $1\frac{1}{2}$ " carrying channels, spaced 2' apart. In this case the tile rests on the bottom flange of the Zee Bar which is painted with a white baked enamel finish, to match the tile as closely as possible.

The necessary splicing sections, breathing splines, leveling splines and wire clips for fastening to $1\frac{1}{2}$ " channels are provided to complete this assembly.

3) Nailing Channel System.

A. A light gauge cold roll formed nailing channels $\frac{7}{8}$ " high and $\frac{5}{8}$ " across the top with two flanges on the bottom designed to receive annular threaded nails for the application of plaster board, gypsum or other types of backing material to form a base for the application of acoustical tile. Normal installation consists of securely fastening by means of fabricated steel clips or wire to $1\frac{1}{2}$ " carrying channels 4' o.c. Nailing Channels are spaced 16" to 24" apart, depending on loads to be carried. Clips, couplings and other accessories are precisely fabricated to complete this assembly.

4) Tongue and Groove System.

A. A cold roll formed channel section manufactured with $\frac{13}{16}$ " across the top flange, webs varying from $\frac{13}{16}$ " to $1\frac{9}{16}$ " and bottom flange from $\frac{3}{8}$ " to $\frac{1}{2}$ ". Tee and G, C channel is securely clipped to $1\frac{1}{2}$ " carrying channels which are placed not over 4' o.c. The Tee and G, C channel itself is spaced 1' apart with the bottom flange fitted into the tile kerf so designed to accept this channel. Wire clips, couplings, etc. comprise the complete components for this system.

5) Steel Grid System.

A. Steel Grid System consists of a cold roll formed Main Beam $1\frac{1}{2}$ " through the web with a $\frac{15}{16}$ " bottom flange. Main Beam is formed to provide a $\frac{1}{4}$ " bulb at the top. Cross Tees are cold roll formed Tee sections $\frac{7}{8}$ " through the web with $\frac{15}{16}$ " bottom flange. These are fabricated in either 24" or 48" lengths (Depending on desired pattern) and are fitted with steel clips which interlock into a specially designed notch in the web of the Main Beam. Main Beams are securely fastened to $1\frac{1}{2}$ " nailing channels either by steel clips or wire. Hangers are spaced either 4' or 5' apart along $1\frac{1}{2}$ " carrying channels and 24" or 48" apart depending on loads to be suspended or grid pattern design. Clips for fastening to $1\frac{1}{2}$ " carrying channels, couplings, etc. are provided to complete this system.

Inspection and Tests

Samples of the systems were examined by Ass't. Engr. J.

A. Darts, Committee on Test and were found to comply with the manufacturers specification as to gauge and size.

Recommendation

On the basis of the inspection and the data field by the applicant, the Committee on Test recommends the approval of the material known as National H & Tee-Zee Runner-Tongue & Groove, Channel System, and Steel Grid System as herein described for use in New York City, when the system is attached to $1\frac{1}{2}$ " inch channels as required under C26-461.0 Administrative Building Code and further that only approved acoustical tile shall be used in conjunction with the systems and that all cartons in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 548-58-SM" and all plans submitted to the Department of Buildings showing the proposed use of this system shall be similarly marked.

641-58-SA

APPLICANT—Moline Accessories Corporation, owner.

SUBJECT—Application November 10, 1958—Moline Accessories Corporation Elevator Hoistway Door Interlock, No. 15, approval of.

APPEARANCES—

For Applicant: L. A. Krassovsky.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 641-58-SA

Subject: Moline Elevator Hoistway Door Interlock No. 15.

Moline Accessories Corp., Moline, Illinois, filed November 10, 1958 an application with the Board of Standards and Appeals for approval of the appliance known as Moline Elevator Hoistway Door Interlock No. 15 under the provisions C26-907.0 through C26-920. Administrative Building Code.

Purpose

The appliance is an interlock for passenger and freight elevators.

Description

The appliance is for use with power operated horizontally sliding elevator hoistway doors. It is intended for connection in a hoistway unit system at a control voltage not exceeding 220 volts.

The component parts consist of an operating rod, base plate, swivel assembly, snap ring, locking hook, terminal base, contact bars, contact base, hook guide and locking block, movable contact assembly, insulation and enclosure.

In operation, when the elevator arrives at a landing, driving bar on the hoistway door is drawn into an electromagnet clutch on the car door. Horizontal movement of the driving bar, moving from the retired to the clutched position is translated through the operating linkage, into a vertical lifting motion of the unlocking rod.

As the hook is raised by the unlocking rod, the budging contact bar is also raised away from the interlock contacts,

MINUTES

opening the interlock circuit before the door mechanically unlocked. The door can now be opened.

After the door open-close cycle has been completed and the doors have returned to the fully closed position, the electromagnet clutch is de-energized, releasing the driving bar which retires, allowing the hook to fall into place, locking the door and closing the door interlock circuit.

Inspection and Test

The appliance was tested at the Underwriters' Laboratory, Chicago, Illinois, in accordance with the requirements of C26-1179.0 through C26-1185.0 Administrative Building Code and successfully met the requirements.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Moline Elevator Hoistway Door Interlock No. 15 for use in New York City under the pertinent provisions of Article 14, Chapter 26, Administrative Building Code as having met the test requirements of C26-1179.0 through C26-1185.0 Administrative Building Code on condition that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 641-58-SA."

16-59-SM

APPLICANT—George A. Tinnerman Corporation, owner.
SUBJECT—Application January 8, 1959—GAT Channel Clamp, Models CA, CB, CC, 1½ inch Lathers Channel Suspension Clamp, approval of.

APPEARANCES—

For Applicant: M. W. Allen.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioners Sleeper and Commissioner Fox 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 16-59-SM

Subject: GAT Channel Clamp, Models CA, CB and CC.

George A. Tinnerman, Corp., Cleveland, Ohio, filed January 8, 1959 an application with the Board of Standards and Appeals for approval of GAT Channel Clamp, Models CA, CB and CC, 1½ inch Lathers Channel Suspension Clamp, for voluntary use in New York City under the provisions of C26-461.0 (8.4.10.5.1) of the Administrative Building Code.

Purpose

To provide a rapid and efficient method of installing Lathers Channel on a suspended rod.

Description

The GAT Channel Clamp is a heat treated spring steel fastener which provides a positive lock and made in sizes to fit #8 wire, ¼ inch rod and ⅜ inch rod.

The purpose of this clamp is to provide a rapid and efficient method of installing lathers channel onto a suspended rod. The clamp is so designed that it is readily adjustable to provide proper leveling using finger pressure and when released the clamp automatically locks itself in the

position set. The channel is then snapped into the clamp. Once the channel is in place the spring fingers grip the channel so that it cannot be removed from the clamp without the aid of pliers or screwdriver. This means that the channel is securely gripped by the clamp to prevent any movement of the channel on the rod.

Provisions have been built into the part to take 1½ inch channel with a ⅞ inch flange down to a ½ inch flange. As the channel is rolled into the clamp, it ratchets past the retaining legs until it reaches the proper depth and then snaps in behind the channel to prevent it from coming out of the clamp.

Inspection and Test

Samples of the clamp were examined at this Board by Ass't. Engr. J. A. Darts. The clamp has been tested by the Pittsburgh Testing Laboratory with the following results:

Clamp	Wire Size Inch	Maximum Load Average—lbs.	Ultimate Load—lbs.
#8 Rod	.162	1067	1210
¼" Rod	.250	792	960
⅜" Rod	.375	1092	1225
#8 Channel ..	.162	332	445
¼" Channel ..	.250	345	370
⅜" Channel ..	.375	421	445

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and data filed by the applicant the Committee on Test recommends the approval of the GAT Channel Clamp, Models CA, CB and CC, be approved for voluntary installation in New York City, on condition that the hangers and 1½ inch channels shall be installed in accordance with the requirements of C26-461.0 Administrative Building Code and the balance of the system shall be as herein described.

The Committee further recommends that when the tile used in conjunction with this system is of the fiber or combustible type the installation shall comply with the requirements of the Fibre Board Rules as to coverage as provided under Rule 3 and if the tile is of an incombustible nature, the system may be considered as an incombustible suspended ceiling.

It is further recommended that all plans submitted to the Department of Housing and Buildings showing the proposed use of this ceiling shall be marked or stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 16-59-SM" and all cartons or packages in which the material is shipped shall be similarly marked.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 133-59-SA.

Subject: Hauck Liquid Propane Burner, Models LAK, LSL, LSW, approval of.

Hauck Manufacturing Co., Brooklyn, New York, filed March 6, 1959 an application with the Board of Standards and Appeals for approval of the Hauck Liquid Propane Burner, Models LAK, LSL and LSW for use in New York City in accordance with the regulations of the Fire Commissioner, dated August 5, 1958.

Purpose

Torches for use in tar kettles for melting tar, pitch or asphalt.

Description

These torches consist of a burner made up of a schedule 40 steel pipe which has a steel tube flared to fit the inside of the pipe and welded together so as to form an annular space to act as a vaporizing chamber. The burner is welded to a steel bracket which serves as its base.

A handle made up of a pipe within a pipe is welded to the burner. The inside pipe has small transverse holes at the top and is brazed to a control valve seat which in turn is brazed to the outside pipe, the actual handle. This assembly is then inserted at the rear of the burner and welded into place.

The liquid propane supplied through a neoprene pressure hose from an I.C.C. cylinder is fed to the vaporizing chamber by the inner pipe. The transverse openings at the top of the inner pipe allow for aspiration of some hot vapor between the inner pipe and handle keeping the handle and control valve from freezing.

Liquid propane pressure is set at 60 psi maximum at the cylinder by means of a regulator valve. The control valve also acts as a limiting orifice valve so that full bottle pressure will not pass through it to the burner orifice.

The complete torch is tested hydrostatically to 300 psi.

The LAK model is for well type tar kettles, the LSL model for Bottom fired tar kettles on legs and the LSW model for Bottom fired tar kettles on wheels.

Inspection and Test

A typical torch was inspected and tested at the premises of the applicant by Ass't. Engr. G. F. Sklenarik. It was noted that the maximum pressure developed in the vaporizing chamber was 40 psi when the torch burned at full blast. The torch operated satisfactorily.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Hauck Liquid Propane Burner, Models LAK, LSL, LSW for outdoor use when installed and used in accordance with this report and the requirements of the Fire Commissioner dated August 5, 1958, provided that each torch shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 133-59-SA".

THE RESOLUTION—

WHEREAS, the order of the Borough Superintendent, dated July 7, 1958 on Violation No. C 1831-58, reads:

"In that grade at rear of premises is being maintained at approximately 14± above legal curb grade, thus necessitating a legal retaining wall with adjacent properties at 2111 Edenwald Avenue and 4111 Monticello Avenue. Walls in question to be made and maintained jointly by owners of each property.

"U.B. 46/57 pending on 2111 Edenwald Avenue.

"REMEDY: You are hereby directed to erect a legal retaining wall."

and

WHEREAS, the applicant states that the premises consist of a lot 47 feet by 100 feet in area, located in a residence use, D area, class 1 height district, that there exists upon this lot a 2 story and basement, 31 feet high, class 3 building, 20 feet by 42 feet in area, used and occupied as a 1 family dwelling with accessory garage in the basement, in accordance with Certificate of Occupancy #2546/41 issued against N.B. Applic. 1083/40; and

WHEREAS, the applicant states that Violation No. 1831/58 dated July 2, 1958 is pending under Section C26-563.0; and

WHEREAS, the applicant states that Mariano and Anna La Franca, owners of the neighboring lot #36 at 2111 Edenwald Avenue have on their land a retaining wall, built without a permit from the Department of Buildings; that this wall is now in a dangerous condition; that two Unsafe Buildings (U.B.) were served on La Francas concerning their wall, U. B. 35/56, May 3, 1956 U.B. 46/57, July 8, 1957; that a Violation 3675 was issued November 7, 1958 is also pending; that this wall replaced an older retaining wall shown on 1953 survey, 16 feet south of the present unsafe wall; that in December 1954, one John Biele, who was the owner of the premises at that time, demolished the existing retaining wall and proceeded to build a new

MINUTES

retaining wall without filing plans and without a permit; that in the course of its construction the retaining wall collapsed; that Biele proceeded anew and constructed the present retaining wall; that when these facts were discovered by the Department of Buildings, he sold the premises by a "quick sale" to the La Francas; that this sale was made on basis of "as is"; that the record also shows that former U.B.'s for this retaining wall were filed against La Francas only and directed solely against La Francas, dated May 3, 1956, U.B. 35/56 and refiled again as against La Francas only under U.B. 46/57; that no appeal or protest was made by La Francas against these violations; that the time of La Francas to appeal or protest has long since expired; that a survey was made on September 19, 1957 in a proceeding against said La Francas as owners (U.B. 46/57) dated September 19, 1957 by Mr. Frank Lichhorn, inspector of the Department of Housings and Buildings and Mr. V. Della Penna, an architect appointed by the Department of Housing and Buildings, and Mr. E. Richard Crino, the architect appointed by the owners, La Francas, which report of the Survey required the defendants, said La Francas, to "erect a new and lawful wall to properly support adjoining earth after submitting plans and application"; that the record also shows that Mr. E. Richard Crino, the architect employed by the La Francas, filed a plan and application for construction of a substitute retaining wall in place of the present defective one, dated May 29, 1956 and filed June 5, 1956 (B.N. 469/56); that this plan and the application were approved but have expired by time limitation; that the record further shows that subsequently a proceeding was initiated by said Department of Housing and Buildings in the Supreme Court, Bronx County against said Mariano La Franca and Anna La Franca as owners, which was tried in Court before Honorable Samuel H. Hofstadter on September 26, 1957; that after testimony was duly taken in said Court, findings of fact and conclusions of law were made by Mr. Justice Hofstadter which directed said defendants Mariona La Franca and Anna La Franca to "properly shoring and bracing said retaining wall to prevent same from collapsing; that if necessary to erect a new lawful wall to properly support adjoining earth. . ."; that said proceedings was brought against Mariano La Franca and Anna La Franca as owners, Index No. County Clerk, Bronx, 2628—1957; that the record further shows that subsequently an Order was issued by the Borough Superintendent of the Borough of The Bronx, dated October 1, 1957, to said Mariano La Franca and Anna La Franca as owners, requiring them to pay the survey fee amounting to \$50.00 incurred in the above judicial proceedings and to proceed to "make safe or demolish the subject retaining wall"; that the record also shows that said La Francas paid the \$50.00 survey charge and repeatedly promised to rebuild the wall in accordance with the plans of their architect Mr. Crino and repeatedly secured extensions of time within which to do so—but they never complied with same; that when the La Franca house was constructed a safe and legal retaining wall was in existence on said property; that this appears from the two surveys made by Samuel E. Green above referred to; that in December 1954, the existing legal retained wall was demolished by John Biele the owner of the building at that time and he substituted the present defective retaining wall without permit and without authorization; that the appeal is made to dismiss the violation against the applicant Harry Hinrichsen; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Order of the Borough Superintendent, acting on Violation No. C1831-58, be and it hereby is affirmed and that the application be and it hereby is denied.

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1959 on Alt. Applic. 25/59, reads;

"1. The proposed use of the Class IV structure for commercial purposes (Reception room and office for dentist) is contrary to Sect. 4.2.1. Bldg. Code."

and

WHEREAS, the applicant states that the building is 15.4 feet by 41.9 feet in area, one story, 15 feet high, of class 4 construction, located in business use, B area, class 1 1/4 height district, built in 1935, under B. N. Applic. 20/35 as a Real Estate Office; that the building was altered in 1946 by building a concrete block extension at the northwest corner; that the present use and arrangement for a dentist's office was started in 1951; and

WHEREAS, the applicant states that the building is of wood frame construction, stucco finished on all sides; that the boiler room will be separated from the rest of the building with a fire retarded partition with fireproof self closing door; that the boiler room ceiling will also be fire retarded; that this is only a one story building without a cellar; that the present owner, a dentist has struggled for eight years to establish himself at this location in this partially developed area; that with extreme difficulty he has built up a following in the community as a respected practitioner; that it would be an extreme hardship, particularly for a professional man, if he were to be compelled to start over again at another location; that his eight years of effort would be a total loss.

Resolved, that the decision of the Borough Superintendent, dated January 22, 1959, acting on Alt. App. 25-59, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted* only insofar as it refers to the proposed use of the Class 4 structure for commercial purposes as being contrary to Section 4.2.1 of the Building Code which prohibits the use of a frame building for this purpose on condition that in all other respects the building and premises shall comply with all laws, rules and regulations applicable thereto; that the masonry extension 6 feet by 15 feet 3 inches erected under Alt. App 1031-46 shall be permitted as a legal extension to this existing frame building.

159-59-A

APPLICANT—Charles M. Spindler, for Michael Aurricchio, owner.

SUBJECT—Application March 17, 1959—filed pursuant to Section 35 of the General City Law re premises in bed of a mapped street—proposed widening of Metropolitan Avenue.

PREMISES AFFECTED—79-57 Metropolitan Avenue and 66-92 80th Street, northwest corner, Block 3070, Lot 78, Middle Village, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 19, 1959 on N. B. Applic. 378/59, reads:

"1. The proposed structure is in the bed of a mapped street and is contrary to Art. 3, Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consists of a lot 164.17 feet by 145.15 feet in area, located in an unrestricted use, D area, class 1 height district, used and occupied for monument display, upon which are constructed three buildings as shown on plot plan of existing conditions marked "Received March 17, 1959"; that it is proposed to demolish 550 square feet of that portion of building No. 1 which is constructed within the proposed street widening of Metropolitan Avenue, and to construct a class 3 factory building on the southwest corner of the lot, one story, 14 feet high, 50 feet front by 103 feet deep, to be used for tenant factory; that the front portion of this building is to be constructed 33.90 feet within the bed of the proposed street widening of Metropolitan Avenue; and

WHEREAS, the applicant contends that the owner has held title to this parcel for the past 11 years; that it is requested that permission be granted for the erection of the portion of the factory that extends into the bed of a mapped street; and

Resolved, that the decision of the Borough Superintendent, acting on NB APP 378-59, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the construction of the proposed one-story masonry building at the westerly end of the plot fronting on Metropolitan Avenue to extend into the bed of the mapped street, which is 33.90 feet north and south at this point, *on condition* that the building shall be so constructed that a steel girder with the proper piers shall be erected with the centerline of the girders one foot behind the proposed building line, or north therefrom, so as to permit readily the demolition of part of the building in the bed of the mapped street without undue cost to the City should the City at any time take over this property in the bed of the mapped street for the widening of Metropolitan Avenue; and that in all other respects the building and occupancy and the balance of the premises shall comply with all laws, rules and regulations applicable thereto, substantially as shown on plans filed herewith marked "Received March 17, 1959", 2 sheets, and "April 21, 1959, one sheet.

617-58-A

APPLICANT—Leonard F. Rothkrug, for Angelo Santomartino, doing business as S and S Service Station, owner.

SUBJECT—Application October 28, 1958—filed pursuant to Section 35, General City Law re erection of building in bed of a mapped Street—West 19th Street.

PREMISES AFFECTED—2974-2984 Cropsey Avenue, west side, 25 feet south of Bay 53rd Street, Block 6947, Lot 301, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal withdrawn in view of the fact that the City has taken title of this property in the bed of the mapped street.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 20, 1958 on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 20, 1958 only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

“that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution.”
(NB APP 690/57)

95-28-BZ—Vol. IV

APPLICANT—George A. Diamond, for Reisner and Diamond (Free Greek Community, Three Hierachs Greek-Orthodox Church) owners.

SUBJECT—Application for consideration—reopening as Vol. IV subject to regular procedure—re Application, decision of the Borough Superintendent; previously withdrawn, under section 21 of the Zoning Resolution, to permit in a residence use “E” area district the erection of a two story and basement structure of Class III construction as an adjunct to an existing church occupying more than the permitted area and encroaching on the required setback.

PREMISES AFFECTED—1714 Avenue P, (1706 displayed), southwest corner of 18th Street, Block 6780, Lots 6, 4, 3, Borough of Brooklyn.

APPEARANCES—

For Applicant: George A. Diamond.

ACTION OF BOARD—Application reopened subject to the regular procedure to consider a new building for church purposes exceeding the area of coverage permitted.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

30-30-BZ—Vol. II

APPLICANT—Haus & Bresin, for Samuel Schenkel, owner.

SUBJECT—Application for consideration—reopening as Vol. II subject to regular procedure—re Application, decision of the Borough Superintendent; previously granted on condition, under section 21 of the Zoning Resolution, to permit in a residence district the erection and maintenance of an office to be used in conjunction with an existing gasoline service station.

PREMISES AFFECTED—1977-1983 Ocean Avenue, 2001/13 Avenue O, northeast corner, Block 7674, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: T. Hartnett.

ACTION OF BOARD—Application reopened subject to the regular procedure, application having been previously granted for the existing gasoline station, to include the parking and storage of more than five motor vehicles, minor repairs with hand tools only, and the erection of a post standard sign.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

63-49-BZ

APPLICANT—Paul Friedman, for Sundry Service Stations, Inc., owner.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired April 12, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e and 7f of the Zoning Resolution, to permit in a local retail and retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry, salesroom and office, for a term of years.

PREMISES AFFECTED—117-01 to 117-11 Springfield Boulevard and 216-02 to 216-10 Linden Boulevard, southeast corner, Block 12734, Lot 8, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

ACTION OF BOARD—Application reopened to be set for hearing, requiring two publications in the Bulletin as required legal notice, also for inspection by Committee of the Board; date for hearing as to extension of variance to be set by Engineer.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

933-54-BZ—Vol. II

APPLICANT—Albert W. Butt, Jr., for Hensey Properties, Inc., owner, Syska & Hennessy, Inc., lessee.

SUBJECT—Application for consideration—reopening as Vol. II subject to regular procedure—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, to permit in a residence use B area district, the conversion of use of first and second floors in existing five story structure to business use, and to permit opening between the two structures on first and second floors to gain access from one building to the other and to permit a two story extension at rear of five story structure, using more than the area permitted and without the required rear yard at curb level; all to be used by the engineering firm presently located in three story structure.

PREMISES AFFECTED—146 East 39th Street, south side, 175 feet, west of Third Avenue, Block 894, Lot 55, Borough of Manhattan.

APPEARANCES—

For Applicant: Albert W. Butt, Jr.

ACTION OF BOARD—Application reopened as Vol. II, subject to the regular procedure.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

MINUTES

800-56-BZ

APPLICANT—Holtzman, Sharf, Mackell and Hellenbrand, for Herebrt T. Brown and Joseph A. Klar, a partnership, owners.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired October 29, 1958—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, to permit in a residential use district, the construction and maintenance of a gasoline service station, lubritorium, auto washing (non-automatic), minor repairs, hand tools only, office, sales and storage of auto accessories and parking of more than 5 cars for a stated term of 15 years.

PREMISES AFFECTED—96-28 to 94-46 South Conduit Avenue, 154-02 to 154-14 Cohancy Street, southwest corner and 154-01 to 154-13 Bridgeton Street, Block 11582, Lot 42, Howard Beach, Borough of Queens.

APPEARANCES—

For Applicant: Edward Sharf & Morton S. Cahn.

ACTION OF BOARD—Application reopened subject to the regular procedure, except two publications in the Bulletin as notice, and set for hearing on June 23, 1959 at 10 A.M.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative 0

463-55-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Joseph Cali, owner. Dominick Taranto, lessee.

SUBJECT—Application for consideration—reopening as Vol. II subject to regular, proposed extension—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7i, 7e and 7h of the Zoning Resolution, to permit in a business and residence use district, the proposed change of use of store and dwelling, to body and fender repairs, welding, painting and spraying, parking of cars waiting to be serviced on unbuilt upon portion of the plot.

PREMISES AFFECTED—208-20 Northern Boulevard, south side, 125 feet west of Oceania Street and 206-63 45th Road (115 feet west of Ocean Street, mapped), Block 7305, Lot 29, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Application reopened subject to the regular procedure and referred to the engineer for the setting of a date for hearing to consider a new extension under Sections 7i, e and h of the Zoning Resolution.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

JOSEPH J. DOYLE, *Chief Clerk.*

SPECIAL MEETING

FRIDAY MORNING, MAY 22, 1959, 10 A. M.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

89-27-SR

Proposed Revision of the Rules of Procedure of the Board of Standards and Appeals.

APPEARANCES—Charles Spindler, Joseph Lynch, John

R. O'Donoghue, Max Siegel, Leonard F. Rothkrug, Samuel Carr, Witham Dufour and Denis J. Sullivan.

ACTION OF BOARD—After extensive hearing, interested parties were advised to submit further suggestions in writing for consideration by the Board; hearing closed; date for further action to be set.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on April 21, 1959, as they appeared in Bulletin No. 17, Vol. 44, hereby corrected to read as follows:

1283-18-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Socony Mobil Oil Company, owner.

SUBJECT—Application reopened July 22, 1958 as Vol. II—decision of the Borough Superintendent under sections 7c and 7i of the Zoning Resolution to permit in a business, residence and local retail use district, the reconstruction of the present gasoline service station and extend the uses to include lubritorium, minor auto repairs, car washing, store utility room, parking and storage of motor vehicles and discontinue the uses of public garage, repair shop and brake repairs.

PREMISES AFFECTED—1702-1714 Neptune Avenue and 2802-2814 West 17th Street, southwest corner, Block 7020, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 22, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 31, 1959 after due notice by publication in the Bulletin; laid over to April 21, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business, residence and local retail use, C area, class 1 height districts; Neptune Avenue is in a business use, C area, class 1 height district; West 17th Street is in business and local retail use, C area, class 1 height districts; West 19th Street is in business and residence use, C area, class 1 height districts; that as of July 25, 1916 the entire block was in a business use district and that part of the block within 100 feet of Neptune Avenue was in a class 1 height district; that on September 25, 1931 that part of the block beyond 100 feet of Neptune Avenue and that part of the block beyond 100 feet of Mermaid Avenue running from the center line of the block to the building line of West 19th Street, was changed to a residence use district; that the present local retail use designation for that part of the site beyond 100 feet of Neptune Avenue became effective June 22, 1953; that the present class 1 height designation for that part of the premises within 100 feet of Neptune Avenue became effective April 12, 1952; and

WHEREAS, the decision of the Borough Superintendent, dated June 19, 1958 acting on N.B. Applic. No. 37-58, reads:

"1. Proposed building and premises, partly in a Business and partly in a Residence Zone and partly in a Local Retail Zone, to be used for Gasoline service station, lubritorium, minor auto repairs, car washing, store, utility room, parking and storage of motor vehicles, is

MINUTES

contrary to Art. II, PP. 3 & PP. 4-C and Art. II, PP. 4(a), subsections 29 & 46 of the Zoning Resolution.

Note: premises were subject of the Board of Standards and Appeals variance under Cal. #1283-18-BZ." and

WHEREAS, the applicant states that the premises consist of a plot, 127 feet 7¼ inches frontage by 105 feet in depth, presently developed with a one story building of class 3 construction, having a frontage of 71 feet 6 inches, a depth of 105 feet, irregular in shape and now occupied as a public garage, repair shop, office, auto laundry and brake repairs; that the open area is now being used as a gasoline service station with six 550 gallon gasoline tanks, 3 dispensing pumps and two open grease pits; that it is proposed to demolish the present structure and enlarge the existing legal gasoline service station by adding ten new approved 550 gallon gasoline tanks and keeping four present tanks, making a total of fourteen 550 gallon gasoline tanks; that it is also proposed to erect a new accessory building, one story in height, of class 3 construction, having a frontage of 60 feet 4 inches, a depth of 29 feet 8 inches and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, utility room and store; that the open area, not used by the gas service station, is proposed for parking and storage of motor vehicles; and

WHEREAS, the applicant states that Department of Buildings records indicate that under N.B. Applic. No. 338 of 1918 and Cal. No. 1283-18-BZ, permission was granted to erect a public garage, store and office, for which Certificate of Occupancy No. 4321 was issued; that the building was later altered under Alt. Applic. No. 3885-28 and the use changed to public garage for more than five cars, repair shop, two stores, boiler room, gasoline station and office for station; that Certificate of Occupancy No. 51697 was issued for said use as permitted under Alt. Applic. No. 3885-28; and

WHEREAS, the applicant contends that the existing gas station has been in continuous operation since 1928, which proves conclusively that this station is rendering a required service to this area; that demolishing the existing building and reconstructing a new building of modern design will lead the way to any future development in this area; that the gasoline dispensing pumps are proposed to be set 15 feet in back of the street building line, will protect pedestrian travel and keep cars being serviced off the sidewalks; that the curb cuts as proposed, two 30 foot cuts on West 17th Street and three 30 foot cuts on Neptune Avenue are located so as to provide an orderly flow of traffic in and out of the gas station; and

WHEREAS, the applicant states that the present owner has held title to the property since October 14, 1941; that the assessed valuation of land is \$30,000 and of the building \$12,000 making a total of \$42,000; that the building was erected in 1919; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, to permit the legally existing gasoline service station to be extended and reconstructed substantially as proposed and as indicated on plans filed with this application marked, "Received February 19, 1959," 5 sheets and "February 20, 1959," 1 sheet, *on condition* that all buildings and uses not proposed to be retained shall be removed and the gasoline selling station shall be reconstructed and extended substantially as shown on plans above cited; that the *new* building may be surfaced with Seaporcel, and shall have no cellar and shall be arranged as indicated, and in all other respects shall comply with all laws, rules and regulations applicable thereto; that pumps shall be of the low approved type not nearer than 15 feet to either street building line; that the number of gasoline storage tanks shall not exceed a total of twelve such tanks and that any tanks now in existence and proposed to be continued shall be tested by the Fire Commissioner as to structural condition and shall be replaced with new tanks if not satisfactory; that along the lot line to the south there shall be erected a masonry base not less than 6 inches in height with a woven wire fence erected thereon to a total height of not less than 5 feet, 6 inches, and with suitable terminating post at the building line of West 17th Street, and with such fence return on the lot line to the wall of the building on the adjoining lot; that curb cuts shall be restricted to curb cuts as proposed on Neptune Avenue and West 17th Street; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliance shall be maintained as the Fire Commissioner shall direct; that under Section 7i, there may be minor repairs with hand tools only maintained solely within the accessory building located in the business use district extending into a local retail and residential use district to the extent of approximately five feet along the southerly lot line; that under Section 7c, there may be parking and storage of motor vehicles; that the public garage, repair shop and brake repairs formerly permitted shall be discontinued with the proposed removal of garage and shall not be reinstated; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution the word "existing" changed to "new" as indicated in italics, in relation to the surfacing of the proposed building.

NOTICE

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, at 80 Lafayette Street, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PUBLIC HEARING

NOTICE OF PUBLIC HEARING

CAL. NO. 217-21-SR

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals *Wednesday* May 27, 1959 at 10 A.M. in Room 909, at 80 Lafayette Street, Manhattan, on the following proposed amendments to the rules covering the installation and use of oil burning equipment and the storage of oils used in construction therewith. New matter in italics, old matter in brackets [] to be omitted.

- 2.5 *CERTIFICATE OF OPERATION: a certificate of operation as provided for in section B26-58.0 of the administrative code shall mean the operating certificate or certificate of operation issued when required by the Department of Air Pollution Control upon completion of the installation of new or remodeled or reconstructed oil burning equipment.*
- 2.6 [2.5] COMMERCIAL INSTALLATIONS: Oil burner installations in buildings, other than dwellings when used for heating and/or generation of power for use on premises.
- 2.7 [2.6] CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.8 [2.7] DISCHARGE LINE: That portion of the line between the discharge outlet of the pump and the burner oil inlet connection.
- 2.9 [2.8] DOMESTIC INSTALLATIONS: Oil burner installations installed in dwellings as defined in these rules.
- 2.10 [2.9] DWELLINGS: Buildings used exclusively for dwelling purposes and occupied by one or two families, including convents, rectories, and monasteries.
- 2.11 [2.10] ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.11.1 [2.10.1] The conductor from tank to ground connection shall be of copper not smaller than No. 6 (.162") A.W.G. wire, or pipe not less than one-half inch ($\frac{1}{2}$ ") in diameter.
- 2.11.2 [2.10.2] One end of conductor shall be permanently and electrically bonded to tank. The other end shall be bonded to a ground connection consisting of a water pipe or a rod, pipe or plate having a surface area of not less than one hundred and ninety (190) square inches, buried in moist earth not less than two feet (2') below the surface of the earth.
- 2.12 [2.11] FILL PIPE: That portion of the line between the fill pipe terminal and the fill pipe connection in the storage tank.
- 2.13 [2.12] FIRE RETARDING MATERIALS:
- 2.13.1 [2.12.1] One-half ($\frac{1}{2}$) inch plaster boards, or asbestos boards, or three-eighths ($\frac{3}{8}$) inch gypsum wall boards weighing not less than 16 pounds per square yard with pointed joints covered with No. 26 U.S. gauge sheet metal with one (1) inch lapped seams nailed to the wood beams when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are spaced more than sixteen (16) inches on centers, or
- 2.13.2 [2.12.2] Two thicknesses of one-quarter ($\frac{1}{4}$) inch asbestos boards laid with tight staggered joints and nailed to the beams, when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are more than sixteen (16) inches on centers, or
- 2.13.3 [2.12.3] Metal lath weighing not less than three pounds per square yard, attached to furring strips and plastered with Portland cement mortar at least three-quarters ($\frac{3}{4}$) inch thick.
- 2.13.4 [2.12.4] Note—All fire retardant material to be applied as required in rules for fire retardant material of the Board of Standards and Appeals.
- 2.14 [2.13] GROUND: An electrical conductor having capacity to absorb current.
- 2.15 [2.14] INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes under same requirements as for Commercial Installations.
- 2.16 [2.15] OIL: Any liquid mixture, substance or compound derived from petroleum, including kerosene and fuel oil as defined in section [C19-2.0] B26-47.0 (4) of the Administrative Code and Rule 3.
- 2.17 [2.16] OIL BURNING EQUIPMENT: Any device including burners, oil burning heaters, internal combustion engines used for heating, power or other purposes designed for and/or using oil as defined in these rules.
- 2.18 [2.17] OIL LEVEL INDICATING DEVICE: A means by which the level of the oil in a storage tank may be indicated.
- 2.19 [2.18] OVERFLOW PIPE: A pipe which conveys, by gravity, the oil from the maximum level of an auxiliary tank to the storage tank or from the pump to the storage tank.

PUBLIC HEARING

- 2.20 [2.19] **PERMANENT DEFORMATION**: Wherever phrase, "without permanent deformation," is used in these rules it shall mean that the tanks or containers shall, after release of test pressure, resume their original size and shape.
- 2.21 [2.20] **PERMIT**: Shall mean permit for storage of oil.
- 2.22 [2.21] **PORTLAND CEMENT CONCRETE**: Shall mean a mixture of one (1) part cement and not more than two and one-half (2½) parts sand and five (5) parts of coarse aggregate and complying in all other respects with the requirements of C26-311.0 of the Administrative Building Code.
- 2.23 [2.22] **PREHEATER**: A device designed for heating oil for the purpose of decreasing the viscosity.
- 2.24 [2.23] **RELIEF VALVE**: A valve held shut by a spring or other means of automatically relieving pressure in excess of its setting.
- 2.25 [2.24] **RELIEF LINE**: That portion of the line between the by-pass connection of the relief valve and the supply line or storage tank.
- 2.26 [2.25] **REMOTE CONTROL**: A hand, electric, or mechanically-operated device to shut off the oil supply. A thermostat is not acceptable as a remote control.
- 2.27 [2.26] **SCAVING SCAVENGING LINE**: A line installed to permit the removal of water or foreign matter from a storage tank.
- 2.28 [2.27] **SHOP FABRICATED**: Shall mean completely built in the shop of the tank manufacturer.
- 2.29 [2.28] **SHUT-OFF VALVE**: A device that can be actuated to prevent the flow of liquid in a line of pipe.
- 2.30 [2.29] **STORAGE CONTAINER**: Any container for oil connected to a burner or oil-burning heater and having a capacity of six (6) gallons or less.
- 2.31 [2.30] **STORAGE TANK**: Any tank for oil having the capacity of two hundred and seventy-five (275) gallons or more, having a fill line and vent line connected thereto.
- 2.32 [2.31] **STORAGE TANK, AUXILIARY**: Any container for oil having a capacity of not over 60 gallons and used as an intermediary tank for gravity feed and equipped with an automatic or manually operated pump.
- 2.33 [2.32] **SUPPLY LINE**: That portion of the line between the storage tank and the pump oil inlet connection or hand valve. Where a pump is not used, it shall be that portion of the line between storage tank and burner and burner oil inlet connection or hand valve.
- 2.34 [2.33] **TEST WELL**: An opening in the top of the storage tank or a straight pipe connected to such opening through which a gauge stick may be inserted into the storage tank.
- 2.35 [2.34] **TRANSFER PUMP**: An oil pump that is not an integral part of the burner and which is installed between storage tank and burner.
- 2.36 [2.35] **VENT PIPE**: That portion of the line between vent pipe terminal and vent pipe connection in the storage tank.
- 6.5 **Tanks located along line of Subways.**
- 6.5.2 *For the purpose of this rule a subway shall be deemed to be any covered subsurface railroad or rapid transit roadbed.*
- 10.1.1 No oil burner installation of more than six (6)

gallons capacity shall be operated until after a *Certificate of Approval* has been issued by the *Commissioner of Buildings* and a permit for the storage of fuel oil has been issued by the Fire Commissioner, *except that temporary operation shall be permitted upon the filing by the licensed oil burner installer of a certified statement that such equipment conforms with the approved application for a work permit and plan submitted therewith, and with applicable provisions of law.*

Application for *Fire Department* permit for the storage of fuel oil shall be made [and fee covering the permit as per rule 10.4.1 to be paid] within ten days after the completion of the installation by the installer who holds a Certificate of License issued by the [Fire] Commissioner of Buildings on forms furnished by the [Fire] Commissioner of Buildings which shall include the location of the building in which the installation has been made, [name and address of owner and/or occupant] name and address of installer, [make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such installation by the Borough Superintendent of Buildings when required under Rule 10.2] *quantity of fuel oil to be stored and signature of the owner.*

No *certificate or approval* shall be issued by the *Commissioner of Buildings* and no fuel oil storage permit shall be issued by the Fire Commissioner until the installer has furnished [an affidavit] *a certified statement to the Commissioner of Buildings* that the installation complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 percent without smoking.

The installer shall file with the [Borough Superintendent] *Commissioner of Buildings* plans showing the size and location of all storage tanks having a capacity greater than 275 gallons where such tanks are to be installed either inside of buildings in or below the lowest floor level or outside of buildings below ground. Plans, however, shall be filed where 275 gallon tanks are to be buried and for all multiple dwellings and for all places of public assembly. [All plans as in this Section required, shall be certified to the Fire Commissioner by the Borough Superintendent of Buildings before any work is started.] All such plans shall show compliance with all structural requirements and show all salient features of the installation. Plans shall also be approved by the [Board of Transportation] *New York City Transit Authority within the limitation in Rule 6.5.1* for all tanks located in or outside of buildings along the line of subways [under the limitation in Rule 6.5.1] *under its jurisdiction.*

All fuel storage tanks and piping installed, as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A [sworn] *certified* statement by the installer [in proper affidavit form] attesting to such installation and test shall be filed with the [Fire] Commissioner of Buildings.

When application for permit for the storage of fuel oil is made, as provided for in Rule 10.1,

PUBLIC HEARING

a fee covering the permit shall be paid to the Fire Department in accordance with the schedule given in the Administrative Code.

- 10.5 *Except as otherwise provided for in Rule 11, oil burning installations shall be inspected as required by the Commissioner of Buildings and if it is determined that the installation complies with the requirements of the administrative code, the rules of the Board of Standards and Appeals and all laws and regulations applicable thereto, a certificate of approval shall be issued by the Commissioner of Buildings.*

- 12.2 [Adequate ventilation at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed, except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.] *Adequate ventilation, at least 15 square inches per gallon of oil per hour, required to fire the equipment to gross output shall be provided in all rooms in which burners are installed. If the fixed ventilation is supplied mechanically, it shall be electrically interlocked with the burner, and it shall be capable of supplying at least 36 CFM of air per gallon oil per hour, required to fire the equipment to gross output. It shall also be capable of maintaining an air pressure in the boiler room when the burner is in operation, no less than the outdoor atmospheric pressure at the same time and elevation.*

- 15.2 Except as provided in Rule 15.2.1 every heating system in which the oil is preheated or systems not fully automatic when operating shall be

15.2.1

under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of [fitness] qualification as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of [fitness] qualification as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the (Fire) Commissioner of Buildings for the installation of such oil burning equipment.

Minutes of Special Meetings Wednesday Morning, May 27, 1959 and Monday Morning, June 1, 1959, Affecting Calendar Number 217-21-SR.

Correction Affecting Calendar Numbers 402-52-BZ—Vol. II and 81-57-BZ.

NOTICE

Commencing with this issue, the date of the Bulletin of the Board of Standards and Appeals has been advanced two days to coincide with actual publication contract requirements.

NOTICE

In accordance with sound management practice and due to budgetary limitations, two changes have been instituted in the Bulletin of the Board of Standards and Appeals. These changes, in compliance with the requirements of Chapter 27, Section 665 of the Charter of the City of New York and the rules of the Board, are as follows:

1—CALENDAR: Notices of public hearing on applications for zoning variances will be published twice: first publication, listing new cases set for hearing, in the Bulletin available to the public at least 14 days before the date of hearing; second publication, in the last Bulletin available to the public immediately prior to the hearing date. The second publication will be augmented with a listing of cases laid over from previous hearings. Attention is directed to the MINUTES of such previous hearings, where the reasons for laid over cases will have been published. Notices of public hearing on applications for approval of materials and appliances will be published once, at least 10 days prior to the hearing date.

2—MINUTES: The publication of the "digest" of the applicant's statement has been discontinued, except that the administrative orders, decisions, etc., which are the subject of each application or appeal will be published. The summary of information given in the Appeal Form (Form A) shall be published for Administrative Appeals. The Board will continue to publish such other matters as it may deem advisable.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, on September 22, 1953, this application—Vol. III—was granted by the Board on certain conditions under Section 7e of the Zoning Resolution, to permit in a residence use district, the change of occupancy from stable for more than five horses to storage of electrical equipment, previously granted by the Board for a term of five years permitting use of cellar and first floor for manufacturing and storage—expired April 23, 1948, affecting premises 357 West 17th Street, north side, 100 feet east of Ninth Avenue, Block 741, Lot 5, Borough of Manhattan; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation September 22, 1958; and

WHEREAS, the applicant requested reopening of this application and amendment of the Resolution adopted September 22, 1953 only insofar as it pertains to the use of the premises, so that as amended, the premises may be used as office and storage of stationery and corrugated paper as proposed and as indicated on plans marked "Received January 5, 1959", 3 sheets, and that in all other respects the conditions of the Resolution shall be unchanged; and

WHEREAS, this application was reopened on February 25, 1959 and set for hearing on May 12, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 12, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated December 31, 1958 acting on Alt. Applic. No. 1732-58, reads:

"1. Proposed change in use from "Stable" to office and storage of stationery and storage of knockdown cartons, in a residence district is contrary to Section 3 and 6 of Z. R."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on September 22, 1953, by adding thereto:

"granted for a term of five years from the date of this amended resolution and for the change of occupancy previously granted by the Board for the storage of electrical equipment, to use and occupy as storage of stationery and corrugated paper and office on condition that all work shall be done according to plans filed with this application marked "Received January 5, 1959", 3 sheets; and that all permits including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

164-46-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Joseph P. Clavin, owner.

SUBJECT—Application reopened March 3, 1959 for consideration as to extension of time to complete, expired October 8, 1958—decision of the Borough Superintendent, previously granted on condition, under section 7e of the Zoning Resolution, permitting in a residence use district, the proposed enlargement of undertaker's establishment and proposed extension of business use in excess of that granted by the Board.

PREMISES AFFECTED—7722-7736 4th Avenue and 375-379 78th Street, northwest corner, Block 5960, Lot 50, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Time extended to obtain permits and complete the work.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, on November 30, 1948, this application—Vol. II—was granted by the Board on certain conditions under Section 7e of the Zoning Resolution to permit in a residence use district, the proposed enlargement of undertaker's establishment, previously granted by the Board and proposed extension of business use in excess of that granted by the Board affecting premises 7722-7736 Fourth Avenue and 375-379 78th Street, northwest corner, Block 5960, Lot 50, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation October 8, 1958; and

WHEREAS, this application was reopened on March 3, 1959 and set for hearing on May 12, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 12, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated February 18, 1959 acting on amendment to Alt. Applic. No. 421-46, reads:

"1. As application has expired under Sec 22A of the Zoning Resolution proposed extension of time is referred to the Bd. of Standards and Appeals."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 8, 1957, only so far as it has reference to obtaining permits and completing the work so that as amended this portion of the resolution shall read:

"that other than as herein amended the resolution above cited shall be complied with; and that all permits including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." (Alt. App. 421/46)

668-46-BZ—Vol. II

APPLICANT—Larry Meltzer for M.J.F. Realty Corporation, owner.

SUBJECT—Application reopened June 3, 1958 as Vol. II—decision of the Borough Superintendent under section 7c of the Zoning Resolution to permit in a business and residence use district in an existing three story and basement building, the change in occupancy from manufacturing, previously granted by the Board, to showroom, retail store and parking and storage for more than five (5) pleasure type motor vehicles for customers and employees only.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 3, 1958 subject to regular procedure, to consider a change in occupancy; and

WHEREAS, a public hearing was held on this application on May 5, 1959 after due notice by publication in the Bulletin; laid over to May 26, 1959, for applicant to amend plans to indicate sign and state permit number under which sign was approved and for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated April 16, 1958 as amended by decision dated March 23, 1959, acting on Alt. Applic. No. 183-57, reads:

"1. The proposed change in occupancy of a building located partly in a residence use district and partly in a business use district from factory & offices to factory, offices, retail sales, showrooms & stockrooms and the parking & storage of more than five (5) motor vehicles for customers & employees only (pleasure type only) on the unbuilt upon portion of the lot, is contrary to Art. II Sec. 3 of the Zoning Resolution and is contrary to the Board of Standards & Appeals Resolution 668-46-BZ and is referred back to the Board for consideration."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit in a business and residence use district, in an existing three story and basement building, the change in occupancy, from manufacturing, previously granted by the Board, to showroom, retail store, factory and parking and storage for more than five pleasure type motor vehicles for customers and employees only, all as shown on plans filed with this application marked "Received April 17, 1959," six sheets, and "May 13, 1959," two sheets, *on condition* that the terms of the resolution as granted on October 15, 1946, as amended through June 3 1958, shall be complied with in all respects where not inconsistent with the terms of this resolution; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the light manufacturing shall be restricted to the sewing of clothing by a tenant separate from Friendly Frost, the owner of the building; that in all other respects all laws, rules and regulations applicable to the building and occupancy shall be complied with; that all permits shall be obtained and all work completed and a certificate of occupancy issued within the requirements of Section 22A of the Zoning Resolution.

149-57-BZ—Vol. II

APPLICANT—Jerome W. Perlstein for Butcher Knitting Mills, Inc., owner.

SUBJECT—Application reopened October 28, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a business and residence use, D area district, the erection of a one and two story structure occupying more than the permitted area and used for the manufacture of knitwear, retail sales, office and parking of employees and customers cars.

PREMISES AFFECTED—71-45 Metropolitan Avenue, north side, 69.74 feet west of Pleasantview Street, Block 3055, Lot 16, Middle Village, Borough of Queens.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; laid over to April 28, 1959, at the request of the objector; no further adjournments and no notices sent out; then to May 19, 1959, applicant to file new plans and new decision of the Borough Superintendent and for determination as to necessity for new hearing; then to May 26, 1959 at the request of the engineer; and

WHEREAS, the decision of the Borough Superintendent, dated September 19, 1958 acting on N.B. Applic. No. 277-57, reads:

"1. Extending the proposed fireproof building into a residence use district to be used for manufacturing and offices on the lot which is located partially in a business use district and partially in a residence use district at the rear of the property, is contrary to Art. II, Sec. 3 of the Zoning Resolution.

2. Area occupied is excessive for a D area district and is contrary to Art. IV, 14c of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should be denied; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 277-57, Objection No. 1, dated May 15, 1959, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 28, 1959 after due notice by publication in the Bulletin; laid over to May 19, 1959, for inspection and decision and for applicant to file revised plans showing the unloading space within the business use district and clearly indicating how the space now in the residence use district will be used and entered, and as to the parking area proposed in the rear, showing the existing garage and who uses it and the space for not over four additional cars shown on the plans; hearing closed; then to May 26, 1959, for inspection and decision; applicant to file revised plans showing proposed arrangement inside the premises and of the parking lot in rear; and

WHEREAS, the decision of the Borough Superintendent, dated February 24, 1959 acting on Alt. Applic. No. 3001-59, reads:

"1. The use of offices, retail sales of used furniture and clothing, factory and parking of more than 5 motor vehicles, in the Res. portion of a plot partially in a Bus. use and partially in a Res. use Dist., is contrary to Art. 2, Sec. 3 of the Zone. Res."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application should be granted on condition after examining the plan of revised conditions filed by the application on May 22, 1959; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension from a business use into a residence use district and the change of occupancy from a legally existing moving picture theatre to a retail store, office for retail sales of used furniture and clothing, light manufacturing for repair work and storage of three trucks within the building for that part of the premises in the residence district, *on condition* that all work shall be substantially in compliance with the plans filed herewith marked "Received February 27, 1959", 3 sheets and "May 22, 1959", 1 sheet, *on condition* that only three delivery wagons shall be parked overnight within the building; that the vehicular entrance to the building shall be not further than 90 feet from the building line of Northern Boulevard thereby coming within the business district where such use is legal; that in the rear of the L-shaped lot the existing two-story frame buildings shall be repaired and renovated; that the grounds surrounding same shall be cleaned up, leveled and used for garden space and for parking of one car in the open for one of the dwellings and one car in the garage for the other dwelling; that the area shall be pitched to a drain to eliminate flooding surrounding property; that all fences and curbs shall be removed and the rear yard property leveled; that a new wire fence 4 feet high on a cement curb shall be installed at the building line of 101st Street, with gate at the entrance and with a return wire fence along the lot line to the one-car garage at the rear of the lot; that the wood fence at the rear shall be removed if permitted by the owner of adjacent 3-story 3-family frame dwelling and replaced with a new woven wire fence; that the present marquee over the sidewalk on the Northern Boulevard front of the building shall be removed; that the partition between the store at the front and the storage space at the rear of the first floor shall be a one-hour fire-rated partition of incombustible materials; that there shall be no signs on the 101st Street side of the building and signs on the Northern Boulevard side shall comply with the requirements of the Zoning Resolution for a business district; that a new tier of beams may be erected at a ceiling height of approximately 11 feet above the first floor, for the sole purpose of erecting a ceiling thereon and not to create a second floor for any use whatsoever; that the toilets now existing on the mezzanine at the Northern Boulevard front shall be maintained for the new occupants; that in all other respects the premises shall comply with all laws, rules and regulations applicable thereto, other than as modified by the Board under Cal. No. 126-59-A; that any portable fire-fighting appliances required by the Fire Commissioner shall be provided; that all permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

126-59-A

APPLICANT—Julius S. Rapson for The Society of St. Vincent de Paul, owner.

SUBJECT—Application February 27, 1959—filed pursuant to Section 35, General City Law re alteration of building partially in the bed of a mapped street—proposed widening of 101st Street.

PREMISES AFFECTED—100-20 Northern Boulevard, southwest corner of 101st Street, Block 1715, Lot 10, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Julius S. Rapson and Harold J. Darby.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 24, 1959 on Alt. Applic. 3001-59, reads:

"2. This building being partially in the bed of a

mapped street. The issuance of a permit for its use is contrary to Art. 3 Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the building is 40 feet by 184 feet in area, located in business and residence use, C area, class 1 height district, 2 stories, 29 feet high, of non-fireproof construction, built in 1915 as a motion picture theatre, now vacant; and

WHEREAS, the applicant states that it proposes to occupy the building by the Society of St. Vincent de Paul for an office, store, manufacturing and storage of 5 trucks; that the use and occupancy is more fully described under Calendar Number 125-59-BZ; and

WHEREAS, the present building with proposed door and curb cuts is partially in the bed of the proposed widening of 101st Street; and

WHEREAS, the Borough President of Queens has advised this Board that the Final Maps of the Borough of Queens adopted by the Board of Estimate and Apportionment on January 11, 1912, indicates a proposed widening of about 5 feet on the easterly and westerly sides of 101st Street, which is in private ownership; that there is no proceeding now pending to acquire title to the proposed widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 3001-59, Objection No. 1, dated February 24, 1959, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit this building to be continued partially in the bed of a mapped street, after the alteration has been completed as provided for under conditions described in resolution adopted this day under Cal. No. 125-59-BZ affecting the subject premises; that in all other respects the building, use and occupancy shall comply with all laws, rules and regulations applicable thereto.

Adjourned: 12:45 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

TUESDAY AFTERNOON, MAY 26, 1959, 2 P.M.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

128-41-SA

APPLICANT—Abrahams & Hertzberg, for American Furnace Company, owner.

SUBJECT—Application reopened February 10, 1959 for amendment of resolution—re AFCC Ceiling Mounted, oil-fired air conditioning unit, Models 12-OC, 23-OC, 28-OC and 33-OC; previously approved.

APPEARANCES—

For Applicant: Charles Abrahams and Lester Aksman.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Commissioner Foley, Commissioner Sleeper, and Commissioner Fox 3

Negative: Acting Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 128-41-SA

Subject: Amendment to resolution.

Abrahams & Hertzberg for American Furnace Company, requested by letter dated December 31, 1958, that the resolution adopted May 31, 1950 and amended October 21, 1958 under Calendar Number 128-41-SA be amended to include the additional Model SO-75-H and SO-100-H Oil Fired Furnaces and to permit the use of a 40-40 mesh screen for garage installations.

MINUTES

Purpose

These are oil fired suspended furnaces for domestic and commercial use and also for use in garages and similar occupancies.

Description

The SO-75-H and SO-100-H furnaces are similar to the 12-OC, 23-OC, 28-OC and 33-OC furnaces previously approved. They are provided with an Afco Oil Burner as manufactured by the Nu-Way Corporation, approved by the Board under Calendar Number 829-48-SA, but may be provided with other approved oil burners of similar design with a firing rate of .75 gallon per hour for the SO-75-H model and 1.00 gallon per hour for the SO-100-H.

The previously approved models were also approved for installation in garages and similar occupancies under certain conditions. The modification requested is the substitution of a 40-40 mesh stainless steel screen over the air intake of the oil burner instead of the enclosure box as now approved.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends that the resolution adopted May 31, 1950 and amended October 21, 1958 under Calendar Number 128-41-SA be amended so as to include the Model SO-75-H and SO-100-H oil fired furnaces and so as to permit the substitution of a 40-40 wire mesh screen over the air intake of the oil burner instead of the enclosure box on condition that all other requirements of the resolution adopted May 31, 1950 and amended October 21, 1958 under Calendar Number 128-41-SA be complied with.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 552-50-SA—Vol. III.

Subject: Amendment to resolution as to additional gasoline dispensing pumps.

Bowser Inc., requested by filing an application dated February 18, 1959 that the resolution adopted June 5, 1951 and amended through July 8, 1958 under Calendar Number 552-50-SA Vol. I, II & III, be amended so as to include additional models of gasoline dispensing pumps. The application was reopened by a vote of the Board March 3, 1959.

Purpose

The appliances are gasoline dispensing pumps.

Description

The requested models are designated as the 4800 Series and are identified as follows:

4800 Cable Hose Retriever, Self-Contained Dispenser.

4801 Cable Hose Retriever, High-Speed Self-Contained Dispenser.

4802 Single-Product Twin Dispenser.

4803R Cable Hose Retriever, Two-Product Twin Remote Control Pedestal.

All of the above units are less the visi-gauge and internal lights, and all are 48 inches high. They are all available with either the computer or non-computer clock and as self-contained dispensers or remote-control pedestals with the exception of the Fig. 4803R and 4803RNC, both of which are remote pedestals only as indicated by the suffix letter "R". The suffix letter "NC" designate non-computer. To be more specific, the following description applies—

4800 Cable Hose Retriever, Self-Contained Computing Dispensing Pump. 4800R Cable Hose Retriever Computer, Remote Control Pedestal. 4800NC Cable Retriever, Self-Contained Non-Computing Dispensing Pump. 4800RNC Cable Hose Retriever, Non-Computer Remote Control Pedestal.

4801 Cable Hose Retriever, Self-Contained Computer, High Speed Pump. 4801R Cable Hose Retriever, Computer High-Speed Remote Pedestal. 4801NC Cable Hose Retriever, Self-Contained, Non-Computer Pump. 4801RNC Cable Hose Retriever, Non-Computer High-Speed Remote Control Pedestal.

4802 Cable Hose Retriever, Single-Product, Twin Computer Pump. 4802R Cable Hose Retriever, Single-Product Computer, Remote Pedestal. 4802NC Cable Hose Retriever, Non-Computer Single-Product Twin Pump. 4802RNC Cable Hose Retriever, Non-Computer Single-Product Twin Remote Control Pedestal.

4803R Cable Hose Retriever, Computer, Two-Product Twin, Remote Control Pedestal. 4803RNC Cable Hose Retriever, Non-Computer, Two-Product, Twin Remote Control Pedestal.

Inspection and Test

Details of construction were examined by Ass't Engr. John A. Darts, the pumps have been approved by the Underwriters' Laboratory under MH 1816.

Recommendation

The Committee on Test recommends that the resolution adopted June 5, 1951 and amended through July 8, 1958 under Calendar Number 552-50-SA—Vol. I, II, III be amended so as to include the additional models of gasoline dispensing pumps as herein described on condition that the requirements of the resolution adopted June 5, 1951 under Calendar Number 552-50-SA—Vol. I are complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 105-55-SA Vols. I & II.
Subject: Amendment of resolution.

Thatcher Furnace Company, Garwood, New Jersey requested by letter dated February 26, 1959 that the resolution adopted February 21, 1956 and amended May 20, 1958 under Calendar Number 105-55-SA Vols. I & II be amended so as to permit the installation of the Thatcher Oil-fired Winter Air Conditioner Series 532 in garages and similar occupancies. The application was reopened by a vote of the Board April 7, 1959.

Purpose

Suspended type oil-fired warm air furnaces.

Description

The Models 532-70, 532-100 and 532-140 furnaces were previously approved for domestic and commercial use February 21, 1956 under Calendar Number 105-55-SA Vol. I. The Model 532-187 was approved for similar use May 20, 1958 under Calendar Number 105-55-SA Vol. II.

For installation of these furnaces in garages and similar occupancies it is proposed to install an air intake hood over the burner combustion air opening and attaching 6 inch duct work to the hood to bring all combustion air from outdoors. The bottom of the furnace will be at least 8 feet above the floor.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends that the resolution adopted February 21, 1956 and amended May 20, 1958 under Calendar Number 105-55-SA Vols. I & II be amended so as to permit the installation of the Thatcher Oil-fired Winter Air Conditioner, Series 532 in garages and similar occupancies when equipped with an air intake hood and duct work for outside combustion air on condition that in such installations the bottom of the furnace will be at least 8 feet above the floor and further that all other requirements of the resolution adopted February 21, 1956 and amended May 20, 1958 under Calendar Number 105-55-SA Vols. I & II be complied.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 841-56-SA.

Subject: Amendment to resolution as to change of housing on approved oil burner.

American Radiator and Standard Sanitary Corp., New York, requested by filing an application dated March 13, 1959 that the resolution adopted March 19, 1957 and amended May 27, 1958 under Calendar Number 841-56-SA be amended so as to permit a change of the housing on the Model DH Oil Burner. The application was reopened by a vote of the Board, March 31, 1959.

Description

The requested change is in the housing of the Oil Burner. The oil burner, as approved, was constructed with a drawn steel housing and the requested modification is a change of housing to die cast aluminum. The requested change has been approved by the Underwriters' Laboratory.

Recommendation

The Committee on Test recommends that the resolution adopted March 19, 1957 and amended May 27, 1958 under Calendar Number 841-56-SA be amended so as to permit the approved oil burner, Model DH Arcoflame to be constructed with a die cast aluminum housing on condition that the requirements of the resolution adopted March 19, 1957 be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 369-57-SM.

Subject: Amendment to resolution as to use with concrete aggregates approved by the Board.

Gateway Engineering Co., Chicago, Illinois, requested by letter dated October 27, 1958 that the resolution adopted November 13, 1957 and amended May 13, 1958 under Calendar Number 369-57-SM be amended so as to permit the approved system to be used in conjunction with concrete made of approved aggregates. The application was reopened by a vote of the Board November 18, 1958.

Purpose

The system and accessories are a means of attaching various lines and attachments from a concrete ceiling.

MINUTES

Description

There has been no change in the construction of the system or in its method of installation.

Recommendation

The Committee on Test recommends that resolution adopted November 13, 1957 and amended May 13, 1958 under Calendar Number 369-57-SM be amended so as to permit the use of this system in conjunction with structural concretes made of aggregates approved by the Board but not to be used in cinder concrete on condition that the requirements of the resolution adopted November 13, 1959 and as amended May 13, 1958 under Calendar Number 369-57-SM are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the above cited resolution in accordance with the above report.

757-57-SM

APPLICANT—Riverton Lime and Stone Co., owner.
SUBJECT—Application October 8, 1957—Flamingo
Masonry Cement, approval of.

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 757-57-SM.

Subject: Flamingo Masonry Cement.

Riverton Lime and Stone Co., Riverton, Virginia, filed October 8, 1957 an application with the Board of Standards and Appeals for approval of the material known as Flamingo Masonry Cement under the provisions of C26-314.0 Administrative Building Code.

Purpose

The material is used in masonry construction.

Description

The material is a mixture of approved Type A hydraulic lime interground with approved portland cement, air entraining agents and plasticizing agents. The finished product is bagged in 70 lb. bags and is used as a mortar when mixed with the amount of sand and water as required under the Administrative Building Code.

Inspection and Test

Samples of the material were tested at Manhattan College in accordance with the requirements of C26-314.0 and tested under ASTM C190-49 and the tensile strength, at twenty eight days, was found to be 173 p.s.i. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Flamingo Masonry Cement for use in New York City under the provisions of C26-313.0 and C26-314.0 Administrative Building Code on condition that each bag in which the material is marketed shall be tagged, stamped or labelled "Approved by the Board of

Standards and Appeals for use in New York City under Calendar Number 757-57-SM."

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 758-57-SM.

Subject: Flamingo Brand Hydraulic Lime, Type A.

Riverton Lime and Stone Co., Riverton, Virginia, filed October 8, 1957 an application with the Board of Standards and Appeals for approval of the material known as Flamingo Brand Hydraulic Lime under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is a hydraulic lime used mainly in lime mortars.

Description

The lime is manufactured from argillaceous limestone having the following chemical composition Silica—15.50%; Iron and Aluminum Oxides 5.84%; Calcium Oxide—60.00%; Magnesium Oxide—3.82%; Sulphuric Anhydride 1.32%; Loss on Ignition—13.12%—Total = 99.60%.

Insoluble Residue—1.17%—Carbon Dioxide—3.95% and Free Lime—26.20%.

The processing consists of calcining, hydrating, bin curing and grinding. After grinding, the material is bagged in 78 lb. bags.

Inspection and Test

The material was tested at Manhattan College in accordance with the requirements of ASTM C-141-55 and successfully met with the requirements.

Recommendation

The Committee on Test recommends the approval of the material known as Flamingo Brand Hydraulic Lime, Type A for use in New York City under the provisions of C26-191.0 Administrative Building Code on condition that each bag shall be marked, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 758-57-SM".

Negative: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 951-57-SA.

Subject: Amendment to resolution as to additional trade names, use and a new model furnace.

Ducane Heating Corporation, Hawthorne, New Jersey, requested by letters dated December 2, 1958 and January 16, 1959 that the resolution adopted March 4, 1958 under Calendar Number 951-57-SA be amended so as to include the new model furnace LB-250, additional trade names and to permit the use of the suspended type furnaces in garages. The application was reopened by a vote of the Board, March 3, 1959.

Description

The new model Ducane Oil Fired Forced Warm Air Furnace LB-250 is similar to the LB models previously approved. It differs only in its heating capacity which is 250,000 Btu per hour output at the bonnet. The nozzle capacity of the oil burner used is 2.25 gallons per hour for No. 2 fuel oil.

The suspended type furnaces, previously approved designated by the letters S, CS or HS when installed in garages or similar occupancies will have the oil burner fully enclosed in a sheet metal box secured by screws to the furnace jacket. Such enclosure will be provided with a 6 inch duct opening for supplying all combustion air from outdoors through a suitable duct. In all garage installations the furnace will be suspended at least 8 feet above the floor.

Recommendation

The Committee on Test recommends that the resolution adopted March 4, 1958 under Calendar Number 951-57-SA be amended so as to include the model LB-250 Ducane Oil Fired Forced Warm Air Furnace and to permit the various models as indicated in the application to be marketed under the following trade names in addition to those previously approved under Calendar Number 951-57-SA; Firewel Company, Iron Fireman Co., Janitrol Surface Combustion and Paragon Oil Burner Corp., and also to permit the installation of the suspended type furnaces in garages and similar spaces when installed not less than 8 feet above the floor and with all combustion air supplied through duct work from outdoors in accordance with report, on condition that in other respects, the requirements of the resolution adopted March 4, 1958 under Calendar Number 951-57-SA be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

101-58-SA

APPLICANT—The Alstrom Corporation, owner.

SUBJECT—Application March 5, 1958—Alstrom "Film-wall" Oil Preheater, Model "FW" Oil Preheater non-contaminating, approval.

APPEARANCES—

For Applicant: John J. Cesa.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Commissioner Foley, Commissioner Sleeper and Commissioner Fox 3
Negative: Acting Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 101-58-SA.

Subject: Alstrom "Filmwall" Oil Preheater Model "FW" Oil Preheater, Non Contaminating.

The Alstrom Corporation, manufacturer-owner, filed March 5, 1958 an application with the Board of Standards and Appeals for approval of the appliance known as Alstrom "Filmwall" Oil Preheater model "FW" Oil Preheater non contaminating under the provisions of the Oil Burner Rules of the Board.

Purpose

The appliance is a fuel oil preheater.

Description

The Alstrom "Filmwall" Oil Preheater model "FW" is constructed of two concentric pipes, one within the other. The inner pipe has a coupling fully welded concentrically on and partially over each end and is open straight through. This pipe which has a minimum wall thickness of 5/16 inch, contains pumped or gravity circulated boiler water. The outer pipe or shell is slipped over the inner pipe and its ends are also fully welded, partially over and to the same couplings. This leaves a completely sealed oil heating chamber between the two pipes. The oil enters and leaves through oil couplings on the surface of the shell. When customers prefer male threaded outlets on the heater instead of female as with the couplings, the inner pipe is then slipped over and centered on the outer pipe, leaving the threaded ends exposed. The pipes are then fully welded together at the ends of the outer pipe, leaving a completely sealed oil heating chamber between the two pipes, as with female outlet heater.

Because the oil is separated from the boiler water by the inner pipe which has a steel wall, 5/16 inch minimum thickness, there is no possibility of the oil contaminating the boiler water. The thickness of this steel pipe exceeds by several times the combined thickness of both tubes used in presently approved double tube oil heater and it is equal to the thickness of presently approved water wall oil heaters.

Inspection and Test

Details of construction of this appliance were examined at the Board and were found to be constructed in accordance with A.S.M.E. specifications for up to 125 lbs. working pressure.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Alstrom "Film Wall" Oil Preheater Model "FW" Oil Preheater non contaminating for use in New York City when constructed as herein described and operated in accordance with Oil Burner Rules of the Board on condition that the appliance bears a label permanently affixed reading as follows: "Approved by the Board of Standards

MINUTES

and Appeals for use in New York City, under Calendar Number 101-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

157-58-SA

APPLICANT—Shampaine Electric Company, owner.
SUBJECT—Application March 21, 1958—Shampaine Electric Co., Automatic Sterilizers, for Hospitals, various types, approval of.

APPEARANCES—

For Applicant: Robert Lewis.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 157-58-SA.

Subject: Shampaine Electric Co., Automatic Sterilizers.

Shampaine Electric Co., New Rochelle, New York, filed March 21, 1958 an application with the Board of Standards and Appeals for approval of the Shampaine Electric Co. Automatic Sterilizers under the provisions of the Submerged Inlet Rules of the Board.

Purpose

The appliances are sterilizers used in hospitals.

Description

The appliances are used in hospitals for the sterilizing of utensils and surgical instruments. All the sterilizers are built with an A.S.M.E. approved body and depending on the usage; the interior chamber may be monel, nickel or stainless steel.

The heating for sterilization may be either by steam, electric or gas heat.

The water supply connection to the generators in all sterilizers is either through an approved vacuum breaker and check valve, installed in accordance with the requirements of the Submerged Inlet Rules of the Board or through a Sanitary Fill Funnel having an air gap of at least 1½ inches. The sanitary waste funnel is equipped with an air gap that is twice the diameter of the discharge orifice, but in all cases at least 1½ inches.

Inspection and Test

Details of construction of the Shampaine Automatic Sterilizers were examined by Ass't. Engr. J. A. Darts, Committee on Test, and it was noted that all the appliances were equipped with either a vacuum breaker and check valve or an air gap.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Shampaine Electric Co. Automatic Sterilizers, on condition that all bedpan sterilizers and steamers and similar equipment shall be equipped with approved vacuum breaker and check valve and when supplied with a flush valve fixture, the equipment shall also be equipped with an approved vacuum breaker as required by the Submerged Inlet Rules of the Board; other types of sterilizers may be equipped with an air gap as herein described; and further that when

the units are gas heated, the equipment shall also comply with the requirements of Article 12, Chapter 26, Administrative Building Code and further that all electrical work shall comply with the requirements of the Electrical Code of the City of New York and that the appliance bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 157-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

210-58-SM

APPLICANT—Wilfred F. Cole, for Litecraft Manufacturing Corp., owner.

SUBJECT—Application April 8, 1958—Litecraft Lumirama; corrugated Plastic diffuser, approval of.

APPEARANCES—

For Applicant: Warren Flanigen.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 210-58-SM.

Subject: Litecraft Lumerama.

Wilfred F. Cole for Litecraft Mfg. Corp., filed April 8, 1958 an application with the Board of Standards and Appeals for approval of the material known as Litecraft Lumirama under the provisions of C26-461.0 Administrative Building Code.

Purpose

The material is to be used as a plastic light diffusing ceiling.

Description

The ceiling consists of a plastic diffuser which is 0.007 gauge corrugated vinyl sheet as manufactured by the Bakelite Division of Union Carbide Corp. The plastic sheet is suspended in extruded aluminum channels. The channels are made of 6063-T5 alloy and have a wall thickness of 0.625 inches.

The installation is as follows:

The ceilings hanger or clip is attached directly to the ceiling floor or roof above and the ¼ inch steel hanger is inserted into the clip. The other end of this hanger is "J" shaped and is inserted into an inverted "U" on top of the main carrying member. The hook assembly and ceiling clip are installed 3 feet no inches on centers in one direction and a maximum of 8 feet no inches on centers perpendicular to those on 3 feet no inches so that a grillage is set up supporting 3 feet no inches in one direction and 8 feet no inches in the other direction.

Inspection and Test

The plastic has been tested by the Underwriters' Laboratory and is rated self extinguishing under ASTM-D-635-44.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Lumin-Glo Ceiling (plastic light diffusing ceiling) for installation in New York City when constructed of materials as herein described and installed in accordance

MINUTES

with the requirements of C26-461.1 Administrative Building Code on condition that the main carrying members shall be carried on straps as herein described secured to the ceiling, floor or roof construction above, that wires shall not be used in the suspension system and further that all plans filed with the Department of Housing and Buildings showing the proposed use of this system shall be marked or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 210-58-SM", and that the containers or cartons in which the material is marketed shall be similarly marked. It is further recommended that the use of this material in Class I and II construction be limited to an area to be covered not to exceed 10,000 sq. ft. in area and only when such space is separated from the remainder of the floor area by an approved wall, fire wall, fire partition or fireproof partitions. In class III, construction shall be limited in accordance with the requirements of the Administrative Building Code.

The Committee further recommends that as C26-1354.0 Administrative Building Code was amended by Local Law 105 of 1955 to allow the use of this type of light diffuser in locations as permitted under C26-1351.1 Administrative Building Code as amended by Local Law 91 of 1954, plans filed with the Department of Buildings and will also show the proposed occupancy so that the use of this ceiling in the proposed location may be checked as to its use in the type of hazard occupancy as set forth under C26-1351.1 Administrative Building Code as amended by Local Law 91 of 1954. The Committee further recommends that in approving the installation, the Department of Buildings shall require that in the event of a change in occupancy the installation shall be re-examined under C26-1354.0 Administrative Building Code as amended by Local Law 105 of 1955.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

241-58-SA

APPLICANT—Janitrol Division of Surface Combustion Corp., owner.

SUBJECT—Application April 18, 1958—Janitrol Gas-fired Winter Air Conditioners, Series FVS and CVC, approval of.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 241-58-SA.

Subject: Janitrol Gas-fired Winter Air Conditioners, Series FVS and CVC.

Surface Combustion Corporation owner, Columbus, Ohio, filed April 18, 1958, an application with the Board of Standards and Appeals for approval of Janitrol Gas-fired Winter Air Conditioners, Series FVS and CVC for use in New York City under the provisions of Article 12, of the Administrative Building Code.

Purpose

A gas-fired unit space heater flue connected. Not to be installed in garages or other places of explosive atmosphere.

Description

The Series FVS, and CVC is basically the same as the Series CVS, Calendar Number 349-52-SA—Vol. II, November 19, 1957, Bulletin 48, Vol. XLII, having the same gauge of metal, general construction features and controls. The changes incorporated in the FVS and CVC Series consist of the following:

The Series CVC conditioner is equipped with a ceramic coated heat exchanger, whereas the Series FVS conditioner is equipped with a plain steel heat exchanger of the same gauge.

Inspection and Test

The appliance has been tested and approved by the American Gas Association.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and data filed by the applicant, the Committee on Test recommends the approval of the Janitrol Gas-Fired Winter Air Conditioners, Series FVS and CVC for use in New York City in other than explosive atmosphere, with natural, manufactured or mixed gases, on condition, that the burner shall bear a label permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 241-58-SA".

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 406-58-SM.

Subject: Corson Masonry Cement.

G. & W. H. Corson, Inc., Plymouth Meeting, Pa., filed June 25, 1958 an application with the Board of Standards and Appeals for approval of the material known as Corson Masonry Cement under the provisions of C26-314.0 and C26-191.0 Administrative Building Code.

Purpose

The material is to be used as a masonry cement.

Description

The material is a mixture of Miracle Lime, previously approved by the Board, and approved portland cement mixed in the proportions as permitted under C26-313.0 Administrative Building Code and when used it is mixed in the

MINUTES

proportions of one part of masonry cement to three parts of sand.

Inspection and Test

The material was tested by E. L. Conwell Co., Philadelphia, Pa., and successfully met the requirements of ASTM-C91-56T. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Corsons Masonry Cement for voluntary use in New York City under the provision of C26-314.0 Administrative Building Code, on condition that each bag in which the material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 406-58-SM".

Negative: 0

THE RESOLUTION—

WHEREAS, under date of November 9, 1943 under Cal. No. 491-43-S, Vol. I, the Board rendered a variation in the application of the Labor Law as cited in a decision of the Borough Superintendent on Alt. Applic. 899-43, Objections 1 and 4, so as to accept the existing stairway with an occupancy of not more than 15 persons on the 2nd floor; that the existing ramp be continued provided that there is a fireproof, self-closing door at the foot thereof and the ramp is enclosed with fireproof material from floor to ceiling on the 1st story; that the exit passageway from the rear stairway be maintained enclosed in approved fireproof material; that the existing vent shaft be maintained enclosed in masonry; that the main stairway be carried to the roof and the

MINUTES

rear stairway shall be a double rung iron ladder for access to roof through a scuttle equipped with an easy opening scuttle device, and that such variance should continue for a term of five years; that the term of such variance was extended by the Board under date of December 21, 1948 for an additional term of five years; and

WHEREAS, under date of June 1, 1954 the applicant requested reopening of this appeal so as to amend the resolution to remove the limit on the term of the variance and stated that it was proposed to include the exit conditions by erecting a fireproof vestibule on the 2nd floor at the front stairs so that the exit door will not obstruct the landing and stated that the existing 11 foot by 12 foot fireproof door at the foot of the ramp on the 1st floor had been made stationary and a new 3 foot 9 inches by 6 foot 10 inches fireproof self-closing door installed at the foot of the ramp; that the occupancy of the 1st floor was to be limited to 30 persons; and

WHEREAS, this appeal was reopened by a vote of the Board June 8, 1954 as Cal. No. 491-43-S, Vol. II, to consider such request by the applicant; and

WHEREAS, under date of February 1, 1955 the Board modified Objections 2, 3, 4 and 5 issued by the Borough Superintendent May 13, 1954 on Alt. Applic. 531-54 so as to permit the conditions substantially as proposed and continue the term of the variance for a term of five years expiring June 8, 1959; and

WHEREAS, under date of March 18, 1955 the applicant requested reopening of this appeal and amendment of the resolution so as to omit the requirement for a new fireproof vestibule at the front 2nd floor stairs; and

WHEREAS, the applicant now contends that a variance was granted by the Board November 9, 1943 for a term of five years and extended for an additional term of five years on December 21, 1948; that in both of these instances the terms of the variance did not call for a vestibule at the front 2nd floor stairs; that the proposal to erect such a vestibule was voluntarily made by the applicant to induce the Board to remove the five year limit on the term of the variance; and

WHEREAS, the applicant now requests that the board permit the maintenance of conditions substantially the same as the conditions under which the original variance was granted by the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 9, 1943, as amended through July 12, 1955, so that amended portion of the resolution shall read:

"that the vestibule of the second floor of the front stairs to the west as formerly proposed to be constructed may be omitted as now shown on revised plans marked, "Received May 24, 1955," 4 sheets, *on condition* that in all other respects the resolution above cited shall be complied with and that the term of the variance shall be extended to five years from the date of this amended resolution."

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 24, 1958 on Violation P-3505-1958, reads:

"Your request of December 17, 1958, that this Department issue a certificate of occupancy for the subject premises is herewith denied for the following reason:

The change is use of the first floor of a frame dwelling from residence to a dining room for thirty children in connection with a day nursery in the adjoining building is contrary to Sec. 2.1.3.5 and 4.2.1 of the Building Code."

and

WHEREAS, the applicant states that the building is 21 feet 6 inches by 45 feet in area, 2 stories, 20 feet high, of wood frame construction, located in residence use, B area, class 1½ height district, used and occupied since 1944 as follows: Cellar—boiler and storage; 1st floor—dining room for the adjoining nursery, 30 persons; 2nd floor—caretaker's apartment; that in 1944 Alt. Applic. 163/44 was filed with the Department of Buildings for premises 1440 Bryant Avenue for use of a dining room on the 1st floor and 1 family on the 2nd floor; that at that time it was proposed to create an opening at the front between the vestibule of 1440 with the building at 1438, so as to provide access from 1438 to 1440; that this opening was protected by a fireproof door; that this Alt. Applic. 163/44 was approved by the Department of Buildings on May 15, 1944, but no certificate of occupancy was issued; that the reason being given that building is of frame construction; that the 1st story is used for dining space only and the plans for that use were approved by the Department; that the nursery itself has a certificate of occupancy; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated December 24, 1958, acting on Violation P-3505-58 which reads as follows:

"The change in use of the first floor of a frame dwelling from residence to a dining room for thirty children in connection with a day nursery in the adjoining building is contrary to Sec. 2.1.3.5 and 4.2.1 of the Building Code."

be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that there be not more than twenty children in occupancy of the first floor in connection with a day nursery in the adjoining building; that these children be fed but one meal; that the kitchen be equipped with a sprinkler system of two standard sprinkler heads connected to the domestic water supply just inside of the meter; that the occupancy comply with the requirements of the Day Nursery Division of the Department of Health; that the building shall not be increased in height or area; that the exits from the front and rear be maintained clear and accessible at all times; that the building and occupancy in all other respects comply with all laws, rules and regulations applicable thereto; and that a new certificate of occupancy be obtained; all for a term of ten years from the date of this resolution.

778-56-BZ—Vol. II

APPLICANT—Morton S. Cahn, for Simon Molfetto and Joseph DeDonna, owners.

SUBJECT—Application for consideration—reopening as Vol. II subject to regular procedure—re Application, decision of the Borough Superintendent; previously withdrawn, under section 7c of the Zoning Resolution, to permit in a residence use district, the extension of a parking lot from a business use district, for the parking of motor vehicles and a 10 feet by 10 feet frame office.

PREMISES AFFECTED—102-11 Liberty Avenue, north side, from 102nd to 103rd Street, 103-67 to 103-79 102nd Street and 103-68 to 103-80 103rd Street, Block 9506, Lots 35, 43, 44 and 46, Borough of Queens.

APPEARANCES—

For Applicant: Morton S. Cahn.

ACTION OF BOARD—Application reopened as Vol. II, subject to the regular procedure.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

353-30-SR

SUBJECT—Proposed Amendment to Rules Governing the Storage and Use of Equipment for Spraying and Drying of Paints, Varnishes, Lacquers and other Flammable Surface Coatings.

ACTION OF BOARD—Application reopened for study by the Board as to amendment.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

Adjourned: 4:15 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on March 3, 1959, as they appeared in Bulletin No. 10, Vol. 44, hereby corrected to read as follows:

402-52-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Edward Lehr, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which has expired February 11, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e, 7f, 7h and 7i of the Zoning Resolution permitting in a business and residence use district, the erection and maintenance of a building to be used as auto safety inspection station, motor vehicle repair shop and 21 one car garages, also proposed extension to extension of existing building partly in a business and partly in a residence use district for use as auto showroom, in conjunction with existing uses of gasoline service station, auto washing, lubrication, office, sale of auto accessories, minor repairs with hand tools only, parking and storage for more than five motor vehicles and outdoor sale and display of more than five motor vehicles on the unbuilt upon portion of the lot as granted by the Board.

PREMISES AFFECTED—572-590 Wyckoff Avenue, and 1444-1460 Hancock Street, southeast corner and 407-413 Weirfield Street, Block 3400, Lot 46, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on February 7, 1956 on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on February 11, 1958; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 7, 1956, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

“that in view of the statement by the applicant that plans have been approved by the Department of Buildings, work is under way that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of

MINUTES

this *amended* resolution." (Alt. App. 3532-55 and N. B. App. 965-55)

* Correction—In the last line of the resolution "N. B. App. 965-55" added, as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on April 7, 1959, as they appeared in Bulletin No. 15, Vol. 44, hereby corrected to read as follows:

81-57-BZ

APPLICANT—Leonard F. Rothkrug, for Sanpark Realty Corp., doing business as B. and C. Bowling Alley Builders, Inc., owner.

SUBJECT—Application reopened February 25, 1959 for consideration as to extension of time to complete, expired September 24, 1958—decision of the Borough Superintendent, previously granted on condition under section 7c of the Zoning Resolution, permitting in a manufacturing use district, the alteration of an existing building and the erection and maintenance of a new building for the manufacture of bowling alleys, silk screens and wood frames, using power equipment.

PREMISES AFFECTED—105-111 Sanford Street, east side, 217 feet 9 inches north of Myrtle Avenue, Block 1737, Lots 52, 53 and 54, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative 0

THE RESOLUTION—

WHEREAS, on September 24, 1957, this application was granted by the Board on certain conditions under Section 7c of the Zoning Resolution, to permit in a manufacturing use district the alteration of an existing building and the erection and maintenance of a new building for the manufacture of bowling alleys, silk screens and wood frames, using power equipment, affecting premises 105-111 Sanford Street, east side, 217 feet 9 inches north of Myrtle Avenue, Block 1737, Lots 52, 53 and 54, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation on September 24, 1958; and

WHEREAS, this application was reopened on February 25, 1959 and set for hearing on April 7, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on April 7, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated January 15, 1959 acting on Alt. Applic. No. 4557-54, reads:

"1. Extension of time has expired under Sect. 22A of Zone Resolutions."

and

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1959 acting on N.B. Applic. No. 164-57, reads:

"1. Proposed extension of time violates Art. 5 Sect. 22A of Zone Resolutions."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 24, 1957, only so far as it has reference to obtaining permits

and completion of the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." N. B. *Applic. No. 164-57*

* Correction—In the last line of the resolution "Alt. Applic. No. 4557-54" changed to "N. B. Applic. No. 164-57" as indicated in italics.

SPECIAL MEETING

WEDNESDAY MORNING, MAY 27, 1959, 10 A.M.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

217-21-SR

SUBJECT—Proposed Amendment to the Oil Burner Rules.
APPEARANCES—

For Applicant: George Kirchner, Office of City Administration; Joseph E. Herman, Dept. of Buildings; John P. Manfredi, Fire Dept.; Frank J. Hanasek, Bureau of Construction and Bd. of Education; John Saunders, Bd. of Education and Charles M. Spindler, Architects Council.

ACTION OF BOARD—Laid over to June 1, 1959, at 10 A.M. for decision; hearing closed.

Adjourned: 11:30 A.M.

JOSEPH J. DOYLE, *Chief Clerk.*

SPECIAL MEETING

MONDAY MORNING, JUNE 1, 1959, 10 A.M.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

217-21-SR

SUBJECT—Proposed Amendments to the Oil Burner Rules.
ACTION OF BOARD—Rules amended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

OIL BURNER RULES

(217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948, July 13, 1951, September 14, 1956 and June 1, 1959, effective June 25, 1959.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932)

Authority: Section 666, paragraph 2 of the New York City Charter.

2.5

CERTIFICATE OF OPERATION: a certificate of operation as provided for in section B26-58.0 of the administrative code shall mean the operating certificate or certificate of operation issued when required by the Department of Air Pollution Control upon completion of the installation of new or remodeled or reconstructed oil burning equipment.

2.6

COMMERCIAL INSTALLATIONS: Oil burner installations in buildings, other than

MINUTES

- 2.7 dwellings when used for heating and/or generation of power for use on premises.
- 2.8 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.9 DISCHARGE LINE: That portion of the line between the discharge outlet of the pump and the burner oil inlet connection.
- 2.10 DOMESTIC INSTALLATIONS: Oil burner installations installed in dwellings as defined in these rules.
- 2.11 DWELLINGS: Buildings used exclusively for dwelling purposes and occupied by one or two families, including convents, rectories, and monasteries.
- 2.11.1 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.11.1.1 The conductor from tank to ground connection shall be of copper not smaller than No. 6 (.162") A.W.G. wire, or pipe not less than one-half inch (1/2") in diameter.
- 2.11.1.2 One end of conductor shall be permanently and electrically bonded to tank. The other end shall be bonded to a ground connection consisting of a water pipe or a rod, pipe or plate having a surface area of not less than one hundred and ninety (190) square inches, buried in moist earth not less than two feet (2') below the surface of the earth.
- 2.12 FILL PIPE: That portion of the line between the fill pipe terminal and the fill pipe connection in the storage tank.
- 2.13 FIRE RETARDING MATERIALS:
- 2.13.1 One-half (1/2) inch plaster boards or asbestos boards, or three-eighths (3/8) inch gypsum wall boards weighing not less than 16 pounds per square yard with pointed joints covered with No. 26 U. S. gauge sheet metal with one (1) inch lapped seams nailed to the wood beams when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are spaced more than sixteen (16) inches on centers, or
- 2.13.2 Two thicknesses of one-quarter (1/4) inch asbestos boards laid with tight staggered joints and nailed to the beams, when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are more than sixteen (16) inches on centers, or
- 2.13.3 Metal lath weighing not less than three pounds per square yard, attached to furring strips and plastered with Portland cement mortar at least three-quarters (3/4) inch thick.
- 2.13.4 Note—All fire retarding material to be applied as required in rules for fire retarding material of the Board of Standards and Appeals.
- 2.14 GROUND: An electrical conductor having capacity to absorb current.
- 2.15 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes under same requirements as for Commercial Installations.
- 2.16 OIL: Any liquid mixture, substance or compound derived from petroleum, including kerosene and fuel oil as defined in section B26-47.0 (4) of the Administrative Code and Rule 3.
- 2.17 OIL BURNING EQUIPMENT: Any device including burners, oil burning heaters, internal combustion engines used for heating, power or other purposes designed for and/or using oil as defined in these rules.
- 2.18 OIL LEVEL INDICATING DEVICE: A means by which the level of the oil in a storage tank may be indicated.
- 2.19 OVERFLOW PIPE: A pipe which conveys, by gravity, the oil from the maximum level of an auxiliary tank to the storage tank or from the pump to the storage tank.
- 2.20 PERMANENT DEFORMATION: Wherever phrase, "without permanent deformation," is used in these rules it shall mean that the tanks or containers shall, after release of test pressure, resume their original size and shape.
- 2.21 PERMIT: Shall mean permit for storage of oil.
- 2.22 PORTLAND CEMENT CONCRETE: Shall mean a mixture of one (1) part cement and not more than two and one-half (2 1/2) parts sand and five (5) parts of coarse aggregate and complying in all other respects with the requirements of C26-311.0 of the Administrative Building Code.
- 2.23 PREHEATER: A device designed for heating oil for the purpose of decreasing the viscosity.
- 2.24 RELIEF VALVE: A valve held shut by a spring or other means of automatically relieving pressure in excess of its setting.
- 2.25 RELIEF LINE: That portion of the line between the by-pass connection of the relief valve and the supply line or storage tank.
- 2.26 REMOTE CONTROL: A hand, electric, or mechanically-operated device to shut off the oil supply. A thermostat is not acceptable as a remote control.
- 2.27 SCAVENGING LINE: A line installed to permit the removal of water or foreign matter from a storage tank.
- 2.28 SHOP FABRICATED: Shall mean completely built in the shop of the tank manufacturer.
- 2.29 SHUT-OFF VALVE: A device that can be actuated to prevent the flow of liquid in a line of pipe.
- 2.30 STORAGE CONTAINER: Any container for oil connected to a burner or oil-burning heater and having a capacity of six (6) gallons or less.
- 2.31 STORAGE TANK: Any tank for oil having the capacity of two hundred and seventy-five (275) gallons or more, having a fill line and vent line connected thereto.

MINUTES

- 2.32 STORAGE TANK AUXILIARY: Any container for oil having a capacity of not over 60 gallons and used as an intermediary tank for gravity feed and equipped with an automatic or manually operated pump.
- 2.33 SUPPLY LINE: That portion of the line between the storage tank and the pump oil inlet connection or hand valve. Where a pump is not used, it shall be that portion of the line between storage tank and burner and burner oil inlet connection or hand valve.
- 2.34 TEST WELL: An opening in the top of the storage tank or a straight pipe connected to such opening through which a gauge stick may be inserted into the storage tank.
- 2.35 TRANSFER PUMP: An oil pump that is not an integral part of the burner and which is installed between storage tank and burner.
- 2.36 VENT PIPE: That portion of the line between vent pipe terminal and vent pipe connection in the storage tank.
- 6.5 Tanks located along line of Subways.
- 6.5.2 For the purpose of this rule a subway shall be deemed to be any covered subsurface railroad or rapid transit roadbed.
- 10.1.1 No oil burner installation of more than six (6) gallons capacity shall be operated until after a Certificate of Approval has been issued by the Commissioner of Buildings and a permit for the storage of fuel oil has been issued by the Fire Commissioner, except that temporary operation shall be permitted upon the filing by the licensed oil burner installer of a certificated statement that such equipment conforms with the approved application for a work permit and plan submitted therewith, and with applicable provisions of law.
- 10.1.2 Application for Fire Department permit for the storage of fuel oil shall be made within ten days after the completion of the installation by the installer who holds a Certificate of License issued by the Commissioner of Buildings on forms furnished by the Commissioner of Buildings which shall include the location of the building in which the installation has been made, name and address of installer, quantity of fuel oil to be stored and signature of the owner.
- 10.1.3 No certificate or approval shall be issued by the Commissioner of Buildings and no fuel oil storage permit shall be issued by the Fire Commissioner until the installer has furnished a certified statement to the Commissioner of Buildings that the installation complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 percent without smoking.
- 10.2.1 The installer shall file with the Commissioner of Buildings plans showing the size and location of all storage tanks having a capacity greater than 275 gallons where such tanks are to be installed either inside of buildings in or below the lowest floor level or outside of buildings below ground. Plans, however, shall be filed where 275 gallon tanks are to be buried and for all places of public assembly. All such plans shall show compliance with all structural requirements and shall show all salient features of the installation. Plans shall also be approved by the New York City Transit Authority within the limitation in Rule 6.5.1 for all tanks located in or outside of buildings along the line of subways under its jurisdiction.
- 10.3.1 All fuel storage tanks and piping installed, as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A certified statement by the installer attesting to such installation and test shall be filed with the Commissioner of Buildings.
- 10.4.1 When application for permit for the storage of fuel oil is made, as provided for in Rule 10.1, a fee covering the permit shall be paid to the Fire Department in accordance with the schedule given in the Administrative Code.
- 10.5 Each oil burning installation shall be inspected by a representative of the Department of Buildings and if upon such inspection, it is determined that the installation complies with the requirements of the administrative code, the rules of the Board of Standards and Appeals and all laws and regulations applicable thereto, a certificate of approval shall be issued by the Commissioner of Buildings.
- 12.2 Adequate ventilation, at least 15 square inches clear opening per gallon of oil per hour, required to fire the equipment to gross output shall be provided in all rooms in which burners are installed. If the fixed ventilation is supplied mechanically, it shall be electrically interlocked with the burner, and it shall be capable of supplying at least 36 CFM of air per gallon oil per hour, required to fire the equipment to gross output. It shall also be capable of maintaining an air pressure in the boiler room when the burner is in operation, no less than the outdoor atmospheric pressure at the same time and elevation.
- 15.2.1 The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, which in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provision of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Commissioner of Buildings for the installation of such oil burning equipment.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

NOTICE

Commencing with the issue dated June 4, 1959, the date
of the Bulletin of the Board of Standards and Appeals has
been advanced two days to coincide with actual publication
contract requirements.

NOTICE

In accordance with sound management practice and due
to budgetary limitations, two changes have been instituted
in the Bulletin of the Board of Standards and Appeals.
These changes, in compliance with the requirements of
Chapter 27, Section 665 of the Charter of the City of New
York and the rules of the Board, are as follows:

1—CALENDAR: Notices of public hearing on applica-
tions for zoning variances will be published twice: first
publication, listing new cases set for hearing, in the Bulletin
available to the public at least 14 days before the date of
hearing; second publication, in the last Bulletin available
to the public immediately prior to the hearing date. The
second publication will be augmented with a listing of cases
laid over from previous hearings. Attention is directed to
the MINUTES of such previous hearings, where the rea-
sons for laid over cases will have been published. Notices
of public hearing on applications for approval of materials
and appliances will be published once, at least 10 days prior
to the hearing date.

2—MINUTES: The publication of the "digest" of the
applicant's statement has been discontinued, except that the
administrative orders, decisions, etc., which are the subject of
each application or appeal will be published. The summary
of information given in the Appeal Form (Form A) shall
be published for Administrative Appeals. The Board will
continue to publish such other matters as it may deem ad-
visable.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Com-
missioners, Director or the Engineers, pertaining to the
work of the board, will be seen only between the hours of
ten in the morning and one in the afternoon—Saturdays ex-
cepted.

PREMISES AFFECTED—396-418 Coney Island Avenue, southwest corner of Caton Avenue, Block 5331, Lots 15, 22 and 28, Borough of Brooklyn.

APPEARANCES—

For Applicant: Herman Kron and George G. Kron.

For Opposition: Casimir F. Sojka.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 25, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 5, 1959 after due notice by publication in the Bulletin; laid over to May 26, 1959, for inspection and decision; then to June 2, 1959, for inspection and decision; applicant to file corrected plans; hearing previously closed; and

WHEREAS, the decision of the Borough Superintendent, dated October 31, 1958 acting on Alt. Applic. No. 2712-58, reads:

"1. Proposed alteration to building and change of use on a plot partly in a Manufacturing and partly in a Residence zone to be used for Garage, gasoline station, repair shop, auto laundry, office, toilets and open air parking and storage for more than 5 cars is contrary to Article II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c; and under Section 7h for a term of ten years for parking, to permit in

MINUTES

manufacturing and residence use districts, on a plot presently occupied by a public garage, auto laundry, auto repair shop and gasoline service station, the reconstruction of the lubritorium and office portion of the building and the use of the adjoining lot to the west along Friel Place for the parking and storage of more than five motor vehicles, *on condition* that the work shall be done substantially as shown on plans filed herewith, marked "Received November 10, 1958", 4 sheets, and "May 29, 1959", 1 sheet; that along the westerly lot line on the Caton Avenue front for a distance of ten feet between the car wash building and the building line there shall be erected a brick fence wall to a height of 6 feet, with face brick on the west side of said wall and coped on top, to protect adjacent owner of lot 13 from the car wash use; that the parking lot to the west opening on Friel Place shall be enclosed by a split sapling fence 5 feet, 6 inches high with 3-inch posts set in concrete, as shown on drawing, and along the Friel Place building line, the west and north lot lines of said parking lot; that parking shall be limited to pleasure cars only; that access through two ten foot doors equipped with overhead doors may be had to the existing public garage; that the offices at the front of the gasoline station may be altered as shown on filed drawings; that in all other respects the construction and occupancy shall comply with all laws, rules and regulations applicable thereto; that the proposed parking lot shall be graded approximately to the level of Friel Place and paved with steam cinders or gravel and with a proper binder; that the level of the pavement shall be pitched so that there shall be no flow of rain water onto the adjacent properties or across the sidewalk; that the driveway in front of the car wash on the Caton Avenue side shall be graded, paved and drained in a similar way to prevent water from wetting cars crossing the sidewalk or entering upon adjacent properties; that all curb cuts and sidewalks abutting the site shall be repaired to the satisfaction of the Borough President; and that all permits and a new certificate of occupancy shall be obtained and all work completed within the provisions of Section 22A of the Zoning Resolution.

958-27-BZ—Vol. II

APPLICANT—Larry Meltzer, for Edith Wayne, owner; Gany Brothers Service Station, lessee.

SUBJECT—Application reopened April 28, 1959 for consideration as to extension of time to complete—expired June 17, 1958—decision of the Borough Superintendent, previously granted on condition, under sections 7e and 7i of the Zoning Resolution, permitting in a business use district, the change of use of the premises from gasoline selling station, garage, accessory store and office to gasoline selling station, garage for the parking and storage of more than 5 motor vehicles, repair shop, accessory store and office.

PREMISES AFFECTED—285-295 Driggs Avenue and 503-509 Leonard Street, southwest corner, Block 2697, Lot 16, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ronald Ogur and Larry Meltzer.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation on June 17, 1958; and

WHEREAS, this application was reopened on April 28, 1959 and set for hearing on June 2, 1959, subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 2, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 13, 1959 acting on amendment to Alt. Applic. No. 4939-54, reads:

"1. As the Bd. of Standards and Appeals variance has expired under section 22-A of the Zoning Resolution, proposed extension of time is referred to the Bd. of Standards and Appeals."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 17, 1957, only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the time to complete having expired on June 17, 1958, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." Alt. App. 4939-54.

72-30-BZ—Vol. II

APPLICANT—Herman Kron, for L. B. Oil Company, Inc., owner.

SUBJECT—Application reopened April 21, 1959—decision of the Borough Superintendent, under section 7f of the Zoning Resolution, to permit in a business use district, the reconstruction of the present gasoline service station and extend the use to include lubritorium, motor vehicle repair shop, parking and storage of more than five (5) cars and the sale of used cars.

PREMISES AFFECTED—3491-3507 Fort Hamilton Parkway, south side, 264.5 feet east of 36th Street, Block 5302, Lot 21, Borough of Brooklyn.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work which had expired by time limitation on February 25, 1959; and

WHEREAS, this application was reopened on April 21, 1959 and set for hearing on June 2, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 2, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1959 acting on amendment to Alt. Applic. No. 4170-56, reads:

"1. Application has expired under section 22A of the Zoning Resolution, proposed extension of time is referred to the Bd. of Standards and Appeals for consideration."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 25, 1958, only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." Alt. App. 4170-56.

608-40-BZ—Vol. II

APPLICANT—Martyn Weston, for Garon Realty Corp., owner; The Great Atlantic and Pacific Tea Co., lessee.

SUBJECT—Application reopened April 28, 1959 for consideration as to extension of term of variance—expired May 1, 1956—decision of the Borough Superintendent, previously granted on condition, under sections 7h and 7A of the Zoning Resolution, permitting in a residence and business use district, the parking of patrons' automobiles for a term of five (5) years, with entrances beyond permitted distance from intersection.

PREMISES AFFECTED—47-35 41st Street, east side, 125.43 feet north of Greenpoint Avenue, Block 196, Lot 7 and part of Lot 42, Sunnyside, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of the term of variance which had expired by time limitation on May 1, 1956; and

WHEREAS, this application was reopened on April 28, 1959 and set for hearing on June 2, 1959, subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 2, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 3, 1959 acting on Alt. Applic. No. 2440-50, reads:

"1. Extension of the use as an "open parking lot for shoppers' automobiles" is contrary to Board of Standards and Appeals Resolution Cal. #608-40-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 1, 1951, which expired on May 1, 1956, only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

"... granted under Sections 7h and 7A for a term of five years from the date of this amended resolution, to permit; *on condition* that bumpers shall be installed on all sides of this lot to prevent the overhang of automobiles damaging adjacent buildings or fences; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

63-44-BZ—Vol. II

APPLICANT—Casale and Newell, for Bavasi Realty Corp., owners.

SUBJECT—Application reopened February 25, 1959 as Volume II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of an existing three story building of class 1 construction from storage and factory to storage of electrical, electronic and radio parts and equipment, offices and garage.

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation on June 11, 1958; and

WHEREAS, this application was reopened on April 21, 1959 and set for hearing on June 2, 1959, subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 2, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1959 acting on Alt. Applic. No. 477-56, reads:

"1. In a residence use district the proposed change of occupancy from "Bottling Works" to woodworking shop and offices is contrary to Art. II Sec. 3 of the Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 11, 1957 only as to the time to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the time to complete having expired by limitation on June 11, 1958, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." Alt. App. 477-56.

246-58-BZ—Vol. II

APPLICANT—Victor G. Madonia, for Dominick Iandoli, owner.

SUBJECT—Application reopened April 28, 1959 as Volume II—decision of the Borough Superintendent, under sections 7e, 7h, and 21 of the Zoning Resolution, to permit the erection and maintenance of a building for a period of 25 years on a plot partly in a local retail and partly in a residence use district; the building to be used as a bowling center with a bar, restaurant, lounge and parking facilities on the unbuilt portion of the plot for patrons and employees no fees to be charged; the proposed building will occupy more than the permitted area and will encroach on the front setback and rear yard requirements.

PREMISES AFFECTED—44-21 227th Street, southeast corner of Northern Boulevard, Block 7480, Lot 50, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Joseph M. Lonergan, Arthur V. Selig, Victor G. Madonia and Fannie Burnstein.

For Opposition: Samuel Bodian, Park Dept.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 28, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 2, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated March 27, 1959 acting on N. B. Applic. No. 960-59, reads:

"1. Erection of building to be used as a Bowling purpose in a local retail and Residential use district is contrary to Art. II Sect. 3 and Sect. 4c of the Zoning Resolution.

2. Parking of more than three cars in a Residence use district is contrary to Art. II, Sect. 3 of the Zoning Resolution.

MINUTES

3. In a G district, any building erected nearer than 20 feet to the street on which it fronts, is contrary to Art. II Sec. 16-B(b) of the Zoning Resolution.

4. A rear yard in a "G" district less than 30% of depth of plot is contrary to Art. II Sec. 16-B(f) of the Zoning Resolution.

5. In a G district, area of building which exceeds 30% of area of lot is contrary to Art. II Sec. 16-B(e) of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N. B. Applic. 960-59, Objections Nos. 1, 2, 3, 4 and 5 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

350-58-BZ

APPLICANT—Harry Mandell for Prescott Realty Corp., owner.

SUBJECT—Application May 23, 1958, decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of the present store building from stores and bakery to include hat factory.

APPLICANT—Henry J. Nurick for the 160 3rd Avenue Corporation, owner.

SUBJECT—Application January 15, 1959—decision of the

Borough Superintendent under sections 7h and 7c of the Zoning Resolution, to permit in a business use and local retail use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—156-160 Third Avenue, west side, 25 feet 6 inches south of East 16th Street, Block 871, Lots 44 and 45, Borough of Manhattan.

APPEARANCES—

For Applicant: Henry J. Nurick.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 12, 1959 after due notice by publication in the Bulletin; laid over to June 2, 1959, for inspection and decision; applicant to file corrected plans showing construction taken place within the area since application was filed, hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated December 29, 1958 acting on Alt. Applic. No. 1790-58, reads:

"1. A proposed Parking Lot, located partially in a Local Retail District, for more than five (5) motor vehicles is contrary to Article II, Section 4B (i) & 4-c."

and

WHEREAS, the applicant added Section 7c of the Zoning Resolution as a basis of his application; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c and Section 7h for a term of ten years, to permit in business and local retail use districts the maintenance of a parking lot for the parking and storage of more than five motor vehicles, on condition that the premises shall be graded substantially to the grade of the surrounding streets, Third Avenue and East 16th Street, and paved with steam cinders or gravel, treated with a binder; that where walls of adjacent buildings do not occur, there shall be erected on all lot lines a woven wire fence 5 feet in height erected on a 6 inch concrete curb; that there shall be no exit or entrance to East 16 Street; that on Third Avenue there shall be an entrance 20 feet wide with curb cut opposite as shown on drawings; that there may be a 10 foot by 10 foot wood frame shelter adjacent thereto; that all bumpers and other conditions shall be as shown on drawings filed herewith marked "Received January 15, 1959," 4 sheets and "May 22, 1959," 2 sheets, except that bumpers shall be five feet from adjacent fences or walls of adjoining buildings; that in all other respects the premises shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be provided as the Fire Commissioner shall direct; that curb cuts and sidewalks abutting the site shall be repaired to the satisfaction of the Borough President; and that all permits and a certificate of occupancy shall be obtained and all work completed.

Present: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

688-39-SA—Vol. II

APPLICANT—Metallizing Engineering Company, Inc., owner.

SUBJECT—Application reopened October 8, 1957 for amendment of resolution as to additional model "P", metal spraying blowpipe—re The Metco Metallizing Gun, Type E; previously approved.

APPEARANCES—

For Applicant: Herbert Charlop.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 688-39-SA—Vol. II.

Subject: Amendment to resolution as to additional model metal spraying Blowpipe.

Metallizing Engineering Co., Inc., Westbury, New York, requested, by filing an application dated August 12, 1957, that the resolution adopted March 18, 1941 under Calendar Number 688-39-SA—Vol. I be amended so as to include the additional Model P, Metal Spraying Blowpipe. The application was reopened by a vote of the Board, October 8, 1957.

Purpose

The appliance is designed for the Thermal Spraying of powdered metals and ceramics.

Description

The powdered material to be sprayed is contained in a refillable cannister on top of the gun. The powder feeds by gravity through the metering valve. From this point it is drawn at reduced pressure into the aspirator chamber from which it is propelled into the flame by a jet of fuel gas.

Heat for melting and spraying the metal is obtained from a fuel gas and oxygen flame projected from a nozzle similar to that used on a welding torch. Either acetylene or hydrogen may be used for the fuel gas. The gases are conveyed from compressed gas cylinders fitted with the usual pressure reducing valves used for welding service to the gun by means of two hoses which connect through shut off valves at the rear of the gun.

The flow of powdered material is controlled by a finger operated trigger so that the flow of material may be started and stopped at will. The flow of gas used for aspirating the powdered material is controlled by a needle valve.

Inspection and Test

The device has been approved by the Underwriters' Laboratory under Safety Appliance 753, Application No. 57C2837. The complete report is on file with and is part of the record.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends that the resolution adopted March 18, 1941, under Calendar Number 688-39-SA—Vol. I, be amended so as to include the Model P Metco Thermo-Spray Gun, on condition that the requirements of the resolution adopted March 18, 1941 under Calendar Number 688-39-SA—Vol. I be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 707-40-SM—Vol. II.

Subject: Amendment to resolution as to additional thickness of door.

The W. S. Tyler Co., New York, requested by letter dated March 1, 1959, that the resolution adopted September 10, 1940 and amended through February 11, 1958 under Calendar Number 707-40-SM—Vol. I and II be amended so as to increase the thickness of the approved door. The application was reopened by a vote of the Board March 31, 1959.

Purpose

The material is a one and one half hour opening protective assembly.

Description

The original doors, approved by the Board were 1½ inches in thickness and the Board approved, by amendment, an increase in thickness to 2½ inches. The requested change is to increase the thickness up to and including 4 inches. The space resulting from this increased thickness is filled with additional insulation of the same material as in the previously approved door.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends that the resolution adopted September 10, 1940 and as amended through February 11, 1958 under Calendar Number 707-40-SM—Vol. I and II be amended so as to include additional thickness of doors up to and including 4 inches, on condition that the requirements of the resolution adopted September 10, 1949 and as amended through February 11, 1958 be complied with.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 799-47-SM.

Subject: Amendment to resolution as to additional model Sink and Lavatory Fittings.

Kohler Co., Inc., Kohler, Wisconsin, requested by letter dated February 18, 1959 that the resolution adopted Janu-

ary 16, 1951 under Calendar Number 799-47-SM be amended so as to include additional Models of Sink and Lavatory Fittings. The application was reopened by a vote of the Board, March 3, 1959.

Purpose

The units are sink and lavatory fittings with a spray attachment.

Description

The requested Models K-7782 Rockford, K-7794 Edgewater and K-7430 Bancroft are basically the same as those previously approved. The operation, mechanical and functional design are the same as in the models previously approved, the only difference being in styling.

Inspection and Test

Details of construction of the requested models were compared with the models previously approved and it was noted that the only change was in styling.

Recommendation

The Committee on Test recommends that the resolution adopted January 16, 1951 under Calendar Number 799-47-SM be amended so as to include the Models K-7782 Rockford, K-7794 Edgewater and K-7430 Bancroft Sink and Lavatory Fittings for use in New York City under the provisions of the Submerged Inlet Rules of the Board, on condition that the requirements of the resolution adopted January 16, 1951 under Calendar Number 799-47-SM are complied with.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 619-48-SM.

Subject: Amendment to resolution as to additional thickness of wool batts and permission to market under additional trade names.

American Rock Wool Corp., Chicago, Ill., requested by letter dated December 15, 1958, that the resolution adopted July 12, 1949, under Calendar Number 619-48-SM be amended so as to include additional thickness of rock wool batts and permission to market under additional trade names. The application was reopened by a vote of the Board January 13, 1959.

Description

The approved batts were of 2 and 3 inch thickness. The requested batts are of the approved material made into rigid form for use as perimeter insulation, joint filler and fire stopping.

MINUTES

Recommendation

The Committee on Test recommends that the resolution adopted July 12, 1949 be amended so as to include rock wool batts of thickness ranging from 1/2 inch to 3 inch thick and of 10 inch to 30 inch in 48 inch lengths, as herein described and further that this material may be marketed under the following trade names:

Red Top—Perimeter Insulation, by United States Gypsum Co.

U.S.G.—Perimeter Insulation, by United States Gypsum Co.

Thermafiber—Perimeter Insulation
on condition that the requirements of the resolution adopted July 12, 1949 under Calendar Number 619-48-SM be complied with.

For Applicant: William A. Faiella.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 644-51-SM

Subject: Amendment to resolution as to additional use of Cofar Floor and Roof Construction.

Seelye Stevenson Value & Knecht for Granco Steel Products Co., requested by letter dated November 18, 1955 that the resolution adopted July 27, 1954 under Calendar Number 644-51-SM be amended so as to include additional uses of Cofar Floor and Roof Construction. The application was reopened by a vote of the Board, December 6, 1955.

Purpose

The material is a composite steel and concrete fire resistive floor and roof construction.

Description

The material is the same as the material approved by the Board July 27, 1954 under Calendar Number 644-51-SM. The difference in construction was the provisions for electrical raceways.

Inspection and Test

The assembly was tested at the Underwriters' Laboratory, Chicago, Illinois, in accordance with the requirements of Article 11, Group 5 through 11 and Group 13, Chapter 26, Administrative Building Code.

The materials used in the construction were as follows:
Corrugated forms, cellular forms, header ducts, reinforcing bars, concrete, lath and perlite plaster.

The construction is as follows: The form units and the

cellular floor units, are laid so as to form the deck of the test sample. The header ducts are then placed on top of the form units and perpendicular to them and spaced 9 1/2 inches apart. The opening between the header duct and the form unit, through which the electrical conduit could be passed, was 3 inches in diameter and located below each junction box.

The beam in the assembly was wrapped with 3.4 expanded metal lath.

As the header ducts and junction boxes are in intermittent contact with the cells of the floor units and provide a path for heat flow from the ceiling to the top surface, it is necessary to apply the acoustical plaster to a greater thickness.

The plaster is applied direct to the under side of the form units to a thickness of 3/4 inches and for an area of 3'-0" x 4'-0" minimum under the junction box area, the plaster was applied to a thickness of 2 inches.

The plaster, protecting the beam, is applied to the metal lath, in a thickness of 2 inches.

The assembly successfully met the requirements as a three hour fire resistive floor and ceiling construction. The assembly also successfully passed a load test, conducted by the K. W. Hunt Laboratories, as required under C26-626.0.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted July 27, 1954 under Calendar Number 644-51-SM be amended so as to include the type of construction as herein described as a 3 hour fire resistive floor and roof construction with electrical raceways installed and further that the construction of Type 4, as contained in the resolution adopted July 27, 1954 under Calendar Number 644-51-SM be now recommended for approval as the construction was tested with raceways installed both perpendicular and parallel to the corrugations and further that the superimposed load, live and dead, shall not exceed 150 lbs. per sq. ft. and further that the plaster thickness shall be 2 inches on top of the metal lath on the beam, and shall be 3/4 of an inch in thickness on the under side of the floor, except that under the header units for an area of a minimum of 3'-0" x 4'-0". The plaster shall be applied to a thickness of 2 inches and the lath shall comply with the requirements of C26-577.0 Administrative Building Code, on condition that the requirements of the resolution, adopted July 27, 1954, under Calendar Number 644-51-SM be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 34-56-SA.

Subject: Caloric Domestic and Commercial Gas-fired Clothes Dryer, Models 100, 150 and 125X.

Caloric Appliance Corp., Tipton, Penn., filed December 23, 1955, an application with the Board of Standards and Appeals for approval of the Caloric Gas-fired Clothes Dryer, Models 100, 150 and 125X for use in New York City under the provisions of Article 12, of the Administrative Building Code.

Purpose

The appliance is used for drying laundry, using gas heat as the drying medium.

Description

Caloric domestic and commercial gas clothes dryers are all of the same construction.

They are of the revolving drum type having a gas burner and a motor driven blower for circulation of air.

All models are powered with a $\frac{1}{2}$ horsepower, 115V, 60 cycle motor which drives the revolving drum and the air blower. In case of current failure or overheating of motor due to over-loading, all gas flow is shut off by automatic thermal switch. When motor restarts, pilot relights automatically. Motor is equipped with overload protection.

The load capacity for all models are approximately 18 pounds of wet clothes.

The Model 100 is a fully automatic one-knob control. When the knob is turned the burner light starts the blower and drying cylinder lights the Sweet-air Lamp and illuminating bulb. Dry cycle is up to 90 minutes. Temperature is automatically maintained at Lo-Heat level. Drying time varies with the weight, size and wetness of load, and type of fabric. Five minutes before drying cycle ends, heat is

turned off automatically. Blower continues to end of cycle. Bell rings when drying cycle ends.

These dryers are fabricated from heavy gauge sheet steel and are finished in a baked synthetic finish with the exception of the top which is finished in vitreous porcelain enamel. All other exterior parts and interior parts such as frame and cylinder are finished in high temperature baked enamel, "Bonderized" to resist rusting.

The drying cylinder is a heavy gauge steel, with smooth surface; has horizontal baffles to tumble clothes. Cylinder is made in eight parts. Cylinder is supported at the front on rubber tires, and at the rear on rubber mounted, pillow-block type of self-aligning bearing. Cylinder speed—approx. 50 R.P.M.

All controls are reached by removing main top or main front. Access door in front is provided for servicing air shutter and burner.

Waist-high lint drawer is located at front of dryer.

Dryer may be installed flush against wall. Hollow-back construction accommodates gas and electric connections.

Lo-Heat is vented up and away from walls and wood-work to outside, by means of Adapto-Flex Exhaust.

Base screws are provided to level dryer on an uneven floor.

Dryer is provided with a lamp called Sweet-air lamp which acts to purify the clothes.

A separate illuminating bulb lights automatically and remains lighted during drying cycle.

Steel door with heat-resistant glass panel is equipped with an automatic master cut-off switch. Door opens down. When door is opened, everything stops. Illuminating lamp remains lit. Cycle resumes when door is closed.

Burner can use Natural, Bottled, Manufactured or Mixed Gas. Gas input 20,000 BTU, all gases.

Gas connection, standard $\frac{3}{8}$ inch pipe.

Exterior dimensions of dryer is width 30"; height to working surface 36"; height to top of backguard $39\frac{7}{16}$ "; depth 26", not including handle.

Shipping weight approx. 200 lbs.

All models are the same with the following exception;

Models 125X and 150, cylinder speed—approx. 44 RPM.

Model 125Z, access door in front and side provides for adjusting gas and lighting pilot. Model 150 access door same as Model 100.

Exterior dimensions the same as Model 100 except height to top of backguard is $37\frac{15}{16}$ ".

Shipping weight of Models 125X and 150 approx. 230 lbs.

Gas connection on Models 125X and 150, standard $\frac{3}{8}$ " I.P.S. (female).

The Models 125X and 150 dryers are non-vented gas appliances.

For moisture exhaust, two methods are available:

1. Indoor exhaust from rear of dryer.
2. Permanent outside exhaust using Caloric Exhaust kit #100-ROY.

Model 125X provides automatic operation with constant burning pilot.

Model 150 provides either:

1. Automatic operation with constant burning pilot.
2. Push button electric ignition (located on top, right rear of working surface, near timer).

Model 125X commercial automatic clothes dryer, is equipped with the "Accumulator" coin meter. The mechanism consists of five parts. No rewiring or removal of panels necessary. Meter is connected into dryer using attached Jones Plug, and attached with four bolts. The "Accumulator" meter is available for 10¢, 15¢, 20¢ and 25¢ operation. Meter can accept up to fourteen coins in advance.

Inspection and Test

All details of construction were examined by Ass't. Architect, T. W. Farricker, Committee on Test.

The appliances have been tested and approved by the American Gas Association. The reports are on file with and are part of the record.

MINUTES

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Caloric Domestic and Commercial Gas-fired Clothes Dryer, Models 100, 150 and 125X for use in New York City when installed in accordance with this report and the requirements of Article 12, with particular reference to C26-696.0 of the Administrative Building Code and provided that each appliance shall bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 34-56-SA".

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 79-56-SM.

Subject: Phoenix Types A & B Cop-R-Flash (Flashing Material).

Phoenix Building Products, Inc., Holyoke, Mass., filed January 23, 1956 an application with the Board of Standards and Appeals for approval of the material known as Phoenix Types A & B Cop-R-Flash (flashing material) under the provision of C26-191.0 Administrative Building Code.

Purpose

The material is to be used as a flashing material.

Description

The material is a flashing material wherein lead and copper are combined in a multi ply lamination.

The Type A contains lead and copper, exposed face on one side and backed on the other with a specially designed protective covering made of fiberglass. The Type B is the same as the Type A, except that both faces are covered with fiberglass.

The covering is combined to the metal laminate with asphalt applied under heat and pressure.

The thickness of the combined sheets of metal ranges from .002 to .010.

Inspection and Test

Samples of the material were examined by Ass't. Engr. J. A. Darts, Committee on Test as to the bond between the plys and also as to thickness.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Phoenix Type A & B Cop-R-Flash for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code, on condition

that all cartons or containers in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 79-56-SM."

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 862-57-SM.

Subject: Flagg Galvanized Mushroom Type Vent, Fig. S-800.

Stanley G. Flagg & Co., Inc., Philadelphia, Pa., filed November 21, 1957 an application with the Board of Standards and Appeals for approval of the Flagg Galvanized Mushroom Type Vent, Fig. S-800 under the provisions of the Oil Burner Rules of the Board.

Purpose

The material is a cap for use on fuel oil storage tank vent pipes.

Description

The vent cap is made of galvanized malleable iron and is made in sizes to fit from a $\frac{3}{4}$ inch to 3 inch vent pipe.

Inspection and Test

Samples of various size caps were inspected at the office of the Board by Ass't. Engr. J. A. Darts, Committee on Test, and computations show that the venting area of the caps had a 25% greater venting area than the corresponding size of pipe.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Flagg Mushroom Type Vent, Fig. S-800 for use in New York City in accordance with this report and the provisions of the Oil Burner Rules of the Board and provided each cap shall bear a label, permanently attached reading as follows:

"Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 862-57-SM"

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

MINUTES

51-58-SM

APPLICANT—Signal Chemical Manufacturing Co., Inc., owner.

SUBJECT—Application January 27, 1958—Duronite-200, solvent-soluble fire retardant liquid applicable to cotton and synthetic textile, approval of.

APPEARANCES—

For Applicant: Arthur J. Nascarella.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 51-58-SM

Subject: "Duronite-200"

The Signal Chemical Mfg. Co., Inc., Bedford, Ohio, filed January 27, 1958, an application with the Board of Standards and Appeals for approval of "Duronite-200", solvent-soluble fire retardant liquid applicable to cotton and synthetic textile, for use in New York City under the provisions of Flame Proofing Rules of the Board.

Purpose

Solvent-soluble fire retardant for cotton and synthetic draperies.

Description

The "Duronite-200" is a solvent-soluble fire retardant as applied to a cotton or synthetic drapery fabric as a flame resistant finish.

Inspection and Test.

Samples of the material were tested at the United States Testing Co., Inc., Hoboken, New Jersey, under report #39403, in the presence of Mr. G. B. Krumholz, Jr. representing the applicant.

Samples of the material also were tested at the Better Fabrics Testing Bureau in the presence of Ass't. Engr. J. A. Darts, Committee on Test, and W. H. Masterson, representing the applicant.

Fabrics Identified as:

- #1. All cotton drape & upholstery type — Color — Green.
- #2. All cotton drape & upholstery type — Color — Dark Brown.
- #3. All cotton drape & upholstery type — Color — Tan.

The fabrics submitted treated with "Duronite-200" meet the flammability requirements in respect to flashing, flaming, and after glow (outside of char).

In accordance with requirements glow confined to the charred area may be disregarded.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test the Committee on Test concludes that the material "Duronite-200", solvent-soluble fire retardant liquid applicable to cotton and synthetic textile, possess inherent flameproofing properties and accordingly recommends the approval of the material for use as a flame resistant finish for use in treatment of cotton and synthetic draperies. The Committee further recommends that this material shall not be used in locations wherein an approved opening protective assembly is required.

Tests on each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards

and Appeals for use in New York City under Calendar Number 51-58-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKELNARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

97-58-SM

APPLICANT—United Chemical Co., Division of United Laboratories, Inc., owner.

SUBJECT—Application January 27, 1958—Chemcon Concrete Conditioner, approval of.

APPEARANCES—

For Applicant: R. J. Burrell.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 97-58-SM.

Subject: ChemCon Concrete Conditioner, approval of.

United Chemical Company, a Division of United Laboratories, Inc., Cleveland, Ohio, filed January 27, 1958 an application with the Board of Standards and Appeals for approval of the material known as ChemCon Concrete Conditioner under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is to be used as an admixture to concrete.

Description

The material is a dispersing agent for portland cement and by so dispersing the cement particles in a concrete mix, less mixing water may be used.

As the formulation is of a proprietary nature, the applicant has submitted the formula which the Board has placed in the Board's safe, for further reference if necessary.

Inspection and Test

Various design mixes of concrete, both control, without ChemCon and companion mixes with ChemCon, the ratio of $\frac{1}{4}$ lb. per sack of cement, were tested by the Herron Testing Laboratories, Inc., Cleveland, Ohio. The samples were tested on three, seven and twenty-eight days and in all instances, the concrete with ChemCon tested higher. The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as ChemCon for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code as an admixture to concrete on condition that the amount used shall not exceed $\frac{1}{4}$ of a lb. per sack of cement and further that each container in which the material is to be marketed shall be stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 97-58-SM."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 255-58-SM.

Subject: Deeptex Plastic Corp., Vinyl Wall Covering.

The Deeptex Plastic Corp., New York, N. Y., filed April 22, 1958, an application with the Board of Standards and Appeals for approval of Deeptex Plastic Corp., Vinyl Wall Covering for use in New York City under the provisions of C26-667.0 of the Administrative Building Code.

Purpose

Wallcovering to be used similar to wallpaper.

Description

Deeptex vinyl wallcovering is .012" vinyl sheeting, embossed, printed and laminated to cellulose fiber backing to be used as a wall-covering in a manner similar to wallpaper.

Deeptex is pasted to wall surfaces, or to any other rigid structural interior surface for decorative purposes.

Inspection and Test

Samples of the material were examined at the Board by Ass't. Engr. J. A. Darts, Committee on Test.

Test was also made at the United States Testing Company, Inc., Hoboken, New Jersey for Fade-O-Meter Exposure, Cyclic Exposure and Setting Time.

The report is on file and is part of the record.

Recommendation

On the basis of the examination and test and data filed by the applicant, the Committee on Test recommends that the material known as Deeptex Plastic Corp., Vinyl Wall Covering be approved for use in New York City.

The Committee further recommends that all cartons in which the material is to be marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 255-58-SM". The Committee further recommends that this material shall not be used in locations prohibited by the Multiple Dwelling Law.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 387-58-SM.

Subject: Fentron Super-Bar #200 Steel Detention and Security Windows.

Fentron Industries, Inc., Seattle, Washington, filed June 20, 1958 an application with the Board of Standards and Appeals for approval of Fentron Super-Bar #200 Steel Detention and Security Windows for use in New York City under the provisions of C26-88.0, C26-178.0, C26-191.0, C26-239.0 and C26-650.0, of the Administrative Building Code.

Purpose

For window openings in Public Buildings.

Description

There are two types of windows; maximum and medium. Fentron Series 200 maximum and medium Detention Windows are of equal quality except that the guard portion of the former window is reinforced with special tool resistant high carbon-chromium steel bars welded to the inside face of all vertical muntins and to the web of all horizontal muntins by 1" long welds spaced 9" apart.

The construction is a guard window with protected ventilator openings and detachably mounted inside or outside ventilators, screened as required, having light divisions generally on 6 $\frac{3}{8}$ " center horizontally and 9 $\frac{3}{8}$ " centers vertically fabricated of sections as hereinafter described. Glazing is from the exterior, with those openings located at the ventilators left unglazed to provide ventilating area. All members are of solid sections, hot-rolled from new billets and of structural grade low carbon steel.

Guard Portion—The vertical and horizontal muntins and the head, sill and jamb members are of continuous one piece special hot-rolled Tee and Zee shaped sections. The muntin section is not less than 1 $\frac{3}{4}$ " deep front to back, nor more than 1" wide across the inside face and not less than $\frac{3}{8}$ " wide across the outside face and weighs not less than 1.9 pounds per foot. The frame sections have an outstanding leg of not less than 1" to provide wall bearing of not less than $\frac{5}{8}$ " and weighs not less than 2.0 pounds per lineal foot. They provide a retention for the glazing cement, and have glazing rebates not less than $\frac{3}{8}$ " deep and present flat-faced surfaces inside. Horizontal members occurring in front of ventilators are provided with weep holes.

Construction of Guard Portion—The joints at the corners of window frames and at the ends of muntins where they intersect with the frames are tenoned and riveted and welded. The intersections of muntins are formed mechanically, then the joints are welded across and deeply into interior and exterior faces; the metal being cut back as necessary to maintain a solid weld whether or not the joints are dressed. Welds are not dressed flush except on all surfaces where screen frames and the supporting frames of ventilators contact the guard portion, when ventilators are located as required.

Ventilators—Ventilators attach to the guard portion by interlocking and overlapping the bottom frame member upon the horizontal guard member, and the top rail of each supporting frame is clamped to the guard portion by not less than 3 special screws or bolts, each not less than $\frac{5}{16}$ " diameter and having socket type heads; these screws or bolts are inserted from the outside through formed clips into blind nuts located within the space between the top rail of the supporting frame and the ventilator frame, or into tapped holes provided in the down standing leg of the top rail of the supporting frame.

MINUTES

Ventilator frames and their supporting frames are made from solid hot-rolled double-contact steel casement sections not less than $1\frac{1}{4}$ " in depth from front to back and having a combined weight of not less than 2.9 pounds per linear foot, except that the bottom rail of the ventilator is 1" in depth, and the sill member of supporting frame is of cold formal low carbon steel to meet the specified weathering and screen conditions in an acceptable manner; the combined weight of the frame and ventilator sections at the sill is not less than 2.4 pounds per linear foot. Weathering contacts at both outside and inside points of closure are not less than $\frac{1}{4}$ " wide and are formed by projections rolled integral with the sections. Muntins are hot-rolled tee sections not less than 1" deep, $\frac{1}{8}$ " thick and not more than 1" wide.

The corner joints of ventilator frames and their supporting frames are welded solid along their entire lines of intersection in full depth and in full width across all faces, except that the jamb and head members of supporting frame are made from one continuous piece, V notched at corners and bent 90 degrees. Muntin intersections are interlocked and welded. Ends of muntins are neatly coped or mitered on the face and the joints welded and riveted. Welds are dressed flush on all exposed and contact surfaces.

The supporting frames for inside ventilators provide a continuous retention for a contact fill where the frames make metal contacts with the guard portion. The fill is a waterproof mastic, and all-wool felt. The fill is not accessible after the supporting frames have been fastened in place.

Ventilators are hinged at the bottom to swing in at the top, or hinged at the top to swing out at the bottom.

The hinges of ventilators are not less than $\frac{1}{8}$ " stock, welded to the frame and welded or riveted to the ventilator, and have fixed steel pins not less than $\frac{3}{8}$ " in diameter, or may be five-knuckle hinges with fixed steel pins not less than $\frac{7}{32}$ " in diameter; the whole assembly being so constructed as to prevent the removal of a ventilator except by actual cutting of metal. Limit friction arms of not less than $\frac{3}{16}$ " by 1" stock or of $\frac{3}{16}$ " by $\frac{3}{4}$ " high carbon steel are provided, and the friction element consists of a heavy bronze shoe operating in a steel slide located within the jamb contact. The steel slide is so formed as to protect the shoe from damage.

Hardware—All ventilators have a heavy steel or malleable iron pole ring catch applied to the center of the top rail. The catch plates for this hardware are not less than No. 12 gauge (.109") stock and are securely riveted or welded to the frame. The catches attach to the ventilator by means of rivets or tap-screws; the tap screws have the ends riveted over after attachment. All parts are extra heavy and of generous size to withstand severe use.

Screens—Metal screens to cover all unglazed ventilator areas are furnished with and as an integral part of the windows. They are located on the inside face of the guard between the guard and the ventilator, attaching to the ventilator frame by means of brass cams and clips located at intervals on the outside face of the frame. The operation of attachment is a half turn or quarter turn by means of a spanner wrench or socked wrench from the inside. The stud or bolt so turned and which rotates the cam or clip is cadmium plated steel and extends thru the screen frame.

Screen frames are formed of stainless steel of not less than No. 16 gauge and are of S or U shape with walls pressed together to clamp the screen wire in the center groove. The screen wire is 10 by 10 mesh, No. 23 W. & M. gauge (.0258). Type 18-8 stainless steel wire;

The mesh is plain weave, double crimped.

Inspection and Test

Samples of the material were examined at the Board of Standards and Appeals by Ass't. Engr. J. A. Darts.

Recommendation

On the basis of the sample examined and data filed by the applicant, the Committee on Test recommends the approval of the material known as Fentron Super-Bar #200 Steel Detention and Security Windows for use in New York

City under the provisions of C26-88.0, C26-178.0, C26-191.0, C26-239.0 and C26-650.0 of the Administrative Building Code.

The Committee on Test further recommends approval on condition that these windows shall not be installed in locations wherein a fire resistive window is required. The Committee on Test further recommends that the windows shall not be used in factories as prohibited under the Labor Law; and further that all windows or bills of lading shall be marked, tagged or stamped; "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 387-58-SM".

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

465-58-SM

APPLICANT—Joseph Platzker, for Colonial Blue Diamond Mortar Corp., owner.

SUBJECT—Application July 30th, 1958—Zinc Oxide as Retarder for Brick Mortar, approval of.

APPEARANCES—

For Applicant: Joseph Platzker.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 465-58-SM.

Subject: Zinc Oxide as Retarder for Brick Mortar.

J. Platzker for Colonial Blue Diamond Mortar Corp., filed July 30, 1958 an application with the Board of Standards and Appeals for approval of the material known as Zinc Oxide, as a retarder for brick mortar, under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is used as a retarder in brick mortar.

Description

The material, zinc oxide, is added to a cement mortar at a predetermined percentage, in order to retard the set of the mortar, thereby permitting the mortar to set up more slowly which reduces the shrinkage that may occur when the mortar sets too rapidly.

Inspection and Test

Tests were conducted at the Foster D. Snell Laboratory with various percentages of zinc oxide added to the mortar in order to determine the most workable mix without re-tempering for about 8 hours.

The design mix was 1 part of cement, $1\frac{1}{2}$ parts of lime putty and 6 parts of sand to which was added zinc oxide in percentages ranging from $\frac{1}{4}$ of 1% to $1\frac{1}{4}$ %.

The tensile strength at 28 days was 178 p.s.i. with 1% zinc oxide added.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and data filed by the applicant, the Committee on Test recommends the approval of the material known as Zinc Oxide as Retarder for Brick Mortar as added to Blue Diamond Mortar for voluntary use under C26-191.0 Administrative Building Code under

MINUTES

the permissive section of C26-314.0 Administrative Building Code on condition that the mix used shall be 1 part of cement, 1½ parts lime putty, 6 parts of sand and 1% of zinc oxide, on condition that the container in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 465-58-SM".

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 500-58-SA.

Subject: Lynn Oil Burner, Model 55.

Lynn Products Co., Lynn, Mass., filed August 25, 1958 an application with the Board of Standards and Appeals for approval of the appliance known as the Lynn Oil Burner, Model 55, under the provisions of the Oil Burner Rules of the Board.

Purpose

The appliance is a high pressure gun type oil burner.

Description

The oil burner is designed for firing with fuel oil not heavier than No. 2 and the capacity ranges from 0.65 to 5.00 gallons per hour. The burners are designed for either floor mounting or flange mounting. The body is either aluminum or iron casting, the air tube is of steel, the end cone is of chrome steel and iron, the pump, motor and transformer are of standard make.

Inspection and Test

Details of construction were examined by Ass't. Engr. J. A. Darts, Committee on Test.

The appliance has been approved by the Underwriters' Laboratory under MP 686.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Lynn Oil Burner Model 55 for use in New York City when installed in accordance with the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code on condition that the appliance bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 500-58-SA".

601-58-SA

APPLICANT—Cribben and Sexton Co., owner.
SUBJECT—Application October 20, 1958—Universal Gas Space Heaters, Models 30, S30, M30, 45, S45, M45, 65, S65, and M65, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE:

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 601-58-SA.

Subject: Universal Gas Space Heaters, Models 30, S30, M30, 45, S45, M45, 65, S65, M65 and supplements to M30 and M45.

The Cribben and Sexton Company, Chicago, Illinois, filed an application with the Board of Standards and Appeals for approval of the appliance known as Universal Gas Space Heaters, Models 30, S30, M30, 45, S45, M45, 65, S65, M65 and supplements to M30 and M45 for use in New York City under the provisions of Article 12, Chapter 26 of the Administrative Building Code.

Purpose

The appliance is a gas-fired space heater.

Description

These are gas burning floor type space heaters, designed for BTU input ranging from 30,000 to 65,000 BTU per hour.

The heater is an assembly of parts, namely a cabinet, burner, heat exchanger, draft diverter and controls.

The combustion chamber and heat exchanger is constructed of 18 gauge steel. The heater cabinet is of 20 gauge steel with a hammerloid finish and is lined with aluminum foil and fiberglass insulation.

The main burner of Models 30 and 45 is circular cast iron and has raised and drilled ports. Cuts out completely when thermostat is satisfied. Auxiliary burner operates to hold room temperatures at desired level. Model 65 has twin rectangular cast iron main burners with raised and drilled ports. Twin auxiliary burners operate constantly (if desired) to hold room temperature at desired level.

All three models have the reversible flue. Vent may be taken from top or from rear of heater, by reversing flue block and draft hood cover. Built in blower automatically adjusts to burner output demanded by thermostat. The thermostat is regulated by incoming air, coordinates blower with burner. Heater controls are mounted at eye level in the heater cabinet, covered by a decorative access door. Filter is mounted below louvers at top of heater cabinet. Models 30 and 45 have adjustable vents on front and both sides at base of cabinet. Model 65 has 6" x 12" vent and 4" x 14" adjustable vents on both sides at base of cabinet.

The heaters may be used with the various gas as follows:

MODEL 30

30,000 BTU per hr. maximum
Snap-action
Natural, Mixed, Mfg'd, & LP gases

MODEL S30

30,000 BTU per hr. maximum
Snap-action
L.P. gases

MINUTES

MODEL M30

30,000 BTU per hr. maximum
Snap-action
Natural and Mixed gases

MODEL 45

45,000 BTU per hr. maximum
Snap-action
Natural, Mixed, Manufactured and L.P. gases

MODEL S45

45,000 BTU per hr. maximum
Snap-action
L.P. gases

MODEL M45

45,000 BTU per hr. maximum
Modusnap
Natural and Mixed gases

MODEL 65

65,000 BTU per hr. maximum
Snap-action
Natural and L.P. gases

MODEL S65

65,000 BTU per hr. maximum
Snap-action
L.P. gases

MODEL M65

65,000 BTU per hr. maximum
Modusnap
Natural gas

As indicated above, the heaters come with either of the following equipment:

SNAP-ACTION

A 100% shut-off snap-action Minneapolis Honeywell Adatrol and a Q 305 pilot. A Barber Coleman auxiliary burner is used to maintain even heat and is shut off manually when desired.

MODUSNAP

A 100% shut-off, modusnap Minneapolis Honeywell Adatrol with a minimum bi-pass setting.

Inspection and Test

All details of construction were examined by Ass't. Architect T. W. Farricker, Committee on Test.

The above Universal Gas Space Heaters have been tested and approved by the American Gas Association for natural, mixed, manufactured and liquefied petroleum gas.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the examination and test and data filed by the applicant, the Committee on Test recommends the approval of the appliances known as Universal Gas Space Heaters, Models 30, S30, M30, 45, S45, M45, 65, S65 and M65 and supplements to M30 and M45, for use in New York City when installed in accordance with this report and the requirements of Article 12, Administrative Building Code with a minimum clearance of 3 in. from rear wall and 6 in. side walls, to adjacent combustible construction.

The Committee on Test also recommends that the units shall not be installed in garages or places of explosive atmosphere and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 601-58-SA".

72-59-SM

APPLICANT—Armstrong Cork Company, Incorporated, owner.

SUBJECT—Application February 6, 1959—Armstrong Acoustical Fire-Guard (2-hour Fire Resistive Ceiling Construction), approval of.

APPEARANCES—

For Applicant: James M. Goodwillie.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley, Commissioner Sleeper and Commissioner Fox. 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 72-59-SM.

Subject: Armstrong Acoustical Fire Guard.

M. A. Gensler for Armstrong Cork Co., Lancaster, Pa., filed February 6, 1959 an application with the Board of Standards and Appeals for approval of the material known as Armstrong Acoustical Fire Guard under the provisions of C26-604.0, C26-240, and C26-239.0 Administrative Building Code.

Purpose

The material is to be used as a fire resistive ceiling and floor assembly.

Description

The material is an acoustical tile that is used in conjunction with approved steel joists, a reinforced concrete slab and required suspenders to afford a two hour fire resistive floor and ceiling construction. A second system consists of steel beam, cellular steel deck, a suspension system and the acoustical tile affords a four hour fire resistive ceiling. The tile is basically a mineral wool tile with inert binders.

Inspection and Test

The material was tested at the Underwriters' Laboratory, Chicago, Illinois, in conjunction with a floor construction under the provisions of C26-599.0 Administrative Building Code.

Type 1. This system consisted of open web steel joists, metal lath, wire fabric, concrete, acoustical tile and its tunners, splines and attachments and the construction is as follows:

The open web steel joists were spaced 2'-0" on centers and the adjoining joists were bridged by means of 1/2 by 3/4 inch budging channels. The 3/8 inch ribbed lath was then placed on top of the joists, as a form for the concrete topping, and was wire tied to each joist on 4 inch centers. The concrete, reinforced with No. 8 steel wire in the form of a 6 inch by 6 inch mesh, is poured to depth of 2 inches over the joists. The main runner channels, used in conjunction with the clip splines supporting the acoustical tile, formed of 24 gauge galvanized steel, are attached, by means of runner attachment clips, formed of 19 gauge steel, to the lower flanges of the steel joists on 12 inch centers. The clip spline used with the main runner channel is formed of 25 gauge steel. The tile 1 inch thick is carried on the clip spline.

This system, during the fire endurance test was loaded to 150 lbs. per sq. ft. and the end point of the test was reached at 2 hours 49 minutes, at which time the transmitted temperature through the floor construction reached the limiting maximum. The temperature on the steel joists at this time was 693°F which was well below the limiting temperature of 1000°F.

Type 2. This system consists of a floor and ceiling construction of cellular steel floor units, topped with 2 1/2 inches

MINUTES

of concrete and a steel beam protected with suspended ceiling of $\frac{3}{4}$ inch thick acoustical tile.

The construction is as follows: The cellular units are placed perpendicular to the beam and welded there to every 12 inches on center, holes, 4 feet on centers, are then drilled between the cells in the steel floor units and No. 12 gauge hangers are inserted through the holes. The wires are then bent in an irregular pattern at one end so as to form a solid anchor when the concrete hardens around them. The concrete is then poured to a depth of $2\frac{1}{2}$ inches over the top plane of the floor units.

The $1\frac{1}{2}$ inch carrying channels are placed 4'-0" on centers and are secured in place by means of the No. 12 gauge hangers. The main runner channels are then attached in a perpendicular plane to the $1\frac{1}{2}$ inch carrying channels 1'-0" on centers by means of a main runner attachment clip.

The $\frac{3}{4}$ inch tiles are then supported by the main runner spline clips which are forced between the jaws of the main runners and fitted into the tile kerfs. The main runner spline slips are attached 1'-0" on center and straddle the tile joints.

This system during the fire endurance test, was loaded to 140 lbs. per sq. ft. live load. The end point of the test was reached at 4 hours 44 minutes at which time the temperature through the floor construction reached the limiting maximum. The temperature of the steel beam at 5 hours was 931°F which was below the limiting maximum of 1000°F.

The complete reports of the Underwriters' Laboratory Retardant 4177-1 & 4177-2 are on file with and are part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Armstrong Acoustical Fire Guard for use in New York City as an incombustible acoustical tile and for use as a fire resistive floor and ceiling construction under the following conditions:

The system herein described as Type 1 under Inspection and Test for use as a two hour fire resistive floor and ceiling construction: on condition that the joists used in conjunction with this construction shall be approved joists and shall be installed in accordance with their individual approval, that the use of this type of construction shall be limited to the usages permitted under C26-240.0 and C26-519.0 Administrative Building Code.

The system herein described under Inspection and Test as Type 2, for use as a four hour fire resistive floor and ceiling construction, in conjunction with steel beams, for use under the provisions of C26-239.0 Administrative Building Code.

The Committee further recommends that all plans submitted to the Department of Buildings showing the proposed use of either or both of these systems shall be marked or stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 72-59-SM" and all cartons in which the tiles are marketed shall be similarly tagged, stamped or labeled.

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 132-59-SA.

Subject: Afco Gas-Fired Air Conditioning Units, Models SH-75, SH-90, SH-105, SH-135, 12-GC-2, 23-GC, 28-GC, 33-GC, 50-UH, 100-UH, 160-UH, 250-UH, approval of.

Charles Abrahams for American Furnace Co., St. Louis, Mo., filed March 6, 1959 an application with the Board of Standards and Appeals for approval of the Afco Gas-Fired Air Conditioning Units, Models SH-75, SH-90, SH-105, SH-135, 12-GC-2, 23-GC, 28-GC, 33-GC, 50-UH, 100-UH, 160-UH, 250-UH for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired suspended type warm air furnace for residential and commercial use including garages and similar occupancies.

Description

The SH Models are horizontal suspended type furnaces consisting of atmospheric slotted port gas burners that fire into a nickel-copper alloy steel heat exchanger terminating in a flue outlet. A blower fan and motor are installed to provide forced circulation of the heated air.

Each unit is supplied with a gas shut off valve, safety pilot, automatic gas valve, gas pressure regulator and a temperature control switch. Temperature limit control is set at 250°F maximum.

All controls and operating parts of the units are encased in an enameled sheet metal cabinet.

The numeral in the model designation indicates in thousands the BTU input per hour.

The GC Models are suspended type furnaces and are similar to the SH Models except that they employ an externally installed Siemon Power Flame Gas Burner previously approved by the Board, March 5, 1957, under Calendar Number 230-55-SA.

The 12-GC-1 Model is equipped with a Siemon FG-175 burner with an input rating of 188,000 BTU per hour.

The 23-GC Model is equipped with a Siemons FG-330 burner with an input rating of 280,000 BTU per hour.

The 28 GC and 33-GC Models are equipped with Siemon FG-500 burners with input ratings of 350,000 and 410,000 BTU per hour respectively.

Controls consist of a temperature limit switch set at 250°F maximum, a centrifugal fan switch which prevents the gas valve from opening until the blower fan for combustion air is up to speed, a safety pilot and automatic gas valve.

The VH Models are suspended type unit heaters made with aluminized steel heat exchanger and stainless steel ribbon burners of the atmospheric type. An aluminized draft hood with flue outlet is built into the unit. A motor driven fan behind the exchanger circulates air between and around the exchanger radiating tubes and through adjustable louvers at the front.

Controls consist of an automatic gas valve, pressure regulating valve, safety switch, safety pilot and thermostat.

The numeral in the model designation indicates in thousands the BTU input per hour.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test, also installations of a GC unit in Utica Avenue, Brooklyn, and an SH unit at Fresh Meadows, Queens were inspected.

MINUTES

The SH and UH Model heaters were tested and approved by the American Gas Association.

The GC Model heaters were tested and approved by the Underwriters' Laboratories.

Recommendation

On the basis of the inspection and the data submitted by the applicant, The Committee on Test recommends the approval of the Afro Gas-Fired Air Conditioning Units, Models SH-75, SH-90, SH-105, SH-135, 12-GC-2, 23-GC, 28-GC, 33-GC, 50-UH, 100-UH, 160-UH, 250-UH for installation in residential and commercial occupancies when installed in accordance with this report and the provisions of Article 12, Administrative Building Code and also recommends the approval of the SH and GC model furnaces for installation in garages and similar occupancies, provided that the combustion air intakes shall be protected with 40/40 mesh stainless steel wire screen made tight fitting at the edges with suitable gasket material and that a minimum clearance of 8 feet shall be maintained between the bottom of the furnace casing and the floor; clearance around the sides, top and projecting flue box or draft hood shall be not less than 6 inches from combustible construction but in all cases clearances shall be adequate to allow for proper servicing of the equipment.

The Committee further recommends that each furnace or heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 132-59-SA".

241-59-SM

APPLICANT—The Bar-Bell Metal Products, Inc., owner.
SUBJECT—Application April 17, 1959—Chemo Safe, storage Cabinet for flammable liquids, approval of.

APPEARANCES—

For Applicant: Joseph Pipas.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 241-59-SM.

Subject: Chemo Safe, Storage Cabinet for flammable liquids, approval of.

The Bar-Bell Metal Products, Inc., filed April 17, 1959, an application with the Board of Standards and Appeals for approval of the Chemo Safe, Storage Cabinet for flammable liquids for use in New York City under the provisions of the Paint Spraying Rules of the Board adopted under Cal. #353-30-SR.

Purpose

A cabinet for safe storage of flammable liquids.

Description

Chemo Safe is a storage cabinet for flammable liquids. The cabinet is constructed of 18 gauge steel sheets, double walls all sides, including top, bottom and doors, with 1½" air space separating walls. All joints are lapped over each other and spot welded or arc welded to make a tight as-

sembly. Doors are hinged to cabinet with continuous piano hinges, and locked with 3 point cylinder keyed locks.

Cabinets have 2 inch pipe size vents with screw plugs, 1 vent at left bottom side and 1 vent at right top side.

Two (2) shelves: to be adjustable and perforated.

Cabinets painted two (2) coats—Pittsburgh lavex diamond yellow 29-202.

Shelves finished two (2) coats—Black neoprene paint fabricated as recommended by NFPA Code #30-1958 section 3031.

Inspection and Test

The cabinet was inspected and tested at 307 Scholes Street, Brooklyn, New York and found to conform to the requirement of Rule 6.1.2 of the Paint Spraying Rules of the Board as adopted under Cal. #353-30-SR. Present at the test were Ass't. Architect T. W. Farricker of the Committee on Test and Messrs. J. Pipas and G. Cappelli representing the applicant.

Recommendation

On the basis of the inspection and test and data filed with the application, the Committee on Test recommends the approval of Chemo Safe, Storage Cabinet for flammable liquids, on condition that no more than 200 gallons of spray coating and dipping materials and thinners be stored in the cabinet at any time and the cabinets to be constructed and vented as required by the rules of the Board; Paint Spraying Rules adopted under Cal. #353-30-SR. The Committee further recommends that each cabinet bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 241-59-SM".

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 5, 1958 on B.N. Applic. 782/57, reads:

"1—The change in exits is contrary to B&A Resolution #47-33-S." and

WHEREAS, the applicant states that the building is 3 stories, 38 feet in height, 111 feet front by 59 feet in depth, class 3 construction, erected 1924, located in an unrestricted use, B area, class 1½ height district, and used and occupied since 1933: 1st floor—manufacturing quilting, 8 persons; 2nd floor—manufacturing woodwork, 8 persons; 3rd floor—manufacturing woodwork, 8 persons; that no change in use or occupancy is now proposed; that the building is equipped with a one-source sprinkler system throughout, with central office connection; that there are two interior fireproof enclosed stairways, equipped with metal clad doors, one of which leads to roof bulkhead; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 25, 1958, only insofar as it refers to an existing standpipe system, so that this part of the resolution shall read:

"that the sprinkler system and water flow alarm system with a connection to an approved central office station shall be maintained; that the building shall not be increased in height or area and in all other respects shall comply with the resolution of the Board above cited; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto."

202-44-A—Vol. II

APPLICANT—Harry M. Prince, for Prescott Neighborhood House, owners.

SUBJECT—Application reopened 2/25/59 as Volume II—appeal from a decision of the Borough Superintendent—proposed use of day care nursery, Class 3 Construction.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 26, 1956 on certain conditions; and

MINUTES

WHEREAS, time to obtain permits and complete the work was last extended on July 15, 1958; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 26, 1956, as thereafter *amended* by resolutions adopted through July 15, 1958, only as to the time to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, and the work is more than half completed, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. 1053-55)

The Board is taking this action in spite of the fact that in their opinion, this applicant does not require an extension of time to complete the work and obtain a certificate of occupancy, as more than half the work was done before July 15, 1959, which the Board deems as qualifying within the phrase "substantial construction has taken place" in Section 22A of the Zoning Resolution.

59-58-BZ

APPLICANT—J. G. L. Molloy for 140 East 40 Corp., owner.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of an existing twelve (12) story and penthouse building, from multiple dwelling to offices.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

Amendments to Oil Burner Rules.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On June 9, 1959, Petition and Order of Certiorari was served on the Board by Abram Shlefstein, attorney for petitioners, Rose Meer-sand, et al., objecting property owners, seeking a review of the Board's determination on May 5, 1959, granting a variance under Section 7c of the Zoning Resolution, to permit in a business and residence use district, the change in use of an existing public garage, motor repairs, lubricatorium, and parking in the open area to a super-market, stores, loading and unloading area, parking of patrons and employees cars, no fee to be charged, and a sign in the residential portion of the plot; Calendar Number 68-36-BZ—Vol. IV and Calendar Number 29-59-A; premises 14-48 Brighton 11th Street, west side, 59 feet, 9½ inches south of Neptune Avenue, Block 7516, Lots 2375 and part of 2370, Borough of Brooklyn.

COURT DECISIONS

Matter of Solomon vs. Murdock:—On December 17, 1957 the Board amended a resolution adopted by the Board on April 28, 1953, by permitting gasoline pumps and approved tanks as indicated on revised plan; also extending accessory building along the southerly lot line for use as shown on plans; Calendar Number 438-29-BZ Volume IV; Premises 406-418 Remsen Avenue, 958-966 Lenox Road and 2-6 East 58th Street, Borough of Brooklyn.

At Special Term, Supreme Court, Mr. Justice Brown affirmed the Board's determination and dismissed the certiorari. (N. Y. Law Journal, April 30, 1959, page 13).

* * * * *

Matter of Coch vs. Murdock:—On June 19, 1956, the Board granted a variance under Section 7, Subdivision h, for a term of five years, to permit in a residence use district the parking and storage of motor vehicles and maintenance of a frame building for use as an attendant's shelter; Calendar Number 515-40-BZ Vol. III; premises 139-155 Beach 117th Street, west side, 440 feet south of Rockaway Beach Boulevard, Rockaway Beach, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Latham sustained the Board and dismissed the petition. (New York Law Journal, May 26, 1959, page 15).

* * * * *

Matter of Steelmaster vs. Murdock:—On March 26, 1957, the Board denied an application under Sections 7c and 21 of the Zoning Resolution to permit in a business and residence use, B area district, the proposed 1 story extension of an existing 1 story warehouse building using more than the area permitted; Calendar Number 925-50-BZ—Vol. III; Premises 204-238 West 234th Street south side, from Broadway to Kingsbridge Avenue, 5695 Broadway and 3250-3254 Kingsbridge Avenue, Block 3405, Lots 31, 33 and 41, Borough of The Bronx.

Upon court review, Mr. Justice Loreto at Special Term, Supreme Court, remanded the matter to the Board for further action to make necessary findings of fact for the assistance of the court, stating: "In paragraph 38 of the return, 13 reasons are stated as justifying the Board in denying the variance. These are not stated as facts found by the Board." (N. Y. Law Journal, October 8, 1958, page 14.)

Under the above decision of the Supreme Court, Special Term, the Board was directed to file a return, which was filed and was brought on before Mr. Justice Conlon and decision was rendered by him, as follows:

A reading of the return and of the rest of the record fails to substantiate petitioner's contention that the denial of the variance applied for was arbitrary, capricious or unjustified. Indeed, the court is satisfied that it would have been an abuse of discretion for the Board of Standards and Appeals to grant the application. This is particularly true in the light of the fact that petitioner purchased lots 31 and 33 with full knowledge of the fact that they were restricted to residential use. The determination of the board is sustained, the order of certiorari vacated, and the petition dismissed. (N. Y. Law Journal, May 4, 1959, page 13.)

* * * * *

Matter of Clark vs. Board:—On March 18, 1958 the Board granted a variance under Section 21 of the Zoning Resolution, permitting in a B area district a two-story extension of an existing building, occupied as a doctor's office and apartments, into the required yard; Calendar Number 861-57-BZ; premises 128 East 62nd Street, south side, 134 feet 6 inches west of Lexington Avenue, Borough of Manhattan.

Upon court review, Mr. Justice Tilzer, at Supreme Court, Special Term, affirmed the Board's decision, as follows:

"Motion to vacate order of certiorari granted in all respects. There is ample evidence in the record to sustain the board's determination and, under the circumstances, the court may not substitute its judgment for that of the board. Settle order." (N. Y. Law Journal, May 11, 1959, page 12.)

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 13, 1959 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 5, 1959, for hearing at the request of objector; no further requests for adjournments; then to May 26, 1959, for inspection and decision; applicant to file amended plan eliminating roof parking and substitute a story below ground, also for elimination of ramp; hearing closed; then to June 9, 1959, for decision; applicant to file more complete plans, showing clearly proposed conditions; and

WHEREAS, the decision of the Borough Superintendent, dated December 10, 1958 acting on N.B. Applic. No. 4114-48, reads:

"1. The proposed use of the premises to include a non-storage garage and loading berth in the residence portion of a lot partly in a residence use district and partly in a business use district is contrary to Art. II Sec. 3 of Zoning Resolution.

"2. The occupied area of the proposed structure is excessive for a 'C' area district and 'D' area district and

is contrary to Art. IV Sec. 13(b) and Art. IV Sec. 14(c) of Zoning Resolution.

"3. The erection of a structure without sideyards in a 'C' area district and 'D' area district is contrary to Art. IV Sec. 13(a) and Art. IV Sec. 14(b) of Zoning Resolution.

"4. The erection of a structure in excess of the height specified for Class one (1) height district is contrary to Art. III Sec. 8(d) of Zoning Resolution.

"5. The height of required loading berth less than 12 feet high is contrary to Art. IV Sec. 19-a (h) (2) of Zoning Resolution.

"6. The proposed curb cuts for business use in a Res. Use District is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board which recommended that the application be granted under certain conditions; and

WHEREAS, the applicant withdrew the portion of his application as to the loading berth, so that same will be in compliance with Section 19A (j) of the Zoning Resolution; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to height and area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use, height and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7c and 21, to permit in business and residence use, C and D area, Class I height district, the erection of a 12-story office building with non-storage garage which exceeds the permitted area coverage, encroaches on required side yards, exceeds permitted height, with curb cuts located in residence portion of premises, all as shown on plans filed with this application, marked "Received May 22, 1959," 3 sheets and "June 5, 1959," 9 sheets, *on condition* that the entrance to the parking garage shall be at least 36 feet from the side lot line to the east; that there shall be no roof parking on this building; that on the 64th Road frontage, the projecting wing wall shall project not more than 8 feet and in no event beyond the front wall line of adjacent house and shall not extend higher than the roof of such house; that on the 64th Avenue front, the side lot line wall adjacent to the two-family house on lot 20 shall be faced with face brick for a depth of ten feet, similar to the face brick of adjoining two-story brick dwelling; that all projections on balconies or other walls shall remain either within the building line on all fronts or shall not project more than permitted by the Building Code; and that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

618-58-BZ

APPLICANT—Michael A. Cardo, for Gaspar Guzzetta, owner.

SUBJECT—Application October 28, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a retail use district, the erection of a second floor addition to an existing one story building for use as a factory using a greater floor area for manufacturing than permitted.

PREMISES AFFECTED—582 East 188th Street and 2429-2431 Arthur Avenue, southwest corner, Block 3066, Lot 18, Borough of The Bronx.

APPEARANCES—

For Applicant: Michael A. Cardo.

For Opposition: None.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision and study of the record; hearing closed; then to April 21, 1959, for decision; applicant to file plans of the first and second floors; then to May 12, 1959, for applicant to file revised plans and new decision of the Borough Superintendent; then to June 9, 1959, for decision; applicant to file new plans showing second floor set back to follow the line of the wall on the first floor, leaving same side court or side yard; and, if necessary, to file a new decision of the Borough Superintendent; and

WHEREAS, the decision of the Borough Superintendent, dated October 6, 1958 acting on Alt. Applic. No. 731-58, reads:

"1. In a retail district the proposed use of more than 5% of the floor space for manufacturing is contrary to Sect. 4-A(a) of the Zoning Resolution and is therefore denied."

and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 21, to permit in a retail use district, the erection of a second floor addition to an existing one story building, for use as a factory, using a greater floor area for manufacturing than permitted by the resolution, all as shown on plans filed herewith marked, "Received October 28, 1958," 6 sheets, "June 4, 1959," 3 sheets, acting on Alt. Applic. 731-58, issued June 2, 1959, Objection No. 1, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the manufacturing to be permitted shall be confined to needle trades; and that all permits and a Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 5, 1959 after due notice by publication in the Bulletin; laid over to May 26, 1959, for applicant to file amended plan showing where the zone line is between the local retail and residence districts and also to indicate the disposition of vehicles in the residence district portion and the number accommodated in such portion and for inspection and decision; hearing closed; then to June 9, 1959, for inspection and decision; applicant to submit revised plans showing the grading of lot and parking of cars; and

WHEREAS, the decision of the Borough Superintendent, dated November 19, 1958, as amended by decision dated March 13, 1959 acting on N.B. Applic. No. 3281-58, reads:

"1. The erection of a commercial building partly within a local retail district and partly within a residential district is contrary to Art. II Sec. 3 of the Zone Law.

"2. Free parking of more than 5 motor vehicles for patrons and employees partly within a local retail district and partly within a residential district including curb cuts in the residential portion is contrary to Art. II Sec. 3 of the Zone Law."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions, and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c of the Zoning Resolution, to permit in a local retail and residence use district, the erection of a one story and cellar building for use as a retail store, with parking in the local retail district only, on the adjacent unbuilt upon area of the lot, all as shown on plans filed with this application, marked "Received December 2, 1958," 3 sheets and "May 29, 1959," 1 sheet, *on condition* that the building shall be used as a supermarket; that all loading shall be done within the area devoted to parking at the southeast corner of the proposed building; that the area of the parking lot shall be graded substantially to the level of Metropolitan Avenue; that where there be a difference in grade between the level of this parking lot and the adjacent premises or open space, foundation walls or buildings, that any retaining walls or underpinning necessary shall be done by this applicant; that the surface of this parking lot shall be treated with steam cinders or gravel and a tarvia binder, rolled and graded to a storm water catch basin to prevent rainwater flooding across adjacent street; and that all permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

178-59-A

APPLICANT—Maxfield Blaufeux, for Joseph Angelone, owner; Great Atlantic & Pacific Tea Company, lessee.

SUBJECT—Application March 19, 1959—filed pursuant to Section 35, General City Law—re proposed utilization of the portion of lot in bed of mapped street.

PREMISES AFFECTED—55-08 to 55-34 Metropolitan Avenue, 62-01 to 62-09 and 62-29 to 62-37 Tonsor Street, southeast corner, Block 3365, Lot 7, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Maxfield Blaufeux.

ACTION OF BOARD—Appeal granted on condition.

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 13, 1959 on N.B. Applic. 3281/58, reads:

"4. The proposed utilization of that portion of a lot which is in the bed of a mapped street is contrary to Article II, Section 35 of the General City Law."

and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 3281/58, Objection No. 4, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the bed of a mapped street, for a parking lot with woven wire fence along the building lines of Metropolitan Avenue and Tonsor Street and with opening gates and curb cuts in front thereof, as shown on filed plans, *on condition* that this owner, his heirs or assigns shall make no claim for damages if and when the city condemns that 34 feet of property for the proposed street widening; that this owner will thereupon set back the wire fence with the gates and the curb cuts to the new proposed building and curb lines; and as to Objection 3, the Board is of the opinion that the Superintendent's Rules and Regulations effective February 1, 1955, are invalid in that the Superintendent by such rules and regulations is attempting to write law; and that in all other respects the premises and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified by the Board this day under Cal. No. 701-58-BZ.

798-53-A—Vol. III

APPLICANT—Peter Ley for Jamaica Water Supply Co., owner.

SUBJECT—Application reopened February 25, 1959 as Volume III—Appeal from a decision of the Borough Superintendent—re: construction of tank.

PREMISES AFFECTED—107-17 178th Street, east side, 152.48 feet south of 107th Avenue, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Peter Ley.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Sleeper and Commissioner Fox..... 3

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a new decision of the Borough Superintendent, dated December 22, 1958 reads as follows:

"1. Additional evidence submitted showing safety of tank as constructed can not be accepted as a basis for the issuance of a Certificate of Occupancy in view of the fact that the tank as constructed is not in compliance with Resolution of the Board of Standards and Appeals under *Calendar #798-53-A—Vol. II.*

"*Note:* As the Board of Standards and Appeals modified the requirements of the Administrative Code as to the permitted stresses on steel and on concrete. The change in the concrete design stress from 6000 pounds/square inch which was originally submitted to and approved by the Board to 4500 pounds/square inch (which is adequate) is now referred back to the Board of Standards and Appeals." and

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the Borough Superintendent under his decision dated December 22, 1958, stated, "The change in the concrete design stress from 6000 pounds/square inch was originally submitted to and approved by the Board to 4500 pounds/square inch (which is adequate)."

Resolved, that the decision of the Borough Superintendent, dated December 22, 1958, be and it hereby is *modified* and that the appeal be and it hereby is *granted* permitting the use of 4500 pound concrete in the design and construction of this tank as presently built and standing, loaded to capacity, without any sign whatever of failure for the past five years, *on condition* that in all other respects the construction shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. IV on March 17, 1959 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 17, 1959,

under Vol. IV, only insofar as it refers to the installation of offices, toilet and locker room partitions in the new area at the southerly end of the building toward Cropsey Avenue, as shown on plans filed with this request for amendment marked "Received May 25, 1959," one sheet; that in all other respects the resolution above cited shall be complied with; and that all permits shall be obtained and all work completed and a certificate of occupancy issued within the provisions of Section 22A of the Zoning Resolution from the date of this amended resolution.

228-44-BZ

APPLICANT—Peggy Cooney, for Atex Realty Corp., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7i and 7c of the Zoning Resolution, permitting partly in a business and partly in a residence use district, the extension of an existing gasoline service station and the erection and maintenance of a motor vehicle repair shop.

PREMISES AFFECTED—2816-2828 Atlantic Avenue and 231-241 Hendrix Street, southeast corner, Block 3963, Lots 8, 9, 12, 13 and 105, Borough of Brooklyn.

APPEARANCES—

For Applicant: Peggy Cooney.

ACTION OF BOARD—Application reopened and resolution amended and time extended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Sleeper and Commissioner Fox 3

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 25, 1944 on certain conditions; and

WHEREAS, plans submitted as being in substantial compliance with the Board's requirements, were approved on October 3, 1944; and

WHEREAS, time to obtain permits and complete the work was last extended on February 28, 1947; and

WHEREAS, the resolution was amended and revised, working drawings were approved on September 11, 1956; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted July 25, 1944, as amended through September 11, 1956, only insofar as it refers to the number of buried tanks, so that as amended this portion of the resolution shall read:

"that the number of the existing gas tanks shall be increased by six new gasoline storage tanks making a total of fourteen 550 gallon approved tanks on condition that the existing gas tanks shall meet the test and approval of the Fire Commissioner for continued use; that in all other respects the resolutions above referred to shall be complied with; all as shown on plans marked 'Received May 19, 1959,' one sheet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." (Gas Tank 1092/59)

70-37-BZ—Vol. III

APPLICANT—Charles M. Spindler, for Felix De Vito, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e and 7i of the Zoning Resolution, to permit in a retail use district, the alteration of an existing garage and warehouse, for use as a garage service station, autowash, non-automatic, lubrication, parking of

MINUTES

automobiles, office, sale of auto accessories, minor repairs with hand tools only, and safety inspection for a stated term of fifteen years.

PREMISES AFFECTED—70-07 to 70-21 (70-15 official) Astoria Boulevard and 22-16 to 22-24 71st Street, northwest corner, Block 1002, Lot 13, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Application reopened and time to complete work extended.

676-51-BZ—Vol. IV

APPLICANT—Samuel Carr, for Rosenberg Associates, owner; Abraham Rosenberg, Agent.

SUBJECT—Application for consideration—reopening as Vol. IV subject to regular procedure—re Application, decision of the Borough Superintendent; previously denied, under section 7e of the Zoning Resolution, to permit for a term of 15 years, in the local retail use district portion of lot located in a residence and local retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs and office and permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—159-16 Union Turnpike and 80-02 to 80-12 160th Street, southwest corner, Block 6854, Lot 31, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Application reopened as Vol. III, subject to the regular procedure.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Sleeper and Commissioner Fox 3
Negative: 0
Absent: Commissioner Foley 1

771-58-BZ

APPLICANT—William C. Kane, for Michael Palmieri, owner.

SUBJECT—Application December 31, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) pleasure type motor vehicles.

PREMISES AFFECTED—2161-2167 Parker Street and 1620-1622 Purdy Street, northeast corner, Block 3962, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: William C. Kane.

ACTION OF BOARD—Application withdrawn at request of applicant.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

602-58-BZ—Vol. II

APPLICANT—Anthony M. Salvati, for Gelray Corporation, owner.

SUBJECT—Application for consideration—reopening as Vol. II subject to regular procedure—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in occupancy of an existing one story building from public garage to bowling alleys with cocktail lounge, luncheonette and snack bar.

PREMISES AFFECTED—2425-2435 Cropsey Avenue, northeast corner of Bay 37th Street, Block 6892, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leon Komondorea.

ACTION OF BOARD—Request to reopen withdrawn by applicant.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Sleeper and Commissioner Fox 3
Negative: 0
Absent: Commissioner Foley 1

91-45-BZ

APPLICANT—Ingram S. Carner, for Herman Kaplan, owner.

MINUTES

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c and 7i of the Zoning Resolution, permitting in a business use district, the extension in area of an existing gasoline service station and the erection of a new office, lubritorium, auto laundry, brake testing, realigning and minor repairs.

PREMISES AFFECTED—61-20 to 61-26 Fresh Meadow Lane, west side, 111.40 feet south of Horace Harding Boulevard, Block 6901, Lots 42 and 45, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner.

ACTION OF BOARD—Laid over to June 16, 1959, for complete vote.

THE VOTE TO REOPEN AND AMEND—

Affirmative: Acting Chairman Kleinert and Commissioner Sleeper 2
Negative: Commissioner Fox 1
Absent: Commissioner Foley 1

660-58-BZ

APPLICANT—Charles M. Spindler, for Amato Recine, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7f, 7i and 7e of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, non-automatic, office, sale of accessories, minor repairs with hand tools only, safety inspection station and the parking and storage of motor vehicles all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—3540 Boston Road and 3520 Mickel Avenue, southeast corner, Block 4724, Lot 61, Borough of The Bronx.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Laid over to June 16, 1959, at 2 P. M. for complete vote of Board.

THE VOTE TO REOPEN AND AMEND—

Affirmative: Acting Chairman Kleinert and Commissioner Sleeper 2
Negative: Commissioner Fox 1
Absent: Commissioner Foley 1

778-50-BZ

APPLICANT—Gilbert Lazerus, for Lake City Estates, Inc., and Morris Maran, owners.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, permitting in a residence use district, the erection and maintenance of a business building, stores, for a term of years.

PREMISES AFFECTED—154-25 to 154-57 Horace Harding Boulevard and 59-61 154th Place, northeast corner, Block 6732, Lot 70, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Seymour S. Ross.

ACTION OF BOARD—Laid over to June 16, 1959, at 2 P. M. for complete vote of the Board.

THE VOTE TO REOPEN AND AMEND—

Affirmative: Acting Chairman Kleinert 1
Negative: Commissioner Sleeper and Commissioner Fox 2
Absent: Commissioner Foley 1

Adjourned: 7:00 P. M.

JOSEPH J. DOYLE, *Chief Clerk.*

The minutes of the meeting of the Board of Standards and Appeals held on May 12, 1959, as they appeared in Bulletin No. 19, Vol. 44, hereby corrected to read as follows:

326-53-BZ—Vol. II

APPLICANT—Ludwig P. Bono, for Emil Fabrello, owner.

SUBJECT—Application reopened October 7, 1958 as Vol. II—decision of the Borough Superintendent under section 7f of the Zoning Resolution, to permit in a business use district, an existing gasoline service station previously granted by the board, the enlargement in area by the addition of five vacant lots and the extension of the uses to include parking of more than five motor vehicles, it is proposed to install additional gasoline pumps, tanks and curb cuts.

PREMISES AFFECTED—1975 White Plains Road, 653 Sagamore Street, northwest corner and 1980 Birchall Street, Block 4256, Lots 42, 43, 44, 45, 46 and 51, Borough of The Bronx.

APPEARANCES—

For Applicant: Ludwig P. Bono.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 10, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 21, 1959 after due notice by publication in the Bulletin; laid over to May 12, 1959, for inspection and decision; applicant to file additional plan showing proposed parking area; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Birchall Avenue and Amethyst Street are in a business use, B area, class 1¼ height district; White Plains Road is in business and manufacturing use, B area, class 1¼ height district; Sagamore Street is in business and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated July 31, 1958 acting on Alt. Applic. No. 653-58, reads:

"1. The extension of the plot for the use as a gas line & oil selling station, washing, motor vehicle repair & lubrication in a business use district is contrary to Article II Sec. 4 of the Z.R. and B.S.A. Resolution #326-53-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 45.68 feet and 168.37 feet frontage by 50 feet and 49.45 feet in depth; that the present plot, old lot 51, extends only in front of existing gas station, and the additional plot, composed of lots 42, 43, 44, 45 and 46, on the north portion of the block, extends to the corner of White Plains Road and Birchall Avenue; that it is proposed to incorporate the corner plot in question for the purpose of parking of more than five motor vehicles and the servicing of cars by the installation of four additional pumps and six 550 gallon gasoline tanks to cope with the potential demand of this station at this strategic location; and

WHEREAS, the applicant states that a variance was granted for ten years by the Board under Cal. No. 326-53-BZ on July 28, 1953 under Section 7f of the Zoning Resolution, permitting in a business use district the erection and maintenance of a gasoline service station and oil selling station, lubrication, motor vehicle repairs and office; that subsequently working drawings submitted to the Board as being in substantial compliance with the Board's requirements were approved on December 22, 1953; that on March 2, 1954 the Board amended the resolution of December 22, 1953, only insofar as it referred to the greasing equipment,

MINUTES

and after approval of plans by the Building Department on March 3, 1954, Permit No. 353-54 was obtained on March 4, 1954 and work started; that the completion of the job, delayed by contractual deviations finally corrected, and by attempts to acquire more land, exceeded the time limit set by the Board according to Section 22 of the Zoning Resolution; that furthermore, as a result of space limitations and operational difficulties and irresponsible advice, the pumps were located within the required ten foot setback, and for these reasons an amendment was presented and obtained from the Board, a time extension and acceptance of the pump locations on June 4, 1957, and from the Building Department, the Certificate of Occupancy No. 23384 on February 18, 1958; and

WHEREAS, the applicant further states that on January 9, 1957 the owner was finally able to purchase the triangular adjacent lot referred to above; that it was untimely expenditure under an existing heavy mortgage load brought about by necessity and concern; that due to the smallness of the driving area, the circulation of cars in and out has always been a problem of inconvenience, danger and delays; that business was lost to the large competitors in the immediate vicinity because people either could not enter the premises nor were willing to wait for available space; that there is only space for one car for refueling while the second car has to wait on the sidewalk when facing south, or occupy and obstruct the space in front of the overhead doors when facing north; that not only was the gasoline sale lost but also the repair work, which is an essential part in the maintenance of this gas station; and

WHEREAS, the applicant contends that it will increase the owner's margin of profit by permitting an easier and quicker satisfaction of all his financial obligations and at the same time it will benefit the immediate neighborhood by a direct proximity, quicker service, more available washing space, elimination of sidewalk obstruction, avoidance of parking of cars on side streets, faster flow of traffic in and out of premises and safer conditions for pedestrians; and

WHEREAS, the applicant states that the present owner has held title to the property since June 1952 and January 9, 1957; that the assessed valuation of land is \$21,000 and of the building \$15,000 making a total of \$36,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f *for a term of 15 years*, to permit in a business use district, the enlargement in area of an existing gasoline service station previously granted by the Board, by the addition of five vacant lots, and the extension of uses to include parking of more than five motor vehicles and the installation of additional gasoline pumps, tanks and curb cuts, *on condition* that all work shall be done as shown on plans filed marked "Received August 14, 1958," 3 sheets, "April 28, 1959," 1 sheet; that there may be four new pumps on one island a minimum of ten feet back from the Birchall Street and White Plains Road building lines; that spaces shall be reserved for parking of more than five cars along the 49.69 foot lot line to the south of the new additional lots; that new parking lots shall be permitted as shown on such plans with one 25 foot and one 30 foot curb cut to Birchall Street and two new curb cuts to White Plains Road, one 30 feet and one 25 feet in width; that the area of the new extension shall be paved with concrete, clean cinders or bluestone gravel with a tarvia binder; that a new 8 inch concrete block masonry wall shall be erected as shown on plans along the 49.69 foot lot line and return northly along the easterly line of Birchall Street 15 feet, as shown on the plan; that

the Texaco post standard and sign shall be relocated on the White Plains Road building line, as shown; that there shall be installed six 550 gallon approved gasoline tanks and four pumps on one island; that such fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that existing drop curb cuts shall remain; that the existing six 550 gallon gasoline tanks and three gasoline pumps shall remain as shown on plan; that in all other respects the building and premises shall comply with all laws, rules and regulations applicable thereto; that all required permits and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction.—In the resolution, the term of the variance corrected to read "under Section 7f *for a term of 15 years*" as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on April 21, 1959, as they appeared in Bulletin No. 17, Vol. 44, hereby corrected to read as follows:

345-58-BZ

APPLICANT—Leo Kornblath, for Geray Comp, and Ethel Latt, owners.

SUBJECT—Application May 27, 1958, decision of the Borough Superintendent, under Sections 7c and 7f of the Zoning Resolution, to permit in a business use district, on a plot presently used for the parking of more than five (5) motor vehicles, the installation of gasoline tanks and pumps to be used in conjunction with the existing gasoline service station located on the adjoining lot.

PREMISES AFFECTED—2125 Jerome Avenue, west side, 70.65 feet south of West 181st Street, Block 3192, Lots 46 and 42, Borough of The Bronx.

APPEARANCES—

For Applicant: Leo Kornblath.

For Opposition: None.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 3, 1959 after due notice by publication in the Bulletin; laid over to March 31, 1959, for inspection and decision; hearing closed; then to April 14, 1959, for further study with report and decision; then to April 21, 1959, for applicant to consult examiner as to Borough Superintendent's decision with the Examiner; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Jerome Avenue and West 181st Street are in a business use, B area, class 1¼ height districts, Davidson Avenue is in business and residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 28, 1958 acting on Alt. Applic. No. 315-58, reads:

"1. The proposed extension of a gasoline service station in a business use district is contrary to Art. II Sec. 3 of the Zon. Res. and B.S.A. res. 835-26-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 103.01 feet frontage by 90 feet in depth, irregular, located adjacent to an existing gas station at the northwest

MINUTES

corner of East 181st Street and Jerome Avenue; that both properties are leased and operated by Mr. Herman Kaplan personally; that it is proposed to reduce a traffic problem by erecting two additional islands with gas selling pumps on the site in question, and in so doing, allow cars wishing to make gasoline purchases to pull further along the property; that it is not requested at this time that any additional buildings or extensions for any purpose be erected; that due to the existing retaining wall at the rear of this property, necessary because of the grade condition, the present apartment house at the rear has its basement approximately 25 feet above the level of the proposed Jerome Avenue level of the proposed new gas pumps; that the present legal car parking area will still be maintained for the majority of the premises; and

WHEREAS, the applicant states that of utmost importance is the physical location of both of these properties; that East 181st Street meets Jerome Avenue and rises approximately 40 feet in grade in a northerly direction, as it intersects Davidson Avenue; that there now exists a curb cut on East 181st Street and a curb cut on Jerome Avenue for said gas station for ingress and egress of cars; that due to the aforementioned sharp increase in grade, which is quite prevalent for even the small corner plot, the entire gasoline station apron is a sharply warped surface; that this presents a serious problem of maneuverability for cars pulling into the gas station from East 181st Street and for all practical purposes, prevents any cars attempting to pull into the station from Jerome Avenue; that this has presented a traffic-blocking problem if more than two cars attempt to enter the station and, in essence, is severely curtailing the possibility of the lessee from utilizing these premises; and

WHEREAS, the applicant contends that due to the severe competition of the many gasoline selling stations presenting easy entrances and exits situated along Jerome Avenue, there has been a declining return on the lessee's investment each year; that this has reached such severe proportions that it is preventing the lessee from earning a livelihood; and

WHEREAS, the applicant states that the present owners have held title to the property since 1951 and that the assessed valuation of land is \$17,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f *for a term of 15 years*, to permit the additional lot No. 46 to be operated in conjunction with Lot 42, which was permitted to be occupied as a gasoline service station and repairing under Cal. No. 835-26-BZ, Vol. 1, by resolution adopted January 18, 1927, *on condition* that such additional lot No. 46 shall have all buildings and uses now on such lot removed and the premises leveled substantially to the grade of Jerome Avenue and maintained as proposed and as shown on plans showing proposed conditions marked "Received January 22, 1959," 4 sheets; that the existing parking lot shall have a fence or retaining wall on the lot line with an opening to connect such lot with the existing Lot 42 as shown; and to permit the erection of six approved low type gasoline pumps, where shown, not less than fifteen feet from the street building line, and twelve 550 gallon approved type gasoline storage tanks and the continuation of the office building, with existing curb cut from the premises to Jerome Avenue and an additional curb cut from the north not over 20 feet in width; that the surfacing of the plot shall be of concrete or asphaltic pavement; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the term of this variance and the variance for Lot No. 42, expiring June 7, 1959, may be

extended so that variances for both lots will terminate on the same date; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, the term of the variance corrected to read "*under Section 7f for a term of 15 years,*" as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on April 21, 1959, as they appeared in Bulletin No. 17, Vol. 44, hereby corrected to read as follows:

1006-54-SA

APPLICANT—Linde Company, Division of Union Carbide Corp., owner.

SUBJECT—Application reopened December 2, 1958 for amendment of resolution as to additional models of Linde Liquid Storage Tanks with Pumping Units for Oxygen, Nitrogen and Argon—re Linde Liquid Storage Tank with Pumping Unit for Oxygen, Nitrogen and Argon, Models LO-300, LO-600 and LO-1500; previously approved.

For Applicant: R. M. Neary.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klein-

ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Commissioner Fox 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1006-54-SA.

Subject: Amendment to resolution as to additional models of Linde Liquid Storage Tanks with Pumping Units for Oxygen, Nitrogen and Argon.

Linde Company, Division of Union Carbide Corporation, New York, Owner-Manufacturer, requested by filing an application dated November 14, 1958 that the resolution adopted January 8, 1957 under Calendar Number 1006-54-SA be amended so as to include additional models of the Linde Liquid Storage Tank with Pumping Unit for Oxygen, Nitrogen and Argon (Models 150 VST, 250 VST and 500 VST). The application was reopened by a vote of the Board, December 2, 1958.

Purpose

Insulated storage tanks with pump and vaporizers to supply high pressure gas and store liquid oxygen, nitrogen and argon above 6 psi. pressure.

Description

The requested models 150 VST, 250 VST and 500 VST are basically the same in construction and operation to the models LO-300, LO-600, LO-1500 approved January 8, 1957. The only difference being in the capacity of the units. The construction details of the three models are as follows:

LIQUID CONTAINER	MODELS		
	150 VST	250 VST	500 VST
Capacity (gal.)	1300	2175	4350
Design Pressure	84	34	34
Hvdrostatic Test	130	117.5	60
Outside Diameter	5' 0"	8' 6"	8' 6"
Steel Thickness	3/16"	3/16"	1/4"
Material	Stain. Steel	Everdur	Everdur
Safety-Valve Setting	65 psi	15	15
Bursting Disc	90 psi	30	30-36

MINUTES

OUTER CASING

Design Pressure	15 psi (ext)	15 psi (ext)	15 psi (ext)
Pneumatic Test	22½ psi (int)	22½ psi (int)	22½ psi (int)
Outside Diameter	6' 6"	10' 10"	11' 6"
Shell Thickness	3/8"	3/16"	9/16"
Material	Carbon Steel	Carbon Steel	Carbon Steel
Length or Height (approx.)	12' 4"	12' 5"	16' 9"

In all other respects the requested models and the approved models are similar. Each storage tank is constructed in accordance with the ASME Code for Unfired Pressure Vessels but those operating at 15 psi are not stamped "National Board" as permitted by the Code. The inner liquid container is protected by *both a safety valve and a bursting disc and the outer casing is protected by a safety device set to relieve positive internal pressure at not to exceed 5 psi.*

Recommendation

The Committee on Test recommends that the resolution adopted January 8, 1957 under Calendar Number 1006-54-SA be amended so as to include the model 150 VST, 250 VST and 500 VST storage tanks with pumps and vaporizers in addition to the LO-300, LO-600 and LO-1500 models previously approved on condition, that the requirements of the

resolution adopted January 8, 1957 under Calendar Number 1006-54-SA be complied with except that in installations made on industrial sites the minimum clearance between storage station and adjacent structures may be 5 feet if the walls of the adjacent structures are fire resistive in construction and with no openings in the walls within 25 feet of the storage station; the distance from storage station to wall openings in rooms used exclusively for the storage of oxygen and/or the charging of cylinders with oxygen may be reduced to 10 feet.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the above cited resolution in accordance with the above report.

* Correction—In the Report of Committee on Test, under the heading of *Description*, certain words of description are added in the last paragraph thereof, all as indicated in italics.

RULES

OIL BURNER RULES (217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948, July 13, 1951, September 14, 1956 and June 1, 1959, effective June 25, 1959.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932)

Authority: Section 666, paragraph 2 of the New York City Charter.

AMENDMENTS TO OIL BURNER RULES.

- 2.5 CERTIFICATE OF OPERATION: a certificate of operation as provided for in section B26-58.0 of the administrative code shall mean the operating certificate or certificate of operation issued when required by the Department of Air Pollution Control upon completion of the installation of new or remodeled or reconstructed oil burning equipment.
- 2.6 COMMERCIAL INSTALLATIONS: Oil burner installations in buildings, other than dwellings when used for heating and/or generation of power for use on premises.
- 2.7 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.8 DISCHARGE LINE: That portion of the line between the discharge outlet of the pump and the burner oil inlet connection.

- 2.9 DOMESTIC INSTALLATIONS: Oil burner installations installed in dwellings as defined in these rules.
- 2.10 DWELLINGS: Buildings use exclusively for dwelling purposes and occupied by one or two families, including convents, rectories, and monasteries.
- 2.11 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
 - 2.11.1 The conductor from tank to ground connection shall be of copper not smaller than No. 6 (.162") A.W.G. wire, or pipe not less than one-half inch (½") in diameter.
 - 2.11.2 One end of conductor shall be permanently and electrically bonded to tank. The other end shall be bonded to a ground connection consisting of a water pipe or a rod, pipe or plate having a surface area of not less than one hundred and ninety (190) square inches, buried in moist earth not less than two feet (2') below the surface of the earth.
- 2.12 FILL PIPE: That portion of the line between the fill pipe terminal and the fill pipe connection in the storage tank.
- 2.13 FIRE RETARDING MATERIALS:
 - 2.13.1 One half (½) inch plaster boards or asbestos boards, or three-eighths (¾) inch gypsum wall boards weighing not less than 16 pounds per square yard with pointed joints covered with No. 26 U. S. gauge sheet metal with one (1) inch lapped seams nailed to the wood beams when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor

RULES

- beams are spaced more than sixteen (16) inches on centers, or
- 2.13.2 Two thicknesses of one-quarter ($\frac{1}{4}$) inch asbestos boards laid with tight staggered joints and nailed to the beams, when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are more than sixteen (16) inches on centers, or
- 2.13.3 Metal lath weighing not less than three pounds per square yard, attached to furring strips and plastered with Portland cement mortar at least three-quarters ($\frac{3}{4}$) inch thick.
- 2.13.4 Note—All fire retarding material to be applied as required in rules for fire retarding material of the Board of Standards and Appeals.
- 2.14 GROUND: An electrical conductor having capacity to absorb current.
- 2.15 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes under same requirements as for Commercial Installations.
- 2.16 OIL: Any liquid mixture, substance or compound derived from petroleum, including kerosene and fuel oil as defined in section B26-47.0 (4) of the Administrative Code and Rule 3.
- 2.17 OIL BURNING EQUIPMENT: Any device including burners, oil burning heaters, internal combustion engines used for heating; power or other purposes designed for and/or using oil as defined in these rules.
- 2.18 OIL LEVEL INDICATING DEVICE: A means by which the level of the oil in a storage tank may be indicated.
- 2.19 OVERFLOW PIPE: A pipe which conveys, by gravity, the oil from the maximum level of an auxiliary tank to the storage tank or from the pump to the storage tank.
- 2.20 PERMANENT DEFORMATION: Wherever phrase, "without permanent deformation," is used in these rules it shall mean that the tanks or containers shall, after release of test pressure, resume their original size and shape.
- 2.21 PERMIT: Shall mean permit for storage of oil.
- 2.22 PORTLAND CEMENT CONCRETE: Shall mean a mixture of one (1) part cement and not more than two and one-half ($2\frac{1}{2}$) parts sand and five (5) parts of coarse aggregate and complying in all other respects with the requirements of C26-311.0 of the Administrative Building Code.
- 2.23 PREHEATER: A device designed for heating oil for the purpose of decreasing the viscosity.
- 2.24 RELIEF VALVE: A valve held shut by a spring or other means of automatically relieving pressure in excess of its setting.
- 2.25 RELIEF LINE: That portion of the line between the by-pass connection of the relief valve and the supply line or storage tank.
- 2.26 REMOTE CONTROL: A hand, electric, or mechanically-operated device to shut off the oil supply. A thermostat is not acceptable as a remote control.
- 2.27 SCAVENGING LINE: A line installed to permit the removal of water or foreign matter from a storage tank.
- 2.28 SHOP FABRICATED: Shall mean completely built in the shop of the tank manufacturer.
- 2.29 SHUT-OFF VALVE: A device that can be actuated to prevent the flow of liquid in a line of pipe.
- 2.30 STORAGE CONTAINER: Any container for oil connected to a burner or oil-burning heater and having a capacity of six (6) gallons or less.
- 2.31 STORAGE TANK: Any tank for oil having the capacity of two hundred and seventy-five (275) gallons or more, having a fill line and vent line connected thereto.
- 2.32 STORAGE TANK AUXILIARY: Any container for oil having a capacity of not over 60 gallons and used as an intermediary tank for gravity feed and equipped with an automatic or manually operated pump.
- 2.33 SUPPLY LINE: That portion of the line between the storage tank and the pump oil inlet connection or hand valve. Where a pump is not used, it shall be that portion of the line between storage tank and burner and burner oil inlet connection or hand valve.
- 2.34 TEST WELL: An opening in the top of the storage tank or a straight pipe connected to such opening through which a gauge stick may be inserted into the storage tank.
- 2.35 TRANSFER PUMP: An oil pump that is not an integral part of the burner and which is installed between storage tank and burner.
- 2.36 VENT PIPE: That portion of the line between vent pipe terminal and vent pipe connection in the storage tank.
- 6.5 Tanks Located Along Line of Subways.
- 6.5.2 For the purpose of this rule a subway shall be deemed to be any covered subsurface railroad or rapid transit roadbed.
- 10.1 Permits.
- 10.1.1 No oil burner installation of more than six (6) gallons capacity shall be operated until after a Certificate of Approval has been issued by the Commissioner of Buildings and a permit for the storage of fuel oil has been issued by the Fire Commissioner, except that temporary operation shall be permitted upon the filing by the licensed oil burner installer of a certified statement that such equipment conforms with the approved application for a work permit and plan submitted therewith, and with applicable provisions of law.
- 10.1.2 Application for Fire Department permit for the storage of fuel oil shall be made within ten days after the completion of the installation by the installer who holds a Certificate of License issued by the Commissioner of Buildings on forms furnished by the Commissioner of Buildings which shall include the location of the building in which the installation has been made, name and address of installer, quantity of fuel oil to be stored and signature of the owner.
- 10.1.3 No certificate or approval shall be issued by the Commissioner of Buildings and no fuel oil storage permit shall be issued by the Fire Commissioner until the installer has furnished a certified statement to the Commissioner of Buildings that the installation complies with all requirements, and that the CO_2 content of the flue gas by actual test of the completed installation is not less than 8 percent without smoking.
- 10.2 Plans to be Filed Where Structural Considerations Are Involved.
- 10.2.1 The installer shall file with the Commissioner of Buildings plans showing the size and location of all storage tanks having a capacity greater than 275 gallons where such tanks are to be installed either inside of buildings in or below the lowest floor level or outside of buildings below ground.

Urbana, Ill.

RULES

Plans, however, shall be filed where 275 gallon tanks are to be buried and for all multiple dwellings and for all places of public assembly. All such plans shall show compliance with all structural requirements and shall show all salient features of the installation. Plans shall also be approved by the New York City Transit Authority within the limitation in Rule 6.5.1 for all tanks located in or outside of buildings along the line of subways under its jurisdiction.

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

10.3.1 All fuel storage tanks and piping installed, as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A certified statement by the installer attesting to such installation and test shall be filed with the Commissioner of Buildings.

10.4.1 When application for permit for the storage of fuel oil is made, as provide for in Rule 10.1, a fee covering the permit shall be paid to the Fire Department in accordance with the schedule given in the Administrative Code.

10.5 Except as otherwise provided for in Rule 11, oil burning installations shall be inspected as required by the Commissioner of Buildings and if it is determined that the installation complies with the requirements of the administrative code, the rules of the Board of Standards and Appeals and all laws and regulations applicable thereto, a certificate of approval shall be issued by the Commissioner of Buildings.

12.2 Adequate ventilation, at least 15 square inches clear opening per gallon of oil per hour, required to fire the equipment to gross output shall be provided in all rooms in which burners are installed. If the fixed ventilation is supplied mechanically, it shall be electrically interlocked with the burner, and it shall be capable of supplying at least 36 CFM of air per gallon oil per hour, required to fire the equipment to gross output. It shall also be capable of maintaining an air pres-

sure in the boiler room when the burner is in operation, no less than the outdoor atmospheric pressure at the same time and elevation.

15.2 Except as provided in Rule 15.2.1 every heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of qualification as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

15.2.1 The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of qualification as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provision of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner, shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Commissioner of Buildings for the installation of such oil burning equipment.

Oil Burner Rules.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

MAX H. FOLEY, *Chairman*

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the Chairman, the Commissioners, Director or the Engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

CALENDAR

DOCKET

New Cases Filed up to June 16, 1959

Cal. No. Dept. Premises Affected

377-59-BZ—B.M.—2182-2186 Broadway, east side, 25.9 feet north of West 77th Street, and 227 West 77th Street, Block 1169, Lot 17, Borough of Manhattan, Alt. 824-59—re signs on marquee—business use district.

378-59-A—B.M.—2182-2186 Broadway, east side, 25.9 feet north of West 77th Street, 227 West 77th Street, first floor, Block 1169, Lot 17, Borough of Manhattan, Alt. 824-59—re change of use to food market, etc.

379-59-BZ—B.Q.—64-06 Queens Boulevard, south side, 41.2 feet east of 64th Street, Block 2325, Lots 32-36 inclusive, Woodside, Borough of Queens, N.B. 1996-59—re erection of warehouse, storage and sale of lumber, office, showroom, garage, etc.; area excessive—business and residence use, B and C area district.

380-59-BZ—B.Q.—76-20 (76-12 to 76-26 displayed) Parsons Boulevard, west side, 96.99 feet south of mapped 76th Avenue, Block 6810, Lots 52 and 58, Block 6811, lot 35, Flushing, Borough of Queens, N.B. 2046-59—re commercial building to be occupied for storage, public market and parking and storage of customers and employees cars—no fee to be charged, etc.—residence use district.

381-59-BZ—B.Bx.—801-803 Astor Avenue, northeast corner of Barnes Avenue, Block 4353, Lots 5, 6 and 7, Borough of The Bronx, Alt. 479-59—re extension of synagogue—residence use, E area district.

382-59-BZ—B.Q.—23-02 to 23-12 (23-06 official) Francis Lewis Boulevard, and 163-10 to 163-18 23rd Avenue, southwest corner, Block 4897, Lot 10, Bayside, Borough of Queens, N.B. 521-58—re gasoline service station, lubrication, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, parking and storage of motor vehicles; ground sign—local retail and residence use district.

383-59-A—B.Q.—98-11 101st Avenue, north side, 87.50 feet east of 98th Street, 1st floor, Block 9075, Lots 54 and 154, Ozone Park, Borough of Queens, Alt. 1544-58—re use of a frame building for a factory.

384-59-BZ—B.Q.—254-14 to 254-30 (254-20 official) Hillside Avenue, south side, 93.78 feet east of Little Neck Parkway, Floral Park, Borough of Queens, N.B. 1820-59—re gasoline and service station, lubritorium, car washing, minor auto repairs, parking and storage of motor vehicles, etc.; ground sign—retail use district.

385-59-SA—Bengal Domestic Gas Cooking Range with gas kitchen heating section, Models 76-171, 76-175, 76-179, 84-841, 84-861A and 84-871L, manufactured by Boston Stove Co., Appliance.

386-59-SA—Carrier 41E Weathermaker, water cooled air conditioning units, manufactured by Carrier Corp., Appliance.

387-59-SA—Carrier Hot Water Boilers Oil Fired, Series 61H and 61G, Models 61H1 to 61H11 and 61H33 to 61H41, 61G 1-2-3, 61H31—32-33, manufactured by Carrier Corp., Appliance.

388-59-SA—Carrier Hot Water Boilers Gas Fired, Series 61H, Models 61H1 to 61H11 and 61H33 to 61H41, manufactured by Carrier Corp., Appliance.

389-59-A—B.M.—520 West Broadway and 143 Bleecker Street, northwest corner, 2nd to 7th floors inclusive, Block 537, Lot 33, Borough of Manhattan, Alt. 84-59—re egress.

390-59-SA—Magic Chef Gas-fired Heater Range, Models 8690, 8693, 8696, 9690 and 9696, manufactured Magic Chef, Appliance.

391-59-SM—Circulgrid Light Controlling and Diffusing Louver for Luminous Ceilings and Light Fixtures, manufactured by J. A. Wilson Lighting and Display, Inc., Material.

392-59-SM—Albina Clumber, Air or Electric Operated for use in pairs as a swing stage, or as a single unit with a basket, manufactured by Albina Engine and Machine Works, Inc., Material.

393-59-BZ—B.Bx.—2805 Edson Avenue, northwest corner of Bartow Avenue, Block 4800, Lot 29, Borough of The Bronx, N.B. 274-59—re gasoline service station, lubritorium, minor repairs, car washing, parking of motor vehicles awaiting service, etc.—local retail use district.

394-59-SM—Woodall Industries Inc. 1/8 Inch Lamidall Asbestos Panel—wall covering material, manufactured by Woodall Industries, Inc., Material.

395-59-BZ—B.B.—2301-2305 Voorhies Avenue and 2685-2693 East 23rd Street, northeast corner, Block 7468, Lots 60 and 61, Borough of Brooklyn, Alt. 1707-59—re parking and storage of more than five cars, etc.—local retail use district.

396-59-A—B.Q.—60-04 Marathon Parkway, southwest corner of 60th Avenue, Block 8304, Lot 73, Little Neck, Borough of Queens, Alt. 685-59—re professional offices in the existing brick-veneer frame building.

Further Sections will be published, containing other approved materials and appliances.

JUNE 30, 1959, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, June 30, 1959, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

275-59-BZ

APPLICANT—Voorhees Walker Smith, Smith and Haines, for The Cooper Union for the Advancement of Science and Art, owner.

SUBJECT—Application April 30, 1959—decision of the Borough Superintendent, under sections 21 and 19A(j) of the Zoning Resolution, to permit in a C area district, the erection of a structure occupying more than the permitted area coverage and with a loading berth, not required, less than 25 feet from the street intersection.

PREMISES AFFECTED—51 Astor Place, north side from 3rd to 4th Avenues, 24, 3rd Avenue, 45, 4th Avenue and 100 East 9th Street, Block 554, Lot 35, Borough of Manhattan.

13-33-BZ—Vol III

APPLICANT—Henry J. Nurick, for Carjack Petroleum Corp., owner.

SUBJECT—Application reopened April 7, 1959 as Volume III—decision of the Borough Superintendent, under sections 7c and 7i of the Zoning Resolution, to permit in a business use district the alteration and modernization of the existing gasoline service station.

PREMISES AFFECTED—116-124 Kings Highway and 1652-1658 Stillwell Avenue, southwest corner, Block 6253, Lot 29, Borough of Brooklyn.

166-59-BZ

APPLICANT—Lama, Proskauer and Prober, for Salvatore Martinelli, owner.

CALENDAR

SUBJECT—Application March 17, 1959—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection of a one story building to be used as a retail shop, lunchroom, work room, storage room and parking of patrons cars in the unbuilt upon portion of the plot for a term of fifteen (15) years.

PREMISES AFFECTED—151-07 North Conduit Avenue, and 135-01 to 135-13 151st Place, northeast corner, and 151-40 to 151-42 135th Avenue, Block 12133, Lot 1, Jamaica, Borough of Queens.

146-59-BZ

APPLICANT—Fred C. Dahlem for Samuel Simon, owner.
SUBJECT—Application March 12, 1959—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot, for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—686-688 Gerard Avenue, east side, 180 feet north of East 153rd Street, Block 2473, Lot 8, Borough of The Bronx.

895-47-BZ—Vol. II

APPLICANT—Goldwater & Flynn, for H.A.M. Realty Corp., owner; The New York Riverside Memorial Chapel, Inc., lessee.

SUBJECT—Application reopened March 20, 1959 as Volume II—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district, the reconstruction of the present structure and continue the present use of funeral chapel and one family dwelling for caretaker with parking of cars for patrons.

PREMISES AFFECTED—1963-1967 Grand Concourse and 160 East 179th Street, southwest corner, Block 2808, Lots 42, 44 and 46, Borough of The Bronx.

177-59-BZ

APPLICANT—Leonard F. Rothkrug, and Atkins and Ross, for Crest Towers, Incorporated, owners.

SUBJECT—Application March 20, 1959—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district the maintenance of the premises for the non-transient parking and storage of pleasure type vehicles for a temporary term of five (5) years.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 17, 1959 after due notice by publication in the Bulletin; laid over to April 14, 1959, for inspection and decision; hearing closed; then to May 5, 1959, for decision; applicant to file revised plan showing accessory building with enlargement toward Jamaica Avenue and rear not beyond present rear of the building and relocation of pumps with none nearer than 15 feet to a street building line and to show fences on side and rear lot lines of the station; that space to the south of use district line should remain vacant, but protected with hedge and fences; also to show new lift, with no open pit widened and a new front; then to May 12, 1959, for further consideration of proposed revisions which have been submitted by the applicant; then to June 16, 1959, for decision; applicant to file new plans showing entire new front on the accessory building; exterior lifts to be removed and placed inside the extended accessory building; and

WHEREAS, the decision of the Borough Superintendent, dated July 15, 1958 acting on Alt. Applic. No. 1505-58, reads:

"1. Proposed change of occupancy from gasoline service station, office, grease pits and auto laundry to gasoline service station, office, grease pits, auto laundry, sale of accessories and gasoline, auto lubrication, minor auto repairs and parking and storage of motor vehicles, on a lot partly in a residence and partly in a business

zone, is contrary to Art. II, PP. 3 and PP. 4a, sub-sections 29 and 46 of the Zoning Resolution.

2. Rearrangement of gasoline pumps is not in accordance with the Dept. records. (Note—premises were subject of a Bd. of Standards and Appeals action under Cal. #962/28/BZ.)"

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Sections 7c, 7i and 21 of the Zoning Resolution, to permit in a business and residence use district, at an existing gasoline service station with office, grease pits and auto laundry, the extension of the uses to include sale of accessories, minor auto repairs and the parking and storage of motor vehicles and the present pump islands to remain in their present location, on condition that the premises shall be constructed and arranged and occupied substantially as proposed and as shown on plans filed with this application marked "Received August 7, 1958", 3 sheets and "June 10, 1959", 2 sheets; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the portion of the plot shown as vacant shall remain vacant and maintained with proper grass and hedges; and that all permits shall be obtained and all work completed and a certificate of occupancy issued within the provisions of Section 22A of the Zoning Resolution.

276-46-BZ

APPLICANT—Wechsler and Schimenti, for Jesse N. Petchers, owner.

SUBJECT—Application reopened May 26, 1959 for consideration as to extension of term of variance—expired October 7, 1959—decision of the Borough Superintendent, previously granted on condition, under section 7e of the Zoning Resolution, permitting in a residence and business use district, for a term of years, the extension of an existing wearing apparel factory, into the residence district.

PREMISES AFFECTED—1145-1149 Liberty Avenue and 145-159 Sheridan Avenue, northeast corner, Block 4182, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Emanuel Fogel.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, on May 28, 1946, this application was granted by the Board on certain conditions, under Section 7e of the Zoning Resolution, to permit in a residence and business use district, the extension of an existing wearing apparel factory into the residence use district, affecting premises 1145-1149 Liberty Avenue and 145-159 Sheridan Avenue, northeast corner, Block 4182, Lot 1, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation October 7, 1957; and

WHEREAS, this application was reopened on May 26, 1959 and set for hearing on June 16, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new

MINUTES

decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 16, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 4, 1959 acting on amendment to Alt. Applic. No. 2389-45, reads:

"1. The approval of the Board of Standards and Appeals expired Oct. 7, 1957 and cannot be renewed unless approved by the Board."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 28, 1946, as thereafter amended through April 18, 1950, only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

"... granted under Section 7e for a term of five years from the date of this amended resolution, to permit; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

447-48-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Hamax Holding Corp., owner; Rayco Auto Seat Covers Inc., lessee.

SUBJECT—Application reopened April 7, 1959 for consideration as to amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c, 7i and 7h of the Zoning Resolution, permitting in a local retail and residence use district, two one-story extensions to an existing one-story building used for sales, display, storage and installation of auto seat covers, the extension to be used for minor motor vehicle repairs limited to the installation and service of mufflers and to use the unbuilt upon portion of the premises for patron parking.

PREMISES AFFECTED—233-20 Northern Boulevard, southwest corner of 234th Street, Block 8166, Lot 25, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE RESOLUTION—

WHEREAS, on September 30, 1958, this application, Vol II, was granted by the Board on certain conditions under Sections 7e, 7i and 7h of the Zoning Resolution to permit in a local retail and residence use district, two one story extensions to an existing one story building used for sales, display, storage and installation of auto seat covers; the extension is to be used for minor motor vehicle repairs limited to the installation and service of mufflers and the use of oxyacetylene torch and to use the unbuilt upon portion of the premises for patron parking; and

WHEREAS, this application was reopened on April 7, 1959 and set for hearing on May 12, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 26, 1959 after due notice by publication in the Bulletin; laid over to June 16, 1959, for inspection and decision; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated March 17, 1959 acting on amendment to Alt. Applic. No. 37-58, reads:

"1. The proposed change in arrangement of the storage, sales and installation of auto seat covers and minor motor vehicle repairs, hand tools only—and use of oxyacetylene torch—limited to muffler installation and service; and parking of more than five cars, partly in a local retail and partly in a residence use district is contrary to Art. II Sec. 4-c and Sec. 3 of Zoning Resolution; and contrary to Board of Stds. and Appeals Res. 447-48-BZ—Vol. II and is referred back to the Board for reconsideration." and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 28, 1948 and amended through February 10, 1959 to permit in a local retail and residence use district the erection and maintenance of two one-story extensions to an existing one story building used for sales, display, storage and installation of auto seat covers; the extension is to be used for minor motor vehicle repairs limited to the installation and service of mufflers and the use of oxyacetylene torch and to use the unbuilt upon portion of the premises for patron parking, *on condition* that the premises shall be constructed and arranged as proposed and as shown on plans filed with this application marked "Received April 9, 1959," 9 sheets; that the door at the southwest corner of the building, in the new extension, where storage of parts is shown, shall be omitted; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a certificate of occupancy issued within the provisions of Section 22A of the Zoning Resolution.

767-58-BZ

APPLICANT—Elliot Saltzman for Roclou Realty Corp., owner.

SUBJECT—Application December 30, 1958—decision of the Borough Superintendent, under sections 7c, 7i and 7A of the Zoning Resolution, to permit in a retail use district, at an existing gasoline service station, the erection of a one story extension to the store and auto accessory building and to extend the uses to include lubritorium, minor auto repairs with hand tools, office and the parking and storage of more than five (5) motor vehicles; it is also proposed to add additional gasoline tanks, new curb cuts and business signs within 75 feet of the residence use district.

PREMISES AFFECTED—4102-4110 Avenue U and 2201-2211 Coleman Street, southeast corner, Block 8558, Lot 36, Borough of Brooklyn.

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 19, 1959 after due notice by publication in the Bulletin; laid over to June 9, 1959, for inspection and decision; applicant to file revised plans showing split sapling fence on building lines and the physical carrying out of the proposed widening as it affects this property; hearing closed; and

WHEREAS, the decision of the Borough Superintendent, dated January 15, 1959 acting on N.B. Applic. No. 4201-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles in open area on a lot which is partly in a local retail use district and partly in a residence use district is contrary to Art. 2, Sec. 3 and Art. 2, Sec. 4-c of the Z.R.

"2. The proposed erection of a ground sign in the local retail portion of the lot is contrary to Art. 2, Sec. 4-c of the Z.R."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7f, i and e, for a term of twenty years, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, car wash, minor auto repairs, lubritorium, storage and office and salesroom, parking and storage of motor vehicles with the gasoline station part of the development to be confined to the local retail district and the accompanying planting to the residence district, all in accordance with plans marked, "Received February 13, 1959," 4 sheets, "June 3, 1959," 1 sheet, and "June 12, 1959," 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a Certificate of Occupancy shall be obtained, and all work completed within the requirements of Section 22A of the Zoning Resolution.

86-59-A

APPLICANT—Lama, Proskauer and Prober for William Teman and Bernard Tancer, owners.

SUBJECT—Application February 13, 1959—filed pursuant to Section 35 General City Laws re utilization of portion of the lot which is in the bed of a mapped street—Douglaston Parkway.

PREMISES AFFECTED—242-30 Northern Boulevard, south side, from Douglaston Parkway to 243rd Street, 45-01—45-13 Douglaston Parkway and 45-02—45-14 243rd Street, Block 8179, Lots 1 and 44, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert and Commissioner Fox 3
Negative: 0
Not Voting: Commissioner Becker 1
Absent: Commissioner Sleeper 1

THE RESOLUTION—

and

WHEREAS, the decision of the Borough Superintendent, dated January 16, 1959 on N.B. Applic. 4201/58, reads:

"3—The proposed utilization of the portion of the lot which is in the bed of a mapped street is contrary to Art. 3, Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the lot is 198.72 feet by 137.23 feet, irregular, located in local retail and residence use, D and G area, class ½ height district, upon which there is a 29 feet by 22 feet wood frame office building to be demolished; that it is proposed to build a 100 feet by 30 feet, one story, class 3 gasoline station; that all conditions are more fully described in Calendar Number 85-59-BZ; and

MINUTES

WHEREAS, the applicant further contends that the westerly part of the site along Douglaston Parkway is to be widened approximately 10 feet at some future date although the City does not have title to this land at the present time and no proceedings are pending to acquire title; that no part of the gasoline station building or structure will be erected within the boundary of Douglaston Parkway as proposed to be widened and no condemnation awards will ever be claimed for any structure within said widened area; and

WHEREAS, the President of the Borough of Queens has advised this Board that the Final Map of the Borough of Queens adopted by the Board of Estimate on November 20, 1952, indicates a proposed widening of about 10 feet on the easterly and westerly sides of Douglaston Parkway which is in private ownership; that there is no proceeding now pending to acquire title to the proposed widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 4201/58, Objection No. 3 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, relating to the utilization of portion of the lot which is in the bed of a mapped street—Douglaston Parkway—as shown on plans filed with this appeal marked, "Received February 13, 1959," 3 sheets, *on condition* that when the City shall take over the ten foot strip of property, there shall be no claim made against the City for construction work.

135-59-BZ

APPLICANT—Charles M. Spindler for National Life Insurance Company, owner.

SUBJECT—Application March 6, 1959—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station and the elimination of the present store, office and sales room for monuments.

PREMISES AFFECTED—20-32 Caton Avenue and 282-286 McDonald Avenue, southwest corner, Block 5323, Lots 5 and 6, Borough of Brooklyn.

MINUTES

strict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit in a G-1 area district a one-family dwelling with less than the required front yard and side yard and required one-car parking area encroaching upon the rear yard, *on condition* that the building shall be constructed and arranged in accordance with plans filed with this application marked "Received March 5, 1959" 2 sheets, "May 18, 1959", 4 sheets and "May 20, 1959", 2 sheets; that in all other respects all laws, rules and regulations applicable to the building and occupancy shall be complied with; and that all permits shall be obtained and all work completed and a certificate of occupancy issued within the provisions of Section 22A of the Zoning Resolution.

76-59-A

APPLICANT—John T. Kelleher, Borough Superintendent, Department of Buildings; Owner, Ellen de Gange.

SUBJECT—Appeal filed February 9, 1959, revocation of Certificate of Occupancy Q-103582 issued on July 5, 1955 re N.B. Applic. 459/53.

PREMISES AFFECTED—7-24 Clintonville Street, northwest corner of Eighth Avenue, Block 4512, Lot 35, Whitestone, Queens.

APPEARANCES—

For Owner: George J. Regan, Ellen De Gange and Leonard Harraway.

ACTION OF BOARD—Appeal granted and Certificate of Occupancy Q103582 revoked.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker..... 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the communication of the Borough Superintendent, dated February 3, 1959, reads:

"The Certificate of Occupancy was issued on the basis of an approved plan, New Building No. 459/53. It was inadvertently approved showing a porch across the front of the building which encroached three (3) feet upon the required fifteen (15) foot setback of a G-1 District.

"The building was built substantially as shown on the plan with this encroachment. This being contrary to Art. IV, Section 16-C of the Zoning Resolution, it appears that the certificate of occupancy was issued in error and, therefore, should be revoked."

and

WHEREAS, the Borough Superintendent states that the building is 24 feet 6 inches by 28 feet 7 inches in area, one story, 18 feet high, of class 3 construction, located in residence use, G-1 area, class 1 height district, used and occupied as a one family dwelling and a two car garage in the cellar; that a certificate of occupancy was issued on the basis of an approved plan, New Building No. 459/53; that it was inadvertently approved showing a porch across the front of the building which encroached 3 feet upon the required 15 foot setback of a G-1 district.

Resolved, that the Board of Standards and Appeals does hereby grant the appeal of the Borough Superintendent, revoking Certificate of Occupancy Q-103582, issued on July 5, 1955, on N.B. App. 459/53.

Adjourned: 3:35 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, JUNE 16, 1959, 2 P.M.

Present: Chairman Foley, Vice Chairman Kleinert, Commissioner Fox and Commissioner Becker.

974-47-A—Vol. II

APPLICANT—Leonard F. Rothkrug, for Felix Felipe and Maria Cruz, owners.

SUBJECT—Application reopened October 28, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent, Commercial use, frame construction.

PREMISES AFFECTED—454 Lafayette Avenue, south side, 58 feet, 4 inches east of Franklin Avenue, Block 1950, Lot 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert and Commissioner Fox 3
Negative: 0
Not Voting: Commissioner Becker 1
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 24, 1957 on Alt. Applic. 1385/57, reads:

"1. Proposed commercial (retail grocery store) occupancy on basement floor only, in building of frame construction violates Sec. 4.2.1 of the Building Code."

and

WHEREAS, the applicant states that the premises consists of a plot 16 feet 8 inches front by 68 feet in depth, located in an unrestricted use, C area, class 1 height district, on which there exists a 3 story and basement, 37 feet 6 inches high, wood frame building, 16 feet 8 inches front by 42 feet in depth, erected prior to 1900 and used and occupied since 1956 as follows: Cellar—boiler room and ordinary storage; basement—retail grocery store, 3 persons; 1st and 2nd floors—2 roomers each floor; 3rd floor—3 roomers; that the building is equipped with an approved one-source sprinkler system in the public halls; that there is one 2 foot 6 inch wide wood stairs, enclosed in partitions of wood studs, wood lath and plaster; that the stair hall leads directly to street and is provided with ladder and scuttle to roof; and

WHEREAS, letter from the Borough Superintendent, dated October 10, 1957, reads in part as follows:

"9. There is a sprinkler system existing in the public halls of the building which conforms to Section 187 of the Multiple Dwelling Law and which was installed under Sprinkler Application 2754/52. However, there are no sprinkler heads in the Class "B" rooms as required under Section 194 of the Multiple Dwelling Law. A violation for this condition has been reported and will be issued to the owner as soon as possible."

and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated July 24, 1957, acting on Alt. Applic. 1385/57, Objection No. 1, and Objection No. 9, dated October 10, 1957, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that Objection No. 9 shall be complied with and five sprinkler heads with necessary surface pipe, in accordance with the Multiple Dwelling Law, shall be installed in the store; that such heads be applied with an adequate water supply; and that in all other respects all laws, rules and regulations applicable shall be conformed to and a Certificate of Occupancy shall be obtained.

783-52-A—Vol. II

APPLICANT—Albert B. Bauer for the Department of Public Works, City of New York.

SUBJECT—Application reopened February 25, 1959 as Volume II—Appeal from a decision of the Borough Superintendent—re Door Fastenings on required means of egress.

PREMISES AFFECTED—South side of Pelham Parkway and Eastchester Road, Blocks 4281, 4282 and 4217, Lot 1, Borough of the Bronx.

MINUTES

APPEARANCES—

For Applicant: S. H. Greenhill.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Foley, Vice Chairman Kleinert,
Commissioner Fox and Commissioner Becker 4
Negative: 0
Absent: Commissioner Sleeper: 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 19, 1959 on N.B. Applic. 848/50, reads:

"1. Door fastenings on required means of egress must comply with Sect. 6.2.3."

and

WHEREAS, the applicant states that the building is 12 stories, 156 feet high, 325.5 feet by 495.8 feet in area, of class 1 construction, located in business and residence use, C area, class 1¼ height district, used and occupied as a hospital; and

WHEREAS, the applicant states that the Abraham Jacobi Municipal Hospital includes an in-patient Psychiatric Service of 130 beds; that patients necessitating hospitalization because of mental disturbances are admitted, observed, treated and transferred to state, private institutions or discharged if found suitable for same; that the Psychiatric Services include "Closed Wards", the doors of which must necessarily be closed for security reasons because of the nature of the mental ailments suffered by the patients; that the wards referred to are on the 9th and 10th floors; that the doors referred to in the violation as being locked are those leading to the stairs which necessarily must be locked; that failure to keep them locked will permit psychiatric patients to abscond from the wards and the hospital; that some of these patients have been remanded by Court Order for hospital retention, some must be kept behind locked doors because of their acute conditions; that for security reasons 2 sets of doors have been installed in the corridors leading to each of these wards; that the front one must be locked before the second is opened; that the locks on these doors are asylum Bit Key Dead Locks as generally installed in psychiatric institutions; that the stair door locks are Sargent pin tumbler mortise dead locks; that a written order requires all authorized personnel on the 9th and 10th floors to have the keys to the aforementioned locks on their person at all times while on duty; that the keys are in the personal custody of each individual and are not transferred from one person to the next with each change of duty section; that fire drills are held at least once every month.

Resolved, that the decision of the Borough Superintendent, dated January 19, 1959, acting on N.B. App. 848/50, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that attendants of the hospital having keys shall be on duty at all times to open doors making stairs and other means of egress accessible to the Fire Department in case of necessity; that such attendants shall be trained and instructed to see that such doors are open and accessible for egress of the occupants in case of emergency.

The minutes of the meeting of the Board of Standards and Appeals held on May 5, 1959, as they appeared in Bulletin No. 19, Vol. 44, hereby corrected to read as follows:

738-57-BZ

APPLICANT—Lama, Proskauer and Prober, for 644 Bushwick Avenue Corp., owner.

SUBJECT—Application October 16, 1957—decision of the Borough Superintendent, under section 7c of the Zoning

MINUTES

Resolution, to permit in an unrestricted and business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, office and sales, storage, minor auto repairs, parking and storage of motor vehicles, extending from the unrestricted to the business portion of the plot.

PREMISES AFFECTED—640-648 Bushwick Avenue, south side, 131 feet 8¾ inches west of Myrtle Avenue and 14-20 Troutman Street, Block 3182, Lot 18, Borough of Brooklyn

APPEARANCES—

For Applicant: Alfred A. Lama.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox. 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to May 5, 1959, for applicant to file plan showing nearby school and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Troutman Street and Bushwick Avenue are in unrestricted and business use, B area, class 1½ height districts; Myrtle Avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 17, 1957 acting on N. B. Applic. No. 1654-57, reads:

"1. Proposed building and premises on a lot, partly in a Business and partly in an Unrestricted zone, to be used for Gasoline service station, lubritorium, car wash, office and sales, storage, minor auto repairs and parking and storage of motor vehicles is contrary to Article II, PP. 4a, subsection 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 94 feet 9¾ inches frontage by 86 feet 6½ inches in depth, irregular, presently developed with five buildings, designated as buildings 1, 2, 3, 4 and 5, and occupied as follows: Building 1—six family dwelling—3 story class 4 construction; Building 2—six family dwelling—3 story class 4 construction; Building 3—store and 4 family dwelling—3 story class 4 construction; Building 4—store and 4 family dwelling—3 story class 4 construction; Building 5—3 car garage—1 story, class 3 construction; that Building 1 was erected under N. B. Applic. No. 662 of 1889 for use as a six family dwelling, for which no Certificate of Occupancy was ever issued; that Building 2 was erected under N.B. Applic. No. 773 of 1885 for use as a six family dwelling and no Certificate of Occupancy was ever issued; that there is no record for Building 3; that Building 4 was last altered under Alt. Applic. No. 8321-37 for use as a store and four family dwelling, and no Certificate of Occupancy was ever issued; that Building 5 was erected under N. B. Applic. No. 7116 of 1923 for use as a three car garage; that Certificate of Occupancy No. 40145 was issued for said use; that it is proposed to demolish all the buildings on the site and erect a modern gasoline service station consisting of ten 550 gallon buried gasoline tanks and six dispensing pumps; that the proposed accessory building will be one story in height, of class 3 construction, having a frontage of 62 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, car washing, minor auto repairs, storage, office and sales; that the open area not used by the gas station is proposed for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the proposed gas station is a permitted use in the unrestricted use portion of the plot, and it is only intended to extend said permitted use into the business use portion of the plot; that this extension in to the business portion of the plot cannot have an adverse effect upon any of the adjoining properties inasmuch as the station faces Bushwick Avenue, which is in an unrestricted use district; that within the same block as the site there is a non-conforming use of gasoline station on lot 10; that the buildings on the site have outlived their usefulness and are in need of many repairs; that the land is high in assessed value so that it is mandatory for the owner to rehabilitate this site in conformity with an unrestricted use district in order to derive an equitable income and continue to pay City taxes; that the use proposed is permitted in over 50% of the site; and

WHEREAS, the applicant states that the present owner has held title to the property since April 1, 1955; that the assessed valuation of land is \$16,500 and of the building \$23,500 making a total of \$40,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit in an unrestricted and business use district the erection and maintenance of a gasoline service station, lubritorium, car wash, office and sales, storage, minor auto repairs, parking and storage of motor vehicles, extending from unrestricted to the business portion of the plot; that the station shall be built substantially as shown on plans filed with this application marked "Received October 16, 1957," 3 sheets, "October 30, 1958," 1 sheet and "May 5, 1959," 1 sheet, *on condition* that the existing three-story frame stucco buildings shall be demolished; that the pumps along the Bushwick Avenue front shall be set back 15 feet from the building line and shall be duplex or dual and one single approved pump, and the pump island set back from the Troutman Street building line shall consist of two pumps; that the service building shall be *58 feet* by 32 feet wide with a car wash and two minor auto sales storerooms; that there shall be 12 buried 550 gallon approved tanks; that along the side lot line to the east there shall be a 5 foot, 6 inch woven wire fence where the wall of the adjacent building does not occur; that along the side lot line to the south from the corner of the new accessory building to the building line of Troutman Street there shall be a 5 foot, 6 inch high woven wire fence as shown on the plans; that the area of the station shall be graded substantially to the grade of the adjoining street and shall be of concrete cement or Tarvia pavement; that the grades shall be pitched to eliminate flood water pouring over the sidewalk; that at the intersection of Troutman Street and Bushwick Avenue there shall be a cement curb 12 inches high and 4 foot radius to form a base for a post standard bearing a brand sign projecting not more than 4 feet over the building line; that the signs on the accessory building shall be limited to one sign, one foot high by 8 feet long, each with vehicular doors, and a similar sign over the show windows of the accessory sales office; that all portable firefighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the 19th line of the resolution, the size of the service building corrected to read "*58 feet*" by 32 feet as indicated in italics.

RULES

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULES

OIL BURNER RULES

(217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948, July 13, 1951, September 14, 1956 and June 1, 1959, effective June 25, 1959.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932)

Authority: Section 666, paragraph 2 of the New York City Charter.

Rule 1. Scope.

- 1.1 No person shall install oil-burning, or oil storage equipment for use within the City of New York except as provided in these rules.
- 1.2 These rules shall not apply to gas companies storing or using oil in the manufacture of illuminating gas for public use.

Rule 2. Definitions.

- 2.1 For the purpose of these rules the following terms shall be interpreted in accordance with these definitions:
- 2.2 APPROVED: Shall mean devices hereafter approved by the Board of Standards and Appeals and also, when required by the Board of Standards and Appeals, approved, listed as standard, and/or labeled by any nationally recognized standard testing laboratory not operated for commercial profit, provided all such devices are installed in accordance with these rules. Such approval is subject to suspension or revocation for non-compliance with these rules. All devices approved by the Board of Standards and Appeals prior to the adoption of these rules shall be accepted.
- 2.3 AUTOMATIC PUMP: Shall mean an automatic transfer pump operating independent of the burner to provide a continuous supply of oil.
- 2.4 BURNER: A device designed for the purpose of burning oil.
- 2.5 CERTIFICATE OF OPERATION: a certificate of operation as provided for in section B26-58.0 of the administrative code shall mean the operating certificate or certificate of operation issued when required by the Department of Air Pollution Control upon completion of the installation of new or remodeled or reconstructed oil burning equipment.
- 2.6 COMMERCIAL INSTALLATIONS: Oil burner installations in buildings, other than dwellings when used for heating and/or generation of power for use on premises.
- 2.7 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.8 DISCHARGE LINE: That portion of the line between the discharge outlet of the pump and the burner oil inlet connection.

2.9 DOMESTIC INSTALLATIONS: Oil burner installations installed in dwellings as defined in these rules.

2.10 DWELLINGS: Buildings use exclusively for dwelling purposes and occupied by one or two families, including convents, rectories, and monasteries.

2.11 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:

2.11.1 The conductor from tank to ground connection shall be of copper not smaller than No. 6 (.162") A.W.G. wire, or pipe not less than one-half inch ($\frac{1}{2}$ ") in diameter.

2.11.2 One end of conductor shall be permanently and electrically bonded to tank. The other end shall be bonded to a ground connection consisting of a water pipe or a rod, pipe or plate having a surface area of not less than one hundred and ninety (190) square inches, buried in moist earth not less than two feet (2') below the surface of the earth.

2.12 FILL PIPE: That portion of the line between the fill pipe terminal and the fill pipe connection in the storage tank.

2.13 FIRE RETARDING MATERIALS:

2.13.1 One half ($\frac{1}{2}$) inch plaster boards or asbestos boards, or three-eighths ($\frac{3}{8}$) inch gypsum wall boards weighing not less than 16 pounds per square yard with pointed joints covered with No. 26 U. S. gauge sheet metal with one (1) inch lapped seams nailed to the wood beams when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are spaced more than sixteen (16) inches on centers, or

2.13.2 Two thicknesses of one-quarter ($\frac{1}{4}$) inch asbestos boards laid with tight staggered joints and nailed to the beams, when spaced not more than sixteen (16) inches on centers, or nailed to furring strips when the floor beams are more than sixteen (16) inches on centers, or

2.13.3 Metal lath weighing not less than three pounds per square yard, attached to furring strips and plastered with Portland cement mortar at least three-quarters ($\frac{3}{4}$) inch thick.

2.13.4 Note—All fire retarding material to be applied as required in rules for fire retarding material of the Board of Standards and Appeals.

2.14 GROUND: An electrical conductor having capacity to absorb current.

2.15 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes under same requirements as for Commercial Installations.

2.16 OIL: Any liquid mixture, substance or compound derived from petroleum, including kerosene and fuel oil as defined in section B26-47.0 (4) of the Administrative Code and Rule 3.

2.17 OIL BURNING EQUIPMENT: Any device including burners, oil burning heaters, internal combustion engines used for heating; power or other

RULES

purposes designed for and/or using oil as defined in these rules.

- 2.18 OIL LEVEL INDICATING DEVICE: A means by which the level of the oil in a storage tank may be indicated.
- 2.19 OVERFLOW PIPE: A pipe which conveys, by gravity, the oil from the maximum level of an auxiliary tank to the storage tank or from the pump to the storage tank.
- 2.20 PERMANENT DEFORMATION: Wherever phrase, "without permanent deformation," is used in these rules it shall mean that the tanks or containers shall, after release of test pressure, resume their original size and shape.
- 2.21 PERMIT: Shall mean permit for storage of oil.
- 2.22 PORTLAND CEMENT CONCRETE: Shall mean a mixture of one (1) part cement and not more than two and one-half (2½) parts sand and five (5) parts of coarse aggregate and complying in all other respects with the requirements of C26-311.0 of the Administrative Building Code.
- 2.23 PREHEATER: A device designed for heating oil for the purpose of decreasing the viscosity.
- 2.24 RELIEF VALVE: A valve held shut by a spring or other means of automatically relieving pressure in excess of its setting.
- 2.25 RELIEF LINE: That portion of the line between the by-pass connection of the relief valve and the supply line or storage tank.
- 2.26 REMOTE CONTROL: A hand, electric, or mechanically-operated device to shut off the oil supply. A thermostat is not acceptable as a remote control.
- 2.27 SCAVENGING LINE: A line installed to permit the removal of water or foreign matter from a storage tank.
- 2.28 SHOP FABRICATED: Shall mean completely built in the shop of the tank manufacturer.
- 2.29 SHUT-OFF VALVE: A device that can be actuated to prevent the flow of liquid in a line of pipe.
- 2.30 STORAGE CONTAINER: Any container for oil connected to a burner or oil-burning heater and having a capacity of six (6) gallons or less.
- 2.31 STORAGE TANK: Any tank for oil having the capacity of two hundred and seventy-five (275) gallons or more, having a fill line and vent line connected thereto.
- 2.32 STORAGE TANK AUXILIARY: Any container for oil having a capacity of not over 60 gallons and used as an intermediary tank for gravity feed and equipped with an automatic or manually operated pump.
- 2.33 SUPPLY LINE: That portion of the line between the storage tank and the pump oil inlet connection or hand valve. Where a pump is not used, it shall be that portion of the line between storage tank and burner and burner oil inlet connection or hand valve.
- 2.34 TEST WELL: An opening in the top of the storage tank or a straight pipe connected to such opening through which a gauge stick may be inserted into the storage tank.
- 2.35 TRANSFER PUMP: An oil pump that is not an integral part of the burner and which is installed between storage tank and burner.

- 2.36 VENT PIPE: That portion of the line between vent pipe terminal and vent pipe connection in the storage tank.

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in current Commercial Standard published by the U. S. Department of Commerce, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

Range Oil	
No. 1 Fuel Oil	
No. 2 " "	
No. 4 " "	
No. 5 " "	
No. 6 " "	
- 3.2 The use of crankcase refuse oil as fuel oil is strictly prohibited.

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts and electrical controls suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.
 - 4.1.1 When assembled each burner shall be tested for defects and proper functioning throughout its operating range. Parts shall be so designed as to maintain alignments and to permit interchangeability.
 - 4.1.2 The CO₂ in the flue gas shall be maintained at not less than 8% without smoking and throughout the operating range of the capacity of the burner when tested.
 - 4.1.3 Flexible tubing used as an integral part of burner shall be not longer than 72 inches and of an approved type.
- 4.2 Approval of burners or oil-burning heaters designed for installation with storage of not more than six (6) gallons shall include approval of storage containers and limitations of installation. If more than six (6) gallons' storage is desired for such burners or oil-burning heaters, a storage tank shall be installed as provided for in these rules. Portable containers of not more than six (6) gallons' capacity may be filled from such storage tanks by means of an approved hand pump located above the top of the tank.
- 4.3 The requirements of these rules shall not apply to the use and installation of portable burners not requiring a connection to a flue where such burners are of the type commonly used for household purposes including oil stoves, oil heaters and oil lamps equipped with a woven wick, nor do the requirements of these rules apply to such portable apparatus such as blow torches, soldering pots, tar heaters, snow melters, etc.

Rule 5. Material and Construction of Tanks.

- 5.1 Cylindrical Tanks (except vertical tanks located outside of the buildings above ground).
 - 5.1.1 All tanks for the storage of fuel oil shall be built of steel plates made by the open hearth

RULES

process and known to the trade as "tank steel." Such plate shall be free from physical imperfections, such as laminations, cracks, mill scale, etc. All steel must be new in good condition and free from rust. The thickness of steel required and the size and spacing of rivets shall be as stated in the table given below.

5.1.2 All tanks shall be welded or riveted and caulked, or riveted and welded. Flanges or other pipe connections may be welded. All caulking shall be done with round nose tools and without injury to the plates. Filler of any kind between plates is prohibited.

5.1.3 Thickness of cylindrical tanks, except tanks of 275 gallons capacity or less:

Tanks 36 in. in diameter and less— $\frac{1}{4}$ in. shell, $\frac{1}{4}$ in. heads.

Tanks 37 to 72 in. in diameter— $\frac{1}{4}$ in. shell, $\frac{5}{16}$ in. heads.

Tanks 73 to 120 in. in diameter— $\frac{5}{16}$ in. shell, $\frac{3}{8}$ in. heads.

Tanks over 120 in. in diameter to be of $\frac{3}{8}$ in. steel and to be stiffened by angle rings or equivalent members so as to retain their cylindrical form.

5.1.4 All cylindrical oval or obround storage tanks shall have dished heads with a curvature the radius of which is not greater than the diameter of the tank. Dished heads shall be formed with an adequate cylindrical extension rim to provide welding or riveting surface. Should flat heads be used they shall be braced in the same manner as described for the bracing of flat sides of rectangular tanks.

5.1.5 Diameter and spacing of rivets:

Riveting in single lap seams shall not exceed a pitch as follows:

In shell $\frac{1}{4}$ in. thick, $\frac{5}{8}$ in. in diameter rivets $2\frac{1}{4}$ in. pitch.

In shell $\frac{5}{16}$ in. thick, $\frac{5}{8}$ in. in diameter rivets $2\frac{3}{8}$ in. pitch.

In shell $\frac{3}{8}$ in. thick, $\frac{3}{4}$ in. in diameter rivets $2\frac{1}{2}$ in. pitch.

5.2 Rectangular Tanks.

5.2.1 All rectangular tanks shall be built of steel plates of the quality required for cylindrical tanks, and of a thickness of not less than $\frac{5}{16}$ of an inch.

5.2.2 Corners may be made up by bending the plates or by use of angles.

5.2.3 Rivets in seams shall be $\frac{5}{8}$ of an inch in diameter and spaced not more than $2\frac{1}{4}$ inches center to center.

5.2.4 All flat surfaces of rectangular tanks are to be braced. Bracing shall be done either by using structural steel members which will act as girders and which will safely carry the load with a factor of safety of five (5), or by using bars from side to side, end to end and top to bottom of the tanks as the case may be.

5.2.5 When structural steel members are used such as angle, channels or beams, etc., the distance from center to center of the rivet lines on these members must not be in excess of twenty-four inches, and the rivet spacing must be such that it will develop the full strength of the members. In no case shall the rivets be in excess of six (6) inches center to center on these members.

5.2.6 When structural steel reinforcing members are tied together with braces in order to reduce the effective length, the braces shall not be stressed higher than nine thousand (9,000) pounds per square inch taken in the minimum net section.

5.2.7 If structural steel members are omitted and the sides of the tank are braced by means of rods or bars, these members should not be spaced farther apart than twenty-four (24) inches center to center, in all directions. The unit stress permitted in these members shall not be in excess of nine thousand (9,000) pounds per square inch on the minimum net section.

5.2.8 The connection between these members and the sides of the tank must in all cases be such that it will develop the full net sections of the bars so that the bar will break before the connection will let go.

5.3 All Tanks Except Vertical Above-Ground Storage Tanks.

5.3.1 All storage tanks for oil of two hundred and seventy-five (275) gallons' capacity or less, except buried tanks, shall have a minimum thickness of shell and head plates of manufacturers Standard 10 gauge (.134"). Auxiliary storage tanks of 60 gallons or less shall be similarly constructed but need not be of a gauge thicker than U. S. Standard No. 14.

5.3.2 At time of installation all storage tanks shall bear a permanently fixed plate, spot-welded or equivalent, bearing the name of tank manufacturer, the gauge of material and capacity of tank. All shop fabricated storage tanks shall be installed without structural alteration.

5.3.3 All openings shall be through the top of the storage tank except that storage tanks of 275-gallons may be provided with a three-quarter inch ($\frac{3}{4}$ ") opening for gravity discharge and a one-inch (1") opening in the bottom for cleaning and protection against corrosion.

5.3.4 All buried storage tanks shall have a thorough coating on the outside of two coats of red lead protected by hot tar, asphaltum, or other equivalent rust-resisting material. All such tanks, unless in direct contact by shell or piping with the ground, shall be electrically grounded.

5.3.5 Manholes: Tanks for oils having a viscosity less than 500 sec. Saybolt Universal at 100° F. need not have manholes; where used for such oils the manhole covers shall be bolted and made gastight; where used for oils having a viscosity greater than 500 sec. Saybolt Universal at 100° F. (No. 5 or No. 6 Commercial Standard grades) shall have manhole covers bolted or otherwise secured to the tanks and kept hydrostatically tight at all times.

5.4 Vertical Storage Tanks Over 1,000 Gallons Capacity Located Outside of Building Above Ground.

5.4.1 Vertical tanks located outside of buildings above ground shall be built of steel plates of the quality required for cylindrical tanks.

5.4.2 The minimum thickness of shell or bottom plates shall be $\frac{1}{4}$ inch and the minimum thickness of roof plates $\frac{1}{8}$ inch.

RULES

The thickness of shell plates shall be figured in accordance with the following formula:

$$t \text{ equals } \frac{P \times r \times F}{T \times E}$$

P equals head pressure at bottom of ring under consideration.

R equals radius of shell in inches.

F equals factor of safety (taken as 5).

T equals tensile strength of plate in pounds per square inch (55,000 pounds per square inch).

E equals efficiency of vertical joint in ring under consideration (calculations to be based on formulas as given in Bulletin No. 14 of the New York State Industrial Commission).

- 5.4.3 Roof plates shall have single lap riveted or welded watertight seams and the roof shall be built to shed water. Bottom plates shall have single lap riveted or welded seams. Shell plate seams shall be designed with proper efficiency to meet requirements of above formulas for shell plates.

- 5.4.4 In all cases, steel tanks for the storage of fuel oil must be built metal to metal. No filler of any kind will be permitted.

5.5 Storage Containers.

- 5.5.1 Storage containers for oil of six (6) gallons capacity or less used in connection with burners or oil-burning heaters shall be designed to withstand a hydrostatic pressure test of five (5) pounds per square inch without permanent deformation, rupture or leakage and shall be approved as provided in Rule 4.2. Glass storage containers shall not exceed three gallons capacity, protected with a metal jacket provided with hand grips and designed to be rigidly fastened to stand or wall and shall be approved as provided in Rule 4.2.

Rule 6. Location of Tanks.

6.1 Inside of Buildings, Above Ground.

- 6.1.1 Storage tanks having a capacity of two hundred and seventy-five (275) gallons and auxiliary tanks may be installed above ground in or on the lowest story of a building, provided such tanks shall be mounted on substantial incombustible supports, with tank permanently attached thereto, and located not less than seven feet (7') of clear unobstructed space measured horizontally from any furnace or source of exposed flame unless tank is protected as provided for in Rule 6.1.2. Such storage tanks inside buildings shall have an individual capacity of not more than two hundred and seventy-five (275) gallons capacity and not more than two such tanks each of two hundred and seventy-five (275) gallons capacity may be connected to one burner provided the installation also complies with Rule 8.1. Not more than two (2) two-hundred-and-seventy-five (275) gallons storage tanks shall be installed in a building above ground without protection as provided for in Rule 6.1.2.
- 6.1.2 Storage tanks having a capacity of more than two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions

of such tanks above the floor shall be protected by not less than four inches (4") of masonry with weep holes along the bottom one inch in diameter not more than 3 ft. apart. The masonry walls of a structure may be used as part of the protection.

Storage tanks may be placed in a protective enclosure having solid masonry walls not less than eight inches (8") thickness and of dimension not less than fifteen inches (15") greater on all sides than the outside dimensions of the storage tanks. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank or to the ceiling where the ceiling is less than two feet (2") above the top of the tank. A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the largest tank installed, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

- 6.1.3 The capacity of individual storage tanks located inside of buildings shall not exceed twenty-thousand (20,000) gallons.

6.1.3.1 All buried storage tanks shall be constructed of metal not less than $\frac{1}{4}$ " in thickness.

- 6.1.4 All storage containers used in connection with burners or oil-burning heaters shall be installed in a substantial and workmanlike manner with rigid metal fasteners to wall or floor and protected against mechanical injury.

6.2 Inside of Buildings, Below Ground.

- 6.2.1 Storage tanks having a capacity of 275 gallons or more may be buried inside a building with the top of the tank not less than two feet below floor level. In lieu of two feet of earth over the tank, the tank may be covered by concrete flooring equivalent to the basement floor but not less than the equivalent of 4 inches of reinforced Portland cement concrete with not less than No. 20 gauge steel wire cloth 2" x 2" mesh. Tanks shall be placed in firm soil and shall be surrounded by clean sand or well tamped earth, free from ashes or other corrosive substance, and free from stones larger than will pass through a one-inch mesh. When necessary to prevent floating, tanks shall be securely anchored. Storage tanks, buried below the floor, prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material.
- 6.2.2 Storage tanks buried below the floor shall not be less than $\frac{1}{4}$ " in thickness.
- 6.2.3 No tank shall be buried as to be nearer than three feet to any foundation wall or foundation footing.

RULES

6.3 Outside of Buildings, Below Ground.

- 6.3.1 Storage tanks located outside of buildings, below ground, shall be buried with the top of the tank not less than two feet (2') below the natural grade of the surface of the ground. Tanks shall be placed on firm soil and shall be surrounded by clean sand or well tamped earth, free from ashes or other corrosive substance, and free from stones larger than will pass through a one-inch (1") mesh. When necessary to prevent floating, tanks shall be securely anchored.
- 6.3.2 No tank shall be buried so as to be nearer than 3 feet to any foundation wall.
- 6.3.3 All buried storage tanks prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.
- 6.3.4 All buried storage tanks shall be constructed of metal not less than $\frac{1}{4}$ " in thickness.

6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks of a capacity greater than 275 gallons located outside of buildings above ground shall be not less than one and one-quarter ($1\frac{1}{4}$) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings above ground shall be fixed by the following schedule:
- | | |
|---|----------------|
| If distant 25 feet from line of adjoining property which may be built upon. | 16,000 gallons |
| If distant 30 feet..... | 24,000 " |
| If distant 40 feet..... | 36,000 " |
| If distant 50 feet..... | 48,000 " |
| If distant 60 feet..... | 60,000 " |
| If distant 75 feet..... | 96,000 " |
| If distant 85 feet or more. | 100,000 " |
- 6.4.1.1 Two hundred and seventy-five (275) gallon tanks shall be located so as not to interfere with or obstruct any means of egress.
- 6.4.2 Each such storage tank shall be protected by an embankment or a dyke. Such protection shall have a capacity of not less than one and one-half ($1\frac{1}{2}$) times the capacity of the tank so surrounded and shall be at least four feet (4') high but in no case higher than one-fourth ($\frac{1}{4}$) the height of the tank when the height of the tank exceeds sixteen feet (16'). Embankments or dykes shall be made of earthwork with clay core; or of masonry, or of impervious reinforced concrete. Earthwork embankments shall be firmly and compactly built of good earth; free from stones, vegetable matter, etc., and shall have a flat section at the top of not less than three feet (3') and a slope of at least one and one-half ($1\frac{1}{2}$) to two (2) on all sides. Concrete or masonry dykes shall be so designed as to safely carry the entire volume of the oil in the tank so surrounded. Embankments or dykes shall be continuous and unpierced. G-19-50.0 of the Administrative Code.
- 6.4.3 All above ground storage tanks prior to or at the time of installation, shall be thoroughly

cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.

6.5 Tanks Located Along Line of Subways.

- 6.5.1 Along the line of subways no buried tank shall be placed within twenty feet (20') from the outside line of the subway wall, and where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.
- 6.5.2 For the purpose of this rule a subway shall be deemed to be any covered subsurface railroad or rapid transit roadbed.

Rule 7. Piping.

7.1 Installation of Piping and Tubing.

- 7.1.1 Piping and tubing shall be run in a substantial and workmanlike manner. Exposed piping shall be protected against mechanical injury and shall be securely supported with rigid metal fasteners or hangers. All pipes connected to buried tanks except test well piping shall be provided with double swing joints at tank.
- 7.1.2 Only new standard full-weight iron, steel or brass pipe, or new extra-heavy copper brass or aluminum alloy tubing, properly marked and duly approved, may be used. Drawn metal tubing when used for conveying oil, shall be adequately protected. Such tubing unless protected against mechanical injury shall be used only in the same room in which the burner is installed. Drawn tubing when used in domestic installations shall be not less than three-eighths inch ($\frac{3}{8}$ ") inside diameter up to shut-off valve at burner. Soldered connections are prohibited.
- 7.1.3 Overflow pipes where installed shall not be smaller in size than the supply pipe.

7.2 Relief Valves.

- 7.2.1 Where a shut-off valve is installed in the discharge line from an oil pump a relief valve shall be installed in the discharge line between the pump and the first shut-off valve.
- 7.2.2 Oil preheaters shall be of approved type and provided with a relief or pressure regulating valve in the piping system to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. Water piping connection shall be equipped with a blow-down system providing positive flushing of the water side of the preheater. Two (2) thermometers shall also be

RULES

installed, one on the intake oil lines of the preheater and the other on the discharge oil line.

- 7.2.3 Relief valves shall be set to discharge at not more than one and one-half ($1\frac{1}{2}$) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. Pressure regulating valves and viscosity valves are not included within the scope of this subdivision. There shall be no shut-off valve in the line of relief.

7.3 Vent Pipe.

- 7.3.1 An open vent of iron or steel, without trap, and drainage to the tank, shall be provided for each storage tank. The lower end of the vent pipe shall not extend through the top of the storage tank more than one inch (1"). Cross connection between vent pipe and fill pipe is prohibited.
- 7.3.2 Where a battery of storage tanks, designed to hold the same grade of oil, is installed, vent pipes may be run into a main header.
- 7.3.3 Vents shall be not less than one and one-quarter inches ($1\frac{1}{4}$ ") in diameter for storage tanks up to 1,100 gallons' capacity and not less than two inches (2") in diameter for storage tanks of 1,100 gallons and more. Vents for auxiliary storage tanks shall not be less than $\frac{1}{2}$ inch in diameter and may be run into the storage tank vent.
- 7.3.4 Vent pipes shall be provided with an approved weatherproof hood having a free area of not less than the pipe size area and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall parallel the fill pipe and terminate at the fill pipe terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

7.4 Fill Pipes.

- 7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') from any building opening and five feet (5') from any subway grating, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter and no fill pipe for #6 oil shall be less than three inches (3") in diameter. Where #6 oil is used, the fill pipe terminal shall be located within three feet (3") of the curb, unless otherwise required by the Highway Department or the Transit Authority. Where there are facilities for the delivery tank truck to drive onto the premise, the fill terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.
- 7.4.2 Each storage tank shall be provided with a separate fill pipe except where a battery of

tanks is installed, containing the same grade of oil, a common fill and header pipe may be installed provided the area of common header pipe is no smaller than the largest branch fill pipe. When different grades of oil are piped to separate tanks from a common fill line, each branch fill pipe shall be provided with a shut-off valve.

- 7.4.3 Where the top of the storage tank is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal, or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.
- 7.4.4 All fill pipe terminals shall be approved type constructed of a suitable material, provided with lugs for embedding in concrete or in lieu thereof a set screw to fasten terminal to fill pipe. The outer flange of the fill pipe terminal or the seal cap shall be provided with letters reading "Fuel Oil" and the calendar number under which the fill pipe terminal and the seal cap have been approved. The fill pipe terminal shall be separately threaded or provided with other approved means to receive the seal cap and the fill pipe and such seal cap shall be suitably slotted for a special opening wrench. An oilproof gasket inserted in a groove in the fill pipe terminal shall be provided so as to render the fill pipe terminal leakproof. A strainer is not required but if used must be of not less than one-eighth inch mesh. Where there is a storage system of volatile inflammable oil and a storage system for fuel oil to be used in the same premises, the terminal of the fuel oil pipe shall be provided with a left-handed thread, and the fill pipe fitting shall be a different size than that required for the fill pipes to gasoline tanks.

7.5 Heating Coils in Storage Tanks.

- 7.5.1 All heating to reduce viscosity of oils in storage tanks shall be only by means of hot water or low pressure ten (10) pounds per square inch maximum steam coils or electric heaters approved for oil storage tanks.

7.6 Scavenging Line.

- 7.6.1 When a scavenging line is installed it shall terminate outside of the building and shall be capped oil tight when not in use.

Rule 8. Valves and Control of Oil Flow.

- 8.1 Each supply line from storage tanks of two hundred and seventy-five (275) gallons' capacity and from auxiliary storage tanks shall be provided with a shut-off valve at the tank, and may be connected by a common feed pipe with a shut-off valve at the burner and when connected to burners designed for gravity feed, shall be provided with an approved constant level device. Such tanks shall be on the same level and with a common fill pipe complying with Rule 7.4 and a common vent pipe complying with Rule 7.3. All valves shall be brass gate or globe valves of 125 lbs. per sq. in. rating.
- 8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the

RULES

oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-syphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-syphon device shall not be required. No anti-syphon device shall be required where a foot valve is installed at the inlet of the suction line.

- 8.3 Except as may be modified in specific instances by the Board of Standards and Appeals, oil from storage tanks of two hundred and seventy-five (275) gallons' capacity or more may be delivered to burners installed above the lowest floor of a business building only under the following provisions:

8.3.1 Plans for such installation shall be submitted for approval to the administrative official having jurisdiction before such installation is made.

8.3.2 Such burners shall not be installed in any story of any building the floor of which is more than fifty feet (50') above the street level. Only one oil delivery line shall be installed for each floor.

8.3.3. Oil delivery lines to burners located above the lowest floor of a building shall not be larger than two inches (2") iron pipe size.

8.3.4 The pressure in oil lines to burners located above the lowest floor of a building shall not be more than is necessary to deliver oil to the burners and such pressure shall not in any case exceed thirty (30) pounds per square inch. With each automatic burner there shall be installed and maintained in good working order a set of suitable safety controls of the electric or mechanical type. The proper control for each burner is to be listed in the resolution under which the burner is approved. The controls are to provide the following functions:

Temperature control	
Ignition	"
Stack or	
Combustion	"
Pressure	"
Gravity	"

- 8.4 A remote control shall be provided whereby the flow of oil to any burner can be stopped, and such remote control shall be located outside the entrance to the room in which the burner is located and as close to such entrance as practical, except when outside location is impracticable such control may be located immediately inside the room in which the burner is located if such location is accessible at all times. All such controls shall be legibly labeled "Remote Control for Oil Burner." On auxiliary storage tanks used with manually operated burners such remote control may be installed on feed lines between tank and burner.

- 8.5 Except as provided by Rule 4.2 of these rules for approved combination burner and storage container devices, pressure in storage tank or container for the purpose of discharging oil is prohibited.

- 8.6 In systems where either steam or air is used for atomizing the oil, the oil and the atomizing supply shall be interlocked, so that in case of the interruption of the atomizing supply, the supply of oil will immediately be cut off. Except that this requirement shall not apply to air and oil supply units directly connected to a common driver.

Rule 9. Oil Level Indicating Devices and Test Wells.

- 9.1 All tanks located inside the buildings shall be provided with an oil level indicating device. Test wells shall not be permitted in tanks located inside of buildings. Unused tank openings shall be permanently sealed to prevent removal of plugs or cover.
- 9.2 Oil level indicating devices shall be constructed of substantial materials so designed that there can be no leakage of oil or oil vapor.
- 9.3 Test well shall be capped oil tight and kept closed when not in use.

Rule 10. Permits, Plant, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

10.1.1 No oil burner installation of more than six (6) gallons capacity shall be operated until after a Certificate of Approval has been issued by the Commissioner of Buildings and a permit for the storage of fuel oil has been issued by the Fire Commissioner, except that temporary operation shall be permitted upon the filing by the licensed oil burner installer of a certified statement that such equipment conforms with the approved application for a work permit and plan submitted therewith, and with applicable provisions of law.

10.1.2 Application for Fire Department permit for the storage of fuel oil shall be made within ten days after the completion of the installation by the installer who holds a Certificate of License issued by the Commissioner of Buildings on forms furnished by the Commissioner of Buildings which shall include the location of the building in which the installation has been made, name and address of installer, quantity of fuel oil to be stored and signature of the owner.

10.1.3 No certificate or approval shall be issued by the Commissioner of Buildings and no fuel oil storage permit shall be issued by the Fire Commissioner until the installer has furnished a certified statement to the Commissioner of Buildings that the installation complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 percent without smoking.

10.2 Plans to be Filed Where Structural Considerations Are Involved.

10.2.1 The installer shall file with the Commissioner of Buildings plans showing the size and location of all storage tanks having a capacity greater than 275 gallons where such tanks are to be installed either inside of buildings in or below the lowest floor level or outside of buildings below ground. Plans, however, shall be filed where 275 gallon tanks are to be buried and for all multiple dwellings and for all places of public assembly. All such plans shall show compliance with all structural requirements and shall show all salient features of the installation. Plans shall also be approved by the New York City Transit Authority within the limitation in Rule 6.5.1 for all tanks located in or outside of buildings along the line of subways under its jurisdiction.

RULES

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

10.3.1 All fuel storage tanks and piping installed, as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A certified statement by the installer attesting to such installation and test shall be filed with the Commissioner of Buildings.

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

10.3.2 Storage tanks of more than two hundred and seventy-five (275) gallons' capacity and all piping for oil connected thereto shall show no change in a shape, rupture or leakage when subjected to a hydrostatic test with water or oil as follows:

10.3.2.1 Oval, or round, rectangular and specially shaped storage tanks and piping connected thereto twenty-five (25) pounds per square inch.

10.3.2.2 Cylindrical storage tanks and piping connected thereto, fifty (50) pounds per square inch.

Pressure shall be applied for a period of thirty minutes. When oil is used there shall be no fire or flame in the room or rooms in which the test is being conducted. The contractor shall furnish all necessary equipment for conducting tests. Such tests may be made with oil in freezing weather for tanks located outside of building.

10.3.3 Defective tanks, if repaired by welding, shall have all oil removed and shall be purged of all explosive gases or vapors.

10.3.4 The anti-syphon devices, where used as provided for in these rules, shall be approved devices.

10.3.5 All piping conveying oil from a transfer pump to a burner subjected to a pressure in excess of 50 lbs. per sq. inch shall be tested for a pressure of $1\frac{1}{2}$ times the working pressure.

10.4 Fee for Permit and Test of Storage Tanks and Piping.

10.4.1 When application for permit for the storage of fuel oil is made, as provide for in Rule 10.1, a fee covering the permit shall be paid to the Fire Department in accordance with the schedule given in the Administrative Code.

10.5 Except as otherwise provided for in Rule 11, oil burning installations shall be inspected as required by the Commissioner of Buildings and if it is determined that the installation complies with the requirements of the administrative code, the rules of the Board of Standards and Appeals and all laws and regulations applicable thereto, a certificate of approval shall be issued by the Commissioner of Buildings.

Rule 11. Inspection of Installations With Not More Than Six (6) Gallons' Storage Capacity.

11.1 All installations of burners with not more than six (6) gallons, storage capacity except where such installations are made in dwellings shall be reported by installer to the Fire Commissioner

giving location of building in which installation is made, name and address of owner and/or occupant name and address of installer and the make and approval number of burner. Such reported installations shall be inspected as required by the Administrative Code.

Rule 12. Ventilation.

12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article 12 of the Building Code, except that several units may be connected to a common chimney.

12.2 Adequate ventilation, at least 15 square inches clear opening per gallon of oil per hour, required to fire the equipment to gross output shall be provided in all rooms in which burners are installed. If the fixed ventilation is supplied mechanically, it shall be electrically interlocked with the burner, and it shall be capable of supplying at least 36 CFM of air per gallon oil per hour, required to fire the equipment to gross output. It shall also be capable of maintaining an air pressure in the boiler room when the burner is in operation, no less than the outdoor atmospheric pressure at the same time and elevation.

12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time. Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.

Rule 13. Automatic Pumps.

13.1 Automatic pumps, when not an integral part of the burner shall be of approved type, provided with automatic means for preventing continuous discharge of oil in case of pipe breakage.

Rule 14. Fire Protection.

NOTE: In order that the intent of Local Law No. 145 of 1940 be carried out, Section C26-693.0, sub. d, par. 1, 2, 3, is superseded by the following:

14.1 The clear distance between smoke pipe connections, of any boilers, furnaces or other heating apparatus to flues, and combustible material shall not be less than eighteen (18) inches, except that this clearance may be reduced to nine (9) inches where a baffle consisting of not less than No. 29 gauge sheet metal backed by $\frac{1}{4}$ inch thick asbestos is placed two (2) inches above and extending along the entire length of the smoke pipe connections and twice the width thereof and such baffle is securely fastened from the ceiling with substantial hangers. In lieu of such baffle the combustible material may be covered with fire-retarding material as defined in these rules.

14.2 The clear distance between any non-insulated heat-producing parts of boilers, furnaces or other heating apparatus and combustible material shall not be less than twenty-four inches (24"). Where such parts are insulated by two inches (2") of asbestos, or equivalent, the clear distance shall be not less than twelve inches (12"), or, in lieu of such insulation be combustible material shall be covered with fire retarding material as defined in these rules extending 8 ft. in front and 4 ft. side and rear of the apparatus.

14.3 No movable combustible material shall be stored or maintained within five feet (5') of heating apparatus, except where same is protected by fire retarding material.

14.4 Burners and all accessories, including tanks and piping shall be maintained oil tight and kept clear at all times.

RULES

- 14.5 The floor beneath boiler or furnace and within two (2) feet in all directions, shall be protected by fireproof construction or a protection consisting of a $\frac{1}{8}$ th inch steel plate covered with $\frac{1}{2}$ inch sheet asbestos and 4 inches of terra cotta. Suspended furnaces shall comply with the requirements of Rule 14.2.
- 14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be set level and firmly anchored. The floor beneath stoves or any such heating devices shall be protected by a shield of $\frac{1}{2}$ " asbestos or equivalent extending at least twelve inches (12") beyond the projected area of such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil containers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.
- 14.7 Near each boiler, furnace or suspended fuel oil-burning unit there shall be immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.

Rule 15. Instruction Cards and Certificate of Fitness.

- 15.1 Cards, giving complete instructions for the care and operation of the system shall be permanently fixed near the apparatus in readable condition. Where burners or oil-burning heaters designed for use with storage of not more than six (6) gallons' capacity are installed, there shall also be posted a copy of the specifications under which it was approved by the Board of Standards and Appeals in addition to the instruction card herein provided for.
- 15.2 Except as provided in Rule 15.2.1 every heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of qualification as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with

such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

- 15.2.1 The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of qualification as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provision of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner, shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Commissioner of Buildings for the installation of such oil burning equipment.

Rule 16. Modification.

- 16.1 When, for any reason, it may be impracticable to comply strictly with the foregoing rules, the administrative official having jurisdiction shall have power to accept substitute methods provided the spirit and substance of these rules shall be complied with.

Rule 17. Existing Installations.

- 17.1 Oil burner systems heretofore installed and duly approved as complying with all laws and rules then applicable thereto shall be deemed acceptable, provided there have been no subsequent alterations to the apparatus, except as to Rule 15.2.
